Pershing, A Man of Judgment! DODGE BROTHERS MOTOR CAR

GENERAL PERSHING IN DODGE BROTHERS CAR

COMMANDER OF AMERICAN TROOPS ENTERED MEXICO IN DETROIT PRODUCT.

Other Dodge Brothers' Motor Cars Were Used to Transport Supplies Untie Arrival of Big Trucks.

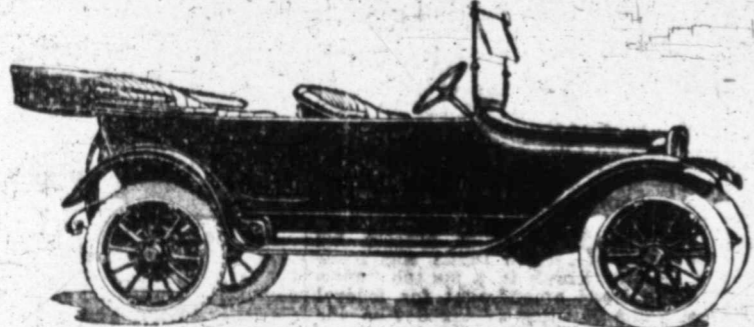

According to detailed advices now arriving from the border, Dodge Brothers' motor cars have played a prominent part in the invasion of Mexico in pursuit of Villa.

When General Pershing led his troops across the border he traveled in a Dodge Brothers' motor car, and four other touring cars were used in the transportation of supplies.

According to the transportation department they have made wonderful records in the desert travel after the fleeing Mexican bandit.

Reporting on the performance of the Dodge Brothers' car that carried General Pershing on the first advance, an army officer said:

"We have practically made our own roads and from what the Dodge Brothers' car showed on that trip I believe it could climb a wall. The car went through mountain passes and over places where it was necessary for the engineering corps to blast out a trail before the trucks coming after could get through at all."

WELL KNOWN YOUNG PEOPLE ARE UNITED IN MARRIAGE

Saturday morning a wedding of much interest, and one that afforded friends of both bride and groom quite a surprise, took place at the parsonage of the M. E. Church South when Erskine Lynn and Miss Maude Gillingham were united in marriage by Dr. A. L. Andrews.

Both young people are well known, the bride having been a teacher in the public schools up to the time of her marriage. The groom is the traveling representative of the Sulzberger Packing Company of Oklahoma City and with his bride has many friends who are joining in congratulations.

Mr. and Mrs. Lynn are for the present at home with Mr. and Mrs. O. F. Marchman.

Mrs. Mary Harris Arnold, the "Georgia Cyclone" is being looked forward to as the sensation of the convention. Her address will come Thursday evening, May 11.

Mrs. Harris is one of the most fearless leaders of the cause in the nation and the announcement that she will appear on the program adds interest. Mrs. Nanette Webb Curtis, the state W. C. T. U. president, will be present and preside at all sessions.

Dr. A. J. Barton, leader of the Anti-Saloon League forces in Texas will also be present to address the convention on the opening night, Tuesday.

Tuesday night there will be an open meeting when the program will be one of general interest to the public. Addresses of welcome will be given for the city by Mayor A. H. Britain; the schools, Prof. Lee Clark; the churches, Rev. N. F. Grafton; the missionary societies, Mrs. T. W. Caskey; the law, yer, P. B. Cox; the aid societies, Mrs. P. P. Langford; the Rotarians, George D. Keith, president of the Rotary Club; the Mothers' Clubs, teachers and city clubs, Mrs. J. W. Lee.

At all of the sessions the local musicians are to furnish special music. Homes will be provided for all delegates by the local White Ribboners and the church societies. The chairmen of the local committees to serve during the convention are: Mrs. J. W. Akin; badges, Mrs. J. W. Bullock; courtesies, Mrs. J. W. Akin; decorations, Mrs. H. B. Wichita Falls, Texas, April 16, 1916.

A dispatch from Mexico says that a civilian truck driver of the American punitive expeditionary force, who rolling over in his basket, snuffed at the soft ball that lay at his side and snuggled closed as he drew away, found on snuffing the second time that he had a skunk for a bed fellow. It is considered remarkable that man could detect the odor of a skunk on the second snuff after smelling gasoline of the kind that is being marketed these days.

The rains of the past week have been unfavorable in a way for farming operations in that preparations for planting have been delayed. The moisture, however, has given the grass a vigorous and luxuriant start and promises a condition highly favorable to the dairy industry which is fast becoming an important item in this section.

Congressman McLemore has made another bid for notoriety. This time he has introduced a resolution to give President Wilson full authority in the matter of the Mexican expedition and declaring "the American military forces must not for any reason be withdrawn from Mexico until Francisco Villa has been captured or forced into exile." From fragmentary quotation of Mr. McLemore's resolution it appears he would give President Wilson authority and at the same time would limit this authority to the performance of specific acts. Mr. McLemore may have been actuated by high motives in introducing this resolution, but to the Times it appears uncalled for and might easily embarrass the administration in its negotiations with the Carranza government. The administration is already dealing with a considerable latitude of freedom in the expedition into Mexico and its negotiations with Carranza. The American people, or the majority of them, have the fullest confidence in the administration, and Mr. McLemore's resolution appears purposeless so far as it might aid in the solution of the Mexican problem.

Hon. Cato Sells, U. S. Indian Commissioner, has announced that he will not be a candidate for Congress in the Fort Worth district as he believes his duty lies with the Indian wards of the government. Under the direction of Mr. Sells as commissioner and Congressman John H. Stephens, as chairman of the House committee on Indian affairs, this bureau has been administered in a manner that has won high praise, and less complaint of imposition on the Indians, and fewer instances of graft have been reported than in any similar period in the history of the bureau. There has been an insistent demand in his district that Mr. Sells consent to the use of his name as a candidate for the congressional nomination. Mr. Sells is in thorough sympathy with the national administration while on the other hand Congressman Galloway has been displeased with almost everything that the administration and the Democratic party has done or stood for, and wherever there has been an opportunity to hinder or obstruct he has done so. The importance of having a man like Mr. Sells as commissioner of Indian af-

airs probably outweighs the importance of the removal of an obstructionist like Galloway who, while disagreeable enough to have in Congress is comparatively harmless under present conditions.

Experts of the Department of Commerce and Labor predict that the boll weevil will infect the entire cotton crop of the South. For the first time in the history of the pest they reached Wichita county last summer and fall and caused much damage. While it is believed with normal summer weather, without too much rain and ordinarily hot for this section, the boll weevil can not thrive. The possibility of damage from the pest will have a tendency to keep down the cotton acreage in this section. The greatest factor in controlling the cotton acreage in this section, however, is the realization by an increasing number of farmers that diversification is an insurance against the disaster that would result from the failure of his crop in the case of the one-crop farmer. From bitter experience the farmers in this part of the country have found out that dependence on one crop is precarious, and are seeing that their neighbor who diversifies has not only been getting by, but is helping swell the growing deposits in the banks of Wichita Falls and neighboring towns. Diversification in crops is a growing practice in Wichita county. Extension and diversification in stock raising is also being practiced. Poultry raising and dairying are becoming important. Conditions in this respect have changed radically within the past few years. The failure of the wheat crop or of the cotton crop won't spell disaster any more.

According to the best authorities the water power that can be developed by the proper harnessing of the waters of the various rivers and streams of the United States is capable of furnishing power of every kind and nature to supply the needs of a population of 200,000,000 of people. And there will come a time when it will be necessary for this great power to be developed. In fact there is in Washington now a powerful combination of interest seeking legislation that will give them water power rights and privileges that if granted will place them in a position to control absolutely for perpetuity the greater part of the water power of the whole United States. Perhaps this is a matter to which the present generation is not giving much thought to the reason that it matters not what congress does in the way of passing legislation that will lay the foundation stone of a great combination and trust that will have in its power to oppress the future generation. It will not come in their day, and they are perfectly willing for future generations to deal with this proposition after it confronts them. But such reasoning is not correct. We who are now here now owe it to those who are to come to look ahead for their interests and guard them as if they were our own, and for that very reason the great water power interests now seeking favorable legislation at the hands of Congress should not be permitted to take something for nothing. And yet, if the Shields bill, which has already passed the Senate succeeds in going through the House, it will mean the giving to the water power interests of the United States a monopoly without any compensation whatever for all time to come. If you are opposed to building up a giant monopoly to oppress all future generations write your congressman a letter to oppose the passage of any legislation that will have the least tendency to build up a monopoly of that nature. The passage of this bill would place in the hands of the Republican party a club that could and doubtless would be used with great effect, but there is yet hope that the House will refuse to pass the bill, and even if it should follow the Senate and adopt the Shields bill, or one that would be equally acceptable to the water power interests, President Wilson can veto it, that is what those who profess to know the views of the President on that matter say he will do.

WAR, AND RUMORS OF WAR.

Speaking at a Jefferson day banquet, President Wilson asked the country "Are you ready for the test? Have you the courage to go in? Have you the courage to come out, according as the balances are readjusted for the interests of humanity?"

Various constations were placed upon these words, some believing that it means a recall of the troops from Mexico and other that it related to the more serious question of trouble with Germany.

Both of these were answered within a few hours. Following a cabinet meeting it was definitely given out that the troops will not be withdrawn from Mexico. It was also given out as the statement of one said to be in authority that "a crisis has been reached in the German controversy and that the government would haggle no longer" with that country's representatives.

The greater concern on the part of the people has been shown regarding the Mexican situation. The government will not withdraw its troops from Mexico until their mission shall have been performed and the policy of the government will not be changed.

It would be an admission of weakness, or cowardice, to withdraw the troops at the demand of Carranza, on his plea that their admission to Mexico had never been authorized. The whole American people would resent such action.

Rumors of contemplated attack upon the American troops by the Carranza forces have called forth strong comment from the people. The attack of the citizens of Parral, aided as is claimed, by Carranza soldiers from the garrison, was sufficient in itself to cause open warfare, but if this does result it will be chargeable entirely to Carranza, as this country is not making war on Mexico. It will, however, protect its people and its soldiers, and if a further attack on the troops should occur, it would be impossible to prevent open warfare between the two countries, as such a situation would deplore the necessity of such action.

The fact that the government has positively announced its intention of not changing its policy relative to the pursuit of Villa, will be pleasing to the people of the country.

Americans are not quitters. They do not like the position in which they have been placed with Mexico but they will never accede to the demands of Carranza through fear of the results.

Recent occurrences in Mexico are but hastening the day when some power must control that country until peace is established. If this duty is to devolve upon the United States, it should not seek to avoid the responsibility and the sooner the task is undertaken the sooner it will be completed. The attack on the American soldiers was unjustified and if those in authority in Mexico are charged with it, or condone it, they should be held to the strictest accountability.—Austin American.

Walker won distinction and temporary custody of the Halton & Friedly trophy, a silver loving cup, in the weekly shoot of the Wichita Gun Club Saturday afternoon at the old baseball field, with a high score of 21. C. J. Pate and J. R. Mackechny were next with scores of 19, respectively. The shoot was postponed from Friday because of the inclement weather. Other scores were as follows: Dell Shoemaker, 15; B. G. Ellis, 18; Martin, 17; Louis B. Nussbaum, 16; A. G. Deatherage, 16; S. A. Wilford, 14; G. C. Wood, 14; J. W. Clashey, 13; R. W. Ramming, 13; B. B. Ross, 13; M. Jure, 11; Joseph Long, 10; Claude Gabbert, 9; B. B. Woodall, 9; J. S. Payne, 7; R. K. Hollinger, 4; Preston Wood, 1.

CHIROPRACTOR IS PUT UNDER ARREST

Charged With Practicing Medicine Without License Furnished Bond. Dr. B. J. Zachary, chiropractor, was arrested Friday afternoon on ten complaints charging him with practicing medicine without a license. Bond was fixed at \$2,000, the bail being \$200 in each charge, which was furnished. Dr. Zachary said Saturday he had administered drug medicine and that he was confident he would be able to prove his innocence.

WHEN IS A BULLFROG WHEN IT IS NOT A FISH

By Associated Press. Austin, Tex., April 15.—Exactly the classification to give a concern applying for a charter for a company or organized to raise bullfrogs somewhat puzzled Chief Clerk Lon Brooks of the state department a few days ago. Chief Brooks considered the question for some time and then decided that raising bullfrogs, aside from being that phrase itself, was also the "propagation of fish." For the first time in the history of the State such a corporation has been organized and has been granted a permit by the secretary of State to sell stock under the so-called "Blue Sky" law. The new concern will have headquarters at Comroe, in the northwestern portion of Texas, where bullfrogs are said to grow the biggest. The company has a proposed capital stock of \$10,000. Classing the corporation under the "propagation of fish" heading was caused by the lack of a specific Texas law relating to bullfrogs.

NO VERDICT REACHED IN E. W. FRY TRIAL

Jury Still Deliberating After Asking Additional Light on Some Points. After having been out since Friday noon, the jury in the case of E. W. Fry, tried in district court at Archer City on a charge of forgery, had been unable to agree up to a late hour last night. A report was current in Archer City that the jurors stood eight for conviction to four for acquittal, but this could not be confirmed. The jury late Saturday asked that testimony given by Sheriff Wallace of Young county, a witness for the state, be read to them, and earlier in the day a similar request on other testimony was made, indicating that there was some prospect for an agreement. Judge Bonney asked the jurors to retire and make further effort to reach a verdict, and it was expected that they would be held until Monday unless a verdict is reached today. Judges P. A. Martin, John A. Kay and Edgar Scary and District Attorney J. H. Marlow, all of whom have been in the case, returned Saturday morning. The attorneys for the defense adopted different tactics than the former trials of Judge Fry in which no testimony was offered in the defendant's behalf. At the Archer City trial several witnesses were put on the stand by the defense, though Judge Fry himself did not testify. The defense testimony dealt with Judge Fry's handwriting. Mrs. Fry and others testifying that the signatures on the backs of the checks were not in Judge Fry's handwriting. Other testimony by the defense dealt with the large

RIVER WORK WILL START TOMORROW

Work of re-inforcing the river bank with lumber and rock ball around the curve above the Fort Worth & Denver railroad bridge, to prevent further encroachment, will start Monday, J. H. Marlow announced Saturday. Commissioner Jackson and J. A. Nichol have mistered 39 teams and it is hoped to complete the job in about 30 days. Chief Engineer Gowdy of the Denver, will be here Tuesday to confer with city and county officials with regard to the work. No definite plan of construction has been mapped out but it is believed it will be necessary to build a number of cribs around the bend in the river to reinforce the rock protection. The Secret. "What is an amateur?" is still one of the raging queries of the hour. But, in spite of all the recent discussion, we haven't changed the answer we evolved four years ago, viz., "Anyone who can get away with it!"—New York Tribune.

THREE MORE BILLS BROUGHT IN FRIDAY

Two Negroes Are Indicted—Young White Man is Charged With Auto Theft. J. W. Battle, negro, charged with the murder of Sam Holland, a white man, and two other prisoners were indicted by the grand jury, which adjourned Friday afternoon at 5 o'clock after having been in session since Thursday morning. Clarence Eady, negro, charged with robbing the Last Chance restaurant, was indicted as was Marvin E. Winters, who is charged with the theft of a Ford car owned by H. C. Carpenter, manager of the local branch of the National Biscuit Co. Following is the jury's report to Judge E. W. Nicholson of the 78th district court: "We the grand jury, beg leave to make the following report: 'We have been in session two days, and have found three bills of indictment, at lot which are for felonies. "We have made diligent inquiry into all alleged offenses brought to our attention and where the evidence furnished we have found bills accordingly. "We wish to thank the sheriff and his deputies, the constable and the county attorney for their assistance in our labors. "I KNIGHT, Foreman"

SHAKESPEARE FESTIVAL HERE NEXT MONTH

Arrangements have been completed for a dramatic festival by the famous Ben Greet Players in this city on May 17 at the Wichita Theatre. This announcement will undoubtedly be the source of much pleasurable anticipation to a large part of the community and many people from neighboring places as well. The idea of such a dramatic festival is quite original with Ben Greet, who has been doing it in England some time to time for over a quarter of a century. Everything from the School of Actresses at Cambridge, the wonderful ramparts of Warwick or the Grove where Sydney wrote Arraday at Wilton to the piazza of the Ardsley Club on the Hudson, has served as background for the plays of this master of stage craft, the supreme poet dramatist William Shakespeare—these and hundreds of others, too numerous to mention, have been the ready-made stages of the Ben Greet Players since Queen Victoria's Golden Jubilee in 1887, when Mr. Ben Greet organized his Woodland players. "The Ben Greet Players will present 'The Tempest' on May 17 and Elsie Herndon Kearns will head the long list of players.

Appropriate Name. It is entirely proper that the world's most southern city, located in the far west of Texas, in latitude 35, should bear a name sounding as much like winter wind as Ushnaba. There is also an appropriate suggestion of walling in the word, and the penal settlement of Argentina is located there.

COLQUITT MAKES OPENING SPEECH

Addresses Crowd of Between 2000 and 3000 at Vernon Saturday. Reviews His Course as Governor—Address Deals With Many Subjects. Special to The Times. Vernon, Tex., April 15.—Former Governor O. B. Colquitt opened his campaign for the United States Senate here today before an audience of between two and three thousand people. He held the attention of his audience throughout his address and considerable applause was given at intervals. A reception committee composed of visitors from practically every section of this district, with a band met the ex-governor at the station and gave him a hearty reception to Vernon and Wilbarger county. Large delegations representing the various towns of the lower Panhandle and Northern Texas were in attendance.

MAY BRING SUNDAY SCHOOL SPECIALISTS TO THIS CITY

A conference of the Sunday school workers of the various churches of the city will probably be held this afternoon to discuss the plans for bringing to Wichita Falls a party of international Sunday school work specialists the last of this month. More definite announcement as to time and place will be made at the different churches this morning. Included in the workers who will be in the party are W. A. Brown of Chicago, international secretary of Sunday school work; Miss Mary E. Price, state secretary, superintendent for Kentucky; Mrs. W. G. Moody, state adult superintendent of Texas; Rev. S. W. Hutton, southeastern Bible school superintendent of the state of Arkansas; Louisiana and Texas; Miss Nell Peterson, elementary specialist for the Methodist churches; and William Nehemiah Wiggin, general secretary of the Texas Sunday school association.

### EXTRAVAGANZA TO BE GIVEN THURSDAY

High School Students To Present "Princess Chrysanthemum" at Wichita Theatre

At 8:30 Thursday evening at the Wichita Theatre the curtain will rise on "Princess Chrysanthemum," a musical extravaganza in two acts and three scenes presented by the musical departments of the high school under the direction of Miss Agnew.

chrysanthemum blossoms. The people are celebrating the birthday of the Princess Chrysanthemum (Lucy Higgins) and the pretty Japanese fan drills and dances given in this connection make one of the features of the production. The princess has two lovers, Prince So Tu (Grover Bullington) and Prince So Shi (Jesse Miller). The wicked prince finding his love is not returned has her captured by Saucer Eyes, the Wizard Cat, (Ross Bassinger) and taken to the Cave of Inky Night. From there she is rescued by Prince So Tu and Fairy Moonbeam (Marion Maer).

There are more than 100 people in the cast, including the chorus men and maids, the fairies and sprites and fan girls. The dancers include fan girls: Gladys Clark, Mary Leahy, Tessie, Coyne, Shemakey, Irma Heath, Margaret Burnside, Annabelle Bradshaw, Vella Mae Snyder, Kate Morrison, Lois Morgan, Agnes Leitcham, Beatrice Shell, Dollie Hall, Patricia, Dora Snyder, Celma Sanson, Winnie Mae Giddings, Mabel Jones, Fay Delaney, Wilma Fitzgerald, Edith Yates, aprites, Genevieve Madd, Marion Dobson, Elizabeth Hill,

### CASE OF MORRIS IS SET FOR TOMORROW

Former Manager of Cotton Warehouse Faces Embezzlement Charge—Other Cases.

In the 78th district court, the criminal docket will be taken up Monday morning, the first case being that of J. C. Morris, former manager of the Wichita Falls Cotton Warehouse, who will be tried on charges of embezzlement of over \$50 and altering entries in a book of accounts. Judge Nicholson will preside. Fourteen cases are on the docket.

### DISTRICT TRACK MEET THIS WEEK

SCHOOL ATHLETES FROM MANY NORTHWEST COUNTIES TO COMPETE

A baseball game between the local high school and the Henrietta High teams will mark the close of the Northwest Texas District Interscholastic Meet to be held here Friday afternoon and Saturday, April 21 and 22. There will be included in the meet program besides the baseball game a junior and senior track meet, a tennis tournament, a junior and senior declamation contest and a senior debate and it is estimated that there will be over 100 participants in the various departments of athletic and literary contests outside of the local entrants, entries having been already received from Clay, Montague, Young, Hardman, Wilbarger and Foard counties and there are others yet to be heard from.

### LITERARY CONTESTS

Debating and Declamation Finals To Be Held—Winners Will Go to Austin

E. E. McClamers, chairman of district athletic contests, announced Saturday that Friday afternoon would be given over to the preliminary track meet when the entries will be narrowed down to four for each event in both the junior and senior contests. Saturday morning will be reserved for the elimination contests in the literary departments and the final track and literary meets will be held Saturday afternoon and evening respectively. No charge will be made for the meet Friday afternoon and the public is extended a cordial invitation to attend and encourage the contestants. A slight admission fee will be required at the final track meet Saturday afternoon in order to help cover the expenses of the meet. The track meet will begin at 1 o'clock and the ball game will start at 4 o'clock.

### LAWLESS NEGEDES ARE NOT WELCOMED

Negro Business League Declares Its Disapproval of Acts of Certain Element

The lawless element of negroes in this city has neither the sympathy nor the support of the law-abiding members of that race, according to a statement furnished The Times by the Negro Business League, which pledges its cooperation in enforcing the law. The statement follows: "At a special meeting of the Negro Business League, held at the African Methodist Church on Park street Thursday night, April 13 the following paper was read by C. C. Trimble and unanimously adopted by all present: "To the citizenship of Wichita Falls: We a number of colored citizens take this method of giving to the public the following facts in order that we and others may not be misunderstood. "I. We agree with others in saying that Wichita Falls is one among the best built and best governed cities in Texas. To many, the successful growth of this city might be attributed to its geographical location and natural resources, but to us the successful growth of Wichita Falls is due, more than to anything else, to the superior citizens who have made up the population of this city, and to the encouragement given honest, faithful, trustworthy labor. "2. We represent a certain class of citizens whose names do not appear on the police blotter, not often even as witnesses. This shows that we do not associate with that class who are constantly in conflict with the law. On the other hand, we represent that class of colored citizens who have been employed and trusted by you, some of us for a dozen and some for even a score of years. We have never betrayed your trust, we aim never to do so. We represent that class of colored citizens who have bought, or are buying or who desire to buy and beautify our homes, educate our children and build up our churches. We represent a class of colored citizens who appreciate an opportunity to find employment as servants, laborers, porters and domestics. We constantly urge our people to make good at their work. We again pledge ourselves to be allied with every movement that has for its object the making of Wichita Falls a better city; in return, we ask for a continuance of the congenial feeling between the white and colored races. The following names were selected to accompany this paper: "C. C. Trimble, L. D. Johnson, A. Byrd, Harrison Welch, Felix Lindsey, James Norford, Hill Morrow, E. Duckenfield, Pierce Nichols, Joe Crutchenfield, T. S. Jackson, Charlie Lewis, Ben Lewis, O. C. Williams, Sam Williams, Dave Ward, S. Ryan, O. Flagman, Respectfully submitted, "Negro Business League, by C. C. Trimble, president and James Norford, secretary."

### BOY SCOUTS LEARN FIRST AID METHODS

Naval Recruiting Agent Becker Gives Lessons—Now Has 40 Boys Enrolled

Forty boy scouts, comprising the four patrols recently organized by P. C. Becker, chief gunner's mate in charge of the local navy recruiting station, received instructions Friday night in modern first aid methods at a meeting in the recruiting office. Becker's lectures embraced snakebite, artificial respiration for the drowned, how to remove a person from a live wire and how to apply temporary dressings to wounds. After the meeting the boys were guests of Manager Wren at the Lydia Margaret Theatre.

In the great majority of first aid cases someone not a doctor undertakes to render first aid of some kind, so it is easy to realize the importance of knowing what to do as well as what not to do. State Becker said. "Modern first aid supplies this knowledge without in any way attempting to make doctors of laymen or to do away with the services of a physician."

At the conclusion of the instruction every scout felt that he might some day be enabled to save a life. Following is the personnel of the patrols: Patrol No. 1—Leader, Lawrence Nolea, Kenneth Erwin, Kelson Mathechett, Stanley Livingston, Lester Martie, Stillwell Wyatt, Howard "Fridly" Oliver Morgan.

Patrol No. 2—Leader, Kern Brown, Lynn Hawkins, Cornelius Chewning, Walter Coleman, Clay Crawford, Duran Vaughn, Harold Ackerman, W. C. Bell.

Patrol No. 4—Leader, Hadleigh Son, Bill Levine, Morris Levine, F. Benson, R. Bonner, Clyde Robertson, Wallace Lowery.

### TRIAL OF BATTLE IS SET FOR MAY 3

Negro Pleads Not Guilty When Arraigned in District Court Saturday

J. W. Battle, the negro who is charged with the murder of Sam Holland, pleaded not guilty when arraigned before Judge Nicholson in the 78th district court Saturday morning and the case was set for trial on Monday, May 3 at 10 o'clock. A special venire of 100 men was ordered summoned for jury examination. District Attorney Humphrey and Attorney John Davenport will conduct the prosecution and counsel will be provided for the defendant. Holland was killed two weeks ago in Battle's restaurant in the rear of the Red Front Saloon when he sought to mediate a quarrel between Battle and another negro which started over 20 cents. Battle was captured by Deputy Sheriff Glenn in a running chase through the railroad yards. He has since maintained a sullen attitude in the county jail and is rapidly losing his appetite, according to Jailer Bob McFry.

### PLAN OPENING OF WOOD'S CAMPAIGN

Reception Committee Named—To Speak at Wichita Theatre Saturday Afternoon

Plans for the opening of the campaign of Judge John W. Woods of Rotan, Texas, candidate for governor, here next Saturday afternoon are practically complete. A reception committee has been named to meet at the Wichita Theatre at 2:30 in the afternoon and a large crowd is expected to be present. It is expected that he will reach this city Friday afternoon or Saturday morning. E. P. Haney will introduce the speaker. The reception committee is as follows: J. J. McConkey, chairman; W. J. Bullock, W. C. Myers, J. D. Cooper, T. S. Gant, Heddy Ford, C. E. Hutchins, C. V. Snyder, W. R. Ferguson, Mack Thomas, R. D. Donnell, E. A. McClellan, Dr. Frank Clark, M. A. Harwin. Judge Woods is the second candidate for a State office to open his campaign in this city; in 1910 O. B. Colquitt opened a successful campaign for the governorship in Wichita Falls.

### URGES ESTABLISHMENT OF 1000 BONDED WAREHOUSES

By Associated Press

Austin, Tex., April 15.—The establishment and operation of at least 1,000 state bonded warehouses for the storage of cotton and other farm crops is being urged by the state warehouse department. The warehouses would be built under the terms of the permanent warehouse law which has become generally understood over the State. Organizers are now in the field stimulating interest in the warehouse project and are meeting with success, according to reports to headquarters. At present there are less than 100 state bonded warehouses.

### 1.45 INCHES OF RAIN RECORDED HERE FRIDAY

A total of 1.45 inches of rain was recorded Thursday night and Friday in this city, the downpour ceasing late Friday after an exceptionally heavy shower in the afternoon. It was cloudy early Saturday but the afternoon was bright and pleasant, with rising temperature. More showers are in prospect for today, according to the official forecast. Katy points from Fort Worth to Whitesboro and Denver points from here to Fort Worth were visited by the rain.

### ITALY IS LARGER BUYER OF AMERICAN PRODUCTS

By Associated Press. Washington, April 15.—Italy's growing importance as a buyer of American products is indicated in figures assembled in the bureau of the foreign and domestic commerce which show that country took \$155,000,000 worth of goods in the first seven months of the fiscal year 1915-1916. Only England, France and Canada were heavier purchasers from the United States. The greatest single article of export to Italy is cotton, \$30,000,000 worth of which was purchased in the United States in the first six months of the present fiscal year against \$34,000,000 for the entire year before.

## EASTER AND THE PREPARATIONS WE HAVE MADE IN ALL DEPARTMENTS

Easter marks the height of the season this year. It is necessary that more than usual preparations be made. In these departments, most appealed to,

### Ready-to-Wear, Millinery, Gloves and Hosiery

We have selected most carefully and liberally. Perhaps you may be today thinking of needed things—We are ready.

### Correct Millinery Styles

We might enumerate them, we might make a minute description of every style and every feature, but we are quite sure a poetical genius could never describe the real beauty of our EASTER MILLINERY. High trimmed hats, close fitting hats, flat and sailor hats, with the very last touch of artistic designing.

### Elaborate Conception of Easter Ready-to-Wear

To win the position of unchallenged supremacy in the world of women's garments is indeed an accomplishment, to hold it unassailed is even more. With this presentation we believe that we are offering to the women of this community the most representative of the world's fashions—for today NEW YORK our NEW YORK—is the queen of Fashion beyond peradventure of a doubt EASTER STYLES—a most circumscribed title, for really every style here is a style of the season, to set the model for the entire summer.

The invitation to witness this display is made with all sincerity. It would please us most if we were able to see you every one and ask you to come here—see and try on these beautiful EASTER GARMENTS.

### MRS. LARKIN ENTERTAINS FRIDAY BRIDGE CLUB

Mrs. W. B. Larkin was this week's hostess to the Friday Bridge Club, entertaining the usual two tables of players. Mrs. Barry of Abilene substituted for the member observing Lent and the usual series of games resulted in the prize, a handsome box of correspondence cards going to Mrs. O. F. Marchman. In the luncheon menu and table appointments the Easter season had been the hostess' inspiration and decorations were in keeping with the yellow and white Easter motif with chickens and rabbits used in profusion.

The luncheon course consisted of salad, nut sandwiches, potato chips, ripe olives, tea, strawberry dessert with whipped cream and cake. Those enjoying Mrs. Larkin's hospitality were: Mrs. Barry of Abilene, Mesdames O. F. Marchman, W. B. Shepherd, J. C. Straus, R. O. Harvey, Morris Marcus and Abe Marcus.

### MISS DUNLAP'S CAREER MOST INTERESTING ONE

A press notice concerning Miss Marguerite Dunlap who is to be one of the special attractions of the Wichita Music Festival—May 1, 2, 3 and 4 follows: The success of Miss Marguerite Dunlap, the young American contralto, enjoys a splendid example of what can be accomplished by an American girl without money or a suggestion of a pull or influential acquaintances, but who possesses ambition, talent and a willingness to work and has no such word in her vocabulary as discouragement. It should encourage others. This beautiful young American girl has never studied elsewhere than in America, and has been entirely unnecessary for her to journey to a foreign land to make her debut. Beautiful face, figure and manner and with an ambition to reach the top rung of the ladder of ability and achievement in the field of music, she has winnowed her way over a long journey, which has had its obstacles and has been visited by many sign posts directing the young aspirant to ways of less resistance, but she has persevered and has arrived at comfortable assurance and most unusual success in an unexpectedly short time. She arrived in New York from the Southland one beautiful sunny morning, with one hundred dollars (which she had borrowed), asked Mr. Heinrich Corbell, then manager of the Metropolitan Grand Opera Company, to hear her sing, which he did, and this famous impresario was so impressed with the girl's talent that he immediately gave her a free scholarship to the Metropolitan Grand Opera school, where she had the advantage of hearing all the rehearsals of that great company of artists as well as the advantage of study. Soon she was doing so well that she was presented in some of the lighter roles with the Metropolitan Company. The Victor Talking Machine Company recognized the ability of this singer and immediately engaged her for the position of first contralto of the Victor Light Opera Company. Aside from the many ensemble records she has sung with this company, she has made many quartet, trio and duet records, and if you will look at the Victor catalogue you will be able to hear some very interesting solo records, the following of which have had an enormous sale: "Stille Nacht," "Dawn of Roses," "Swanee River," "Song of the Soul" and "Solos from the Climax."

### Power

**D**ON'T overlook this matter of power. It is important. You want an automobile that will carry you through mud, sand and snow, and do it easily. You want a car that will climb hills, that will get away quickly without laboring and straining its every part

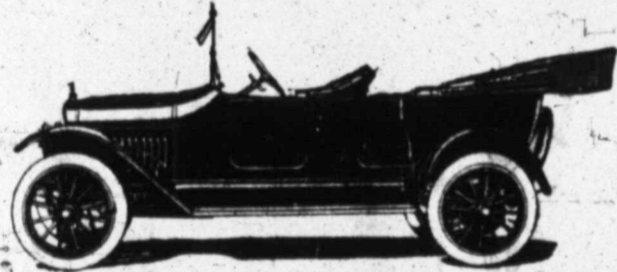

Not all cars can do these things, but you *know* that the Maxwell can because you have the proof.

When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a few weeks ago, it encountered all sorts of unfavorable conditions—rain, mud and hills, over country and city roads—yet it covered 500 miles per day, day after day, for more than six weeks.

Power, plenty of power, unflinching power, is absolutely essential to such a wonderful performance as this.

Let us give you a booklet telling all the details of this record breaking Maxwell car. And let us tell you about our partial payment plan, by means of which you can make a cash deposit and pay the balance while you use the car. Give us the opportunity and we'll prove our case.

C. C. BRANNON, Pastor.

**First Methodist Episcopal Church, South.**  
This is the second Sunday of our meeting and we are anxious to make it count for a great deal in the religious life of the church and the city. Let us have a grand Sunday school. If every home will make an effort we may start the day in the Sunday school in such a manner as to assure success. Let us have at least one hundred present. The pastor will preach three times Sunday. The usual services at 11 a. m., and 7:45 p. m., will be held at 3:30 p. m. a service will be held to which every man in Wichita Falls is earnestly invited. We ask the men of the church to put their hearts in this service and secure a large attendance. The Epworth League will meet at 6:30 p. m., and we ask all of our young people to attend this service. The League has not been very much in our meeting during the past week, and the pastor urges them to enlist for service for the coming week. Services will be held at next week at 10 a. m., and 7:45 p. m. each day. The pastor makes this earnest appeal for hearty cooperation upon the part of all his members. There are quite a number who have indicated their intention of joining this church very soon and they are all urged to come in at one of the services Sunday.  
A. L. ANDREWS, Pastor.

**First Presbyterian Church.**  
The pastor will be in the pulpit both morning and night. The subject for the morning sermon will be: "Building for God." At night the theme will be "Rejoice in the Lord, God." At the close of the morning service opportunity will be given for church membership. The pastor has in mind nine church letters for Sunday. There are others who ought to come in at this time. At the close of the evening service the pastor will make an announcement of the congregation, perhaps of a startling nature.  
N. F. GRAFTON, Pastor.

**Church of Christ.**  
(1104 Bluff)  
Bible study at 9:30 a. m. The minister will be out of town Sunday following an engagement at Burkburnett. Two of the deacons will speak at the morning and evening preaching hours here. W. G. Wilkinson of Comanche, Okla., will speak at the church Monday night. The public is invited to these services. Prayer meeting Wednesday night.  
C. A. BUCHANAN, Minister.

The resurrection will be discussed, following this service the pastor will begin teaching a class in "Expert Endeavor," study first five chapters. We will finish the book for examination in six or seven lessons, any one welcome. Easter Sunday we will call for \$600, for home missions, let every member attend all services leading up to that occasion.  
F. P. WALTERS, Pastor.

**Central Presbyterian Church.**  
Sunday school at 9:45 a. m. Preaching at 11 a. m. and 7:45 p. m. Rev. John V. McCall of Hillsboro, Texas, will preach at the morning and evening service. Rev. McCall is well known to many of the citizens of Wichita Falls, having at an early day in the history of this church been its pastor. All members of the congregation are urgently requested to attend these services. All friends of the congregation and of Rev. McCall are cordially invited to come out Sunday and hear a message that he brings to us. "I am sure that he will bring us a worth while message and you will feel better by having heard him."  
A. P. KERR, Supt. S. S.

**Fourth Street Baptist Church.**  
Usual service at Fourth Street Baptist Church today. Preaching morning and evening by the pastor. A full attendance is urged. Sunday school at 9:45 a. m. R. M. Brown, superintendent. Our school has met all the requirements of an A1 and has been declared an A1 standard school by the Sunday school board of the Southern Baptist Convention. If not attending elsewhere we would be glad to have you enrolled in our school. Sunbeam Band and Girl's Auxiliary at 3 p. m. Mid week prayer meeting Tuesday at 7:30 p. m. The next Fifth Street meeting will convene with our church.  
T. E. CANNEDY, Pastor.

**NEWCASTLE TO CISCO RAILROAD TALK REVIVED**  
(Newcastle Register)  
B. B. Ward returned yesterday from Crystal Falls and he informs us that a number of Katy officials were there. He states they informed the people of the place that they were looking over the country with a view of building the road from Cisco to Newcastle. This proposition has been long expected and perhaps it is about to come true. We hope so.

# GREAT ANNIVERSARY SALE

## Commences Wednesday, April 19th, at 9 o'clock and Continues until Saturday, April 29th, 1916

To commemorate the beginning of our fourth year of business in Wichita Falls, we will celebrate with the biggest sale, the biggest bargain event we have ever had.

We believe we can safely say that no store has ever done the business for cash that we have done the past three years, and this our fourth year we wish to make the biggest in the history of this store.

We believe you know that we have lowered the prices of Dry Goods and wearing apparel in Wichita Falls.

We have sold goods at the lowest margins of profit.

We have maintained ONE PRICE and SPOT CASH and have endeavored to treat all with fairness and alike, and the public have shown their appreciation by their liberal patronage, for which we are grateful.

We have determined to make this a still better store. We expect to add new fixtures, make new improvements and to make 1916 the banner year of this store. We want you for a customer and this anniversary sale is a special inducement to

start you with us—to make you a customer of ours for the fourth year of our business.

We will offer the best values and the biggest bargains that you have ever seen. This is no sale of odd lots but a FRIEND MAKING SALE—A sale of clean fresh merchandise. We are receiving shipments daily of the newest goods and these will be put right on sale.

Make out your list and lay in your supply now at bargain prices.

Don't miss this great opportunity to save money. Come help us make this the biggest sale and the biggest year of our history.

Remember sale starts at 9 o'clock Wednesday, April 19th. There will be extra salespeople and store arranged to serve you quickly and conveniently.

Come let us show you the Jones new way. You will be glad you came because of this opportunity to buy your goods at such low prices.

During this sale on all goods purchased we will give double the usual amount of votes toward the \$150 cash gifts.

**DAIRY PRODUCTS TO HAVE MARKET**

FORT WORTH CONCERN ESTABLISHES PURCHASING AGENCY HERE

**TO BUY BUTTER FAT**

Assures Ready Sale of Supplies in Line With This City's Dairying Campaign

Automobile trucks visiting the farms of Wichita county, collecting the supply of cream and butter fat, and paying the farmers cash for such products will be a reality before a great while, making another forward step in the campaign for more and better dairying in this section. While the truck will not be put into service at once, a good market for dairy products is already assured with the establishment here of a purchasing agency of the Nissley Creamery Company of Fort Worth one of the largest concerns of the kind in the State.

With the establishment of this agency through which farmers who have dairy cattle may find a ready sale for their products and with the installation here of a pasteurizing plant, plans for which were recently announced by J. A. Kemp and B. B. Woodall, the dairying campaign may be said to be making substantial progress.

The Nissley Company will open its office within a week or ten days in the new Fligo building on Tenth street in which the Kemp-Woodall enterprise will also be housed. There farmers will bring their cream and it will be tested to determine the percentage of butter fat. If a farmer brings in 20 pounds of cream and it tests 35 per cent butter fat, the farmer will be paid on the spot for seven pounds of butter fat. The price paid varies from 22 to 32 cents per pound, according to the supply and demand. The test is known as the Babcock test, approved by the federal department of agriculture. The price paid is based upon the Fort Worth market, a deduction of one cent per pound for shipping charges being made.

The percentage of butter fat to the cream will be found to vary widely in pleasant, fair weather it is apt to be considerably higher than when the weather is cold or damp. It seldom goes above 50 per cent and in winter has been found a fair average.

The butter fat collected here will be shipped to Fort Worth and there made into butter by the Nissley Company which has branches throughout the Southwest. Through this company, Wichita county dairy farmers are assured of a steady market for their products. The milk remaining after the cream has been separated is valuable for feeding hogs and poultry after the family has been supplied, and it has been found that raising of hogs and poultry goes hand in hand with successful and profitable dairying.

One feature of the plan under which the company operates is that no matter how small the amount of cream a farmer has to sell, there is a market for it. Payments are made by check and the number of checks issued for less than 35 cents is said to be prodigious.

M. W. Cartright, general sales agent and L. Handley, field superintendent, are here in connection with the opening of new concern. It is not yet known who will be in charge of the agency here. The Nissley Company has issued the following interesting data, under the head of "ten good reasons":

"Dairying with a well organized herd of dairy cattle on an average sized farm, offers the following advantages:

1. It enables the dairymen to anticipate and receive a neat and regular income from the sale of milk.

2. The sale of surplus young stock and cows, furnishes an income in addition to the income for milk, that adds to the profits.

3. It provides a home market and pays higher prices for farm crops than are ordinarily paid at commercial centers.

4. It utilizes grass and various kinds of feed that have no market value except as the are converted into milk or other saleable products.

5. It provides a means of employing labor regularly and profitably at all seasons of the year.

6. It makes the farm permanently productive by the utilization of feeds on the farm and the use of farm manure.

7. The regular income from the sale of dairy products and stock, enables one to keep up permanent improvements and to take pride in the possession of a farm house.

8. Dairying offers one a great opportunity for becoming a thorough business manager and enjoying the game of trying to make everything pay.

9. It produces a human food for which there is no substitute and for which there will always be a constant demand and an opportunity to supply at reasonable prices.

10. It offers a most suitable environment for the development of high standards of living both for a family and a community.

**381 MORE PUPILS ARE NOW ENROLLED**

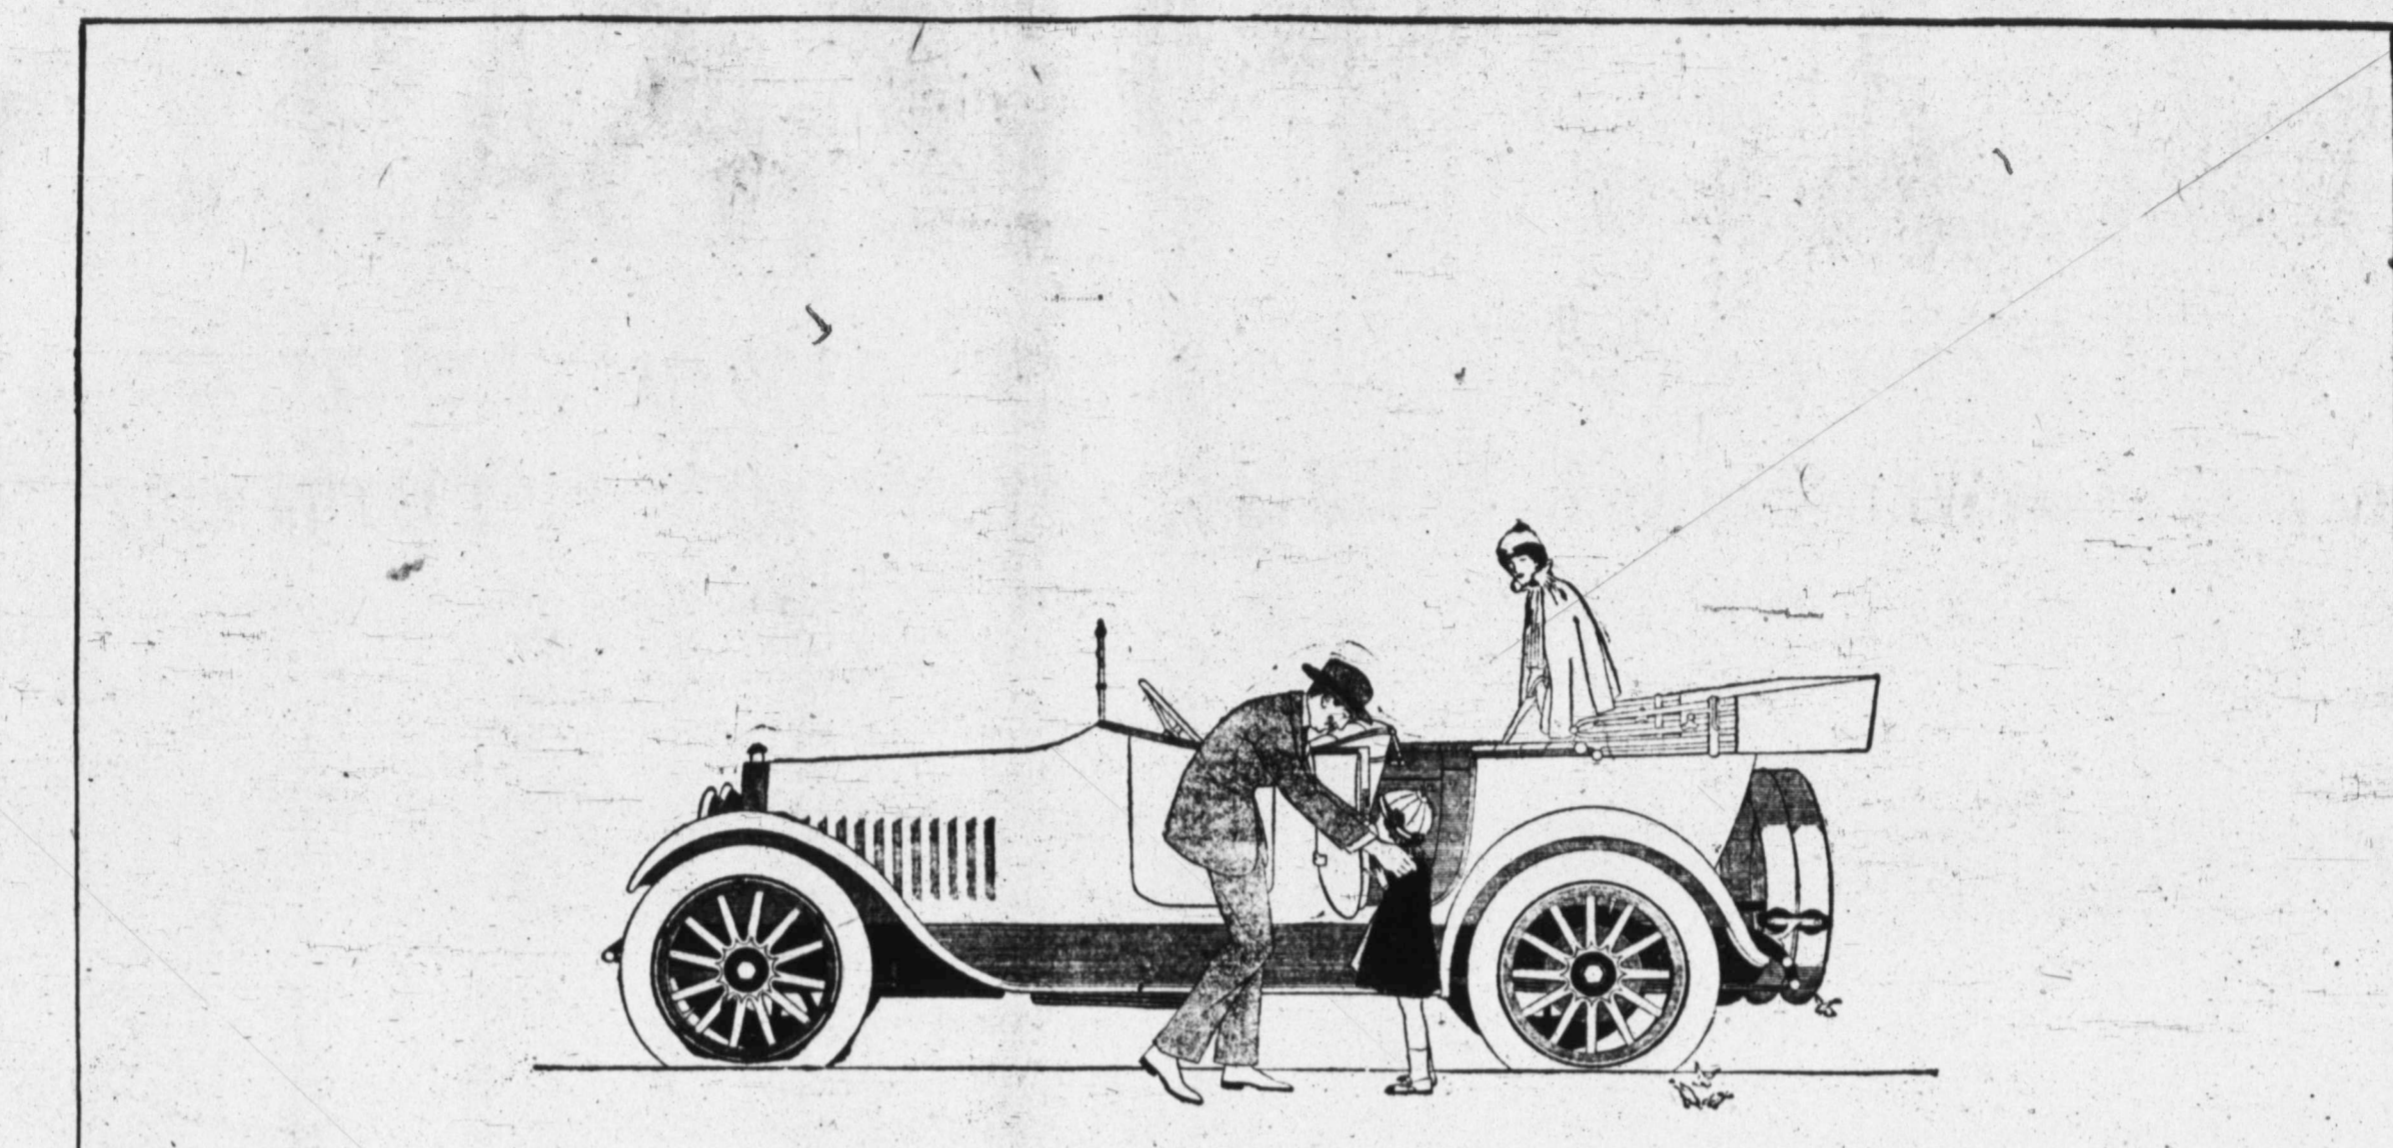

Substantial Increase Over Last Year With Present Total of 3136 Students

An increase of 281 students enrolled in the public schools at the close of the seventh month this year over the enrollment for the same month in 1915 is shown in the superintendent's report for the close of the seventh month. The gain is largest in the Austin school, which shows an increase of 120 students while the high school is second with a gain of exactly 100.

Two schools fail to show an increase. These being the Washington school with an enrollment of 200 in 1915 compared with 182 this year and the Alamo school enrollment of 377 in 1915 and 371 this year.

1915—High school 420; Austin 1166; San Jacinto 488; Alamo 371; Travis 343; Sam Houston 173; Washington (colored) 1915; total 3136.

1915—High school 320 (with the seventh grade 467); Austin 1046; San Jacinto 452; Alamo 377; Travis 264; Sam Houston 165; Washington 200; total 2765.

**How to Subjugate High-Speed Power, the Problem—3400 r. p. m. Chalmers, the Answer**

The primary object of high-speed engines for motor cars was the attainment of great racing speed.

The hardest thing in building them was to make them safe.

Another difficulty was to combine high engine speed with the feature of all-round performance which is in such imperative demand.

Now comes the remarkable 3400 r. p. m. Chalmers which attains the terrific and supreme engine speed of 3400 revolutions per minute, not only with absolute safety, but with undreamed-of acceleration, and smooth, throbbless serenity of performance.

Strength of materials, compact bearing and radiating surfaces, and copious lubrication, are the outstanding features of construction that make this a safe high-speed engine.

By toning down the original might of this whizz of an engine, to a point where the average man or woman dare drive, the elimination of its superfluous energy has been translated into supreme pick-up, velvet

smoothness of performance, and an annual saving of from \$150 to \$200 in gas.

Yet it has speed—anything up to 60 miles an hour—as fast as I care to travel in any emergency.

Every gallon of gas I put into the tank of my 3400 r. p. m. Chalmers comes through with 18 miles of sparkling going.

It's fortunate that this magnificent new Chalmers comes to us just when it does. Just now the South is buying motor cars faster than ever before. Our cotton, steel, munitions, and textile industries are sending the smoke of prosperity into the heavens.

The South is more motor-conscious than ever before. The discriminating are buying Chalmers. Bring a blank check when you come to see and feel the 3400 r. p. m. Chalmers perform.

Chalmers output is enormously increased. Today deliveries are certain, with slight, if any, delays. But a few weeks hence the dearth of raw materials may curtail the supply of cars. Order now, if you can.

**FINANCES OF CITY IN GOOD CONDITION**

1916-18 Administration Begins With Balance in All of the Funds Except One

The 1916-18 municipal administration begins with the city's exchequer in good circumstances.

A report of the financial condition of the city compiled to April 1, issued Saturday by Mayor Britain, shows a total fund of \$47,448.21 available for use. There is \$63,967.95 in the treasury, including a sinking fund of \$15,620.71. Two years ago, when Mayor Britain assumed office, there was but \$10,000 available, while the treasury contained \$30,000 a year ago. The report follows:

General fund, \$18,531.21; street department, \$6,407.18; street improvements, \$8,760.11; sewer department, \$12,283.41; park department, \$2,484.76; fire department, \$733.75; General Hospital, \$1,760.09 overdrawn. This is the only department which reported a deficit.

Mayor Britain said Saturday he will begin work on the new city budget as soon as all the municipal departments report their needs. The budget will be completed in about a month, he said. The mayor believes the budget will slightly exceed last year's appropriation which was approximately \$90,000.

**CITY GROWING TOO FAST FOR SCHOOLS**

State Inspector Says High School Needs Better Library and More Teachers

A high school in no way commensurate with the size and importance of the city has been one of the results of Wichita Falls rapid growth, according to Thos. Fletcher, inspector of high schools for the University of Texas, who is here on a tour of the high schools of Northwest Texas.

Mr. Fletcher has visited the local school and the above statement was based on conditions as he found them there.

An overcrowded building, an overworked faculty and the lack of a library are among the shortcomings of the Wichita Falls high school and in his official report which will be submitted to the city superintendent, Lee Clark, Mr. Fletcher will make recommendations for needed changes.

The English classes are the most badly crowded, according to Mr. Fletcher and the English teachers are the most overworked owing to the large amount of theme work required in this department. There is practically no library in the school to supply reference texts for the various branches studied. Mr. Fletcher said, this being the most serious defect in the equipment. He paid a compliment

to the equipment for the scientific department, saying that both the physics and chemistry laboratories were splendidly equipped and that the standard of work done was also good. Mr. Fletcher went to Archer City Saturday afternoon and during next week will visit surrounding towns, inspecting the high schools. He will return Friday to this city where he will take part in the program of the Northwest Texas Teachers Institute to be held here April 20, 21 and 22.

## Buy a Car You Will Want to Keep

**\$665**

F. O. B. FLINT, MICH.

Complete with Electric Starter and Lighting

IN the whole history of the automobile business there has never been a time when real care in selecting a car is more imperative than today.

No longer is it possible to buy any make of car, drive it 12 to 15 months, and trade it in for a new car at one-half or two-thirds of its original cost. The market on used cars today will not permit this.

Consider then, the importance of buying a car that will give you such service and satisfaction that you will enjoy running it season after season, until you have realized every last dollar of the price you paid, —before you even think of trading.

Buy your car on this value-getting basis and it will be a Dort. No car on the market has more features of general all-round superiority and no car gives as much for the money. Ask the dealer to point out some of the special features of the Dort, or send for free booklet.

## SPECIAL SERVICES FOR EASTER SUNDAY

Special services at nearly all the churches will mark observance of Easter Sunday, now just one week distant. Today is Palm Sunday in the church calendars and will be observed with special exercises at the Catholic and Episcopal churches.

Several of the churches have special musical features planned for next Sunday and the services will generally deal with the significance of the occasion.

At the Church of the Good Shepherd, Episcopal, services will be held at 7:30 a. m., 11 a. m. and 7:45 p. m., while at 3 o'clock in the afternoon the Easter service for the Knights Templar will be held at this church. There will be held communion at 7:30 in the morning, while at 11 o'clock service will be featured by special music. At the evening service there will be a sacred cantata entitled, "Jesus of Nazareth."

Good Friday services will also be held in the form of a three-hour meeting from noon to 3 o'clock for the purpose of meditation on the last words of the Savior on the cross. There will also be a service of preparation at 7:45. Other services will be held daily during Holy Week.

Holy Week services will also be held at the Catholic church. Today, Palm Sunday, will be marked by the blessing and distribution of the palms, before the mass at 10:30. The prescribed services for Holy Week will be held in their entirety, with a sermon on Monday, Thursday and Good Friday. The musical program for the services Easter Sunday, is especially elaborate, and is expected to add much to the observance of the occasion.

## MAY FETE PLANS ARE TAKING FORM

DATE HAS BEEN SET FOR MAY 11—ELABORATE AFFAIR TO BE STAGED

## PARADE TO BE HELD

All of Schools Will Take Part. Each To Have Its Queen, Who Will Be Crowned

May 11 has been set as the date of the May fete which will be staged by the schools of Wichita Falls under the direction of Miss Jessie Mae Agnew, director of music in the public schools and which has the backing of the Chamber of Commerce. Details of the celebration, which will be quite elaborate, have not yet been made public, but Miss Agnew has made known some of the plans for the fete.

There will be six May queens, representing each of the schools and as many floats to take part in the parade and in the coronation festivities to follow. These queens will be chosen by popular ballot and each girl so honored will have her pages, knights, maids and esquires to make up her court. These attendants, selected from the student body, will take part in the coronation ceremony and there will also be other students to dance around the Maypoles, of which there will be one for each school. A parade is to precede the Maypole

dance and the floats representing the schools together with a number of automobiles decorated for the occasion will participate. The floats will be decorated to represent historical events or subjects or in floral effect and each school will choose the nature of their float and also adopt a color scheme which will be carried out in the decoration and the Maypole festivities.

It is hoped to secure the city park for the coronation exercises and the Maypole dances as the park is the only convenient place large enough to accommodate the crowds which are expected to attend. There will be more than 1000 school children to take part and in addition to those thousands of spectators are to be accommodated.

The drills and folk games have been under preparation for some time and

the election of the queens and actual drilling for the fete will commence shortly, in fact immediately after the presentation of "The Princess Chrysanthemum," the musical extravaganza which Miss Agnew is presenting next week as the high school musical attraction of the year.

# Overland SIX

**An exceptional car —built to meet an exacting demand**

The six cylinder motor—in its perfected state—is the engineer's answer to the demand of the automobile enthusiast—the extremist if you will.

The perfected six cylinder motor is capable of a faster pick-up and a smoother flow of power than is possible in a four.

But not all sizes are superior to all fours.

We build fours that are superior to many sixes.

And our only purpose in building a six is to satisfy with Overland finality that extremist demand for well nigh miraculous motor performance.

The Overland Six is a big, roomy, luxurious, seven passenger car with a motor of unusual power, smoothness and flexibility.

But the price is only \$1145—much lower than any other car of its size and class.

Such a low price for such a superlative car is possible only because the Overland Six is part of a huge production.

In fact Overland production is easily double that of any other builder of cars of like class.

So in buying the Overland Six you not only secure a car of very unusual performance—

But you get the advantage of the economies possible only in the production of cars on so vast a scale.

While the prices of established sixes are advancing, and those recently announced are on a higher price level, the Overland price remains at \$1145.

It is so clearly dominant value among sixes of its size and class, that the demand is taxing even our large capacity.

Today is an Overland Six opportunity which can hardly last.

See us now and book your order.

## VALLEY REFINERY DOUBLES CAPACITY

Improvements at Plant—Panhandle Company is Also Enjoying Heavy Business

The capacity of the Wichita Valley Refining Company, located at Iowa Park and with a number of local capitalists as stock holders, is being increased materially. A new still has been installed and the capacity of the agitator has been doubled, the additions of the past month making the second time the output of the refinery has been doubled. Officials state that even with the increased capacity they have difficulty in filling all the orders received. In addition to their filling station, there are seven automobile supply stations in the city who are selling Wichita Valley products.

Unprecedented prosperity in the refining industry is being enjoyed by the Panhandle Refining Company, according to Roy B. Jones, secretary and treasurer.

"We are now experiencing the greatest demand for refined products in our history, and shipments are being made just as fast as we can manufacture the products to fill the orders," he declared Saturday. Our refinery is turning out an average of 1000 barrels of oils, gasoline, kerosene, etc., a day and we expect to double the output by May 1. We turned out 1127 barrels Friday.

"Considerable difficulty is being experienced in obtaining cars but we have thus far been able to handle our business very nicely. Shipments are being made all over the State."

Mr. Jones prophesies grave results if the threatened national railroad strike is called. Manufacturing plants all over the country would be forced to shut down, he says, and the present nation-wide prosperity would soon give way to another period of business depression.

## MORE COMPLETE RECORDS TO BE KEPT BY POLICE

A new police docket which enables a complete record to be made of each case, was installed at police headquarters this morning. Under the new system a complete history of every case will be kept. The city marshal will be required to submit a monthly report to city council. A similar system also has been installed by the city clerk.

Involved with Mark Truitt's ambition is the ambition of the laborer, of the capitalist, of the progressive, of the humanitarian, of the socialist, of the society woman, and of the woman who lives all for love.

This is a man's drama in its account of a battle royal of steel kings. It is a woman's drama in its story of young romance, marriage, divorce, the passions of maturity and the triumph of love.

It is life as we know it, handled in a large way, treated in a notable example. And it is led to a big conclusion when the big man emerges into the glory of Vision.

**PROSPECTS FOR WHEAT THIS YEAR**

ONE PREDICTION IS THAT CROP WILL BE 30 PER CENT BELOW 1915

**REDUCTION IN TEXAS**

Mr. Kell Believes Yield Will Be Far Below That of Last Year—Dry Spell Wanted

The wheat crop in the Wichita Falls district and in Southwestern Oklahoma will fall below last year's crop about 30 per cent, according to an estimate made Saturday by J. C. Hunt, of the Hunt Grain Company. The cold weather was primarily responsible for the loss, he said.

Frank Kell believes the wheat yield this year in Wichita County will equal last year's yield of 1,500,000 bushels, providing climatic conditions continue favorable. He predicts that the yield for the entire state will not exceed 12,000,000 bushels. Last year the yield was 23,000,000.

"The low yield this year can be attributed to dry weather in the plains counties and frost in the black land counties," he said. "The rain Friday was not needed and the wheat would have been better off without it. The soil will not need any more moisture until late in May. Dry, hot weather will put the crops in excellent condition."

The following statement regarding wheat conditions around Amarillo was received Saturday by Mr. Hunt from Eugene S. Blasdel, proprietor of the Plains Grain Company of Amarillo:

"We think, to take the Panhandle as a whole, that perhaps 50 per cent of the wheat was sown early and is looking good. The recent rains will doubtless sprout 30 to 40 per cent of the rest. It will look good and can make half a crop. However, it will take perfect weather to make this late sown wheat do anything and it doubtless will make only a few bushels to the acre. From Amarillo south, down toward Plainview where they raised considerable wheat, they claim that the crop prospects are very fine and they had more rain than we had in this territory and further north, and with perfect conditions from now on around Plainview, they will raise 90 per cent as much wheat this year as they raised last year. With perfect conditions from here north, they should raise 75 per cent as much as last year, but, of course, we don't look for perfect conditions from now on as it would be expecting too much of this country."

**ACADEMY PLAY TO BE SHOWN FRIDAY**

Students Will Present "Patricia the Unknown Heroine" at Wichita Theatre

Next Friday, April 28, has been set for the presentation of the drama, "Patricia, the Unknown Heroine," to be given by the students of the Academy of Mary Immaculate, at the Wichita Theatre. The cast of characters is as follows:

Augusta, empress of Rome, Miss R. Watson; Octavia, emperor's daughter, Miss A. Steed; Patricia, Christian maiden of noble rank, Miss R. **THALIAN PLAYERS APPEAR AT ELECTRA**

Stage the Two Comedians Which They Presented To Local Audiences

The Thalian Players journeyed to Wichita Saturday afternoon where they staged an entertainment last night under the direction of Miss Day. The young people repeated "The Fifth Commandment" and "The Departed" the two one-act comedies which they have presented before Wichita Falls audiences twice with splendid effect. The club is now working on "The Rose of Elymouth Town" a four-act romantic comedy which will be presented May 25 at the Wichita Theatre. This will be a part of the commencement exercises of the high school. The cast will embrace the majority of the dramatic students of the high school and the production is taking up the time of both students and directors to such an extent that an overwhelming success of the final play is expected.

Special attention given to five gallon crocks. Rural phone 9001, ring 14.

### NOTABLE MUSICAL PRODUCTION TODAY

Musicians' Club to Present Palm Sunday Program at First Christian Church

In observance of Palm Sunday the Musicians' Club will sing Pergolesi's "Stabat Mater Dolorosa" this afternoon at 3:30 at the First Christian Church. There will be neither collection nor charge for admittance, the public being urged to attend this musical celebration at the beginning of Holy Week. A notice says: "The performance of this celebration

and beautiful work may rightly be considered an advance in the musical standards of both the Musicians' Club and of Wichita Falls. It is a work of extreme difficulty in both solo and chorus numbers and one which should redound greatly to the credit of any organization undertaking its performance. It has required much patient detail work but those who are taking part feel amply repaid for their time and study.

It is interesting to note that the original price paid to Pergolesi for his masterpiece was ten ducats, approximately eight dollars and it is further almost unbelievable that this was a large price for a work of this kind at the time, 1735 or 1736. Inasmuch as Pergolesi was comparatively well to do one may safely conjecture that living was decidedly cheap in those days.

Everyone who can should avail themselves of the opportunity to hear this renowned work. The works of the great masters are as a rule but little understood because they are so seldom heard. This was true of this particular setting of the "Stabat Mater" for a long time in Europe. Mendelssohn, Novello and John Hullah, however, did a great deal of work in reviving and performing the works of great men and there are many well known works today which owe their celebrity to the research and energy of these three men. The Pergolesi "Stabat Mater" is one of them, Hullah and Novello being mainly responsible for its publication and production in England in 1863, one hundred and twenty-seven years after it was written.

### GOOD NEW WELLS AT BURKBURNETT

SEVERAL HANDSOME COMPLETIONS IN THAT DISTRICT IN PAST WEEK

### 29 LOCATIONS MADE

Much New Work in Prospect As Result—interesting Developments at Burkburnett

Big new wells at Burkburnett brought that district to the front of the past week's oil news, some healthy producers being completed. Electra, while showing less new production, witnessed the making of 21 new locations, meaning that work will be plentiful for some time to come. The new wells which have been reported so regularly during the past few weeks have gradually increased the total production of the field, and latest estimates put the total for Electra, Burkburnett and Petrolia at above the 17,000 mark.

Aside from their size, some of the new wells at Burkburnett are interesting in the promise they give of later developments, for although there were no completions in advance of production, the wells were so located as to mean much additional development on those leases. For instance, Producers No. 3 and 4, the latter one of the week's completions, is in the southwest corner of the 80-acre lease of that company, at the opposite end of the tract from where the other wells will be brought in. The same situation develops on the Chenault lease where Langford, Staley et al completed their No. 3. Burkburnett's completions include:

Producers No. 3 Heisermann, 1700 feet, making 200 barrels after a 100 quart shot; three sands were found in this well.  
Producers No. 4 Heisermann, 1700 feet, making 250 barrels after a 100 quart shot.  
Producers No. 5 Heisermann, 1700 feet, 150 barrels after an 80 quart shot. These three wells make the Heisermann lease look like one of the field's best. Some of the wells above mentioned made as high as 500 barrels during 24 hours soon after the shot.

W. C. McBride's No. 6 Will Thom, 1800 feet, making 100 barrels after a 100 quart shot.  
W. C. McBride's No. 4 Fred Thom, 1650 feet making sixteen barrels after a 70 quart shot.

Clint Wood's No. 2 Schulz is on the sand; it is just north of No. 1 which was a small well.  
Langford & Staley's No. 2 Chenault, 1800 feet, made 100 barrels natural; it was shot 60 quarts and is now flowing 200 barrels daily.  
Gulf Production Company's No. 1 Proctor has been deepened and shot and is making 20 barrels.

Wood, Akin et al have made location for their No. 3 Holcomb in the shallow field; Wood and Bridgway have located their No. 5 Ferguson, also in the shallow district; the Gulf Production Company has located No. 3 Proctor and No. 4 and 5 Critch; the Magnolia Petroleum Company has made location for No. 5 Viles and No. 7 and No. 8 Guillet. The latter locations were made following settlement of a lawsuit in which failure to protect the lines was alleged.

Electra completions were few and unimportant. Dale & Hedges have a ten barrel well in their No. 7 Woodruff Heights at 1000 feet. The Magnolia No. 5 Sumner is making 30 barrels at 1550 feet; the same company's No. 16 Waggoner is making 20 barrels at 1000 feet.

There were 21 new locations at Electra during the week which with the eight reported at Burkburnett makes a total of 29. The Electra locations were all by the Producers Company as follows: 28 Homaker, 32 Bickley, 66, 67, 68, 69, 70, and 71 Stringer, 116 to 124 inclusive Waggoner.

Straus, Allen and others have abandoned their test on the Barnett ranch in the Beaver Creek district at 340. Petrolia's only recently development of note is the completion of a 5,000,000 foot gasser on the Sawdon tract, some distance west of the field. There has been another small gasser in the same vicinity, and these developments may mean a material extension of the gas field to the westward.

### ZOELLNER QUARTET WILL APPEAR HERE

Notable Musical Organization is Coming Under Auspices of Musicians' Club

On Wednesday, April 26 the Zoellner Quartet, a string quartet from the metropolitan music circles, will be presented to Wichita Falls music lovers by the Musicians' Club at the Wichita Theatre. Concerning this aggregation of musicians a press notice says: "A recent critic very aptly described the work of the Zoellner Quartet when he stated that 'They are the intimate exponents of Chamber Music in America, because they play the classics with the lofty dignity required by these masterpieces, because they are not afraid to produce a novelty by an unknown writer and furthermore, they are still young enough in years to play with keen relish and a spontaneous spirit.' One New York critic on the occasion of the Zoellner's second concert at Aeolian Hall last season, pointed out that the rich old Haydn Quartet had not had such a delightful reading of years as that given by the Zoellners while another critic states that if they did nothing else than bring forth the charming and tender Debussy quartet they were filling their place in the scheme of things musical. The Zoellner Quartet is an organization that Americans can well feel proud of, for it seems certain that their names will be lined with the best traditions of American musical history."
