

COLUMN LEFT

Our attention has been called to a recent address by a Kenneth Smith before a California convention. The subject "If I Were a Free Man" was very interesting, to say the least. Mr. Smith throughout his talk lambasted extravagant procedure of government, and he pledged a large number of questions:

If I were a free man would I spend my own money to do the tax collecting job for the government?

If I were a free man would I voluntarily spend \$7 of my own money on government personnel when the Hoover Commission showed it could be done for \$4. Or, would I spend that wasted \$ on my own family?

If I was a free man would I loan my money to Lustron Houses or Waltham Watch?

Now, this editor agrees with Mr. Smith in these unwholesome and extravagant trends in our present political set-up. In fact, the situation is deplorable. But we certainly censor the gentleman for what we see as very irresponsible reference to the term "free man." We ARE free in America, were we not so, Kenneth Smith couldn't even have uttered aloud his pronouncements and accusations. You have your finger on a troubled part of our economy, Mr. Smith, but you surely are contradictory. If you don't get what I mean, just try to speak out for any principal or reform in Russia or any of the totalitarian nations.

C. A. Turner has given us a new book to pass on to the library here. Thanks a lot. Incidentally the book is new and should be very interesting to children, entitled "Famous Dog Stories." We still believe practically everyone is interested in the library.

Governor Shivers certainly has the approval of most everyone in his designation of March 4-10 as Public School Week. The legislature and the state board of education, together with local school authorities, have gone all out to assist the public in getting better acquainted with their system during this week. Detailed programs are listed elsewhere in this issue.

Quoting from the official memorandum of the governor: "As we take inventory of our blessings and our accomplishments in this, our 104th year of Statehood, we view with satisfaction the progress that has been made in education, the basis of which is our public school system.

The little red school house which was the symbol of public education a century ago expanded into a network of elementary and high schools, junior colleges and state colleges.

It has been a great cooperative venture. Both state and local governments have made their contributions. We like to believe that through their joint efforts the opportunities afforded our children for a sound basic education are not excelled anywhere. If we are justified in this conclusion it is only because our citizens have shown a personal interest in education and because public-spirited men and women have been willing to devote their lives to the teaching of our youth.

It is of paramount importance that this civic interest be strengthened and that those in the teaching professions be supported and encouraged in their efforts. One of the best ways of accomplishing these results is for each citizen to know the public school system. The best way to know it is to keep in constant touch with it.

Dan McDonald of Lazbuddie took fifth place at Amarillo this week with his heavy Duroc entry.

Perry Gleason, also of Lazbuddie, took 6th in the light Chester White division.

Adequate Supply of Planting Seed, Commercial Fertilizer, Insecticides Is Emphasized by Extension Service

Good Cotton Seed Already Is Scarce

Count Agent Joe W. Jones again this week has urged early securing of all needed fertilizers, insecticides and planting seeds, in his review of the over-all farming picture for the coming season in Farmer county.

Jones elaborates as follows: **Fertilizer—Lay It Away**
The domestic fertilizer supply for the coming year is expected to exceed the 1949-50 supply.

Last season was the best on record for agricultural fertilizers. The increased supply for 1950-51 does not mean that every crop producing area will have an adequate amount when they need it.

There are not enough boxcars and transportation facilities are not adequate to move the fertilizers to farmers in a short time. The 1950-51 supply is to be about 600,000 tons and this would require 15,000 box cars or more. Early purchasers will help relieve the situation and will assure every user a good supply.

Store it in a dry, well ventilated barn or shed and you'll have no deterioration.

Cotton Insecticides—Don't Wait
The supply of cotton insecticides for use in 1951 will be about the same as the output in 1950. Most manufacturers increased their production to the limit last year and the supply of basic raw materials such as chlorine and benzene is in tight supply and will remain so far a considerable period.

Dusts and sprays can be safely stored without loss of strength or quality. Dusts should be stored in a dry place and spray materials should be handled carefully to avoid denting or bending metal containers. Spray materials will not freeze and are safe from that standpoint.

Planting Seed
In addition to the available registered and certified seed, good gin run seed of the adopted varieties should be saved.

Farmers should check on their own seed and not allow seed to heat. Small lots should be stirred with a seed fork. Seed stored in warehouses and at oil mills should be checked and if necessary stored in a building where air can be pulled through them.

When seed are cut with a knife, the inside should be a light grey color. Also 100 seed samples should be planted or germination tests be run to determine if a thicker rate of planting is necessary.

Farm Machinery
Make repairs early and place orders for new parts, attachments, and machinery in advance. Plant to a stand to save hand hoeing. Use rotary weeder and fertilizer placement equipment.

Parmer Included In Study of Water Use Trends, Requirements

A study of potential industrial development population growth, and requirements for municipal and industrial water supplies in the Panhandle-Plains area has been initiated by the Bureau of Business Research of the University of Texas.

Announcement of the study was made recently in Amarillo by H. E. Robbins, regional director of the U. S. Bureau of Reclamation and will include all counties in the north and south Panhandle-Plains region; Motley, Dickens and Kent counties to the southeast and Borden, Dawson and Gaines counties to the south.

Looking to the future industrial development and water supply requirements in the area, the survey will provide estimates of potential municipal and industrial water use trends in 1960, 1980 and 2000.

The bill authorizing construction of the \$5-million dollar Canadian river project to supply water for 11 cities in the Panhandle-Plains area became law last December when it was signed by President Truman. However, congress has not provided funds for construction of the dam on the Canadian river or an aqueduct to transport water to the 11 project cities.

Public Poll

What is your favorite pastime or sport?

Mrs. Reta Agee—
Crocheting and working in my flowers is very interesting to me, and I'm taking ceramics at the school and I suppose that is a hobby because I enjoy it very much.

Mrs. J. W. Baxter—
I like embroidery, working with my flowers and in the yard in the summertime.

Mrs. O. J. Beene—
Reading is my favorite pastime, and my favorite sport is basketball or baseball.

Mrs. Mary Boggess—
I am interested in nearly any kind of sports and especially basketball.

Mrs. C. L. Bracken—
Washing dishes, I guess, because I do that most of the time.

Mrs. John Gaede—
I don't go in for sports but I think my favorite pastime is church work.

Mrs. E. R. Day—
My favorite sport is football and crocheting is a very enjoyable pastime for me.

Mary Fleming—
I enjoy watching wrestling matches and I draw quite a bit for pastime.

Mrs. Arthur Drake—
I enjoy watching basketball games and baseball games and when I have time I enjoy reading and crocheting.

Mrs. W. H. Ford—
I don't have time for much pastime but I believe my favorite sport is basketball.

C. C. Dodson has returned to his employment with the Star after an absence of several days. During this absence he purchased a home in Amarillo, moving his family there from Memphis.

PROCLAMATION

THE STATE OF TEXAS
COUNTY OF PARMER
CITY OF FRIONA

WHEREAS, the Governor of the great State of Texas has proclaimed the week of March 5 to and including March 10, as Public School Week for the State of Texas and has announced that the theme of this occasion shall be "Democracy in Action," and there being a grave and serious threat to Democracy as we know it; and

WHEREAS, it is believed that the citizens of this city should take part in this celebration and during such week that each citizen of our city should attend a public school at least one day;

IT IS THEREFORE ORDERED AND PROCLAIMED that the week beginning March 5 and terminating March 10, both inclusive, be and it is hereby proclaimed PUBLIC SCHOOL WEEK for the City of Friona, and all citizens are urged to participate fully in this noble undertaking.

DONE at Friona, Texas this 22d day of February, A. D. 1951.

MACK BAINUM,
Mayor.

Schools Invite Visits at Regular Class Periods and at Programs During Week

In accordance with the proclamation of Governor Shivers, Parmer County schools will observe the week of March 4-10 as Public School Week.

The public is invited to attend the county schools any time throughout the week; specific programs are listed below:

FRIONA

Monday
Public invited to attend class any or all classes.

Tuesday
Public invited to attend any or all classes, and to inspect and eat at Cafeteria.

Wednesday
Public invited to attend any or all classes. Girls chorus in assembly. Public invited. Also inspect and eat in Cafeteria.

Thursday
Visit any department in the school.

Friday
Schools will be closed for teachers meeting in Amarillo.

Red Cross Drive Will Commence Here Tomorrow

Workers and community chairman of the Red Cross drive slated to commence tomorrow have been named for Parmer County.

Alan Romich, chairman, has announced workers as including: Friona, G. B. Buske and Alan Romich; Farwell, H. Y. Overstreet and Frank Beale; Lazbuddie, Mrs. Otto Treider; Bovina, W. E. Williams; Black, Mrs. Dick Rocky; Rhea, Mrs. Paul Koeltzow and Mrs. F. T. Schlenker, and Lakeview, Mrs. M. B. Buchanan and Mrs. John Hand.

Quota for the county has been set at \$1,300.

First Increase In Electric Rates Has Been Asked

Both commercial and residential electricity consumers in Friona will receive bills on April 1 which will be some 10% higher than previously. The increase in rate has been pointed out by the Southwestern Public Service Company as being the first increase asked, and it became effective immediately after the February 22 meter reading. In fact, both the public service company and Friona city officials state that this has been the first increase asked for and that the company has on numerous occasions decreased the rate.

The new street lighting has been completed along Main street and some side streets in Friona, with a few lights yet to be installed along the highway.

Police stopped Sunday plowing in South Africa's Transvaal.

System of Valuating Property Changed Though Tax Rate to Remain Same

Mrs. Opal Mears Funeral Services Will Be Tomorrow

Funeral services for Mrs. J. H. Mears will be held at the Friona Methodist church tomorrow (Friday) at 2:30 p. m. Interment in Friona cemetery.

Mrs. Opal Fay Mears, 41 years old, died Wednesday morning at the home of her mother 10 miles northeast of Friona. She had been in ill health for some time and had recently been hospitalized.

Survivors include the husband; two sons, James C. and William S.; the mother, Mrs. Pearl Hand; a sister, Mrs. Reardon Shirley; and three brothers, D. G., L. R. and John Hand, all of Friona.

Services Held for Infant

Graveside service was conducted at Bovina cemetery for the infant daughter of Mr. and Mrs. Robert Read, Monday morning at 10 o'clock. The little girl was born at the Memorial hospital in Clovis Saturday night, and lived five hours. Mrs. Read is the daughter of Mr. and Mrs. Buck Ellison.

RAIN!

Early Sunday morning rain brought badly needed moisture to Parmer County and the entire area this week, arresting the drought which has seriously threatened all crop prospects here.

Friona gauges indicated some .775 inch of moisture, with outlying areas varying from that amount to 1.5 inches.

Wheat is greening up and probably has enough moisture to carry it until early spring; much of the wheat had little root system, and until the rain there was little indication if it was dead or alive! But with the slow falling moisture of Sunday, prospects are much brighter; a really true picture will not begin to unfold until the weather warms up and additional moisture is received.

CLASSIFIED QUIZZERS

How many famous statues can you identify by the clues given below? Read the quotations and check your answers with those given on the Classified Ad page. Also there are some free show passes listed on that page. Check and see if your name is there!

- The statue of this little boy who wouldn't grow up stands in Kensington Gardens in London. Is it little Lord Fauntleroy, Peter Pan or Tom Thumb?
 - In Washington is the only memorial of its kind in the United States, a white marble building in which is the massive seated statue of a former president. Is he Abraham Lincoln, George Washington or Andrew Jackson?
 - The largest statue in the world was a gift to the United States by France. Is it a statue of Jean d'Arc, a statue of Lafayette or the Statue of Liberty?
 - This armless statue of a Greek goddess was discovered in 1820 by a Greek peasant. Is it Venus de Milo, Winged Victory or the Discus Thrower?
 - Does the bronze figure crowning the dome of the United States Capital represent "Washington" "Freedom" or "Justice"?
- *Classified has the answers.

STUDENT EXCELLS

Estella Johnston of Friona is listed on the dean's list for the fall semester at East Texas State Teachers college.

The announcement was made by Dr. O. B. Wright, chairman of the scholarship committee. To be eligible for the Dean's list, a student must have a grade average of better than a "B."

Zone System for Land Assessment Abolished

Parmer County Commissioners in a Monday session again set the tax rate at 95 cents per \$100.00 valuation for county purposes. This represents no change in rate, although several changes were authorized in method of computing valuations.

In assessing the land for tax purposes, the old zone value system was abolished, with land assessed as follows:
Level, irrigatable land, \$77.00 per acre.
Smooth, non-irrigatable land, \$5.00 per acre.
Grass land, not fit for cultivation, \$4.00 per acre.
For taxing improvements their tax values were set to be 10% of the following sums:
Brick houses, \$10.00 per square foot.
Frame, stucco home, \$6.00 per square foot.
Granary, \$2.50 per square foot.
Grain elevators, 40c per bu. of storage capacity.

The values set forth below are said to be the same as in the past: Irrigation wells, \$500.00 each; merchandise, 65% of inventory; pool tables, \$100.00 each; cattle, \$30.00 per head; hogs, \$15.00 per head; horses, \$20.00 per head; and sheep, \$5.00 per head.

For automobiles, trucks, pickups, tractors, and combines, all values were left the same, excepting that 1951 models were added, with 1937 models dropped. These values are: 1951, \$450; 1950, \$450; 1949, \$400; 1948, \$350; 1947, \$300; 1946, \$250; 1945, \$200; 1942, \$180; 1941, \$160; 1940, \$140; 1939, \$120; 1938, \$100.

Parmer Is Member Of 96th District

With the re-districting legislation marked for early completion, possibly today, in Austin, Parmer County will no longer be a member of the old 2-county 120th Legislative district, but will be in the newly created and smaller 5-county group known as the 96th District.

Counties included are Parmer, Deaf Smith, Castro, Bailey and Lamb. Deaf Smith county was included via an amendment to the original redistricting bill submitted last week. Deaf Smith county citizens flooded the capitol with telegrams and telephone calls pointing out that the interests of that county were more closely related to the irrigation and diversified farming counties to its south and west than to the range counties in the northwestern Panhandle.

Functions of American Red Cross Are Listed On Eve Of National Fund Raising Campaign, March 1, 1951

The Red Cross drive commences today March 1st.

We are not waging an aggressive campaign for funds in this column. Such just isn't our editorial policy. But any organization of such magnitude and scope of service certainly should be given recognition, with the proper units and drive workers soliciting needed funds.

The Red Cross functions are primarily divided into eleven categories: armed forces, veterans, disaster, flood program, safety, nursing, food and nutrition, Junior Red Cross, college activities, foreign operations, and volunteer services. From this list we readily note that the organization stands foremost in aid at times of distress or at moments of the unexpected. No one knows what tomorrow's headlines will bring, what new and greater emergencies we may all have to face. Most will agree we live in a time of peril with the unexpected becoming the rule rather than the exception. Then the Red Cross has a very definite and necessary place in the scheme of things, doesn't it?

What specific services are offered under the program? The following tabulation is presented for your benefit; so that you and I may be better able to judge the amount we wish to contribute to this worthy service:

The Law & You

By Robt. (Bob) Kirk
DO YOU KNOW that a taxing unit can foreclose on your home for delinquent taxes? --

Many people are under the impression that their home cannot be taken from them for delinquent taxes. This is an erroneous idea. The taxing units have a lien for their taxes, which they can foreclose, and sell the property, even though it may be a homestead.

In cases where the taxing units decide to enforce the collection of their delinquent taxes, they usually contract with some attorney to handle all of their delinquent taxes. He is required to send notices to all persons regarding their delinquent taxes. On those who fail to respond to the notices, suit is filed, judgment secured, and the property sold at public sale to the highest bidder. The owner of the property, has the right to redeem his property for two years after the sale. During the first year after sale he must pay to the purchaser at sheriff's sale a twenty-five per cent (25%) penalty, and if redeemed during the second year a fifty per cent (50%) penalty. After the two year period, the former owner loses all right to his property, and the purchaser at the sheriff's sale becomes vested with the title to said property.

FOR FURTHER INFORMATION IN REGARD TO THIS MATTER, SEE YOUR LOCAL ATTORNEY.

"SMALL BUSINESS"

By C. WILSON HARDER

Congressional leaders privately advise small business leaders, "Tell your people not to be panicked by lurid reports and sell their businesses as many did early in World War II."

Scare headlines by publicity seeking bureaucrats are putting a false front on raw material supplies; many statements are made hoping to stop planned investigations, they say.

This is the C. W. Harder year bureau heads may roll, lopped off by the House and Senate Small Business Committees now gaining power through greater support from increasing organization of independent businessmen.

First target in the battle to end material shortages for both civilian and military supply will be the Marshall Plan. Congressman Fred L. Crawford of Michigan on the floor of Congress has called attention to public bitterness over the diffusion of the American substance.

In a recent speech in St. Louis, Stuart Symington, Chairman of the National Security Resources Board, said since V-J America has given nearly thirty billion dollars to aid foreign nations, equal to 60% of the total national debt at Pearl Harbor. But right now, besides the squandering of American taxpayers' dollars, squandering of so-called critical materials creates genuine alarm.

Examples: Copper is said to be critical, yet in January, 1951, Marshall Plan officials gave \$6,625,000 worth of copper to Germany, Austria, Netherlands. Cotton is said to be short, but

\$20,160,000 worth was given to France in that same month. Tin is said to be short, yet \$2,000,000 worth was given to the Netherlands in January; \$800,000 worth to French North Africa the previous month.

Many Congressmen want to find out why we give away materials said to be short. The annual report of the Senate Small Business Committee headed by Senator John Sparkman of Alabama, just issued, indicates no one has been able to explain why these materials should be short.

The Committee refers to the study by 18 leading economists at Harvard School of Business who find that the present economy can support an army of 6 million men.

So far, the only statements on shortages have been made by bureaucrats, and by monopoly officials busy cutting off supplies to independents.

Besides curbing gifts of supposedly critical materials abroad, fair distribution is needed at home.

This is one reason why the House Small Business Committee headed by Rep. Wright Patman (D.) bitterly criticizes Federal Trade Commission failure to enforce Anti-trust laws.

This committee says the FTC needs more money because it needs better men; a very strong statement.

These are just a few of the points mentioned by Congressmen when they state:

"If small businessmen keep up present active interest in government, just as Big Labor and Big Business have always done, their problems will be far less . . . and the Nation won't lose any wars either."

Mrs. Ralph Smith, C. B. Hanson and J. B. Hanson are on the sick list this week with the mumps.

Mr. and Mrs. C. W. Norwood of Levelland spent the 17-18 of February with Mr. and Mrs. Forrest Osborn.

Mr. and Mrs. Lyle Booker and daughter and Mrs. Jess Booker and sons of Headrick, Okla., visited in the C. L. Bracken home over the weekend.

Tila Rue Day who is in training at North West Texas hospital at Amarillo, Mr. and Mrs. Walter Jasper, Mr. and Mrs. Edgar Reed, Miss Sally Parker, Ted Hatchliff, all of Amarillo and Nrmnan Phillips of Borger had dinner with Mr. and Mrs. E. R. Day Sunday.

THE PUBLIC SCHOOL

.. Democracy In Action

In designating the week of March 4-11 as Public Schools Week in Texas, Governor Allan Shivers has urged all citizens to visit the public schools in order to see the great progress being made in our educational system.

Hundreds of Public Schools Week committees, named in nearly every city and town in Texas, are promoting interest in the program as outlined by the Governor and in a joint resolution adopted by the Texas House and Senate.

Theme of the program is "The Public School—Democracy in Action." Objective is to acquaint all the people with the programs and accomplishments of the public educational system.

"The little red schoolhouse which was the symbol of public education a century ago has expanded into a network of elementary and high schools, junior colleges and senior colleges," the Governor said.

"It has been a great cooperative venture . . . we like to believe . . . that the opportunities afforded our children for a sound basic education are not excelled anywhere. If we are justified in this conclusion it is only because our citizens have shown a personal interest in education and because public-spirited men and women have been willing to devote their lives to the teaching of our youth.

"It is of paramount importance that this civic interest be strengthened and that those in the teaching profession be supported and encouraged in their efforts," Governor Shivers declared.

"I urge every citizen to visit a public school during this period to become personally acquainted with the programs and accomplishments of our educational system," he concluded.

Senior Choir Will Give Concerts At Neighboring Towns

On Thursday, March 8, the Senior choir will present an assembly program at Hereford High school auditorium. More than likely the concert will be broadcast over station KPAN of Hereford.

The program to be presented will be very similar to the one to be given on the tour that the choir plans to take. The girls will wear their new robes and the public is invited.

Other concerts will later be given at Vega and Clovis before the tour ends.

TOTEM POLL

Question: Do you think that physical education should be a required course in high school?
Dale Stowers—I think it should be left up to the individual.

David Patterson—I certainly think so in order to teach sports, for recreation.

Donna Miller—I think everybody, including girls need some exercise. Calisthenics also should be a must.

Joyce Gibson—No, because it's too hard on you.

Mr. Cunningham—Yes, for the development of the physical body.

Ray Messenger—No, because so many are handicapped and cannot.

Ernest Kuykendall—Yes to a certain extent, because it'll give everybody some exercise and we all need it.

June White—I think only those who want to should take physical education.

Clyde Hays—Some recreation would do everybody a great deal of good after sitting in school all day.

Helen Nita Carr—I definitely think so because I think everyone in high school would be better off physically, mentally and spiritually if they took physical education. I wouldn't take for my four years of it.

The Biology Department

By Keith Brock

In our fair school we have one department which ranks as one of the best in our school. It is the Biology department.

At the head of it stands Mrs. Caffey, an able teacher. No student who has sat in one of her classes can say he failed to learn at least one thing and usually it is a large variety of subjects.

In biology you must complete two term projects. For the first semester it was a collection of insects. For the second semester the students are balancing aquariums. There are nine aquariums containing a total of approximately 47 fishes of all varieties including Swordtails, Mollies, Guppies, Wags, Goldfish, South American Catfish (scavenger), Slamese fighters, and angel fish. There are also snails, 1 turtle, and 1 frog. With these poor helpless little fishes and frogs in FHS the Biology department almost had to hire a game warden to prevent some of the faculty from enjoying fried fish and frog-legs.

In this department the students get a complete briefing for many courses which they will take later on in college.

The Biology department has made several field trips to several points of interest around Friona. Among these was the Parmer County Community hospital. Here the doctors showed the students through and explained the use of different rooms and units.

Each student must give at least ten oral reports to the class and have numerous plates, drawings, and written reports at the end of the year. They plan to have an outside visitor in and explain the use of various fishing equipment — (any volunteers?)

There are two sections which meet each day. The first section meets at the fourth period and the second section meets at the seventh period. Mrs. Caffey states that these two periods are the hardest periods to teach because the students are either waiting for lunch or wanting to go home. However, we think she does splendidly keeping the Friona High school biology lab as one of the great units in our school.

Grade School News

First Grade

Mrs. Bengers' first grade pupils are about all back in school after sieges of mumps. Karen O'Brian and Tommy Sheek returned this week and Mikie Welch is out with them.

Rose Landrum has moved to Colorado. We are sorry to lose her from our room.

Last Thursday was Richard White's birthday. His mother brought his birthday cake and pops and served the entire class Thursday afternoon.

Second Grade

Miss Hanson's Room

On Tuesday of last week Gayle Gragon entered our class. She comes from Canyon. We are glad to have her.

Spring is on its way, several children have brought seed from trees. Ruth brought some pussy willow seeds, mud is also a sign of spring and we have that also this morning.

Third Grade

The third grade room had one hundred per cent attendance Monday morning after the mumps epidemic.

Our boys and girls have organized playground ball teams. Ronnie Crisum is boy's captain and Erma Drake is the girls' captain.

Miss Phillip's Room

The third grade has written letters to a one room school in Brooks, Montana.

Two new students have enrolled in our grade. They are Grant Gregson from Canyon and Joe Ward from Bovina.

Fifth Grade

Last week our program was about George Washington. We answered roll call by saying something about him. Eva Nell gave a talk about Washington's youth. Patricia gave a talk about the Revolutionary War. Jimmy Mabry about Washington as president, Jerry London, Weldon, Darrell, James, Delores, Betty Lou and Melba gave a choral reading "Washington."

The class is proud of its spelling record this month. In the class of 39 students, 11 made 100 on the term test, with a class average of around 93. Those making 100 were Betty Agee, Judy Barnett, Phila Buske, Jimmy, Edith, Linda, Betty Lou, Alen, Luellen and George.

Sixth Grade

J. L. Collier and Clyde Rule have moved to Colorado.

Seventh Grade

March 1, 2, 3, the junior girls will play in a basketball tournament in Bovina. They will play Texico Thursday and the rest of the schedule is not known.

The junior boys and girls won basketball victories over Lazbuddie last Thursday night. Delmar Renner entertained with a birthday party last Friday afternoon. He was 13.

Love bug couples in the seventh grade still get along nicely. Phyllis Fairchild seems pretty down hearted after Jackie Rule left. Roberta and Danny are still seen together.

Parents Invited To Visit Schools, Special Programs

From the 4th through the 12th of March, Gov. Shivers, governor of Texas, has declared "Public School Week."

An assembly program will be given on Wednesday, March 7, at 11 o'clock at the high school gym. The Senior choir will present the program. The public is cordially invited to attend.

Also, on any day of the week, parents of the children and the public are invited to attend any of the classes in school and to eat at the school cafeteria.

FHS

POW-WOW PATTEN BOX

Doyce and Mary Joyce are still going strong — Friday night, Saturday night and Sunday.

Darrell and Margie sure are getting on the ball. They were seen together Saturday night and Sunday.

D. O. and Romona still find each other quite interesting. The mud wasn't too deep for Walter to find his way out to Joyce nn's Sunday night, so it seems.

Among the daters for the Baptist Chuck Wagon supper were Keith and Vera Ann, Dale and Ruby, Walter and Joyce Ann, Rose and Jack, Gaylord and Helen Nita.

Dub and Sue, Eugene and Fatsy were all seen in Hereford Saturday night. Did 'ja have fun?

Saturday's shopping added color to our halls and campus on Monday, in the form of shirts for Junior, Max W, and Jay as well as blouses for Joyce Ann and Helen Nita.

Speaking of good looking clothes we've seen some beautiful shirts recently worn by M. C. Osborn, Gaylord Maurer, Mr. Tyre, Ross Miller, David Patterson and Wayne Cribb.

Betty Ashcraft and Jerry Chisum are getting around these days it appears.

Ben and Gay Ann, Ralph and Laura Nell, Dorothy and Marvin are still "going places" too, we've heard.

David P. seems to have developed a great interest in the library window the last period. Any reason, Leatrice?

Frank and Helen Nita make a good team—getting out of the mud.

Dale Stowers has a new family—fish, that is.

Have you noticed Max Cruse's talking eyes, Vera Ann's contagious smile, and Jane Phipp's beautiful complexion?

BLACK CLUB MEETS

"Styles, Fashions and Accessories" was the topic discussed by Mrs. Maxine Price at the Thursday meeting of the Black Study club. The group met at the Black clubhouse with Mrs. Price as hostess. Ten members were present.

Supper and Program Honored Seniors and Faculty Friday Evening

A regular Chuck Wagon supper with all the trimmings was held last Friday evening by the Baptist W. M. U. in honor of the Seniors of '51 and '52, and high school faculty. The supper was held in the Baptist educational building, which was cleverly bedecked in a typical western fashion.

The menu consisted of barbeque, beans, pickles, onions, peppers, carrot sticks, corn bread, coffee or cokes, and fried pies.

Toastmaster Roy Miller introduced members of the program, a quartet composed of Charles Allen, Raymond Euler, J. Sanders and Claude Miller, who accompanied with his guitar; several musical selections by Joyce Miller and Claude Miller; and the guest speaker, Rev. Russell Pogue of Kress.

The Juniors and Seniors expressed their thanks for such an enjoyable banquet.

Senior of the Week

Ruy Mae Shaffer is our selection as an athletic young lady. She was born on October 18, 1932, here in Friona. Ruby has attended school here all her life. At present she is president of the band, captain of the girls' basketball squad, and she also participates in tennis, volleyball and is a member of the Annual staff and the Arrow staff. Her favorite subject is science, her favorite sport is basketball. She likes chocolate cake, and really swoons when "3rd Man Theme" is playing. At the present she is engaged in playing the part of a sick daughter in the Senior play to be presented this week. Ruby's pet peeve is someone telling her to hurry. After graduating she plans to enter college either at Vanderbilt or Texas Tech.

Jimmy Gore is one Senior who never seems to get enough sleep. However, he is quite as likeable a guy as you will find around FHS. He was born in Friona on August 15, 1933. He entered school here in Friona but he soon moved to east Texas, and lived there for six years. He has returned now and likes almost anything to eat, but his preference is fried chicken and strawberry ice cream. His hobby is photography. He was on the winning Farm Demonstration team which won State in FFA last year. He also plays tennis and is on the Chieftain staff. His favorite subject is Agriculture. He chooses bowling as his pastime with "So Long" as his theme song. His pet peeve is reckless drivers. After Jimmy graduates he plans to be a dairy herdsman.

Rhea News

Mr. and Mrs. Ewald Vogler and boys of Hereford visited in the C. G. Drager home Saturday.

The J. D. Stevens family visited with the Albert Dragers Friday evening.

Walter Schueler, son of Mr. and Mrs. Herman Schueler, was united in marriage Sunday afternoon with Martha Woolver of Clovis. The pair left immediately after the reception for a short trip, planning to return here Tuesday night. They will move into their newly constructed home upon their return.

Attending Walter Schuelers wedding Sunday from Rhea were Mr. and Mrs. Herman Schueler and family, Mr. and Mrs. Robert Schueler and family, Mr. and Mrs. Robert Schueler and family, Mr. and Mrs. L. H. Hoffmann and family, the Carl Schlenker family, Herman Herzog, Mr. and Mrs. F. T. Schlenker, Mr. and Mrs. Raymond Schueler, Mr. and Mrs. Gilbert Schueler and Melvin Sachs.

Mrs. Clara Bielerich of Colorado, a sister of Herman and Robert Schueler, is here visiting them. She arrived Saturday and plans to remain with them for a month.

Misfortune struck at the Henry Drager farm early Saturday morning in the form of fire, caused by sparks issuing from a grinder while grinding feed the day before. The fire was not detected until around five Saturday morning when a neighbor saw the smoldering ruins. Both the barn and chicken house were completely destroyed.

Mr. and Mrs. F. T. Schlenker and Florence Dean attended a ball game at Portales Friday night.

Milford, in Ellis County, was so named because a mill was located on a creek bank near a ford in the stream.

BOVINA

Mrs. Loyd Battey spent this week with her son and daughter-in-law at Brownfield.

Mr. and Mrs. Marion Carson left the past week to visit in various parts of Texas.

J. A. Richards has returned to Bovina after visiting his children at Abilene and Wichita Falls.

Mrs. Buck Ellison and Howard Ellison and son Mickey Don, came home for a few days from Oklahoma City. They report that June is doing fine, she is still in the Wesley hospital.

Larry Frank Truitt spent most of last week in the hospital in Friona.

Katherine Jefferson was in a Friona hospital several days the past week.

Janeane Ellison and Mrs. Byron Turner left Tuesday morning for San Diego, Calif., where they will spend several days visiting relatives and friends.

Mr. and Mrs. Aubrey Ellison and Sue, Miss Benny Purnell and Delores Wilson and Mrs. Emmett Tabor left for California Thursday morning where they will visit Fred Hoffer, son of Mrs. Aubrey Ellison, and Don Tabor, who are stationed there.

Thursday Mrs. E. Derrick, Clara, Billy Derrick, and Mrs. Doris Wilson went to a recital held in the Junior High school in Clovis, given by Ellen Wells. Billy was her guest artist for the evening. He sang a special, accompanied by Doris Wilson.

On Sturday, Mrs. Oscar Bruce, Mrs. Derrick, Jimmy Ware, Mark Charles and Doris Wilson went to Amarillo to attend an M. Y. F. banquet held in the San Jacinto Methodist church. The speakers of the evening were students from McMurry college at Abilene. The first was a native of Estonia. Others included a native of Mexico City, a Korean and a Japanese.

Mr. and Mrs. Graham Thornton are the proud parents of a baby boy born in the Memorial hospital in Clovis, February 20. Mrs. Thornton is the daughter of Mr. and Mrs. N. E. Bonds of Bovina.

Mr. and Mrs. Elmer Lowrie and children went to California this week to visit their son, Kenneth, who is stationed there. Betty and Dana and Gary Turner, Mrs. Lawrence Rhodes and Randy were supper guests in the home of Mr. and Mrs. A. C. White on Friday evening.

McCuans Honored

On Thursday evening the Dorcas class of the Baptist church honored Mr. and Mrs. W. E. McCuan with a farewell party in the home of Mr. and Mrs. Bill Moore. The honorees were presented with a lovely gift from the class, after an inspirational talk by the class teacher, Mrs. T. W. Fuller.

Individual cherry pies, in the shape of a hatchet, and coffee were served following an evening spent in playing 42.

Present were Mr. and Mrs. H. L. Tidenberg, Mr. and Mrs. J. H. Owens, Rev. and Mrs. Durham and daughter, Mr. and Mrs. Bill Bradshaw, Mr. and Mrs. Bill Kyle, Mr. and Mrs. Reagan Looney, Mr. and Mrs. A. E. Steelman, Mr. and Mrs. T. W. Fuller, the honorees, Mr. and Mrs.

W. E. McCuan, and the host and hostess, Mr. and Mrs. Bill Moore.

The McCuans will move to Lubbock this week, where he will engage in the real estate business. Mr. and Mrs. J. W. Gooch have purchased the McCuan home and will move into it soon.

Surprise Pounding

Rev. and Mrs. Durham, the Baptist preacher and wife who recently moved to Bovina, were surprised on Wednesday night when 77 friends gathered after Bible study in the fellowship hall of the church to welcome them to Bovina. A great number of gifts were presented to them. Refreshments of pie, cocoa and coffee were served.

Mrs. William Thornton entertained the Bovina Woman's Study club Thursday, Feb. 22, with Mrs. H. A. Poindexter serving as co-hostess. Mrs. Billie Sudderth, president, presided at the business meeting.

The program was under the direction of Mrs. Tom Caldwell and Mrs. R. E. Wilson. The film South America, was shown to the group.

Even a bunny sits up and takes notice of a pair of pretty legs especially when they're wearing famous Berkshire 51s the stockings so good in every way they're signed with the label that won't wash off!

Those attending were Mrs. Dixie Barnes, Mr. and Mrs. Wesley Barnes and family, Mr. and Mrs. Jimmy Seaton and children, Mr. and Mrs. Junior Barnes and son of Clovis, Mr. and Mrs. Joe Scott Menefee and family of Friona, Mr. and Mrs. Lawson Edwards of Bovina, and Mr. and Mrs. Claude Welch and family of Amarillo.

Leslie Barnes purchased a Studebaker in Amarillo Saturday.

Mrs. W. E. Payne was taken to a hospital in Friona Thursday.

Pink - Blue Shower

A pink and blue shower was held Wednesday afternoon in the home of Mrs. Melvin Treider honoring Mrs. Bobbie Broyles. Joint hostesses were Mrs. Frank Hawkins and Mrs. Treider.

Those attending were Mesdames Ralph Broyles, N. J. Goodnough, Jim Grizzell, Jack Smith, Charlie Gustin, Ernest Merriott, Alfred Steinbock, Eulan Parhams, Clyde Knight, Ben Foster, Ed Steinbock, W. S. Menefee, Alex Steinbock, Demp Foster, Rhiney Steinbock, Virgil Teague, Kenneth Precure, Al Ewing Jennings, Ralph Paul Joe Frank Paul, Judd Clark, Jimmy Ivy, Silas Dixon, Henry Ivy and Edgar Broyles. Miss Wanda Mae Steinbock, Paty Gonser, Sharon Parhan and Anita Broyles, and Jimmy and Johnny Broyles, Timmy Foster and Terry Parhams.

Those sending gifts were Mrs. N. M. McCurdy, Riley Goodnough, Jimmy Seaton, Alton Morris, Herman White, J. W. Hunt, T. W. Bewley, Walter Steinbock, Finis Jennings, Hubert Elliott, O. R. Mahan, Clayton Greafe, La Vonne McKillip, and Alma Steinbock.

After opening and viewing of the gifts refreshments consisting of cake, mints, nuts, sandwiches and hot cocoa was served by the hostesses.

Mrs. D. B. Ivy entertained Monday afternoon with a birthday fourth grade class at school day party for her son Duward Ivy. They were served cake, nuts and oaks. She was assisted by Mrs. Leland Ivy and Mrs. Clayton Greafe.

School News

Monday night, March 5, is the regular PTA night and the meeting will be held in the school auditorium beginning at 7:30. Mrs. Finis Jennings had charge of the program "Cultivating in Children a Taste for the Good." It is also the beginning of school visitation week and Mr. Sims would like for parents to come out and visit the school any time it is convenient for them during this week. He stated that they could eat in the lunch room for the same price as the high school which is 25c a meal. We would like to see a good attendance at the PTA meeting and do want to encourage everyone to visit school during March 5-9.

Clements-Davis Vows Read at Goldthwaite

Miss Kathleen Clements and Bob Davis were married at 10 o'clock a. m., Saturday, February 10, in the home of the bride's father, W. D. Clements of Goldthwaite.

The double-ring ceremony was read by Rev. Ed H. Lovelace, pastor of the First Methodist church of Goldthwaite. Miss Dolores Irvine of Tarleton State College played the wedding music.

The bridegroom is the son of Mr. and Mrs. Buster Davis of Friona. Miss Betty Clements of Denton was maid of honor, and Tim Magness of Friona was best man.

The bride, given in marriage by her father, wore a white marisette gown trimmed with Normandy lace. The fingertip veil fell from a lace Juliet cap. She carried a nosegay of white hyacinths and carnations.

Out-of-town guests were Mrs. Fred Faulkner, Fort Worth; Mr. and Mrs. W. A. Senter, Friona; Mrs. Louise Jorday, Lamessa; Miss Dorothy Guinn, Friona; Miss Virginia Knight, Brownwood; and Miss Sybil Reid, Brownwood.

After a wedding trip to New Mexico, the couple will make their home in Friona.

Women's Club Hears History of Group, Play Is Presented

A very unique play, "The Club Clinic" was presented yesterday at the meeting of the Friona Women's club. The cast was composed of Mrs. George Meyer, Mrs. Laverne Lillard, Mrs. Wesley Hardesty, Mrs. V. R. Jordan, Mrs. Frank Reed, Mrs. J. D. Sanders, Mrs. J. C. Wilkerson and Mrs. S. L. McLellan.

Mrs. Pearl Kinsley gave the history of the club from its origin in 1909 to the present. Mrs. Kinsley is the only living charter member. Pictures of club members and of general Friona scenes of the early days were displayed.

Miss Gay McFarland and Miss Joyce Miller rendered two piano duets.

Mrs. Wesley Hardesty, president, had charge of the meeting. The club voted to donate \$5.00 to the "Heart Fund." Mrs. W. B. Stark was voted in as a new member.

A salad course was served to the 25 members and one guest, Mrs. Lloyd Hume of Payne's Creek, Calif., by the hostesses, Mrs. J. L. Shaffer and Mrs. J. C. Wilkerson.

PTA SCHOOL

A school of instruction for PTA members was held at the Bovina school Saturday with instructors being the district officers: Mrs. Orville K. Smith, district president from Childress; Mrs. Elmer Patterson, district vice president from Hereford, and Mrs. Henry, district publicity officer from Nazareth, participated.

Schools represented in the all-day session included Hereford, Friona, Farwell, Bovina, Nazareth and Hart. Approximately 50 members attended.

Lunch was served in the cafeteria by members of the PTA.

Personals

FARM NEWS

Joe S. Menefee, 3 miles west of Friona, has brought another place of his under a coordinated conservation plan. Menefee has been a district cooperater and has had a plan on his home place for several months.

District Supervisors' Meeting
Parmer County Soil Conservation District Supervisors met February 19. The meeting was called for 2 p. m. and was held in the work unit office, Friona. Supervisors present were: H. L. Ivy, vice chairman; A. L. Black, secretary; Henry Reynolds and Clyde Sherrieb, members.

Others present: Joe Jones, county agent; Roy Euler, farmer; A. J. Lumm, district conservationist.

Mr. Jones reported that at the special election of supervisors in subdivision No. 2, Clyde Sherrieb was elected supervisor. The board reorganized with the following officers:

- Clyde Sherrieb, chairman.
- H. L. Ivy, vice chairman.
- A. L. Black, secretary.

Joe Jones reported on the "Irrigation Day" held in Farwell on February 15 at which Mr. Black gave an interesting discussion on the operations of the Soil Conservation district. Mr. Jones and Mr. Black, with the assistance of other members of the board, outlined to Mr. Sherrieb, the newly elected member, the duties, responsibilities and functions of the board supervisors.

Mr. Euler, a district cooperater in the Black community, presented to the Board a need for small earth moving equipment which could be pulled by farm tractors. Following a thorough discussion of this item, the board voted to purchase one small carryall type earth moving machine on a trial basis.

Five new applications for district assistance were approved.

Each year the Fort Worth Press sponsors a contest and gives to the best conservation farmer of each district a plaque or award. Parmer SCD will be included this year. Plans are being made as to how the best conservation farmer in the Parmer Soil Conservation district will be judged. We would like to quote here Louis P. Merrill's expression of what a true conservation farmer is:

A Conservation Farmer or Rancher is One Who:

1. SEES the land
 - a. Different kinds
 - b. Condition
 - c. Which of Nature's laws have been violated
 - d. Treatment needs
 - e. Proper use.
2. UNDERSTANDS what he sees
 - a. The land is the Lord's and the fullness thereof
 - b. Second only to the heavens in the order of creation.
 - c. The source of food, clothing and shelter
 - d. God's greatest material gift to man
 - e. With the right to own goes the duty to conserve.
3. WORKS with understanding.
 - a. Uses the land for what it is best suited
 - b. Treats it according to its needs.
 - c. Improves its productivity.
 - d. Cooperates with nature and obeys her laws.
 - e. Learns to love the land
 - f. Always leaves it better than he found it
- ENJOYS his work
 - a. Conservation farming or ranching is his badge of good citizenship.
 - b. Has pride in his trusteeship of the land.
 - c. Shares his Vision, his Understanding, his Work, and his Pleasure with others.
 - d. Enjoys the fruit of his labor in the knowledge that "He who tends the soil with care and diligence shall reap a greater stock of religious merit than he could by the repetition of ten thousand prayers."

Feature Film Will Be Shown at Church Family Night Here

The "Eleventh Hour," a sound movie will be given its Texas premiere Sunday evening March 4 at the Family Night services of the Congregational church in Friona. The picture is a brand new Hollywood made picture. The story was written by Alan S. Shilin, and produced under the direction of Alex Ferguson.

Family night will open with the usual luncheon, that is for Sunday evenings, namely: sandwiches, jello, cake and coffee. The church extends its usual invitation to all church families, member and friend. The hour of the luncheon is set for 7 p. m. "InP astures Green" or "They Shall Be Filled" is to be the pastor's sermon subject for the morning worship of the 4th. The hour is 11 a. m. There is to be special music.

The reader for the morning of the 4th is to be Fern Sanders; the altar attendants, Phyllis Trieder, Gladys Dean and Dudley Bainum and the official greeters and ushers, John Fred White and "Chilly" Sanders.

Historical Essay Contest Announced

Plans for the annual Panhandle-Plains Historical Essay contest, sponsored by the Panhandle-Plains Historical Society of Canyon, have been announced. Deadline for all essay material has been set for midnight, April 20 with a first prize of \$100 and a second award of \$50. Dr. L. F. Seffy, W. Texas State history professor and Society secretary, made the announcement. The contest is held each year for the purpose of stimulating greater interest in collecting, research and writing of the history of the Southwestern Plains. The contest is open to everyone, but it has been announced that slight preference will be given to amateurs.

Papers may be written upon any historical subject dealing

with any phase of West Texas and the Southwest. Reminiscences, diaries, biographies, letters, town and county histories, or the history of institutional development of any kind will be acceptable. Emphasis will be placed on human interest and general historical value. All research papers should be documented with bibliography attached.

Papers should be written on one side only, double-spaced, and on 8 1/2x11 paper. Entries should be addressed to the Panhandle-Plains Historical Society.

ATTEND CHURCH SUNDAY

SUNDAY SLEEPER

There is little justification for the habitual Sunday morning sleeper. Man's creation was such that it is necessary for him to gain his strength and courage for the battles of life from the influence of the church and the teachings of Jesus.

Jesus said that "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

A comfortable bed on Sunday morning with radio, cigars and a newspaper, wonderful as they are, cannot tone up and sweeten a life like an hour of worship in the church of your choice. You need something luxuries cannot give.

There is a certain reassurance that comes from the toll of the church bell and singing of the choir. Be a worshiper in the pew every Sunday. You need the church. The church needs you. You'll find her doors ajar.

YOU IN THE CHURCH THE CHURCH IN YOU

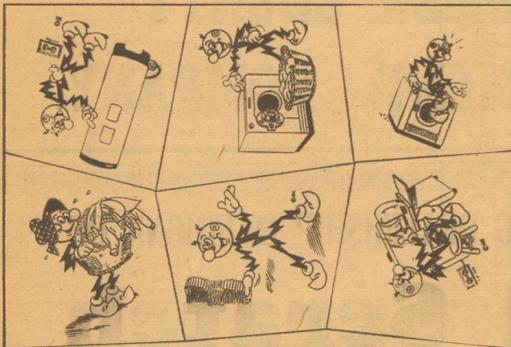

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we, with our children, should go to the church of our choice on Sunday. You in the Church and the Church in you—form a combination for good.

Girl Scout News

Girls of Scout Troop No. 2 met Monday afternoon in the Methodist church for their meeting. They started on the badge "My Troop." The program this time was to know the names and something about the founders of the Girl Scouts and Girl Guiding in Great Britain and the United States.

Carolyn Stowers was hostess this time and members present were Dixie Carothers, Phyllis Treider, Patsy Anthony, Doris Jane McFarland and Kathryn Dunn and scout leaders were Mrs. O'Brian and Mrs. Wilson.

BIRTHDAY

W. F. Cogdill was surprised Saturday evening on the occasion of his birthday. Present were Mr. and Mrs. Carl Fairchild, Phyllis and Weldon, Mr. and Mrs. Arnold Gilliam, Mr. and Mrs. Leonard Haws and Walter, and Mr. and Mrs. Spencer Hough, Charles David, and Patsy.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends and neighbors for their kindness and sympathy during the illness and death of our dear wife, mother and grandmother, Mrs. L. J. McKenzie.

We were very thankful for the many beautiful floral offerings, as they were one of her treasured joys in life. Thanks to all that brought such nice food. We are especially grateful to Dr. Spring and the hospital staff; look anywhere you may, and you won't find better, but even their untiring efforts were in vain because God needed our mother in heaven.

May she look down and give each of you God's blessings.

With our thanks,

L. J. McKenzie, Sr. and children

Parr Cites Need For Fast Action On Graham Bill

Bruce Parr, president of the Farmer County Farm Bureau today called on members of the local organization to contact Representative Harold LaFont in Austin and register their views on action of the state legislature in referring the Graham Bill, H.B. 226, from the committee on Highways and Roads to the State Affairs committee.

Last week, Parr said, Farm Bureau representatives and county judges and commissioners from all over Texas appeared in Austin before the Committee on Highways and Roads in opposition to the Graham Bill, which would take thousands of dollars out of the counties, heretofore used for rural road building purposes. The bill was killed in Committee by a vote of 15 to 3, Bruce said. Unknown to the opponents of the bill, a member of the legislature appeared before the Committee in opposition to H. B. 226 and attacked Mr. Graham's integrity and made caustic remarks against his character.

In retaliation for the attack by one member of the House against another, the House as a whole the following morning suspended all rules and reported Graham's bill out of the Highways and Roads committee to the State Affairs committee of which Mr. Graham is chairman. This means that another hearing will be necessary Bruce said, unless the House recommits the bill back to the Highways and Roads committee, which may be done by a simple majority vote.

The Graham Bill was considered on its merits and reported out of the Highways and Roads committee unfavorably, Bruce declared. Now in retaliation against one member of the House for attacking another, the House takes action which could not in any way be considered as punishment to the guilty party, but would result only in penalizing all of the people in Texas who are interested in a rural road program. The Bill as reported by the committee should not be altered because of personal remarks as between members of the legislature, Parr charged, and is requesting that all members of the Parmer County Farm Bureau contact their representative requesting that he use his vote and influence to have H.B. 226 referred back to the Committee on Highways and Roads.

Mrs. Roy V. Miller, Mrs. Ralph Taylor, Mrs. Leonard Haws, Mrs. Claude Osborn and Mrs. Dalton Caffey attended the district school of instruction at Bovina Saturday.

1 pkg. chopped dates
2 cups sugar
2 eggs
3 tablespoons shortening or margarine.
1 teaspoon vanilla.
2 teaspoon soda
2 cups flour
1 cup nuts
Sprinkle soda over dates and pour boiling water over them. Set aside to cool, mix other ingredients, add date mixture and beat about 3 or 4 minutes. Bake in a loaf about 2 hours or if in a layer about 1 hour in a 300 or 350 degree oven.

CARAMEL ICING (Used on Date Cake)

Mrs. E. R. Day

Brown 2 tablespoon sugar, add 6 tablespoon butter and 1-13 cup cream and let melt caramel sugar. Add 3 cups of powdered sugar and spread.

The exclamation point is gradually going out of use. People aren't surprised at anything any more.

When there are teen-agers in the house the living room is a misnomer. It should be called the loving room.

PARMER COUNTY IMPLEMENT COMPANY

ANNOUNCING DEALERSHIP IN FRIONA OF Old Scratch

Now enters "OLD SCRATCH," the new automatic Livestock Oiler that automatically applies the waste oil solution right where it is needed, on any size animal, and on all places on the body. OLD SCRATCH does not just doctor the back. OLD SCRATCH puts the insecticide and oil where the itch and irritation is, whether it be on the back, belly, crotch or tail root. When OLD SCRATCH is conveniently placed at the watering hole, the cows will take care of themselves, because they know where they itch.
