

BOND ELECTION LOOMS FOR HIGH SCHOOL RE-BUILDING

COLUMN LEFT

Your local merchant always is the best source of supply. This fact was again brought home to us this week upon the re-appearance of a peddler who frequently sets up his chair and box along the streets of Friona and neighboring towns. Because of a physical defect, he has managed to appeal to a large number of passers-by, selling them razor blades, pencils, etc. But he took advantage of the situation, as do many of the sidewalk vendors, peddlers, and shysters. Sorry specimen that this grown man proved to be, he stopped young men, boys and children, and propositioned them to buy obscene literature, them to buy obscene literature, blades. Thanks to our mayor and city manager, he immediately was sent on his way.

We have a hunch S. T. (Pappy) Thornton will do alright with the Friona Cafe which he has re-opened today. Anyway, this following conversation was said to take place during his breakfast run this morning:

Bert Shackelford: "Are these eggs fresh?"

Pappy: "Fresh? Why they they wouldn't have been laid until tomorrow if I hadn't torn a page to many off the calendar by mistake."

A good editor is one who has never made a mistake; who has never offended anyone; who is always right; who can ride two horses at the same time he is straddling the fence with two ears to the ground; who always says the right thing at the right time; who always picks the right horse as well as the right politician to win, who never has to apologize; who has no enemies and who has worlds of prestige with all classes, creeds and races. There has never been a good editor.

Methodist Bible School to Begin Saturday, June 9

Registration for the Vacation Bible school at the First Methodist Church will be held Saturday afternoon from 2 until 4 o'clock at the church. Classes will begin at Sunday school on Sunday morning, and will be held from Monday through Saturday during the hours of 9 until 11 o'clock. Age groups will be from 3 to 12 years. A short assembly session will be held each morning and songs will be sung before going to classes. There will be a refreshment period followed by hand work in each department before adjournment.

The theme for the week in the Junior Department will be "The Story and Work of the Methodist Church." Teachers will be Mesdames Frank Spring, Bill Stewart, Roy Wilson, and Miss Ray-Nell Foster. Vera Ann Jones and Mrs. Connie Tidwell will be in charge of the music for this group.

"We Go To Church" is the subject for the Primary Department. Teachers for this group will be Mesdames George McLean, Merle Massey, Gordon Hough, Forrest Osborn. Leader will be Mrs. Guy Latta. In charge of the music will be Mrs. Emmett Day, Jr., and Mrs. Hadley Reeve.

Mrs. A. W. Anthony, Jr., will be in charge of the Beginners Department, and the teachers will be Mesdames Lewis Smith, Arthur Hilton and LaNora Fallwell. Mrs. Jean Anthony and Mrs. Horace Kendrick will be in charge of music.

The Nursery Department will

Friona Collision Fatal to Portales C of C Executive

Highway 60 claimed another traffic fatality Sunday when Wesley George (Pat) Terrill died at 5:05 o'clock p.m. as a result of a collision on the outskirts of Friona early Sunday morning. Terrill, executive secretary of the Portales, New Mexico, Chamber of Commerce, was travelling westward, according to investigating officers, about 4 o'clock Sunday morning when he plowed into the rear of a tractor-trailer truck loaded with lumber. The truck, said to belong to Taylor & Sons of Canyon, had stalled on the pavement, the officers stated, adjacent to the J. Q. Mars alfalfa patch on the east highway entrance to Friona. Andrew Jackson Kuykendall, driver of the truck, had gone down the highway eastward in attempt to flag the oncoming car, he said. First motorist to reach the wreck was W. P. Lewis of Albuquerque who reported the collision.

Terrill, suffering brain concussion and excessive internal chest injuries, was treated throughout the day at the Parmer County Community Hospital here, receiving blood plasma; he never regained consciousness.

KUYKENDALL IS CHARGED

Charges of 2nd degree negligent homicide were filed against A. J. Kuykendall in Parmer County Court Monday morning as a result of the Sunday collision. Kuykendall posted \$1,000 cash bond and has been released until appearance in court June 14th. No indication has been made by the defendant whether or not trial by jury will be asked, Judge Smith said.

Terrill was the only occupant of the 1948 4-door Chrysler; and two men were said to have been riding in the truck, though neither was in the cab at the time the car plowed into the rear end.

Funeral services for Terrill, 28 years old, were conducted Tuesday in the Central Church of Christ in Portales, Rev. Wayne Parrish in charge. Burial was to be today in Stillwater, Oklahoma.

Survivors included the widow, a little girl, Susan Elizabeth, months old, his parents, two sisters, and two brothers. He had assumed the executive secretary position in the Roosevelt County Chamber of Commerce on January 18th of this year.

HOSPITAL NOTES

Admitted
Mrs. A. P. Loftin, med., Bellview, N. M.
Mrs. W. H. Long, med., Friona
Mrs. N. C. White, Jr., med., Friona.
Mrs. Joe Comacho, Friona
Mrs. Robert Leach, Jr., Friona
Mr. Tom Foster, med., Farwell
Mrs. Dessie Weems
Dismissed
LaVoyce Burrow
Bill Hartwell
Sandra Patterson
Mr. A. L. Talley

WCSO MEETS TUESDAY

The WCSO of the First Methodist church will meet next Tuesday at 3 o'clock at the church.

do handwork and have Bible stories and songs. Mrs. C. L. Vestal will be their leader, and the teachers will be Mrs. Wesley Long, Mrs. Bob Jones and Miss Ruby Shaffer.

Insurance Paying \$80,000 on Fire Loss

Farmers of County Keep Wary Weather Eye as Freak Rains-Hail Dot Area

Prospects for showers still are in the offing for Parmer County and the plains area after Tuesday evening showers and rains deluged much of the county.

Heaviest rain and hail damage was reported in the West-camp community in the southwest part of the county. The hail-rain combination destroyed practically all of the remaining wheat crop there, and washed out the cotton and row crops in the streaks where it hit. Several farmers reported from 4 to 6 inches of rain during the evening in addition to the fall of hail reaching proportions of baseballs.

Friona received only 34 inches moisture with minor damage in the vicinity; the Running Water draw west of Bovina rose to unusual height, however, and covered the highway for some hours. One bus, en route from Clovis to Amarillo, reported a window broken by the hard-hitting hail. Both Bovina and Farwell reported under two inches rainfall.

Bovina - Farwell telephone communications were disrupted during the downpour when lightning evidently struck the line in the vicinity of the draw. At noon yesterday the trouble still had not been found. Southwest Public Service officials at Farwell reported only minor damage to their lines, with three installations hit by the lightning.

No tornadoes have been reported in the county, although they have dotted the plains during the month, striking most recently at White Deer early Wednesday morning.

Farmers are getting into their fields just as soon as they dry out to plant the land yet unplanted, and to re-seed the cotton in most instances where it has been washed out. W. H. Long, southwest of Hub, states that he replanted over half of his more than 400 acres of cotton.

Several farmers this week have forecast better wheat yields than feared during the recent drought months, expressing belief that the remaining acreage will surprise most observers.

AG TEACHERS TO MEET

The District Vocational Agricultural Teachers meeting will be held in Friona Thursday afternoon at the Agricultural building.

Friona FFA Boys and Fathers Turn Out for Barbeque and Program

About 90 F.F.A. boys and their fathers were guests at a barbeque last Thursday night in the F.F.A. barn, courtesy the Parmer County Implement Company.

Jim Yearly, Amarillo, district manager of the International Harvester was the guest speaker. His subject was "Freedom." Mr. Yearly said that he had been in five foreign countries during World War II and that he wouldn't trade America's freedom for all the freedom of those five countries.

Two educational films were shown by Lester Dunn, public relations man for International Harvester. One of the films was about truck drivers, emphasizing their responsibility and their importance to the country.

Mr. McFarland has announced plans to make the feed and program an annual affair for the FFA boys and their fathers.

S. T. Thornton Opens Friona Cafe on Main

The Friona Cafe re-opened today under new ownership and management. S. T. Thornton has purchased the downtown cafe, and it will be operated by "Mac" McEwen.

Announcement is carried elsewhere in this issue regarding the opening and telling of free coffee to be served all day Saturday.

Children's Day Will Be Observed Sunday By Congregationalists

Music is to feature the observance of Children's Day at the Congregational Church, Sunday June 10th, at both the Sunday School session at 10:00 a.m., and the morning worship hour at 11 a.m., according to announcement of the Superintendent of the Sunday School, Otho Whitefield, and the pastor, of the church. There is to be both instrumental and vocal selections as well as the primary and adult choir numbers. The message of the pastor for the morning worship hour is to be child centered.

Instructors Named, Baptist Vacation Bible School Here

Vacation Bible School plans by the First Baptist Church have been completed, and registration will be held at 2:30 o'clock Friday afternoon at the church, followed by a parade at 3:30.

Bible classes will begin Monday at 2:30 p.m. and will continue through Friday.

Mrs. Wilma Crow has been named principal of the school. Teachers of the Intermediate Department will include Mesdames Melvin Bennett, George Brock, Sloan Osborn, Bruce Parr, Johnny Nazworth, Jay Sander, and Rev. Pogue.

Mrs. H. T. Magness will be superintendent for the Junior Department, and teachers will be Mesdames Calvin Talley, James Tarpley, E. E. Kuykendall, and Pearl Marie Palmateer.

Mrs. Ralph Smith will be superintendent of the Primary Department with teachers including Mesdames Clyde Sherrick, Joe Talley, E. A. Shiek, Ray White and Ruth Lloyd.

Mrs. G. B. Buske will be superintendent of the Beginner's Department and the teachers will be Mesdames Bill Sheehan, Ralph Miller, Lee Renner, Ralph Taylor, Earl Drake, and Mary Joyce Renner and Joyce Miller. A Nursery Department will be conducted with Mrs. Russell Pogue in charge, with teachers including Mesdames Elmer Euler, Mae Short, Miss Kathleen Brand, and Nancy Messenger.

QUILTING FOR TARPLEY

A quilting party was held Tuesday afternoon in the home of Mrs. Ross Anderson for the James Tarpley family who recently lost their home in a fire. Those attending the quilting were Mesdames: George Baker, C. E. Hall, Spencer Hough, Lavelle Borek, W. A. Senter, Elmer Euler, Mrs. Anderson and Rev. Russell Pogue.

Gaylord and Shirley Maured left yesterday for Eugene, Oregon where they will visit for the summer.

Homemaking Assistance Offered by Instructor

Assistance during June in homemaking problems for local women and girls was announced this week by Mrs. L. M. Baker, homemaking instructor in the Friona schools.

Mrs. Baker listed among these services help in problems of the construction and remodeling of clothes, home decorating, re-upholstering, food preservation, and any related problems.

Interested parties are asked to call Mrs. Baker at her home, phone number 2822, for appointments, as part of each week will be spent by Mrs. Baker in visiting the girls working on home projects in their school work. The Bakers have recently moved into the Ralph Roden home in the east part of Friona.

Friona Paving Is Listed in Detail In Legal Notice

Legal notice regarding the paving program in Friona is published this week in the Star, with designation of routes and costs itemized.

Brown and Root Construction Company was awarded the street improvement contract in early May, and they have expressed desire to commence operations just as soon as the necessary legal preliminaries were completed and material made available.

Bonds for the paving, curbing and gutter construction were voted last October 21st, carrying by well over 2 to 1 majority.

BAPTISTS FETE STUDENTS

The Sunday School teachers of the Baptist Young People's department here gave a party last Friday night at the church honoring the students who are going away to school this summer.

Hosts and hostesses for the party were Mr. and Mrs. H. T. Magness, Mr. and Mrs. Melvin Bennett, Mr. and Mrs. Ray Brock and Rev. and Mrs. Pogue. Games were played and refreshments were served to about twenty-five teachers and young people.

D.H.L.A. May Tests of Dairy Herds Follow Trend Set in April; Martin, Fulcher, and Burnett Herds Leading

May tests conducted by the Parmer County Dairy Herd Improvement Association netted results that were a near carbon copy of those conducted in April, with the W. E. Martin Holstein herd taking top honors in high production, followed by the Martin Fulcher and D. C. Burnett Brown Swiss herds, the identical order of the April tests.

Martin's Holsteins averaged 1968 lbs. milk as against 1940 last month; and it averaged 35.6 lbs butterfat compared with 36.3 in April. High cow in milk production was Pet, a Martin Holstein that upped her production from 2360 lbs to 2370, but dropping in butterfat tests from 3.2 to 2.4, netting 57 lbs of butterfat for the month.

D. C. Burnett took the high butterfat rank with his Brown Swiss, Florence, testing 5.0 for the month to give 86 lbs of butter.

Seventeen herds are on test, with 326 cows being tested during the month. Association

Work Commences Soon on Temporary Quarters for Next Semester Classes

After agreement last week with insurance companies whereby the full insured amount of \$80,000.00 is to be paid for recent fire damage to the local high school, members of the school board met Monday night to lay groundwork for the rebuilding program.

In order to provide classrooms by the time of school commencement in September, temporary measures were agreed upon, with careful plans being formulated for the later rebuilding. Construction will begin within a few days on a 4-classroom building to be erected between the cafeteria and the band house. This fireproof building will be of permanent construction with exception of inside walls; the board members anticipate the later use of this building for an enlarged cafeteria after it has served its purpose as a classroom unit until the high school is rebuilt. Architects are now drawing plans for the 4-room unit and bid advertisements are expected within two weeks, a spokesman said. Funds for this construction will be derived from a portion of the insurance payment.

During the oncoming semester, it is believed that these four rooms, plus one available in the agriculture building, one in the grade school, and the Methodist church annex being made available to the homemaking class, will take care of all classes.

Division Convention Of American Legion Is Slated Saturday-Sunday

Legionaires from the 5th Division of the American Legion in Texas will hold their annual convention in Plainview this Saturday and Sunday, June 9th and 10th.

The Department Convention is scheduled for August 17, 18, 19 in San Antonio.

Local Legion members are urged by District Commander Rhea Smith to send a large delegation to the Plainview meeting.

Local zone meeting of the Legion will be held at Hereford next Tuesday evening, June 12th with Bruce L. Miller, Hereford attorney, being the speaker.

Enlarged, Fireproof High School Proposed By Friona School Board

In a special meeting Wednesday afternoon, the Friona School Board outlined plans to present to the voters of the district a rebuilding program involving the best facilities possible in an enlarged high school plant, calling for a bond issue of some \$150,000.

It is very probable that the bond election will be called for Saturday, June 23rd, with legal notices posted next week.

In the proposed construction program, the high school building would be increased in size by over 7,500 square feet to house the entire agricultural department and the music and band departments, all under one fireproof roof. About 6,000 feet would be allocated the agricultural rooms, providing the additional floor space that has been indicated as necessary. The music department would be housed in modern high-ceilinged rooms, a distinct departure from the present makeshift bandhouse. School authorities pointed out that not only would the modernized facilities be advantageous, but the housing of these additional units under one roof would greatly facilitate smooth operation in a more compact unit.

The proposed \$150,000 expenditure would include the new building of fireproof construction, with new ceiling over both the gymnasium and the classrooms. Also all equipment would be included in this figure.

The Central Investment Company of Plainview (now holding all outstanding bonds of the local schools) and represented by Mr. Smith, states that the bond issue would not require any increase in valuation or in the tax rate within the district. The bonds would mature in 20 years, and they would draw 3 1/2 per cent or less interest. Superintendent Caffey emphasized that the program outlined above would take care of normal growth of the schools for the next 20 years.

Bureau Directors Vote To Sponsor 4-H Boy's Trip to College Station

Directors of the Parmer County Farm Bureau met Monday evening at Lazbuddie and voted to sponsor a leading 4-H Club boy's attendance at the statewide 4-H roundup June 24th to be held at College Station. The boy will be selected by County Agent Joe Jones.

The bureau group approved plans to work out a series of community programs based on motion pictures and short reports of Farm Bureau activities. Petitions were circulated for signatures endorsing a called election to create a High Plains Underground Water Conservation district.

Next directors meeting will be held at Farwell. Attending the Lazbuddie meeting were Bruce Parr, Melvin Sachs, Carl Schlenker, Joe Menefer, Al Romich, Jimmie Seaton, John Seaton, Walter Kattwasser, and Hadley Reeve.

MRS. SLAGLE HOSTESS

The Friday Bridge Club met in the home of Mrs. Roy Slagle on Tuesday, Mrs. J. C. Wilkison won high score for the evening. Refreshments were served to Mesdames: Wayne Stark, Otto Lange, Pearl Kinsley, Carl Maurer, Scotty Weir, J. C. Wilkison and the hostess, Mrs. Roy Slagle.

Farm NEWS and VIEWS

Hundredth Anniversary of Alfalfa in North America

Ranger Alfalfa Growing for Seed Production.

For alfalfa, now grown for forage throughout North and South America, 1951 is the one-hundredth anniversary of its advent into North America.

Dr. L. F. Graber of Wisconsin in his presidential address to the American Society of Agronomy in Cincinnati last October, said:

"Alfalfa had no claim to recognition or bid for fame in the beginning of American agriculture. It was indeed a humble immigrant among the alien crops brought over from the Old World."

In 1851, a short time after the discovery of gold in California, alfalfa seed was brought there from Chile, which with Peru, Uruguay, and Argentina claimed 40 per cent of the world alfalfa acreage.

Alfalfa had been previously brought into the Eastern states but had never gained any headway in that region, largely because of the leached acid soils on which it was tried and its lack of adaptation to the climatic conditions.

Alfalfa was a "natural" in the Western States. Alfalfa requires water, irrigation and a climate "made to order" for alfalfa were all that was needed to extend its culture through the Southwestern and Middle Western States.

Each of the first two decades of the twentieth century doubled the acreage of the one preceding, and the 17 States west of Iowa and Missouri had virtually a monopoly of the acreage. In 1899 they grew 97 per cent of the total of 2.1 million acres; in 1909, 94 per cent of 4.7 million acres; and in 1919, 87 per cent of the 8.6 million acres cut for hay in the United States.

In 1900, Willet M. Hays and Andrew Boss discovered Grimm alfalfa near Minneapolis. It had been grown there by Wendelin Grimm since 1837. When seeing this variety growing there, Hays is quoted as saying: "This is the beginning of alfalfa for Minnesota." In 1903, W. A. Wheeler discovered Baltic alfalfa in South Dakota. In 1906, Niels E. Hansen made the last of four trips to northern Russia to discover hardy strains of alfalfa. About this time plant breeders got busy with alfalfa: Wheeler of South Dakota in 1903, Montgomery of Nebraska in 1904, Spragg of Michigan and Blinn of Colorado about 1906, and Graber of Wisconsin, Waldron of North Dakota, and Dillman of the United States Department of Agriculture, 1908 to 1910, all of whom with many others had an influence on the development and increased acreage of alfalfa.

As a result of all these things about 48 per cent of the United States acreage is now in the 8 central states of Minnesota, Michigan, Wisconsin, Iowa, Illinois, Indiana, Ohio, and Missouri. At least half of the acreage of alfalfa in the United States is now grown in areas which were formerly not considered suitable for alfalfa. In 1949 each of six states had more than a million acres of alfalfa: Wisconsin, Michigan, Minnesota, Iowa, Nebraska, and Kansas. The 4 north central states in this group are also the only states which during World War II averaged over a million acres of alfalfa cut for hay.

The above highlights on introduction, acreage and production of alfalfa do not portray its real significance to American agriculture—its value for hay, pasture, silage and soil improvement—the whole story of which would fill volumes.

More Improved Grass and Legume Seed on the Way

Konland Red Clover Growing for Seed in Oregon.

Supplies of certified seed of certain improved varieties of grasses and legumes are being built up at a rapid rate under the recently-organized National Foundation Seed Project, according to C. S. Garrison, who heads the project. Within a few years supplies should be adequate to meet farmers' needs.

Some of the improved forage crop varieties promise as much of an improvement over older varieties as hybrid corn was an improvement over open-pollinated corn. They are more productive and profitable because of disease-resistance, winter-hardiness, and other superior characteristics. They are more efficient as fertility-building and soil-conserving crops. Some have more feeding value for livestock.

These better varieties of grasses and legumes have not been in general use on farms because of inadequate seed supplies. Many farmers who have wanted to sow them have been unable to get seed from their local dealers. Atlantic alfalfa, a superior variety for certain areas in the Eastern United States, was released in 1940, yet in 1950 ten years after its release—only 3,000 pounds of certified seed was available for sowing.

The difficulties are due to complex problems involving seed-production, seed-identification, financial risks, and other factors. The National Foundation Seed Project was organized two years ago to help overcome these difficulties.

Maintenance of varietal purity and the application of certification standards to insure truthness of variety rest with the State certification agencies, and the conduct of educational programs in the seed-producing and seed-consuming areas rests with the extension service.

It remains, however, for the seed trade to assume responsibility for getting the seed through all the various channels from the producing farmer into the hands of the farmer who wishes to sow the seed on his farm. The seed industry is now in position to handle efficiently certified seed of all varieties where there are sufficient supplies to make commercial handling effective in supplying consumer demand.

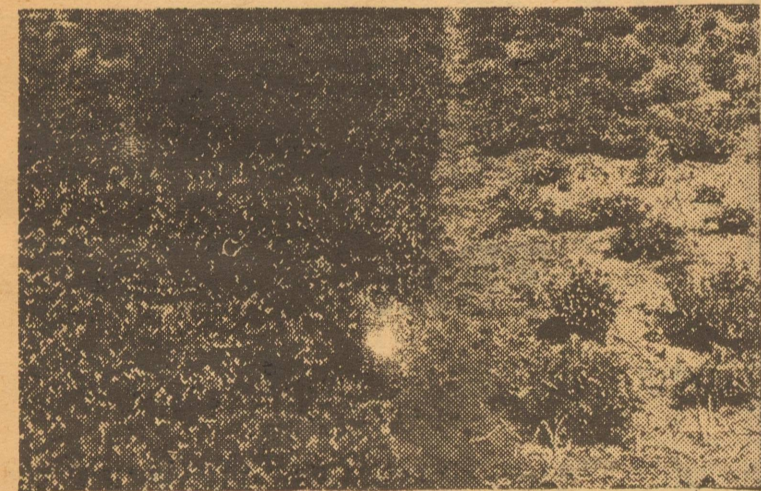

Foundation seed, the first major increase of an improved variety, is the progeny of breeder's seed. Registered seed is the progeny of foundation seed. And certified seed, which is used by farmers to produce hay, pasture and for soil-improvement, is the progeny of registered seed.

Foundation seed-stocks of Ranger, Buffalo, and Atlantic alfalfa; Konland Red Clover; Tift Sudan Grass; Citrus Lespedeza, are being built up at the present time. Most of the seed is being produced on farms and ranches in the Great Plains, Inter-Mountain, and West Coast States where climatic conditions permit big yields, and where irrigation can help to insure the production of a seed crop each year.

Other forage crop varieties will be added to the project as they become available from plant breeders. Some improved varieties are already in the final stage of testing, while others are still being developed.

Ranger and Buffalo alfalfa seed production is rapidly increasing and in a year or two there should be enough certified seed of these two varieties to meet the demand. There should be more than five million pounds of these two varieties available for sowing in 1951.

Good Management Lessens Winter Grassland Losses

Winter Killing and Disease Have Injured Alfalfa Stand on Right.

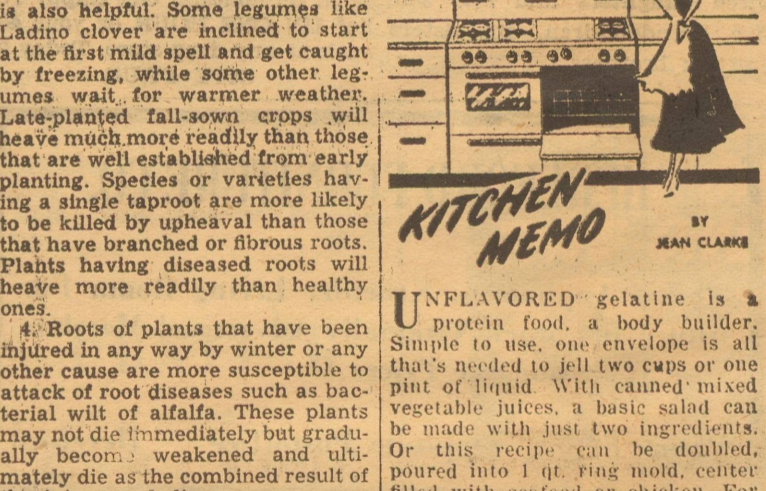

Summer annuals are subject to fewer hazards than winter annuals, biennials, or perennials. Plants which occupy the ground for one or more winters must be capable of surviving whatever adverse conditions they are exposed to in both summer and winter. Problems of management which have so much to do with survival or longevity are therefore more important with biennials and perennials than with annuals.

Maintenance of a species in a pasture or meadow for several years is sometimes a matter of natural reseeding which has no connection with survival of the plants originally established. Problems of management which have a bearing on longevity of perennials through the variety of winter conditions likely to occur during several successive winters should be given careful consideration, both in the extreme north where severe cold and covering by ice sheets are of frequent occurrence and also in the somewhat milder climates of the Central States where winters of alternate freezing and thawing are prevalent and often are equally or more disastrous than extreme cold. Some of the direct causes of loss of stands and remedies which are more or less effective, depending upon soil and climatic conditions, are the following:

1. Widely adapted species and varieties are seldom killed by low winter temperatures which ordinarily prevail in the northern states. Some of our nationally important forages, however, are subject to occasional or frequent winter losses from this cause. Some of these are orchard grass, Ladino clover, and non-hardy alfalfa and red clover. The remedy, therefore, is to sow only fully adapted species and varieties.
2. Smothering under ice sheets formed in direct contact with the soil is a frequent cause of losses of alfalfa and other legumes. Such losses are not frequent on slopes and in well-drained, nearly level fields or where there is a layer of snow or a straw mulch between the ice sheet and the surface of the ground. Adequate drainage is extremely important with alfalfa and some other important forage legumes.
3. The upheaval of plants from alternate freezing and thawing probably causes more winter losses over a larger area than any other single factor. This is the main cause of winter losses of legumes in the milder regions. It is usually thought that little can be done to prevent it. However, it is less serious on light soils or those containing a large percentage of organic matter. Heavy clay soils are most subject to losses from upheaval. A mulch covering is one of the most effective remedies. This is best accomplished by leaving a rather substantial fall growth on the ground over winter. An application of 1 to 5 tons of strawy manure per acre is also helpful. Some legumes like Ladino clover are inclined to start at the first mild spell and get caught by freezing, while some other legumes wait for warmer weather. Late-planted fall-sown crops will have much more readily than those that are well established from early planting. Species or varieties having a single taproot are more likely to be killed by upheaval than those that have branched or fibrous roots. Plants having diseased roots will have more readily than healthy ones.
4. Roots of plants that have been injured in any way by winter or any other cause are more susceptible to attack of root diseases such as bacterial wilt of alfalfa. These plants may not die immediately but gradually become weakened and ultimately die as the combined result of the injury and disease.
5. Winter losses are less likely to occur when grasses and legumes are grown together because of the greater density of the root-system, the greater porosity of the soils, and of the denser and larger fall growth, when these are grown in combination.
6. If alfalfa is grown as an important forage crop in any region where winter losses are of the unavoidable nature, it is good practice to plan crop rotations so that alfalfa of several ages is available in different fields every year. The older fields may sustain heavy losses while the newer, younger fields may show little winter damage.
7. All perennial legumes should be managed so that there is ample opportunity for replenishment of food reserves in the plant to go through the winter and a growth to cover the ground, hold the snow, and serve as winter protection to the plants.

Summing up all the causes of winter losses to biennials and perennials, the least damage is done (a) on fertile, productive, well-drained soils having plenty of organic matter, (b) where there is good drainage, (c) to plants going into winter with good coverage of fall growth or a strawy mulch, and root reserves to support early spring growth, (d) to disease-free plants, and (e) to varieties adapted to the region and least susceptible to winter injury.

Good Management Lessens Winter Grassland Losses

to losses from upheaval. A mulch covering is one of the most effective remedies. This is best accomplished by leaving a rather substantial fall growth on the ground over winter. An application of 1 to 5 tons of strawy manure per acre is also helpful. You Have a Choice if You Want It—The Best Recipes of the Women of Friona, Bovina, or In Faraway Istanbul, Turkey

EDITOR'S NOTE: We've received lots of comments about the tempting recipes of the Friona and Bovina cooks; we are perfectly satisfied with these recipes, but just in case anyone wants a drastic change, we have reprinted below some of the delicacies of Turkey. If anyone tries these out (and they are highly recommended by author files) will you please tell this editor about it? What we are wondering is if Parmer County cooks can beat the Turks at their own game.

A dish that is different to tempt the family appetite is certainly the dream of every good cook. And one of the easiest ways to accomplish this is by using the recipes of some European country. As a result the food tastes better and conversation is stimulated with pleasant memories of visits to foreign lands; or there is a quickening interest to see new places. There is Turkey, for example, and, if it seems a long way off to you, remember Istanbul is only 26 hours from New York by air. Here, where Europe and Asia meet, there is a fascinating mixture of ancient cultures and modern conveniences.

After 7,000 years of experience, Turkish cookery offers you ways to prepare familiar foods that are different in flavor and texture. Take such a simple thing as eggplant. This is a favorite vegetable in this part of the world and is prepared in many ways. Today's recipe for stuffed eggplant is delicious and well worth trying. Rice is also one of the important foods in Turkey and particularly appetizing native dishes is a pilav of rice and chicken livers (recipe below).

Turkish Boerek is a most versatile bit of delicious eating. How you serve it depends upon its size, shape and the filling. It can be made into very small rolls, triangles or other shapes and served as canapés. When slightly larger it is perfect as an appetizer, while a very large size makes the main dish of the

meal. And, with a sweet filling, it can also be used as a dessert.

BOEREK

Boerek can be made of Turkish pastry dough or your own puff paste rolled thin as tissue paper. Cut dough into desired size, and brush with melted butter. Place a teaspoonful (or more) of filling on each piece of dough or puff paste. Roll up or fold over the dough, handling quickly and as little as possible. Place in greased baking pan and brush with melted butter. Set in moderate oven, 375°F. and bake until golden crisp, about 25 minutes.

Cheese Filling For Boerek

1-2 lb. cheese
cream cheese and Turkish fish or cottage cheese)
1 egg
1-4 cup milk (about)
1-4 cup chopped parsley
2 tbsps. butter or margarine
Blend cheese, add egg, milk butter and parsley. Mix well. Six servings.

Other Fillings:

Chopped spinach and onion a little milk and butter.
Chopped, cooked, leftover meat or chicken, egg, a little chopped onion and parsley.
Chopped nuts, cinnamon and sugar makes a dessert filling.

IC PILAV

1 cup rice
2 cups water
1-4 tsp. salt
2 tbsps. chopped dill
1-2 cup butter or margarine
1 lb. liver
1-4 cup currants
1-4 cup pine nuts
2 tbsps. chopped parsley

Wash and drain rice. Melt butter or margarine in a large pan. Brown nuts, add currants, water, salt, parsley and dill. Bring to boil, add rice and cut up liver. Stir once or twice. Cover and boil over medium heat. When bubble holes appear in rice, turn heat low and cook for 1-2 hour, 4 servings.

TEL KADAYIF

8 shredded wheat biscuit biscuits of 1-2 lb. shredded wheat (Turkish style).
2 cups chopped walnuts
2 tbsps. cinnamon
1 cup sugar syrup
4 tbsps. butter or margarine

Moisten shredded wheat with milk. Open each biscuit and fill with chopped nuts and cinnamon. Replace biscuit tops. Place in baking dish and pour melted butter or margarine over the top. Or crush the shredded wheat biscuits and place layer in baking dish, fill center with mixture and cover with another layer of shredded wheat. Four on melted butter. Brown in moderate oven. Prepare sugar syrup and when cool, pour over shredded wheat. Top will be crisp and lower parts thick and rich with partially absorbed oil, add rice, boiling water and top 4 servings.

Take a Look at this Mass of Talent! They Took Top Honors

This is the gang that brought home the honors! Competing against Quail in the final Quizdown of the year sponsored by the Globe-News and KGNC in Amarillo, the Friona delegation took high score and copped the prizes of the Britannica, Jr., gold medals, and Quizdown pencils. The team members were Jan Edelman, Jon Mack Roden, Robbie Boggs, Gerald Floyd, Mary Tom Spring, Phyllis Treider, Judy Barnett, Darrell Brock, and Janice Miller.

Specialized Instruction of Exceptional Children Has Sixth Anniversary in the Panhandle; Friona Schools Cooperating

Education of exceptional children in the Panhandle area had its sixth anniversary with the closing of schoolhouse doors this spring. Borger, Phillips, Dalhart, Wellington, Childress, Canyon, Friona and Amarillo have participated in this program which is financed jointly by the local schools and the Texas Education Agency.

To be eligible for this specialized type of individualized instruction, a youngster must be screened by qualified physical and school officials. Through the special classes in the elementary grades six types of physical handicapped youngsters were provided for: including deficient vision, hard of hearing, orthopedic handicaps, speech disorders, lowered vitality and nervous disorders, explained Mrs. Velma Cheves, special teacher at Amarillo's McKinley School and secretary of the Panhandle Association of Teachers of Exceptional Children.

Panhandle teachers, who have met the special qualifications for this teaching, are Mrs. Elmer I. Smith, Friona; Mrs. Lella Rugeley, Borger; Mrs. Mary O. Barton, Phillips; Mrs. Anne Faye Cooley, Wellington; Mrs. Dora Diggs, Childress; Mrs. Gladys Dixon, Canyon; Mrs. Hazel Sunderman, Dalhart; Mrs. L. M. Mahhonds, Mrs. Velma Cheves, John G. Miller, Mrs. Beatrice Shaver, Mrs. Mary F. Paul and Mrs. Mary R. Harrison, Amarillo.

"Although the program is called 'special education,' we actually offer individual instruction in the regular school subjects, and make necessary adjustments to meet the entire personal needs of each child," she continued.

Lip-reading instruction for the hard of hearing, handicraft, music, speech and recreational therapy, occupational therapy and under the guidance of a physician, physical therapy.

Special educational became a law in Texas in 1945. Shortly afterwards Amarillo, Phillips and Borger became some of the first to institute such a program.

Panhandle teachers and administrators have high praise for the youngsters in the exceptional classes. "They are among our most eager students and popular with everyone," stated J. S. Evans, principal of Amarillo's McKinley school.

In Panhandle cities, as well as throughout the state, work with physically handicapped children has been a cooperative

undertaking with principals, superintendents, supervisors, school nurses and the special teacher cooperating. The Amarillo staff for special education includes Mrs. L. M. Hammonds and Mrs. Velma Cheves, Mrs. Beatrice Shaver, hearing conservationist; John G. Miller, speech correctionist; J. S. Evans, principal of McKinley School, Mrs. Mary R. Harrison, homebound teacher.

FRIONA PROGRAM

Unofficially, the Friona program was begun two years ago by Mr. and Mrs. V. H. Smith who carried on the program after school hours with four students participating. All facilities, equipment and time were donated. This year the program was financed by the Texas Education Agency and the public schools.

Baptist Student Center Planned For West Texas State for Early 1952

A Center for Baptist Student activities at West Texas State College is being planned by Baptist leaders of the Panhandle region, according to an announcement of Truett Smith, director of Baptist student activities at the college in Canyon. The new building will replace the temporary residence that has served as a center for Baptist students since 1946 when it was bought by the Baptist General Convention of Texas for this purpose. The location is on ample ground immediately across the street from the campus entrance to the administration building.

FUNERAL SERVICES HELD AT SILVERTON WEDNESDAY FOR TOM JASPER'S BROTHER

Funeral services were held in Silvertown Wednesday for Putnam Darden Jasper, 70, brother of Tom Jasper of Friona. Earl Cantrell, Church of Christ minister, conducted the services in the Silvertown high school building, burial was in the Silvertown cemetery.

Mr. Jasper was born in Comanche County, Texas, in 1881, and moved to Briscoe County in 1899 where he lived in the Francis community and at Silvertown.

Survivors include the widow, three daughters and one son, five grandchildren, six sisters and six brothers.

CARD OF THANKS

We wish to express our deep appreciation and thanks for the kind words and expressions of sympathy; also for the many beautiful floral offerings in our recent bereavement.

WORTHY ADVISOR

A * County-Wide News Feature

Joyce Miller Was Installed Worthy Advisor, Rainbows

Miss Joyce Miller, daughter of Mr. and Mrs. Ralph Miller, Friona, was installed as Worthy Advisor of Bovina Assembly of Rainbows in an impressive ceremony Sunday afternoon, June 3, in the Friona American Legion Hall.

Joyce will be a Senior in Friona High School in the fall and has been a member of Rainbows for three and a half years. She has served as Musician, Fidelity, Mortality, Nature, Drill Leader, Chaplain, Faith, Hope, Charity and Worthy Associate Advisor.

Other officers installed in the service were: Margie Leake, Joann Spurlin, Marcia Foster, Katherine Magness, Peggy Hardage, Nancy Aldridge, Gloria Jean Sanders, Darlene Sprawls, Lavoyda Billington, Mona McDorman, Lillie Ann Ellison, Ann Whitley, Dorothy Louise Jones, Elaine Magness, Ysleta Brown, and Marcella Verner.

Joyce chose for officers of the installation the following: Miss Betty Foster, Farwell, Miss Mary Lou Miller, Friona; Mrs. Sam Rundell, Farwell; Mrs. John Porter, Farwell; and Miss Gay McFarland, Friona.

Guests introduced included: Mrs. Past Grand officer, Miss Norma Welch, Past Grand Outer Observer in Texas; Six Past Worthy Advisors: Miss Maxine Ford, Farwell, Miss Lunell McFarland, Friona, Miss Mary Bell Aldridge, Farwell, Miss Mary Lou Miller, Friona and Miss Joan Williams, Farwell; and the retiring Worthy Advisor, Miss Betty Foster of Farwell. Other present included: Past Mother Advisors, Mrs. Charles Bainum of Friona, Mrs. John Porter of Farwell, Mrs. John Aldridge of Farwell, and Mrs. Jewel Barry of Bovina. Present Mother Advisor, Mrs. Lucy Jones of Friona; Mr. and Mrs. Hubert Ellison, Bovina, Worthy Matron and Patron Eastern Star; and the Worthy Advisor's parents, Mr. and Mrs. Ralph Miller.

To conclude the service Mary Lou Miller sang a solo and the entire Rainbow Assembly sang "My Rainbow" followed by the retiring drill.

Don't marry on Sunday It's unlucky to gamble on the Sabbath.

They are feeding us so little in the restaurants nowadays that when they invite us to come back again we feel like accepting the invitation immediately.

In a sneeze, the expelled air travels about 1100 miles an hour.

OBITUARY LORAIN STARK

Lorain Stark was born at Metcalf, Illinois, on January 18, 1894; and passed away on May 20, 1951.

He moved to Oklahoma with his parents William E. and Dora Stark in 1898, settling at Enid. Two years later they settled on a homestead near Curtis. Here he grew to manhood, and in 1917 he went into the army, serving his country overseas in World War I until June, 1919. After his return from the war, most of his life was spent with his parents on the old homestead.

He has an avid follower of all sports, and in his younger days participated in all forms of local athletic, particularly baseball.

Since 1937 he had made his home at Friona, with his brother, Wayne, the last few years being spent on the farm near where he met his untimely death.

Preceding him in death were his father and mother, William E. and Dora Stark; two brothers, John and Leland; and a sister, Imogene Kee.

He leaves to mourn him one brother, Wayne B. Stark, Friona; and four sisters, Mrs. Hazel Kinnaman, Curtis, Okla.; Mrs. Ruth Russell and Mrs. Pauline Friend of Tulsa, Oklahoma, and Mrs. Dapha Williams of Northridge, California. Additional survivors are 7 nephews and 5 nieces.

Funeral services were held in the Methodist Church at Mooreland, Oklahoma; burial was in the Curtis Cemetery, Curtis, Oklahoma.

37	10th Street	1.60	2.67	4.27	2391.20	822.46	3213.66

Each portion of said streets hereinabove described and designated by Unit Numbers constitutes a separate and independent Unit of the improvements and shall be improved, and the improvements constructed therein, as separate and independent from each and every other Unit of said streets, and the assessment to be levied for said improvements in each Unit or portion of said streets shall be altogether separate, distinct and independent of and from the assessments to be levied in every other Unit, and in making and levying said assessments against the property abutting upon one of said Units, no matter or circumstance in connection with any other Unit shall be considered or have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been executed with reference to the improvements to be made in each of said Units. A hearing will be given and held by and before the Board of Commissioners of the City of Friona, Texas, on the 22nd day of June, 1951, at 10:00 A.M. o'clock in the Chamber of the Board of Commissioners in the City Hall of the City of Friona, Texas, to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said streets and avenues within the limits above defined, and to all persons owning or claiming any such abutting property or interest therein and to all others owning, claiming or interested in said abutting property, or any of the proceedings, contracts or matters and things herein mentioned or incident to said improvements or contract herein described. At said time and place all such persons, firms, corporations and estates, and their agents and attorneys, shall have the right to appear and to be heard and offer testimony as to the said assessments; and to the amount thereof, proposed to be assessed against said abutting property, and the real and true owner or owners thereof, the lien and charge of personal liability to secure payment of said assessments, the special benefits to accrue to each such abutting property and to the owners thereof by virtue of said improvements, or concerning any error, invalidity, irregularity or deficiency in any proceedings or contract in reference to said improvements, and said pro-

posed assessments, and concerning any other matter or thing as to which a hearing is a constitutional prerequisite to the validity of assessments, proceedings and improvements and on which they are entitled to a hearing under the laws of the State of Texas, and the proceedings of said Board of Commissioners.

Following such hearing, assessment will be levied against each and every parcel of property abutting upon said streets and avenues, within the limits herein defined, and the real and true owners thereof for that portion of the costs of said improvements determined by said Board of Commissioners to be payable by such abutting properties, and the real and true owners thereof, and said assessments shall be and constitute a first and prior lien upon said abutting property from December 27, 1950, the date said improvements were ordered by said Board of Commissioners by an Ordinance enacted on that date, and shall be a personal liability and charge against the real and true owners thereof, as of said date, whether such property be described or correctly described, or such true owners be named or correctly named in said proceedings or not, and no error or mistake or discrepancy in the names of such owner or owners or in describing said property in this Notice or in any of said proceedings with reference to said improvements, shall invalidate any assessment or certificate issued in evidence thereof, but nevertheless, each parcel of property abutting upon each of said streets and avenues, and the real and true owner or owners thereof, shall be charged with, and be liable for, said assessment, which shall be valid whether or not such owner or owners be named or correctly named, or such property be described or correctly described, all as provided for by Article 1105-b, Revised Civil Statutes of Texas, as amended, as the Act under which said improvements, proceedings and assessments are being constructed, performed and levied.

Of all said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others in anywise interested or affected by the things and matters herein mentioned, will take notice. DONE by order of the Board of Commissioners of the City of Friona, Texas, this 6th day of June, 1951. (SEAL)

ROY WILSON
City Clerk of the City of Friona, Texas

FINGER AMPUTATED
John David Miller, son of Mr. and Mrs. Roy Miller, is at his home here after undergoing an amputation of one finger in Amarillo last Friday. He is reported recovering quite well from the accident incurred recently when his fingers of one hand were mashed between a pickup truck body and a gas barrel.

Mr. and Mrs. Richard D. Williams visited over the week-end in the Wayne Stark home, enroute to their home at Northridge, Calif. Mrs. Williams is a sister of Wayne. They had been in attendance at the Brother Lorain's funeral.

Mr. and Mrs. Roy Wilson read as their guests this week Mr. and Mrs. D. F. McClatchy of Douglas, Arizona; Mrs. Estes Haws; Mr. and Mrs. Leonard Haws, Walter and Margie; Mr. and Mrs. Alfred Haws, Ted and Susan of Clovis; Mr. and Mrs. C. E. Houston, Grover, Stella and David of Clovis; and Carol Carl and Charlie McDaniel of Clovis.

KIMBROW CIRCLE TO QUILT
The Kimbrow Circle of the Baptist WMS will meet Thursday afternoon at the church to quilt for the James Tarpley family. Mrs. Joe Talley will also give a mission study book review.

Mrs. F. N. Welch and Murna returned Friday night from Commerce where they have been visiting friends and relatives.

Children from the Boles Orphan Home will present a program on Friday night, June 15, at the Church of Christ. The public is invited to attend. There are about 40 children who are making this tour and who will spend the night in Friona.

J. T. Gee will attend a Swift & Co. meat grading short course at Fort Worth June 16. Mrs. Gee and children are planning to visit with his mother, Mrs. J. S. Jackson of Carbon while he is in Fort Worth.

Mr. and Mrs. J. T. Gee and children spent Sunday in Lubbock visiting her parents, Mr. and Mrs. T. F. Rogers.

BOVINA NEWS

Mrs. Myra Gilliam returned home from Oklahoma City Friday. She has been back there for a check-up with the doctor. She also visited her parents while there.

Mr. and Mrs. F. P. Brookfield visited in the home of their daughter, Mrs. Earl Richards, over the week-end.

Visitors in the home of Mr. and Mrs. L. C. Moore over the week-end were Mr. and Mrs. S. E. Ketchum and Mr. and Mrs. W. H. Ketchum and son, all of Iowa Park, Texas. The Ketchums are formerly of Bovina.

P. E. Lowrie from Wellington is visiting in the home of his brother, Elmer Lowrie.

Clinton Tidenberg in the Air Corp stationed at Wichita Falls spent Saturday and Sunday in the home of his parents, Mr. and Mrs. Hilary Tidenberg.

Billy Derrick, Mark Charles, Jerry Ellison and Jimmy Ware left Monday morning for Abilene where they will represent Bovina at a youth's meeting being held there by the Methodist Churches of this conference.

Mrs. Tommie Horton visited her daughter, Mrs. Alvin Gaines in Friona Friday.

Mrs. Jack Anderson and Mrs. Fallwell of Friona were Bovina visitors on Wednesday of last week.

Buck McCuan, now of Lubbock formerly of Bovina, is in a hospital in Lubbock suffering from a heart attack. His condition is considered serious.

Granny Gaines left Tuesday for East Texas to visit relatives.

Troy Armstrong is visiting relatives in Memphis, Tennessee at this time.

Mr. and Mrs. I. W. Quickel have had as guests in their home last week Mr. and Mrs. Forest Sanders and son, Richard, of Portland, Oregon, and their daughter, Mr. and Mrs. Elman Stark and children of Abilene. Richard plans to spend the summer in the Quickel home.

Mrs. Maurice Means and children are visiting in Quinlin, Oklahoma, with friends this week.

Elizabeth Berggren who has been attending Amarillo Jr. College is home to spend the summer with her parents, Mr. and Mrs. Leroy Berggren. Maxine Wade came home with her to spend awhile visiting relatives here.

Mrs. Giles Williams went to Tatum, N. M. this week to visit her brother.

Mr. and Mrs. Penny Anderson made a trip to Amarillo on Thursday to take Mrs. Mary Zirkle to catch a plane. Mrs. Zirkle had been visiting in the Anderson home.

Mr. and Mrs. C. L. Buster of Clovis are the proud parents of a baby boy born May 31. They named the baby Larry Charles. Mrs. Buster is the former Mildred Hoppinggardner.

Mr. and Mrs. Gene Ezell have had as guests in their home, Mrs. Roy Ezell of Lorenzo, Mr. and Mrs. L. D. Parker of Amarillo, Mr. and Mrs. R. B. Ezell and children of Roswell and Mr. and Mrs. Marty Ezell of

LOOKS

Sunday visitors in the home of Mr. and Mrs. O. J. Beene included Mr. and Mrs. Frank Anen of Dimmitt, Mr. and Mrs. K. D. Stone of Farwell, Mr. and Mrs. Jack Gilliland and Mr. and Mrs. Gaylord Newell of Hereford.

Harold Southward has returned to Austin where he will attend summer classes at Texas University.

Visiting in the home of Mr. and Mrs. Hadley Reeve last week were her parents, Mr. and Mrs. J. S. Pinckley of Merkel. Sunday they all drove to Lubbock to visit in the home of Mrs. Reeve's sister and family, Mr. and Mrs. Elmo Collins. Young Floyd Reeve stayed to visit in Lubbock this week.

Miss Murna Welch has returned to Lubbock where she will attend summer classes at Texas Tech.

Week-end visitors in the S. T. Thornton home were her parents, Mr. and Mrs. J. M. Luck and her brother, Bill, of Lubbock, and Mr. and Mrs. DuReeve and Colleen of Hereford.

Mrs. Rosa Anderson returned Monday from Paducah where

Portales. Mrs. Dessa Weems of Fresno, California arrived Monday to visit with her mother, Grandma Elliott and her brother, Mr. and Mrs. C. R. Elliott.

Loren Thompson is spending this week with his brother, Mr. and Mrs. Walter Tompson, in Portales.

Mr. and Mrs. Lee Thompson Loren and Elmer went to Lubbock on Sunday where Mr. and Mrs. Edsel Paden were to meet them for a picnic lunch at the park. Loren will stay down there and enter Texas Tech for the summer.

Mrs. D. E. Lee left Monday for Rochester, Minnesota where she will enter the Mayo's clinic. We do not know at this time how long she will have to stay.

Mrs. T. J. Hoppinggardner of Bovina was honored with a birthday dinner, May 28th, prepared by her children. Those present were Mr. and Mrs. C. L. Buster and family, Howard Cox and Gladys Hoppinggardner all of Clovis, Mr. and Mrs. R. C. Blaylock and family of Oil Center, Texas, and Robert Lee and Willis of Bovina.

Mrs. Tom Lloyd was honored on her birthday with a party given by Millie Holden and Mrs. Hammonds. Those attending were Mr. and Mrs. E. A. Hammonds and son, Mr. and Mrs. Fred Langer and daughter, Sherry, Mrs. Tommie Horton, Wiley Owens, Millie Holden, Mrs. M. Adams of Friona, and the honoree.

HONORED WITH BIRTHDAY

Eurith Marie Crook was honored with a birthday party at her home, on Friday night. The group enjoyed games and then refreshments were served to Wayne McCutcheon, Bobby Ruel, Danny Pounds, Herman Tristich, Huey Lowrie, Glendon Sudderth, Ginger Wilborn, Betty Turner, Ginger Lindsay, Donna Smith and the honoree.

she has been staying with her daughter, Mrs. Horn. The daughter recently had an operation in the Quannah hospital.

FAMILY REUNION

The Gibson family reunion was held last Sunday at the McKinley Park in Lubbock, with about seventy-five present. Attending from Friona were Mr. and Mrs. W. H. Rogers, Mr. and Mrs. John Burrows, Mr. and Mrs. Ralph Taylor, Mr. and Mrs. H. T. Magness and family and Miss Dorothy Guinn.

Community Centers Was Theme of Congregational Family Night Program

"Church Sponsored Community Centers" was the central theme for the Congregational Church family night held June 3rd. The feature of the evening was the presentation of a "broadcast" entitled "Church Community Centers" by the young people of the Pilgrim Fellowship of the church. Gaylord Maurer was the announcer for station "O.C.C.C." Sue Cranfill represented Brick Rural Life School of Bricks, North Carolina; Shirley Maurer, The Delmo Communities of Southeast Missouri; Phyllis Treider, the Dorchester Cooperative Community of McIntosh, Georgia; Kenneth Bainum, Forth Berthold Mission at Elbowoods, North Dakota; Florence Dean, Pleasant Hill Community Center, Pleasant Hill, Tennessee; and Wayne Bainum the Yunque Community Center, Luquillo, Puerto Rico. John Fred White was the "Engineer in charge". It was sponsored by the American Missionary Association Division and the Church Extension and Evangelism Division of the Congregational Christian Churches of North America.

A picture in color and with sound was given entitled "This is Delmo" with John Fred White in charge, assisted by Dudley Bainum. Cecil Robinson led the Community singing with Mrs. Carl Maurer at the piano. The evening's activities were inaugurated by the customary splendid luncheon prepared by the ladies of the church. The attendance was a near record one.

LOOK!
AN ALL COLD CLEAR TO THE FLOOR Coolerator

The Space-Thrifty Coolerator Princess is an entirely new kind of refrigerator. It holds more food—takes less space—gives you all safe cold top to base and front to back. It's only 2 feet wide yet it gives you a full 7 cubic feet of the most usable refrigerated capacity you've ever seen. That's because the motor has been taken out of the cabinet—flattened out—and placed on the back—to make the Coolerator Princess every inch a refrigerator.

With Full-Width Freezer Chest!

Never before has anyone offered such a value in a deluxe full-length door refrigerator. See this daringly different refrigerator that's modern as tomorrow at our store now. See why the latest costs the least when it's a Space-Thrifty Coolerator for '50.

Which maintains way below freezing temperature to keep ice cream frozen firm—safely store frozen foods—and freeze ice cubes in a hurry. The Sliding Chill-R-A-Tor drawer just below the Freezer-Chest quick chills beverages, salads, desserts and provides ideal temperature for fresh meat.

Schueler Completes Outstanding Year at St. John's, Kansas

Arnold Schueler, son of Mr. and Mrs. R. H. Schueler of Friona, has returned home from Winfield, Kansas, where he has been a student at St. John's College. While there he majored in piano and violin, and he graduated from the academy school with the 1951 class.

While at St. John's he was a member of several campus organizations, including the Polaris Literary Society and the Waltham League. He played for numerous talent programs and appeared over the radio station there. He was a member of the band and chorus, and was organist for the Glee Club, as well as the Kiwanis Club. He served as organist of the Trinity Lutheran Church. He was cited with highest awards of the college for outstanding musical achievement.

BOOSTERS ENTERTAINED

Mrs. George E. Meyer, teacher of the adult women's Sunday School class of the Congregational Church, entertained her class at the manse on Friday evening June 1st. The class is known for the present as "The BOOSTERS." A name is to be chosen in the near future and officers elected. Mrs. E. G. Bowers was leader at the most recent session of the class.

James Buchanan was the only bachelor to become president of the United States.

IH QUALITY IS MORE THAN SKIN DEEP!

Parts may look alike on the surface, but the true story of quality goes far deeper than that. International Harvester makes sure of that quality. Regular IH parts from the assembly line are examined with this 1,000,000-volt x-ray. It looks "under the skin", checks to protect IH standards of quality. This is only one of the dozen reasons why it will pay you to use IH precision-engineered parts for all of your McCormick machines.

5-STAR SERVICE

IH PARTS FIT RIGHT... WORK BETTER... LAST LONGER...

Always look for the IH symbol of quality when you buy parts for your McCormick machines. Always see your IH dealer for IH 5-Star Service.

"SMALL BUSINESS"

By C. WILSON HARDER

An interesting air battle wages in Washington. The battle is bitter, and as so many battles along the Potomac these days it is a conflict between Sen. John Sparkman (D. Ala.), Senate Small Business Committee, and a Washington bureau seeking to protect and enrich monopoly.

The Committee is engaged in hearings to find out why the Civil Aeronautics Board is trying to drive out the nation's 111 independent small airlines. C. W. Harder, as small business in favor of the four or five huge airlines that dominate air travel.

So far, the hearings indicate this one fact: If you attempt to operate a business without government subsidy, and reliably serve the public at a lower cost, some bureau is sure to crack down on you.

The few huge airlines who also receive millions from the government in mail subsidies do not like the competition from independent airline operators who furnish a fast travel service without all the "plush" trimmings for one-fourth to one-half the cost charged by the big airlines.

Yet, as brought out by the testimony of Andre de Saint-Phalle of California-Eastern Airways, the big airlines reached their biggest year in 1950, yet only 5% of the population travelled by air.

And that 5% was made up largely of people with more than \$10,000 a year income, or those on expense accounts.

On the other hand, the small airlines, to which by clever phrasing the big airlines impute illegitimacy by referring to them

as "irregular," carried only 2.4% of the passengers.

In fact, testimony reveals that the head of one major airline does not want the common people to travel by air, stating it is essential to eliminate all special low rate fares to "get rid of all those persons riding on airplanes who don't belong on them anyway."

Senator Sparkman asked a very pertinent question.

"What is the intent of Congress that the mass of the public be left on the ground, while the privileged few who served weak farmers aloft?"

Bear in mind that the small airlines operators do not want government subsidies as enjoyed by the big airlines.

All they want is to continue giving the public low cost air transportation.

Safety does not enter into the argument, either, as all airlines, large or small, are bound by the same safety rules.

And on this point, the big airlines wanted no part of a public airing of comparative accident records.

But even though the 780,000,000 passenger miles flown by independently owned airlines in 1950 represented less than 3% of the total business, big airlines feel uncomfortable.

Eventually, they know, the public will ask why they cannot offer a good service at reasonable rates, too.

So once again the nation witnesses heads of monopolies protesting they believe in and cherish traditional American free enterprise and competition, with but one exception.

The government just shouldn't allow it to happen in their business.

Pete, Myrl, and 25 Eventful, Abundant Years

Host of Friends Pay Personal Visits To Mr. and Mrs. G. B. Buske Friday On Occasion of Anniversary Celebration

Two hundred friends paying calls in one day! That was the rich experience enjoyed by Mr. and Mrs. G. B. (Pete) Buske last Friday upon the occasion of their 25th wedding anniversary.

And possibly an equally thrilling occasion was the "honeymoon" trip (their first) begun early Saturday morning and taking them to central Texas points, terminating Monday evening. But on this honeymoon the entire family was along.

What a wonderful week! Certainly 'twas one long to be affectionately remembered by Pete, Myrl, DeAnn, Lila Gay,

Phila May, Kim, and the host of friends heaping congratulations on this silver anniversary occasion.

The spacious and new home of the Buske's was decorated throughout with flowers, featuring the roses and carnations sent by Mrs. Buske's sister, Mrs. Roy Johnson of Odessa. Pink, white and silver were predominant in the colors of the decorations. The huge centerpiece, emphasizing an unbroken circle topped with the figures

"25", was placed upon a white linen covered table amid floral

arrangements of pink gardenias, carnations, snapdragons, and silver leaves and ribbon. Wedding bells hung within the circle.

The three-tiered anniversary cake, supporting a miniature bride and groom, was decorated with pink flowers and silver leaves. Pink punch, mints and nuts completed the refreshments.

Standing in the receiving line for the occasion were Mr. and Mrs. Buske and their parents, Mr. and Mrs. C. F. Buske of Abernathy, and Mr. and Mrs. L. M. Crow.

Phila Mae and Lila Gaye Buske, Jacquelyn Magness, and Betty Agee presided at the guest book. Assisting in the serving were Lila Robason, Jo Anne Akens, Deniese Magness, Carol Blackburn, Dorothy Guinn, Betty Ashcraft, Sue Nazworth, and Sally Osborn.

The new home was shown to guests by Mr. and Mrs. Sloan Osborn, Mr. and Mrs. A. L. Black, Mrs. Roy Clements, and Mr. and Mrs. H. T. Magness.

Entertainment throughout the afternoon featured piano and vocal numbers presented by Wanda Robason, Dorothy Guinn, Tim Magness, Jacquelyn Magness, Betty Agee, Deniese Magness, De Ann Buske, Phila Mae and Lila Gay, and Sally Osborn.

Beautifully attired in a silver gray dress with white accessories, Mrs. Buske remarked, "This is reminiscent of my first time to wear white accessories — my wedding." She wore a corsage of orchids.

Each of the women assisting in the reception was presented with white gardenia corsages, and the men were given white carnation boutonnières by the host and hostess.

Though the day was quite busy, Mr. and Mrs. Buske took time out to reminisce with old friends about their early married life in Friona and Abernathy, but it was not until after the party that Myrl admitted one of her first impressions of Pete. In answer to a querying reporter, she remarked, "Oh, he seemed just like a little school boy, but I liked him awfully lot!" She further admitted that in the days of their first acquaintance she would see him on the streets of Abernathy as she walked from her father's store to the bank, and she found excuses to make that trek often! And evidently the attraction was mutual, for Pete was revealed to frequent the store for varied excuses and purchases; their first date was a valentine party.

It was on June 1st, 1926, that Lila Muri Crow and G. B. Buske were united in marriage in a ceremony read by Rev. J. F. Floyd, Baptist pastor, in the parlor of the Crow home in Ab-

A ★ County-Wide News Feature

Women's Club Gives Picnic for Children

The Womens Club of the Black community entertained their children with a picnic Monday night on the club house grounds.

Mrs. Martin Fulcher, chairman of the entertainment committee, provided games for the group. Prizes were awarded to the winner of the games.

Other members of the committee were Mesdames Anna Mae Hays, Pearl McLean, Grace Parr, Ethel Bengier and Maxine Price.

Parents attending the picnic were: Mr. and Mrs. Fern Barnett, Mr. and Mrs. Pete Braxton, Mr. and Mrs. Walter Fangman, Mr. and Mrs. Martin Fulcher, Mr. and Mrs. Bruce Parr, Mr. and Mrs. Tom Presley, Mr. and Mrs. Dick Rocky, Mrs. Mrs. Louise Roberson, Mr. James McLean.

Youngsters attending were Wesley, Judy and Betty Barnett, Jimmie and Ray Braxton, Bettie and Barbara Deaton, Arnold and Teddy Fangman, Kay and Lu Fulcher, Jimette McLean, Marie Roberson and H. V. Rocky.

ernathy. The first three years of their marriage was spent at Abernathy where Pete farmed. Moving to Friona in 1929, Pete opened a produce business here, later holding the Chevrolet dealership and finally re-entering his "first choice" of businesses, farming, ranching and realty.

It was a big order, but Mrs. Buske remarked to so many that "we look forward to as much happiness in the next 25 years as in the quarter century just past."

And in adequately reporting the occasion, mention certainly must be made that Mr. and Mrs. Buske were most profuse in expressing their heart-felt appreciation to everyone who contributed so much to make Friday a memorable occasion in their lives.

Without doubt folks like the Mr. and Mrs. Pete Buske type of people; the Buskes are rich in their multitude of friends and well-wishers!

OPENING of the FRIONA CAFE

Under New Ownership and Management

S. T. THORNTON, Owner

McCOY (MAC) McEWEN, Manager

It Opens Today!

Recognizing the need of a downtown cafe featuring a Cafe, with my first thought being that of service to the complete menu at all times, I have purchased the Friona Merchants and others who appreciate good eating at a convenient location.

Thoroughly competent personnel has been obtained in the kitchen and in the front; several days have been spent in preparing the cafe for your service; it has been cleaned and remodeled where necessary.

First class menus will be featured for every meal of the day and for short orders. May we have the pleasure of your patronage?
