## WINTER AND MOISTURE ARRIVE

### First Hard Freeze Accompanied by Rain and Snow Flurries

General rains over Parmer County this week have brightened the faces of practically all the wheat, grain sorghum, and cotton farmers who well remember the last appreciable moisture of late May and early June. About three-fourths of an inch moisture will probably be correct for the county average through today, though reports from northwest of Friona and some other scattered spots tell of 1½ rainfall over the week-end and late Wednesday.

Flurries of light snow fell Wednesday night and through today in the sub-freezing temperature, with the thermometers hovering from 24 to 28 degrees. Continued cold was forecast for tonight and tomorrow.

Wright Williams, North Plains Gin Company manager, said today that the freeze would materially help the cotton growers, with a few sunny days needed to open up the remaining bolls. He pointed out that the growth of the plants would be halted with the hard freeze experienced last night, and another forecast for tonight, and the cotton would likely soon be in shape for easy handling by the mechanical pickers or labor expected in the area. The

Friona gin has ginned 180 bales to date.

J. C. Wilkison of the Santa Fe Grain Company said that a considerable increase in wheat acreage to be sowed would be forthcoming with the moisture. Lots of stubble ground will be utilized, now that moisture has fallen, he said. He estimated about half of the Parmer County wheat now in the ground and about 30% of the grain sorghum crop harvested. Most of the late kafir is yet to be cut, as well as some other grain planted on irrigated land. Some cars and a number of trucks are now available for the grain moving, and he said there was no crisis in grain handling this season.

Harvest weather has been almost ideal the past month, with the combines running without interruption, except to wait for the grain to ripen. Very light showers had halted operations only a few hours until this week.

Arthur Drake, Friona Wheat Growers manager, said lots of farmers were prompted by the moisture to get their seed wheat cleaned and ready to sow considerable more acreage. Practically everyone seemed enthusiastic over the rain, he added, with only damage going to those not yet finished with their grain cutting.

### COLUMN LEFT

District USO officials notified CL this week that he was the Parmer County USO fund drive chairman! We don't know how this came about; about all we know is that November is the drive month for that group of organizations.

Texans are being asked to give slightly over \$4 for each one of their sons in uniform. USO is at the present time the only organization set up to plan recreation and entertainment programs, encouraging the development and maintenance of spiritual values and wholesome community relationships where the servicemen are found.

Announcement will be made next week of community chairmen of the fund drive. In the meantime donations will be accepted by myself or by Al Romich at the Chamber of Commerce offices.

Any parent having a son in uniform will likely want to contribute through this means; and the general public is urged to participate in making things a bit easier for those in service.

Donors names will be carried in the Star.

Flags purchased by the Friona merchants have arrived. However the poles, sent in another shipment, still are not on the scene. Just as soon as the poles arrive the complete flag and pole will be delivered by a member of the American Legion.

Every effort is being made to have these available for November 11th display. Certainly the effect will be startling, and the 39 merchants purchasing these 4 ft by 6 ft flags are to be commended. A few extra flags are on hand for any others wishing to purchase.

Superintendent of Schools Dalton Caffey has asked us to express in print his appreciation for the cooperation during the football games, and especially to the American Legion and to the parents of the squad members. The Legion has been on hand at 6 p. m. before each home game to assist in parking cars and patrolling the field.

Lazbuddie should receive much, much more credit for its 6-man football. Did you know they haven't lost a game this season? Last week they downed Three-Way 61-13. Attempts are being made to schedule a game with Bula this week to round out the season.

Cordell Brown, Lazbuddie coach, incidentally is a graduate of that Parmer County school himself.

Usual starting line-up has included Paul Jesko, Don McDonald, and Rufus Lucy in the backfield; and Teddy Treider, Richard Engelking, and Rudolph Jesko in the line. Paul Jesko has been out of the last three games with a knee injury but is hoping to play in the final games of the season.

It looks like the Lazbuddie games will be played under lights next year, with plans to erect the lights quite soon.

Sometime I'm going to a state Baptist Convention! Yessiree, (Continued on back page.)

### Friona Chapter 990, Order of Eastern Star Was Constituted Tuesday Night

Over seventy people were present Tuesday night for the constitution of the local chapter, Order of Eastern Star. The meeting was held in the local Masonic Hall with Worthy Grand Patron Earl Manning of Dallas presenting the charter. He was assisted by Worthy Grand Matron, Mrs. Flora Beth Boone of Littlefield.

Local officers were both elected and installed at this meeting under the supervision of the Worthy Grand Patron assisted by other grand officers present. Officers are:

Mrs. Tina Bainum, Worthy Matron; Mr. C. S. Bainum, Worthy Patron; Mrs. Ethel Chitwood, Associate Matron; Cayce Dunn, Associate Patron; Mrs. Florence Guinness, Conductress; Mrs. Thelma Coffee, Associate Conductress; Mrs. Martha Russell, secretary; and Mrs. Pearl Kinsey, treasurer.

Mrs. Lucille Collier, Ada; Mrs. Cecil Robison, Ruth; Mrs. Estelle Caffey, Ester; Mrs. S. S.

Prichard, Electa; Mrs. Bessie Boatman, chaplain; Mrs. Cornelia Kelley, marshal; Miss Faye Southward, warder; and Mr. Merle Sylvester, sentinel.

Thirty-two charter members constitute the Friona Chapter. Eight grand officers were present for the meeting, including the Junior Past Grand Matron, Lucille Duffner of San Antonio.

Chapters represented included Bovina, Hereford, Muleshoe, Amarillo, Lubbock, Plainview, and Littlefield.

This chapter, to be known as the Friona Chapter 990, Order of Eastern Star, is the first in Texas to be constituted since the Grand Chapter conducted last week at San Antonio. The Grand Chapter was attended by local delegates Mrs. Bainum and Mrs. Bev Buchanan.

Regular meetings for the Friona group will be held the 2nd and 4th Monday nights each month.

### Population Tops 1200

Official and final population figures released last week by the United States Department of Commerce listed Friona with 1202 population, an increase from the first announced 1196. Parmer County was listed with 5787 residents.

### Fines Were Levied Against 5 Youths During Hallowe'en

Five teen-age Friona youths were fined \$1 and cost (total of \$14 each) in Justice of Peace Court here, resulting from Hallowe'en activities. Judge J. D. Hamlin said the youths were charged with obstructing the streets.

No extensive damage was reported this morning, although machinery dealers were busy rounding up their implements scattered over the town, and clean-up crews were at work on most every block.

The parties held by the Parent-Teachers Association with the assistance of the Modern Study Club were well attended. The study club participated in the entertainments as part of its youth conservation program.

### Girl Scout Week Is Being Observed By More Than 80 Local Members, 30 Leaders

Scouts To Attend Church As a Unit This Sunday

More than eighty Girl Scouts in Friona are this week marking the annual celebration of Girl Scout Week. As part of the international group of more than one million girl scouts, a quarter-million of which are in America, the girls are renewing their pledges to "do their duty to God and their country; to help other people at all times." The local leaders emphasized that girl scouting combines training in democracy with the fun that belongs to childhood.

Scouting is open to every girl between the ages of 7 and 17; and in considering membership it makes no difference whether the girl has been a Brownie or not; "The girl scouts in her class at school will welcome her into their troop," the leaders pointed out.

This year all troops are meeting on Monday evening in Friona in order that the rural mothers who have more than one girl in scouting can make one trip to town to take care of the meetings for the week.

At the present time there are more than 30 adult leaders of girl scouting in Friona, serving as council members. However there is need of still more, and mothers who have girls and a little spare time are urged to find their place in the scouting program.

Next Sunday all the Friona Girl Scouts will terminate their week of activities by attending church in a body with their leaders. They will go to the Baptist Church for the services. Each year they go to one of the Friona churches.

Members of Troop II invite the public to note their window display at the Foster's Dry Goods store.

The Friona Girl Scout Association invites the public support of their program, of the girls in the community, during this special week and all through the year.

### Chamber of Commerce Membership Drive Begins Saturday "DO YOUR PART"

### R. G. Moore Succumbs After Accidental Gunshot Wound At Home Early Today

Funeral rites are pending for R. G. Moore, prominent Friona businessman who died early this morning from accidental gunshot wounds.

Moore, 39 years old, was wounded about 5:30 this morning when he opened the bathroom door at his home, evidently knocking against a 12-gauge shotgun leaning behind the door. Taken immediately to the Parmer County hospital here he died about 3 hours later.

Funeral services are yet indefinite, but they will be held at Mineola, Texas, original home of Mr. Moore. His body will be taken overland by Blackburn-Shaw Funeral Home of Amarillo.

Survivors are the wife and a 4-year old daughter, Gail. Mr. Moore was an uncle of H. K. Kendrick, Phillips wholesale dealer here. Moore operated the Phillips Station at the intersection of Main and Highway 60. He was a member of the local Methodist Church, placing his membership here immediately after moving to Friona from Houston last June.

The Junior class of the Friona High School went to Clovis Monday night for a skating party, dinner, and show. Accompanying the group were sponsors Mr. Gee and Mrs. Hise, and Mr. and Mrs. Jordon and Mrs. Sam Jones.

Tommie Jones, son of Mr. and Mrs. O. C. Jones is home on furlough from Fort Leonard Wood, Missouri.

Dr. and Mrs. Metzner were to leave today for a medical meeting in California.

### Fire Station Bids Are Being Studied

Four bids were received Monday by Friona city officials for the construction of a city fire station. All bids are being studied this week, with no contract having been let late today.

Low bid was for \$9,700 with the high bid at \$11,361.33.

### Chieftains vs Farwell Chieftains Outclass Fighting Bovina Mustangs, Racking up 52-6 Score

The Friona Chieftains will meet Farwell tomorrow night at Farwell to continue their conference play, winning from from Bovina last week 52-6. One thing certain - the Friona ball handlers will have full support of their smaller brothers whose Junior team met with multiple mishaps in a game earlier this week to bow to Farwell 27-0. In that game, pace-setter Dean London was out because of illness, and two other of Coach Robinson's boys were taken out of the game during the first half because of injuries.

This was the last Junior game of a season netting two wins and two losses.

Hardly any game on Parmer County gridirons attracts more attention than the annual Farwell-Friona tilt, and both teams in past years have played their

### Father of Mrs. Wilson Died at Clovis Saturday

Funeral services were held Tuesday in the Pleasant Hill Baptist Church north of Texico for Joseph Thomas Singleterry, father of Mrs. Elroy Wilson of Friona.

Mr. Singleterry died Saturday afternoon at his home just north of Clovis.

Surviving are five daughters and three sons. He was preceded in death by his wife some seven years ago.

Mr. Singleterry came to the Pleasant Hill community in 1906 and had made his home there and at Clovis since.

Services were conducted by Rev. Hooker, a former pastor at Pleasant Hill, and Rev. Hawkins, present pastor.

### MINISTER RECUPERATING

Rev. J. E. Tidwell is in the Parmer County Community Hospital here recovering from an appendectomy Monday afternoon at 4 o'clock. A visiting minister will conduct Sunday morning services at the local church.

Cpl. Johnnie Nazworth returned to El Paso Wednesday after spending a furlough here.

### Lamesa Speaker to Address Annual Meeting of Parmer Farm Bureau Here

### Legion Membership Drive Near End

The American Legion Post 206 in Friona will meet Monday night in an important membership rally and business meeting.

Every Legionnaire is encouraged to secure at least one new member, having that new member's application ready to turn in Monday night. Those working on the membership teams are requested to launch a final all-out drive over this week-end, being ready to make reports at this meeting. Tabulation will be made of the scores of the two membership teams, with the losing side to furnish a supper for the post and auxiliary the following week.

### Methodist Revival Ends Friday Night

The revival meeting at the Friona Methodist Church has been given good attendance throughout the week, considering the weather. Rev. E. Lovelace, Goldthwaite minister conducting the services, will preach here for the last time Friday evening. No evening services will be held either Saturday or Sunday. Due to the absence of Rev. Tidwell, local pastor, Polk Street Methodist Church cause of illness, avisting minister will fill the pulpit Sunday morning.

On Sunday afternoon at 3 o'clock there will be a mass meeting of Methodists throughout this area, to be held at the in Amarillo. Speaker will be Rev. Eugene Frank of Topeka, Kansas. Special music will be featured by a choir comprised of choirs throughout this area.

Opl. Ray Strickland has been transferred to the naval hospital at Corpus Christi, Texas. He was recently wounded in Korean action.

Mr. and Mrs. W. E. McGlothlin, Mrs. A. E. Stanley, Mrs. W. A. Tinney, and Gail McGlothlin attended to business in Amarillo Tuesday.

### Officers To Be Elected At November 5th Meet

Bruce Parr, Parmer County Farm Bureau president, announced today that the Annual County Farm Bureau Convention will be held Monday night, November 5 at 7:30, in the Friona School Auditorium. This will be the first annual convention held in Friona.

In a called director's meeting Monday night, with R. J. Buchanan, Area Organization Field Director, arrangement was made to have Sam Allen, Dawson County Farm Bureau President as speaker of the evening. Mr. Allen, who lives at Lamesa has been active and instrumental in farm legislative action in Washington and Austin for the last several years. He is thoroughly familiar with Rural Telephone Association progress and other matters of vital interest to rural people. A farmer himself, Mr. Allen is reputed to speak the language farmers understand and are interested in.

There will be business conducted, consisting of election of a president for 1952 and directors for Bovina and Rhea, whose director's terms expire in November.

Texas Farm Bureau has been credited with maintaining tractor gas exemptions for Texas farmers, and local officials say they intend to reestablish the convenient method of filling out exemption papers in use until the last session of legislation.

Delegates for attendance at the State Convention in Houston November 19-21 will also be elected at the Monday night Meeting.

Everyone is urged to attend.

### SINGERS INVITED

Invitation was again extended Parmer County singers this week to participate in the presentation of the "Messiah" at the Hereford Methodist Church on December 2nd. Next rehearsal is at 3 o'clock this Sunday.

Dr. A. Clyde Roller of Amarillo is conducting, and it is hoped that he can bring his symphonic orchestra to Hereford to assist in the annual presentation.

J. M. McAdams visited in Muleshoe over the week-end.

# Editorially Speaking . . .

## C of C Membership Drive Slated

Membership pledge cards for the oncoming year of Chamber of Commerce and Agriculture activity were mailed this week to the 1951 members. A concentrated membership drive will be made this Saturday.

In commencing another year of support for this civic enterprise we wish to view two or three factors: the job already accomplished, the methods of the organization in meeting current problems, and the work ahead.

Just one year ago the farmers of our trade area had no organization to which they could turn for information and assistance in their multitude of problems. True, they had and still have various organizations, each specializing in some particular phase of their work, including the Farm Bureau, the Extension Service, the Soil Conservation Service, etc. But many of them have been happily surprised in this past year to find that they have an impartial friend in that group of Friona citizens banded together under the chamber of commerce banner to help them. Assistance in the road programs of the county, road marking, feed and seeding help, assistance in handling the labor problem, all these are tackled by the organization.

It was surprising to us recently to scan over a listing of the services asked by our farmers of the chamber of commerce, and it was gratifying to note the success of the fulfillment of these requests.

Then there are earmarks of progress among the retail merchant men of the town, fostered by the yearling organization.

Any town, no matter the size, is definitely stepping forward when it has a community-wide organization which can act for its benefit. To some merchants the chamber represents opportunity for meeting with other merchants at the local offices on meeting night. To others it means that someone is hired and ready to do this task or that, whether it is conducting a Red Cross drive or organizing a delegation to represent us at that meeting downtown, etc. And to others, the organization provides a good means of sounding off, letting off steam! Any good chamber of commerce manager expects this, for it is true of any town, and probably a very healthy condition. If there are gripes, it is so, so much better to sound them out in public

meeting than to keep them buttoned up inside, occasionally making a few ill-timed remarks.

So, whatever your own conception of the Chamber of Commerce, you are affected by it and you have availed yourself of some of its services during the year.

From personal experience here and elsewhere, we know that it is sometimes hard to see the concrete accomplishments of a community organization during the first months of its operation. We all are prone to expect miracles quickly. But such miracles have never been the case anywhere, anytime; it is the long-range program, the month in and month out plodding, working, studying, and discussing together that finally wakens us up to the fact that progress has been made. And that progress in a town does not come by individual effort alone, it comes by group endeavor.

We have had a lot to learn in Friona. Some of us didn't know what to expect of a chamber of commerce. Others wanted to work but didn't know what to do. Some cannot understand the mechanics of the program. Yes, we need further education in this field. The idea of the organization is basically sound - deviations from its goal can be credited only to non-participation or indifference. If it is not being conducted properly, it is only your fault and mine. We are the Friona citizens who benefit or lose by our investments here; so friends, lets continue to put back into the community part of that which we take from it, and work together for continued progress here. John or Sam might not conduct their business the same as you, but with each of us sincerely contributing to the community effort through its commerce and agriculture organization, each will profit. Pulling separately, in opposite directions, we all lose.

So, Mr. Chamber of Commerce President, your manager and directors, we will be ready to join for another year when you come around Saturday. We are ready to do our part in carrying a commendable load. We anticipate most everyone else feeling the same way.

Children may tear up a house but they seldom break up a home.

### JOE OSBORN HONORED

Joe Allen Osborn, University of Texas student from Friona, has been appointed to the student government International Council, a co-ordinating body for all international activity on the campus. A sophomore who is taking a course in liberal arts, Osborn is a member of the YMCA, the Great Issues course steering committee, the rally card committee, and Alpha Phi Omega, service organization composed of ex-Boy Scouts.

He is the son of Mr. and Mrs. Sloan H. Osborn.

Join the Chamber of Commerce and Agriculture

"IT WORKS FOR YOU"

## Other Editors Say

### "E" for Effort Goes To Congressman Rogers

By Ben Ezzell The Canadian Record

Rep. Walter Rogers earns an "E for Effort" and a Grade A mark for carrying out his campaign pledges . . . in our books, anyway . . . for his votes last against the Administration's big income tax levy.

Congressman Rogers realized, without doubt, that he was swimming against the current in casting a vote for economy; and also, without doubt, made himself enemies on Capitol Hill by opposing the Democratic Administration proposal.

As a candidate elected on an "economy in government" platform, however, he was doing exactly what he had told the people of this district he would do. His example is all the more outstanding for its rarity in Congressional circles.

If more members of Congress . . . and the Senate . . . would cultivate a longer memory for their campaign pledges, our Government might be in a far better situation today.

### Couldn't Newspapers Help Ease the Emphasis On Partisan Politics?

From The Publisher's Auxiliary

It's wishful thinking, we know. It is also highly idealistic and probably impractical. But wouldn't it be helpful if the candidate, after election, ceased being a politician?

For the man elected as a Republican—or the man elected as a Democrat—it is probably quite difficult to act completely independent of party affiliation. But the attempt should be made—is, in fact, occasionally. The man elected should have help along these lines. And the newspaper can help.

For one thing, the newspaper should judge the successful candidate's actions solely on the basis of their good for the people. It should consider issues on the same measure. It might be well to make it a matter of style to drop the political party designation . . . make it Senator Jones (Va.) not Senator Jones (Rep.-Va.).

There can be nothing more damaging, of course, for a newspaper to attack an action on a political basis—and to disguise the action by attributing it to other reasons.

The Auxiliary, we trust it is known, is perforce quite independent of politics. No trade newspaper has a right to political expression, it can speak only for the good of its field.

The Auxiliary would not consider advocating a candidate of any party, that is not its privilege. It would not consider an

office-holder's action in the light of his political affiliations.

But your newspaper has all these rights and privileges. And the office-holder has the right to act in a statesmanlike manner or as a perpetual campaigner. If his newspaper continually reminds him of the fact that he is Democrat or a Republican, he will continue so to act.

Perhaps the simple device of dropping reference to party affiliation might encourage this. Why not try it and, if you do, please tell us about it.

### Life Is Not Football All the Way, Points Out McAllen Speaker

From The Weslaco News

"You may be a gridiron hero today, but you won't always be one," McAllen Chamber of Commerce Manager Paul Vickers told members of the Weslaco High School football squad Tuesday.

The Panther squad and coaches were guests of the Lions Club at their regular weekly luncheon at the Cortez Hotel.

Mr. Vickers, who was introduced by Program Chairman Moulton (Ty) Cobb, directed his entire speech, sometimes humorous but more often serious toward the Panther squad members, each seated between two Lions Club members.

"Football is fun," he said. "I used to play it myself . . . You're taught self reliance on the field . . . But life is not all football . . . You are sitting on top of the world now! You're football heroes. Later in life, however, you will have to win your laurels and cross your goals without the aid of a cheering section."

Miss Tila Rue Day and a group of friends from Amarillo visited Sunday evening in the parental E. R. Day home here. In the group were Cpl. Don Wilson, Cpl. Fred Friskey, Staff Sgt. Ray Trazle, Cpl. Don Ellis, and Misses Betty Kossee, Betty Hood, and Tila Rue.

Mrs. E. A. Smidt, daughter of Mr. and Mrs. T. B. Armstrong and a sister of Mrs. Emmitt Day, will leave Saturday by plane for her home in Chicago. She has been visiting here for several days. She spent last week-end in Wink, Texas, visiting a former roommate.

Visitors in the L. F. Lillard and C. C. Maurer homes last Wednesday were relatives from Wooster, Ohio. Mr. and Mrs. T. R. Garn and Mrs. Paul Garst comprised the party; they left here to visit at Corsicana. Mrs. Garn is a cousin of Mrs. Lillard and Mrs. Maurer.

## The Greatest Show on Earth . . .

It's about time someone is sounding off regarding the oncoming political campaigns.

Here are some possibilities in the national political field that we would appreciate some comments concerning. Not that we do not say possibilities - but rather possibilities.

President Truman has left few political fences unrepaired; whatever else may be said against him, he must be credited with a master job of aligning one group after another with his machine, by personal favors in the forms of patronage, handouts, or recommendations. Labor, Catholicism, management, the federal employees - all these have been considered in his activities which can mean nothing else than that he has had a long-term Whitehouse lease in mind.

Mr. Taft, in announcing for the presidency a few days ago, brought the campaign out into the open. There is no question about the Taft group of Republicans being the avowed foes of the Truman brand of administration. They will have two full barrels which they can aim at the administration: the usual fight against the Democratic Party and the added Truman regime. In the light of this direct challenge to his administration, Mr. Truman could very, very probably stand firm on a resolve to run. Hard-headed as he has proven to be, standing by his friends and relatives, it is entirely likely that personal attacks on him will serve to congeal his activities into a definite and open personal campaign.

Another factor could readily mold a different situation: that of the possible campaign of General Eisenhower. With Mr. Eisenhower enjoying the public favor for his war record and as a possible stone in a company of pebbles, he likely could secure the nomination of either major party. Governor Dewey and

other Republican wheels have time and again expressed their admiration of the general, citing his qualifications for the presidency. Mr. Truman is aware of this. If the Republicans continue to press Eisenhower for a commitment, is it possible that Mr. Truman would announce his own intention to step down in favor of the war hero running on his own Democratic ticket? Would he relegate his personal ambitions to the background in order to give new and strong blood to the Democratic party? Is he that big a man?

Whatever group General Eisenhower choose to represent, and we do believe he will accept a nomination, he will enter politics in an independent light seldom enjoyed by any candidate. With a virtual draft of his services coming before he announces his decision, he can always say, "You of both parties asked begged, and pleaded with me to leave my highly important international post; now I'm going to do what I consider for the best interest of all the country, with no fetters attached." He could say exactly that and make it stick.

Stand by for the greatest campaign yet!

Furriers don't sell women's coats C.O.D. any more. Now they peddle 'em R.F.C.

Anyway, a man can still light a cigar without first offering one to a lady.

There are two ways to turn a man's head. Just rattle money, or rustle a skirt.

ate or sleeping pill is made an offense against the law, unless the person possessing the same can show that he came into possession of the same in a lawful manner. Thus if some pharmacist sold "sleeping pills" to a person without a prescription both the pharmacist and the purchaser of the sleeping pills would be subject to punishment under the law.

The penalty for violation of any of the provisions of the act shall be fine not to exceed \$1,000.00, or confinement in jail or both such fine and imprisonment. For second or succeeding violation of this act the penalty shall be not less than two years nor more than five years confinement in the penitentiary.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

## The Law and You

By Robt. (Bob) Kirk

DO YOU KNOW what acts the last session of the Legislature passed regarding the regulation and control of barbiturates or "sleeping pills"?

The last session of the Legislature, recognizing that there was a widespread misuse of barbiturates or "sleeping pills" set a pattern for the regulation and control of the distribution of such sleeping pills. Under the act a pharmacist is placed under certain definite regulations in regard to the selling of "sleeping pills." The pharmacist must have before him a pre-

scription from a licensed physician prescribing the sleeping tablets and stating the quantity to be delivered. This prescription may not be refilled unless it is designated on the prescription when and how frequently the prescription may be refilled. The pharmacist is required to keep this prescription on file for record and examination. The possession of a barbitur-

**KITCHEN MEMO**  
BY JEAN CLARKE

If Friday is fishday in your house and plain old fish gets a little boring, try *Broiled Filets with Cheese*. Brush 4 fish filets with 2 tbsps. melted butter or margarine. Broil until flaky—about 10 mins. Combine 2 tbsps. melted butter or margarine, 1/2 cup tomato purée, 1/2 tsp. salt, dash pepper, 1 tsp. Worcestershire sauce. Cook over low simmer flame until heated. Put broiled fish in oven dish, pour sauce over it. Sprinkle 1/4 cup minced onion, 1/2 cup grated cheese on top. Slide into broiler under medium flame, cook until cheese is melted. Serves 4.

A thermostatic control, or oven temperature regulator, is now required equipment on gas ranges by the American Gas Association's Testing Laboratories. For consumer protection all gas ranges approved by the Laboratories are labelled with the blue Seal of Approval.

Steam bread slices in a colander over boiling water for a minute or two to make them easier to roll for sandwiches.

There's no special plumbing needed for gas-fired incinerators which can be hooked up to any gas line in kitchen, laundry or utility room, even the back porch or garage.

As high as 180° hot water is required to thoroughly sterilize dirty dishes and for some types of home laundering. This demand for higher temperature hot water is available through the new automatic storage type gas water heaters.

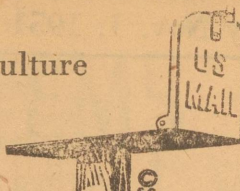

To freshen rolls, put in paper bag, twist the top to close it, heat in gas oven at 400° F. for about 15 mins.

Waste baskets are easier to clean if they have a good coating of wax rubbed on the inside.

Chamber of Commerce & Agriculture

**NEWS LETTER**

By J. Alan Romich, Mgr.

Howdy Neighbor:

**SOIL AND CROPS**

The latest information on alfalfa seed produced in Texas this year shows there were 31,000 bushels, thresher run. This is about 47% below the revised estimate of 58,000 bushels produced in 1950, and is 18% below 1940-49 average of 37,740 bushels. Loss in cleaning averaged 23% this year against 26% last year, leaving clean seed production at 24,000 bushels. Acreage for harvest this year is estimated at 12,000 acres; the ten year average was 12,300 acres but 3 as one-third less than last year when 18,000 acres were harvested for seed. The indicated yield per acre at 2.60 bushels, thresher run, is the lowest since 1944, compared with 3.20 bushels in 1950 and the 10-year average of 2.96 bushels. Estimated production carry-over of 123,459,000 pounds clean seed. This drop is injurious to our land, and it should be brought back up to a higher average to help build up the land, one method being plowing the last cutting under for green manure and to add mulch to the soil.

Sudan grass seed is reported at 10,500,000 pounds, or 27% below the 1950 crop of 14,400,000 pounds. The sharp decline is due to lighter yields and reduced acreage. Sweet sudan comprised 80% of the total production in 1951, compared to 68% in 1950. The current supply, including estimated production and carry-over, is 54,102,000 pounds of clean seed. This is 23% larger than 1950, but 10% below 1940-49 average.

**INQUIRIES ABOUT OUR TOWN**

Recently people have been writing and inquiring for information about Friona. One inquiry comes from Brookline, Massachusetts. A man working on his masters degree there wants to write a thesis on the "Texas Panhandle" and Friona. There are some in our own schools this year who are working on a theme compiling this information. This is good; as time passes, and it passes quickly, the history is becoming extinct, and it will not be too long until accounts and information will be impossible to obtain—other than a few facts which can be dug up in our county records. This work should be encouraged, and the best possible records should be kept for the future generations.

**MEMBERSHIP DRIVE**

Our one-day membership drive is nearing - November 3rd. Each member is urged to give this day to securing members throughout the trade territory; your help is most earnestly solicited.

Our new slogan is receiving some very favorable comment; it is **WE ARE MOVING SO FAST - DON'T LOSE YOUR INVESTMENT**. A note received from Colorado reads, "The best I have heard," and one from Ohio says, "The true spirit of far thinking and cooperation."

**DO YOU HAVE THE CHAMBER OF COMMERCE AND AGRICULTURE ON YOUR PAY-ROLL? ?? IS ITS SERVICE WORTH THE PRICE YOU PAY YOUR POOREST PAID EMPLOYEE? ?** Remember—it is representing you 24 hours out of every day.

**MISCELLANY**

Here is tip to the housewife who has a young daughter: In ironing a dress, the sleeves and shoulders can be ironed by rubbing over lighted electric light bulb in only a second or two after the dress has been ironed.

**HELP WANTED**

Some help to work in the cotton is being brought in by our farmers, but the numbers are so small as to make very little progress in the cotton - which is not storm proof; if sufficient help is not obtained there will be a loss in this type of cotton.

We have a young single man who is wanting permanent farm work; anyone wishing to hire him should get in touch with this office.

**REGARDING SOLICITORS**

Do you know the solicitor who sells or asks for money at your door? Do you have any assurance that the proposition is legitimate and that you receive return on your investment?

Your Chamber of Commerce and Agriculture has set up a soliciting checking service, and as in the past it still asks that before you buy anything from anyone at the door or on the street that you make sure that solicitor has in his possession a letter from the chamber and signed by the manager. This is your safeguard against unscrupulous people who prey on every town. Before this office will including estimated production issue a permit so that the solicitor can get a permit from the city office, the applicant is checked through the Better Business Bureau; if their record is below standard they will not be given permission to solicit. Please remember this and save yourself hard cash. Even well-meaning local residents are sometimes used as tools, unaware to them of course, in the gyp racket. So whether that door-knocker asks for donation for chairs for that church, or fans or curtains for the school, or whatnot, please check with your chamber of commerce office if no letter of permit is carried.

A letter has been written to the State office of the Motor Vehicle Division regarding the securing of an inspection station here in Friona. The new law states that the owner of the car must have his car inspected and in proper working order before such licenses can be issued.

**TOO TRUE**

"I've got a pretty distasteful job before me," remarked the genealogist. "Mrs. Newrich employed me to look up her family tree, and I've got to inform her that one of her relatives was electrocuted!"

"Why worry about that?" said his friend. "Just write that the man in question occupied the chair of applied electricity at one of our public institutions."

### Overseas Packages Should be Mailed Now for Delivery

With November 1st recommended as final date for overseas mailing, those wishing to send packages should do so without delay. Postal authorities point out that parcels must travel a long way and be handled many times. It is important they be properly wrapped. Postal authorities remind matches and lighter fluid cannot be mailed and cigarettes and other tobacco products cannot be sent through APO's, he said.

A parcel cannot be more than 100 inches in over-all dimensions nor weigh more than 70 pounds for overseas shipment. An exception is a 50-pound limit set on parcels going via APO 124, 125, 147, and 179. care of postmaster, New York City.

Boxes for mailing should be either metal, wood, solid fiberboard or strong double-faced corrugated fiberboard. Contents should be cushioned unless the box is completely packed. The box may crush if not tightly packed.

WHAT IS THE GREATEST ENEMY OF OLD AGE?  
1. SHOULD BABIES BE OUTDOORS IN WINTER?  
3. WHY DOES THE DOCTOR THUMP YOUR CHEST?

Answer to Question No. 1:  
1. Neglect is the greatest enemy of health in old age. People usually fail to go to a doctor until an emergency arises. In old age that is often too late. Studies of the average diets of elderly people show that in general the group is badly nourished. Lack of teeth, and real or imagined digestive disturbances, cause many elderly men and women to resort to diets high in sugar, starch and fats. They should eat foods rich in proteins and vitamins.

Answer to Question No. 2:  
2. If the temperature is above freezing and the wind is not too cold, a baby should be outdoors two or three hours a day. The middle of the day is the best time in colder weather. Your doctor will advise what is best for your baby.

Answer to Question No. 3:  
3. He does it to listen for "the muffled sound of a drum covered with a thick woolen cloth," which indicates a healthy chest. This discovery was made by Dr. Leopold Auenbrugger of Vienna in the middle of the 18th century. It was the beginning of scientific diagnosis of diseases of the chest. Today, aided by X-ray and other modern techniques, diagnoses can be confirmed and many more cures effected. But the thumping method is still useful in looking for trouble.

MISS FERN CARVER

Strong cord and heavy paper should be used on the outside of the box and address should be typed or printed in waterproof ink. Do not use gummed labels, the post office officials say. They may come off. Addresses should also be written on a slip of paper and enclosed in each parcel with the addressee's full military address.

Most packages can be insured or registered and in some cases customs declarations are necessary. Regular domestic postal rates are applicable to the overseas parcels. In the case of fourth class mail where rates are determined by zones, the rates will be based on the zone of the post office where the parcel is mailed.

### Parole System Reports Handed Local Officials

Secretary of State John Ben Shepperd stated in a report to W. H. Graham, Farwell Chairman of the Parmer County Voluntary Parole Board that the Texas Voluntary Parole System is functioning economically and satisfactorily.

Shepperd reported that when he assumed the duties of Secretary of State in February 1950 there were 600 paroles unaccounted for in Texas. He commended the Texas Voluntary Parole Board members for their co-operation and assistance in enabling the Department to reduce the number of missing parolees to 60.

The Parole System, Shepperd reported, has proved to be a sound program as a method of progressive public protection. The Annual Report of Texas Board of Pardons and Paroles shows that in 1949 there were 11.6% parole violators. This figure was reduced to only 3.8% in 1950.

These men, the Secretary of State reported, are supervised at the cost of only 4 1/2 cents daily for each parolee while it costs the Texas Prison System 82 cents daily for each inmate. This figure, he stated, does not take into consideration the amount spent by the State in caring for the dependents of those incarcerated. The Department of Public Welfare shows in their Audit Report for 1950 that \$212,426.27 was spent in aiding these families.

In comparing the costs of the Texas Volunteer Parole supervision with that of other states, the Secretary of State cited the fact that the state of New York spends \$62 for each parolee yearly; Massachusetts \$54 yearly; Virginia \$60 yearly; Wisconsin \$34 yearly while Texas only spends \$15 yearly for each parolee.

Shepperd also praised the work of the members of the Voluntary Parole Board and cited several cases where through their efforts delinquent have been restored from the prison system to daily pursuits of everyday life.

## BOVINA ITEMS

### MR. HARRY C. JACKSON PASSED AWAY THURSDAY

Mr. Harry C. Jackson, 72 years old, and a old resident of Bovina, passed away on Thursday night on the way to the hospital in Clovis; he died of a heart attack. Funeral services were held at Hereford by the Gilliland Funeral Chapel there on Sunday afternoon at 3 o'clock with Rev. M. D. Durham of Bovina First Baptist Church officiating.

Mr. Jackson has lived in Bovina since 1929, when he had lived since 1903.

Survivors include the widow, a son Harold Collins Jackson Jr. of Robstown, three daughters, Mrs. James Morgan, El Paso, Mrs. Johnnie Briggs of Midland, and Mrs. Alton Lookingbill of Flier, Iraho, 12 grandchildren and two great-grandchildren.

Pallbearers were Frank Smith, H. D. Bradshaw, Roy Hawkins, A. M. Wilson, Boyd Montgomery and Aubrey Rhodes.

Burial was at the West Park cemetery in Hereford.

### ALFRED MILLS HONORED WITH GOING AWAY PARTY

Mr. Alfred Mills, who will be inducted into the Army on Nov. 6th, was honored with a party or Wednesday evening, Oct. 24th, in the home of Mr. and Mrs. Dudley Stout. When friends gathered at his home after the Wednesday evening Bible Study, to bid him farewell and God speed as he goes from here into Uncle Sams service. He will go to Wichita Falls, and spend a few days with his parents, before he leaves for the Army.

Cake and Ice cream was served to the following: The honoree Alfred Mills, Mrs. Norene Young and little daughter Colene, Mr. and Mrs. E. D. Ashcraft, Mr. and Mrs. J. W. Ellison, Mr. and Mrs. F. W. Ayres, Mr. and Mrs. Bill Venable, Mrs. E. E. Woedel and children, Mr. and Mrs. Mell Gunn, Mr. and Mrs. Byron Turner, Dana, Betty and Garry, Mrs. A. G. White,

Mr. and Mrs. Levi Johnson and Billy, Mrs. Robert Calaway and sons, Mr. and Mrs. Stout and children, Royal and Martha. Alfred was presented with a nice gift at the close of the evening.

### BOVINA WOMAN'S STUDY CLUB MET THURSDAY

Mrs. Otho Hammonds and Mrs. A. B. Wilkerson were hostesses on Thursday afternoon, the 25th, of Oct. to the Bovina Woman's Study Club, when they met in the home of Mrs. Otho Hammonds. Parliamentary Law was the discussion for the evening. Roll call was answered by (Dont's) on Parliamentary Law.

Those attending were: Mrs. Tom Caldwell, Mrs. David Carson, Mrs. Gene Eell, Mrs. Reagan Looney, Mrs. Arlin Hartzog, Mrs. Eddie Reddin, Mrs. H. L. Tidenberg, Mrs. Frank Truitt, Mrs. W. H. Willoughby, and the hostesses, Mrs. Wilkerson and Mrs. Hammonds.

### MRS. J. SAM GAINES HOME SCENE OF LOVELY SHOWER

On Saturday afternoon a group of friends and relatives gathered in the home of Mrs. J. Sam Gaines to honor her daughter, Roberta, with a Bridal Shower. Mrs. Hillary Tidenberg, Mrs. Amon Steelman, and Mrs. Julia Leake were hostesses to this affair.

The house was beautifully decorated throughout with Autumn flowers, the table with its centerpiece was a thing of beauty. The gifts were displayed in an array of colors which was very pretty. Twenty-five or thirty enjoyed this. A number of gifts were sent from those who were unable to attend.

### STANLEY PARTY HELD AT MRS. DUDLEY STOUTS

On Thursday afternoon at three o'clock Mrs. Dudley Stout entertained in her home with a Stanley party, the demonstrator being Mrs. Jackson.

### DINNER AT A. R. McCUTCHAN HOME ON OCTOBER 21

Those enjoying a dinner in the home of Mr. and Mrs. A. R. McCutchan home on Sunday Oct. 21st, were Mr. and Mrs. Evert McCutchan and Betty, from Toole, Utah. Evert is employed at the Atomic Improving grounds there and was visiting his folks the J. F. McCutchans at this time. Mr. and Mrs. J. G. McCutchan, Mrs. Beula Pumroy of Azel, Texas, Mr. and Mrs. Charley Rauh, Mr. and Mrs. Jack McCutchan and sons, Junior and Keith. Mr. and Mrs. A. Mr. and Mrs. A. R. McCutchan and son.

### RECENT BRIDE HONORED WITH BRIDAL SHOWER

Mrs. William Gromowsky, the former Kathryn Jefferson, was honored with a Bridal Shower Friday October 2th, in the home of Mrs. H. J. Charles in Bovina. The serving table was a thing of beauty with Autumn centerpiece, flanked on either side with Aqua tapers in Silver holders. Mrs. Pat Kunselman presided at the guest book in which around 50 registered.

Hostesses for the occasion were: Mrs. Robert Calaway, Mrs. Clifford Leake, Mrs. Byron Turner, Mrs. Pat Kunselman, Mrs. Fred Hoffer, Mrs. Frank Wilson, Mrs. John Wilson, Mrs. N. E. Bones, Mrs. E. D. Ashcraft, Mrs. Herman Eses, Mrs. Aubrey Rhodes, Mrs. H. J. Charles, Mrs. Elton Venable, Mrs. Troy Armstrong, Mrs. Margaret Minter, Mrs. John Kimbrow.

The many lovely gifts made a beautiful picture in their hue of colors. Many sent regrets.

### BAPTIST BEGINNERS CLASS HAVE PARTY THURSDAY

The Beginners Class of the Baptist Church were guests at a party on Thursday afternoon in the home of their teacher Mrs. Olin Hardy, the children enjoyed outdoor games and favors of Halloween noise makers and gum and candy. Mrs. Hardy served pop and cookies to the following members of the class: Patsy Lloyd, Lynn Looney, Barbara Hillock, David Hillock, Richard Carson, Billy Minter, Ronnie Hardy, Elaine Fuller and Maurine Hammonds. Guests

present were, Paula Kay Kerby and Coleen Young.

### LADIES OF W. M. S. HONORED

The Baptist Ladies of the W. M. S. honored the ladies who had become members of the Church during the past year on Wednesday afternoon when they met in the Educational Auditorium of the Church.

Mrs. M. C. Huggins led the group in a song and Mrs. Chas. Hawkins brought a short devotional, Mrs. J. W. Gooch gave a reading and then led the group in several games.

Refreshments of pumpkin pie and whip cream and coffee were served to Mesdames Von Bowen, C. M. Huggins, H. L. Tidenberg, J. O. Combs, A. L. Kerby, N. E. Bonds, Myra Gilliam, Roy Kawkins, Giles Williams, J. F. Barnett, B. L. Hillock, Olin Hardy, Charles Hawkins, J. W. Gooch and R. N. Willford.

### WESLEYAN GUILD MEETS

The Wesleyan Service Guild met on Thursday, Oct. 25, in the Methodist Church at 8:00 p. m. With Mrs. Howard Crook and Mrs. James Watkins as hostesses.

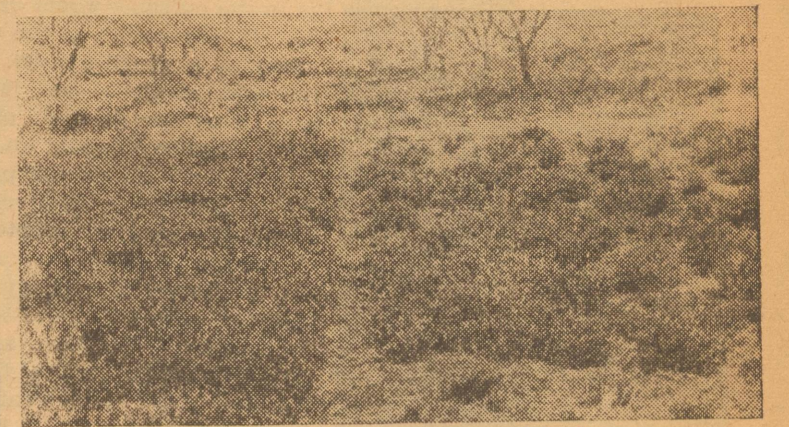

A Study of the Book, Newness of Life, by Estelle Carver was begun by the Guild. Mrs. Olie Ellison giving the first lesson, assisted by Mrs. Harry J. Charles and Mrs. Earl Derrick.

Mrs. John Kimbrow, President presided after a general business session and the lesson. Refreshments of coffee and cookies was served to the following members: Mrs. I. T. Huckle, Mrs. Harry J. Charles, Mrs. Wilbur Charles, Mrs. James Watkins, Mrs. Aubrey Ellison, Mrs. Howard Crook, Mrs. Florence Montgomery, Miss Grace Paul, Mrs. Willie Williams, Mrs. E. M. Derrick.

Mrs. Lewis Pesch and Mrs. Lloyd Batten spent the week-end visiting in Abilene.

Electricians Mate Frist Class, Lawrence L. Rhodes who has been serving with the Navy for the past year, was heard from by his family and friends over Station K. I. C. A. on Saturday between 12:00 and 12:15. This was an interview recorded while Lawrence was in Pearl Harbor. While Lawrence was there dur-

## Better Yield and Higher Profit from New Legumes

Compare Wilt Resistant Ranger Alfalfa, to Left, with Susceptible Grimm to Right.

A slight increase in yield of forage, grain or seed per acre, in percentage of leaves to stems which means more protein, minerals and vitamins, in the productive life of plants, winter survival, disease and insect resistance, or any one of a number of other desirable traits will more than pay for the extra cost of improved seed.

Advantages of improved seed are evident, but since the farmer who sows improved seed is likely to use more fertilizer, better preparation of seedbed, and cultural practices, the gain derived solely from improved seed may not always be easily distinguished from other improvements.

Three of the newly introduced biennial varieties of sweet clover—Spanish, Madrid and Evergreen—which are superior for pasture use, have also given outstandingly large hay yields in the Central States than the older common white, common yellow, and Grundy County white. At Lincoln, Neb., Evergreen yielded 2.75 tons, Spanish 2.28 tons, and Madrid 2.03 tons in comparison with 1.89 tons for common white and 1.62 tons for common yellow. Similar increases were obtained at Columbus, O.; Manhattan, Kan., and elsewhere. The seed supply of Emerald, Evergreen, Spanish and Madrid varieties is still too limited for general distribution.

The two varieties of annual sweet clover—Hubam and Emerald—have been outstanding producers in the Southern states for spring and early summer grazing and for soil improvement.

With alfalfa, bacterial wilt has been reducing stands and shortening the life of Grimm, Baltic, Hardigan, and others which are among our hardiest varieties and formerly outstanding. Recently, plant breeders have developed two varieties, Ranger and Buffalo, which are equal or superior to the older ones in yield, and show high resistance to wilt.

Fields of these varieties in wilt-infested areas will retain a good stand and remain productive years longer. Seed of improved varieties or new discoveries and introductions of other forage crops, has been made available to farmers in recent years. Among these are Kenland red clover, Dixie Crimson clover, Marietta, Lorain and Alaska timothy, Achenbach, Lincoln, Fisher, Martin and Manchur bromegrass, Alta and Kentucky-31 fescues, intermediate wheat grass, Tift, Sweet and No. 23 Sudan grass, and many others.

The seed of Marietta, Lorain and Alaska timothy is not yet readily available commercially.

The grassland farmer who wishes to make the most out of his pastures and meadows will keep on the lookout for improved varieties and new introductions of forage crops as they become available.

ing the interview by another Navy man Lawrence told of his service while in the Navy. He served during World War II and was in two of the Major battles. Lawrence was recalled to service about a year ago from the Naval Reserve and has been all over Japan and into Korean waters. He is now in California, where his wife and baby are with him. He is the husband of Betty Jo Rhodes and has a little son Randy. His mother is Mrs. A.

## SHOWS HOURS WORKED ON EVERY JOB

... with the new Ford Tractor and

## PROOF-METER

The great Proof-Meter—available only on the new Ford Tractor—automatically indicates the number of tractor hours worked, by an hour meter on its dial. This can help you save money and make money in a number of ways...

It's easy to cut the operating cost and increase the life of your tractor—when you know hours worked! You know exactly when to take care of vital servicing... changing oil... checking spark plugs... renewing oil filter, etc. This helps avoid costly layups! It helps keep your tractor on the job, working at its best.

Because the Proof-Meter indicates tractor hours worked it lets you keep more accurate records. You can figure costs on every tractor operation, on every crop you raise! Thus it enables you to plan intelligently to raise over-all farm profits.

5 instruments in ONE! In addition to Hours Worked, the Proof-Meter shows you Engine Speed, Tractor Travel Speed, P.T.O. Speed, and Belt Pulley Speed. Nothing else like it.

Only the Ford Tractor has the Proof-Meter!

## FRIONA MOTOR COMPANY

## "SMALL BUSINESS"

By C. WILSON HARDER

It is possible the recently signed Japanese Peace Treaty will run into rough water when it comes to the Senate for ratification as required by the Constitution.

The trend of events may result in one of the biggest Congressional probes yet of the State Department to smoke out what influence worldwide monopolies are having on nation's foreign policy.

Old soldiers may fade away, but the reason for their dismissal is not so easily forgotten on Capitol Hill.

And twice within 60 days, there have been reports from Japan that the old world power seeking monopolies, interlocked before the war with foreign monopolies, are again rising.

Many feel MacArthur policies on Japanese economic reform were the real reason why he was at odds with the State Dept.

Now the British press service confirms this with a report that four of the giant Japanese companies that formed the giant Japanese financial monopoly have announced they will merge again.

The British report says that these monopolies were broken up by MacArthur.

Early in the occupation, the report relates, MacArthur set up an anti-trust division to break up these monopolies as they were held responsible for bringing about Japanese aggression through their puppet, Tojo.

MacArthur was probably too

successful in bringing economic democracy to Japan. His success in enforcing anti-trust rules of recent vintage was a glaring contrast to official apathy in this nation toward enforcing long established anti-trust laws.

All haste was made to conclude the occupation before the Japanese people had ample time to work out a system that would insure continuation of individual free enterprise in their nation.

MacArthur was the hope of the average Japanese citizen.

But with that hope rapidly being destroyed, they will undoubtedly turn to a new champion. Whether the new leader will be another Tojo, or Stalin, cannot be predicted now.

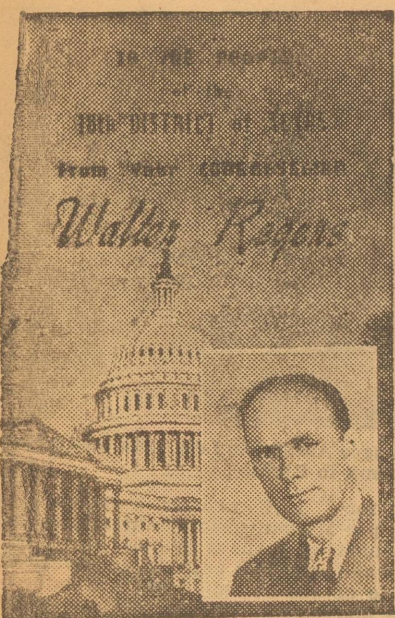

It is possible that members of Congress before ratifying the treaty will want to investigate the strange events concerning Japan. In order they are: the ousting of MacArthur; the break-neck speed with which a peace treaty was held immediately after; and now the reforming of Japanese monopolies.

And tied to these events is the fact that the Marshall Plan will now insure against loss any American firm that wants to invest as a partner abroad in a foreign monopoly.

Although the Congress has been largely ignored, Congressmen may use Japanese events as the means of recapturing some of the power given them by the voters.

An exposure of the forces both at home and abroad seeking to tie all business, finance, industry and agriculture into super-monopolies is in order before anything is ratified, many on Capitol Hill believe. There may not be haste to rubber stamp recent actions.

# Congressman Rogers Will Visit District

Washington, D. C. October 26, 1951.

### WAR AND RUMORS OF WAR:

The Egyptian crisis could easily turn into the same type of powder keg as the Balkans prior to World War I. A prophecy

to the outcome would be foolish. No one knows, as the whole situation is touch-and-go. It is not new, as there has always been a certain amount of bad blood between England and certain of her colonies and protectorates. These disagreements have not heretofore erupted into warfare of global proportions. Let us hope that the present Egyptian crises can be settled peaceably. It has been said by some of the supporters of Egypt's position that the treaty between Egypt and Great Britain concerning joint occupation of the Suez area and Sudan was not a voluntary treaty on the part of Egypt; that at the time this treaty was signed the Egyptian government was under threat of British arms and that Egypt was told by the British official in charge to sign or else. Whether or not this position is true, I do not know, but those accepting the story as true take the stand that Egypt should not be bound by a treaty entered in-

to under those circumstances. The Suez Canal is a vital link in world affairs, and nothing would please Russia more than to have this link fall into the hands of some power or powers that could or would close it on a moment's notice to NATO and UN countries.

### SUNDAY WITH THE FAMILY

Last Sunday was the first Sunday I have been here that I got to spend the entire day with my family. Jean and I took the children and one of their friends to Harper's Ferry and then up to Gettysburg. It was a most informative, as well as pleasant, trip. Few people in this country realize the importance of the Battle of Gettysburg on the military tactics that have been employed in the wars that have followed the Civil War. The area of approximately 25 square miles. The Southern forces entered the battle from a northerly direction, and the Northern forces entered from a southern direction. The battle lasted three days, all of which time was not spent in fighting. The Southern forces gained control numerous times, and had they pressed their advantage upon any of those occasions, the South could and probably would have won the war. The military generalship displayed at that battle has been the subject of detailed study by military men down through the years. It is reported that prior to World War II Marshal Rommel, the "Desert Fox," who gave Field Marshal Montgomery so much trouble in North Africa, spent 18 months in this country studying in minute detail the battle of Gettysburg and other major battles of the Civil War, devoting most of his time to a study of the tactics of Stonewall Jackson, Forrest and several other Confederate cavalymen. There is much to be learned from the battle of Gettysburg and I wish that every American could visit this battlefield, the site of the greatest battle ever fought on American soil. We of the present day think that we have developed fantastic weapons and methods of destroying the enemy in battle, but a trip to Gettysburg will make you wonder. The casualties on both the Confederate and the Union sides during that one-hour period were greater than the casualties of the United

States Army for the first five days of the invasion of Normandy in World War II. One unit of the Union Army still holds the record for percentage of loss in a single encounter. It was a Minnesota regiment and the percentage of casualties in the one encounter with General Longstreet of the Confederate Army was 82 percent. The estimated forces in the battle were approximately 75,000 Confederate troops and 87,000 Union troops. It makes one wonder how long man will pursue the futile course of war. I wish I had the space to tell you more. If you ever get the chance to visit the battlefield, do not miss it.

### PLANS FOR VISITING THE DISTRICT:

I hope to be back in the District on about the 10th of November. I wanted to come earlier, but there are so many things that must be attended to, both in the office and at home, that an earlier departure was impossible.

### BRITISH ELECTIONS:

I was just interrupted by a telephone call from the Reuters News Agency, asking my opinion of the reaction of Congress to the conservative party victory in England. I told them that it is my thought that the victory of the conservatives would be welcomed by the Congress if it indicated a definite halt to the socialistic trends that have plagued Britain.

Here is a story that has been

## 90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

# END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

**More Than 90% of Employees Accept** Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

**Less Than 10% Refuse** But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

### What Do the Railroads Offer?

They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

### What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

### What About "Cost of Living" Increases?

The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

### What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

### What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

### Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

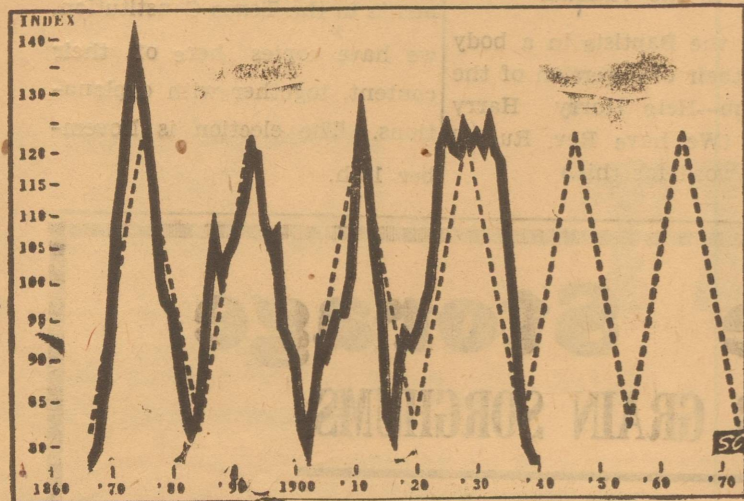

### The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Fewer Business Failures In 1950's

Business Trends in U. S. Since 1857 Show Definite Cycle

Chances for success in new or existing commercial or industrial enterprises during the 1950's are likely to be better than average, according to the Foundation for the Study of Cycles in New York. An analysis by the Foundation of business failures in the United States from 1857 (the first available figures) to the present time reveals the presence of a cycle of 17 1/2 years. If this cycle continues, the Foundation points out, the 10-year period from 1950 to 1960 should produce fewer business failures although the ups and downs for individual years may vary greatly.

The above chart shows the rhythm of commercial and industrial failures in this country, adjusted for war distortions and long term trend and smoothed out to eliminate minor variations. When the curve is up, failures have been relatively greater and times have been worse; when the curve drops failures have been less important and times more prosperous. The broken line idealizes the cycle and projects it into the future to indicate what will happen if this tendency continues.

Recipe of the Week

Salmon Souffle

1/4 cup butter  
1/3 cup unsifted flour  
1 1/2 teaspoon salt  
2 cups milk  
4 eggs separated  
1 - 1 lb. can salmon

Melt butter in top of double boiler; blend in flour, add salt and milk, and cook over direct heat, stirring constantly, until sauce boils and thickens. Beat egg yolks until light, stir in a little of the hot sauce, and pour back into rest of sauce; cook over boiling water, stirring constantly, for 2 minutes. Remove from heat. Flake salmon and mix with sauce. Beat egg whites until stiff and fold lightly but thoroughly into mixture. Pour into a well-buttered 6-cup casserole and bake in a moderately slow oven (350 degrees F.) for one hour.

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

Whether judged from the beauty of her steeple or the far reaching influence she exerts upon society, the church is accepted as the most influential institution on earth save maybe the home.

The church's one foundation is Jesus. She has in the past and is still serving the nations of the earth to the maximum. In her pews gather congregations of many tongues and tribes seeking an outlet for religious expression. She is a mighty bulwark in defense of all that is good.

It makes no difference whether her architectural lines be simple and her pews cheap, she is still a place where people may go and worship in a free and unrestrained manner.

Be sure to serve your church with both your time and money. Attend regularly. Your minister expects you.

**W. S. C. S. Concludes Mission Study Tuesday**

The Women's Society of Christian Service met Tuesday afternoon to conclude their study of "Mission to America." Participating in the program were Mrs. Roy Slagle and Mrs. J. T. Gee, with Mrs. H. R. Cocanougher giving the Devotional.

Mrs. Floyd Reeve gave a very interesting talk about the Author of the study, Dr. Truman B. Douglas. She personally knew him and told of how, back in the early twenties, he was sent to Friona for practice preaching.

There were ten members present for this meeting, together with one visitor, Mrs. Floyd Reeve.

On Friday afternoon the W. S. C. S. observed the "Day Apart" of the week of prayer. Mrs. Hadley Reeve conducted the Meditations and plans for the "Quiet Day," with Mrs. Lamb assisting in the program.

All members are again reminded and urged to attend the luncheon on Nov. 13th. at the home of Mrs. Roy Slagle.

**BROTHER RETURNS FROM ACTION**

Mrs. W. A. Tinney attended a family reunion in Sweetwater last week, visiting with her only brother, Sgt. Robt. A. Bridges who has just returned from Korea. Mrs. Tinney met Bridges Sunday when he arrived in Amarillo. She was accompanied to Sweetwater by Bridges and his wife and son. While there they also visited in Brownwood and Abilene, returning to Friona Friday. Bridges is a World War II veteran, and holder of the Purple Heart for action in the Korean theatre.

**Friona Schools Cafeteria Menu:**

Pinto Beans, Greens, hash brown potatoes, cornbread, butter milk, applesauce.

Creolo spaghetti, english peas, carrot sticks, cornbread, butter, minlk, chocolate cake.

Hominy and cheese, harvard beans, green beans, jello salad, rolls, butter, milk, peanut butter cookies.

Fried chicken, mashed potatoes, blackeye peas, comb. salad, rolls, butter, milk, chocolate pudding.

Roast beef and natural gravy, mashed potatoes, english peas, cabbage salad, rolls, butter, milk, cherry cobbler.

**Free Tickets Available For Air Force Band Performance, Amarillo**

Announcement has been made of the official opening of Amarillo Air Force Base on November 10th and 11th.

The two-day program will include parade of Air Force troops and top-ranking generals, an evening concert by the official air force band from Washington, D. C., a jet plane demonstration on Sunday, and open house on Sunday afternoon at the base.

Several tickets (regularly priced \$2) for the performance of the air force band are available free at the Friona Star. If you plan on attending, please come by and accept some of these tickets, courtesy the Amarillo Chamber of Commerce.

**Deaton-Hinkle Wedding Vows Read Tuesday In Ft. Sumner Ceremony**

Mr. and Mrs. Kermie Deaton of Black, Texas, have announced the marriage of their daughter Betty Temora, to Mr. Bobby Gene Hinkle on Oct. 29 in Ft. Sumner, New Mexico.

The bridegroom is the son of Mr. and Mrs. Lewis Hinkle of Trenton, Texas.

The bride was attired in a grey suit with blue accessories. For the traditional "something old and borrowed" she wore a pair of heirloom pearls, belonging to her mother.

The couple was accompanied to Ft. Sumner, by Mr. and Mrs. Vernon Christian of Black, cousins of the bridegroom, and Mr. and Mrs. Kermie Deaton, Barbara and Veronica, parents and sisters of the bride.

After the wedding ceremony, the young couple, departed on a honeymoon trip to Carlsbad, New Mexico.

**So You're Not Gullible!**

People are gullible. . . . at least the American people! They believe anything! This was graphically illustrated over at Canyon last week before the Lions Club there.

The speaker, Lindsey Taylor, at the beginning of his address held up a bill that had been rolled into a small cylindrical shape. He called it a \$20 bill and offered it to anyone who could prove anything he said false.

Taylor then produced a book he claimed was Robert Ripley's latest collection of incidents called, "Believe It or Not." Then quoting from the book he made such statements as, zebra stripes are white, not black. The velocity of an ordinary sneeze is 201 miles per hour. A baby was born to a 6 year old girl. A woman of 98 became a mother. The champion father was a king who sired 840 children. Even though Taylor continuously referred to Robert Ripley in the present tense, as though Ripley were still alive, no one challenged his statements.

At the end of his speech as final proof of his point, Taylor ripped the cover from the book he held to reveal it as "The Inconvenient Bride," not at all a work of Robert Ripley. He then unrolled the bill in his hand to show a \$1.00 bill and not a \$20 bill as he had stated. He also referred to the fact that Ripley is dead and explained that all of his other statements were equally false.

**Baptist Circles Review School of Instruction**

The Kimbrough, Ruth, and BWC circles of the Women's Missionary Union of the Baptist Church met together at the Educational building Tuesday night for their quarterly birthday social.

Group singing of "He Keeps me Singing," opened the meeting, followed by prayer by Mrs. Elmer Euler. Inspirational devotional of 103rd Psalm was given by Mrs. C. W. Dixon. A session of group singing was led by Mrs. Gertrude Murphree.

As a number of the members were unable to attend the School of Instruction held recently at Dimmitt, it was decided that a general resume of the school should be given at this meeting. Mrs. Claud Osborn was in charge of a Parliamentary Drill based on the Roberts Rules of Order. Mrs. Osborn and her helpers gave a demonstration of an unorderly business meeting and then of the correct order of a business meeting. This proved to be very amusing as well as educational to all present.

The group was favored with a duet by Mrs. Gertrude Murphree and Mrs. Mary Sheehan, "Oh! Why did I ever Leave Wyoming."

Mrs. Jerry Sherrieb, president, presided over the meeting and

continued with the resume of the School of Instruction, touching briefly on all the high points of the school. A short business session preceeded the social hour.

In keeping with the season, refreshments of pumpkin pie, whip cream and cocoa were served to thirty-four guests by the hostesses, Messrs. Dixon, Moyer, White, Talle, Mars, White, Collier, and Hough.

Next meeting is next Tuesday, November 6th, work day.

Mr. and Mrs. Bill McGlothlin, Mrs. A. E. Stanley, and Gail McGlothlin visited in Littlefield Wednesday.

Mrs. Glenn Peeve and Miss Wanda Hart visited in Amarillo Tuesday. While there they visited Mrs. Reeve's parents, Mr. and Mrs. Jess Sparkman.

Mr. R. N. Gore returned Friday from El Paso where he had been attending the 92nd Scottish Rite reunion.

Mr. and Mrs. Scott Weir visited Mr. and Mrs. Sam Weir in Seminole, Texas, last week-end.

I think that would be quite an experience, for as long as I can remember there has been some issue at each convention to bring out the militant spirit of that great group. . . . and this

year it was the Truman appointment of General Clark as ambassador to the Vatican.

So . . . the Baptists in a body formed their own version of the 4-H Club—Help Hurry Harry Home. (We have Rev. Russell Pogue's word for this.)

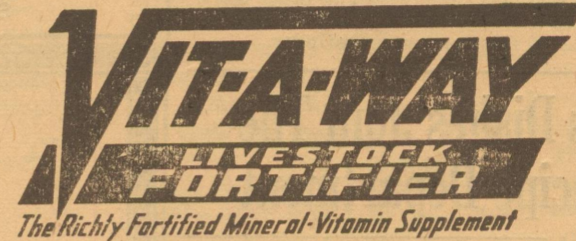

For those who wish to study further the proposed amendments to the Texas Constitution, we have copies here of their content, together with explanations. The election is November 13th.

**In The State of Texas**

**HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"**

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It covers all classes of motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a licensed insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.
