

PHONE RATE INCREASE IS ASKED

City Commission Studying Proposal Of Southwestern Associated Telephone Officials Who Cite Increased Costs

Southwestern Associated Telephone officials met with the City Commission in Friona Monday night and requested increase in the phone service rates here.

G. D. Shelley of the Lubbock office recognized the limited service now available and he presented the request for new rates in connection with announced plans for expansion should the rates be approved.

PROPOSED INCREASE IN DOLLARS AND CENTS

	Present	Proposed
BUSINESS:		
Individual Line Service	\$5.00	\$6.50
Two-party Line Service	4.00	5.00
Extension	1.25	1.50
RESIDENCES:		
Individual Line Service	3.00	3.75
Two-party Line Service	2.50	3.00
Extension	.75	.75

The number of phones in Friona has increased from 50 as of February 1, 1930, to 252 as of March 1, 1951, an increase of 404%. Applications are now on file for 105 additional phones in Friona. Of the connections now in service, 57 are temporary hook-ups, the company representatives added.

The city commission made no commitment at the Monday night meeting, postponing final action until the desires of the public were ascertained. The last rate increase was in March 1950 - the rates now prevailing.

Mr. Shelley pointed out that additional service would be physically impossible with use of the present dial exchange, and that a new expansion dial exchange is proposed to enable phone service in pace with growth of the city to any size.

Quoting from a prepared brief outlining the Friona telephone situation: "The new money required for expansion of a telephone system does not come from the money the customers pay each month. That goes to pay for the cost of the service and to provide a return on the money that the thousands of investors have seen fit to invest in the Company and to the bondholders who were willing to loan their savings. To keep its present investors and to be able to attract the additional capital it requires for further expansion, the Company must be able to pay a reasonable return."

WEATHER

Moderate temperatures have prevailed this week, with no moisture in sight to date. Afternoon temperatures have ranged in the upper 60's and low 70's, with a 29 degree low recorded Tuesday night. Most night temperatures have been slightly above freezing.

Precinct III Group Selects Six-Man Committee to Study Roads; Will Make Recommendations to Co. Commission

Fifty-two residents of Precinct 3 met in the Palmer County Courthouse at Farwell last night to discuss ways and means of securing maximum farm-to-market allotments.

In the meeting conducted with attorney Sam Aldridge as moderator, the group elected six members to investigate the desires of the precinct regarding new road locations, this committee to submit its findings to a precinct chairman of its choice who would in turn advise the County Commissioners Court. Elected to this committee were Roy Berggren, Lawrence McKellip, Tom Caldwell, Luther Grissom, Truman Kent, and Joe Magness. The precinct chairman was not named last night.

Aldridge took up most of the time at the session in briefing the group on the mechanics of the farm-to-market program, allotments available in the future to Palmer County, and injustices that he had noted as a result of "absence of cooperation" both within the precinct and on a wider scope. Mr. Aldridge said that some \$790,000.00 was earmarked for spending on farm-to-market roads in Palmer County within the next few years. He emphasized the lack of unity in previous county-wide road problems, citing newspaper reports as verification.

When queried about a road north to Harrison Highway somewhere in the county, he tersely injected his opinion that "such a road is a forgotten dream."

Steve Struve and Nelson Welch were in Abilene over the weekend. They told of one of the high-spots of their trip being their attendance at the Negro Church of Christ in Abilene Sunday.

Irrigation Day, Feb. 20 To Feature Specialists

The first Irrigation Day program of 1952 in Parmer County will be held Tuesday, February 12th, in the District Courtroom in Farwell.

The meeting, sponsored jointly by the Texas A & M Extension Service and the Soil Conservation Service, will commence at 10 a. m., continuing until about 4 p. m.

Several speakers, known statewide for their work in irrigation and conservation practices, will be on hand to speak and lead in open discussions. Those on the program will include A. H. Crane, pasture specialist of the extension service, College Station; Fred Dines, wheat marketing specialist of the same service, located in Amarillo; and Bob Thurmond of Lubbock who will return this year after having assisted in similar field days here in the past. He is an irrigation specialist from Lubbock, associated with the extension service.

W. L. Broadhurst of the state board of water engineers is expected to be present, as well as Don Jones of the Lubbock experiment station. Jones has been invited to talk on "Cotton and Grain Sorghums."

Everyone interested in the agricultural welfare of the county is invited to attend this all-day meeting. Over 165 attended a similar conclave here last year.

Field days to be staged on farms of the county are slated later this year, announces Joe Jones, local county agricultural agent.

Due to recent school holidays during the flu epidemic, spring closing date of the local schools has been set as May 23rd, one week later than the originally planned May 16th dismissal.

Only a few cases of the flu are keeping students out of school this week, and attendance is back to normal.

All types of letters are received by the weekly newspaper editor, CL not excepted. One of the very nicest ones we've read came this week from Mrs. Chas. D. Russell.

A portion of that letter read, "I would like for you to know we appreciate your consideration. I wouldn't hesitate to write you had you displeased me over some trivial happening, so why not be as quick to thank you? We are all neglectful of being thoughtful of the other person's feelings."

Thank you, Mrs. Russell, very much.

She went on to add that Mrs. Miller, her mother who recently suffered severe injuries in an automobile accident, is doing quite well, and that she (Mrs. Russell) was going to see her this Tuesday.

The following item has been handed us:

Dennis Smith, small son of Mr. and Mrs. Walter Smith, was stricken with polio last October; since that time he has been in a hospital for treatment.

Dennis is the son of Mr. and Mrs. Walter Smith, former residents of Friona, where Mr. Smith was associated with the Soil Conservation Service.

They would appreciate hearing from their friends in Friona. The family has moved to Wichita, Kansas, to be near the son who is in the hospital there. His address is: Dennis Smith, 4th floor, St. Francis Hospital, Wichita, Kansas.

Superintendent Dalton Caffey was guest speaker at the Adrian Parent - Teachers Association meeting Wednesday night. Mr. Caffey discussed "Health in the School."

Johnson Infant, Four Months Old, Died Monday Night

Funeral services were held yesterday at the Friona Methodist Church for Barbara Ann Johnson, 4-month old daughter of Mr. and Mrs. Hershel Johnson. The infant died Monday night in an Amarillo hospital; she had been ill for only a very few days, and death was attributed to encephalitis.

The services were held at 2:30 o'clock yesterday with Rev. J. E. Tidwell, Methodist minister, officiating. Burial was in the Friona Cemetery under the direction of the Blackburn-Shaw Funeral Home.

Survivors include the parents and a brother, Joe Bob, a sister, Linda Kay; and the grandparents, Mr. and Mrs. Ervin Johnson and Mr. and Mrs. Dave Moseley, all of Friona.

LEGION MEETING

Regular 1st Monday meeting of the American Legion Post 206 and Auxiliary will be held Monday night in the local hall.

FLYING AMBASSADORS

Nice mention was made in the Sunday airport news in the Amarillo News of the local delegation who recently flew to the Chamber of Commerce banquet at Amarillo. Those flying from Friona were Charles Allen, A. L. Black, Elvie Jennings, and Al Romich.

Bovina Receiving Bids For Civic Improvements

Sealed bids will be received by the Bovina city commission until Monday, Feb. 4th, at 8 o'clock p. m., for the construction of a city hall and water system improvements.

Plans call for a 30 ft. by 60 ft. city hall of tile construction. Under waterworks improvements will come installation of some 2,000 feet of 6-in. pipe, three fire plugs, and about 300 ft. of galvanized pipe to lay under Highway 60.

Guest Speakers Slated for Rhea Farm Bureau Meet

The Rhea Farm Bureau will meet Friday night of this week in the Parish Hall there at 8 o'clock, with a special program being arranged.

Joe W. Jones, Parmer County Agricultural Agent will be a guest, bringing with him Miss Manley, the Home Demonstration Agent of Cochran County. Miss Manley will talk on the organization of the "Farmers Community." Accompanying her will be several guests who have had active experience in this program.

A short business meeting will be held in conjunction with the program.

Three Roads Declared Open by Commissioner Court in Monday Action

Commissioners Court met Monday in Farwell, attending to routine business, and approving the action of the juries of views in designating three rural roads within the county.

The roads were: Estis Bass petition calling for road commencing at the SW corner, Sec. 9, in Twn. 1, N Range, 4E, for ONE MILE east to SE corner Sec. 9 and NE corner Sec. 16.

Clarence Weems petition asking for road leading from NW corner Sec. 21, Twn. 6, S range, 3E, thence ONE MILE east, ending at SE corner Sec. 16.

NEW OPERATION

Dudley Green and Archie Scott of Hereford are now the sole owners and operators of the Friona Motor Company here, dealers in Ford Tractors, Ford Parts, and Dearborn Farm equipment.

Mr. Green emphasizes that there is no change in employee personnel.

Labor Meeting Called

Following upon the heels of discussions on the street and by various local organizations, a farm labor meeting will be held Monday night at 8 o'clock in the local high school study hall.

Called by the Chamber of Commerce and Agriculture, the program will be devoted to discussing ways and means of securing and housing the increased labor as necessitated by cotton and intensive irrigation farming in the area.

A representative from the Littlefield Texas State Employ-

ment office will be present, together with four other qualified leaders and workers in the labor problem.

SEE EDITORIAL, PAGE 2

Both farmers directly affected, and the businessmen of the area are urged by Chamber of Commerce Manager Romich to attend the Monday night meeting, joining in the movement to provide an adequate labor supply in the local vicinity this next year.

JUNIOR PLAY

The Friona school Junior Play, "Linda Lou," is to be staged tonight in the local auditorium. The comedy will commence at 8 o'clock in the evening.

Retail Credit Association Is Being Discussed

Friona merchants are meeting tonight for discussion of a Retail Credit Association to serve the locality.

D. C. Blatzheim, Amarillo manager of the Retail Credit Bureau, will be on hand to explain intents and mechanics of such an organization, answering questions in a discussion period. Mrs. Ross, manager of a similar organization at Hereford, also will be present.

The meeting is being held in the American Legion Hall, being called by Mrs. Lucy Jones who is leading in the attempt to organize the local group.

Materials Being Placed at School For Construction

Structural steel and other materials are being moved onto the school campus in Friona this week in quantity, with plans underway to begin actual construction of the new high school at the earliest possible date.

Construction is being retarded by late delivery of the steel door and window frames which have not yet arrived.

Superintendent Caffey noted, however, that the building would be ready for occupancy by the next school term, inasmuch as the contractor has guaranteed that completion date.

NEW RECRUITING OFFICER

Sgt. E. D. Lawler is the new Marine recruiter at the Clovis station, replacing T-Sgt. Huffman who has been given a 30-day furlough prior to assignment in Korea.

Precinct III Group Selects Six-Man Committee to Study Roads; Will Make Recommendations to Co. Commission

Fifty-two residents of Precinct 3 met in the Palmer County Courthouse at Farwell last night to discuss ways and means of securing maximum farm-to-market allotments.

In the meeting conducted with attorney Sam Aldridge as moderator, the group elected six members to investigate the desires of the precinct regarding new road locations, this committee to submit its findings to a precinct chairman of its choice who would in turn advise the County Commissioners Court. Elected to this committee were Roy Berggren, Lawrence McKellip, Tom Caldwell, Luther Grissom, Truman Kent, and Joe Magness. The precinct chairman was not named last night.

Aldridge took up most of the time at the session in briefing the group on the mechanics of the farm-to-market program, allotments available in the future to Palmer County, and injustices that he had noted as a result of "absence of cooperation" both within the precinct and on a wider scope. Mr. Aldridge said that some \$790,000.00 was earmarked for spending on farm-to-market roads in Palmer County within the next few years. He emphasized the lack of unity in previous county-wide road problems, citing newspaper reports as verification.

When queried about a road north to Harrison Highway somewhere in the county, he tersely injected his opinion that "such a road is a forgotten dream."

Editorially Speaking . . .

A Labor Camp Is Needed

If You Will Benefit, then Help Now with Suggestions

The local Chamber of Commerce and Agriculture called a meeting last week for purpose of discussion of needs, way and means of a proposed labor camp in the community.

Fifteen men attended the meeting.

Now let's assume that a labor camp is a necessity to the agricultural and city economy here. We believe this true, as we have repeatedly pointed out in editorials of past months. If such is desirable and possibly imperative, then its attention merits much, much more study than a random fifteen men could give it.

In this preliminary stage, let's get IDEAS - proposals for methods of construction, operation, maintenance, and location. THEN, and not before, should a few men be given the responsibility of pushing the job through. We know that Mr. Romich was very disappointed in the small representation at the recent discussion. The men present were in earnest, sincerely attempting to find a way to provide the camp,

but there are dozens of other men who would benefit by the camp who were not present.

Should a corporation or cooperative group take over the camp project? Would privately owned buildings moved onto a central location be advisable? These are just a few of the questions that need immediate attention. We would like to hear more discussion, more ideas - why not drop by and let us know your desires, or better still, write a letter for publication. Then let's buckle down to business, appoint working committees, and assure the farmers and laborers of housing for the oncoming cotton seasons.

Other communities are doing something about the situation. In neighboring papers coming to our desk we see where committees have been appointed or plans formulated in this very same situation. Let's do something about it in Friona, not letting the project die a quick death simply because of our own apathy.

Daniel Comes Out Fighting

One of the more interesting contests to be staged before the voters in Texas will be that of the Connally-Daniel bids for favors in the democratic nomination for the United States senate.

Lots and lots of people are going to vote for Tom Connally just because they are so used to the name on the ballot - A number of such people kept J. E. McDonald in office as state agricultural commissioner far beyond his time, also, but along came a fellow named White who put an end to the McDonald myth. And it is entirely possible that Price Daniel, hard-hitting,

militant, astute politician that he is, can get the job done in unseating his veteran opponent.

Personally, we are not criticising Senator Connally for his age; there are many good men in their later years who are serving their country in a near inimitable manner. But we do believe Mr. Connally is too nearly akin to a rubber-stamp politician, though well disguised with a few independent assertions.

Whether a man serves on the county level or in the senate, we expect him to be more than a tool for clever maneuverers.

May the better man win.

City Elections Approach

City elections are forthcoming in early April.

If one may judge by past experiences in most any town of the area, the procedure for choosing of a slate of officials goes something like this:

There is a lot of sidewalk and spit and whittle club talk about who the new mayor and commissioners will be. Usually two or three slates of candidates are assured in the idle talk. Then comes the last week for filing, and not a single candidate's name has been placed on the ballot! There is quite a bit of last minute hurry and scurry to get the names on - but no one will make the race.

Is such to be the case this year in Friona?

We have been mighty fortunate in having conscientious and aggressive men at the helm of our city government; though victims of the above procedure, they have proved very able servants, and no criticism is intended of their administration. But we understand they are tired! And they recognize the healthiness of new blood in the city administration. At least, they have declined to aggressively solicit another lucrative term!

SO . . . let's prevail upon some able men, these or others, to announce for the local positions NOW, before the fatal last minute deadline.

Star Recipes

Prune Brown Betty and Menu for a Day Provides Something Different; Try It

- PRUNE BROWN BETTY**
- 1/4 cup butter
 - 2 cups bread crumbs (soft)
 - 1/2 lemon, juice and rind grated
 - 2 cups cooked prunes (pitted and chopped)
 - 1/2 cup honey
 - 3/4 cup prune juice
 - 1/2 teaspoon cinnamon
 - 1/2 teaspoon nutmeg
- Melt butter and stir into bread crumbs. Add lemon juice and rind to prunes. Mix honey with

prune juice. Place a layer of crumbs in a buttered baking dish and cover with a layer of prunes. Moisten with honey mixture and sprinkle with part of the seasonings. Repeat layers, ending with moistened crumbs as top layer. Bake at 350° F. until crumbs are well browned (30 to 45 minutes). Baking dish may be covered during first 15 minutes. Serve with cream.

LET'S EAT THIS FOR ONE DAY

- Breakfast**
- Tomato Juice
 - Baked Eggs
 - Toast Butter
 - Plum Preserves
 - Coffee Milk

The Law and You

By Robt. (Bob) Kirk

DO YOU KNOW who must pay a poll tax?

Under the law of the State of Texas a poll tax is not just a license to vote, even though it is a requirement of voting, but it is a tax which the statutes say shall be collected from every person between the ages of twenty-one and sixty years, who reside in this State on the first day of January preceding the levy of the tax.

Indians are not taxed, and persons insane, blind, deaf or dumb, and those who have lost a hand or foot, those permanently disabled, and all disabled veterans of foreign wars, where such disability is forty per cent, or more, are excepted from the payment of a poll tax.

Those who are exempt from the payment of a poll tax, and who reside in a city of ten thousand inhabitants or more, must secure a certificate from the Tax

Collector of their County of residence before the first day of February of the year when such taxpayer shall become entitled to said exemption. This exemption is good for one year. A new exemption must be secured for each year. Certificates of exemption are issued without cost to the person entitled to receive the same. Those who reside in cities of less than ten thousand inhabitants are not required to secure this certificate of exemption before voting. These may make proof of their exemption at the time of voting to the presiding judge of the election where they are qualified by residence to vote.

FOR FURTHER INFORMATION ON THIS SUBJECT, see your local ASSESSOR AND COLLECTOR OF TAXES.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The Office of Price Stabilization, better known as the Office of Price Scuttling, now acts to earn the title Office of Propaganda Supreme.

In OPS press communique No. 1128, pudgy Commissar of Confusion Mike DiSalle announces move to try to convince housewife that she pays more for food in small and medium size grocery stores.

In three test cities, with more to follow, all food stores will have to post their ceiling prices. Stores are divided into four classes. The smaller stores will post the highest ceiling prices, the medium size stores slightly lower prices and so on up the line with the big chain outlets posting the lowest ceiling prices of all.

The announced intention is to furnish housewives information on what the ceiling price should be in each type of store, but in actual practice it will result in no more than a tax-supported propaganda drive to try and sell the housewife that huge stores sell for less, because their OPS ceiling prices are less.

This erroneous assumption is contrary to facts, but regardless of facts, the program is being carried out when OPS, in the communique, admits it is not needed. The communique states this action had been postponed "because actual selling prices have been somewhat below permitted ceilings" and further "prices have been about four per cent below ceilings."

This program will furnish a lot of work and a lot of tax money expenditures, because OPS people will work out in each city the price ceilings on 400 food items for each of the four categories of stores, and print these ceiling price lists.

But nothing stops the Office of Price Stabilization in any way except stabilizing prices. OPS is determined to do a false propaganda job to the detriment of medium and small grocers.

But this program will furnish a lot of work and a lot of tax money expenditures, because OPS people will work out in each city the price ceilings on 400 food items for each of the four categories of stores, and print these ceiling price lists.

So the nation will now witness the spectacle of a government agency trying to accomplish a job that even the expenditure of millions by huge grocery combines has never been able to do. That is to convince all the housewives that chains sell for less. And once again a government agency is taxing the small businessman to pay for the rape with which to hang him.

Cynical Washingtonians are saying the British have become smarter in the past 140 years.

In 1812 when they took Washington, they razed the town, but failed to make any profit.

But in the recent invasion, headed by Winston Churchill, British tin monopolists profited.

RFC Administrator, Stuart Symington, fighting to keep tin prices down, had pegged \$1.12 per pound as the maximum price this nation would pay for tin, or about twice the price existing the day before Korea. But one of the results of the Churchill visit was the announcement that the government has agreed to raise this to \$1.25 per pound. And Symington, who had opposed any increase, has retired to private life.

Letters to the Editor

Dear Editor:

Next attached you will find a statement of policy, which I would like very much to have you run as a news item in the next issue of your paper. Many people from various counties in this district have been pressing me for a statement, and it is my hope that this will satisfy them for the time being.

Thank you very much for your courtesies and cooperation in the past, and best wishes.

Sincerely,
Ruthelle Bacon
Chairman, Eighteenth Congressional District

STATEMENT OF POLICY

The question has been put before you, as Republican Chairman of the Eighteenth Congressional District, favor for the Republican Presidential nominee - Eisenhower, Stassen, Taft or Warren?

The American public will give Republican leaders their ideas after they have heard the policies expressed by our four very fine candidates.

The will of the people is paramount. This is not "Just another election." The Republican Party faces the biggest responsibility that any party has ever faced in the history of our country.

We MUST nominate a winner and we MUST find the genius who can lead us out of this trackless maze which is leading us into more socialism, graft, and chaos.

The time has come for action, not just as Republicans, but as free Americans, outraged citizens re-seeking our heritage in the Constitution of the United States.

More important than the candidates and more important than the Republican Party are these questions: Are we ready to vote? Have we paid our poll tax? Thinking citizens all over the Eighteenth District are saying "A Change is Due in Fifty-two."

The new 1952 Ford "Victoria" is a member of the Ford Crestline which also includes the Sunliner convertible and the Country Squire station wagon. The Victoria combines unobstructed side visibility and open-car advantages of a sports vehicle with the all-weather protection of steel sedan top construction. It is available in a wide variety of interior trim, upholstery and solid or two-tone body colors.

New Model Fords On Display Friday

Three completely new lines of Ford passenger cars have been announced for 1952, according to O. C. Sikes of the Sikes Motor Company, Panmer County distributors of Ford cars and trucks. The new models go on display this Friday. Features include a triple-spinner, air-scoop grille arrangement, low-wide lines, curved one-piece windshields and rear windows. Both 6-cylinder and V-8 engines are again offered. Other features are a variety and choice of power combinations, three transmissions, foam rubber padding on all passenger car seats, center fill gasoline fueling, suspended-type power pivot clutch and brake pedals, and a dash-mounted master brake cylinder.

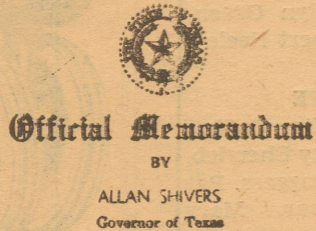

Large Attendance Marked John Deere Party on Tuesday

By best estimates, over 300 farmers and families attended the John Deere Day celebration held Tuesday by the Hering Implement Company in Friona. The festivities of the day commenced with a big feed at the farm, with chili and beans, potato chips, donuts coffee and Coco Cola being main items on the heaped plates. Later, films were shown at the Regal Theatre, and over 200 were seated there.

AWARDS GIVEN

Various awards were given by the implement company, including electric irons to Mrs. Foister Rector of Friona and Mrs. W. O. Buford of Lubbock. Keltih Hughes received a paint job on a tractor, and Al Reznik and a Mr. Payne of Bovina each were awarded a case of Amalie oil.

Official Memorandum
BY
ALLAN SHIVERS
Governor of Texas

AUSTIN, TEXAS

GREETINGS

Southwestern farm cooperatives will observe the period February 3-9 as "Farm Cooperative Week." Appropriate observances are planned by farm groups throughout the Southwestern territory.

A general meeting is planned at Lubbock February 4-5, to be attended by more than 2,000 farmers representing 450 farm cooperatives in Texas, Oklahoma, New Mexico, Colorado, Louisiana, Arkansas and Mississippi. This is the annual meeting of their farm cooperative organization.

Texas is proud of its agricultural heritage and of the men and women who carry it on today. This will be a significant occasion for them and, by the same token, for the State of Texas.

Texans will be happy to greet the delegates from other States and extend to them a traditionally hearty Texas welcome.

THEREFORE, in recognition of this important occasion and as a formal greeting from the Executive Department, I hereby designate the week of February 3-9, 1952, as

TEXAS FARM COOPERATIVE WEEK

and direct the attention of all Texans to this meeting and to the important role of farmers and farm cooperatives in the economic life of this State.

In official recognition whereof, I hereby affix my signature on the 27th day of January, 1952.

Allan Shivers
Governor of Texas

Juniors and Seniors Were Honored With Banquet by Baptist WMU Saturday Nite

The Baptist Educational Building was the scene Saturday night, for the annual banquet sponsored by the Baptist WMU honoring the Juniors and Seniors of the Friona High School.

The Johnson theme was

"School-Daze", and the banquet hall and tables were appropriately decorated with the little red schoolhouse and dolls dressed to represent school children. Bouquets of red and white sweet peas were used for the floral decoration.

The Extra-Curriculum activities were directed by Supt. Clyde Hays. Invocation was given by Rev. Russell Pogue. Opening exercises consisted of the Pledge to the American Flag and group singing of "My Country 'Tis of Thee".

During the first recess the Welcome was given by Mrs. Russell Pogue and the response by Walter Haws, and two lovely selections were rendered by Earl Hise from the Music Department.

At noon, more music was given by a quartet composed of Ben Wayne Jordan, Walter Haws, Ross Miller, and D. O. Robason, and a recitation "A Bedtime Story", by Joyce Miller.

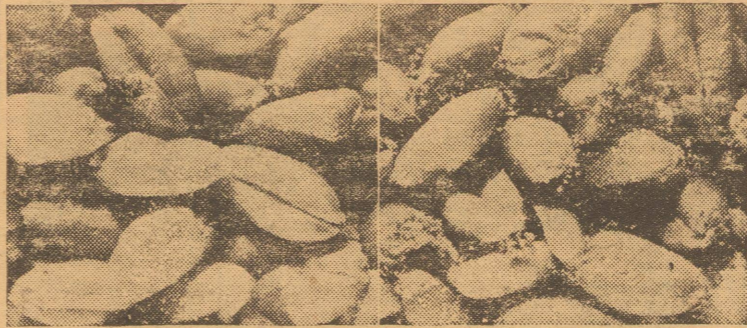

At the second recess all pupils were called in for a special assembly program where Supt. Hays introduced D. James P. Cornette, President of West Texas State College, Canyon, Texas, as main speaker. Dr. Cornette chose for his topic, "Christian Education."

Invocation was given by Raymond Cook.

The menu consisted of Hawaiian Delight, Last Year's Culls, Left Over Bread, Cover-up, Greasy Marbles, Cut Off Grades, Report Cards, Teacher's Pets and Butter, Eta Beta Pi, and Drinking Fountains.

Thirty-five pupils were present for the enjoyable occasion, including members of the Jun-

Invisible Molds On Seed May Destroy Germination

Mold growth illustrated by (left) seed wheat at harvest, testing 16 to 18 per cent moisture. To right, the same seed after 30 days in storage.

There is no such thing as mold-free seed, according to Prof. Clyde M. Christensen, of the University of Minnesota. Seed from the irrigated regions or dry land farming areas of Idaho and Oregon carry fewer molds than seed from more humid regions, but none are mold-free.

Seeds are invaded by molds while developing on the plant, but apparently most infection occurs from just before harvest until the seed becomes thoroughly dry. Seed may look clean and bright, but still be invaded by molds that are invisible except through the microscope. They may remain dormant for years, ready to resume growth whenever conditions become favorable.

The major factor influencing growth of molds in stored seeds is moisture. A moisture content of 11 to 13 per cent in oily seeds, and of 14 to 16 per cent in starchy seeds, will permit molds to grow. If the seed is dirty, contains a large number of insect fragments, has been damaged by frost, or already has been extensively invaded by molds, the critical moisture will be lower than if it is clean, well matured, and relatively free of molds. Seed that is dry enough for safe storage for two weeks may not be dry enough to be safe for two years.

The temperatures in which seed is stored in most of the United States will permit moderate to rapid growth of molds if enough moisture is present.

If the moisture content of a given

lot of seed is just above the critical range, the molds present will begin to grow. As they grow, they gradually weaken the seed germ and finally kill it. There is no sharp, sudden transition from sound, vigorous seed to dead, decayed and discolored seed. The process is a gradual one that cannot be detected by ordinary means. It may cause reduced viability and slow germination, without any mold being visible on the outside of the seed. This gradual deterioration probably is much more extensive than the more obvious changes caused by molds.

If molds continue to develop they eventually produce quantities of spores on the outside surface. The seed then is called moldy, or musty. If the moisture content is high enough, the molds may cause heating, which is the final product of mold growth in stored seed, not the beginning phase as often believed.

Various laboratory techniques have been developed to detect mold invasion, none of which are simple enough for use by the layman.

The only practical method now known to prevent mold spoilage of stored seed is to keep all portions of it so dry that no molds can grow on or in it. Seed stored dry can become moist by slow transfer of water vapor from the warmer to the cooler parts of the seed lot. A large number of chemicals have been tested in the hope that one could be found that would prevent this sort of spoilage. None of those so far tested has done an effective job without killing the seed.

"Backside of Nowhere" Was Reviewed At Meet Of Baptist Circles

The Kimbrough, Ruth and Business Women's circles met together in the Baptist Educational Building Tuesday night for their quarterly Birthday Social.

The meeting was called to order by group singing of "All Hail the Power", followed by prayer by Mrs. Wesley Hardesty. A short business session was presided over by Mrs. Jerry Sherrieb. As Mrs. Sherrieb had recently tendered her resignation as president of the WMU, Mrs. Joe S. Menefee was elected to fill the remainder of Mrs. Sherrieb's term.

The main program feature of the evening was a book review of "Backside of Nowhere" by Manley and Cox given by Mrs. Mary Sheehan. This book is the story of the many and varied experiences of a missionary doctor and a missionary nurse during the time of their establishing and operating a hospital in the Nigerian bush country of Africa.

Refreshments of cake and coffee were served to those present by the hostesses, Mesdames Hall, Euler, Menefee and Crow.

All members are urged to be present next Tuesday, Feb. 5, at 3 o'clock in the church auditorium for a review of a soul winning book.

OBITUARY

CHARLEY R. OWENS
Charley R. Owens was born February 11, 1882, in Austin, Texas, and passed away at his home near Portales, New Mex. at 1 o'clock in the morning of January 23, 1952.

He was married to Miss Emma Sharp, July 2, 1908, in Iowa Park, Texas.

He is survived by his wife and seven sons:

Jewel S. Owens of El Paso, Texas; Jimmie Owens, and family of Bovina, Texas; Alvin Owens and family of Bell Gardens, Calif.; Wilven Owens and family of Hereford, Texas; Floyd Owens and family of Albuquerque, N. Mexico; and Louie and Dale of Portales.

Nine grandchildren, one sister and brother-in-law, Mr. and Mrs. G. C. Duren of Electra, Texas; five nieces and nephews all of Electra, Texas and other near relatives survive.

Funeral services will be held for him at 2 o'clock Tuesday afternoon at the Baptist church. Burial will be in the Friona cemetery. The church choir and their sponsors, Mr. and Mrs. Gee and Mr. Hise as Jr. Sponsors, and Mr. and Mrs. Cook, Sr. Sponsors. The church auditorium was the scene for a session of fellowship and games after the banquet.

CARD OF THANKS

The Charley R. Owens family takes this means of thanking their friends and former neighbors for their aid and sympathy in the passing of our husband and father.

Mrs. C. R. Owens, and children and families.

TREE PRUNING

The FHA boys, under direction of supervisor J. T. Gee, have commenced their annual pruning of all trees on the local school campus.

**Use of Winter Grains
for Pasture Increasing**

Cows Grazing on Small Grain Pasture in Early Spring.

More and more farmers are coming to realize the value of cereal grains in extending the grazing season, according to M. A. Sprague of New Jersey Experiment Station, in "Crops and Soils" for September. In both the humid East and the irrigated West, livestock farmers are now planning their crop rotations and farm operations so as to take full advantage of all the grazing they can get.

In general, there are three ways in which a farmer can increase the grazing capacity of his farm. First, he can devote more acres to pasture crops. Secondly, he can raise the productivity of his permanent and rotation pastures by seeding to the most productive varieties of the forage species best adapted to his soil and climate, and by using additional amounts of lime, fertilizer, and water. The third way is to fit short-lived plants, such as winter small grains, into the crop rotations to supplement permanent pastures, and thereby increase the number of grazing days in each year.

On fertile soils in New Jersey, an acre of Balbo rye for each three or four dairy cows has provided 5 to 7 weeks of grazing in the fall of the year, after the permanent pastures have been put by for the winter. In addition, another 2 to 3 weeks of grazing can be had the following spring, before the perennial forage plants are ready to graze.

Progressive livestock farmers readily accept the use of small grains for pasture, once their value has been demonstrated. In northern New Jersey dairy counties, for example, the sale of rye seed has increased 400 to 500 per cent in the past 3 years. County agent John Rabbs, of Sussex County, reports that more than 3,000 bushels of seed rye were sold in his county in the fall of 1950, compared with less than 200 bushels in 1945, when farmers thought of rye as primarily a winter cover crop.

One New Jersey farmer pastured 19 two-year-old steers on 10 acres of rye in the fall of 1949. His steers gained over 2 pounds a day while on the rye. Next year he sowed 27

acres to rye and vetch and grazed 60 Herefords on it for 6 weeks in the fall and 3 weeks in the spring. This added 2 months' grazing to the 5 months on permanent pasture. After the 3 weeks' spring grazing by 50 yearlings the rye and vetch recovered so well that he harvested a crop of silage in late May, which gave him insurance against a shortage of feed during a possible hot, dry summer.

Another farmer who turned 30 cows onto rye for 3 hours a day in March found they produced 2 more cans of milk per day than when fed in the barn. When 2 1/2 weeks later his permanent pasture was ready, his cows were already adjusted to day and night grazing and could make fullest use of the permanent pasture.

In the northeastern States, forage yields of rye are almost twice those of barley and wheat and nearly three times as much as oats in both fall and spring. Wheat and barley are advised only where a crop of grain is to be harvested later. Cereals for both pasture and grain should be sown early and grazed only in the fall, as grain yields are usually less when stands are spring-pastured.

The best rate of seeding fields to be pastured is slightly higher than when sown solely for grain. This offsets the loss of plants from trampling. Grazing also reduces lodging even after moderate applications of nitrogen. Top yields on soils of average fertility are obtained from applications of 600 to 800 pounds of 10-10-10 fertilizer per acre.

Cereals under different grazing systems gave nearly twice as much return per acre when used for both pasture and grain as when used for grain alone. The results obtained in the New Jersey experiments are representative of those that would be obtained in many other states where similar conditions prevail, and a similar plan of using adapted cereals for fall and spring pasture is also adaptable to somewhat different climatic conditions.

Mr. and Mrs. Bill Flippin were Clovis visitors on Saturday.

Pfc. Thomas Jones, who has been stationed in Westover, Mass., is spending two weeks in the home of his parents, Mr. and Mrs. O. C. Jones.

**New Officers Are
Elected by Friona
Woman's Club**

Mrs. R. N. Gore was elected incoming president of the Friona Woman's Club at its annual election meeting last Wednesday in the club house here.

Other officers chosen were: Ice President, Mrs. V. R. Jordan; Secretary, Mr. S. L. McLellan; Treasurer, Mrs. S. S. Prichard; Parliamentarian, Mrs. G. E. Meyer; Reoprtter, Mrs. W. A. Tinney.

The program topic for the meeting was "Effects of the Times on Personality." Mrs. Wesley Hardesty gave a talk regarding the influence of the age on personality; and Mrs. John White read a paper on effects of narcotics.

A tap dancing exhibition was added entertainment, given by Mrs. Cayce Dunn.

Refreshments were served to nineteen members and one guest, little Miss Kathleen Bolton of Galveston, by the hostesses, Mesdames Bert Chitwood and Mary Officer.

FELLOWSHIP MEETING ON 6TH

The next meeting of The Congregational Woman's Fellowship is to be held on Wednesday, February 6th. According to the program it is to be a "Work Day." Mrs. Rose Lange is scheduled for the Devotions, and Mesdames Hazel Weir and Carrie Lillard as hostesses. The Woman's Fellowship is the successor to The Ladies Aid, the change being in name only.

REV. MEYER AT DALLAS

Reverend George E. Meyer of the Congregational Church is in attendance at the Ministers' Retreat which is being held in Dallas, and for Congregational Ministers of the Central South Conference of the denomination. The sessions are being held in the Central Congregational Church. Mr. Meyer is one of the chairmen of the sessions.

THE PRESIDENT'S BUDGET

Most of you have read the news reports concerning the size of the proposed budget for the fiscal year ending June 30, 1953, which shows an estimate in excess of 85 billion dollars. This proposed budget is an excellent example of what this country can expect if the defense program is stepped up and the demands of the people on Washington for every conceivable kind of grant continued. The government is no different from the individuals of which it is composed, and that means every citizen of the United States. There are lots of things that many of us would like very much to have but the reason we can't have them is because we just cannot afford them. The same is true of the government, and it is my frank opinion that this proposed budget is something that the American taxpayers just cannot afford. It is true that a substantial trimming of this budget is going to result in many people, organizations, and communities having to give up something that they would otherwise get through federal grants if the budget was not cut. The hard cold facts are that the demands upon the public treasury have increased to the extent that compliance with them will mean federal control of almost every conceivable phase of our daily lives. Some of you may disagree with me, but I do not hesitate to tell you that in my opinion federal control is entirely too high a price to pay for any grant, gift or concession that can come from the federal government. I would much prefer that we stop exerting our efforts trying to get something out of the public treasury and spend our time and efforts making our communities self-sufficient. We will get a great deal more satisfaction by this route and our communities will be much stronger. The same is true insofar as foreign aid is concerned. This budget requests an additional sum of approximately 8 billion dollars for foreign aid. This amount supplemented by funds previously granted would mean that 10 1/2 billions would be spent for foreign military and economic

aid in 1953 and that there would be a carry-over of 4.6 billions for spending in 1954. The American taxpayer cannot continue to support such a heavy burden. I said this in the last session of Congress and I expect to say it again this session. The demands on Washington for grants and aids and gifts is not strictly a domestic situation. It is international. I have always contended that the program of one country continually granting aid to another must lead to the inevitable result of weakening both countries. The donor country will be weakened because of the continual drain on its resources. The donee country will be weakened by its dependence upon the anticipated aid, and will gradually lose its desire to become self-sustaining. In other words, such a program will jeopardize the moral fiber of the human being. The same rule can be well applied to the communities of this country who continue to seek aid from the federal government and advocate programs that cannot be self-sustaining in the respective communities. Complete dependence of one individual on another, or of one country on another, substantially impairs, if not destroys, the freedom of both. As I said before, I shall continue my efforts for substantially reduced expenditures and against higher taxes. If you are not in accord in this respect I would appreciate hearing from you.

THE PROPOSED NEW IMMIGRATION LAW

You may expect to hear a lot about how the proposed new immigration revision will put a stop to the infiltration into this country of many aliens. Such a purpose is noble and has my full support, but do not blind yourself to the fact that many injustices can be done the citizens of this country under the guise of a noble purpose. The immigration laws should have been changed a long time ago to put a stop to the illegal entry of many aliens. This proposed law will solve that problem to a certain extent, but it still has some bugs in it. For instance, there was quite a battle in the committee to change one of the provisions of the law that could have presumed farmers and ranchers in our section of the country into the penitentiary. This provision was changed in committee whereby the particular offense referred to was reduced from a felony to a misdemeanor, but the bad part of the provision was not changed. If the law passes as it is now written, you farmers and ranchers that use Mexican labor can expect the sanctity of your homes and farms to be invaded by federal agents armed with administrative — not judicial — warrants issued by some bureaucrats rather than a judge. If these bureaucrats find some alien on your place about whom you know nothing, the burden of proving your innocence will be on you rather than upon the government. You should give it lots of thought; its administration could be dangerous.

SELL OR TRADE

Minneapolis-Moline 5 bottom 14-inch moldboard plow for sale. Roy Slagle. 27-1p

FOR SALE

Assortment of roses, flowering shrubs, shade trees, hedges, and fall bulbs. Also fruit trees. **MRS. J. F. WARD**
North Main, Hereford, Texas

TYPEWRITERS

We have two exceptional buys in typewriters this week. If you are in need of a typewriter in your business or for school use, we recommend these machines.

ALMOST NEW REMINGTON PORTABLE

This portable is actually a new machine. It has never left the Star office, and has been used slightly, only for demonstration purposes. You benefit and we lose because of this usage!

Priced \$75.00

ROYAL STANDARD

We have been fortunate in trading for a second-hand Royal standard that has lots and lots of service left, and it types with unusual ease. Considering the cost of new machines, this is a real buy.

Priced \$55.00

Friona Girls Take Ballhandling Honors at Grady

Local Games Scheduled

Engaging the Grady girls' basketball handlers Tuesday night at the New Mexico location, the Friona girls took scoring honors to the tune of 23-22, a single point victory in a hard-fought game.

The Grady boys, reportedly unbeaten so far this season, took the Friona boys in a 62-33 tussle.

CONFERENCE GAMES HERE

The local gym will be the battleground this Friday night for conference games, boys and girls, between Friona and Lazbuddie.

A preliminary game will be called at 6 o'clock between the Friona 8th grade girls and the Freshman B team. The Lazbuddie-Friona girls game will commence at 7:30, followed by the boys' contest.

March of Dimes Funds in County Soar To Over \$1,000.00; Girl Scouts Lead

Well over \$1,000.00 has been contributed to the March of Dimes in the present Parmer County drive, with final tabulation yet to come.

Friona has led in amounts contributed, although the other towns and communities probably have contributed just as heavily per capita. The Bovina contributions have not been reported, with a ball game tonight to put more money into the till. The game will be the "Fats vs. Leans" and should be worth the admission price to fun-lovers and March of Dimes contributors.

Following are approximate amounts received to date; final donations will be published upon their receipt.

Rhea Pie Sale, \$220.00; dance, \$87.00.

Friona: Coffee sales, \$80.00; Legion dance, \$71.00; Grade School, \$98.00; Girl Scouts, \$219.00; Lions Club, \$40.00; Modern Study Club, \$5.00; Progressive Study Club, \$10.00; and ballgame, \$35.00.

Farwell: School, \$175.00; ball game, \$75.00; coffee day, \$20.00; and Epsilon Sigma Alpha, \$15.00.

Lazbuddie has held entertainments for the cause but final tabulations have not been reported.

The Friona Girl Scouts may be credited with the outstanding drive and contribution with their \$218.95. Troop I girls set up a table at the postoffice Saturday, taking contributions throughout the day. Troop III made their headquarters at the Friona State Bank.

Mrs. Bill Stewart is Troop I leader, with scouts helping including Mary Tatum, Glenna Pope, Loletta O'Brian, Tommie Lou Fallwell, Sally Osborn, Ann McKee, and Sue Cranfill. They collected \$142.69.

Mrs. McLean is Troop III leader, and girls working included Betty Agee, Judy Barnett, Donna Blewett, Lila Gaye Buske, Phila Mae Buske, Jan Edelman, Linda Gay Gee, Sandra Harper, Billie Ray McKee, Luella McLean, Barbara O'Brian, Bonnie Stowers, and Peggy Taylor. This group accounted for \$76.26.

Livesay Trial To Commence Monday In District Court

1952 Court Calendar Listed for Parmer Co.

Thomas C. Livesay will go on trial in the 64th Judicial District Court in Farwell next Monday, charged with the murder of Josh Blocher of Muleshoe. The special venire list of 120 men was published in the Star several weeks ago. The case will be tried before Judge E. A. Bills, district judge.

Other district court sessions scheduled for Parmer County in 1952 have been placed on the calendar as follows:

Feb. 22 p. m., call docket of non-jury trials.
March 21, non-jury trials.
April 8, p. m., non-jury trials.
April 14th, New Term, civil, jury.
May 19, criminal and civil jury.
June 11, p. m., non-jury trials.
July 1, p. m., non-jury.
August 1, p. m., non-jury.
August 20, p. m., call docket, non-jury.
Sept. 19, non-jury.
October 13, New Term, civil jury.
November 10, criminal and civil, jury.
December 5, p. m., non-jury trials.

Paul Truman Peavey, from Wayland College of Plainview, son of Mr. and Mrs. J. G. Williams, spent a few days with them.

Mrs. Wesley Foster attended market in Dallas and Fort Worth last week. She returned by way of Denton and visited with her daughter, Ray Nell, who is in college.

Mr. and Mrs. S. T. Thornton and Stevan spent Sunday in Clovis visiting in the home of Dr. and Mrs. Elmo Anderson.

Visiting in the O. J. Beene home last Friday were her parents, Mr. and Mrs. Edwin Ramey of Dimmitt.

Mr. and Mrs. Buck Lawson of Pampa spent the week-end in the home of his parents, Mr. and Mrs. Marvin Lawson.

Mrs. J. W. Beene and Miss Myrtle Beene of Hereford spent Sunday and Monday visiting in the O. J. Beene home.

Mr. Jack Wilson returned to Friona this week after spending several weeks in Arkansas.

Mr. and Mrs. C. L. Lillard and Mr. and Mrs. Ray Scott of Hereford spent last week-end in Wichita, Kansas visiting with M/Sgt. and Mrs. Glenn Brown.

LEGAL NOTICE

CITATION
STATE OF TEXAS
TO: C. H. GRAY, FELIX H. WOOD, MRS. ALVIDE OLSON AND GEORGE G. WRIGHT, AND THE UNKNOWN HEIRS, ASSIGNS AND LEGAL REPRESENTATIVES OF THE ABOVE-NAMED PARTIES, WHOSE NAMES AND RESIDENCES ARE UNKNOWN, AND ALL PERSONS CLAIMING, OWNING OR HAVING ANY INTEREST IN THE HEREINAFTER DESCRIBED PROPERTY, Defendants,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 18th day of February A. D. 1952, then and there to answer Plaintiff's Petition filed in said Court, on the

3rd day of January A. D. 1952, in this cause, numbered 1592 on the docket of said court and styled J. A. WIMBERLEY, Plaintiff, vs. C. H. GRAY, ET AL, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:*

Plaintiff sues in trespass to try title to recover the title and possession of the following described real estate situated in the town of Friona, Parmer County, Texas, to-wit:

All of Lots Numbers Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), and Twelve (12) in Block Number Eighty-Seven (87), of the Original Town of Friona, Parmer County, Texas, as shown by a plat of said Town of Friona, Texas, in the Deed Records of Parmer County, Texas.

Plaintiff alleging the three and the five year Statutes of Limitation of the State of Texas, and says that if the Defendants, of any or all of them, ever had any right, title or interest in and to the above described property, the same is now barred by the three and the five year Statutes of Limitations, and Plaintiff prays for judgment for the title to and possession of the above-described property and for removal of the cloud to said property, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas this the 4th day of January A. D. 1952.

Attest:

Mexican Supper Is Sponsored Here By Modern Study Club

A Mexican Supper will be held at the Friona Club House this evening (Thursday) from 6:00 until 8:00 o'clock, with adult plates costing \$1.25.

The supper is being sponsored by the Modern Study Club to raise funds.

Children's plates, consisting of sandwiches, potato chips, and hot chocolate and cookies will be offered for 60c.

Sponsors of the supper emphasize that the public is invited to attend this good meal; tickets need not be purchased beforehand, although the club members have them to sell. Tickets will be sold at the door for anyone not having them.

BIRTHDAY PARTY HONORS

JO CAROL WILEY SATURDAY

Miss Jo Carol Wiley was honored with a birthday party Saturday afternoon at the home of her aunt, Mrs. Ross Terry.

Both inside and outside games were played, after which the birthday cake and ice cream were served to Lynette Dutton, Frances McGlothlin, Lawanna Houlette, Sue White, Margie Carlton, Marietta Watson, Carle Lavada Singleterry, Freya Robinson, Janet Snead, Jean Wiley and honoree.

Those sending gifts but unable to attend were Virginia Fulks and Delores Elmore.

TROOP II

Girl Scout Troop II met at the Methodist Church Monday. It was such a nice day that the girls decided to play some out of doors. Later they went on a nickel hike.

Present were Patsy Anthony, Gladys Baxter, Doris Jean McFarland, Kathryn Dunn, Carolyn Stowers, Loretta O'Brian, Phyllis Trieder, and Merlene Gibson. Delene Massey was the only one absent.

Mrs. O'Brian was present, and Foris McFarland served.

TROOP III

New officers were elected. The new president is Phila May Buske; vice-president is Barbara O'Brian; secretary is Luellen McLean; treasurer is Betty Agee, and the new reporter is Linda Gee.

Donna Blewitt served refreshments to: Billie Ray McKee, Sandra Harper, Peggy Taylor, Jan Edlemon, Betty Agee, Judy Barnett, Bonnie Stowers, Barbara O'Brian, Luellen McLean, Lila Buske and Linda Gee.

We are earning a printing badge. We did the Smoking print this meeting.

SCD NEWS and VIEWS

BILL KENNEDY

According to the Parmer County Soil Conservation District Program and Plan, there were approximately 155,983 acres of range land in Parmer County in 1949.

This acreage is being reduced rapidly at this time. Almost any direction you go you see native sod being broken out. It does not take an expert land economist to know why. Agriculture is commercial and land use is dominated by action and reaction of prices especially cotton.

Some of the land is suited to cultivation, but a large majority of it is either too steep or too shallow for safe cultivation. It is best suited to grazing. Parmer County grass, if carefully managed, will carry one animal unit to 7 acres with supplemental feeding.

BOOKLET AVAILABLE

The District Program and Plan is a most informative document. It was prepared in 1949 by the Board of Supervisors with the assistance of land owners, business and professional men. It gives detailed information on physical, economic and social conditions in Parmer County and may be used as a rule and guide to sound conservation farming. This booklet is available to anyone who wishes to read it.

ACTIVITIES

Irrigation wells were located this week for B. R. Proctor and Tuplett and Pringle. Contour lines were run for Clayton Taylor. Terraces were staked for John McGehee.

Any high school seniors who may be interested in studying

for soil conservation work may check with us for a list of colleges which offer a degree with a major in soil conservation.

The deep distributor of organic matter is a cure for most of the soil problems in this area. This means that clover or Alfalfa should occupy the soil about every 5 to 7 years. Vetch and peas are good legumes for soil building, but it takes a legume with roots which grow several feet deep for deep distribution of organic matter.

Buy With Star Want Ads

Fiftith Anniversary To Be Celebrated by Taylor Greens Sunday

Mr. and Mrs. Taylor Green of Friona will observe their Golden Wedding anniversary with open house at their home here this Sunday from 2 p. m. until 5p. m.

Mr. and Mrs. Green were married Feb. 6, 1902, and moved to this vicinity in 1929, where they engaged in farming in the Hub community. They made their home in Friona in 1938.

Eight children are living, and all of them are expected to be present for the anniversary occasion. There are 20 grandchildren and one great-grandchild.

The children are Harry and

Arlie Green of Canyon, Elmer Green of San Antonio, J. T. Green of Amarillo, and George and Glen of Friona; and daughters Mrs. Joe Johnson and Mrs. Frieda Parson, both of Friona.

ATTEND DINNER

School Superintendent Dalton Caffey and Mrs. Caffey attended a dinner Saturday night in Amarillo honoring Dr. A. M. Meyer, president of the Amarillo Junior College. The dinner was given by the L. H. Smiths in their home, with five other educators and families from the area present.

Weldon Dickson and Al Romich attended the Hereford Chamber of Commerce banquet last Friday night.

Out-rides them all!
The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!
The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

Full-Circle Visibility!
With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

Exclusive Power Pilot Economy!
Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "oo" on "regular" gas.

New Coachcraft Bodies!
Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new built-light construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

Out-values them all!
With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford... more dollars and cents value than any car in its price class!
