

## Reeve, White Program Proved Popular at Church Family Night

The February Congregational Church Family Night held Sunday proved to be an outstanding one of the several held during the past few years. Rev. Meyer has commented. Floyd W. Reeve, in his talk "Highlights of the Old Church," said this about the practice: "Our custom of breaking bread together has continued to be a prized activity. Friendship and fellowship regains supreme at our family night suppers. Many are the young people and older too, who after being away for awhile are drawn to them being 'downright' hungry for such fellowships as the 'Church Night' provides. It does not take a genius in psychology to know that we have always gotten more than chicken, cake and all the rest at these feasts. Jesus demonstrated his understanding of human tendencies when he advised his friends to think of him when they ate together."

Mr. Reeve spoke of himself and Mrs. Reeve being the oldest living present members of the local church. He spoke of the beginning of the church as being "the old plains pioneers' church," a church of good old freedom of thought, tolerance and good neighborliness with an intense desire to serve the community in every way possible. He traced the succession of ministers, ministers of all sorts and kinds, stating that many had really "gone places" from here, one former pastor being at present nationally and internationally known—Dr. Truman E. Douglass who is Executive Vice-president of the Board of Home Missions of the denomination. He paid many of them splendid compliments. Mr. Reeve's presentation was received by a big hand. Many present added bits to what he had said and stories of their own recollection making it an eventful and meaningful part of the program.

John White gave a splendid review of McGuffey's Readers in a most pleasing way quoting from each of them, using choice poems with morals which he had learned for the most part sixty years ago. He recited poem after poem in his very own imitable way as only "Uncle John" could do, closing with what he called his "swan song." His offerings were received with loud acclaim and many gathered about him following the close of the meeting asking for a further poetic treat which he gladly gave.

Mrs. L. F. Lillarq was presented a birthday cake and the group sang "Happy Birthday" for her. Karen Treider made the presentation.

The groups was a larger than average group and was most responsive to the program.

Ohio Whitefield, superintendent of the Sunday School with the use of charts and lesson books, explained the Pilgrim Series which is the course of study followed by the school. He asked for a fuller support of the Sunday School emphasizing the two adult classes, the one under the leadership of F. W. Reeve which is for the men and the second, the Philathea, for the women, with Mrs. George E. Meyer as the leader.

The next Family Night is to be held March 2nd, the program to be featured by "pictures" of subjects to be announced later.

The pastor, George E. Meyer, announced that the church would observe the Lenten period in its usual way, with mid week services each Wednesday evening beginning with Ash Wednesday, February 27th, and with a service each evening of Holy Week; and that the benevolence program of the church would be as in the past Lenten seasons.

## Banquet to Feature Cub Pack Meeting In Observance of Scouting Anniversary

The anniversary of Boy Scouting will be observed in Friona this Friday evening with a combination pack meeting and banquet for all Cub Scouts and their parents. The banquet will be held at the Congregational Church basement commencing promptly at 7:15 o'clock.

Each den, boys and parents, will spread their table together, and den mothers have notified the boys of refreshments to be brought, including sandwiches, salad, and pie.

Scouting executive Harry DeLashmott of Amarillo will be on hand to furnish a program including moving pictures.

Dens of the local pack have been meeting regularly with good attendance; in fact, several boys are now on the waiting list for admission into the program. An additional den will be required to handle the demand, and immediate need is for another den mother. Anyone interested should contact Cubmaster Bert Neelley before the pack meeting if possible.

A large turnout was noted at the January pack meeting, and all Cub Scouts are urged to attend the one this week, bringing their parents in every possible case. Anyone else interested in youth activity in the community is cordially invited to be present.

## Deaf Smith County Farm-to-Market Road Decision Due Soon

The Deaf Smith County Farm-to-Market road program, which has been watched with interest locally, is at a temporary standstill awaiting the outcome of the controversy involving the 5.3 mile on the Adrian road.

Though the state highway department had allotted funds for the Adrian road, various citizens of the county have protested the location in favor of a road in Wyche community, some of these have made trips to Austin in protest.

D. C. Greer, state highway engineer, wrote on Jan. 30th that attention was being given the matter and that the county would be notified within 30 days of final decision.

The Adrian road would tie on to the north end of the already improved farm to market road extending north from Harrison Highway north of Friona.

Mr. and Mrs. Carl Maurer and Mr. and Mrs. H. K. Kendrick were Sunday visitors in the Joe Shields home in Amarillo. The Shields are parents of Mrs. Kendrick. During the evening a dinner was enjoyed by the group, and films of Alaska and Old Mexico were shown.

## Miss Rachel Burnett is a new employee at the City Drug Store.

## Republican Chairmen Held Caucus Monday

A caucus of Parmer County Republican Precinct Chairmen was held in the display room of the Reeve Chevrolet Company Monday night.

Several interested Republicans were in attendance and participated in the discussions. The meeting was harmonious in regard to party activities and planning. There was however a variety of opinions as to the most desirable and strongest candidate for president.

Farwell and Oklahoma Lane precincts were not represented. Floyd Reeve expressed the opinion that before the May conventions these precincts will be organized and will select representatives.

with the added emphasis on "One Great Hour of Sharing" scheduled for March 23rd.

## Tickets for Bovina Style Show are On Sale by Local Women

Sponsoring the first style show of the season in this area, the Half Century Club of Bovina will present their fourth semi-annual show on Saturday, February 9th, at 7:30 p. m. in the American Legion Hall at Bovina.

Admission tickets now are on sale for 75c each. Opportunities to receive a doll valued at \$5 (plus her attire of five \$1 bills!) will be given ticket holders. The winner will not necessarily need to be present at the show, the sponsors added.

A new feature of this show will be the modeling by ten or more men of the latest in men's wear.

Clothes will be furnished by Carmack and Sons, Vohs Co., and Dillons, all of Clovis.

The Bovina style show features attire for every size and age. Among the ladies modeling in the event are Mrs. J. T. Gee of Friona. Tickets may be purchased in Friona from Mrs. Art Mast, 3rd grade teacher in the Friona schools, Mrs. J. T. Gee, or Mrs. A. V. Warren at the hospital. Door sale of tickets also will be made at the show.

Proceeds will go for civic work now already planned by the Bovina Half Century Club.

Mrs. Helen Simms well-known in Clovis for her outstanding ability, will narrate the show. Music will be in charge of Mr. Keith Baten, Bovina bandmaster, and Mrs. Vernon Estes. Vocals will be rendered by Jerry Jones and Billy Ray Derrick. Little Miss Frieda Daugherty of Clovis will give an additional treat of two dance numbers.

The public is cordially invited to attend.

## Leaders of Farm Bureau to Meet Monday in Lubbock

J. Walter Hammond, president of the Texas Farm Bureau Federation, will meet with Farm Bureau leaders from 15 counties in the Lubbock Hotel, Lubbock, on February 11.

Those expected to attend from Parmer County are: Bruce Parr, Carl Schlenker, Hadley Reeve, Raymond Euler, Melvin Sachs, T. E. Lovett, Joe S. Menefee, Bill Buchanan, Jimmie Seaton, J. H. McDonald, Earl Stevenson, Walter Kaltwasser, Aubrey Ellison and Vernon Symcox.

Hammond will speak on current issues: (1) freedom; (2) who shall speak for farmers; (3) will a part of the money to build highways be tractor gasoline taxes; (4) what will be the farm labor and machinery situation this year?

The meeting will be one step in launching a membership campaign in the 15 counties. Presently, of the 50,000 members in the Texas Farm Bureau, 7,600 are from this area.

## WEATHER

Moderate temperatures and dry weather still prevail, with temperatures averaging about 5 degrees above seasonal normal. Night temperatures have been about 25 degrees, with daytime varying from 54 to temperatures in the 60's.

High winds have been frequent the past week, with the worst being a continuous blow Saturday evening, night, and Sunday. Most cropland was prepared so that relatively little damage has been reported, however.

## Irrigation Day, Soil Fertility Program

District Courtroom in Farwell  
Tuesday, February 12th

- 10:00 Insects and Diseases of Wheat ..... Fred Dimes, Extension Service Wheat Marketing Specialist, Texas A. & M. College.
- 10:30 Pasture Production Under Irrigation ..... A. H. Crain, Extension Service Pasture Specialist, Texas A. & M. College.
- 11:30 Underground Water On the High Plains, W. L. Broadhurst, State Board of Water Engineers.
- 12:00 Underground Water District, Tom McFarland, Hereford Chairman of Board of Directors of Underground Water District.
- 12:15 Welcome ..... Oliver C. Sikes, President of Chamber of Commerce.
- 12:30 Lunch. High School Cafeteria.
- 1:30 The Soil Conservation District, ..... A. L. Black, Secretary Parmer County Board of Supervisors.
- 1:40 Cotton and Grain Sorghum Production Under Irrigation, Don L. Jones, Supt. of Lubbock Experiment Station.
- 2:40 Water Penetration Test ..... Miles Kelley, Irrigation Engineer, Soil Conservation Service, Dimmitt, Texas.
- 3:30 Irrigation Methods and Practices. .... Robert Thurmond, Irrigation Engineer, Extension Service, Lubbock, Texas.
- 4:00 Adjourn.

## Attempt Being Made To Organize Credit Group

Thirteen local businessmen attended the meeting last Thursday evening for discussion of a Friona Credit Association.

D. C. Blatzheim of Amarillo explained the benefits and mechanics of such an organization, after which those present voted to support a local association should it be organized. Mrs. Lucy Jones, leading in the local movement, is working this week on organization plans with memberships being solicited.

## Letter to the Editor

February 6, 1952  
Dear Editor:

I'll try to write you a letter to voice a personal opinion on the matter of last week's headline "Phone Pay Boost Asked." None of us will deny that prices are rising today. That is evident from the community grocery store to the cinema world. I seriously doubt that a stable commodity such as a telephone line, cable, and switchboard are higher in cost now than when they were installed. I can sympathize with the Telephone Company but I feel that some reciprocal sympathy is due. I am willing to have phone rates raised when the following items are fulfilled by the Telephone Company.

1. When every application now on file with same said company has been satisfied with an installation. This may require quite a new outlay of investment and equipment, but those who want phones want them just as bad as those of us who have them want to keep them.
2. When all who desire private lines have been satisfied with private lines. Many individuals for business and other special reasons would like a private line.
3. When Southwestern Associated Telephone Co., has come to a permanent and satisfactory settlement with our proposed Rural Telephone System that no lawsuits to prevent building or failure to cooperate in giving service shall ever come forth to hinder building of Rural Telephone Systems.
4. When a full time service man shall be employed to live in Friona and service such system and make future installations.

Thanks so much.  
Sincerely yours,  
Russell Pogue.

## March of Dimes Collections Swell to \$2,360.17; Frionans Donated \$899.42

## Fire Station In Readiness for Use Next Week

Work on the Friona Fire Station is rapidly nearing completion, with occupancy expected early next week.

The 32 ft. by 33 ft. brick building facing Main Street just north of the park will house both trucks and all equipment of the department.

A large alarm siren is being installed on a tower directly to the rear of the station enabling faster response to fire calls. The alarm, powered by a 7½ hp. motor, is one of the largest in the entire area; in fact it is the largest manufactured by the Federal Enterprises fire alarm firm.

City officials announce that the station has been constructed at a considerable less expense than first indicated. With the lowest bid on the construction being over \$11,000, the city decided to erect the building themselves, and such procedure has saved some \$2,000 construction costs.

## Cemetery Association Will Meet on Friday

A meeting of members of the Cemetery Association will be held Friday evening at the Chamber of Commerce offices in Friona. The time is 8 p. m. Anyone interested in the improvement and care of the local cemetery is invited to attend.

## Valentine Dance For USO Campaign

A Valentine dance for the benefit of the USO will be held at the Friona American Legion Hall next Thursday evening, February 14th. The dance will be conducted in the same manner as the recent March of Dimes dance, and the public is invited. A freewill offering will be taken. The same local orchestra that played last month has been engaged.

## Repair Work Authorized On Friona Legion Hall

The American Legion Post 206 and Auxiliary met Monday night in regular business sessions. The Legion voted to putty all windows in the hall immediately, planning later improvements including new screens throughout.

The group voted to sponsor a Valentine dance for benefit of the USO drive.

## Local Congregation Delivers Clothing and Food to Las Vegas, NM

Evidently a group that can really get the job done is the Sixth Street Church of Christ congregation in Friona, for this week a drive was made to secure food and clothing for distribution to needy families at Las Vegas, New Mexico, and every family in the local church contributed items - one hundred per cent participation!

On Tuesday Stanley Lockhart and Eugene Boggs took a heaped pickup of the food and cloths to Las Vegas, where they reported many children of Spanish-American descent eating only one meal per day and being very inadequately clothed.

Arthur Hilton has been called to Bentonville, Arkansas, on account of the illness and death of his sister, Mrs. Allen Palmore.

Donations in the Parmer County March of Dimes drive were tabulated yesterday, revealing a total collection of \$2,360.17, chairman Raymond Euler has announced. This sum is several hundred dollars over the amount received last year.

Friona accounted for \$899.42 to lead the drive, followed by Bovina with \$570.42; Rhea with \$308.94; Farwell, \$363.82; Lazbuddie, \$151.06, and Black \$87.16.

Friona donations were as follows:  
Collection boxes, 132.64; Grade School, 103.46; 5th grade, 5.51; Senior class cakes, 20.35; High School cards, 7.50; coffee day, 30.45; Girl Scout Troop 1, 142.19; Troop 2, 75.91; Eastern Star, 33.11; American Legion, 71.23; Farwell-Friona game, 31.65; Lions Club, 22.10; Progressive Study Club, 10.00; Modern Study Club, 5.00; Friona Woman's Club, 5.00; Legion Auxiliary, 10.00; and Regal Theatre, 142.31.

## Mexican National Labor Discussed

Solution of the migrant labor procurement and housing for the Friona area appeared little nearer this week, although a meeting was held Monday night with guest speakers present to outline experiences of other counties. Both a representative of the Texas Employment Service and several Muleshoe citizens who had used Mexican National laborers discussed the problems and obligations incurred in hiring this across-the-border help.

Only twenty-two were present at the widely advertised meeting of Monday night, including the half dozen guest speaker. It is expected that future meetings will be called by the Friona Chamber of Commerce and Agriculture for study of the situation.

## Eleven Men Listed In Draft Call; to Report Feb. 14th

Eleven men have been called in the February draft call at the 4-county selective service board at Hereford, it has been announced, with the men to report February 14th.

Morris Wayne Massey was the only one listed from Parmer County.

The state draft call for March 1, 1952 men - was received last week at the state headquarters.

The March figure compares with February and January induction quotas of 2,027 and 1,471 respectively. These quotas are considerably less than the same months a year ago. Quotas the first three months of 1951 averaged more than 4,100 a month.

Local board quotas for March have not been figured. General Wakefield said. State headquarters expects to have the local board quotas in the mail on February 8th.

The March call will be filled with the same age groups that are being used to fill the February call - men 20 years old and above. General Wakefield estimated that half the March call can be filled with men 21 years old and above.

A total of 4,328 men 21 years old and above are scheduled for the armed forces mental and physical tests in February.

There will be no re-examination of 4-F's in February, in accordance with instructions from Selective Service national headquarters. General Wakefield said. A total of 2,391 4-Fs are being re-examined in January. Texas has a total of 13,211 4-Fs to be re-examined.

# Editorially Speaking . . .

## Less Accidents In Little Towns

It is difficult to determine if any clearly drawn conclusions can be reached from the recent report of the Texas Department of Public Safety. However, the statistics indicate that total traffic accidents and deaths showed increase in 1951 over 1950, while a break-down of the totals show that such accidents and deaths have decreased in cities, towns, and county roads. This leaves the death traps consigned to the highways and farm-to-market roads.

The preliminary report of the department lists 2502 deaths from traffic accidents in 1951 against 2410 in 1950.

There were 23 less fatal traffic accidents in 1951 in the cities, 29 less in towns under 2,500 population, and 19 less on county roads.

BUT an increase of 151 was noted on the

highways, and 12 increase on farm-to-market roads.

What is the reason for the differential? Is it that the public is more reckless on the open stretches than in the towns? Could it be that traffic is better regulated in the towns? Or is there inadequate law enforcement on the highways?

Whatever your conclusions, the figures are startling and frightening even interesting. One consolation the little towns, including those of Parmer County, may be numbered with those of the state showing an overall 19% decrease in traffic fatalities during 1951.

And it is up to only you and ourselves what 1952 figures will total. Let's do something about the "real national disaster" of highway fatalities.

## Monday Morning Musings

State Agricultural Commissioner John C. White last week took note of the grain scandals "breaking out in Texas like the rash." He listed several preventative that in his opinion would have made impossible such maneuvering.

But the statement made by White that we

The old boy in OPS employment who dreamed up regulations for printed products (as announced this week) really had a brainstorm. Although not affecting the small printers, the regulations do cover some 9,000 plants and \$3 million dollars annually, representing over 40 per cent of the printing industry. Imagine, if

especially noted was:

"I'm glad," he said, "that the farmers are going to get their money back. But it's relevant to ask: 'Where's this money coming from?' From CCC funds apparently, or in the final analysis from YOU AND ME—MR. TAXPAYER!"

you can, the many combinations and types of printing jobs, if you can, each requiring separate study in price regulating formulas!

And where is the benefit? According to the very words of the OPS bulletin, "it is expected the new regulations will produce both roll forwards and rollbacks"—so why not leave well enough alone?

## Guest Editorial

BY "UNCLE JOHN" WHITE

Thanks, Mr. Editor, for this privilege and honor. Basting opinions of the casual observer on what he hears on the street corner, in shops, lobbies, social gatherings other than those termed religious, the main topics of interest, as expressed by Mr. and Mrs. ordinary citizen, are: Harry Truman, Korean War, Communism, the inconceivable amount of the National debt, the approaching national and state elections and the ever growing burden of the Income Tax.

However, all these topics are being commonly either directly or indirectly, laid at Mr. Truman's door-step, and it also appears in the minds of most of these people, the speediest and most potent method of ridding the nation of most of these curses, is the early removal of Mr. Truman from the office of President.

Such an act will, beyond a doubt, act as a sedative, but it cannot, by any possibility or even probability become the real cure, and even for this first or primitive step, how do they plan to go about bringing it about?

Evidently this cannot be accomplished by telling dirty yarns or cracking humorous jokes about Mr. Truman, however applicable the stories and jokes may appear. Such measures can only serve to produce temporary mirth for the story-teller or the joke-cracker and a usually small circle of his hearers. Such measures cannot be relied upon, as they will carry no weight in the judgement of Mr. Truman's enemies when they come to cast their votes at the coming national election. Other weightier words and affairs will then control their judgement and decide the casting of their votes.

On the other hand, such means when falling upon the ears of Mr. Truman's admirers, will only serve to increase their antagonism and even though they may have decided in their own minds that another candidate should be elected, will drop the idea and vote for Mr. Truman. That is just human nature. And this statement sounds like Mr. Truman is assuredly a candidate. Yea, Verily! And if a candidate, he will just as assuredly be elected.

Four years ago, when Mr. Truman was a candidate opposing Mr. Dewey, very few people apparently thought that he would be elected. Mr. Truman, himself, was probably the only person who felt absolutely assured of his election and he fought his campaign, practically alone.

He knew the odds against which he was fighting, and when the votes were counted he was

declared elected. After his election, Mr. Truman assumed (and correctly so) that his election was a mandate from the people of the United States to put into execution the many governmental reforms that he had advocated in his speeches during the campaign and he set himself resolutely to accomplish his purpose and so recommended the necessary legislation in his message to the congress. But an unwilling majority in congress blocked his plans.

In the event of his election in November of this year, Mr. Truman may reasonably consider the said election as a second or double mandate from the people to have the necessary legislation enacted and then execute this many reforms, to which it may said, he stubbornly clings. In the event an unwilling congress again thwarts Mr. Truman's desires by refusing the necessary legislation, and in the event that Mr. Truman considered what he regards as a mandate from the voting population of the nation as more binding than any other obligation he may have assumed, may he not then adjourn congress by presidential privilege, either "siné die" or to any other specified date in the distant future and then proceed to execute his treasured reforms by presidential Decree. Then, what sort of government do we have?

True, we do not expect any such radical actions to be taken, but, judging the future by the past few years, have not the people of the United States a right to be on the look-out for any form of radicalism on the part of those at the head of our government?

You say this cannot happen. Who has the power to hinder it? You may say, "Impeach the President," and remove him from office." But remember there is no power other than the United States Congress that can do this, and it has been adjourned, as understood by the assumption of this statement.

The people of our country seem to be aroused to a pitch of excitement seldom attained by them, and, apparently, justly so. It is time these same people consider this matter seriously and remember that our only weapon with which to fight unjust government is our ballot. Then prepare to vote intelligently and vote our judgement rather than our prejudice. Vote FOR somebody rather than AGAINST somebody. Attend our precinct conventions, then our county and district conventions and choose delegates who do our bidding at our state convention. This applies to voters of all parties.

## The Law and You

By Robt. (Bob) Kirk

DO YOU KNOW what the difference is between participating and non-participating royalty?

With reference to oil and gas leases, royalty is that sum paid to the owner of the land, or of the mineral interest, for the oil and gas which is taken from the property.

If in a deed a person reserves an undivided one-half (1/2) interest in and to all the oil, gas and other minerals in and under the premises conveyed, this means that the individual is providing for himself an undi-

vided one-half (1/2) interest in the minerals, which by its terminology would entitle the individual retaining the same to share in the royalty and bonus and rentals paid for oil and gas leases, and would require his signature on a lease of the whole tract of land.

If the deed reserves by proper provisions, one-half (1/2) of the oil, gas and other minerals, and makes the same non-participat-

ing, the parties reserving the mineral interest would not share in the bonus money paid for the lease, or the annual lease money paid to keep the lease in force, he would however be entitled to his share of any of the payments for oil which is produced upon the property.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

## "SMALL BUSINESS"

By C. WILSON HARDER

Charles Sawyer, Commerce Secretary, talking too frequently, and in circles, embarrasses his colleagues on the Mall.

They say, referring to his carnival park, "The Cincinnati Coney Island Kid can't tell the difference between giving the people a fast whirl for a dime on a Gayway Concession, and giving the people a fast whirl for billions."

There is a fervent wish C. W. Harder he would quit his pre-occupation with the monopoly sidestow.

Opposition party attacks on a cabinet officer are common. But Sawyer is being repudiated most energetically by his own party.

His latest idea, Newspapers, he tells Ohio newspapermen, should refrain from printing some news for "national security". As he has nothing to do with military strategy, attending newsmen quickly dubbed it a plea for "Sawyer security". He said, "It (censorship) would I am sure, make the task of the public official much easier."

But Atty. Gen. J. Howard McGrath, who operates out in the open told newsmen there are no plans for an implied, disguised, direct or indirect censorship.

Undoubtedly, censorship would suit Sawyer. Just recently this column reported how a House Judiciary Committee, headed by N. Y. Democrat Rep. E. Celler, condemned a Sawyer plan to use a half billion American dollars to finance a new aluminum plant for Alcoa's Canadian affiliate.

©National Federation of Independent Business

Called to testify Sawyer "double-talked" through a half hour. One observer said, "He squirmed and ducked so much there kept running through my mind the popular melody, 'Cincinnati Dancing Pig.'"

Senate Small Business Committee has opened public hearings to investigate the strange ousting of Earl Glenn, a Commerce Dept. career man, as head of rubber allocation. He was replaced by Leland Spencer, vice president of a subsidiary of the rubber monopoly.

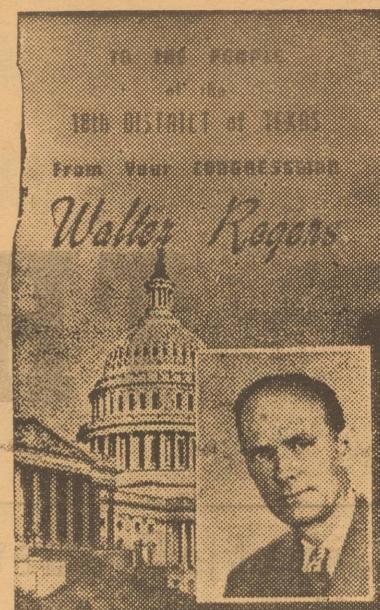

There was an attempt to have the hearings in secret. Before that, Sawyer contacted Sen. John Sparkman, head of the committee, attempted to forestall the hearing, terming the Glenn ouster a matter of administration not policy. But Sen. Sparkman, hailing from Alabama believes in bringing out truth in the open.

Many bureaucrats now desire to keep non-defense information from the public. ECA quits announcing who sells the billions of merchandise the Marshall Plan is giving away.

Big Business, getting the lion's share of the business, objected. Besides, Marshall Plan officials are being embarrassed by publication of their actions.

An example. Sometime ago this column reported government is buying French industrial alcohol at 41¢ per gallon for defense needs. The big U. S. distillers refused to sell except at a price range of from 90¢ to \$1.25 per gallon.

But ECA Bulletin No. 2059 reports Marshall Plan has bought \$120,000 of alcohol from American distillers and given it to France. Next week other reasons for the bureaucrat's desire for an Iron Curtain along the Potomac will be reported.

Washington, D. C.

February 1, 1952.

### THE TWO-CENT POST CARD

Since the traditional one-cent post card was increased to two cents I have received quite a number of comments. At the time the rate was increased a provision was put into the law that when these post cards were purchased in lots of more than 50, an additional charge of ten percent would be made. Several news stories relating incidents of an organization buying several thousand of these, 49 at a time, created a lot of commotion and many people have written me condemning such a theory as being silly. Here are some of the facts that caused the Congress to require the additional ten percent when more than fifty of the cards are purchased at one time. In the first instance the one-cent post card (now two cent) was originally created as a cheap means of communication between the people of this country. The cost of the card from the time it was printed until it reached the addressee was more than the one cent and for many years has been more than two cents. I talked to the Post Office Department about this as I felt that the people were entitled to the facts surrounding the matter. The Post Office Department estimated that at the time the rate was increased from one to two cents the actual cost to the Department from the printing of the card to the delivery if it to the addressee was approximately 2 3/4 cents. This means that every time one of these printed two-cent post cards was mailed, the Post Office Department, and of course the taxpayer, had to furnish an additional 1 3/4 cents from some other source; that source was of course the taxpayer's pocket. A survey reflected that approximately ninety percent of these cards that were being mailed originated from some company or organization engaged in sales promotion or advertising. The result was that the taxpayer of this country were actually subsidizing these advertising and sales promotion schemes to the tune of 1 3/4 cents on every card that was mailed. In other words, every time one of these organizations mailed ten thousand of these cards it cost the taxpayers of this country \$175.00; if the organization mailed 100 thousand, it cost the taxpayers \$1750.00. From your own experience in receiving many of these advertising cards in your mail you can visualize how much the process was costing you. It was the opinion of many of the members of Congress that the addition of a small increase in the price of these cards when they were being purchased for purpose of such type of advertising would measurably reduce the size of the subsidy and decrease the burden on the taxpayer. I write this explanation because I have received many letters asking me why Congress does not do something to stop some people from flooding the mails with advertising material that they do not want and serves only to clutter up their mail boxes and wastebaskets. If the Post Office Department were making a profit on these post cards, certainly it would be silly to put an additional charge on purchases of more than 50, but since they are being handled at a loss and the taxpayer has to foot the bill, the more the loss can be reduced, the better for the taxpayer.

### THE TROUBLE SPOTS

The Middle East is fast becoming the number one trouble spot of the world, just as I predicted in a previous newsletter and in a number of speeches in the district. The problems to be settled in that area are deep seated, and there are a great many more issues involved than in the Korean conflict. The outcroppings of trouble in the Middle East are not the result of any new-born political philosophies or theories of government. These are the rumblings of peoples who feel that they and their lands have been subjected to foreign exploitation for years and years. The many problems posed cannot be settled quickly nor easily. The people from these countries with whom I have discussed the problems assure me that they do not look upon communist principles as a temporary or a permanent solution to any of their problems. Those people are all deeply religious; therefore it is impossible to reconcile their basic beliefs with the atheism of communism. They all assure me that they want to be friendly with the Western powers but that it is extremely difficult for many of their people who have been under colonial domination of European countries to understand that the United States does not have colonial ambitions. Only outstanding statesmanship is going to avoid bloody conflict in this area.

### UNIVERSAL MILITARY TRAINING

The question of UMT or no UMT is a matter of daily debate in all corners of Washington. It is probably one of the most important domestic issues that has faced this country in a long time. Excellent arguments are advanced on both sides of the issue. Personally, I would like to have your thoughts and I would appreciate it if you would indicate your feelings by checking one of the following and mailing it to me with any comments you care to make:  
"For Universal Military Training—"  
"Against Universal Military Training—"

## Other Editors Say "Is There a Carlsen for the Ship of State?" Is Arlington Editor's Query

The excitement, on both sides of the Atlantic Ocean, over the brave skipper of the little American freighter Flying Enterprise, is the most fortunate occurrence thus far in the year 1952. The incident has brought to public notice the fact that there remains one man at least in this decadent world to whom duty is sacred. And the fact that this display of principle in the face of the utmost peril has so captured millions of hearts, indicates the present day human hunger for something to admire.

To Captain Henrik Curt Carlsen, his conduct has been only what a ship captain's should be. He has merely fulfilled the responsibility he assumed with command of the vessel. For this was no case of mere heroics, of dramatizing the seafare tradition of "going down with the

ship". Captain Carlsen's whole intention was to save the ship, and as long, certainly, as there was any chance of it, there could be no thought of abandonment. He was aware of risking his life, of course. But the thing he has demonstrated so needfully, is that risk and duty are separate considerations.

We can even hope, perhaps, that the example of Captain Carlsen will remain in the minds of Americans until next election day, and help many of them to vote for a return of self-reliant Americanism . . .

even though a relative might be cut off the Federal payroll . . . even though a union leader might disapprove . . . and even though a house-cleaning in Washington might reduce or even eliminate a lot of hand-outs and subsidies.

# Star Recipes

## Whole Wheat Gingerbread

- 1/4 cup butter
- 1/2 cup sugar
- 1 egg
- 1/2 cup molasses
- 1/2 cup sour milk
- 1 3/4 cup whole-wheat flour
- 1/2 teaspoon soda
- 2 teaspoons baking powder
- 1 1/2 teaspoon spices
- 1 teaspoon ginger
- 1/4 teaspoon salt

Cream the butter and add the sugar and continue creaming. Add well beaten egg. Mix the milk and molasses together. Mix the flour with the soda, baking powder, spices, and salt. Add the dry ingredients alternately with the liquid, adding flour first. Bake in a moderate oven, 350° F., for 35 to 40 minutes.

## Official Highway Maps Available

Need an official Texas map? You will have an opportunity to get one when you register your car this year. The Texas Highway Department in co-operation with the County Tax Assessor-Collector is once again offering a free Official Highway Map to each registrant through a post card plan inaugurated last year.

This service on the part of the Highway Department and County Tax Assessor-Collector is intended to provide a means by which the Texas car owner can get something extra for his registration fee. These cooperating state and county agencies feel that every motorist who desires one of the colorful official maps is certainly entitled to it.

The Official Highway Travel Map not only shows the 40,000 miles of state highways but many of the Texas scenic highlights for the next vacation or week-end trip. Chock-full of information, the map encourages everyone to "See Texas First."

Here is the way you may take advantage of this opportunity. Every Texas resident who registers his vehicle in the state will be offered a return addressed post card at the same time he purchases the 1952 license plates. If the car owner so desires, he may affix a two cent stamp to the card along with his name and address and mail it to the Highway Department. In return, a free copy of the colorful Official Highway Travel Map will be dispatched to the addressee.

The light boats used in rowing races are known as shells.

Lacrosse is the national game of Canada.

housewife may want to have a ready-mix on hand.

3. To make ready-mix combine all dry ingredients, cut in shortening, place in tightly covered container, label and store in a cool place.

4. Gingerbread may be served with butter or a sauce.

## Rebekah Class Sends Clothing to Mission

The Baptist Rebekah Sunday School class met Friday with Mrs. Bert Chitwood. The Life of Noah was the program subject. The group packed a large box of clothing for use by the Baptist Rescue Mission at New Orleans. Refreshments were served to Mesdames Wood, Euler, Dilger, Turner, Bradley, and the hostess.

# The flip of a lever eliminates dead furrows

with the Massey-Harris No. 33 Roll-Over Plow

There's no longer need for troublesome dead furrows splitting your fields. The new Massey-Harris No. 33 Roll-Over plow lets you start on one side of the field and plow on the same "land" until the entire field is plowed. Just flip the lever when you come to the end of the field. The "top" plow automatically rotates into position and locks rigidly in place. You can turn on a dime and wheel down the furrow you've just made. You don't waste fuel and time crossing wide headlands. It's ideal for contours, hillsides and level land.

Stop in and see the new, revolutionary Massey-Harris No. 33 Roll-Over plow next time you're in town. We'll show you how it'll save you time and money in your fields.

*Make it a Massey-Harris*

**JUNIOR MUSIC CLUB MET**  
 The Keyboard Junior Music Club met Friday in the home of Hank and Nancy Outland. The meeting was called to order by president Nancy Outland. A program consisting of musical numbers by each of the members, and a study of the life of two composers was presented. Several of the compositions of these composers were played. A short biography of the life of Stevan Foster was given by Nancy Outland, and Mrs. Outland sang "Beautiful Dreamer," accompanied by her daughter. A social period of musical games was followed by refreshments. The next meeting will be Thursday, February 28th.

## Statistics Used This Time to Prove College Trained Farmers Have Higher Incomes - Doubtless Higher Taxes, Too,

Ever since there has been an agricultural college, people have been asking these two questions:

1. "Why go to college to learn to farm?"

2. "Why do agricultural graduates not go back to the farm?"

For the first time an attempt has been made to find a reasonably accurate answer. That answer is contained in a bulletin of Texas A. and M. College entitled "A Study of the Agricultural Graduates of the Agricultural and Mechanical College of Texas." Its author is Dean Charles N. Shepardson of the A. and M. School of Agriculture.

To ferret out the facts and figures, Dean Shepardson mailed a questionnaire in April, 1905, to the 4,702 A. and M. agricultural graduates whose current addresses were available. By Sept. 1 replies had been received from 1,927 graduates — about 41 per cent of those to whom the questionnaire was mailed.

The replies seem to constitute the best answers available to the age-old questions. The answers are:

1. It is profitable to go to college to learn to farm. A. and M. graduates now engaged in full-time farming reported an average annual income of \$8,450

as compared to the \$2,800 average for all Texas farmers.

2. The majority do go back to the farm as owners or operators as soon as they can accumulate sufficient capital to make this possible. Of the group answering the questionnaire, 44.1 per cent are farm owners or operators. The percentage is lower in the group of recent graduates and increases to 68.2 per cent in the group who graduated before 1920.

Not taken into consideration in the figures, but possibly having some significance thereto, is the fact that several of the courses offered in the School of Agriculture are not designed primarily to prepare young men for farming.

This is apparent from the list of courses offered: Agricultural administration, agricultural education, agricultural engineering, agronomy, animal husbandry, dairy husbandry, poultry husbandry, entomology, floriculture and landscape architecture, horticulture, range and forestry and wildlife management.

However, 78.5 per cent of those included in the study are engaged in some phase of agricultural work or related business. Of this group 18.6 per cent are engaged in full-time farming, 28.1 per cent in full or part-time farming.

Forty-seven per cent are engaged in professional agriculture, 12.9 in business related to agriculture and 21.5 in fields of endeavor unrelated to agriculture, including those serving in the armed forces.

Some 56.3 per cent of the graduates included in the study still anticipate farm ownership or operation at some future time, while only 15.6 per cent do not intend ever to farm.

More graduates have become farmers, or still intend to, than planned to do so at the time of graduation.

Of the group which still anticipates farming 80.5 per cent gave lack of capital as their reason for delay. Other reasons included military service and lack of experience.

The interval since graduation and the economic conditions at time of graduation appeared to have an influence in whether a man is now engaged in farming or related business, or in pro-

fessional work. In general the longer the interval since graduation the larger the percentage now engaged in farming. The depression groups of 1920-24 and 1930-34 show somewhat lower percentage of farmers than those graduating in more prosperous years.

Those graduates who now are farming appear to be farming better than those in other occupations. While the average income of all agricultural graduates is approximately \$6,000 per year, the average for the full-time farmers is \$8,450.

This compares with an average income of \$2,800 for all Texas farmers; \$7,650 for those graduates who are land owners, including the part-time farmers; \$6,750 for those in non-related business; \$5,900 for those in business related to agriculture, and \$4,800 for those in professional agricultural work.

The graduates report their greatest hinderances to progress as being lack of capital, lack of experience and inadequate training and vocational indecision, in that order.

The greatest benefits received from their college training were listed as technical foundation, ability to find information, practical training and development of self-confidence.

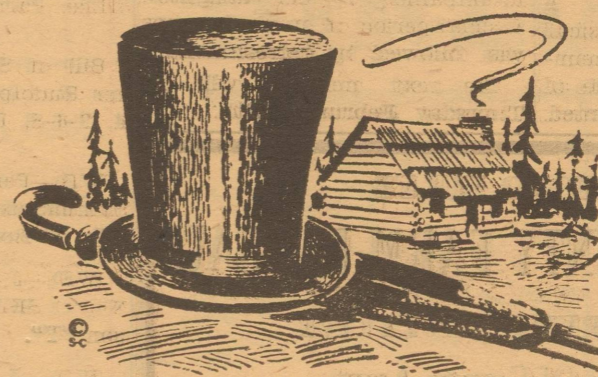

A large percentage of the agricultural graduates of A. and M. College continues in some phase of agricultural work, with more than two-thirds of them ultimately becoming farm or ranch owners or operators.

The llama and alpaca are domesticated animals related to the camel.

The Butantan Institute near Sao Paulo, South America, is a snake farm to produce serum to cure snake bites.

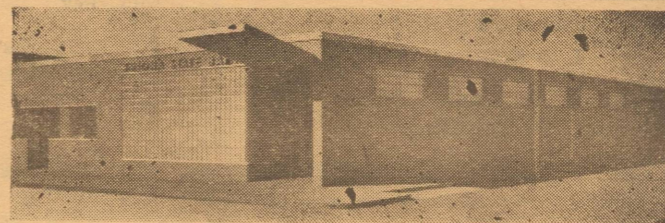

Major Andre, the British officer spy who negotiated with Benedict Arnold for the surrender of West Point to the British, was hanged at Tappan, N. Y., on October 2, 1780.

Two states have had two different capitals each, and at the same time: Rhode Island had Newport and Providence as capitals; and Connecticut had Hartford and New Haven.

There's no more fitting time, than Lincoln's birthday, to be reminded of the fundamental precepts of our great democracy; that any man, no matter how humble his beginnings, may one day be president. There's no more fitting tribute to the memory of Lincoln, than the simple phrase . . . all men are created equal.

# Do You Remember...

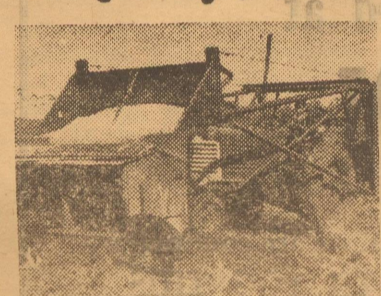

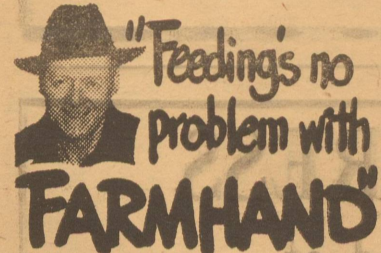

## 13 YEARS AGO

Uncle John White was running "ears" or quotations atop the front page of the Star, with the January 27, 1939, one reading, "Perk Up, Do Your Best. The World Isn't Half Bad. If Anything's Wrong, It's You!"

National Youth Week was recognized in service of the Methodist and Congregational Churches. L. L. Hill was Methodist pastor, and C. Carl Dollar was minister of the Congregational group.

An unusual amount of moisture was noted in the soil, with prospects good for barley and oats.

Governor O'Daniel had just made a statewide broadcast, telling of his transaction tax plan,

HANDLING CORN or any bulk material is a quick, clean job with the grain tight All-Purpose Scoop. "Wrist-Action" eases the load into place, just where you want it. My Farmhand Loader saves me time and work all year around on more than 50 tough farm jobs. Come in and ask for a demonstration.

and the dailies reported the people in a "seething" mood after listening to the talk.

A. N. Wentworth reported 21 fine hens stolen from his hen house.

A. S. Curry had his arm broken in a feed mill.

WPA workmen were employed at stripping the dirt from the top of a caliche pit on the W. A. Stevens farm west of Friona, the caliche to be used on the highway.

An ad read, "Pay Your Poll Tax before Feb. 1st if you are interested in old age pensions and tax levies.

Leo McLellan, Willis Edelman, and John Armstrong, representing the wheat growers of Parmer County, spent a few days in College Station, attempting to have the county wheat acreage allotment raised to a par with adjoining counties of the panhandle.

Miss Mary Lou Barker, daughter of Mr. and Mrs. Fred Barker, was awarded the first place in the 1938 4-H club girl achievement contest in Parmer County. She was garden demonstrator for the Lakeview club and had planted 8250 square feet of garden. In addition she had raised 100 chicks, and had spent much time in a bedroom improvement project.

## 22 YEARS AGO

Thirty-five members attended a chamber of commerce meeting, re-electing officials. They were not named in the article, however. An important item of business on the agenda was road improvement in the Friona area. J. D. Forsyth of Denver, Colorado, was a visitor in town, scheduling a prohibition speech on February 2nd.

The Friona Drug Store opened with Mr. Eckles as proprietor. Showing at the Marvelette theatre was Hoot Gibson in "Long, Long Trail; Tim McCoy in "The Overland Telegraph," and Glenn Tryon and Merna Kennedy in "Skinner Steps Out."

Classified Ad: "We will be in our office in the bank building next Thursday. Drs. Heard & Wiltshire."

Santa Fe Grain Company was nearing completion of its new elevator.

The "Live Wire" class of the Methodist Sunday School had a social in the home of Mrs. Willie Osborn. Present were. Misses

Freida Hartfield, Berdick Johnson, Oweda Rell, Faye Hartfield, Florine Key, Wanda Vance, Maurine Furlong, Hazel Ware, Irene Boggers, Lucile Ruth, Pauline Parr; Messrs. Glenn Lack, Floyd Brookfield, Ernest Osborn, Clyde Crowe, Forrest Osborn, Marvin Key, Paul Parr, Merle Furlong, and Raymond Robison. J. C. Wilkison of the Wilkison Chevrolet Company was advertising the new Chevrolet Six. Jodok remarked in his cogitations and aphorisms that "not long ago I heard a young man speaking of another man as an old fossil, when in reality he himself was the fossil of the two,

if either of them would have come under that classification." F. N. Welch was John Deere dealer, and A. B. Short was in charge of parts and tillage lines. "Gingham Girl" flour was advertised by the M System store. The first barbed wire was made in 1873 by Joseph F. Glidden of DeKalb, Illinois. In high altitudes the llama is used as a beast of burden. Our present-day sport of aquaplaning developed from the surf board of the native Hawaiians.

## TRUST IN A MOTHER'S FIRM FAITH

What better pattern can we find in our dealings with our fellow man, the earth over, than that found in a firm faith? One of the finest characteristics of a mother is her great ability to see us through any emergency — to accept all our faults while patiently helping us to eliminate them — to love us deeply and sincerely without losing sight of wherein we have feelings. This faith is firmly nurtured by the Church, and is another bulwark of our civilization. Our mothers and our Churches work hand in hand for a better world. Join your friends in the Church of your faith this Sunday.

## COLD SHEETS???

SWITCH TO WARM *Electric Sleeping!*

You may never catch a cold from a cold sheet, but you'll admit that warm sheets on a cold wintry night are far more inviting. And that's the way it is with modern electric sleeping. You merely set the control on your electric blanket (or electric sheet) a few minutes before retiring. You snuggle into a pleasantly warm bed and in no time at all you're in a sound, restful, pleasantly warm sleep. What's more you've no "weather worries" from then on. Your electric blanket maintains the temperature TO YOUR LIKING. It's a modern day . . . its time for modern sleeping . . . its time for electric sleeping, at YOUR home.

**Sue Nazworth Honored  
With Bridal Shower**

Sue Gibson Nazworth was honored with a bridal shower Saturday afternoon at the First Baptist Church by Mesdames S. H. Osborn, Claud Osborn, Roy Clements, and H. T. Magness.

The serving table was draped with a beautiful cutwork table cloth with a centerpiece of carnations arranged in heart shape.

Joyce Gibson, sister of the bride, presided at the guest book. Betty Rhodes presided at the serving table.

Music was furnished throughout the afternoon by Dean Buske, Sally Osborn, Joyce Miller, Gay Ann McFarland, and Deniese Magness.

Those present included Mrs. Coconoughor, Shirley and Elizabeth Coconoughor, LaNora Fallwell, Mrs. G. B. Buske, Sandra Brock, Mesdames Russell Pogue, Leonard Coffey, J. A. Wimberley, G. H. Brock, Granville McFarland, Ralph Miller, D. O. Roberson, Roy Miller, L. M. Baker, Thomas Gibson, W. L. Nazworth, L. M. Crow, Johnnie Nazworth, W. A. Senter, J. B. McFarland, and Oneida Coffman, Mattie Faye Crow, Gay Ann McFarland, Joyce Miller, Mary Lou Miller, Shirley Fields, Sally Osborn, Deniese Magness, Betty Rhodes and Dean Buske. Many who were unable to attend sent gifts.

**HOSPITAL NOTES**

Admitted

Venita Hobbs, Med.—Farwell.  
Mrs. Albert Davis, Med.—Friona.  
Beverley Baxter, Med.—Friona.  
Mrs. Kenneth Neill, OB.—Summerfield.  
Mr. B. P. Abbot, Med.—Bovina.  
Richard White, Med.—Friona.  
Mrs. J. A. Parrish, Med.—Friona.  
Baby Parrish, Med.—Friona.

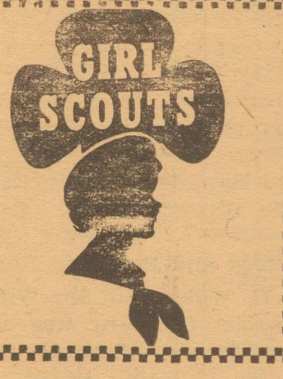

Dismissed

Dickie Doshier.  
Mrs. Mary Bainum.  
Lewie Bradshaw.  
Mrs. B. C. Roberson.  
Mr. Louis Caillowet.  
Beverley Baxter.  
Richard White.  
Venita Hobbs.  
Billy Haynes.  
Mrs. Mollie White.

A. C. Hayes of Hereford visited in the Star office Saturday, also seeing a number of former neighbors on the street. Mr. Hayes is the father of Clyde Hayes and lived in the Black community from 1927 until 1936. He now lives at 407 Miles in Hereford.

The Pete Braxton family spent the week-end visiting in Albuquerque.

Mr. and Mrs. Orville Houser spent last week-end visiting in Santa Fe. Mrs. Houser went to Dove Creek, Colorado on Monday to drive her father, Mr. G. C. Hartman, back to Friona for a two week visit.

**TROOP II**

Girl Scout Troop II met at the Methodist church Monday afternoon. The girls worked on an Art badge, and almost completed it at the meeting.

Loretta O'Brian served refreshments to Delene Massey, Merlene Gibson, Carolyn Stowers, Kathryn Dunn, Doris McFarland, Patsy Anthony, Phyllis Trieder, Gladys Baxter and the leader, Mrs. O'Brian.

**BROWNIE TROOP V**

Brownie Troop V met Monday afternoon at the Congregational Church. Refreshments were cooked and served by Marilyn Fouts, Dolores Elmore, Carla Vada Singleterry and Maritta Watson to Brownies; Jacquelyn Magness, Emma Drake, Freya Robison, Phyllis Bainum, Geneva Floyd, Nancy Harper, Sue White, Linda O'Brian, Janet Snead, Betty Barnett, Margie Carlton, Lynette Dutton, Carol Crump, Gloria Edwards and leaders Helen Potts, Jim Snead, Lucille Latta and Virginia Dutton.

**Cub Scout  
News**

**DEN I**

The Cub Scouts of Den I met in the Sloan Osborn home Monday afternoon at 4:00 o'clock. Games were played, then Den Chief Harris Dunn read the story of the origin of boy scouting. A flag ceremony was held.

Boys present were; Dee Taylor, Joe Reeve, Tommy Barker, Jimmy Anthony, Larry Anthony, Frankie Spring, Robbie Osborn, Owen Drake, Larry Crow and Robert Neelley. Mrs. Frank Spring and Mrs. Sloan Osborn are the Den Mothers.

**DEN II**

Cub Scout Den II met Saturday afternoon in the home of Mrs. Charlie Bainum. The boys carved little openers from wood and made plans for the Pack meeting banquet.

Cubs present were: Floyd Reeve, Carl White, Bobby Sanders, Jimmie Bainum, Larry Elmore, T. E. Parson, and Wayne Brewer. Mrs. Bainum is the Den Mother and Mrs. Cayson Jones is the Ass't. Den Mother.

**DEN III**

Cub Scout Den III met Monday afternoon in the home of Mrs. Neal Fulks. Each boy made place cards for his family to be used at the Pack meeting banquet. Plans were made for a Valentine party for the den meeting next week.

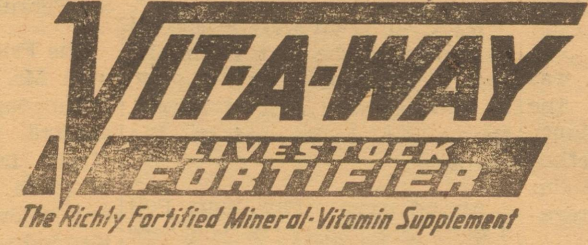

Cubs present were Charles Bass, Aubrey Carleton, Dale Cunningham, J. B. Douglas, Larry Drake, Bobby Fulks, Boyd Jones, Roy O'Brian, Ellis Jim Parson, Jerry Rankin, Larry Taylor, Howard Fitzgerald and den chief Darrell Thompson. Mrs. Neal Fulks is Den Mother, with Mrs. L. D. Taylor assisting.

**CORRECTION**

The name of Brenda Deaton was unintentionally omitted from the Honor Roll in last week's Star. Her name should have appeared in the first grade Honor Roll for the last 6 weeks, as well as for the entire First Semester.

Mr. and Mrs. C. L. Lillard visited in Albuquerque this week with Mr. and Mrs. Joel Landrum.
