VOL 27—NO. 41

FRIONA, TEXAS, THURSDAY, MAY 8, 1952

Price 5c

COLUMN LEFT

No week has been designated Spring Clean-up and Paint-up Week, in Friona, but a number of businessmen have the fever, thank goodness, and notable improvements have been made.

Notice the new paint coat at F. L. Spring General Merchandise? And there are the new fixtures at Foster's Dry Goods. The modern counters have been installed this week, and we understand wall fixtures are soon to follow. Then there's the new sign on the west of Meathhead Thornton's Poultry & Egg, Locker and Cold Storage Emporium, and the Consumers recently added to their paint job with retouching of their big emblems. Even the city is getting out the paint brush and is painting no parking zones along the curbs. But most noticeable to those who pound the sidewalks is the new walk between Ralph Taylor's barber shop and the B. T. Galloway building, eliminating a detour between the post office and bank! Also hope to report in a very few days that a walk has been constructed the length of the American Legion lot adjacent to the curb in front of the Legion building.

CL

The next best thing to a really good woman is a really good natured one! Which reminds me, I might as well comment on Mrs. CL being seen at the Republican Convention. Hadn't intended to mention it, you know how it is, family pride etc., but the tale got out anyway so we can't ignore the facts! Well, probably the Republicans need just as many good party members as do the Democrats! (And I can get by with saying that, aligning myself with the Shivers Demos).

Seriously though, many of us are finding that no one party, however far we look, embodies all the principals we feel are needed at this time, but possibly that is only because you and I have taken little active part heretofore, letting John do the work. And we surmise that the parties can be improved just as the churches, the civic organizations, the trade organizations, by work from within, by you and me, rather than by bolting and setting forth with isolated individual action. So even if the party does not wholly coincide with your conceptions, why not get in there and work - maybe, as Senator Russell put it, the party will come to you!

CL

The Parmer County Implement Company is staging its annual barbecue for the FFA boys this Friday night. Parents of the boys will be special guests, and the reserve champion of the recent Fat Stock Show will be on the menu. What more could you ask. Congratulations to this civic-minded business firm that time and again has gone the limit to promote the welfare of our community and its youth.

WOMEN - and men, too, you can't go wrong in making plans now to attend the Friona Star Cooking School in Friona, May 23rd.

STUDENT BREAKS LEG

Virginia Fuks, 4th grade student here, was injured Tuesday while skipping rope at the school grounds, breaking a leg just above the ankle.

Reports said that Virginia was running as she skipped the rope, and she slipped and fell on the leg.

Mrs. Frank Spring, Mary Tom and Frankie, were in Vernon over the week-end attending the Santa Rosa Roundup.

Could be that those black-face minstrels bear striking resemblance to Pete Cornelius, Pat Loflin, and Judge Barker.

Accumulate the best in home talent with a good show, plenty of blacking for the faces, unmentionable costumes, and scores of roar-provoking jokes -- and there you have the Melody Lane Minstrel to be presented in Friona Saturday night by the Lions Club.

The program will commence at 8 p.m. at the High School Auditorium, and will end only when the audience is too weak to seek out another laugh!

Delegations Go Uninstructed to State-wide Political Conventions

With lots and lots of talk about party conventions during the past week, and with record turnouts at both precinct and the county conventions, it all terminated with the Republicans and Democrats at least having one point in common - both county conventions agreed on sending uninstructed delegations to their respective state conventions to be held in late May.

On the local level, thirty Democrats attended their precinct convention at Friona, electing Nelson Welch permanent chairman for the meeting, and electing 15 delegates to the county convention. Delegates chosen were Welch, Wright Williams, Pete Buske, Bert Neelley, Frank Spring, H. T. Magness, Steve Struve, Joe Menefee, C. L. Lillard, Granville McFarland, Bill Stewart O. J. Beene, Charles Allen, A. L. Black, and Weldon Dickson. Every one of these were present later at the county convention.

The Friona precinct meeting was enthusiastic, yet very harmonious, and the delegates were sent to the county meeting uninstructed and without requirements of a party pledge on motion by Frank Spring.

Two resolutions were unanimously accepted, one for more rigid economy measures in national

Fire Boys Entering Contests at Dalhart

Fire Drill was held by the Friona Volunteer Fire Department Tuesday evening, and the group practiced for various events to be entered at the Dalhart convention next Tuesday, May 13th. There the group will compete in pumper races and a water polo contest.

Last Friday teams went to Hereford where they competed with Hereford and Dimmitt in pumper races and two games of polo. The local group was second only to Hereford.

Mrs. Lucy Jones was a Hereford visitor Wednesday.

Mrs. Tom Lewis was in Amarillo on business Tuesday.

Yazzuh, We Is All Ready Fo' You Folks!

Admission prices are adults 75c; high school students 50c; and grade school students, 25c. Tickets may be obtained at Foster's Dry Goods, the City Drug, The Friona Star, from Charles Allen at the bank, or at the door.

Actually and seriously, this definitely is one of the funniest presentations ever staged in the area; of course such characters as Judge Barker and Pete Cornelius add to the finesse of the hodge-podge. Jokes won't be all the program, mind you; there's the skill exhibition of Presch (you'll just have to attend to see what skill), and there will be some really good harmonizing and solo presentations. You'll hear about this show for days afterward, so you had just as well attend and see it first handed!

government and withdrawal of subsidies not in interest of the public welfare, and the other for state ownership and control of the tidelands in Texas.

These motions were made by Euler and Neelley, respectively. Eight attended the Republican precinct meeting earlier in the day, that group sending two uninstructed delegates to the county convention. Mrs. Bert Neelley and Mrs. George McLean.

BOVINA CONVENTION

The Bovina Democratic precinct convention was conducted Saturday with Lee Thompson as chairman of the group.

An uninstructed delegation was elected consisting of Mrs. G. D. Anderson, Jr., J. T. Hammonds, B. P. Abbott, Scott Levins, Jr., Robert E. Wilson, Emmett Taber, Frank P. Wilson, Frank Truitt, and Bedford Caldwell.

COUNTY DEMO CONVENTION

G. D. Anderson was elected chairman of the County Democratic Convention, and a nominating committee composed of one man from each represented precinct nominated slate of four delegates to the state convention, these being accepted by unanimous vote.

Delegates chosen were Sam Aldridge, S. H. Osborn, W. M. Sherry, and Mrs. G. D. Anderson Jr. Resolutions submitted by the Friona group were accepted on a county-wide level.

On motion by A. L. Black, seconded by Hamlin Overstreet, the body voted unanimously to send the delegation to the state uninstructed with unit vote. Steve Struve made the motion that Pete Buske be appointed as a "tie-breaker" should the vote be split

\$4,600 Gutter, Curb Improvements Are OK'd at Courthouse

Petit Jury Called For Monday May 19

Sixty petit jurors have been called to report at the county courthouse Monday, May 19th, at 10 a. m.

This list is:

M. T. Glasscock, Sterling Donaldson, D. W. Cargile, Guy Cox, E. M. Wagner, Fred Carson, G. W. Crain, Oswell Jones, Joe Magness, H. W. Hardage, Robert Ruddle, A. L. Black, R. Christian. Jesse T. Coburn, Tyson Eubanks, N. C. White, A. W. Gober, J. E. McManigal, Roy Delashaw, Jack Woltman, Dick Rockey, A. L. Battey, Elmer Euler, J. W. Ashcraft, Raymond Schueler, and R. C. White.

O. F. Lange, Albert Smith, E. R. Barry, E. G. Williams, Melvin Sachs, Walter Steinbock, C. P. Warren, Kenneth O'Brian, H. D. Bradshaw, Robert Schueler, G. M. Dial, Earl Derrick, Steve Struve, A. J. Ellison, Tilden Stagle.

Clyde Perkins, J. E. Hardage, Everett Christian, T. W. Bewley, Harold Carpenter, J. W. Gammon, Elmer Holt, T. W. Fuller, W. E. Martin, Willie W. Williams, D. W. Bagley, L. L. Norton, Dick Gerries, D. B. Ivy, G. T. Watkins, Clyde Magness, G. L. Mings, Carl Davis, and Jack Smith.

Alan Remick transacted business in Clovis and Portales Wednesday.

Local Cubs Make Preparations For Attendance, Amarillo Palava Saturday

Cub Scouts of Friona Pack 56 met yesterday afternoon, making final plans to attend the big annual Cub Palava which will be held this Saturday in Ellwood Park in Amarillo.

Transportation will be provided for any cubs not going with their parents to this meeting. Those desiring rides should group on the west side of the school at the grade school playground at 10 a. m. Saturday morning.

Cubs should take pack lunches and be finished and ready to participate in the Palava events at the park at 1:30 p.m.

Next local pack meeting will be on Friday the 16th of May.

An attendance contest will be conducted at the Palava and a full turnout of local Cubs is urged and anticipated. There the group will participate in various fun contests including stunts, sack races, yells, etc.

All den mothers have signified their intentions of attending, together with several other parents and council members.

Technician Arrives For Duty at Local Hospital

Arch D. McSwain, new technician for the Parmer County Community Hospital, arrived in Friona this week from Minnesota to begin his duties here. His home is in Paris, Tennessee. With him is his wife, Betty, and their two children, Susan, two, and Mary, eight months.

They are living at present in the Bethel Hicks home.

Considerable improvements in premises on and adjoining the county courthouse down at Farwell were authorized last Friday in a special meeting of the county commission, with all commissioners present except Emmett Day who was away at a funeral.

J. M. Smith Rites Conducted Wed.

Funeral services for James Marion Smith, 67, were held in the First Baptist Church in Friona yesterday afternoon.

Mr. Smith had lived in the vicinity since 1925 and the family had resided in Friona since he retired from farming in 1945.

Survivors are the widow, two sons, Denver of Friona, and Denham of Amarillo, and three sisters and two brothers.

Death came only a few minutes before midnight Monday.

The funeral services were conducted by Rev. Russell Pogue, and burial was in Hereford cemetery. Pallbearers were Lawrence Bracken, Bev Buchanan, D. P. Mann, L. D. Cannon, and E. B. Brannon.

Mr. Smith was born June 25, 1884 near Richmond, Virginia. He moved from there to Texas with his parents in 1893, and in 1896 he moved to Mountainview, Oklahoma, where he resided until moving to Friona. At Mountainview he married Miss Veda Denham in 1908. He united with the Baptist church in 1910 and had been a member ever since.

Agreement was reached with the D & T Construction Company of Brownfield for pavement and curb and gutter on 830 feet on 3rd street to the west of the courthouse at a cost of \$2,200.00. Motion on this action was made by Commissioner Billingsley, seconded by Ivy.

Motion was made by Ivy, seconded by Jefferson, and unanimously carried that agreement be entered into with the same firm to widen the driveway around the courthouse 14 additional feet, making a hard-surfaced 32-foot drive at the cost \$2,400.00. Some trees will have to be removed in this operation.

It has been explained that the highway department would not have financed the paving curb and gutter to the west of the grounds regardless of the route taken for the loop there, inasmuch as state maintenance and construction would have ended several blocks further south.

Friona Wins 17-4 Over Dimmitt In Sunday Game Here

Friona baseball got a shot in the arm Sunday when the local nine defeated the Dimmitt visitors here 17-4.

High points of the game included C. H. Veezey slugging a home run with two men on base, and with Jimmie Clements pitching a 1-hit game for the last four innings.

Hits for Friona included Shirley Cook, cf, 1; David Patterson, lf, 1; Marvin Massey, c, 1; Doug Gonsor, 1st base, 2; Pudge Kendrick, rf, 2; Veezey, ss, 1; Jimmie Clements, 3rd, 2; and John Renner, p, 2.

Playing were these plus D. A. Hall at 2nd, Chas. Howell, cf; Bill Muhle, cf; Joe Brummett, lf; Gene Bandy, rf; and Wes Long, 2nd.

F.F.A. Banquet For Parents-Sons

There's good eating and good times in the offing!

The Friona FFA annual barbecue will be held this Friday night in the FFA show barns at 8 o'clock.

Prior to this year this has been a father and son affair, but inasmuch as the mothers are also vitally interested in the activities of their sons, the 1952 meeting is being made a parent-son affair.

Menu will include barbecue from the reserve grand champion fat calf of the recent county-wide show. This calf weighed 1155 lbs and dressed out 808 lbs for a very unusual dressing percentage of 69.9 per cent. In addition to the barbecue, there will be bread, onions, pickles, beans, fried pies, ice cream sticks, coffee and tea. The program will consist of a talk by a representative of the International Harvester Company of Amarillo, a Texas Tech quartette with Tim Magness in charge, and a movie of the recent Junior Show.

School Closing Events

Joyce Miller, Johnnie Parker - Valedictorian, Salutatorian

Closing of school activities in the Friona schools will commence next Friday the 16th when the Juniors depart for a two-day trip to Carlsbad.

Sunday evening, May 18th, will mark the Baccalaureate Services for the Seniors, with Rev. Russell Pogue of the first Baptist Church giving the address. Both Rev. Tidwell and Stanley Lockhart will have parts on this program planned by the Senior students. The services will be held in the high school auditorium.

Final exams will be held Monday, Tuesday and Wednesday, May 19, 20 and 21, with school holding only during the mornings for these days, enabling two examination periods of approximately 2 hours length each during each of these days.

Final day of school will be Thursday the 22nd, with books being checked in that morning. The cafe will be open next Friday the 16th for the last meal there.

Eighth grade graduation exercises will be held Wednesday evening at 8 o'clock in the high school auditorium, with the entire program to be student-participation - no outside speaker will be billed.

High school graduation will be the following evening, Thursday the 22nd.

Valedictorian has been announced as Joyce Ann Miller, and Johnnie Parker is Salutatorian.

Editorially Speaking . . .

Monday Morning Musings:

The Silent Type . . . How They Got That Way

And now again the well-known "Calculating Coke" Stevenson, of Junction, Texas, is meandering among various political groups, possibly with the intention of throwing his hat in the ring in 1954 if not this year.

Mr. Stevenson's picture alone has brought him lots and lots of votes in past elections no doubt, for there are those who hold that a pipe-smoking man is wise and just and thoughtful and deliber-

ate! We had never understood just why this conclusion was drawn until last week when a friend came up with a very reasonable answer.

Said he, "Ya know, a fellow who knows enough to keep his mouth shut just wears a little better than the gabby sort, and with a pipe in one's mouth, ya can't open your mouth to spit, much less talk! In fact don't see how he breathes!"

New Experiences for Mr. Average Citizen

Thousands of citizens throughout Texas have in the past week attended political conventions for the first time. Some have aligned themselves with one of the two major parties for the first time.

And at the precinct and county conventions every one of these good Americans voiced some opinion, at least casting a vote.

We can well remember instances throughout the recent course of American history when such interest in politics would have altered the course of history . . . for the better we surmise.

Alright . . . what will this present interest net for you and for me? It should and must direct self-government back into the channels that the public desires. But this will be true only if we

continue our activity . . . on through the state and national conventions and finally at the polls. And we must have a slate of candidates who will carry out our desires. So often we have seen, notably on local political levels, criticism of incumbent officials, but with all the talk of the voters no other slate of candidates was offered for the voter's choice.

Mere talk is just the beginning of being a good Democrat, a good Republican, and a good American. It's the action that speaks the loudest, and we believe a new area has opened - wherein ACTION by the voters is inaugurated for all years to come, for such is the only salvation of a grimly decadent government OF the people.

Mutual Admiration Between Parents and Children

Mother's Day and Graduation coming so closely together seems to us a remarkable opportunity for closer study of the "give and take" that makes for the happy home and congenial family unity.

With the world so complex, as it probably has seemed to every generation, every effort to promote the sanctity and wholesomeness of the family unit should be welcomed as a bulwark against these complexities.

In every home this weekend, loving thoughts will be turned to some mother, present or away . . . a mother whose life is reflected in the lives of her children and neighbors. And what greater earthly love is there than that which should be accorded a parent by the children?

this month as the children, too, receive special honors upon occasion of graduations in their academic trek. To many of these students, the receipt of the diploma comes only after really arduous endeavor; and a new vista is spread before the eyes of every graduate.

We think a little bit of extra attention could be accorded both the parents and the young folks during May, resulting in not only greater appreciation of one another's accomplishments and attributes, but also in paving a smoother road for the years to come. One cannot render any service or extend any love without that action somehow making the giver just a little greater personality - one you and I appreciate knowing.

The Law and You

By Robt. (Bob) Kirk

DO YOU KNOW what an escrow agreement is?

An escrow agreement is a written contract between two parties which creates certain legal obligations, and which is placed in the hands of a third party to be kept by the third party until the performance or happening of certain events, and then the escrow and the attached instruments upon the happening of the event shall be delivered as directed in the instrument itself.

A very frequent use of an escrow agreement is in a trade for the sale of a piece of property. A written agreement is made whereby the Purchaser places a certain amount as a forfeit along with the contract and deed of the Seller. This is frequently plac-

ed in the hands of a bank as the escrow agent. Then when the Purchaser pays the balance due under said contract, or executes the notes required by said contract, and delivers them to the bank he receives the deed of the Seller, and the Purchaser's earnest money and the balance delivered by him is paid to the Seller. Under this arrangement, if the Purchaser does not perform his part of the contract, the earnest or forfeit money is paid over to the Seller as his damages.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

This time of the year, when the shad are running in the Potomac, they are finding the waters flavored by a strange essence, which on examination proves to be crocodile tears shed by Federal Trade Commissioner Lowell Mason.

Commissioner Mason is shedding tears over the fact that the Robinson-Patman Act, one of the nation's most effective anti-trust laws, made it imperative for the FTC to order the Independent Grocers Alliance, known as IGA, to cease taking brokerage commissions on foods bought for the independent wholesalers and retailers comprising the organization.

In the past, when the FTC has invoked the Robinson-Patman Act, against big interests such as in the Standard Oil of Indiana case, the case against the cement companies on basing point prices, and more recently the decision on tire discounts, Mason wrote the minority report.

However, in this case affecting an organization of independent food operators, he not only sided with the majority, but also wrote an extra majority report.

And in this report, he prophesies the doom of independent business everywhere because of this order against IGA forbidding it to collect brokerage fees to finance the work of IGA.

And he blames it all on the Robinson-Patman Act, but in so doing, he overlooks a lot of water that has gone over the dam.

Before the Robinson-Patman ©National Federation of Independent Business

Act was found to forbid a buyer collecting brokerage fees, many big chains used this to buy their goods at a lower price.

This fact Commissioner Mason overlooks, stating in his report "There is no doubt that some chains used the brokerage subterfuge as a means of covering up unlawful price discriminations, but it could have been stopped under the Federal Trade Commission Act."

Significantly, however, the practice was not stopped until the Robinson-Patman Act was invoked.

Other organizations of independent grocers in the past affected by this law, have continued to grow and prosper.

Both the Red and White Stores and National Retail Owned Grocers are making gains without collecting brokerage fees.

But through his written report Mason strongly implies that the solution for IGA is a repeal of the Robinson-Patman Act. Such an action would, of course, leave the chains free to pursue practices which would make it even more difficult for independents.

After all, if you live near a zoo, the roar of caged lions might be bothersome, but not nearly so bothersome as they would be if the cages were removed.

And what makes Commissioner Mason's tears for the plight of small business, cruelly confined by the Robinson-Patman Act which he reluctantly must invoke, inconsistent as his frequent decisions against using the law against monopoly. He has too often voted to uncape the lions to now be effective as a bleeding heart for independent business. It all sounds like more propaganda to wreck the nations anti-trust laws.

Do You Remember...

23 Years Ago

A. Crum and Mrs. Carrie Lillard.

S. F. Warren who was farming three miles west of Friona was making a nice profit from his entire herd of Herefords, and flock of pure bred Rhode Island Red hens and his seven good grade dairy cows. He had made a net profit of \$180 for eggs for hatching and commercial purposes and in addition to those he had sold he had hatched for himself 1000 chicks which averaged two pounds at six weeks of age.

There was a called meeting of the Oklahoma - Texas Wheat Growers Association here at the Baptist church building.

The principal speaker of the meeting was John Manley of Enid Oklahoma who was general manager of the association and chairman of the Farmers Elevator Pool Ass. The matter of building or buying an elevator at Friona was discussed by those present and it was learned that the greater part of the stock for such an undertaking had already been subscribed.

Mrs. J. C. Wilkison had departed on Monday morning for Eades, Colorado in company with her nephew for a few weeks visit with her brother-in-law and family.

A base ball game with the team from Muleshoe had been scheduled for Sunday afternoon. Homer Pemberton was manager of the Friona team and games were to be played each Sunday.

Two important deals had been closed during that week. J. J. Horton had secured the control and ownership of the other two concerns writing insurance in Friona. These two had been M.

F. L. Lillard who had been producing a strain of registered Hereford cattle on his farm north-west of town, had dispersed his entire herd of Herefords, and had been considering the short-horn breed of cattle.

A large crowd had attended the baccalaureate service on Sunday morning in the high school auditorium. The sermon was delivered by Rev. J. Edd Morgan.

The weather picture had been a dry one, with more rain needed for the growth of the young wheat. The wind had blown almost constantly out of the north and a fire was needed indoors for warmth. Some dirt had blown.

Warren Ware of J. E. Ware and Son exhibited his Jersey bull at the Panhandle-Plains Dairy Show at Plainview and had been awarded first place and also grand champion.

Rev. J. L. Beattie who had been pastor of the Congregational church at that time had gone to Houston to attend the State Association of Congregational churches.

Jodok said: A good citizen is one who does willingly whatsoever the laws of his country, state or town require him to do, and is glad to show his loyalty by so doing.

Showing at the theatre was Douglas Fairbanks in "The Iron Mask."

Serial running in the Star was "What The Gray House Hid", a mystery by Wyndham Martyn.

GRASS ROOTS

It seems that every time I set the technique of combining nitro down to thinking about what rogen and phosphorous fertilizers I'm going to fill up space with in the Arno phosphate, pellet form and if the other scheme were the best I feel certain that they would buy something. That is, every one but Jim Kirby, and he usually counts on producing more straight nitrogen and phosphorous fertilizers. Comparative results is the answer and there are men who have tried both.

MY RECOMMENDATION: Take a look at the results from 16-20-0 on all crops. Must stress the point again that without organic matter in the soil, inorganic fertilizers will not respond the way we would hope them to. Hubam clover time is past, but vetch seeding is just around the corner. These legume crops serve as cover and on paper it figures out er, soil breeding and furnish an abundance of high quality forage for grazing. Drive out to Howard Gault's farm and see the vetch that he planted in corn last August. You will have trouble finding it because of the number of cattle he has on it, and they can't keep it back, but it's there — tons of lush green forage per acre, comparable to alfalfa in food value and NO BLOAT.

My lawn is started at least. I want to thank my fine neighbors, Elmo Hicks, Harry McCaley, and Dr. Caveness for helping me keep it watered. You will notice that there was little credit given to any of the men I mentioned a couple of weeks ago. There is good reason for that — mainly, they didnt show up.

I see J. B. Norland coming with water soluble phosphate is more mobile in the soil than the phosphate in super - phosphate. Another explanation may be that some of the nitrogen in 11-48 and 16-20 is utilized by plants in the ammonia form and the phosphate is combination with ammonia is crappie he caught with me! They say they are really hitting at Buffalo. I'm going crazy at five in the morning and find out. From all the talk I'll see more farmers down at the lake than I can find during the week, by driving a couple of thousand miles.

J. T. E.

Star Recipes

DINNER
Roast Chicken with Mushroom Stuffing
 Remove supplementary baking rack from wire lifting rack. Preheat roaster to 350 degrees f. with vents closed.
 4-5 pound roasting chicken salt
 3 tablespoons onion, minced
 3-4 cup mushrooms, sliced
 2 tablespoons butter or margarine
 3 cups soft bread crumbs
 1 teaspoon salt
 Few grains pepper.
 If necessary, singe chicken and remove pin feathers. Wash chicken inside and out and wipe with

damp cloth; sprinkle inside with salt.
 Sauté onion and mushrooms in butter or margarine until golden brown. Mix with bread crumbs, salt and pepper.
 Pack neck cavity loosely with stuffing; fold skin over back; skewer. Stuff body cavity; close by fastening with skewers and lacing with string, or by sewing. Fold wing tips under back of bird. Tie together end of legs with string, bring string around tail piece. Place chicken breast side down in 10 1-2 x 7 1-2 x 2 1-2 inches roaster baking dish. Insert meat thermometer bulb in center

of the thickest part of the thigh. Place on rack in roaster; open vents. Roast 22 - 25 minutes per pound or until meat thermometer reaches 190 degrees F.
Baked Potatoes.
 6 medium potatoes.
 fat or salad oil
 Scrub potatoes; brush with fat or salad oil. Place on rack in roaster. Place cover on roaster with vents open. Bake at 350 degrees F. for 1 1-2 hours. If baked with full roaster meal, place potatoes on covered baking dishes.
Carrots and onions
 3 cups raw carrots sliced
 3 medium onions, quartered
 1 teaspoon salt
 1-2 cup water
 2 tablespoons butter or margarine
 Combine carrots, onions and salt. Place in greased 7 1-2 x 5 x 3 1-2 inch roaster baking dish. Add water, dot with butter or margarine. Cover. Cook on rack in roaster (with vents open) at 350 degrees F. for 1 1-2 hours.
 Note: Use carrots large in diameter and a special corrugated slicer for a more attractive dish.
Cole Slaw.
 1 small head of cabbage, sliced (3 cups)
 1 medium green pepper, (shredded 1-2 cup)
 Insert slicer attachment in mixer. Cut cabbage in quarters; place in food hopper, turn to high speed shred. Insert shredder attachment in mixer. Cut green pepper in quarters; place in food hopper; turn to high speed and shred.
 1-4 cup stuffed olives, sliced
 1 canned pimiento, coarsely chopped. (2 tablespoons)
 1-4 cup celery seed
 1-8 teaspoon salt
 1-4 cup French dressing

Combine cabbage, green pepper olives, pimiento, celery seed, and salt. Mix well. Drain. Add French dressing; toss until well mixed. Serve immediately. Makes 6 large servings or 8 small ones.
Spiced Fruit Compote
 6 whole cloves
 6 canned pear halves
 12 canned apricot halves
 12 canned plums
 3-4 cup plum syrup
 3-4 cup apricot syrup
 1-8 teaspoon cinnamon
 1-4 teaspoon dry mustard
 1 tablespoon vinegar
 Press a clove into each pear half. Arrange in 7 1-2 x 5 x 3 1-2 inch roaster baking dish with apricot halves and plums.
 Mix fruit syrups, cinnamon, mustard and vinegar; pour over fruit. Cover. Bake in roaster with vents open at 350 degrees F. for 30 minutes. Makes 6 servings.
Two Egg Cake
 Place in baking shelf in lower shelf position of roaster; preheat roaster to 375 degrees F. with vents closed.
 1-2 cup shortening
 1-2 teaspoon vanilla extract
 1-4 teaspoon almond extract
 1 cup sugar
 2 eggs
 Blend together shortening, vanilla, and almond extracts. Gradually add sugar, creaming until well blended.
 Add eggs one at a time, beating well after each addition.
 2 cups sifted cake flour
 3 teaspoons baking powder
 1-2 teaspoon salt
 3-4 cup milk
 Sift together flour, baking powder and salt. All dry ingredients alternately with milk, mixing well after each addition. Pour into two greased 8-inch layer pans. Place on baking shelf at 375 degrees F. for 25-30 minutes. Place cover on roaster; open vents. Cool; frost with pastel frosting.
Pastel Frosting
 2-3 cups apple jelly with mint flavoring.
 2 egg whites
 Few grains salt
 3-4 drops green vegetable food coloring
 Heat jelly over low heat until thin. (about five minutes). Place egg whites in small mixer bowl; beat until stiff but not dry on HIGH speed. Add salt. Pour hot jelly slowly over beaten egg whites, beating constantly on HIGH speed, until the spreading consistency. (about 3 minutes). Fold in vegetables food coloring. Makes enough to frost sides and top of two 8-inch cake layers.
AFTER THE SHOW SNACK
Frankfurter Broil
 6 frankfurters
 2 tablespoons prepared mustard.
 2 tablespoons mayonnaise or salad dressing.
 3 slices canned pineapple, halved
 2 tablespoons brown sugar
 6 frankfurters rolls
 2 tablespoons butter or margarine softened
 Split frankfurters lengthwise. Combine mustard and mayonnaise or salad dressing; mix well. Spread the split in frankfurters with mustard mixture. Sprinkle sliced pineapple halves with brown sugar.
 Split frankfurters rolls; spread with softened butter or margarine. Place around sides of roaster rack to heat while frankfurters in upper shelf of rack position of roaster are broiling. Place stuffed frankfurters in center of baking shelf. Arrange pineapple slice around frankfurters. Broil 8 to 10 minutes. Serve frankfurters and rolls with pineapple slices. Makes 6 servings.

Karen Sue Turner Is Honored On Birthday
 Karen Sue Turner was honored with a birthday party Thursday by a group of little friends.
 Entertainment featured outdoor games, and refreshments of birthday cake and ice cream and punch were served.
 Present at the party were Brenda Collier, Carol Caffey, Jimmette McLean, Vickie Lovette, Patricia Barker, Cynthia and Carolyn Guinn, Dixie Lynn Chitwood, Tommy J. Sanders, Karen Parsons, Jerry Dean and Bob Wade Coker and Lonnie Mac and Donna Carrol Coker of Hereford.
 Also present were both grandmothers, Mrs. C. A. Turner and Mrs. Roy Coker.

Attend Meeting
 Mrs. Carl Maurer, Mrs. Otho Whitefield and Rev. George Meyer have returned from the annual meeting of the Central South Conference of the Congregational churches held in Dallas last week.

Mrs. John Lynn and son of Tulsa, Oklahoma have been visiting in the home of her parents, Mr. and Mrs. O. F. Lange.
 Mr. and Mrs. J. G. White of Stephenville are visiting in the home of Mr. and Mrs. H. G. White.

FARM STEEL BUILDINGS INC.
 Hi-Way 60 in Hereford
 West of Freight Depot

The truck that grew up on the farm!

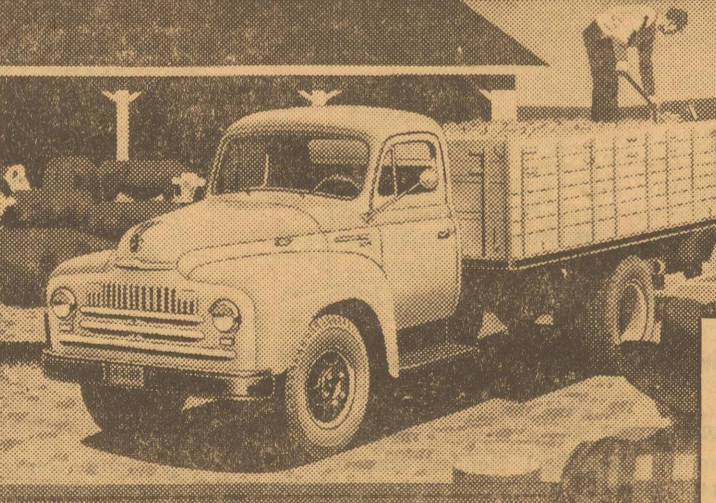

The builders of International Trucks have a background of over 100 years' experience in building heavy-duty equipment for farmers.

To this add 45 years' experience in building heavy-duty trucks. This combined experience is put to good use. The result is an International Truck engineered to do your hauling more economically.

This is only one of many advantages you enjoy when you choose an International Truck. Why not choose your next one now?

You can't beat these International Truck exclusives:

- All-truck engines—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road"—the Comfo-Vision Cab.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The same traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job... 115 basic models, from 1/2-ton pickups to 90,000 lbs. GVW ratings.
- Largest exclusive truck service organization.

International L-160 models offer 130 to 172-in. wheelbases, GVW ratings from 14,000 to 16,500 lbs.

Buy on Proof!
 Before you buy any truck, let us give you a list of persons in this area who have recently bought new Internationals like the one you are considering. Check with any or all of them. Find out how Internationals cut hauling costs on jobs like yours.

AGRICULTURAL APPROPRIATIONS

The House this week has passed the agricultural appropriation bill. Although there was much debate on many of the sections of this bill, the debate was never heated as it has been on the other appropriations bills. It is my opinion that the Congress as a whole realizes what agriculture means to any civilization. The committee recommendations were not cut by the House because the Appropriation Subcommittee on Agriculture did an excellent job in preparing this bill for presentation to the Congress. The budget requests were reduced by the committee, but the House did not reduce the committee recommendations. One of the primary reasons for this action, other than the fact that Congress realizes the importance of agriculture, is the fact that since 1940 agricultural appropriations have been reduced 32 percent, while at the same time, the appropriations for other departments have steadily increased. I gave you these figures in a recent newsletter, but will repeat them because of their importance. Since 1940 the appropriations have increased as follows: Department of Commerce, 900 percent; Department of Interior, 183 percent; Justice Department, 264 percent; Labor Department, 100 percent; Post Office Department, 266 percent; State Department, 1380 percent; Treasury Department 749 percent.

We of course ran into arguments from the city members, but were able to offset these arguments by showing these members just how important agriculture is to the city folks. Many people do not realize that in the past 175 years the fertile soil of this nation has decreased from

500 million acres to a little more than 300 million acres, and that according to the best estimates available the top soil of fifty 40-acre farms flows down the Mississippi River each day of the year, and out to sea. Many people do not realize that by 1875, according to the present rate of increase in population, this country will have 190 million people, whereas today we have 150 million. This increase in population under present-day standards will require an additional 115 million acres of land in order to maintain the present standard of living. That time is only 23 years in the future. Also since 1940 we have been producing 20 percent more annually than theretofore. This does not mean that such increased production was the result of 20 percent more work. It means that 20 percent more has been taken from the fertility of the soil of this nation. These are just a few of the important facts that the people of the entire nation should know, because history shows us that the rise and fall of civilizations have been determined primarily by the fertility of the soil and the protection that was given the soil. We must not forget that once the top soil is gone, it cannot be replaced. One of the main reasons that this country has had to contribute to foreign countries during the past two decades is simply because the people in those countries permitted their soil to wash away. They permitted it to be overgrazed and overproduced. Those people did not take care of their land and the result has been tragic. Certainly this country should learn something from the experiences that we can see and appreciate that have happened during our lifetime. Dollars are very important and especially at this time in our history, but no one will deny that a human being will find a bowl of turnip greens much more digestible than a bowl of ten-dollar bills, with or without pepper sauce.

I feel that the people of the 18th District appreciate the importance of agricultural programs and soil conservation, but I did want to give you a few of the many facts that must be seriously considered by every citizen in this country.

BUILDING BILL

The Committee on Merchant Marine and Fisheries had an interesting witness this week in person of Hans Isbrandtsen, who heads the Isbrandtsen Steamship Lines. This is an independent

steamship company. The Long Range Shipping Bill has to do with subsidies to steamship companies. Mr. Isbrandtsen is definitely a man of the sea and a rugged individualist. He left no doubt in the minds of the members as to the fact that his company was not subsidy minded and that a good healthy shipping industry could only be worked up by private initiative. Nor did he leave any doubt in the minds of the committee members that his basic philosophy was that the citizens of a country should support the government, and not the government support the citizens.

Although I am not on that committee, I was certainly impressed by his testimony, as it contained a lot of good sound basic American philosophy. Usually these owners of steamship companies and other major industries appear before these committees in support of government subsidies, rather in the role occupied by Mr. Isbrandtsen.

From the district this week have been: Mr. Gene Howe, Mr. C. L. Giles, Mrs. Myrtle B. Flenniken, and Mr. and Mrs. S. B. Whittenburg and children, Sam and Mary Francis, all from Amarillo.

Praises BIG 12 For Relieving Her Nagging Aches and Pains

Every day people from all over Texas write in telling how BIG 12 has helped them regain their old time feeling of well being. For instance, take Mrs. Blanche Styron of 402 West Henderson in Cleburne. Mrs. Styron is a nurse and it wasn't so long ago that she had a hard time carrying on her profession. Then she heard how BIG 12 was helping other people with a similar condition caused by deficiencies of Vitamin B₁, B₂, Niacin and Iron and decided to try it. But let Mrs. Styron tell her experience with BIG 12 in her own words.

"For some time I had aches and pains all over my body, I suffered terribly all during that time. Then I heard about BIG 12 and out of sheer desperation I got a bottle. With that first bottle I felt a great change for the better and I have since taken thirty or forty bottles. I have now returned to my work which is practical nursing. At present I am walking two miles each day to take care of my patient. I am still taking BIG 12 and will continue to take it for it has helped me more than I can ever say."

Mrs. Blanche Styron living. And remember, in addition to Vitamins B₁, B₂, Niacin and Iron, the daily dose of BIG 12 contains as much of the new Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. These vitamins and the great iron content of BIG 12 (far more iron than any other tonic contains) when taken into the system, goes to work immediately to help you if you suffer from these deficiencies caused ailments, be fair to yourself, don't go on through life suffering nagging aches and pains, stomach distress, sleeplessness, nervousness, poor appetite and a general run-down condition. Get a deficiency of Vitamins B₁, B₂, Niacin and Iron but get a BIG 12. It's the most pleasant tasting BIG 12 you can get. Buy your drug store today.

It makes each drop of gas say uncle

ACCORDING to combustion experts, there's as much energy locked in a drop of gasoline as there is in a drop of nitroglycerine.

But the problem is to put that energy to work.

So Buick engineers aren't content just to mix that drop with air and touch it off. They've designed an engine that brings it catapulting into a cylinder head where it strikes a turbo-top piston—gets whipped into a churning, swirling ball of tight-packed energy.

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future."

It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood—and extra miles in the fuel back in the gas tank.

Now, power is great, but what goes with it?

Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you

want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflo Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on Roadmaster, optional at extra cost on other Series. *Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52

Operatic Stars To Visit Texas

Three of more than two dozen operatic stars to be heard in Dallas' civic-sponsored season of the New York Metropolitan Opera Company in May are pictured above. Hilde Gueden, left, distinguished Viennese soprano imported by the Met this year, and Tenor Giuseppe Di Stefano will sing Musetta and Rodolfo in Puccini's "La Boheme" Saturday matinee, May 10. That evening Soprano Eleanor Steber, right, will be one of a stellar cast singing Mozart's "Così fan tutte" ("Women Are Like That,") the Metropolitan's new production which translates opera into English. Transporting the Metropolitan to Dallas' State Fair Auditorium is a non-profit project underwritten by the city's civic leaders to bring great music to the Southwest.

Personals

Mrs. Dan Laceywell has been visiting in the home of her son at Fort Worth for the past week. The Laceywells there are parents of a boy born Easter Sunday.

Mrs. J. O. Wall and children of Clovis visited last week in the home of her parents, Mr. and Mrs. Cayson Jones.

Mrs. Joe Fallwell and Mrs. Tilden Slagle were Amarillo shoppers Saturday.

Those from Friona attending the funeral of Jeff Day at Meridian, Texas last week included Mr. and Mrs. Emmett Day, Alton Day, Mrs. Maridee Day, Mrs. Viola Bandy, Cayson Jones, Herbert Day, Will Jones, Sam Jones, and Jess Jones. Mr. Day was the uncle of Emmett Day and grandfather of Herbert Day.

Mr. and Mrs. Claud Blackburn and children, Mr. and Mrs. Blackburn and Mr. and Mrs. Jim Bax-

ter and daughters were visitors in the Keith Blackburn home Sunday.

Mrs. W. E. Frost of Abilene has been visiting her daughter here, Mrs. Dan Laceywell.

Mr. and Mrs. Oscar Baxter and children and Mrs. Wyly were dinner guests in the Bob Wyly home Sunday.

Rev. Russell Pogue was in Amarillo Monday with the George Messenger children having their eyes fitted with glasses.

Mr. and Mrs. Nelson Welch returned to Friona Friday from Temple, where they had gone through the clinic.

Rev. and Mrs. Russell Pogue and children were dinner guests in the home of Mr. and Mrs. O. T. Vardell at Dimmitt Saturday evening.

Legal Notice

CITATION BY PUBLICATION
THE STATE OF TEXAS

To: Felix Wyatt Strickland and wife, Eusebia Strickland, F. W. Strickland, Jack Strickland, Mrs. Jack Strickland, John Strickland, and Mrs. John Strickland, their unknown heirs, assigns and legal representatives, Defendants,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16 day of June A. D. 1952, to Plaintiff's Petition filed in said court, on the 29 day of April A. D. 1952, in this cause, numbered 1603 on the docket of said court and styled R. W. Parr, et al, Plaintiff's, vs. Felix Wyatt Strickland, et al, Defendants.

A brief statement of the nature of this suit is as follows, to wit:*

Plaintiffs bring this suit in trespass to try title, alleging that they are the owners in fee simple of all of Block 43, of the Original Town of Friona, Parmer County, Texas, that on or about the first day of January, 1952, the Defendants unlawfully entered upon such land and ejected Plaintiffs therefrom and wrongfully withheld possession from such Plaintiffs and Plaintiffs further set up and plead the 10-year statute of limitation, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 29 day of April A. D. 1952

Attest: Loyde A. Brewer, Clerk, District Court, Parmer County, Texas.

ROBASON-WALL BETROTHAL IS ANNOUNCED

Mr. and Mrs. D. O. Robason and Mrs. Roy Wall of Hart, Texas, of Friona have announced the engagement and approaching marriage of their daughter, Lila, to Mr. Easton Wall, son of Mr. Rev. Russell Pogue officiating.

Memorial Program Is Planned

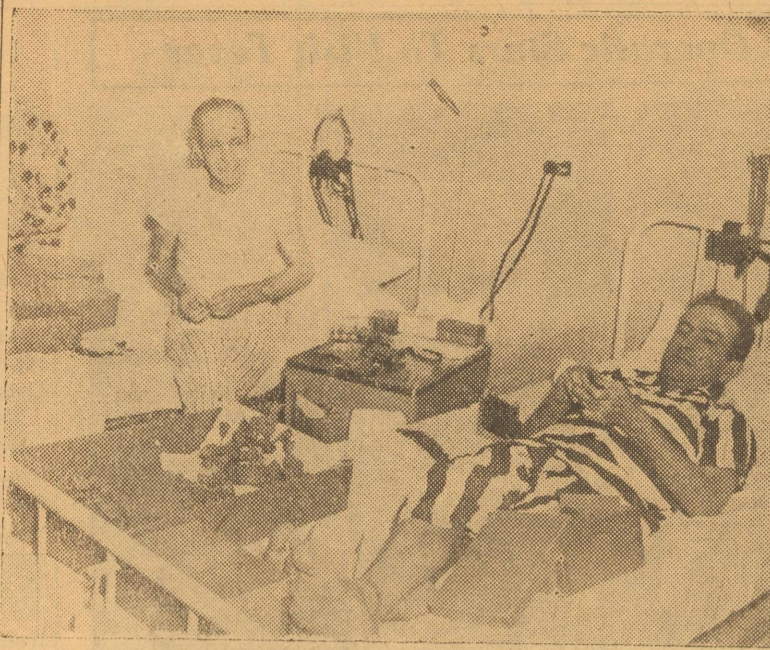

The local American Legion Auxiliary made plans Monday night for the annual poppy sale in the Friona community on May 24th. This is in conjunction with plans for another annual Memorial day program to be sponsored by the Legion and Auxiliary on Friday the 30th, detailed plans which will be announced later.

The Memorial poppies, which will be worn to honor the war dead on Poppy Day, are being fashioned by Thomas E. Shelby, Boling, Texas; J. Mack Prescott; San Marcos, Texas; and, Fred C. Fulton, Cleveland, Mississippi, pictured from left to right. These veterans are among the number of veterans fashioning the poppy described as a flower of hope for disabled veterans and their families.

Contributions made on Poppy Day are the main source of support for the extensive activities for the welfare of disabled veterans and needy children of veterans that are carried out constantly by the Auxiliary.

The coins which people drop into the contribution boxes go to give comfort and cheer to disabled veterans in the ten VA and two contract bed hospitals in Texas. They make possible aid to families of veterans left destitute when the veterans are forced to undergo hospital treatment. Poppy Day contributions also work throughout the year for the welfare of children of veterans found in need, helping to keep homes together and to give these children a fair start in life.

Poppy Sale To Be Conducted Here

MOTHER'S DAY SUNDAY, MAY-- 11th

... we urge that you honor mother in your own manner this Sunday, and throughout the year, showing your appreciation for years of thoughtfulness and care and understanding.

It may be that we can assist in your recognition of your mother....

Possibly she needs a new room, all her own, or maybe her present home needs some little improvements that would make her everyday chores more pleasant. Let us help you!

School Annuals Received Early

The Friona Chieftain Annuals were received and distributed last week-end.

Probably this annual is one of the more unusual and meritorious annuals of any school in the

area. Local photography a la Kelley was featured both in reports of the school activities and in the actual development and printing of the excessive number of pictures was a local project, with photo bugs Kelley and Hise doing the job in the Friona Star darkroom with facilities there. Even some of the type was set locally, leaving only some printing and the actual binding to an out-of-town concern.

Southwestern Arts Will be Featured At Opening Fine Arts Hall, Canyon Museum

Many of the finest examples of Southwestern art will go on exhibit at Canyon, Texas, Friday, May 9, when the new Hall of Fine Arts of the Panhandle Plains

Museum is formally opened to the public.

Formal opening of the Fine Arts center will be in connection with the 31st Annual Meeting of Panhandle-Plains Historical Society in Canyon, according to an announcement today by J. Evetts Haley, President.

Club Members Discuss Convention at Meeting

"Federation Day" was the theme of the program at the meeting of the Modern Study Club Tuesday night at the Clubhouse.

Irene Osborn discussed some of the interesting highlights of the recent Federated Women's Club convention held at Borger. "Thumbnail sketches of Convention Leaders" was presented by Rhea Foster, and more of the high points of the convention were given by Decimae Beene and Willard Stewart.

Present at the meeting were twenty-eight members and one guest, Mrs. F. W. Holcomb.

Refreshments were served by the hostesses, Irene McFarland and Grace Parr.

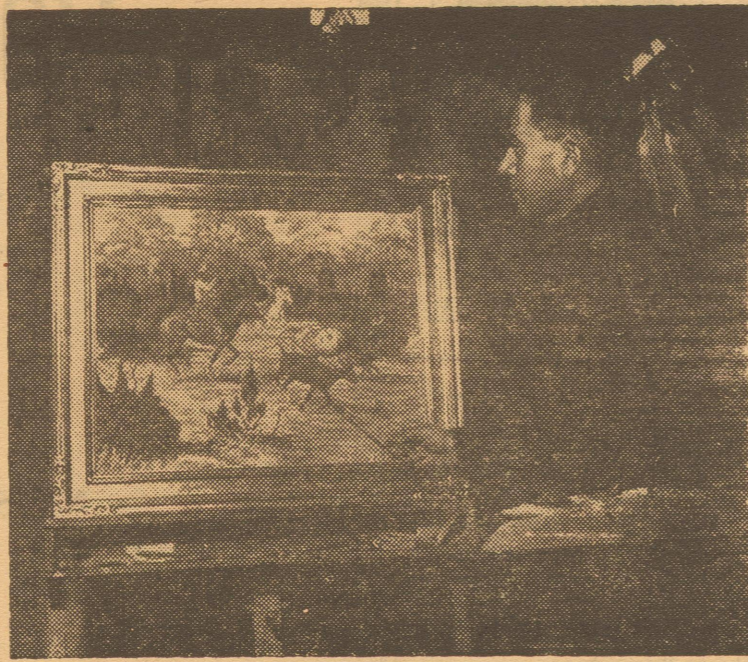

SUMMER CAMP

Miss Gertrude Euler will be spending the next four months at the Cimarroncita Camp for girls in the Ote Park, New Mexico.

She has been employed as secretary to the camp owners.

Her parents, Mr. and Mrs. Elmer Euler, took her to camp last Saturday, then went on to Cortez, Colorado to visit with Mr. Euler's sister for a few days.

Among Bugbee Paintings On Exhibit

Harold D. Bugbee, popular southwestern artist, puts finishing touches to an oil painting entitled "The Slick Ear." A large collection of Bugbee's paintings and sketches will be on exhibition May 9, 1952 at the formal opening of the new Hall of Fine Arts, most recent addition to the Panhandle-Plains Museum at Canyon, Texas. Other outstanding works of art to be on exhibit will include the extensive collection of the late Judge James D. Hamlin of Farwell, Texas. Formal opening ceremonies at the Hall of Fine Arts will begin at 10:00 A. M. Friday in connection with the 31st Annual Meeting of the Panhandle-Plains Historical Society.

Weiner Roast Held at Claude Miller Home

The Homemaker's Class of the First Baptist Church met at the Claude Miller home Monday night for a weiner roast and social hour.

Present were Mr. and Mrs. A. W. Crow, and children, Mr. and Mrs. Joe Menefee and children, Mrs. Clydie Black and children, Mr. and Mrs. Raymond White and Susan, Mr. and Mrs. D. C. Herxibits at the new Hall of Fine Art on Saturday, May 10.

Children, Mr. and Mrs. Curtiss Murphy and family, Mrs. Maxine Bolding, Mr. and Mrs. Claude Miller and the class teacher, Mrs. Wesley Hardesty and her family.

OFFICIALS TO MEETING

Roy Wilson and Glenn Sparkman are in Amarillo today attending the meeting of the Panhandle Water and Sewage Works Association.

Wilson is a director and immediate past-president of that body.

Osborn, Watkins Re-Elected At Rural Electric Co-op Meeting

Annual meeting of the Deaf Smith County Rural Electric Cooperative was held last Wednesday in Hereford, with Parmer County directors re-elected to the board. Sloan H. Osborn of Friona was elected to a three-year term, and G. T. Watkins of Farwell was elected for one year.

Other directors are T. E. Sigler, Jr., Hereford, H. H. Miller, Dawn; Joe Birkenfeld, Nazareth; Dewey Wright, Dimmitt; and Tom Draper, Hereford. Near 1,000 REA consumers and

businessmen attended the meeting, and 247 stockholders registered.

New by-laws which were adopted were read by T. E. Sigler Jr., president. They included a provision for electing not more than two directors from any one county (Deaf Smith, Parmer and Castro), staggered terms for the directors, adoption of a capital credit system, and doing away with proxy ballots if a quorum is present at an annual meeting.

Seigler further outlined expansion plans for the cooperative in 1952 and 1953. The board plans to install one 7500-KVA three-phase sub-station approximately nine miles east of sub-station one (which is four miles east of Hereford on Highway 60). The new sub-station will entail building nine additional miles of transmission line also.

During the peak of the irrigation season, the system in that area is overloaded, but not critically.

Seigler also reported that the preventative maintenance program of the cooperative would be continued.

In his address the president reported that 73 miles of new line had been built and 181 new consumers had been hooked up as of December 31, 1951. The system now has a total of 1612 miles of line with 2,500 connected meters. Project Manager Leo Forrest said his activity report had been covered by the others who presented reports and continued to outline the progress of the telephone situation for members. At lunchtime, the guests consumed an FFA baby beef that dressed out 400 pounds, two nut-ton, 38 loaves of bread, 480 bottles of pop and 100 bottles of chocolate milk, 100 boxes of ice cream, 100 pounds of beans, 50 pounds of onions and eight gallons of pickles. Prizes were won by: Carl Luke, Mrs. Ellis Tatum, William Wimberly, Mrs. Jim Richey, Otis Mranscum, Mrs. Pearl Hand, Arnold Betzen, Price Prather, Mrs. A. E. Hodges, Earsel A. Taylor, Mrs. W. E. Smith, Jim Cross H. L. Ward, Mrs. W. A. Springer, T. W. Robertson, Paul Artho, John Henderson, Raymond Annen, Hilbers Wisian, Mrs. J. L. Givan and Mrs. A. H. Brown.

Mrs. Boggess Elected

President at Meeting

The Kinsley Past Matron's Club met in the home of Mrs. Charles Russell Friday May 2, with six members present.

Routine business was discussed and election of officers was held. Mrs. Boggess was elected president, Mrs. Guinn as Vice-president and Mrs. Brewer as secretary. Reporter for the club is Mrs. Bainum.

The remainder of the session was spent in doing hand work. Refreshments were served during the social hour.

NEW ARRIVAL

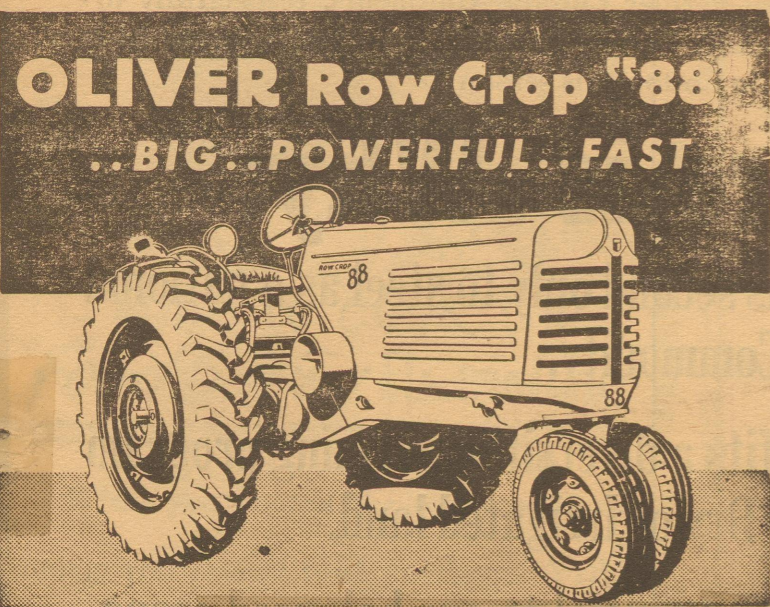

A son, Donald Ray, was born to Mr. and Mrs. Jimmy Tedford this week at the Parmer County Hospital.

VOLUMES BOUND

The local schools now have in the library a number of beautifully bound volumes of the National Geographic Magazine, Readers Digest, and Good Housekeeping. The school files on the Geographic and Readers Digest go back for a number of years, about 20 in the case of the Geographic, and binding will make them more easily accessible as well as endurable for student use.

Your Farm Equipment Headquarters is on the Job With A Full Selection of New & Used Machinery

PLUS A GOOD LINE OF PARTS — NOW WHEN YOU NEED THEM!

Leader of Oliver's modern Row Crop tractor fleet is the 3-4 plow, 6-cylinder "88". It's an ideal unit for concentrated farming... for the big "rush" jobs when speed saves dollars. A six-forward-speed transmission gives you a practical working pace for any farm operation—from 2½ to almost 12 m. p. h. with regular-sized tires. You have a choice of engine types for the fuel you prefer... and such special equipment as the Direct Drive Power Take-Off, "Hydraulic" system and self-contained belt pulley. Then, there's the comfortable new rubber torsion spring seat.

"HIS MASTER'S VOICE"

Piano Students Were Presented in Recital

The piano students of Mrs. Edith Lillard were presented in recital Friday evening May 2, at the Friona clubhouse.

Presenting piano selections at the recital were; Bruce Carlton, Phyllis Bainum, Erma and Betty Drake, Adelle Smith, Dan Douglas, J. B. Douglas, Kay Struve, Judy Taylor, Sandra Harper, Carolyn Parker, Pattijon Foster, Dale Williams, Janie Parker, Nelda Douglas, Patsy Anthony, Robert Osborn, Iva Ben Parr, Lanette Prichard, Paul Perkins, Betty Agee, Sally Hough, George Dreger, Bonnie Wagner, Judy Fesser, H. V. Rocky, Sterling Prichard and Raye Jene Jones.

Invocation was given by Rev. George Meyer.

Business Meeting Of Legion Auxiliary Held

The American Legion Auxiliary met Monday night at the Legion Hall with ten members present.

Mrs. Virgie Jordan presided in the absence of Eva Miller, president. During the business meeting, plans were made for the Memorial day program to be given jointly with the American Legion. Also discussed was Poppy Day, May 24th.

Refreshments were served to the Auxiliary members and to the Legionaires by the hostesses Emma Lou Stewart and Modena Thornton.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Kathryn Bennett, Middletown, Pa.: I remember the Hokey Pokey Man who came around every evening during the summer. For a penny we could get a big, cooling and refreshing Hokey Pokey, with bright colored cherry flavoring poured over it. I always got cherry, although it smelled and tasted like hair tonic.

From Frank Cochran, Webb City, Mo.: I remember the first schools that I attended were in a log house, about 30 feet square, with large fireplace that burned wood about six feet long. There was no floor. The benches were made from logs split through the center and hewed smooth. There were four holes bored on the round side and wooden pins used for legs in the holes. There was a huge puncheon door. The house had no rafters.

From Mrs. C. B. Scott, Meadows of Dan, Va.: I remember when I was a little girl, mother and we girls would card and spin yarn and knit our winter stockings and gloves. Women wore dresses to the ground. Most everybody walked; sometimes a young man would ride horseback and take his best girl on behind him to church and back.

From George A. Musmehner, Douglas, Ill.: I can remember when there was a death in the family, all the pictures were turned with their faces to the wall, the clock was stopped, and no one spoke above a whisper while the body was in the house.

From William Shaner, Lakeview, Ohio: I remember when daddy bent pins, fastened them to a piece of string, tied on a nail for a sinker, and sent us to the creek fishing. Oh yes, we had a can of worms.

(Mail your memories to THE OLD TIMER, BOX #340, FRANKFORT, KY.)

Rhea News

Mr. and Mrs. Gene Snell have a new son. He was born Wednesday, April 30 at the Friona Hospital. They named him Craig Merrit. They are both home doing nicely.

Herman Schueler's irrigation well was developed last week. It is a good six-inch well.

Mr. and Mrs. Walter Schueler visited her sister Claudene Woolver of Clovis Sunday. Claudene had fallen while skating and hurt her back.

Mrs. Selma Wagner arrived home last week.

Floyd Schlenker's irrigation well was developed this week. It is a good eight-inch well.

Lawrence's irrigation well has not been developed yet.

Mr. and Mrs. Robert Schueler and Robert Jr., went to Winfield, Kansas and attended the music recital of their son, Arnold Schueler.

Mrs. Jack Patterson, brother and family, Mr. and Mrs. Glen Ritche, from Georgia are moving to Bovina.

The new home of Mr. and Mrs. Andris Drager of Hereford has been moved to its location in the Rhea community. They are not going to move into their home until school is out.

CARD OF THANKS

We wish to express our heartfelt thanks to each and everyone of you who helped in any way during the illness and death of our loved one.
The George Messenger family.

PLANT-- COTTON FOR

DEFENSE!

Now that we have adequate moisture, the Parmer County Cotton Improvement Association, made up of Cotton Growers desirous of increasing future Parmer County Allotments, respectfully urges each Parmer County Farmer to consider planting a reasonable portion of his land to Cotton this season

Here is Why:

- 1. Cotton is second only to steel as a national Defense Commodity.
- 2. Cotton fits a diversified farming program on either Dry or Irrigated land.
- 3. Cotton is essential to our balanced economy.
- 4. Parmer County has not had its share of the nation's cotton market.
- 5. Future controls and allotments are almost certain and any future allotments are likely to be based upon current acreages.

LET'S MAKE THIS A BANNER YEAR-- FOR COTTON

Local Man Named to Hereford Association

J. W. Gammon of Friona was named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Missouri.

Two hundred thirteen Hereford breeders were placed on the Association's roster during February to boost the total membership to an all-time high of 20,274. Members represent every state in the nation.

The Hereford Association last year recorded a new world record of 506,061 purebred calves, an increase of 79,090 over the record established during the previous fiscal year. White faced calves registered last year were nearly three times the total registrations of all other beef breeds.

Wedding Vows Read in Local Church Friday

The Congregational Church was the scene of a candle-light wedding service Friday evening when Miss Lila Lea Witt of Hudson, Kansas, became the bride of Robert Ross Snell, of St. John Kansas.

Attending the couple were Mrs. Betty Snell Storey, sister of the groom, and Eugene Snell, a brother.

Rev. George Meyer used the double ring ceremony.

STAGE SHOW COMING

Plunkett's Stage Show will set up its tent in Friona next week on Friday for a three-night stand.

The show is being sponsored by the local American Legion Post. Detailed announcement of the program is carried elsewhere in this issue.

Mr. and Mrs. Preach Edelman spent the week-end visiting the festival at Albuquerque, and visiting with their son Von.

Dr. Paul Spring is in Dallas this week attending a Medical convention.

CARD OF THANKS

The family of J. W. Cobb want to take this opportunity to express our appreciation to our many friends for the many acts of kindness shown us in our hour of sorrow.

Legal Notice

THE STATE OF TEXAS

TO: C. T. McLaren, W. F. McLaren, Nora McLaren, J. W. Frizzell, M. W. George, Claude C. Hays, the unknown heirs and legal representatives of each and all of said persons, deceased, their unknown heirs and legal representatives if deceased, and the unknown spouses of each and all of said persons, if living, and the unknown heirs and legal representatives of the unknown spouses of each and all of the above names persons, deceased, their unknown heirs and legal representatives if deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of issuance of this citation, same being the 23 day of June A. D. 1952, then and there to answer Plaintiff's Petition filed in said court on the 6 day of May A. D. 1952, in this cause numbered 1605 on the docket of said court and styled Daniel Loys Carmichael, Plaintiff, vs. C. T. McLaren, et al, Defendants.

A brief statement as to the nature of this suit is as follows, to-wit:*

A suit in Trespass to try Title for the title to and possession of the following described premises situated in the County of Parmer, State of Texas, to-wit:

All of the North 240 acres of the South 1-2 and all of the South 80 acres of the North 1-2 of the tract of land in Capitol League No. 488, conveyed by the Capitol Freehold Land and Investment, Company Limited to J. W. Gould by deed dated March 25, 1902, and recorded in Volume 1 at page 149, 150 and 151 and of the Deed Records of Parmer County, Texas, commonly known as the J. W. Gould Subdivision and described by metes and bounds in the above mentioned deed to which reference is hereby made for all purposes, Plaintiff claiming the title to and possession of said land under and by virtue of the Five and Ten Year Statutes of Limitation and Adverse Possession,

as is more fully shown by Plaintiff's Petition on file in this suit. Issued and given under my hand and the Seal of said Court,

time to cook the Food-Saving Electric Way!

When you control the temperature in cooking, you control food shrinkage. YOU control the cooking temperature when you cook electrically — control it perfectly with the flick of a switch or the push of a button. You'll eat more of the food you pay for — lose less, much less, to shrinkage — when you cook the modern electric way — with accurately controlled cooking temperatures.

Try it in your home and see.

Water Legislation Proposals Aired By Hi-Plains Conservation Group

Editor's Note: The following letter is being re-printed from a release from the Hi-Plains Underground Water Conservation District. Like many of the countless publicity news releases received at our desk each week, it is lengthy and possibly "dry" reading, but the subject matter concerns a problem that vitally concerns the local farmer, merchant and professional man, so we pass it on to you.

The long-awaited legislative proposals of the President's Water Resources Policy Commission were made public February 18, one year after they were submitted to the President. They are in the form of a bill to be submitted to the Congress to carry out the recommendations made in the Commission's report - "A Water Policy for The American People".

The proposed bill calls for completely federal planning and development of the water resources of the nation through 15 federally dominated River Basin Commissions and a Federal Board of Review. Only lip service is paid to giving the states and local governments a part in the planning and administration of their water resources, although the plan calls for their assuming a much larger share of the financial burden. All costs are to be reimbursable as far as possible, not just those allocated to electric power and reclamation. Wherever possible, costs are to be repaid by the direct beneficiaries, otherwise by the state and local governments. Only the cost of intangible benefits are to be borne by the federal government. No project is to be authorized or built without approval of the Commission and the Board of Review.

The proposed legislation, therefore, is a curious mixture of good and bad. If amended to give the states and local governments an equal voice in the planning and development, it would go far toward taking the "pork barrel" out of water resource projects and eliminating wasteful competition among the federal bureaus. The story behind the release of the proposals at this late date is an interesting one. The Budget Bureau circularized the original proposals among the interested

federal agencies for their comments and suggested amendments. According to rumor, the bureaus did not like the proposals, particularly the taking away of their right to plan water-resource projects, and each is said to have re-turied a revised version of the bill. The Budget Bureau assembled and coordinated these revisions into a new draft of a bill, not as yet released for publication.

When this new draft was shown to the Commission's Chairman, Dr. Morris L. Coke, he is said to have blown up and refused to have the Commission's name attached to a bill bearing such little resemblance to the Commission's original proposals. He went to the President and obtained permission to release the original draft as it was submitted a year ago.

TEXAS GROUND WATER LAW
In talking with several organizations over the State, we find that they are all of the same opinion on our present law. The West Texas Chamber of Commerce, Texas Farm Bureau, Texas Bar Association, and the Texas Water Conservation Association, all feel that our law is good, possibly needing an amendment or two as necessity arises. It is up to us now to put this law into effect, properly, to gain all of the benefits as we grow.

Any suggestions from the people in the High Plains will certainly be appreciated in helping plan a well-rounded program of work, or any practices they think would help us in the proper use of our greatest natural resource - water.

ELECTION YEAR
THIS IS ELECTION YEAR. KNOW YOUR CANDIDATE. KNOW WHERE HE STANDS ON OUR UNDERGROUND WATER PROBLEMS. SEE THAT HE IS PROPERLY INFORMED. REMEMBER, HE IS WORKING FOR YOU!

Conservation: The wise use of a natural resource to make it serve the greatest number of people . . . for the longest possible time.

Personals . . .

Mrs. J. E. Tidwell and children returned Tuesday from a visit with her father, W. A. Ferren at Dalhart.

The Central Association of the Southern Conference of the Congregational church voted to hold its fall meeting in Friona with the local church and community as host.

James Cunningham, N. C. White and B. W. Turner spent the week-end fishing at the Texahoma Lake.

Frank and Marie Lillard moved to Hereford this week. Frank will farm there.

Guest speaker at Lions Club tonight will be Paul Greeg, etomologist for Klaus and White Company at San Antonio. He will speak on insect control.

The meeting will begin at 7:30 o'clock.

Mr. and Mrs. Edd White and children returned home this week from a trip to Florida.

The J. L. Smith's visited in Elida, New Mexico last week.

Mr. and Mrs. Jake Lamb and Mr. and Mrs. Bill Stewart spent Wednesday fishing at Buffalo Lake.

The Frank Spring's and the Granville McFarland's are planning to leave Saturday to attend the Banker's Convention at Galveston. While there they will visit

with Lee Spring, who is in medical school.

Mr. and Mrs. J. C. Wilkison returned to Friona this week for an indefinite stay.

Mr. and Mrs. J. T. Gee and children spent Sunday at Palo Duro Park.

Mrs. Dutch Davis of Memphis is visiting this week with the Jack Knox's.

Rev. Naugent, assistant pastor of the First Methodist Church

of Hereford, gave the sermon at the Friona Methodist Church Sunday in the absence of Rev. Tidwell, who has been conducting revival services at Amherst.

Rev. Naugent of Hereford was a dinner guest Sunday in the home of Mr. and Mrs. Joe Moyer. The Moyer's had been members of his church at a previous time.

O. J. Beene and Scotty went to Buffalo Lake Monday fishing and reported good luck. They caught fifty fish.
