VOL 27—NO. 38

FRIONA, TEXAS, THURSDAY APRIL 17, 1952

Price 5c

COLUMN LEFT

The Amarillo booster delegation will be in Friona today at 12:20 noon. As this probably will be the first public official greeting by our genial mayor Charles Allen, we urge full attendance.

There's quite a bit of talk over the county regarding castor bean cultivation locally, and we think that the meeting called tonight at the Legion Hall will answer many questions for interested farmers and businessmen alike. We invite you to note editorial comment on page two of this issue regarding the castor bean situation in the United States.

Also story is carried elsewhere in this issue regarding the scout training course commencing at Hereford next Monday night. We hope a number of interested parents and scout leaders and den mothers will take time out to attend these Monday night classes to be conducted over a period of probably eight weeks. Your cub scoutmaster would like to know by Saturday the names of those planning to attend this first class. Please call 3172.

Story with a moral: The neighbors were coming home from the funeral. "I'm sorry for Mamie," one said, "It's tough to be left a widow with three children." "It is," replied the other, "But what could she expect? She knew he was a pe-destrian when she married him."

Did you know? Last year there were 16,500 dry exploratory oil wells drilled in the United States?

Democrats of Texas very definitely carry a sizable amount of weight in the national convention. Texas is one of the Big Six in that convention, ranking sixth in voting strength with 52 votes following New York with 94; Pennsylvania, 70; California, 68; Illinois, 60; and Ohio, 54. (This information gleaned from a recent address of Governor Allan Shivers.)

Now a senator comes up with figures indicating that the Civil Service Commission's layoff rules are so complicated that one agency actually spent \$159,000.00 to get rid of 25 unwanted employees.

That is at the cost of \$6,360 of taxpayers' money for each employee released. And we are wondering if the same agency did not go out and secure replacements!

We've yet to see the self-made man. Even the most successful and rugged of individuals must credit a large measure of his prominence to his environment—the blessings of civilization, with its inventions and unlimited resources. And foremost among the contributing factors are FRIENDS—without them little could be accomplished.

School Construction Ahead of Schedule

Construction of the high school building here is progressing well ahead of schedule school authorities and contractors noted this week, and every assurance is given that the new building will be in readiness for the incoming term.

All cement floors have been poured, the roof is in the process of completion, and much of the brick work is completed. Finish work is anticipated to commence sometime next week.

Lutherans Are Sponsoring Movie Tuesday at Regal

"All That I Have", a new feature length movie on Christian stewardship will be presented at the Regal Theatre next Tuesday night April 22, by Immanuel Lutheran Church of the Rhea Community. To accommodate the expected crowd and those who work late, the movie will be shown twice -- at 8 p.m. and again at 9 p.m.

The movie concerns a man who contribute hundreds of dollars to the poor and destitute, who donates \$50,000 to his church's missionary program, who insists, "all that I have belongs to God" -- is such a man mentally incompetent to manage his own affairs? -- is the question posed by the picture as the principles of Christian stewardship are put to a true test.

"All That I Have" is the latest of nine films produced by the Lutheran Church-Missouri Synod. It was originally designed to promote the \$10,000,000 "Conquest for Christ", expansion program, for education and missions in the church. This endeavor reached its climax on March 23 when teams of canvassers visited every home in the church.

Immanuel Congregation will hold its "Conquest for Christ" endeavor about the middle of June, according to the local committee which is composed of Mr. Robert Schueler, Mr. Carl Hoffman, and Mrs. M. E. Wagner. The committee considers "All That I Have" such an outstanding picture that should be shown where the people from the town and surrounding community might also see it together with the congregation.

Exams Passed by Driver Training Class at Friona

Seventeen members of the driver training class of the local schools this week received their "restricted drivers licenses" earned after passing of written examinations. A Lubbock representative of the Texas Department of Public Safety conducted these tests early last week.

One hour per day is spent by students taking this course in driver training, conducted by High School Principal Dillie Kelley, and one-half credit was given for the course this year—it being initiated since mid-term. Thirty classroom hours of driving study are required prior to the written examinations. Seven boys and ten girls participated in the program this term.

One-Act Play Entry To Be Presented In Regional Tomorrow

The cast of the Friona one-act play entry, "Yours and Mine", which won first in area competition at Littlefield will present the play in Lubbock Friday night, April 18, for the regional competition.

Members of the cast are Mary Joyce Renner, Jimmie Dixon, Joyce Ann Miller and Don Lewis. Jimmie Dixon was voted the best supporting actor and Joyce Ann Miller the best actress.

VISIT IN OKLAHOMA

J. L. Taylor and L. D. Taylor made a business trip to Ardmore, Oklahoma, Friday. While there they visited with J. L. Taylor's sister, then went to Frederick to visit with his mother, Mrs. R. Taylor. They returned to Friona Saturday.

YOU'LL FIND FEW BETTER; SEE STORY ON PAGE 1, SECTION 2

These five fat calves placed as reserve champions at the Parmer County Livestock Show in Friona Saturday. They belong to D. O. Robason, left, and his brother, Jimmie Robason, center. Assisting in showing them is Ross Miller, right. The Robason brothers are Friona FFA members.

Like This?

We like extra pages, don't you?

Sure, they mean extra work, but we trust they result in greater enjoyment by our readers.

A greater number of pages is made possible by full coverage of news items, your reporting of interesting incidents, visits, meetings, etc., and by the increased use of our columns by advertisers who have a message for the readers of this area.

The Star is using more and more good live news on inside pages; if you don't see your favorite feature or story on the front page, just keep on thumbing through! We hope there will be items of interest within this and all issues for every member of your family.

We hope that the readership interest in this, your paper, can be gauged by the fact that over one hundred new and renewal subscriptions have been placed on our mailing list in the last two weeks.

Thanks a lot—we'll try to do our part!

REGIONAL MEET AT LUBBOCK

Regional Interscholastic League contests will be conducted in Lubbock this week-end, and local students winning in district competition will go to Lubbock on Saturday.

Magician to Perform Here April 26th; Lions are Sponsoring

Zogi, world-famous magician, will appear for a performance in Friona on Saturday night, April 26th, auspices the Friona Lions Club. The magician trained under the great Houdini, and the sponsoring organization promises a thrill-packed program of interest to all ages. Admission prices will be 50c and \$1.00.

Red Cross Drive Still \$200 Shy of '52 Goal

Parmer County Red Cross donations to date have totaled \$1,288.47, it was announced yesterday. Over \$500 of this amount is from Friona, although the local report is yet incomplete.

Some \$200 still is needed to bring the county up to its quota in the 1952 drive.

Consumers Lauded by Speaker; Anthony Is Re-elected President

Pack Meeting

CUB SCOUT PACK MEETING IS THIS FRIDAY EVENING AT THE CONGREGATIONAL CHURCH BASEMENT.

HOSPITAL NOTES

Admitted

Mrs. Eva Ivy, Muleshoe, med. Mrs. L. W. Smith, med.; Mrs. Harvey Alverson, Bovina, med.; Mrs. W. R. Mabry, o. b.; Shirley Ann Schueler, med.; Mrs. Ira Miller, med. Berton Freider, Lazbuddie, med.; Mrs. P. L. London, accident; Elvin Hammond, med.; Mrs. J. D. Robards, med. Mrs. C. C. Christian, med Farwell; J. F. Foster, Farwell, med.; George Messenger, med.; Charlie Thompson, Farwell, med.

Dismissed

Mrs. H. G. Jackson; Mrs. L. W. Rounton; Mrs. H. D. Wilkerson; J. R. Knight; Mrs. B. L. Hillcock and Baby Girl; Mr. P. B. Griffith; Mrs. Loy Rigney; Mrs. Marie Harper; Mrs. Eva Ivy; Mrs. J. E. Knight and baby girl; Don Alverson; Mrs. L. W. Smith; Shirley Schueler; Elvin Hammonds; Mrs. Clayton Taylor; Mrs. W. R. Mabry and baby boy; Mrs. Ira Miller; Button Freider; Mrs. P. L. London.

Volleyball Team Wins 2nd Place in Panhandle

Bringing back a nice trophy for local ownership, the Friona men's volleyball team copped 2nd place in the Panhandle-wide tournament conducted at the Cactus Ordance plant last week.

The local group is comprised of teachers Tyer, Cook, Robison, Baker, Jarbo, Parish and two businessmen, D. C. Herring and Dean Hall.

This group has been invited to the state TAAF volleyball meet at Waco this week-end but no plans have been made for attendance.

Marv Spring of Amarillo spent the week-end visiting friends and relatives in Friona.

CLEMENTS NAMED BOARD PRESIDENT

Taylor Infant Services Held in Friona Sunday

Funeral services were held Sunday afternoon for Sylvia Charlene Taylor, infant daughter of Mr. and Mrs. Clayton Taylor. The little girl was born April 8th and died on April 12th.

Survivors include the parents, a brother, Joey, a sister, Teresa Darlene, and grandparents Mr. and Mrs. Ershel Taylor and Mr. and Mrs. E. E. Kuykendall.

The services at the Friona Baptist Church, were conducted by Rev. Russell Pogue, assisted by Rev. J. E. Tidwell.

Burial was in the Friona cemetery in charge of Gilliland Funeral Home of Hereford.

Fire Prevention Campaign Being Held at School

Fire prevention is being given extensive study in the local school system with the commencement of a campaign to be culminated by display of posters by all grade school students and by prizes to be offered for the best of these.

Principal Parish has pointed out that not only is this program vital to the school but it assists in maintaining a low key rate in the insurance policies of the town. Firms and organizations already contributing to the prizes include the Chamber of Commerce, the fire department, and the Ethridge-Spring Agency. Other contributors are welcomed.

Plans are for all posters to be complete within two weeks, at which time a display will be held. Competition will be divided into three groups: Primary, including the first three grades; Intermediate, 4th and 5th grades; and Elementary, 6th and 7th grades.

Several Bills Returned in District Court; Thefts Were Heavy on Docket

Ralph Palmateer was again found guilty of contempt of court in district court at Farwell this week, was sentenced to one day in jail, fined \$100, and then ordered imprisoned until payment of the \$4,577.50 past due amount of child support was made. Palmateer had filed petition for amendment of the child custody clause in the earlier divorce proceedings.

In other matters disposed of before Judge Bills, bills were returned against Bobbie Gray, William Ernest Gray, George Waldie, and Wayne Raymond who were charged with theft of batteries from an irrigation well on the Pete Buske farm. They also were billed with receiving and concealing stolen property. These parties were apprehended in Canyon a few weeks ago by Doc Camp on the same night of the alleged thefts.

Also Milton Autrey, Alton Morgan, and Fove Vinson were charged on two counts each in thefts from the N. L. Tharp farm north of Farwell. They were charged with theft of a battery attached to an irrigation well, and burglary. They plead guilty on one count and were placed under probation until May 19th.

The Friona school board in their April meeting last week elected Roy Clements as incoming president of the board, with Arthur Drake succeeding himself as secretary.

Principals Dillie Kelley of the high school and John Parish of the grade school were offered one-year contracts at this meeting.

The board also authorized the state board of control to purchase two new school busses for the local system, replacing two units which have been in use for five years.

Road Petitions Filed With Commissioners

Two road petitions within the were considered at the meeting of Commissioner Coffey Monday, and juries of view were appointed for each.

The petition from the Rhea area signed by Martin E. Wagner, was accepted and the jury of view named included Paul Koeltow, Gilbert Schueler, Christian G. Drager, Robt. Leach, and Carl R. Schlenker.

A petition in the Lazbuddie area, signed by Roy P. Daniel, et al, was accepted and jury of view appointed was Daniel, Volley Hodges, A. G. Thorn, J. W. Gammon, and C. L. Mercer.

Routine business was conducted and election returns of the school elections were canvassed.

Primary Students Of Next Year to Visit School 25th

Friday, April 25th, has been designated as visitation day for primary students at the Friona schools. On this date (one week from this Friday) all new primary students of next year are to visit the school for the entire day, eating at the cafeteria, and spending a normal school day in the rooms.

Present 1st grade students will be dismissed for the day, Superintendent Caffey noted, and all next year first graders are especially urged to attend for this one day.

Piano-Dance Recital Will be Given by Students of Mrs. Dunn

Piano and dance students of Mrs. Maurine Dunn will be presented in recital Tuesday evening at the school auditorium here.

Indications are that this annual affair will create even more interest than usual, with some 40 students participating, and elaborate and special costuming announced for the dance routines. Both beginners and advanced students through high school age will participate in the piano recital, and the dance numbers will include students from ages 4 to 15.

PRESENTED PLAY

The one-act play cast of the Friona schools went to Canyon Tuesday evening, presenting their play before the speech department of West Texas State College for criticism.

Editorially Speaking . . .

Monday Morning Musings:

THE HANDWRITING ON THE WALL

The handwriting on the wall appears to most everyone sooner or later regarding some activity within our lives.

And politically speaking, that handwriting has appeared to a number of Washington lease-holders since we last discussed politics here.

President Truman was the first to attempt a graceful exit from his seat of power - which was getting warmer by the minute (or possibly instead of minutes the passing of time should be gauged by the increasing frequency of his dictatorial edicts).

Then our own Senator Connally was prompted by an acute attack of "Danielitis" (Price Daniel, that is) to announce his retirement from "long and faithful years of service".

And General Eisenhower has been subject to

just as much pressure, this however urging him onward ever further into the public eye. Whether Eisenhower is the man for the presidential seat or not, we are glad to see him make his clear-cut decision, making himself available to discuss the points at hand - the conceptions that he holds of the duties involved as the leader of our country - so that we may know the PRINCIPALS for which we are voting, as well as the PERSONALITY.

MMM

God give us the wisdom to recognize when our period of usefulness has past. How much better it is for man to know one's self rather than to be pushed into retirement by popular and wise demand.

WE SUBMIT AS VALUE RECEIVED. . . .

We can hardly be convinced otherwise - the weekly paper with its \$2.00 yearly subscription price, 5c over-the-counter sale and 35c ad rate is still the biggest bargain you will find.

PLEASE NOTE: These prices were established when the price of related commodities was as follows:

Bread (23 slices to a loaf) was selling at 5c per loaf; veal chops went at 7-1-2c per pound; pork sausage was considered high at 3 lbs for 25c; butter, the real stuff, was 23c per pound; men's 2-pant suits sold slowly at \$25; ladies coats were popularly priced at \$18.50; dress shirts were plentiful at 79c.

A nationally advertised electric range sold at \$94.74; shampoo and finger wave went at 25c;

tires were as low as \$4; and the Ford V-8 coach was listed \$505. Then - if you are yet to be convinced - coffee was 28c, haircuts 25c and men's shoes, \$3.

When comparing these prices with those of today, we hope you will be thankful that your newspaper is not sold for 25c per copy!

MMM

In our opinion, there is hardly a holiday in our calendar which uplifts man's soul more than the Easter observance.

MMM

Remember when the popular cry was to "strike a blow for liberty" rather than "strike for higher wages"?

MMM

THE LOWLY CASTOR BEAN IS A CROP WORTH INVESTIGATING

There is bound to be lots of interesting information - and likely hard, cold profit - for those who attend the castor bean meeting here tonight.

We all recognize the law of supply and demand, and only this week the office of Defense Mobilization comes out with a bulletin extolling the need of castor bean propagation, citing the bean output as the spark needed in the defense effort, inasmuch as castor oil as a lubricant is among the most strategic of materials.

Quoting from the release: Zooming defense requirements for castor oil have enlisted farmers in five Southwestern States in the first large-scale production of oil-producing castor beans ever undertaken in this country.

In Arizona, Arkansas, California, Oklahoma, and Texas, farmers planted 84,000 acres of castor beans in 1951—nine times larger than the 1950 acreage. And they are aiming for another phenomenal increase this year which—if reached—will result in 200,000 acres.

In embarking on this new crop virtually unknown to most American farmers, Southwestern growers responded to a program initiated in 1951 by the U. S. Department of Agriculture at the request of the Munitions Board. Castor oil is one of the strategic materials which the Munitions Board is stockpiling for use in case of an emergency.

CASTOR OIL FOR JETS

As a lubricant for jet aircraft engines, castor oil is in special demand by the military. This strategic oil, pressed from beans about the size of small lima beans, is also used in other lubricants and greases, in hydraulic pressure fluid, and in paints, lacquers, varnishes and other protective coatings.

The United States has traditionally relied on Brazil for the bulk of its castor oil supplies, but current requirements under the defense build-up

make production here at home also essential. Even with this year's production from 200,000 acres, however, the U. S. must still look to Brazil for the largest part of U. S. castor oil supplies.

The Department's 1951 castor bean program and a similar one announced for 1952 offers a guaranteed market and a minimum price to farmers who contract to produce the beans. Operating only in the five Southwestern states, the program assures farmers the higher of 10 cents per pound, hulled basis, or the market price at time of delivery. Contracts are made with the Department's Commodity Credit Corporation or with private companies, cooperatives, or others under contract with CCC.

CCC Contracts For Purchases

The CCC also contracts for the purchase of adapted castor bean seed for sale to farmers. Research conducted by the Department's Bureau of Plant Industry, Soils, and Agricultural Engineering over a number of years made adapted seed quickly available when the defense mobilization program got under way.

Other research on growing, harvesting and processing the beans was available from scientists of the Department and industry alerted by the threat of curtailed castor oil imports during World War II.

The newest result of this research are the tractor-mounted, two-row castor bean strippers employed for the first time this fall in harvesting beans on dryland acreage. The Oklahoma Agricultural Experiment Station cooperated with the Department in developing the new strippers.

Sixty of the strippers, handling twice as much harvesting work as the one-row strippers used a year earlier, were placed at strategic locations by the CCC for rent or sale to farmers or custom operators. An even larger number of these machines are expected to be available for the coming harvest season.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Washington observers comment on the current drive to get a review of the army court martial action that sentenced a 20 year old wounded Korea veteran to 10 years of prison for falling asleep on a guard post.

It's a good thing many Congressmen are not in uniform, or they'd all be in prison for falling asleep.

Prompting this remark are the further developments resulting from the disclosure by C. W. Harder

Sen. Homer Ferguson of Michigan that Dean Acheson, Secretary of State, has set up a worldwide monopoly controlling raw materials usage.

Recently this column reported Sen. Ferguson's findings that copper shortage causing mass unemployment in Detroit is due to this international control.

In his report, he stated that Acheson set up the International Materials Conference which is in reality a monopoly controlling raw materials. He found that any American firm paying 24 1/2 cents for copper would be prosecuted, yet American tax dollars are being given to foreign nations to buy copper at prices as high as 50 cents per pound.

Immediately after this disclosure, it was revealed that the MSA, the Marshall Plan under a new name, had just granted another \$800,000 worth of copper to France; the metal being shipped from presumably copper-short U. S.

And then came more facts on the scandal concerning the International Materials Conference.

©National Federation of Independent Business

When Congress voted for the Defense Production Act, the legislators let a "joker" slip by that would permit Acheson to take such action. At least, that has been the interpretation of the law.

It is now learned that this cosy arrangement was arrived at over a year ago between the U.S. State Department, England and France.

Newsprint, lead, zinc, cotton, wool and manganese are also included in the list of materials now being controlled for the benefit of world monopolies.

Acheson had one major problem to solve, and that was getting control of lead and zinc.

But that problem was easily solved, because the Office of Price Stabilization, better known as OPS, or Office Plenty Screwy, was just champing at the bit for something to do.

The Office Plenty Screwy wrote another order setting the price that U. S. firms could pay for lead and zinc below the prevailing world price.

And of course, the order provided severe penalties for any U. S. firm that pays more for needed lead and zinc. Then to round out the picture, the MSA, or Marshall Plan under a new name, makes it possible for foreign nations to use American dollars to purchase the metals at any price.

It required weeks of investigation for these facts to be uncovered.

With elections staring them in the face, many Congressmen would have been happier if the facts had not been dug up because constituents are clamoring.

Do You Remember...

23 Years Ago

The Old Fiddler's contest which had been given by the Chamber of Commerce was held in the high school auditorium Friday night. A good sized crowd was in attendance and five fiddlers entered the contest. They were Mr. Reed of Bovina, who won first place, J. W. Ford, Friona, Second; A. B. Short, Friona, third; and Billie Lunsford, Farwell, and J. M. Sandefor of Friona.

Frank Spring, who was attending Texas Tech, made the honor roll for the winter term.

Miss Opal Wimberly who was training as a nurse at the Lubbock sanitarium was home visiting with her parents, Mr. and Mrs. J. A. Wimberly.

Mrs. George Sachs and daughters and sons arrived back in Friona from a visit of five months to their former home in Indiana.

The Phillips Petroleum Company was fully established as one of the business concerns of Friona and had completed equipment and began serving the customers. In charge of the business was Mr. Magness.

W. H. Galloway of Cordell, Oklahoma, was visiting in Friona and was present at a called meeting of the Chamber of Commerce. Galloway was prospecting for a pedigree cotton seed breeding farm in this locality.

Cast for the high school play had been selected. Actors in the yards within two minutes after jay, "A Poor Married Man" were Fields Gore, Arthur Baker, Wanda Walker, Pearl Marin, Gladys Elam, Helen Crawford.

President Hoover had announced

ed that in the interest of economy, the Presidential yacht would be put out of commission.

The Wichita Kansas Chamber of Commerce made their Silver Anniversary Good-Will tour and stopped in Friona with a band and plenty of souvenirs and favors for everyone.

At the Star Theatre in Hereford, Lon Chaney in "Where East is East"

Rushing's Grocery ad—very latest in ladies ready-made frocks. Prices were \$1 and \$1.95.

A Home Beautiful contest was staged by the Friona Women's Club. Every citizen was urged to help beautify the town and home to the fullest of their ability.

O. F. Lange who was chairman of the emergency fund committee of the Chamber of Commerce was promoting a harmonica contest with the proceeds of this program to be devoted to the needs of the Chamber of Commerce.

J. M. Osborn and family had returned from a trip to Hope, Arkansas.

George Cranfill, who was manager of the Santa Fe Grain Company, had a force of men and threshers busy at work threshing the large piles of heads in the company yard.

One of the most costly fires to that date in Friona started in the northwest corner of the Dog-farm in this locality.

The fire swept over the entire grain had been selected. Actors in the yards within two minutes after jay, "A Poor Married Man" were discovery. Origin of the fire was unknown and loss was estimated at \$12,000 with no insurance.

The weather for the past week had been windy with dust blowing for three days.

Simple Rules For T.V. Housekeeping

By W. M. MAGUIRE

"You can be rewarded with reliable care-free TV entertainment if you give your set a little simple care," according to Bud Collyer, the man who knows TV from the inside as the popular M.C. of Sylvania's CBS program, "Beat the Clock," and from the outside as a regular home viewer.

Years of concentrated research combining the advanced discoveries of radio and radar with other electronic marvels went into the development of your television set. Today, the marvel of TV is an accepted every-day thing.

"It is, though, the most complex every-day thing in your house," says Mr. Collyer. "And how well you care for your set determines the real service you will enjoy." There are four main rules to follow:

1. Place your set in a good location.

2. Make sure the set is well ventilated.

3. Keep the face-plate clean.

4. Call your serviceman at any sign of trouble.

Your set should not be placed near windows or radiators. Excessive humidity or dryness harms it. Give it at least one inch of free air-space all around so it can "breathe." Wash its face with a synthetic detergent that needs no dry-wiping and keep it free from dust.

If your set starts to act up, don't try to fix it yourself. The insides of the set, incorrectly handled, can produce severe shocks. Call your serviceman to avoid unnecessary risks. It takes an expert to handle the "electronic baby."

"Follow these simple house-keeping rules," says Collyer, "for increased viewing pleasure."

The Law and You

By Robt. (Bob) Kirk

DO YOU KNOW whether a minor is liable for his negligent acts which result in injury to others?

It is a well settled principle probably has no property to state of law in the State of Texas, that isfy the judgment which may be a minor, by his negligent acts secured, but this lack of property inures another is liable in damage in no way affects the right of the ages to the injured party. Upon proper proof being presented to the court, a judgment for the ages inflicted by the minor may be secured in behalf of the injured party. In cases where a minor is thus sued for his negligent acts, it is necessary that the Court appoint a guardian ad litem to see that the minor's rights are properly protected, and that he is adequately represented on the trial of the case. A judgment secured in such cases against the minor is a valid and binding judgement which may be satisfied out of any property which the minor may own, which is subject to execution. Should the minor have no property upon which execution can be levied, and satisfaction made, then if the judgement is kept alive it may follow the minor for many years until the minor does acquire some property to satisfy the judgment.

Of course there are practical considerations in a suit against a minor. The most important one being the fact that the minor

Training Course For Scout Leaders Begins Monday

An eight-weeks training course for the leaders and workers in the Cub Scout program will begin Monday night, April 21, at the First Methodist church in Hereford.

Coy Patterson, scout leader in Hereford, and Harry Delashmunt, scout executive from Amarillo, will conduct the course which will be held each Monday night at 8 o'clock, for the next eight weeks.

All den mothers, councilmen, scout masters and any other person interested in this work are urged to attend these meetings.

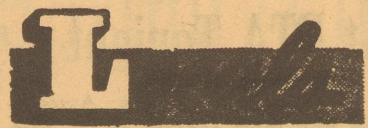

Mr. and Mrs. Dalton Caffey and children spent the week-end visiting friends in Graham, Tex.

Mr. and Mrs. Lewis Woodford and Susie of Hereford were Sunday visitors in the home of Mrs. Carrie Lillard.

Mr. and Mrs. T. A. Williams and son of Abernathy were week end visitors in the E. E. Taylor home.

Bud Crump went to Amarillo Saturday to meet his sons, Eddie and Tommy, who had been visiting with their grandparents last week in Memphis.

Mr. and Mrs. J. M. Watson left Tuesday for Temple to visit with Mrs. E. J. Carter and Mr. and Mrs. Clyde Watson.

Mr. and Mrs. Wilton Lillard and son of Phillips spent Sunday visiting with Mrs. Carrie Lillard and Mr. and Mrs. C. L. Lillard.

Mr. and Mrs. Wright Williams and Mr. and Mrs. Henry Lewis were in Plainview Sunday visiting Wright's sister who is in the Plainview hospital as a result of an auto accident.

Star Recipes

Like most wives, Mrs. CORNEL WILDE likes to serve her husband's favorite dishes. Chicken Pilaf plays a star role in Mrs. Wilde's menus—it's delicious, easy to do, and doesn't call for too much time in the kitchen. With an eye on the budget—chicken teams with rice, cleverly seasoned, to make a substantial main dish. Follow with tossed green salad—maybe fruit for dessert and a good cup of coffee—and you've got a complete meal.

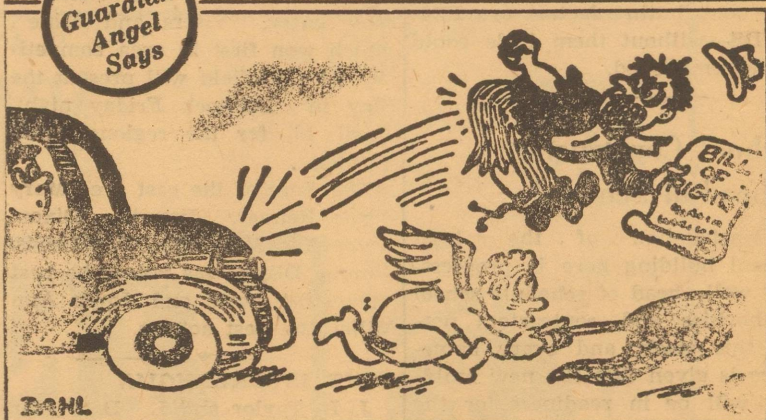

CHICKEN PILAF

- 1/2 cup Blue Bonnet Margarine
- 1/2 cup finely chopped onion
- 2 cups rice
- 4 cups chicken stock or bouillon
- 2 teaspoons salt
- 1/4 teaspoon cayenne pepper
- 1 bay leaf
- 2 cups diced cooked chicken
- 1/2 cup blanched, toasted almonds

Melt margarine in heavy pan. Add onion. Cook gently until onion is brown. Stir in rice. Add chicken stock or bouillon (may be made from bouillon cubes), salt, pepper and bay leaf. Bring to a boil. Turn into well-greased 2-quart casserole. Cover and bake in moderate oven (350° F.) about 25 minutes until rice is tender and liquid absorbed. It may be necessary to add more stock before rice is cooked. Remove bay leaf. Add diced cooked chicken and almonds which have been sauteed in a tablespoon of hot margarine. Return to oven and bake for an additional 15 minutes. Makes 6 servings. This is a complete meal when served with a green salad.

WALK WARILY!

Remember the right-of-weight! When you're a pedestrian, the right-of-way argument is a feeble argument against one and a half tons of chrome-crust steel. After all, a motorist is just a pedestrian on wheels and vice-versa, so why fight about it. In this year of the 200th anniversary of the founding of mutual insurance by Benjamin Franklin and his associates, Liberty Mutual Insurance Company says: "Walk warily, don't give your little guardian angel extra work. He's busy enough as it is."

Taxpayers Invited by Rogers to Report Wasteful Government Operations

MY RECENT VISIT TO THE DISTRICT

It was good to get back to the Panhandle, if only for a short visit. It is a long haul from Washington to the Panhandle, and traveling by the fastest available transportation requires an absence from Washington of four days in order to be in the Panhandle for two days. I had promised the Swisher County Electric Cooperative to address their annual meeting and certainly did

not intend to go back on this promise. I had not contemplated that the House would be considering important appropriations bills and had hoped to be in the district for about a week. However, these appropriations bills made it necessary for me to remain in Washington until the last possible minute before the weekend and to be back on the job by Monday morning. As a member of the unofficial economy

bloc my constant presence on the Floor of the House while it is in session is doubly necessary. This is a minority bloc in the House and unless we put up a solid front, our effectiveness is damaged. I was able to arrange a "pair" on the important votes that came up during my trip to the Panhandle. Otherwise, it would have been impossible for me to make the trip. I am sure that all of you are keeping up with the cuts that are being made and can see the effectiveness of this economy group. It was certainly a pleasure for me to visit Tulsa and see the many good people there and visit with them. My only regret is that I could not stay longer. During my visit the Panhandle Press Association was holding its annual meeting in Amarillo, and I was afforded the additional pleasure of visiting with a number of the good newspaper people from that section. I had hoped to attend some of their meetings, but had to use all of my time, outside of the Tulsa engagement, in discussing and working out problems with individuals -- individuals whose sons and daughters are in the Armed Services, many of them in Korea, and others whose businesses and very livelihoods are in jeopardy, all of whom are carrying a tremendous burden. From all reports, the Press Association meeting was a tremendous success, and I regret that I was not able to attend the meetings, but felt that my duty was primarily to those folks mentioned above.

If the Senate moves forward with the same speed that the House has displayed, we should be able to bring about an early adjournment. This will mean that Mrs. Rogers and the children, together with myself, will be able to return to the district during the early part of the summer. They have all looked forward to this trip and can hardly wait for the day.

ARMED SERVICES APPROPRIATIONS CUTS

You will recall that the Appropriations Committee cut the request of the Bureau of the Budget by the sum of \$4,240,638,500. The bill, when it came to the Floor, called for expenditures of \$46,680,384,270 for the fiscal year 1952-53. This amount is \$10,000,000,000 less than the amounts provided for the current or pre-

Fashions For MEN OF DISTINCTION

PRETTY SOFT — Smooth, soft Shetlands are among the all-wool fabrics featured in men's sports jackets for Spring. Preferred this year by Calver's "Man of Distinction" stylist is this bright lightweight jacket. It's right in step with 1952 style trends—cut to body lines, buttons set higher and its lapel narrower. Being wool, these fabrics can afford to be light in weight and soft in texture without losing strength

sent fiscal year. However, the House was not completely satisfied with the cuts and proceeded to swing an additional axe, which resulted in additional cuts of \$135,600,000, \$130,000,000, \$45,000,000 and 140,000,000. There were other amendments designed to result in savings, such as the limitations on transportation and crating and barring the use of funds for other purposes. Probably the most important amendment was the amendment offered by Congressman Smith of Virginia for limiting expenditures of the military in 1953 to \$46,000,000,000. It is difficult at this time to tell whether or not this amendment will result in measurable savings, but its effectiveness lies in the fact that it is definite notice to the military that the Congress does not intend to tolerate loose business practices in military expenditures. There is much talk on the floor of the formation of a civilian control council to screen military expenditures after the money is placed in the hands of the military by the Congress. The tremendous size of the humanly impossible for the few military establishment makes it members on an appropriations subcommittee to ferret out all of the transactions that result in a waste of taxpayer's money. The ultimatum of this Congress to the military is unmistakable and unambiguous. Unless the military takes heed and plugs all of the leak holes, the formation of a civilian council on expenditures is almost a certainty. I am convinced that the military is trying to do an excellent job in most instances and will certainly cooperate in all respects should it be the sense of the Congress that such a civilian control council should be created. People having knowledge of wasteful practices in any governmental operation should report them immediately

to the members of Congress representing their districts. Although some of these may not be as wasteful as they appear on the face, many of them will be well founded and much money can be saved. The taxpayers are entitled to value received for every tax dollar spent and it is the duty of all of us to be constantly vigilant.

THE STEEL ISSUE

Watch developments in the steel issue. The final determination of this issue may well pinpoint the exact issue as to the extent the private ownership and use of property is subject to government regulation and control. Once the basic issue is definitely determined, the groundwork will be laid for the solution of the problem that has long perplexed all of us who are fundamental believers in the free enterprise and private ownership of property doctrines.

VISITORS

Visitors from the district this week were: Mr. and Mrs. Asa Willis of Dalhart, R. C. Buckles, Glen Scott and Walter Hammonds; Miss Ruth Wheeler of New York, whose father resides at Borger; Dr. and Mrs. Cradit, Mrs. Thomas Mason and son, Tommy, from Amarillo.

CARD OF THANKS

We wish to express our gratitude with humble hearts to all those who showed us so much kindness in the many ways during the loss of our beloved husband, father, and brother. Mrs. W. I. Adkisson Mr. and Mrs. Horace Davis and Kenneth Mr. and Mrs. Geo. A. Jones, Wayne and Boyd Mrs. J. D. Browder Mr. and Mrs. G. B. Adkisson Mr. and Mrs. D. D. Adkisson Mrs. Lucy Jones and her parents, Mr. and Mrs. E. C. Chitwood, had Sunday dinner in the home of Mr. and Mrs. F. L. Snyder at Muleshoe.

Wedding Anniversary

Observed by Watsons

Mr. and Mrs. J. M. Watson observed their thirty-ninth wedding anniversary Sunday at the home of their daughter, Mrs. Nelson Welch, with a family dinner and an Easter egg hunt for the children present.

Present at the gathering were Mr. and Mrs. Harold Lillard and children; Mr. and Mrs. Lawrence Lillard; Mrs. F. N. Welch, Mr. and Mrs. Jack Miller of Lubbock; Mr. and Mrs. R. L. Bates and boys of Sunray; Mr. and Mrs. Dalton Teague and daughter of Littlefield, Doris and Robbie Bogess, Joe Brown of Midland; Mr. and Mrs. Watson and Mr. and Mrs. Nelson Welch and children.

BAND TO CANYON

The Friona Senior Band will go to Canyon next Thursday to compete in the regional interschool music league contest. This will be the last contest for the music department, other bands and choirs already having competed. About 45 students are members of the band organization, with Mary Joyce Renner as president, and Earl Hise as director.

FHA Representatives Will Attend State Meeting at Ft. Worth

Three representatives of the Friona Future Homemakers of America will go to Fort Worth next Wednesday, attending the week-end statewide convention of that organization.

Attending from here will be Mrs. Baker, local sponsor; Joyce Miller, voting delegate; and Gay Ann McFarland area president-elect.

Family Reunion Held

By J. L. Taylor Family

The J. L. Taylor family had a reunion Easter Sunday with all the family present except a daughter, Mrs. R. H. Stork, of Tucumcari, N.M. The gathering was held at the J. L. Brooks farm ten miles south of Hereford. A covered dish luncheon was

served, and the children presented an Easter egg hunt in the afternoon.

Those present were Mr. and Mrs. J. D. Burkett and family of Hereford; Mr. and Mrs. Jimmie Taylor and family, Mr. and Mrs. L. D. Taylor and sons, Mr. and Mrs. R. T. Taylor and son, Mr. and Mrs. Gracie Harper and son, Mr. and Mrs. Ira A. Bartlett

all of Friona; Mr. and Mrs. C. L. Coker of Tucumcari, N. M. and Mr. and Mrs. J. L. Brooks. This reunion will be held each year at the Brook's home

Robert Bridges from Amarillo visited in the W. A. Tinney home over the week-end. He is a brother of Mrs. Tinney.

BIG MAN IN THE COMMUNITY SOMEDAY

Some climbed out of his high chair into a partnership with his dad. Before he started to school, he was hunting eggs and tending a couple of runt pigs. Now he's feeding a baby beef of his own. Of course, dad still does the muscle work around the place, but both of them are living for the day when they'll farm together.

Even John Deere power equipment doesn't make farming child's play, but it saves time and energy that farmers can spend shaping the character and guiding the development of their youngsters. No wonder so many farm boys are growing up with warm spots in their hearts for

the land. They are learning first-hand that farming is one of the most challenging of all occupations... discovering that the farm offers opportunities for profit and a satisfying way of life that few jobs in the city can match.

Like thousands of other farm boys, this youngster is developing the initiative and self-reliance of a grown-up long before he is big enough to fill his dad's shoes. These qualities will help him to become a successful farmer, a community leader—a good American! In such hands the future of our agriculture and our nation will be secure.

ATTENDED FUNERAL
John and Claude Blackburn were in Rush Springs, Oklahoma Wednesday to attend the funeral of their uncle, L. O. Martin, who died of pneumonia in a Chickasha hospital late Monday night. Mr. Martin, 67, was related to the T. E. Blackburn family here; he was the husband of Mrs. Blackburn's sister.

Surviving are the widow and three children.

Mrs. Gordon Shackelford and two children from Perryton are visiting in the Bert Shackelford home here. Other visitors in the Shackelford home have been Mrs. Ray Hearst and Diana from Midland, who spent the week-end here, and Gordon Shackelford who spent from Thursday to Sunday here.

Delegates to Church Meeting Will be Named By Congregationalists

A church meeting of the Congregational Church will be held following the morning worship hour of the church on April 20th, the purpose of which is the naming of three official delegates of the church to The Fifth Annual Meeting of the Central South Conference of the Congregational Christian Churches which is to be held in the Central Congregational Church at Dallas on April 29th and 30th and May 1st.

The principal speaker for the conference is to be Dr. Truman B. Douglass Executive Vice-President of the Missions Council of the General Council of Congregational Christian Churches. Dr. Douglass comes from the headquarters office in New York City. Friona Congregationalist have a special interest in Dr. Douglass in that his first pastorate was in the Friona church which he served as a summer student several years ago. Dr. Douglass is the author of a much read book entitled: "Our Mission to America."

Reverend George E. Meyer of Friona has charge of the Worship Service of the conference on Tuesday evening preceding Dr. Douglass's address.

The local Congregationalists are to be represented by three official delegates and the pastor, important business of the conference will be the selection of its representatives on the General Council of the denomination and delegates to the meeting of the General Council to be held in Claremont, California in June; 18th to 25th.

The Lenten series of sermons having been completed the Rev. George E. Meyer, pastor of the Congregational Church, announces that the spring sermon series is to be centered in "The Revelation to St. John." The series will open April 20th, with the introductory sermon: "I am Alpha and Omega." The church extends as always its general and inclusive invitation to anyone and everyone interested.

Week-end visitors in the home of Mr. and Mrs. Bill Stewart were Major and Mrs. Roscoe Chandler and children, of Albuquerque, N. M. Mrs. Chandler is the daughter of Mr. and Mrs. Bill Stewart.

ATTENDED BANQUET

Those attending the Muleshoe Chamber of Commerce banquet Tuesday night included Al Romich, Wright Williams, and Joe Menefee of Friona.

Speaker for the Muleshoe fete was "Dutch" Hohn, popular speaker and former member of the Texas A&M Extension Service at College Station.

Mr. and Mrs. Dillie Kelly and son spent the week-end visiting at Waco.

Our Great America by Woody

ABOUT FIVE MILLION TREES ARE HARVESTED EACH YEAR TO PROVIDE THE WOOD NEEDED TO BUILD AND MAINTAIN AMERICA'S NETWORK OF TELEPHONE, TELEGRAPH AND POWER LINES.

LEADVILLE, COLORADO (POP. 4,078) IS THE HIGHEST CITY IN THE UNITED STATES. BUILT NEAR THE CREST OF THE ROCKIES AT AN ELEVATION OF 10,129 FEET, IT IS NEARLY TWO MILES HIGH.

THE RAYS OF THE RISING SUN FIRST STRIKE THE UNITED STATES ON THE SUMMIT OF MT. CAPILLAN ALONG MAINE'S EASTERN COAST.

AN ALL-TIME RECORD FIGHT CROWD OF 120,757 PEOPLE WATCHED THE DEMPSY-TUNNEY HEAVYWEIGHT CHAMPIONSHIP BOUT IN PHILADELPHIA IN 1926. SECOND LARGEST FIGHT CROWD WAS THE DEMPSY ATTENDANCE AT THE DEMPSY-TUNNEY REMATCH IN CHICAGO A YEAR LATER.

Mrs. W. W. Gardner and small son of Shreveport, La., were in Friona Wednesday visiting with friends. Mrs. Gardner was the former Francis Buchanan.

Mrs. Elroy Wilson and daughter are in Hot Springs, N. M. this week. Elroy plans to join them later in the week and do some fishing there.

Lunell McFarland, student at S. M. U., Dallas, spent the Easter holidays with her parents, Mr. and Mrs. J. B. McFarland.

Mr. and Mrs. H. T. Magness spent Sunday visiting in the Johnny Benger home.

The Ed White family is leaving today for a two weeks visit with relatives and vacation in Florida. Ed says that they plan to go "all the way," winding up at Key West. While absent, the store will be in charge of Edward White and Mrs. Carl Fairchild.

Rev. and Mrs. Russell Pogue and children spent Sunday afternoon in Hereford visiting with Mrs. Pogue's parents, Mr. and Mrs. Jack Roberson, and her sister Mrs. Sam Schofield of California.

Mrs. Lem Miller who has been hospitalized for some months at Winfield, Kansas, is now recuperating here at the home of her daughter, Mrs. Charles Russell. Mrs. Miller can sit up, although some assistance is required in moving about.

Mr. and Mrs. James Bragg and son, Clyde Ray, and daughters, Janell and Betty, of Brownfield, were week-end visitors here with relatives and friends and former neighbors. Mrs. Bragg, the former Miss Nell Goodwine, is a sister of Clyde and Lola Good-

wine and Mrs. Fred White, and the family formerly lived in Friona. Mr. Bragg is now employed at the Highway Department at Brownfield. Mr. and Mrs. Bragg are members of the local Congregational church, and while here the son and daughters were received as members at the Easter service Sunday morning.

How to Make Efficient Grass-Legume Mixture

Experience of farmers the country over and trials at agricultural experiment stations, have all shown greater yields and continued productivity of forage and greater livestock gains for grass-legume combinations as compared with either a grass or a legume sown alone. Increases of from 40 to 60 per cent in forage and gains in live weight of animals are not uncommon.

Mixtures should vary according to the purpose intended and the prevailing soil and climatic conditions. Under most conditions simple mixtures of 2 to 4 species are preferable but sometimes more complex mixtures containing 5 or more species are desirable.

The advantages of a mixture can best be assured by giving close study to its composition. Some considerations which are under human control, are the following:

1. If there are great variations in the moisture available in different parts of the field because of lay of the land or changing seasons, choose a grass and a legume that like wet conditions and another of each that thrives with less water. This will help maintain the desired grass-legume relationship over the whole field.

2. If high yields of roughage are desired to be fed with grains or other concentrates, the highest yielding species that are sufficiently palatable and nutritious, to be consumed and utilized by the particular livestock for which intended may be chosen. If the rations are to be exclusively forage for use by producing or growing animals, only species with the highest nutritive value, particularly high in protein should be chosen.

3. If the weed problem or soil erosion is serious, have at least one rather aggressive species in the mixture that will help keep the weeds in check and hold the soil best on slopes. Smooth bromegrass, intermediate wheatgrass and the tall fescues are all useful.

4. On soils and in localities where alternate freezing and thawing

Some Popular Grass-Legume Mixtures*

Lbs. of seed per acre	
6-10	Alfalfa
1/2 - 1	Ladino clover
6-8	Smooth Bromo
6-8	Red clover
1/2 - 1	Ladino clover
4-6	Timothy
6-8	Alfalfa
2-3	Timothy
1-3	Korean Lespedeza
1-3	Orchardgrass
3-6	Timothy
2-3	Alsike
1-2	Ladino clover
5-10	Alfalfa
2-6	Orchardgrass
1-2	Ladino clover
10-12	Alta or Ky 31 fescue
1-2	Ladino clover
4-5	Alfalfa
3-5	Red clover
1-3	Alsike
3-6	Timothy

* All the species used should be those adapted to your particular locality. The proportions of each species in a mixture will vary with field conditions and use of forage.

causes heaving, a good proportion of grass should be maintained during the life of the stand.

5. Because of the tendency to bloat where lush growth of legumes is available, it is less hazardous to have a substantial proportion of grasses in the mixture as well as to take other precautions.

6. Where honey production is desired, include Ladino and alsike clovers which tend to furnish a larger and longer honey flow. These and many other things should be considered in making up your grass-legume pasture or hay mixtures. Consult your local seed dealer and your county agent who are working together in solving this problem for your locality.

SCIENCE and HEALTH

New Heart Drug From Explosive

471,469 Americans died of heart disease during 1948. Of this figure, 2,687 deaths were attributed to angina pectoris, characterized by severe spasmodic chest pain. Angina pectoris is caused by an insufficient supply of oxygen reaching the heart. Attacks are brought on by effort or excitement. Treatment requires a drug capable of easing the blood vessel contraction. To meet this need, chemists have converted one of the ingredients used in explosives into a new drug. Peritrate, developed by the Chilcott Labora-

CARD OF THANKS

Our sincere thanks goes to every one of our many friends at Friona and Bovina who helped in any way to make our husband and father's stay at the hospital comfortable and easier to bear.

Especially do we wish to thank the hospital staff for all courtesies rendered. The flowers that were sent and the food that was brought to our homes was deeply appreciated. Also the many visits by Rev. Pogue and Rev. Tidwell and friends.

May the Lord's richest blessings abide with every one of you.
Mrs. P. B. Griffith and families.

SINGS SUNSHINE SONG!—There isn't a more genuine fresh-air and sunshine enthusiast than liltin' Martha Tilton, popular vocalist, just elected president of the Fresh Air Enthusiasts Clubs of U.S. "No matter how low the temperature drops, I'm always in favor of an open window in the home," says Martha. Miss Tilton is showing all visiting Club members the air-control Sun Sash louvered windows just installed in her new home. With the Sun Sash window Martha can control ventilation by the touch of her fingertips.

Week-end visitors in the Bill Sheehan home were Mr. and Mrs. L. H. Blankenship Dorothy Lewis and Marketa Cox all of Childress. The Sheehan's little daughter, Mary Margaret, returned home with them for a visit.

"turns out she was right after all"

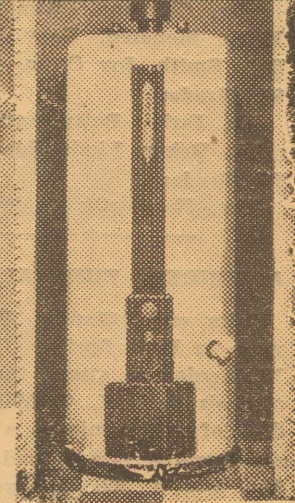

"Jane kept harping about not having hot water enough for her new automatic washing machine. I said nonsense — we have a good water heater! But to keep peace I called our plumber. *Only ONE automatic water heater heats fast enough to run these modern appliances," he said, "and it's Gas. It's 3 times faster than any other all-automatic fuel." He said also a Gas heater would be cheaper to buy, install and run. Must say I've got hotter water for shaving, too!" Ask your plumber — he'll tell you there's nothing like Gas for automatic water heating.

J. R. McKinley, Sr.
Master Plumber
2220 19th Street
Lubbock, Texas

And there's nothing like Gas for automatic cooking... refrigeration... house-heating... air-conditioning... clothes-drying... incineration.

This is a Coleman automatic Gas water heater... one of several fine brands on the market today. Your merchant plumber or Gas appliance dealer will gladly advise you about the right size for your family.

SAVE 4 WAYS

WITH OUR LP-GAS AS TRACTOR FUEL

1. Saves on fuel cost
2. Save on oil... it lasts longer
3. Save on repairs... no carbon, sludge, or sticky valves
4. Save on maintenance... less wear on vital parts

HAVE YOU TRIED OUR LP-GAS FOR:

- CLEAN AUTOMATIC COOKING?
- ALL THE HOT WATER YOU NEED?
- THE MILK HOUSE?
- STOCK TANK HEATERS?
- RELIABLE GAS BROODERS?

Wherever you live... our gas service brings you the modern way of living.

BLANTON BUTANE INC.

Let's get down to brass tacks and the PLAIN HARD FACTS

Here's why a Chevrolet truck means dollars-and-cents savings!

Size up the four facts why a Chevrolet truck cuts down your hauling or delivery costs.

But there's more to it than that. It's the greatest truck to drive you ever got your hands on. Easier Ball-Gear Steering. Clutch smooth

and easy. Fast, quiet Synchron-Mesh transmission that eliminates double clutching. Roomy cab with five feet of hip room, ventipane windows, and seats with double-deck springs.

Come in and let us show you.

FACT No. 1

You pay less to buy!

FACT No. 2

You save on cost per mile!

FACT No. 3

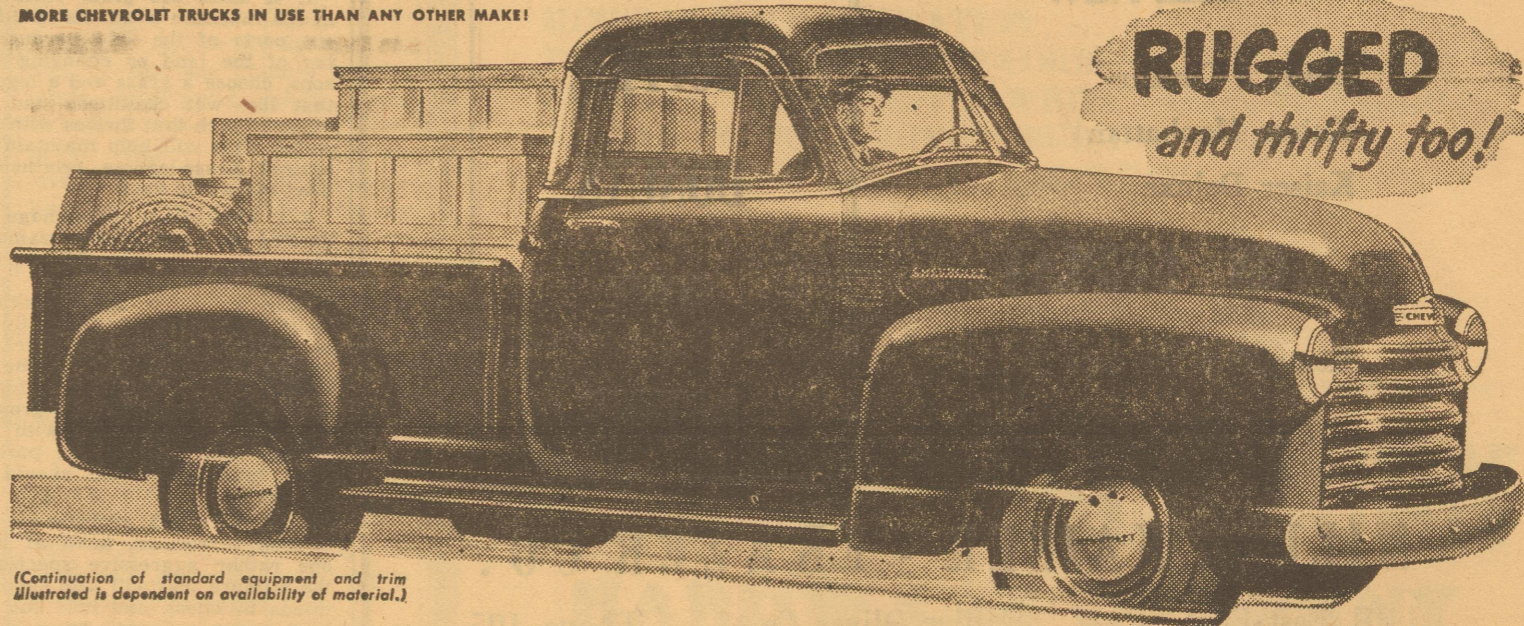

You get the right truck for the job!

FACT No. 4

Your truck investment is safer!

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

RUGGED
and thrifty too!

REEVE CHEVROLET COMPANY

GRASS ROOTS

The comments which have arisen from this column have made the effort in writing it well worth while. As before stated, it takes a lot of doing to get ahead of the people in this area.

I was informed the other day that I was skidding my wheels by missing out on the opportunity to advertise the products for sale that I was blowing off about in my writing. Somewhere along the line of my short but eventful existence, I was taught not to talk unless I had the pot to cook it in. So to make a short story shorter, all of the practices I talk about involving seed, fertilizers, or chemicals, are available at the company shown in the sig cut below. How do I know??????? Be-Let's hope this is an indication cause I work here.

And the clouds gathered!!!!!! of more to come. At any rate, the moisture received has built a fire under the boys planning on grass seeding this spring. We have been forced to buy another grass seeder, which has started work already, and all indications are that all three of our seeders will be going constantly all spring. Perhaps you wonder why a grass seeder is so popular. The farmers who have seeded grass through regular drills, can give you a better picture of this than I. There is one way to drill grass, and a SEEDER IS THE ANSWER. I am looking forward to much comment and discussion on that statement.

Bob Lewis can tell you about the seeding of grasses on sloping land. Bob seeded a pasture last Fall on land that would make the Chinese rice fields look like a pool table. Result—a nice return from grazing last Fall. Pasture ready for production this spring already, and a piece of critical, sub-marginal land tied down and in production. Bob was the first in this area to use Intermediate Wheatgrass in a pasture mixture, and the results were such that this fine grass is going into all the mixtures from now on—at least until one of our pro-

gressive farmers come up with one to beat it.

Had a nice visit with Mr. M. L. Sylvester Sr. from Friona and John L. Spencer from Dimmitt last week. Always nicer to get the ideas from our neighbors, and I can manage to learn something every time. . . . These men are getting their fertility programs lined out, and are of the opinion that soil-building crops, along with inorganic fertilizers for the yield booster, is the right path to follow. And we want to welcome Daniel J. Larsen from Monroe, Utah and J. R. Banks from the Littlefield area, to our Pan-handle Fraternity.

I learned a lesson about machinery the other day. I overhauled one of the grass seeders and decided that the seeding mechanism on the small seed box could use a good oiling. All was fine except I didn't wipe the oil off. Result: Stopped up seed box. "Better to light a small candle everyday, than to work in darkness for five minutes."

Wayne Evans cornered me here in the office and announced that the pasture he seeded last Fall wasn't satisfactory. I was greatly disheartened, until Wayne smiled a great big smile, and stated that the trouble was that he didn't plant enough of it. Wayne has some fantastic results to report on his grass seedings and always has time to visit.

Woodrow Ireland let me have it with both barrels about his Hubam Clover seeding. Seems that Woody made an early morning inspection of his ground where the clover was seeded—no clover. Woody picked me up late in the afternoon and we found a good stand. I can't take credit for having better eyes than Woody, because the truth of the matter is that the clover came up during the day. Keep the seedlings wet and they will come.

Any of you ever consider the possibility of planting grasses for seed production? A sure thing for a cash crop there.

J. T. E.

Motor Vehicle Inspection Stations Being Set Up Within Parmer County

There are 3,720 motor vehicles registered in Parmer County that are required to have vehicle inspection before September 6th. Only a few of these have been inspected.

Reeve Chevrolet is the first approved station in Friona, with Parmer County Implement and Ford Motor Company in the process of being approved. In Farwell, Hardage Hudson has been approved and Sikes Motor is in the process of being approved.

The 2700 official inspection stations licensed in Texas so far are inspecting some 50,000 cars per week and in order to inspect all the cars in the state by the deadline, the number of inspected per week will have to be doubled.

There can be no further extension of the deadline and operators of vehicles not inspected on September 7th will be subject to arrest. The law provides a fine not to exceed \$200.00 for any person guilty of operating a vehicle after the deadline date when such vehicles have not been inspected and approved.

More and more stations are being licensed in Texas daily and the operators of these stations are waiting faithfully and honestly inspect your car at your earliest convenience. Take your car to the inspection station of your choice and get your approval certificate while there is plenty of time and avoid having to wait.

When you get your approval certificate on your car you will take pride in knowing that your car is safe to operate and that

you are helping to contribute to a safer Friona, Parmer County and Texas.

REHEARSAL CALL—It's a familiar sight at NBC—Esio Pinza, famed basso, rehearsing with conductor Donald Voorhees at the piano before a "Telephone Hour" broadcast (Mon., 9:00 P. M. EST). He guests now and then and, favorite that he is, was chosen as guest soloist for the April 14 broadcast marking the beginning of the program's 13th year on the air.

SOUTHWESTERN PUBLIC SERVICE COMPANY

17 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Lukewarm church people have allowed the world to criticize church, advertise vice, os racize preachers, minimize righteousness and practically idolize the ungodly. Many fathers and mothers have grown indifferent about the religious teaching of their children. They SEND them to Sunday school (if they go at all) and are not much interested in whether they attend church. As parents they should lead their children to all portions of the churches' rounded program. Go out after those who have no church home, those who have wandered. Seek out that one which is lost. Be sure to take your youngsters to church school and remain for all services next Sunday. . . . Your Pastor expects you.

'Clothes vs. Personality' Was Program Subject of Woman's Club Meet April 9

The Friona Woman's Club met Wednesday, April 9th at the club house. After a short business meeting, the program, "Clothes versus Personality" was presented by the secretary, Mrs. Charles Russell.

A paper "Personality of Clothes" prepared by Mrs. M. B. Buchanan was given by Mrs. George Meyer.

The style show committee comprised of Mrs. Pearl Kinsley, Mrs. Frank Reed, Mrs. A. H. Boatman, Mrs. Bert Chitwood, and Mrs. E. R. Day displayed clothes about 90 years old belonging to Mrs. H. F. Brewer's grandmother.

Each club member had been notified ahead of time to model either something old or something new. After the members who were modeling new spring fashions were introduced, the following style show was presented:

Mrs. Roy Slagle and Mrs. Bert Chitwood modeled 1929 year dresses. Mrs. W. A. Tinney modeled shoes and dress of the 1934 year.

Mrs. F. T. Schlenker modeled the Sunday Black Quaker dress and bonnet. This bonnet and shawl belonged to Mrs. Schlenker's great grandmother and is over a hundred years old. Mrs. F. W. Reeve modeled the

everyday Quaker dress, apron and cap which belonged to her mother and was worn about 60 years ago.

Mrs. George Meyer wore an evening dress modeled after a 1849 evening dress. Mrs. Pearl Kinsley showed a black lace formal worn 15 years ago. Mrs. A. H. Boatman modeled a modern day formal.

The highlight of the afternoon was Mrs. Roy Slagle in a 1916 bathing suit and carrying a 1906 umbrella. Mrs. W. A. Tinney accompanied her wearing a modern day version of the swim suit.

Mrs. George Meyer showed the latest in lounging pajamas and robe.

As a climax modern day dresses made of nylon and orlon were presented by Mrs. Slagle and Mrs. Chitwood.

During the parade of fashions, music was played by Mrs. Roy Miller.

Refreshments of cake lime sherbert and coffee or tea was served to 25 members and 3 guests. Mrs. Roy Miller, Mrs. Glenn Reeve and Mrs. E. R. Day Jr.

Hostesses for the afternoon were Mrs. M. B. Buchanan and Mrs. N. Jarrell.

Canada and Mexico Discussed at Modern Study Club Meeting

"Shaking Hands With Our Neighbors" was the theme of the program of the Modern Study Club at its meeting Tuesday night.

Jamie Lu Lillard discussed "Canada, An Ideal Neighbor" and Melba Miller gave a talk on "Mexico, Growing More Democratic."

Special music was presented by Eva Miller and Denise in the form of a piano duet, "Morning in Madrid."

Eva Miller gave a piano solo, "Chalita".

Refreshments were served to twenty-four members and one guest by the hostesses Grace Whitefield and Allo Reeve.

Plowing Demonstration Was Well Attended

Quite a bit of local interest was taken last week in the plowing demonstration conducted on the Garland Herrington farm near Rosedale, sponsored by the O.F. & O Supply Company of Friona and the Diesel Power, Inc. of Plainview. These firms also were hosts at a luncheon during the demonstration.

Mr. Osburn OF&O manager started plowing at 10:00 a. m. with a 17 foot Graham-Hoeme plow pulled by a 1928 Case model L tractor powered by a General Motors series 71 Diesel engine. The purpose of the demonstration, Mr. Osburn explained, was to illustrate the ease of operation and the steady power pull of the 71 engine.

Mr. Donnell told the assembled group of farmers that on the previous day the same equipment had plowed 39 acres of dry packed soil on the Jim Schaeffer farm in six hours, chiselling 5 1-2 inches deep. He told the farmers that this Diesel will average 2 1-2 to 3 1-2 gallons of Diesel fuel an hour.

Later Taft Turner of Rosedale, one of the first farmers in the area to convert to the GMseries 71 power, told the group that he had increased plowing capacity by 50 percent while cutting his fuel bills in half. He said that because of the greater speed developed, and the additional area covered, he found that his operational costs were cut about half.

Mr. and Mrs. John Kelly of Cleveland, Ohio, have been visiting in the parental George Baker home here. Mrs. Kelly will be remembered as Nila Jean Baker. The little daughter, Jane Alice Kelly, is experiencing her first visit with her grandparents.

TROOP II

Girl Scouts of Troop II met Tuesday afternoon at the Methodist church. The girls played games and discussed the broom stick skirts they are planning to make as part of their sewing badge.

All the girls of the troop were present for the meeting.

Carolyn Stowers served the refreshments to members and the leader, Mrs. O'Brian.

TROOP IV

The Girl Scouts of Troop IV went on a penny hike and played the alphabet game at their meeting Monday afternoon.

After the hike they went to the Methodist church annex where refreshments were served to twelve Scouts and two leaders. —Reporter Mary Tom Spring

BROWNIE TROOP V

Brownie Troop V cooked a meal out at the park Monday afternoon when they met for their regular meeting.

Present were sixteen Brownies, three of their leaders, and seven guests.

Sunday guests in the home of Mr. and Mrs. Fred Barker Jr., were Mr. and Mrs. I. D. Williams of Lubbock and Mr. and Mrs. Giles Cobb and family.

Miss Joe Phillips spent the week-end visiting in Denton.

Mr. and Mrs. Bill Bell had Sunday dinner in the Elvie Jennings home.

Rachel and Margie Burnett spent the Easter holidays in Alpine visiting with their parents.

LARGEST SHOW ON RECORD HELD

Grand Champion, Showed by Ben Jordan, Friona FFA Member, Sells for 35½c lb.

Reserve Champion Will Be Served at FFA Father-Son Barbecue May 9th

Showers, good fellowship, and a record number of entries at the Parmer County Junior Livestock Show last week-end all contributed to round out the show dubbed by most observers as the best yet in the county and highly comparable with larger shows of the area.

A record 376 head of fat calves, breeding cattle, dairy cattle, swine and one lonely lamb were placed in the show.

J. T. Gee, Friona FFA instructor, the show superintendent and County Agent Joe Jones had to call in show officials and several boys before the judging was completed.

The fat calves, which were sold Saturday afternoon were classi-

fied by Judge Anderson, Homer Brumley of Hereford, Dick Garner of Plainview and Pete Buske of Friona. Of the 176 calves in the division, 21 were selected prime, 60 choice, and 95 good. Crying the sale were Bill Flip-pin of Friona and Dick Dozier of Clovis.

Lloyd Otten, Clovis auctioneer and long-time supporter of the

local show, arrived too late to assist in the auctioneering, but he donated \$100 to the FFA boys; this money will greatly help in defraying expense of the technical color movies which were made of the entire show.

These movies will be cut and captioned and will be shown for the first time at the May 9th FFA Father and Son Barbecue. Incidentally those attending this barbecue will have real eating in the form of the reserve champion calf of the show, bought by J. G. McFarland and donated by him for this use.

Grand champion fat calf of the show was a 1,600 pound Hereford consigned by Ben Jordan, a Friona FFA member. Ben, 16

years old, is a son of Mr. and Mrs. V. R. Jordan and he has been in FFA work three years. This is his first champion but he had the reserve champion beef breeding entry in the 1951 show. His champion was bred by Reeve Hereford Farm of Friona.

The reserve champion was an even heavier Aberdeen-Angus. M. C. Osborn, 16, topped the weight division with his 1,190 pound black beauty. He is a son of Mr. and Mrs. Claude Osborn and is a Friona FFA boy. He also has been in the project three years. Last year he exhibited the grand champion pen of five. His reserve champion was bred by Melvin Black of Friona.

In the dairy division, the Fri-

ona FFA chapter entered the grand champion bull and D. O. Robason, Friona FFA chapter, the grand champion female. In the Milking Shorthorn division, the grand champion bull was exhibited by Dale Hart, Friona FFA, and the grand champion cow by Darrell Thompson, Friona 4-H club. Gary Sherrieb, Friona 4-H, had the top Holsteins and in the Brown Swiss division, Lester Burnett, Friona FFA, topped the class.

The grand champion barrow of the show was entered by Bob Gerles, Farwell FFA, with Vernon Petty, Friona 4-H, showing the reserve champion. The champion gilt was entered by Jerry Zachary, Friona FFA. The grand champion boar was shown by Dale Berggren, Bovina FFA.

The 176 fat calves sold at the auction for an average of slightly over 35 cents per pound.

Ben Jordan's grand champion went to Bert Chitwood of Friona for 35 1-2 cents a pound, netting him \$373.40.

The reserve champion belong-

ing to M. C. Osborn sold to Red McFarland of Friona for 34 1-2 cents a pound, bringing him \$399.98.

Among buyers for the sale were Dick Wright, Oklahoma City, Pete Caviness, Roswell, Dick Garner, Plainview, Art Crawford Amarillo, Frank Fuller, Ben Davidson, Clyde Rawl and Vernon Bradley, all of Clovis, and Pete Buske and Bert Chitwood of Friona.

Friona merchants gave \$400 in prizes to the young winners.

Judging results follow:

Swine Division: (Barrows)

Berkshire: Bob Gerles, Farwell FFA, 1st; Don Gerles 2nd and 3rd. Chester White: Jamie Tidenberg, Bovina FFA, 1st; Dwain Menefee, Friona FFA, 2nd and 3rd.

Duroc: Richard Engleking, Lazbuddie FFA, 1st; Friona FFA chapter, 2nd and 3rd.

Hampshire: Vernon Petty Friona 4-H, 1st and 2nd; Wayne Jones, Friona 4-H, 3rd.

Lightweight Poland China: Friona FFA, 1st; Billy Johnson,

Bovina 4-H, 2nd; Harris Dunn, Friona FFA, 3rd.

Heavyweight Poland China: Clyde Hays, Friona FFA, 1st and 2nd; Friona FFA 3rd.

Spotted Poland Chinas: Gene Watson, Friona FFA, 1st; Jerry Zachary, Friona FFA, 2nd and 3rd.

Cross Breed: Richard Engleking, 1st and 2nd.

Grand Champion: Bob Gerles; Reserve champion: Vernon Petty.

Open Gilts:

Duroc: Jerry Zachary, 1st; Friona FFA, 2nd; Jimmy Ivy, Lazbuddie FFA, 3rd.

Poland China: Willis Hoppin-gardner, Bovina, 1st; Gene Watson, Friona FFA, 2nd; Friona FFA, 3rd.

Jackpot: Jamie Tidenberg, Bovina FFA, 1st; Robert Ivy, 2nd; Vernon Petty 3rd.

Champion: Jerry Zachary.

FRIONA LUMBER COMPANY

"Where The Home Begins"

Rhea News

Mr. and Mrs. C. L. Calloway of Rhea, Mr. and Mrs. Robert Calloway and family, Mr. and Mrs. Paul Jones and Randy of Bovina visited in the home of Mr. and Mrs. Guy Brown and Susan Ann of Littlefield Sunday. The occasion was a birthday dinner honoring Mrs. Calloway of this community, and her brother, John Lawson of Amarillo.

Mr. and Mrs. J. D. Stevens are the proud parents of a new son born Sunday nite at Clovis.

The Harold Schlenkers and J.

R. Schlenkers of Portales were hostess to Mr. and Mrs. F. T. Schlenker, Mr. and Mrs. Carl Schlenker and family, Mrs. Elmo Dean and girls, and Mr. and Mrs. Cordie Potts and family of Rhea, Mrs. Chas. Schlenker, Phyllis Treider, and Glenn Evan Reeve of Friona, Mr. and Mrs. Melvin Feischler of Levelland. A picnic dinner was served at noon in the City Park. After dinner the children had an Easter egg hunt.

Mrs. Chas. Schlenker spent several days with her daughter Mrs. Cordie Potts this past week.

Shirley Schueler, the daughter of Mr. and Mrs. Raymond Schue-

DOLLARS GO DOWN THE DRAIN in more than two-thirds of the nation's homes. What's more, it is a needless waste. The villain in this multi-million dollar tragedy is "hard water," the invisible, colorless combination of chemicals that makes water a wasteful enemy instead of a useful friend. "Hard water" smudges glasses, leaves dirty rings around the tub, clogs and ruins pipes and plumbing. If your food tastes leathery, if your hair is lusterless and dull, chances are you live in a "hard water" area. This attractive young homemaker has found the solution and shows how much soap, in some cases up to 80%, she has saved by abolishing "hard water." The new Permutit automatic home water softener can save the average family as much as \$120 a year. Easy to operate, attractive, it's a money saving method of licking the "hard water" problem.

Easter With The Congregationalists

By Rev. George E. Meyer
The Congregationalists began the day in cooperation with the Baptists and the Methodists in the community sunrise service held in the Methodist church at 6 A. M. The pastor conducting the responsive reading and pronouncing the benediction. The group was addressed by Lavon Rogers of the Baptist church. Rev. James E. Tidwell, conducted the singing, read the scripture and gave the prayer. The Rev. Russell Pogue read a scripture lesson, prayed a prayer and introduced the speaker.

SUNRISE SERVICE

The sunrise service was followed by a breakfast held in the several churches. The breakfast for the Congregational young people was in charge of Mrs. George E. Meyer, who was ably assisted by Mesdames Pearl Kinsley, Otho Whitefield and Roose Lange. The young people were guests of the pastor and Mrs. Meyer.

The Sunday school session was a splendid one. In charge of the superintendent, Otho Whitefield. An instrumental duet played by Glenn Reeve Jr., and Dudley Bainum was a feature.

The morning worship hour found the church comfortably filled. There were four baptisms as a part of the service and three members were received into the church membership on confession of faith. The infant son of Mr. and Mrs. Dan Luttrell was baptized.

Martha Janel, Betty Caroline and James G. Jr., children of Mr. and Mrs. James G. Bragg, were baptized and received into the church membership. The local church is the church of these youngsters' grandparents and their parents.

The music by the choir was outstanding. Mrs. Dan Luttrell was the soloist of the service and she sang "as she had never sang before" was the comment on appraisal of her singing in appreciation.

"Easter Affirmations" was the sermon subject of the pastor.

Kinsley Matron Club Met Friday Afternoon

Mrs. Ed Boggess was hostess Friday afternoon for the Kinsley Past Matron club of the Order of Eastern Star.

A business session was held, followed by a study hour.

The Easter motif was carried out in the table decorations and also in the attractive luncheon plate which was served.

Present for the meeting were Mesdames Pearl Kinsley, Martha Russell, J. T. Guinn, H. F. Brewer, Charles Bainum and Bob Reifmeyer.

FIRST CLASS PASSENGER — Every ninth passenger on the British Overseas Airways now has four feet, a fin, or a beak. BOAC, whose routes span the animal countries of Asia and Africa, has carried 30,000 birds, beasts and fish during the past 18 months, and each one requires more attention than a VIP. This fennec fox, bound for the Washington, D. C. Zoo from Egypt, has just sampled BOAC's hospitality and was heard to say: "The food was great; and those hostesses! CO-LA-LA!"

ted in the home of Mr. and Mrs. Jack Nivens this week.

The Rhea Farm Bureau members have installed the new road markers. They are aluminum colored steel posts. The north and south roads are alphabet. The roads east and west are numbered.

Good Friday Community Service Well Attended

One of the outstanding features of the Holy Week other than the Easter Day services was the Community Good Friday service held in the high school auditorium Friday evening.

The worship services, "The Seven Words" was presented in scripture, hymns and special numbers by the high school choir.

The choir was under the direction of Earl Hise of the music department of the high school. Miss Joyce Miller was the pianist.

Presenting various parts of the program were H. V. Rockey, Dudley Bainum, M. C. Osborn, Jim Dixon, D. O. Robason, Darrell Robins, Glen Reeve and W. A. Tinney.

Presenting the scripture readings was Mr. Baker of the high school. Rev. George Meyer conducted the closing service.

There was good attendance at the service.

Terri Lynn Wilson Is Honored On Birthday

Little Terri Lynn Wilson, daughter of Mr. and Mrs. Elroy Wilson, was honored with a birthday dinner Sunday by her parents. It was her third birthday.

After the dinner Terri Lynn opened her gifts, then joined her little guests for an Easter Egg hunt. Home movies were shown during the afternoon.

Present for the dinner were Mr. and Mrs. R. H. Rutledge of Clovis, Mr. and Mrs. A. D. McDonald of Clovis, Mr. and Mrs. R. H. Cox and family of Texaco, Mr. and Mrs. Pat Sasser and children of Amarillo, Mr. and Mrs. Rav Singleterry of Clovis, Mrs. J. P. Wilson of Friona, Mr. and Mrs. Glen Singleterry and sons of Texaco, Mr. and Mrs. Pearl Singleterry of Texaco and Mr. and Mrs. Elroy Wilson and Terri Lynn.

Mr. and Mrs. Gene Bracken spent the week-end visitign near Lawton, Okla.

Dinner guests in the home of Mr. and Mrs. J. W. Baxter Monday were Brother Hathaway and Zoel Watson of Albuquerque, N. M.

Mr. and Mrs. Walter Labay of Plainview were visitors at the Stock Show on Friday. He is area supervisor.

SHOWS HOURS WORKED ON EVERY JOB

... with the new Ford Tractor and PROOF-METER

The great Proof-Meter—available only on the new Ford Tractor—automatically indicates the number of tractor hours worked, by an hour meter on its dial. This can help you save money and make money in a number of ways . . .

It's easy to cut the operating cost and increase the life of your tractor—when you know hours worked! You know exactly when to take care of vital servicing . . . changing oil . . . checking spark plugs . . . renewing oil filter, etc. This helps avoid costly layups! It helps keep your tractor on the job, working at its best.

Because the Proof-Meter indicates tractor hours worked it lets you keep more accurate records. You can figure costs on every tractor operation, on every crop you raise! Thus it enables you to plan intelligently to raise over-all farm profits.

5 Instruments in ONE! In addition to Hours Worked, the Proof-Meter shows you Engine Speed, Tractor Travel Speed, P.T.O. Speed, and Belt Pulley Speed. Nothing else like it.

Only the Ford Tractor has the Proof-Meter!

SEE FOR YOURSELF! Let us show you, right on your own farm, the dozens of ways in which the versatile Ford Tractor and Dearborn Farm Equipment can help you cut costs, get better results, and help make more money for you.

Jersey Sets Milk Pail Marathon

Opal Crystal Lady, a registered Jersey cow owned by Ralph E. Cope, Langlois, Ore., has just established a new milk pail marathon for the nation's dairy cows by completing her fourth consecutive lactation of over 1,000 pounds butterfat on twice daily milking. She is shown above witnessing the last weighing of her unparalleled production record. Left to right are Prof. Floyd B. Wolberg, Superintendent of Official Testing at Oregon State College; Gust

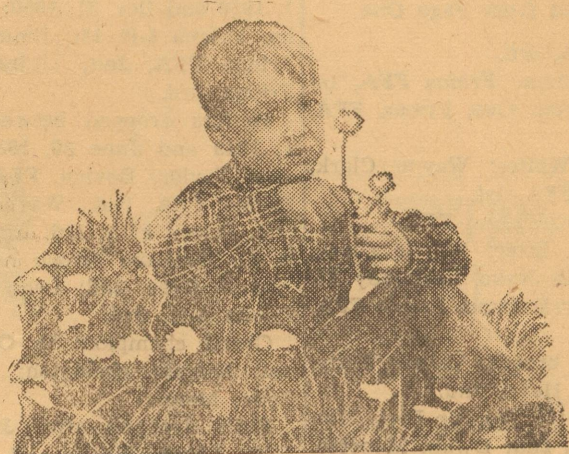

Bauer, official test supervisor from Corvallis, Ore.; and Ralph E. Cope with Opal Crystal Lady. This champion producing cow has produced well over 57 tons of milk in six lactations. Her last lactation totaled 29,278 pounds milk with 1,076 pounds butterfat. She is the only cow of any breed to produce more than 1,000 pounds butterfat during each of four consecutive lactations on twice daily milking.

**Jay Beene Entertains
With Easter Egg Hunt**

Jay Beene, son of Mr. and Mrs. O. J. Beene, entertained several of his little friends with an Easter egg hunt at his home Wednesday afternoon. After the egg hunt, home movies were shown. Favors for the children were small sand buckets and shovels.

Children present were Gib and Elana Beene, Stevan Thornton, Patti Foster, Adelle Smith, Karen Sue Osborn, Paul and Jacquyn Tidwell, Jimmy Stokes, Larry Frank Truitt of Bovina, and Edgar Ramey, of Dimmitt.

Mothers present were Mesdames Burl Beene, S. T. Thornton, Ernest Osborn, Jimmy Tidwell, Wesley Foster, Frank Truitt of Bovina, Robert Ramey of Dimmitt and Mrs. O. J. Beene.

Boys Interested in FFA Attended Show Friday

Jack Hoyd, Agricultural teacher from Trent, Texas, brought four of his FFA boys to Friona Friday to attend the Livestock Show.

Each boy spent the night with a Friona FFA boy who had stock entered in the show.

They are interested in starting a feeding program in Trent and came to study the methods used by the boys here.

Mr. and Mrs. T. F. Rodgers of Lubbock, parents of Mrs. J. T. Gee, spent Sunday night and Monday visiting in the Gee home.

Miss Ester Sorrenson of Plainview, Home Economics Area, supervisor, spent Thursday visiting with Mrs. Baker and the home economics girls, and with Gay Ann McFarland, who is president of the area FFA. She was a

dinner guest in the home of Mr. and Mrs. J. T. Gee Thursday nite.

Mr. and Mrs. Stanley Anderson and three children of Lubbock and Joe Jones of Farwell were dinner guests in the J. T. Gee home Friday.

Tim Magness who is a student at Texas Tech spent the Easter holidays with his parents, Mr. and Mrs. H. T. Magness.

Our Great America ☆ by Woody

WALNUT
IS AMERICA'S FAVORITE GUNSTOCK WOOD. ITS ABILITY TO WITHSTAND SHOCK AND STRAIN IN ALL KINDS OF WEATHER IS OUTSTANDING. IN WORLD WAR I, MOST AIRPLANE PROPELLORS WERE MADE OF WALNUT.

IT TAKES SPEED, AS WELL AS A GOOD LEAD, TO STEAL SECOND BASE. IN JUST 2 3/4 SECONDS A BASEBALL CAN LEAVE A PITCHER'S HAND, TRAVEL TO THE CATCHER AND BE THROWN BY HIM TO SECOND BASE.
