

# So You Thought It Was Hot? There's Nothing Like a Snowman for Cooling Off!

SNOWMAN IN MID-JUNE? YES, A NICE THOUGHT, ANYWAY.

No novelty when this picture was taken—but certainly out of place now is this snowman, the handiwork of Dr. Metzner, recently with the local hospital.

Temperatures equalled all-time high for mid-June in the area, with 107 degrees being recorded on most thermometers locally last Sunday. In fact, temperatures have hovered around the 100 de-

gree mark until today when cooler air moved in, with an afternoon high in the mid-nineties, and late afternoon 70 degree readings.

Clouds scurried about late today, but there is no forecast for other than widely scattered showers and little change in temperatures.

Ideal harvest weather.

## Farm Bureau Report

### Senator Andy Rogers to Address Farm Meeting at Bovina Monday Evening

Bovina Farm Bureau meets Monday night, June 23. Wilbur Charles, program chairman, says that Senator Andy Rogers will be on hand to speak, and everyone in the county is invited to attend.

Andy, in the opinion of many, has come as near to keeping faith with his constituents as anyone of the legislators. His "Rodgers Round up" reports of legislative activity and pending bills helped keep the people informed. The meeting will be at the Bovina schoolhouse.

## Personals

### ATTENDED REUNION

Mr. and Mrs. John Burrows and daughter and Mr. and Mrs. H. T. Magnus and family attended the R. O. Gibson family reunion recently held at Stamford. Ninety one relatives were present at the gathering.

Tom Gee has returned home after a week visit with his grandparents, Mr. and Mrs. T. F. Rogers of Lubbock.

Mr. and Mrs. R. L. Bates and family of Sunray visited over the week-end with her parents, Mr. and Mrs. J. M. Watson, and other relatives at Friona.

The Bill Sheehans of El Paso were visiting friends in Friona over the week-end. Mrs. Sheehan said she had renewed her contract to teach in the El Paso schools for another year.

Bill Bell returned Monday from Knoxville, Tennessee, and Greencastle, Indiana, where he has been spraying crops and pastures for army worms. He reports having seen wheat shoulder high and yielding from 80 to 100 bushels per acre. He is planning to leave Friday for Iowa.

The Ralph Rodens have bought the Miles Robbins house and moved from Littlefield last week. They expect to open their new drug store here in the near future.

Mr. and Mrs. Mack Bajnum and children left this week for a vacation trip to South Dakota. They plan to be gone about three weeks.

Texas Cotton Association has made some voluntary improvements in the dockage basis for your under and overweight bales, but not as much as most growers feel should be made. A Farm Bureau Committee is still working to find out who benefits from the dockage and then they can work on the right people.

Mr. Walter Hammond, State President of Texas Farm Bureau, presented the resolutions formulated by the district legislative committee to the proper authorities in Washington a couple of months ago. It is believed there is a good possibility of humidity control, one of the most important factors in the high plains area grazing, being incorporated in the Lubbock grading plant.

The National Cotton Congress will be held in Lubbock June 25, 26 and 27th; that's Thursday, Friday and Saturday of next week. This is the first time the congress has been in this area, and those who know say it is well worth the three days to attend and sit in on the meetings. Ezra Benson, our new Secretary of Agriculture, will speak at Tech Stadium Saturday. Maybe you would like to hear what he has to say about farmers in relation to the national economy.

Consider this: All the ways of a man are clean in his own eyes; but the Lord weigheth the spirits. Proverbs 16:2.

### Visited Research Farm

Several hundred farmers, including S. T. Thornton from this area, visited the Purina Research Farm at Gray Summit, Mo., last week and spent the following day touring the mills and research laboratories in St. Louis.

The 738-acre farm is devoted exclusively to research projects concerned with livestock and poultry nutrition and is annually visited by more than 10,000 farmers from all sections of the United States and Canada.

Mrs. A. H. Boatman left Friday for Oklahoma City to visit her son and daughter-in-law, Mr. and Mrs. Clifford Boatman, and to take her grand daughters, Linda Ann and Cynthia, home after a two weeks visit here. She returned Sunday.

## HOSPITAL NOTES

### ADMITTED

Joe Moyer, med., Friona.  
Jimmie Pierce, med., Lazbuddie.  
Mrs. Bob Mitchell, OB, Hereford.  
Mr. O. T. Patterson, med., Friona.  
Mrs. Dalton Caffey, med., Friona.  
Betty Dunnam, med., Farwell.  
Hub Moseley, med., Friona.  
Mrs. Dorothy Sheffey, med., Dimmitt.

Mr. B. T. Galloway, med., Friona.  
Mrs. G. A. Collier, Jr., OB, Friona

### DISMISSED:

Buddy Lloyd, Joe Moyer, Mrs. Dalton Caffey, Betty Dunnam, Mrs. Dillie Kelley and baby girl, Mr. O. T. Patterson, Mrs. Dorothy Sheffey, Mr. B. T. Galloway.

## STORK FEATHERS

Mr. and Mrs. Bob Mitchell of Hereford are the parents of a girl born June 13. She weighed 8 lbs., 8 oz., and has been named Lola LaVene.

A boy weighing 6 lbs., 14 oz. was born June 17 to Mr. and Mrs. G. A. Collier, Jr.

# Train Derailment West of Bovina Threw Snafu in Saturday Traffic

Railroad officials reported the accident as probably resulting from a broken wheel.

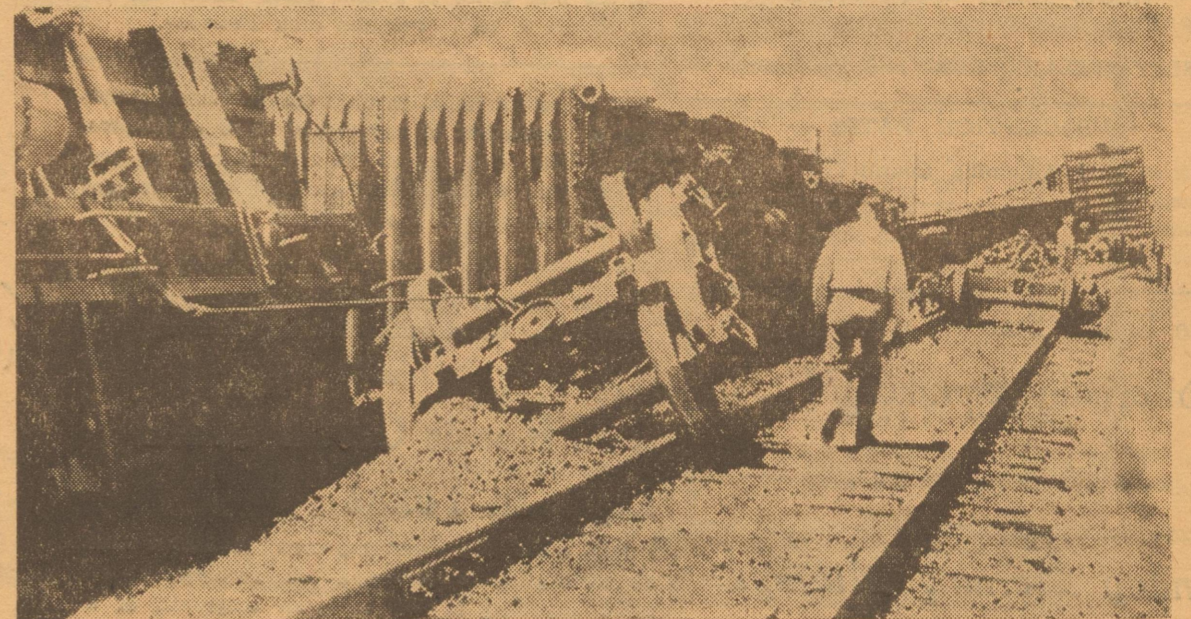

PHOTO BY DILLIE KELLEY

If you wondered why so many freight trains shuttled through Friona last Saturday, the cause could be traced to altered schedules necessitated when seven cars of a 97-car eastbound freight were derailed and wrecked shortly after 9 a.m. on that date between Bovina and Texico.

No injuries were reported by the Santa Fe officials.

Wrecking crews were dispatched from both Amarillo and Clovis, and trains resumed normal passing in only a few hours. The first run of the new El Capitan on this road was scheduled in this vicinity at the time of the wreck. This train and the Grand Canyon units had to be re-routed via Lubbock while the tracks were being cleared.

Four cars of the freight overturned, and three more were derailed. These cars were carrying potash.

# Summer Recreation Program In Operation With Park Facilities, Games Open to Public

The Friona Park Recreation Program is getting underway this week, with the first session announced for Thursday evening, according to John Parish, program director.

Thereafter, two periods of play will be conducted each day, excepting Sunday and Wednesdays when special schedules are in effect. The park will be open for supervised play at these hours:

Open Monday through Friday from 1:00 to 4:00 p.m. to children of ages 3 to 14, NO ADMISSION CHARGE.

Open each evening 6:30 to 10:30 except Wednesdays and Sundays, to all ages, admission fees to be charged as schedule below.

Open Sundays from 2 to 6, all ages, admission to be charged.

Recreation and games provided are:

- GOLF: 9 holes 15 cents; 18 holes for 25 cents.
- HORSE SHOES: Twosome 20 cents; foursome 30 cents.
- CROQUET: Couple 25 cents.
- CAR AND AIRPLANE RIDES: 10 cents per ride.
- DRINKS AND CANDY: 5 cents.
- PING PONG: Twosome, 3 games for 25 cents; foursome, 3 games for 40 cents.

Parish, with the help of civic clubs, scout organizations, etc. has been working overtime this week to have all games in readiness for the opening if possible.

The various games are located over a wide area of the park here, enabling a large group to enjoy the program without congestion in any one area. Lights have been provided for the evening and night play.

Once started, the program is scheduled to continue throughout the summer months, with possibility of new games to be added at later dates.

Everyone of the entire area is invited to make use of this playground, the only one of its type accessible outside of the largest cities of the country.

## Roy Miller Named Star Father Of The Year In Father's Day Salute

Father's Day - June 21st.

And who could argue the necessity of fathers?

In token recognition of all the fathers in the county, the Star this week has selected one father whom we believe representative of the qualities attributed to that breed, a STAR FATHER OF THE YEAR! Roy Miller, pictured here, answers to "father" for seven children, is active in local civic enterprises, school activities and in the Baptist Church, to say nothing of wrestling a living from an irrigated section of land and a Grade A dairy of 26 cows!

In saluting Mr. Miller, the Star pays tribute to all the busy fathers of the area, men who with or without fanfare or acclaim, continue from day to day in the tasks meted out to them, going further to raise a future generation of good and accomplished citizens.

Roy, 47 years of age, has been married for 23 years, and he and his wife have had 16 continuous years in watching their children through school, providing means for the older ones to go on into college where they have made their own marks of accomplishment.

Three of the children were in Texas Tech last year where Roy V. graduated in animal husbandry, excelling as a member of the dairy judging team.

Mary Lou was at the same time majoring in Home Economics, and Ross was taking an agricultural course.

Donna, Linda and Janice were in attendance at the local high school. John David was in the 3rd

ROY MILLER, STANDING IN FOR ALL FATHERS ON "FIS" DAY

grade.

Now, every one of these activity-minded Miller youngsters participated in much more than the actual classroom courses - all active in sports, some in music. Donna as head of the local Safety Council, and all enthusiastic workers in the Baptist Church. Which called for "papa" Miller and Mrs. Miller to spend practically every evening at some function with their children and they DID accompany these young folks whenever possible, tak-

ing interest in their affairs, no matter how tired after a hard day in the field. Sure, they were tired. Fathers and mothers get that way and the Millers are no exception - what with farming wheat, sorghums and cotton, doing practically all the work without hired help (2 irrigation wells to keep them hopping) plus the cows! Father has a definite place in the home, church, community and school, doesn't he? Witness: Roy Miller.

## Log Data Shown As Necessary, New Wells

Farmers who have drilled wells under permit since February 1, 1953, and who have not submitted log and registration data are urged by the county committee to do so immediately.

The committee is attempting to keep well records according to the specifications of the law to help insure against state control of underground water. If those who have not complied will do so as soon as possible, the committee will appreciate it.

Permits are temporary until the well owner has furnished the promised data, it is pointed out. Unless this data is forthcoming within a reasonable time, the water district may not feel obligated to intervene if a well location is threatened. Without drilling data on file, there is nothing to indicate that the well has been drilled.

Applications for permit expire 120 days from the date of issue. They may be extended provided

acceptable reason for delay is presented to the committee.

The Farmer County Committee consists of D. B. Ivy, Tom Caldwell, C. V. Fotts, Bruce Parr and Raymond Eiler.

### ATTENDED CONFERENCE

Twenty nine young people from the Friona Baptist Church went to Dimmitt Saturday to attend the Associational Youth Conference; they received the banner for having the largest attendance of any town present.

They also won the banner last year.

Mr. and Mrs. J. M. Watson left Thursday to attend the funeral of his uncle, Dave Warren, at Lordsburg, New Mexico. They returned Friday.

Fir 2x's and 2x's \$7.50 hundred. Friona Lumber Company.

### Monday Morning Musings

#### Misplaced Sympathy

By the time this reaches print, probably some disposition will be made of the Rosenberg case. As to be expected, every effort has been made to save this couple from the death penalty. Even a surprising number of anti-communists have pleaded their cause in the interest of "humanitarianism and pity of the children involved".

The only person who legitimately could register disapproval of the electric chair for this couple, in our way of thinking, is he or she who does not believe in capital punishment for ANY crime.

If the elements of "pity and humanitarianism" are to be foremost in making the decision, then let's first pity the entire nation that this pair sought to betray. First let's consider the millions of lives in future years that would pay the same and even supreme sacrifice of life should our way of government be overturned by cheap, ugly, barbaric communism.

We can't waste undue pity on this one family that was proved by the courts to be the very antithesis of everything American.

MMM

Who was it that said, "Imagination was given to a man to compensate him for what he is not, and a sense of humor provided to console him for what he is?"

MMM

### Now we KNOW What Government Service Costs

Looks like first class letters will be upped from 3 cents to 4 cents in the latest move to remove the deficit operation of the postal department. Not many of us like to see such increases on accepted and necessary services.

And there are those who already are heavily scoring the present administration and the postmaster general in particular. On the surface, this is the logical train of thought.

BUT . . . isn't it just another instance whereby the government is moving to pay as it goes? For several administrations we have accepted the principal of getting maximum services—maneuvering or sidetracking on the pay-off. We had lots of hand-outs for which we did not pay directly. We had multitudes of beneficial services—beneficial up to a point—the point where we paid.

So we personally cannot censor the move too much, though we regret its necessity. The sooner we know just what EVERY service of the government costs us, the sooner we will decide we can trim

### Toll Roads Given Green Light in Texas

Toll roads are something new to Texas. The recent Legislature passed a bill authorizing toll roads anywhere in the state, an outgrowth of a proposal to build such highways in the congested Ft. Worth-Dallas areas. Though many of us hate to see added expenses in transportation, the rapidity of transportation progress has brought us to a point where something had to be done—and fast, to remedy the situation of worn-out highways crowded with a greatly increased number of vehicles. And no one has come up with any workable solution other than the toll road plan.

MMM

### Fats Developed as Cheap Feed Component

Livestock feeding is another practice that has undergone phenomenal changes even during our lifetime. What with the balanced rations and the feeding methods worked out by the colleges (notably Texas A & M) the farm youth or the commercial feeder of today would hardly have been recognized only a few years back.

And now comes the disclosure that animal fats are successful as a feed component!

A popular farm publication came out this month with an article entitled "Fat is Cheap—Let's Feed It!"

The observation followed: "It's the use of non-food animal fats—such as grease and tallow—in livestock and poultry rations. This development may mean better, cheaper feeds—while possibly strengthening the market for animal fats and livestock."

The article contends that the addition of adequate quantities of these fats to animal feeds makes it possible to grow hogs to market weights in a substantially shorter period of time, and that, in the case of beef, less feed per pound of weight gain is required.

### LIE! STEAL! DRINK and SWEAR!

That was the actual motto used 50 years ago in a weekly newspaper. But under that motto was the very apt explanation:

"When you LIE, let it be down to pleasant dreams; when you STEAL, let it be away from immoral companions; when you DRINK, let it be pure water; when you SWEAR, let it be that you will support your hometown paper, pay your subscription, and have your printing done locally!"

To which many an editor could add to the chorus of "Amens".

MMM

Scared Pig!

### WASHINGTON AND "Small Business"

—By C. WILSON HARDER

In Washington it is not felt that it was by accident that a horse named Eisenhower was hitched up to pull the Royal State Coach during the Coronation. In fact, betting is even that if the event had occurred a year ago, there would have been a horse named Truman hitched to the Royal State Coach instead.

British wit is noted for being wry and dry. It is also sardonic, and thus many feel that this aspect of the ceremony was a tactful admission that the pomp and glitter presented depended upon support from the American government.

And with similar tongue in cheek tactics, the British also launched the grandiose slogan "Trade, Not Aid" in the drive to break down American tariff protection to permit the flooding of the U. S. market.

The great mystery in many circles in Washington is the effectiveness of British salesmanship in selling these ideas to many presumably intelligent Americans, aside from the American businesses with plants abroad.

But despite their ringing acclaim for the principle of "Trade, Not Aid", British leaders continue to prove that they either have no intention, nor ability to work out free trade even among their own Dominions.

Mutual Security Bulletin No. 317 contains an interesting demonstration of classic British thinking on free trade.

It seems apparent that the cornerstone of their thinking on free trade is first that someone in authority in America make

free with U. S. tax dollars.

In the bulletin referred to, MSA approved a deal whereby U. S. taxes are being used to buy \$625,000 worth of copper matte in a British Dominion, Canada. The authorization further provides that this material can only be shipped either to Norway, or to Great Britain for refining with the delivery of the refined product made to France.

Thus, Canada's copper industry profits, the United Kingdom refining industry will profit, and presumably French industry has a way of making a profit on the deal.

But significantly, the American taxpayer, who foots the bill, doesn't figure in the profit.

On the same day MSA also released authorization for another trade deal between members of the British Commonwealth.

An item of \$20,000,000 in aluminum is bought in Canada and sent to Great Britain, in a little inter-family deal, courtesy American taxpayers.

But of course, free trade between Britain and her commonwealth is flourishing today.

And with American dollars furnishing the backbone of the trade, it is easy to see why the British are enthusiastic backers of their own slogan "Trade, Not Aid."

But this big question unanswered is this: If the U. S. should abolish tariff protection so that cheap imports will close up American factories, depress American farm income, where else on the face of the earth can a group of taxpayers be found both willing and able to compensate the loss to Americans that is incurred by such free trade.

### Star Recipes

Orange Egnog To . . . 1 egg, well beaten Add . . . 1 tablespoon lemon juice, 1-2 cup orange juice, 1 tablespoon light corn syrup Mix thoroughly. Chill. Serve ice cold. Amount: 1 glass.

Banana Cake Iced Tea Milk Supper Assorted Cold Meats Scalloped Potatoes Stuffed Onions Sliced Tomatoes Bread Butter or Margarine Orange Egnog Lemon Sugar Cookies

Timely Tips 1. Shake together 2 cups of chilled milk, 2 cups orange juice, 1-4 teaspoon almond flavoring, and sugar to taste. Top with whipped cream and a dash of nutmeg. This is an excellent refresher for children.

2. Use orange juice in a variety of ways in the diet.

### Bills Passed by Legislature Listed

Governor Allan Shivers this week finished a long session of signing bills passed by the Legislature.

The governor's time limit expired Tuesday, June 16, for either signing or vetoing bills.

One to which he affixed his signature authorizes the construction of toll roads in Texas.

This was a controversial measure in the legislature, which at times seemed to prefer limiting the set-up to a Dallas-Fort Worth turnpike.

The administration, which favored making the authority statewide, finally prevailed.

Highway people hope that the toll road venture, new for Texas, will help to relieve traffic congestion.

It is widely recognized that roads are overcrowded. The governor advocated a one-cent increase in the gasoline tax to help out with the needed highway building, but the legislature settled down to a no-new-tax policy and stuck with it.

Under the toll road bill, the Dallas-Fort Worth turnpike will be the first to be constructed.

On a single day, the governor signed 89 bills, including eight designed to carry out his water conservation and drought relief program.

One of the water bills is effective immediately. It creates an anti-pollution advisory council which has the responsibility of studying pollution and working with other agencies to prevent it.

Constituting the council are the state health officer, executive secretary of the game and fish commission, chairman of the board of water engineers, chairman of the railroad commission, and the attorney general.

The other water bills, effective August 26, do these things: Cancel all water permits which have been unused for 10 years, so that they may be re-assigned; Specify in detail how public waters of the state may be appropriated.

Provide for the granting of seasonal and temporary water appropriation permits for not to exceed a year.

Give the board of water engineers more authority and empower the board to enforce its orders by legal action.

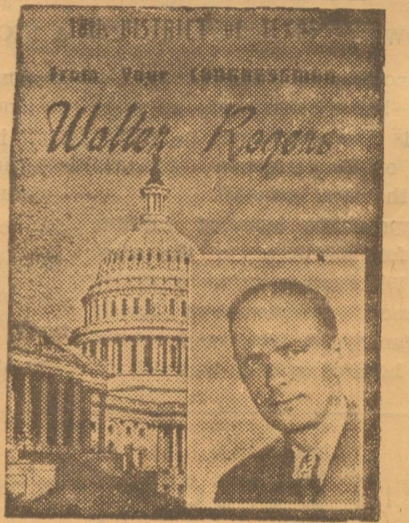

Reorganize the board of water engineers so as to give the members six-year appointive terms and provide for the services of a professional engineer who will be secretary of the board.

Require an application in writing for appropriation, storage, or diversion of public waters. Create a state water resources committee of nine members to study Texas water problems and make recommendations.

Other bills signed by the governor included the following: Providing a 40-hour work week for state employees. Authorizing persons in the armed services, their wives, husbands, or children to enroll in state colleges and pay the same fees required of Texas residents.

Re-establishing the narcotics enforcement division of the Department of Public Safety, and providing penalties up to life imprisonment for sale of narcotics to minors.

Continued on page 6

### THE RACIAL SEGREGATION QUESTION

The recent decision of the Supreme Court upholding the provisions of District of Columbia laws adopted in 1872 and 1873 banning segregation in restaurants, bars, and other eating places is being hailed in many quarters as a victory over the South equal to the surrender of Lee at Appomattox Courthouse at the end of the Civil War. These laws have been referred to as "District lost" laws, because they were passed by the District of Columbia during a short period subsequent to the Civil War when the District had law making powers. The decision has also furnished much encouragement to the proponents of "home rule" for the District of Columbia. The pressure of the anti-segregation and "home rule" advocate forces has increased daily since the Supreme Court released that decision. Needless to say, the Washington hotel and restaurant operator are deeply disturbed as to how to cope with this new problem. The law applies only to the District of Columbia and not to Virginia, which is just across the Potomac, nor to Maryland, which joins the District of Columbia on all sides. One of the best hotel dining rooms, which is in the shadow of the White House, has closed its doors. The story is going around Washington that immediately after the announcement of the Supreme Court decision, a large group of negroes requested reservations to be served in that dining room.

The Supreme Court postponed the case involving the question of segregation in the public schools in Washington. Many people not familiar with Washington think that the public schools here are non-segregated. Such is not the case; the schools are segregated and ample facilities are provided for the negroes.

Those who are seeking to abolish all forms of segregation have no doubt concluded that this recent decision of the Supreme Court is the beginning of a quick end to segregation on a nation-wide basis. In other words, they anticipate that the issue will be handled as a federal matter and that any state laws, rules or regulations will be subservient to and must bow to federal proclamation. This is centralized government, undiluted. It could well mean the end of states' rights for all purposes.

It will mean the adoption of FEPC legislation and substantially all of the so-called civil rights bills.

Continued on page 6

LONE STAR  
**Agriculture**  
Released by  
The Texas Department of Agriculture

**Texas' New Grain Warehouse Law**

Texas now has its first grain warehouse bill. And for the first time, the farmer has adequate protection for his grain and field seed held in storage by a state licensed grain warehouse.

Long needed as a protective measure for stored bulk seed, the Public Grain Warehouse bill passed during the recent 53rd legislative session. As a result, a depositor has his commodities insured against fire, theft, misappropriation, damage due to careless handling, or acts of God.

Also for the first time, the farmer may use his stored grain receipts from state licensed warehouses as negotiable security.

The bill is Texas' answer to the grain scandals which rocked the nation in late 1951 and early 1952. Briefly, it requires that each public warehouseman obtain adequate bond, secure a license of operation from the Texas Department of Agriculture, and carry sufficient insurance to cover the full value of bulk grain stored in

his bins.

Bonds are set at \$5,000 minimum and \$50,000 maximum, subject to the decision of the Commissioner of Agriculture who can raise or lower it as he deems fit for the best interests of depositors. The licenses are issued over his signature.

The law has an exception. Warehouses having a license from the Federal Government are not required to meet the state provisions. The regulations are so similar that it would make for unnecessary duplication.

The first eight licenses of operation were issued early this month to J. R. Cooper, representative from the J. C. Crouch Grain Co., headquartered at Dallas. By law, other public warehousemen will follow suit until every holder of public grain can offer the proper protection necessary to depositors.

Frequent inspections of the warehouses will be made by Texas Department of Agriculture personnel. Copies of the bill and regu-

**Championship Match In Amarillo, June 25**

Prize plum of professional wrestling for 1953—a world's championship match featuring Champion Lou Thesz and Challenger Verne Gagne—has been awarded to Promoter Dory Detton and the Amarillo Stadium. The date is Thursday night, June 25.

The outdoor match, sanctioned by the World Wrestling Alliance and the US National Wrestling Alliance, is expected to attract upwards of 12,000 spectators, a gate of approximately \$32,000—a goodly portion of which will be turned to the Shrine Crippled Children fund supported by Khiva Temple of Amarillo, with another part devoted to Boys Ranch, near Amarillo.

In the card for the June 25 wrestling feature at Amarillo Stadium are four supporting matches. In at least two of these, patrons of the art will be privileged to see some "rough and rowdy" wrestling. Thesz and Gagne are expected to remain within the rules boundaries, although either can get tough. The supporting card, to be announced later, will see some of the better wrestlers of the junior heavy-weight division in action.

Whereas most world championship matches in the heavyweight class demand prices of \$10 to \$50 per ringside chair, Promoter Detton of Amarillo has announced a top of \$3.60 for ringsides. These may be reserved by writing Dory Detton at P. O. Box 2353, Amarillo, each order to be accompanied by a stamped, self-addressed envelope. Other reserved seats will be available at the box office.

In the event of foul weather, the matches probably will be moved to the Sports Arena, inside gymnasium not far from the Stadium.

Early advance sales indicate a sell-out of ringside seats. Out of town fans, it is suggested, should use mail or telephone services to guarantee ringside or reserved seat locations.

S. T. Thornton returned from St. Louis Thursday where he spent several days as guest of the Purina Mill Company. About 500 dealers from surrounding states visited the company experimental farm while there.

Frank Sprinz and Dan Ethridge were fishing at Conchos Dam this week.

Information are available without charge by writing: John C. White, Commissioner of Agriculture, Capitol Station, Austin.

The old oaken bucket gets a dash of glamor when lovely Virginia Mayo stops for a drink at the well. The blonde MGM star wears a becoming ballerina length fashion, with a full gathered skirt of starchy white pique. National Cotton Council fashion authorities report that pique is an important fabric in this season's cruise and resort designs.

**Former Residents Visit**

Mr. and Mrs. Edgar Siber and son, Gayon, of Burkburnett were guest in the Rudolph Renner home over the week end. They also visited with other neighbors and friends.

The Sibers formerly lived in Friona but moved away about ten years ago.

Lanny Ray Brown of Wichita, Kansas is visiting his grandparents Mr. and Mrs. J. Ray Scott, and Mr. and Mrs. C. L. Lillard. His parents will come for a visit and to take him home about July 4.

Mr. and Mrs. O. J. Beene spent Sunday in Ruidoso.

Mrs. Tom Lewis was a business visitor in Amarillo Wednesday.

### NATIONAL VIEWS & NEWS

DOG DAYS came early to Hartford, Conn. this year with this family of eleven collie pups at the Children's Museum. The five-weeks old litter is owned by a Hartford engineer.

SURF TICKLES happy Florence Walker at Miami Beach as she tests the water while leaning against a log. Oh, to be a log on Miami Beach!

FLAMING GAS WELL raged for 13 hours at Pampa, Tex. until this daring Caterpillar D3 Tractor operator, S. L. McClelland, braved intense heat to build dikes which were filled with water, thus saving millions of cubic feet of natural gas.

## Saturday Night Wrestling at Hereford Will Feature Tag Match, Three Events

Wrestling Calendar, Saturday night, Hereford Bull Barn, 9 p. m.

#### Third Main Event

Tag team match, two out of three falls, one hour time limit. Dory Funk of Umbarger and Jack O'Reilly of Sydney, Australia, teamed against Roger Mackey of Salt Lake City and Billy Weidner of Denver.

#### Second Main Event

Dory Funk vs Billy Weidner, 1 fall, 20 minutes.

#### First Main Event

Roger Mackay vs Jack O'Reilly, 1 fall, 20 minutes.

More than usual excitement is afforded wrestling fans of the area Saturday evening when some of the toughest in the business will tangle at the Hereford arena. With several grudges going the rounds, Dory Funk in on most of them, Funk's appearance alone, to say nothing of the other big name wrestlers, should draw a

capacity crowd. The fearsome Jack O'Reilly is junior heavyweight champion of Australia, and his repeated matches in Amarillo and Hereford have met with wide approval of fans.

Contrary to earlier announcement, wrestling will continue to be held every Saturday night at the Hereford location, with cards assured that will be top-caliber.

Last week in a double main event found Dory Detton of Amarillo matched against O'Reilly the Aussie. Detton took the first fall in 15 minutes with a body jack knife; O'Reilly took the 2nd in 9 minutes with a reverse toe hold and face bar, and he took the last fall in 6 minutes with the same hold.

In the Funk-Mackay event, the clever Mackay took the first fall from the champion (non-title match, however) in 17 minutes with a body jack knife. Funk came back in the second fall to follow a series of knee drops to the throat with a body press to take Mackay in 5 minutes. Mackay climaxed the match after 6 minutes of the final fall with a back slide.

Admission prices are \$1.00, tax included, for adults, and 50c for children under 12 years of age. The Hereford wrestling is sponsored by the Lions Club there, with proceeds going to civic work. (Paid Advertisement)

dallas fashion center

Dallas Fashion Center Photo  
These million-dollar checks for fashion from Chalet of Dallas take little cash. The sleeveless dress and French stole are polished gingham. The dress is bound, the stole lined, with white pique. In black, brown and navy with white, the dress and stole retail for about \$17. Sizes 10 to 18.

Dallas Fashion Center Photo  
Trim for summer travel or urban living is this cotton suit from Ike Clark of Dallas. Strokes of linen brush the collars, cuffs and slit pockets on the cutaway jacket. The skirt is admirably straight and narrow. In M and W Thomas fabric, the colors are black, brown, navy and grey. Sizes 8 to 18.

## Bridal Shower Tendered Mrs. Darrell Robbins

Mrs. Darrell Robbins, nee Sue Robertson, was honoree at a miscellaneous bridal shower given at the Frionna Clubhouse Tuesday morning.

Hostesses were Mesdames Leonard Haws, Oscar Baxter, Claude Blackburn, Virgil Jordan, Bud Renner, D. O. Robason, and Bud Reed

### Birthday Calendar:

- June 19: Mary Guyer, Harris Dunn.
- June 22: Alice Lovelace, Robert Widner, Louise Euler, Donald Ray Busby.
- June 24: Pat Sissell.
- June 25: Tim Elmore, Elmo Dean Geraldine Day.
- Left out last week was John Michael Baxter, June 16.

Mr. and Mrs. John Burrows are leaving today for a vacation trip to Arkansas and Louisiana and to Clarksville, Texas, where they will visit his father, C. J. Burrows.

## Rhea News

Visiting with Mr. and Mrs. Jack Patterson and girls Monday were Mrs. Patterson's brothers and families, Mr. and Mrs. Glenn Ritchie of Bovina, and Mr. and Mrs. Frank Ritchie of Amarillo. Frank is stationed at the Amarillo Air Base.

Mr. and Mrs. Robert Scheler and family spent the week-end in Albuquerque where they inquired about a teaching job for Irene.

Mr. Herman Reinking of Secor, Illinois, visited with Mr. and Mrs. Herman Scheler and friends over the week-end. Mr. Reinking was on his way to Houston to attend a pastors' convention. He held the Sunday morning services at the Lutheran Church, and on Sunday night he talked on his experiences in Brazil where he spent 11 years.

Mr. Tjefel of Hereford visited with the Herman Schuelers Saturday morning.

Mr. and Mrs. Herman Sifford visited with Mr. and Mrs. Morris

Means and family of Bovina Monday night.

Judy Means spent a few days with Cynthia and Sandra Patterson last week.

Mrs. Nora Kroehm and girls of Indiana visited with her aunt, Mrs. Clare Sachs, over the week-end.

Billy Sifford and Florence Dean visited with Mr. and Mrs. George Trejder and girls Sunday.

Mrs. Elmo Dean, Gladys and Linda visited Mr. and Mrs. Floyd Schlenker Sunday.

Mr. and Mrs. Floyd Schlenker and Florence Dean attended the Polled Hereford sale of Orville and Kenneth Kuklmann of North Platte, Nebraska, last week. Present were representatives from ten states and Canada. The local group ate dinner with the people from Saskatchewan, Canada, and when they told they were from Texas, the Canadians said, "Oh, we know about the dust storms of Texas."

program proposed by the Truman administration and so resoundingly fought by the South. On June 3rd, Congressman Adam Clayton Powell, Jr., who refers to himself as the senior congressman of all parties from Manhattan, and the first negro congressman to be elected in modern times from the Eastern Seaboard, wired the President of the United States, in which he scored two members of the President's cabinet and Ad-Boone, Chief Medical Officer of the Veterans Administration. He demanded a decision by the President concerning a rumor that Secretary of The Navy Bob Anderson intended to maintain segregation in the Charleston, South Carolina, and Norfolk, Virginia Naval shipyards; that Oveta Culp Hobby, Secretary of Health, Education and Welfare, had issued a memorandum to the Secretary of Defense telling Mr. Wilson not to

follow a presidential directive abolishing segregated schools on Army posts; that Admiral Boone had advised the Congressman that he would not change practices in veterans' hospitals but would maintain them on a "local customs" basis. Congressman Powell requested a personal reply from the President. On June 9th, the Congressman received a letter from the President in compliance with his request, in which the President stated, and I quote: "I will carry out every pledge I have made with regard to segregation", and "I have made inquiries of the officials to whom you refer and learn that they are pursuing the purpose of eliminating segregation in federally controlled and supported institutions", and "To achieve our purpose we must plan and work together and with the victories 1 by 1, and not to be content until we have gained our goal." On June 11th, the Congressman replied to the President in most complimentary terms for the

reassurances contained in the President's letter. The Congressman also called upon the President in this last communication for executive action without waiting for any action by the legislative or judicial branches on five items: (1) Continuation and implementation of the Fair Employment Practices Commission established by Executive Order 9880. (2) Continuation and strengthening of the Committee on Government Contract Compliance. (3) A change in the naval policy of segregation in shore establishments. (4) Change of the policy of the Federal Housing and Home Finance Agency of giving aid to segregated housing. (5) That the State Department make changes in its foreign service employment policy, wherein the Congressman charges that of 6,000 employees only 50 are negroes.

To those of us who feel that the racial problems are matters that can be handled by the states and who believe fundamentally in the states' rights to handle these problems, the action of the Supreme Court and the administration is disturbing. The unceasing chipping away of states' rights by strained constructions of interstate commerce and other federal laws must inevitably result in a highly centralized government, against which so many of us have continuously fought and will continue to fight.

Mrs. Bessie Crump of Memphis has been here visiting her son and family, Mr. and Mr. Bud Crump.

It SLOUGHS OFF the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG, keratolytic fungicide, T-4-L, at any drug store. If not pleased IN ONE HOUR, your 40c back. Now at City Drug.

TEXAS HIGHLIGHTS - CONTINUED FROM PAGE 2

Giving to existing soil conservation districts the \$1 million remaining in the appropriation made two years ago to the Texas Soil Conservation Service. Many of the bills were local and routine. MORE

Going into effect August 26 will be a new auto inspection law, that is not as stringent as the one originally passed in Texas.

The annual inspection is not now required as a condition for purchase of car licenses.

Inspection is limited to lights, steering gear, brakes, horns, and windshield wipers.

Now created, as authorized by the legislature, is the Texas Commission for Alcoholism, which will continue the work begun three years ago by an unofficial committee.

The commission will plan with local agencies for clinical treatment of alcoholics.

The commission has no appropriation -- it will depend on private contributions for its support.

A railroad commission shut-down order affecting 2,400 oil wells in the Spraberry area of West Texas was ruled out by the state supreme court.

The commission's order was designed to stop flaring of gas at some of the Spraberry wells.

It was the court's opinion that while the railroad commission was to be commended for its efforts to prevent waste of gas, the commission did not have the authority to shut down all wells in the area, including those where gas was not being flared.

Designation of flooded parts of Newton and Orange Counties as disaster areas was requested of President Eisenhower by Governor Shivers.

If they are so designated, the areas will be eligible for federal aid.

In a telegram to the president, Governor Shivers said, "one of the worst floods in the history of the Sabine River has created unprecedented health hazards and caused much other damage in Newton and Orange counties.

"The town of Deweyville, Texas, has been inundated."

Attorney General John Ben Sheperd set out by plane and boat to inspect the tidelands to which Texas will regain title by act of Congress.

The attorney general is a member of the state school land board, which will administer the tidelands. The other members are the land commissioner and the governor.

SHORT SNORTS: Boys took over the capitol when the Lone Star Boys State organized with Ray Masters of Brownwood as governor and Dick Chalmers of Houston lieutenant governor. . . Attorney General Shepperd recommends that revenue from the continental shelf be utilized to raise teachers' pay. . . Austin was host to volunteer firemen of the state, and during their stay the city broke out in a rash of fires. . . State Health Officer George W. Cox predicts that the incidence of polio will be lighter this year. . . The Texas Game and Fish Commission is working out plans to have open season on doe deer in Gillespie, Mason and Kerr Counties. The purpose is to stabilize the deer population, which is now too large for the amount of available food. . . Brigadier General Gaston S. Howard of Longview retired from the National Guard and was promoted to brevet major general.

Tila Rue Day has been visiting her parents, Mr. and Mrs. Emmett Day, this week. She is returning to Amarillo Friday.

Lee Cranfill arrived home Saturday for a week visit with his parents, Mr. and Mrs. G. Cranfill, before going to Dallas where he will begin his externship at the Methodist Hospital.

Mr. and Mrs. Charlie Bainum are spending this week in Oklahoma City. Mrs. Bainum is going while there.

Steve Struve's father from Marble Falls, Texas arrived Tuesday for a visit with relatives and friends.

The Wesley Fosters were business visitors in Amarillo Monday. Martha Blankenship and Helen Carr visited friends here Sunday.

Charles Allen returned Saturday from Giorjetta, New Mexico where he had spent a week at the Baptist Encampment, taking a course in music training.

Mrs. Jimmie Baxter and children returned home this week from a visit with her parents, Mr. and Mrs. W. M. Hanks of Hobbs, N. M.

Mt. Everest Feat—Coronation

A Coronation gift to Queen Elizabeth, so rare it would be almost impossible to duplicate—the conquest of Mount Everest, world's tallest mountain peak—is finally a reality. This "Goddess Mother of the Snows" has defied man's attempts for over 30 years until the 1953 British expedition succeeded in scaling the 29,002 feet to the top. The newest and successful team consisted of 13 members, 362 porters and 20 guides. It was one of the finest equipped expeditions, carrying over 10,000 pounds of baggage, including Grape-Nuts Cereal which was carried for its low weight and high energy content. Their supplies were of the utmost importance, for at these great heights it requires tremendous physical effort to take a step.

The highest mountain peak in the world was named for the famed British Surveyor General of India, Sir George Everest, in 1841. Over 11 men have died in the various attempts to scale the mountain. The present British team started their ascent on March 10 and established several camps ranging from 18,000 feet to the last camp which was situated about 1500 feet from the top of the Himalaya giant.

Shower Given Wednesday Honoring Lunelle McFarland

A miscellaneous shower honoring Miss Lunelle McFarland, bride-elect of Hollis Horton, was given Wednesday afternoon by Mrs. Frank Spring. Assistant hostesses were Mesdames H. T. Magness, Steve Struve, Ralph Miller, Dan Ethridge, Leo McLellan, Betty Rector, J. T. Gee and Wesley Foster.

The bride elect's chosen colors of yellow and white were used throughout the entertaining rooms in the floral arrangements of white daisies and yellow gladiola. An arrangement of yellow rose buds was placed in the gift display room and Gardenias were on the guest register table.

Centering the serving table was a large white wedding bell pierced with daisies and gladiola and beneath the bell stood a miniature bridal couple. Yellow tapers were used.

Mrs. Sloan Osborn, Mrs. Claude Osborn and Mrs. Roy Clements presided at the serving table. Guests were registered by Misses Gay Ann and Doris McFarland.

Piano selections were presented throughout the calling hours by Misses Joyce Miller, Sally Osborn and Denise Magness.

Approximately sixty guests called.

A-3c JIMMIE GORE

Jimmie Gore Attending Sheppard Air School

A-3c Jimmie R. Gore, 19, son of Mr. and Mrs. R. N. Gore of Friona, has entered the Airplane and Engine Mechanic's School at Sheppard Air Force Base, the home of the largest technical school of this type in the world.

Airman Gore entered the Air Force on March 5 of this year.

During his specialized training at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and basic skills required in servicing, inspecting and maintaining aircraft currently used by the U. S. Air Force.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic. Along with the majority of graduates in his class, he will enter a course for advanced training or will be assigned to one of the major Air Force commands for on-the-job experience with first line operational aircraft after completion of his schooling at Sheppard.

Miss Lunelle McFarland Feted at Club Luncheon

A luncheon was given at the Amarillo Country Club on Tuesday for Miss Lunelle McFarland, bride-elect of Hollis Horton.

Hostesses for the occasion were Miss Polly Martin and her mother, of Amarillo. Miss Martin was a sorority sister of Miss McFarland at SMU.

Guests present were Misses Gay Ann McFarland, Doris McFarland, Joyce Miller and Mesdames Granville McFarland, Dan Ethridge, Frank Spring, J. T. Gee and Tim Magness.

Maurers Took Honors At Bridge Club Meeting

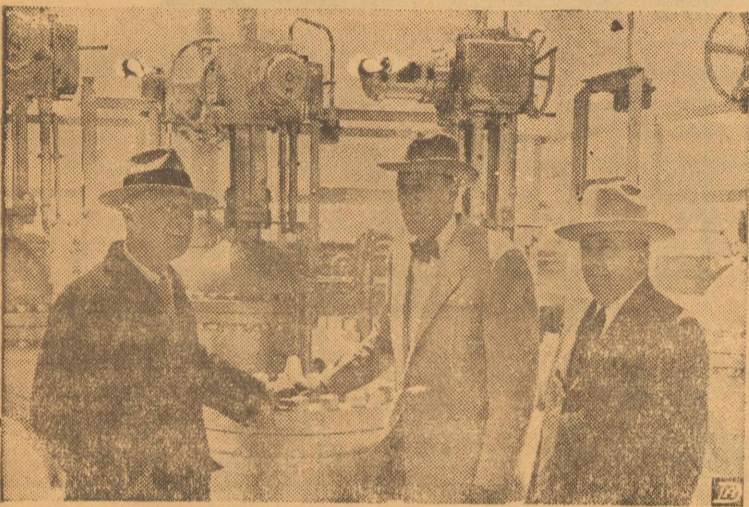

Twenty members of the Couples Bridge Club were present Monday evening at the regular monthly session at the Friona Clubhouse.

Mr. and Mrs. Carl Maurer won high score prize, and Mrs. Weidon Dickson took the bingo award.

Refreshments of frosted Cokes and cookies were served the group by Mrs. Tom Lewis, Mr. and Mrs. Jack Knox and Mr. and Mrs. H. K. Kendrick.
