

FRIONA SCHOOL NEWSLETTER

Dear Uncle Bert:

I will take time out for a letter although I should be studying for that six-weeks test next period.

Column Left . . .

Don't forget the Community Thanksgiving Service Thursday morning at the school auditorium.

—CL—

A look through this issue should prove beyond doubt that the Friona merchants are going all out to make Christmas buying worthwhile in Friona.

—CL—

Our thanks (in a personal word) to the Star staff for the extra hours and effort put in to enable your receipt of this issue before the Thanksgiving holidays. Mr. Masters, Tom Jasper, Mrs. CL and the family all come in for their share of the credit.

—CL—

Added to the merchants offering special give-aways and Christmas shopping inducements are the Bi-Wize Drug and Allen's Jewelry. Allen's is giving merchandise items of approximately \$20 value each Saturday commencing next week, rather than the usual one gift just before Christmas. Ralph Roden has announced a contest, employing use of votes with every purchase, to provide some seven or more fine prizes for children. Both these firms explain their plans in detail in advertisements elsewhere in this issue.

—CL—

The Senior Class made about \$100 at their Turkey Shoot held Saturday afternoon in the Reeve pasture west of town. Nick Dudley was the first to get a target shot and a turkey.

—CL—

LOST: Red plastic billfold on Main street in Friona Saturday. Return to Mrs. Glenn Mings.

Mr. and Mrs. John Smith and family of Amarillo spent Sunday with his father, Ray Smith, and his brother, David.

HOSPITAL NOTES

Admitted

Mrs. Bertie Stowers, Med., Friona.
Mrs. Lupe Vera, OB, Friona.
Teresa Quicel, Tonsil, Farwell.
Mrs. Troy Fulton, Med., Friona.
Mrs. Gladys Justice, Med., Hereford.
Mr. Kenneth Keith, Friona.
Pete Guinn, Med., Friona.
Mrs. Herman Estes, Med., Bovina.
James Weatherley, Med., Friona.
Mrs. James Welch, Med., Hereford.
Given Welch, Med., Hereford.
Roger Baxter, Med., Friona.
Manuel Martinez, Med., Friona.
Mrs. Arthur Talley, Med., Muleshoe.
Mrs. Buddy Fallwell, OB, Friona.
Mrs. G. J. Baird, Med., Bovina.
Tilden Slagle, Med., Friona.
Karen Trieder, Tonsil, Friona.
J. R. Caldwell, Med., Bovina.
Deborah Hawkins, Med., Bovina.
Bonnie Jean Stowers, Med., Friona.
Leon Sudderth, Med., Farwell.

Dismissed

Fredrick Nabeack, Mrs. Bob Jones, Teresa Quicel, Mrs. Gladys Justice, Mrs. W. H. Long and baby boy, Mrs. Bertie Stowers, Jane Bell, Mrs. Lupe Vera and baby boy, Mrs. Troy Fulton, Mrs. Kenneth Keith, Mrs. Herman Estes, James Weatherley, Mrs. James Welch, Given Welch, Pete Guinn, Leon Sudderth, Mrs. Arthur Talley.

iod. But the campus has a thousand items of interest that are too tempting to overlook.

Our Student Faculty Congress is really becoming well established. The school had an assembly last Thursday to install the officers of the S. F. C. The Canyon Student Faculty Congress was here to perform the installation services. Mr. Miller, the Canyon principal, (you probably remember him), came with the officers. Arlen Ruthart, the president; Ken Kuykendall, the vice-president; Sue Keeling, Lonnie Davis, Peggy Sheets, Betty Glanton, Norris Samuelson, Charlotte Crain, Tom Wilbanks, Edward Hinders, Rose Barron, Lynn Atkinson, Marcus Robinson, and Florence Clement were the Canyon Student Council Officers.

Mr. Kelley gave the introduction. Then we gave the pledge of allegiance to the flag. Uncle Bert, you should have seen everyone as they stood with their hands over their hearts and a solemn look on their faces, as they faced the symbol of our nation. The installing officer, Arlen Ruthart, congratulated Virgil Phipps and Paul Coker on the fact that they were chosen by the F. H. S. students to serve them as president and vice-president. After the oath of office was taken, Mr. Miller spoke on Student Council work. The school song was then sung.

The Junior Play is ready for presentation and will probably be given by the time you read this. The Junior Play cast does not have all work and no play because they had a wonderful time at the Gee's last Monday night. Mrs. Gee served refreshments to them and from what I heard, quite a lot was consumed.

Mr. Cook, Mr. Kelley and Mr. Caffey are going to Springlake this week to select All-District football players. This is an eagerly awaited happening and everyone is wondering how it will come out.

The Freshmen are to have an assembly Wednesday. Those lower classmen are good at these things because they have a lot of talent in their class.

The Thanksgiving holidays are here again and you won't hear anyone griping around the campus. For four days we will be blissfully eating turkey, dressing, cranberries and all kinds of spicy goodies, with no worries of school.

The football banquet was the main event of this week. The Chieftain Mothers did a wonderful job in preparing it. Virgil Phipps was the Master of Ceremonies; Teddy Fangman gave the response; Mrs. D. O. Robason gave the welcome; Mr. Cook held the Pow Wow.

Mr. Burnett thanked the Chieftain Mothers for the preparation and delicious meal of turkey and dressing. It was a very colorful event with the variety-colored new dresses the girls wore and the different corsages.

Next Friday night, the boys and girls will go to Dimmitt to play basketball. I certainly hope they win. Wouldn't it be nice if we could get All-District Championship?

Mrs. McClean is in the hospital this week. She is our English teacher and has such a sweet smile that when she is gone she is missed sincerely. I certainly hope that it isn't anything serious and that she will be back soon.

I just got word that Virgil Phipps and Teddy Fangman were selected as All-District football players! This is quite an honor and FHS will really be proud when they find out about this.

Well, there goes the bell, and Mr. Kelley probably gets tired of writing excuses for people who are late to class, so I will stop. Oh, how I hope that I will pass that test next period. Did you ever have to worry about Six-Weeks tests when you went to school, Uncle Bert? Do you think that maybe you could put in your paper some arguments against this tiring custom?

Hopefully,
Your loving niece, Big Minnie

Serving the Gateway to the Irrigation Belt and the Greater Diversified Farming Section of Texas

THE FRIONA STAR

Vol. 30—No. 17

FRIONA, TEXAS, THURSDAY, NOVEMBER 26 1953

Price 5 Cents

Another Person Made Happy

On the spot photo of Television Set Winner Number 2! Mrs. John Hand, living southeast of Friona on the Dimmitt highway, was the lucky recipient Saturday of the second TV set given in as many weeks in the 'Good Will Days' program of the Friona Chamber of Commerce and Agriculture—your Friendly Friona merchants.

Rector Funeral Held on Friday

Funeral services were held Friday afternoon for Francis Newman Rector, 33, in the First Methodist Church in Friona. Rector died Wednesday night in the Parmer County Hospital. He was born July 24, 1920, in Channey, Okla., and moved to Parmer County in 1935.

Survivors include a daughter, Linda Louise, 6; his parents, Mr. and Mrs. Foister Rector; two brothers, Lloyd and Floyd of Friona; and two sisters, Mrs. Naomi Oldham of Friona and Clara May of Hereford.

Pallbearers were: D. C. Herrington, Raymond White, C. L. Vestal, Gene Anthony, Kenyth Cass and Hugh Mosley.

Burial was in the Friona Cemetery under the direction of Gilliland Funeral Home.

SUFFERS HEART ATTACK

Edward Massie was taken to the local hospital last week suffering from a severe heart attack. According to hospital reports Tuesday morning, he was resting well.

Roy Lee Jones and Clifford Crow and children of Fayetteville, Arkansas, have been visiting relatives and friends here.

Madrigal Singers Will Appear Here Tuesday

Members of all local civic clubs, the high school chorus groups from Friona, Bovina and Farwell and the Black and Bovina Study Clubs have been invited to attend a program by the Tech Madrigal Singers of Lubbock, sponsored by the Modern Study Club of Friona.

The program will be presented Tuesday night, Dec. 1 in the Friona Baptist Church at 8 o'clock and everyone interested in music is invited to attend.

Includes Several Groups

On the program will be numbers by the Tech Madrigal Singers, two quartets, the Harmo Knights and the Harmo-dears, and by Robert Elson, instructor of voice.

Members of the Madrigal Sing

The winning ticket held by Mrs. Hand was issued by the Parmer County Implement Company, and entitled her to carry home a 21-inch Philco.

Two tickets were drawn Saturday, the first issued by White Auto Store was not claimed, so someone just missed a mighty award by not being present. Might be a good idea for most all of us to attend these give-aways—YOU might be a winner!

Shown in the above picture with Mrs. Hand are Weldon Dickson and O. F. Lange who conducted the award with the help of Dan Ethridge. Lange explained the series of give-aways over the loud speaking system and called the winning numbers drawn from the cage by Jean Taylor, small daughter of Mr. and Mrs. Ralph Taylor.

This Saturday will feature the awarding of a beautiful blonde (read further) Arvin Console model TV set, from the stock at the White Auto Store and now on display at that firm. Charlie and Billy Turner are most enthusiastic about the set and the "Good Will Days" program and join in urging attendance at this weekly fun-fest in Friona.

Remember — it's every Saturday until Christmas—a free TV set from the lines carried right here in Friona by some Friona merchant.

Henry Lloyd Died Saturday, Friona

Funeral services for Henry T. Lloyd, 69, were held Saturday afternoon at 3 o'clock in the Friona Methodist Church with Rev. C. M. Fields, pastor of the Baptist Church and Rev. R. W. Wilburn of the Pentecostal Church.

Mr. Lloyd died Friday afternoon after an illness of several weeks.

Lloyd was born February 19, 1884 in Hill County. He married Mrs. Edna Smith in Alvarado in 1922 and moved to Parmer County in 1928. He had lived in Friona since 1935.

Survivors include his wife, two step-sons, Odom Smith of Farwell and Bill Smith, of Dimmitt; two daughters, Opal Lloyd and Eva Brandt, both of Friona; three brothers, Will of Friona, John of Alvarado and Tom of Bovina, and two sisters, Mrs. D. H. Wilkerson and Mrs. Ed Free of Bovina.

Burial was in the Friona Cemetery with services under the direction of Gilliland Funeral Home.

Cotton Harvest Hits Stride Here

Crop harvesting conditions have been good this week in Parmer County, with clear, dry days allowing fullscale operations.

Most activity probably is in the cotton, with estimate of only 20 per cent having been picked, and some 90 per cent opened.

The North Plains Gin at Friona had ginned 2410 bales late Tuesday, with some 185 waiting on the yard. Gin crews are working around the clock.

No shortage of workers has been reported for the pulling, still going at \$1.75. Elevators throughout the county are full of grain in that harvest is practically completed.

Phipps and Fangman On All-District Team

The executive committee of the 3B football district met in Springlake Monday night for the purpose of selecting the all-

district football team, and to draw up the football schedule for the 1953-54 season.

The following players were on the first team: ends—Leslie Kulse, Whitharral, and Jack William, Petersburg; tackles—Virgil Phipps, Friona, and Sam Mayo, Petersburg; guards—James Norton, Farwell, and Lethel Jones, Whitharral; center—Teddy Fangman, Friona; backs—Darrell Reed, Bovina; Gustin, Petersburg; Jerry Gage, Whitharral; Gene Hartage, Farwell.

Second team: Ends—Norman Taylor, Bovina and Don Brazil, Anton; guards—Jerry Owens, Farwell, and Dale Berggren, Bovina; tackles—Charles Demy, Whitharral and Jack Reed, Anton; backs—Jack Young, Petersburg; Buddy Spears, Anton; Verlie Throckmorton, Whitharral; Ed Thompson, Petersburg.

The schools placed in district 3-B are: Farwell, Bovina, Anton, Plains and Whitharral. Superintendent Chester Borders of Whitharral was elected chairman of the 3-B football district.

Friona will be in football district 2-A for the school year 1953-1954. Also in this district will be Springlake, Sudan, Amherst, Kress, Dimmitt and Happy.

Rep. Osborn Spoke At Hospital Meet

Jess Osborn of Muleshoe was guest speaker at the annual hospital board meeting held Thursday night in the American Legion Hall. Osborn outlined some of the aspects of legislation and explained how bills are passed in the legislature.

A. W. Anthony, Jr., and Floyd Schlenker were re-elected as trustees.

A financial statement, prepared and presented by Frank Sharman of Tulia, reported the local hospital to be in good shape financially.

Refreshments were served to approximately forty people in attendance.

Weather

Little change in temperature is forecast for the region during Thanksgiving, with daytime temperatures reaching the mid 60s and above, and night time lows around 35 degrees.

Hard freezes were the rule over the weekend, with temperatures falling to 17 degrees in the vicinity. Very light snow and sleet fell, but brought no added moisture of consequence.

Farm Bureau Report

CROP—(Christian Rural Overseas Program)—is again underway in Parmer County. Monday morning Wilbur Charles met with ministers and farm leaders in Friona, Farwell and Bovina to organize locally. The goal is one carload of maize and as much cotton and cash as can be collected. The destination of the contributions is Korea, where hundreds of thousands are hungry. The ship, bearing the needed products, sails about December 22. This is a program that is endorsed by just about every church group in America. Two years ago, under the leadership of Charles, a car of mulo was shipped from Parmer County. Last year, it was completely bypassed. So this year we hope everyone will participate. "But whose hath this worlds goods, and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in Him?" I John 3:17. We're sure you will all want to give to this cause.

Deaf Smith County Farm Bureau has a 15-minute program on KPAN every Saturday at 12:45. Hereford Grain Company sponsors the program conducted by service agent Maurice Howell. We have had the pleasure of assisting in the program twice, including last Saturday. Listen to this program for general information regarding Farm Bureau activities.

We don't know whether they're buying new hats or not, but the ladies are flowing in the office to redeem their husbands road use tax from tractor gas. Join them.

American Farm Bureau officials met with senators and congressmen in Dallas last week and agreed on presenting the request for 21,500,000 acres of cotton instead of the presently proposed 17,500,000. It looks very much like the legislature will make this adjustment in allotments.

"I don't need to tell you that anyone who seeks to damage a voluntary organization of farmers and ranchers is not a friend of agriculture," said J. Walter Hammond, TFB president in his annual address to delegates in

Mineral Wells for the convention. The point is, that those actually interested in assisting farmers, and not exploiting them, should consider making their recommendations through the organization, not in spite of it.

We have heard some criticism of a resolution commending the Secretary of Agriculture for work done in investigating the spread between prices of cattle on the hoof and at the market. One delegate rose and insisted that the word "Commend" be stricken and "condemn" inserted. The vote, when taken, however, favored commend by an overwhelming majority, and it reads that way because Farm Bureau is democratic in fact and in action; the majority rules.

Attending the Mineral Wells Convention were President A. J. Ellison, who also served on the State Resolutions Committee the previous week, T. L. Kent, Mr. and Mrs. L. F. Burns, Mr. and Mrs. Claude Miller and Ralph Smith, directors; O. B. Moyer, delegate member, and Raymond Euler, Service Representative.

Rhea Farm Bureau met Friday Nov. 6th, and elected Raymond Schueler as president, succeeded by Charlie Calaway; Paul Koeltzow, vice president, and Florence Sifford as secretary. Mr. and Mrs. Floyd Schlenker and Mr. and Mrs. Walter Schueler served refreshments.

We're glad to see some of the ladies walking in to file for gas tax refunds while their husbands are busy. If you're a wife, don't miss this opportunity to get mon-dars road use tax from tractor gas. Join them.

Incidentally, if you would like to see more of Texan's ideas incorporated in the American Farm Bureau resolutions, join, of get your neighbors to join. We have a possibility of 300,000 members—more potential than any other state. Members mean votes; Please note that several Parmer County resolutions are incorporated in the State Resolutions.

CONSIDER THIS: He that justifieth the wicked, and he that condemneth the just, even they both are abomination to the Lord. Prov. 17:15.

Random Thanksgiving Thoughts

Thanksgiving is so American, so right, and so real.

Looking back over the files of this newspaper we find that one year the Thanksgiving thoughts were penned as heavy snow fell outside, another year saw a clear, cold day at some 17 degree temperature; another year found people oblivious of the weather as they grouped around their radios listening to the latest from the war fronts, hoping for some ray of hope to bring Thanksgiving news from sons and brothers far away.

The significant point is that the Thanksgiving spirit is eternal, so unaffected by external conditions.

Actually every prominent American holiday is a type of Thanksgiving—whether Armistice Day, the 4th of July or Christmas. Everyone of these would be meaningless without an humble heartfelt spirit of thankfulness.

Of course Christmas and Thanksgiving head the list for their religious significance throughout Christendom. And with the Yule season becoming so commercialized, we believe we should receive little censor when we place Thanksgiving right along with Christmas as a most holy occasion.

This holiday presents a golden opportunity for parents to impress upon the family circle, especially the little children, the true means of unselfish living and the appreciation for every benefit with which we in America are so richly endowed. We like to hear of the community Thanksgiving services, led by the ecclesiastical representatives, with the participation of entire towns and villages. There could be no better inauguration of the Christmas holiday time than the Thanksgiving service for all and the Thanksgiving spirit within the individual hearts of the nation.

A future of the world, nation, state, community or the individual can look so much more sim-

ple and bright when the right attitude of appreciation is present. Communism, anti-Christ movements, paganism — all can gain little momentum among thinking peoples who carry in their hearts a spirit of humble thanksgiving.

Surely each of us can take a few minutes out to think of nothing except our blessings, and we do have many, in our home, in our business, and in our privileges of freedom.

May Thanksgiving be with us, in truth and in spirit, throughout the ages.

The Local Story:

A few facts noted for the benefit of those who think we harp too much on safety:

Four serious wrecks occurred in this locality last week—and in each a driver was charged with some breach of driving conduct, courtesy and law.

Thousands of dollars damage was caused in these wrecks, to say nothing of bodily injuries and the inconveniences. Four drivers paid fines totaling \$102.00 (including court costs).

- And look at the charged offenses:
- Illegal left hand turn, also cutting a corner, causing a wreck.
 - Overtaking and passing at an intersection, causing a wreck.
 - Making a left hand turn without doing so in safety, causing a wreck.
 - Ignoring a stop sign, causing a wreck.

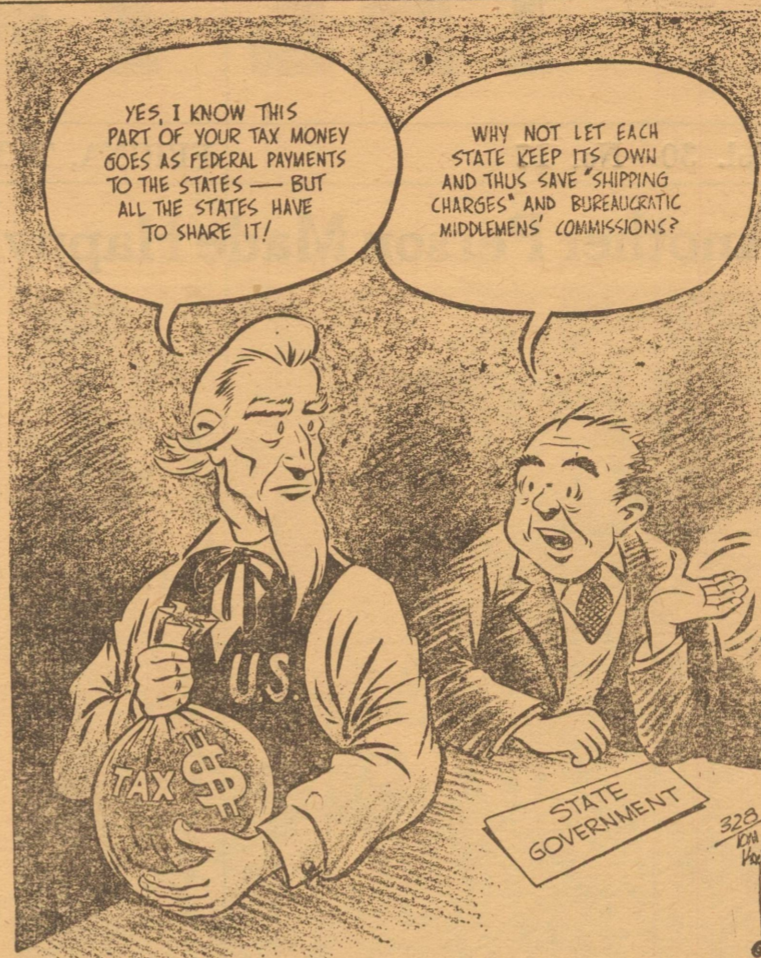

Sound foolish, don't they? So un-called-for. AND these are not all the offenses listed on the local court docket, rather just a representative list.

THE AMERICAN WAY

Makes Sense

Award Texas 4-H'ers Chicago Trips

Bernardine Hoelscher Bondell Jaster Murray Milner, Jr. Janell Meyer

COVETED all-expense trips to the 32nd National 4-H Club Congress in Chicago have gone to four Lone Star State club members who have distinguished themselves in the 1953 National 4-H Canning, Farm and Home Electric, Food Preparation, and Girls' Record programs. Summaries of achievements of the state winners follow:

State honors in the 4-H Canning program for 1953 in Texas were awarded to Bernardine Hoelscher, 18, Robstown, who put up 4,927 quarts of vegetables, fruits and meats in her ten years in club work. Much of the food preserved was grown in her own 4-H garden. Kerr Glass provided her all-expense trip to the Congress. Bernardine has been active in 4-H work in many phases, but she is especially proud of her achievements in the home canning field. Through instructions at the 4-H Club under the guidance of her leader, Mrs. Paul Wendland, she has learned the newest and most efficient methods of canning. Bernardine has her own garden and says that her canning project helps her to plan it.

Her all-around outstanding record in home economics has brought a high honor to Bondell Jaster, 16, Chilton. She has been named state winner in the 1953 4-H Girls' Record program. Her reward of a trip to the National 4-H Club Congress was provided by Montgomery Ward. During her seven years in 4-H Club work, she has received many honors in county Dress Revues, attaining first place in 1953. She received the County Electric Medal in 1952 and was, also, County Gold Star Girl that year. Bondell has eight demonstrations to her credit before a total attendance of 186. Her mother and father, Mr. and Mrs. H. M. Jaster, have encouraged her in all her 4-H work. Her mother was a 4-H member and it had always been Bondell's dream to follow in her mother's footsteps. She has

All these programs are conducted under the direction of the Cooperative Extension Service.

served as junior leader, Council delegate, recreation leader and program chairman for her club.

Noteworthy efforts in the 4-H Farm and Home Electric program have gathered State laurels and an all-expense trip to the National 4-H Club Congress in Chicago for Murray Milner, Jr., 17, of Brownwood, provided by the Westinghouse Educational Foundation. During three years in the project he has utilized electricity and electrical equipment, which has meant greater productivity on the farm. Murray built two electrical brooders, two portable motors, six trouble lamps, and one electric stock fan, as well as repaired 70 irons, 20 fans, 6 mixers, 30 lamps, 15 motors and 20 lights. He installed 75 plugs, 50 switches, 50 fixtures, 10 floodlights and 50 air conditioners. He gave an electrical demonstration at District 8 4-H Club camp in 1951, and directed a group through the power plant of the Texas Power and Light Co.

Planning, selecting and preparing nourishing foods has been a challenge to Janell Meyer, 19, Cuero, during her nine years in 4-H Club work. Due to her outstanding record, she has been named state winner in the 4-H Food Preparation program. The trip award was provided by Kelvinator.

Janell has cooked and served 5,064 meals and prepared 1,545 dishes. In addition, she has canned 2,240 quarts of foods, and frozen 1,020 fryers.

WASHINGTON AND

"Small Business"

—By C. WILSON HARDER

Some odious comparisons are being made in Washington, with the question asked "When is a surplus not a surplus, and who can afford a surplus and who cannot afford one?"

While farm surpluses are plaguing the nation, and farm prices fall because of these surpluses, there is also found to be a big surplus of petroleum. But to meet the situation, although it is done under the name of conservation, domestic petroleum production is curtailed by law, but foreign oil continues to pour into nation.

Curtailment of domestic production is just another way of saying the independent oil producers are cut back on the amount they can produce, although at the same time domestic holdings of the majors are also cut back. But majors continue to operate foreign holdings at high production rate.

Yet while a surplus of domestic food production brings farm prices down rapidly, the flooding of the U. S. market with a surplus of imported petroleum seemingly has no effect on the gasoline price.

For reasons as yet unknown, official Washington has always trod softly when major oil is concerned. Anti-trust action based on the report of the FTC that a worldwide oil cartel is being promoted by certain major U. S. oil companies appears to lag.

There are all kinds of excuses floating around Washington why major oil is given the soft treatment.

One is that major oil, by investments abroad, is building goodwill for the U. S., thus combatting Communism spread.

Yet it appears this idea is not shared by the 15,000 native workers of Aramco, the Arabian-American Oil Co.

They seek an increase in their \$42 per month wage.

Two points were immediately made in opposition to this request. One was that the leaders of the native workers have been educated. The other point is that the demand for more wages must be Communist inspired.

Thus it could be inferred major oil's viewpoint on foreign relations is that if natives become educated, and seek more money it must be Communism.

But to many it now appears that the old saying should be changed to "It's an ill wind that blows nobody any good".

First of all, importation of cheaply produced foreign oil is not helping the independent domestic producer, either in the operation of present properties, or to encourage searching for new oil fields in America.

Neither does consumer benefit by cheaply produced foreign oil, as gas prices remain same.

And apparently the policy of producing oil in foreign land is not promoting world wide tranquility and harmony.

In addition, importation of cheap residual fuel oil for use as fuel is distressing U. S. coal industry.

The situation poses a question. What happens to U. S. if all tariffs are scrapped?

Star Recipes

RECIPE OF THE WEEK

Turkey Of Course!

Start with a ready-to-cook turkey. Salt inside of turkey. Fill body and neck cavities loosely with stuffing. Stuffing swells as it cooks, thus needs room to expand. Fold neck skin toward back and fasten with skewer or a few stitches. For stitching use clean white wrapping cord and large needle. Tuck legs under band of skin at tail or tie down. To do this wrap cord around legs and under tail. This will hold legs close to the body. Fold the wing tips back on the wings. This will help to hold the neck skin in place. Grease skin of turkey with melted or softened fat. Place preheated oven set at proper temperature indicated on time table. Baste with fat from bottom of pan during baking, and turn from one side of the breast to the other, then breast up. Or cover the top and side of the bird with a loosely woven cloth which has been moistened in fat. Moistened cloth with fat from bottom of pan if cloth dries during cooking.

Time Table for Roasting

Whole Birds		
Weight—Lbs.	Oven Temperature	Time Hrs.
5-7	321	2 1/2-3
8-11	300	3 1/2-4 1/2
12-15	275	4-5
16-20	250-275	6 1/2-7 1/2
21-25	250	8-9

Bread Stuffing

- 1 cup fat
- 1 cup chopped onion
- 4 cups chopped celery
- 9 cups cornbread crumbs
- 7 cups bread cubes
- 1 tsp. salt
- 1/2 tsp. pepper
- 2 tps. poultry seasoning
- 1 1/2 to 2 cups broth, milk, or water
- 4 eggs, raw or hard cooked

Use two to four day old light bread cubes, or dry out bread in oven. Cut into cubes. Cook onion and celery in fat over low heat until onion is soft but not browned, stirring occasionally. Meanwhile, blend seasonings with bread cubes. Add the onion, celery and fat. Pour liquid and beaten egg (if used raw) gradually over the surface, stirring lightly. Add more seasonings as desired. Stuffing for a 14-18 pound turkey.

- ### Variations
1. The proportion of cornbread and light bread may be varied to suit taste. Light bread and biscuit may be combined.
 2. Giblet stuffing: Simmer giblet or cornbread and biscuit may let until tender. Chop and brown in the fat before adding onion and celery.
 3. Parsley stuffing: Add 1/2 cup finely chopped parsley to bread with seasonings.
 4. Oyster stuffing: Cook 1 to 2 pints of oysters in the oyster liquid until edges curl. Add to bread with seasonings. Include oyster liquid as part of liquid in stuffing. Chop oysters if they are large.
 5. Pecan stuffing: Add 2 cups pecans to bread and seasoning.

Giblet Gravy

- 3 tbsps. pan drippings
- 3 tbsps. flour
- 2 cups water, broth or milk
- Salt and pepper
- Chopped giblets
- Sliced hard cooked eggs, if desired.

Cover giblets with water and simmer in a covered saucepan until tender. Drain the giblets and chop. Pour the pan drippings into a bowl leaving the brown residue in the roasting pan. Let the fat rise to the top and skim off. The meat juice under the fat should be used as part of the liquid. Place 3 tablespoons of the fat back in the roasting pan. Add flour and blend well. If desired, brown the fat and flour slightly to give additional color and flavor. Add liquid all at once. Cook stirring constantly until uniformly thickened. Season to taste. Add chopped giblets and sliced hard cooked eggs.

LET'S EAT THIS FOR ONE DAY

- #### Breakfast
- Grapefruit Halves
 - Bacon
 - Toast—Jelly
 - Milk

Exclusive Showing of Chevrolet Trucks Draws Enthusiasm of Local Dealers

Glenn Reeve and Cayce Dunn of the Reeve Chevrolet firm in Friona are most enthusiastic about the new 1954 Chevrolet trucks revealed at a private preview which they attended last week in Oklahoma City.

The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area and emphasized the importance Chevrolet is attaching to its soon-to-be-announced new truck line.

"The meeting was somewhat without precedent in our experience because it was devoted exclusively to new truck models," said Reeve. "The reason soon became clear. The 1954 line contains so many new features that even a review of highspots required considerable time.

"Not only will Chevrolet have more to offer the truck user in 1954, but it will expand the forces behind its selling. Included is an expanded advertising program."

Reeve said he plans to arrange a special showing of the new line in his dealership when the trucks become available for display later this month. It is one of the few times in history that Chevrolet has exhibited new trucks apart from new passenger car models.

Hunters Cooperation Asked, Quail Season

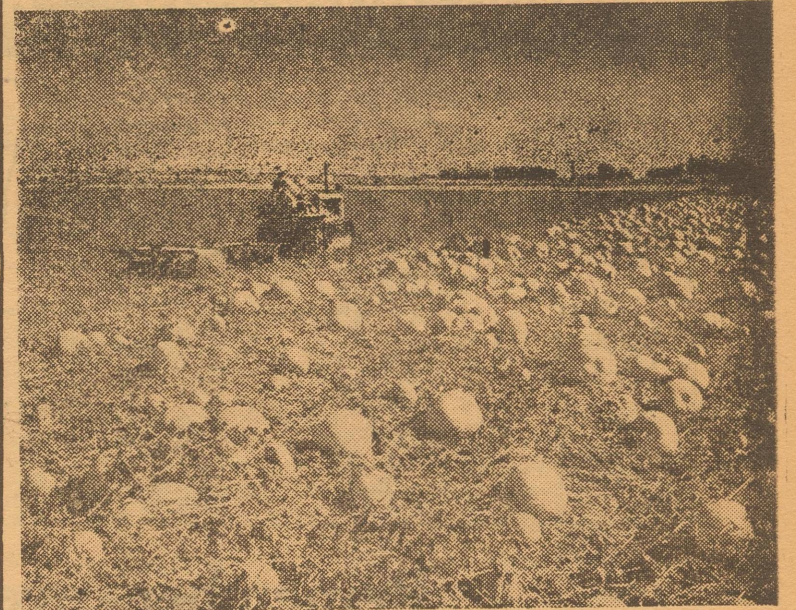

The coming quail harvest in Texas promises lean shooting generally but the director of Wildlife Restoration for the Game and Fish Commission hopes for an improved proportional return on quail wings for research.

This program, he said, has been marked by increased cooperation by hunters in recent years. This fall it becomes more important than ever because of efforts to scientifically appraise quail population variations.

The quail season under the general law runs from December 1 through January 1 but there are special seasons in several variations.

The director of Wildlife Restoration asked hunters in areas where quail stocks permit some harvest to write the commission headquarters in Austin for such special contains for quail wings, as well as general instructions.

Thanksgiving Pies Assured

This scene is typical of American farms which annually produce abundant yields with the aid of modern machinery like this Caterpillar D2 Tractor. It is a reassuring sight to those who consider pumpkin pie a "must" on the Thanksgiving Day Menu.

THANKSGIVING THOUGHTS

AS ONCE AGAIN WE PAUSE IN OUR BUSY EVERYDAY ACTIVITIES TO ENUMERATE THE MANY THINGS THAT DEMAND OUR GRATITUDE, WE ARE ESPECIALLY THANKFUL ON THIS THANKSGIVING DAY, 1953.

OUR BLESSINGS ARE TRULY INNUMERABLE.

We give thanks for our community . . . for the spirit of good will and kindness which pervades us as a community.

We give thanks for our nation with its rich heritage of freedom.

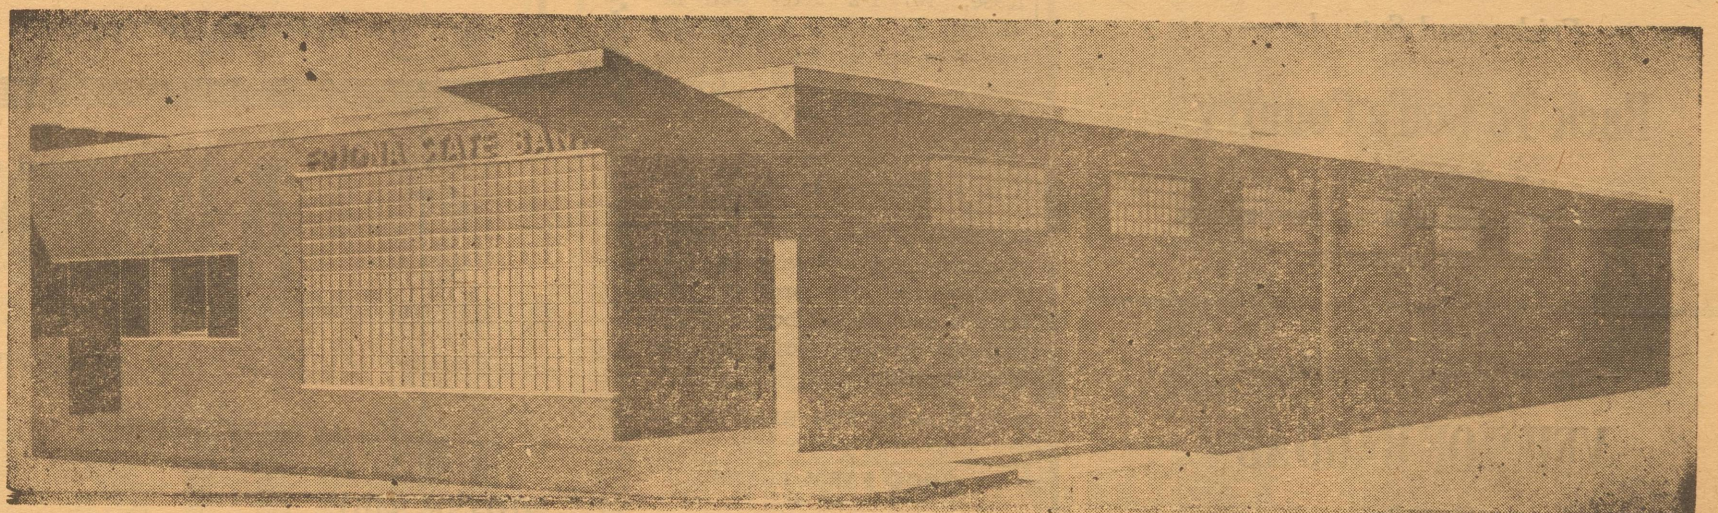

We give thanks for homes, for families, for the privileges afforded each of us.

WE GIVE THANKS TO GOD...THE GIVER OF ALL GOOD THINGS!

OFFICERS, DIRECTORS and EMPLOYEES

of the

FRIONA STATE BANK

THANKSGIVING 1953

We are Thankful

for all the privileges afforded us as citizens of THE UNITED STATES

WE ALSO APPRECIATE THE FACT THAT MANY OF YOU ALWAYS SEE YOUR CONSUMER FIRST!

**"Education for What"
 Theme of P-TA Meet**

A very good attendance was noted at the P-TA meeting held in the school auditorium Thursday night.
 A panel led by Superintendent Dalton Caffey discussed the question, "Education for What?" Various factors of education were presented from the standpoint of the school board, given by Clyde Hayes; the teachers, by Dillie Kelly; the parents, by Mrs. Lorraine Welch; the student, by Virgil Phipps.
 A meditation on humility was given by Mrs. Betty Talley.
 Miss Jo Phillips presented her third grade students in a short play entitled "First Thanks-giving," and Miss Nance presented her pupils in a play, "Reading Good Books."
 The song "May the Good Lord Bless and Keep You" was sung by Billy Thomas of Lazbuddie, followed by Sharon Reeve and Linda Johnson singing a Thanksgiving song.
 Mrs. Hadley Reeve reported the membership of the PTA organization is now 255.

**Unique Indian Theme
 Marked Football Fete**

The Indian theme was carried out in the decorations and menu at the annual Chieftain Football Banquet held in the school cafeteria on Saturday night for members of the Friona football team and their dates.
 The banquet tables, in the form of an F, were laid with white cloths, with red ribbons streaming from candles placed on the tables. The center table decoration was an Indian teepee with miniature Indian chiefs standing in front. Also on the tables were footballs, made of red flowers and laced with white ribbon, and small Indian tom-toms. By each plate stood a small teepee with the program and menu printed inside.
 Toastmaster for the evening was Chieftain Warrior Virgil Phipps.
 The banquet began with the singing of the school song by the group.
 Invocation was given by Dillie Kelly with the response by Big Brave Fangman.
 Three squaws, Denise Magness, Gay Ann McFarland and Phyllis Trieder, gave several vocal numbers followed by the Tribal Chant by Big Chief Raymond Cook, and the Peace Treaty by Big Chief Lee Burnett.
 The football boys presented their coaches, Cook and Burnett, with billfolds, and the traditional doll was presented to the football queen, Carol Blackburn, by Chieftain Mother, Mrs. Robason.
 The benediction was given by Mr. J. T. Gee.
 There were 62 present.

Mrs. Jessie Tinney went to Sweetwater Tuesday to visit her mother, Mrs. Carrie Bridges. She went on the same train as the king and queen of Greece and saw them as they made a brief appearance in Sweetwater.

Scouting

TROOP VI
 At our regular meeting on Monday afternoon, we received our Scout Handbooks. Ann McKee showed how to use a compass and led in singing several songs.
 We discussed the new handbook and repeated the Girl Scout laws.
 Virginia Patton and Celia Weatherly served refreshments of cupcakes and pop before we were dismissed.
 Joyce Stowers - Reporter

**Jasper-Mills Nuptials
 Read Saturday, Clovis**

Marriage vows were read in Clovis Saturday morning for Thomas Jasper and Ruth Mills, both of Friona.
 Jasper is the son of Mr. and Mrs. A. J. Jasper, and the bride is the daughter of Mr. and Mrs. R. L. Roberts of near Friona. The couple is at home in the Schueler apartments in Friona where Jasper is employed at The Friona Star.

**Farm Laborer Died
 Here Last Thursday**

Reece Mixon, 65-year-old negro from McCaskill, Ark., died of a heart attack Thursday afternoon on the M. M. Shirley farm, 8 miles west of Friona, where he had been picking cotton. He had been in Parmer County about a month.
 The body was sent to McCaskill for burial.
 Mixon is survived by his wife and five children.

Mr. and Mrs. Joe Brown of Midland have been visiting here with her mother, Mrs. F. N. Welch, and other relatives.

Wise Water Use Now Assures Plentiful Supply for the Future

Some Farmers Using Water Unwisely, Is Observation

By TOM McFARLAND

High Plains Underground Water Conservation District

Many a South Plains farmer can remember when there were no irrigation wells in this country; when he had to rely on the moisture yearly pro-

vided by Mother Nature; when he planted and prayed for a rain to see the crop through, when he hoped for enough rain to make the crop with which to pay off the bank note which he knew would be necessary again the next year.

In 1954, and maybe on through the years, the farmer may be fortunate enough to have underground water on his place.

So far he has not had to worry about enough rain, or paying the note at the bank off. He has had plenty of water — just by the flick of a switch. Turn it on and out it pours, hundreds of gallons per minute.

Will it always be this way? Can the farmer always have enough water to make a satisfactory crop just by the flick of a switch? The experts say no. They say now, because water can disappear from their view just like anything else. Water in itself is an indestructible thing but if it is not on your farm then what good is it doing you?

Ninety-five per cent of all the water on earth is unusable. It is either too salty or is tied up in a frozen state. Of the five per cent that is left, man has in the last few years, begun to keep a vigilant watch to keep the demand a little less than the supply. But, in some of the large agricultural and metropolitan areas, this has not happened. The well has gone dry. The lake, or underground water basins have been pumped dry. It is due in some cases to mismanagement, but we do not know how long we have been drawing on the reserve in others. In the last 100 years, the United States has grown over 600 times, or six times as many users for the number of gallons of fresh water. There is no more water than there is. By 1975, it is estimated that the United States will have to produce 75 per cent more food from the same number of acres or place the equivalent of that many acres into production. To stay abreast of our growth, we will need 68 million more acres by 1975 to produce food and fiber. Can we do it? Either way, the determining factor will be an available water supply.

Some South Plains farmers will say that they do not need to worry. They have plenty. Their cup runneth over. They are due for a big surprise when that 8-inch well begins to produce six, four, two and only a trible of water and when there is no shoulder to cry on, produce eight inches again, perhaps it won't be in your lifetime, but your kids and their kids may want to farm and then they will be the ones to suffer because the water has run out.

There is 85 per cent of the pumping units in Texas located in the 21 South Plains counties. There is also one-twelfth of all of the irrigated land in ranks with the highest in production of cotton. Will it be there in 1975? Who knows. I don't. Do you? Why then should we gamble with something we can't predict? Why not be on the safe side? Practice water conservation.

The place to begin water conservation is at home. Many are wasted daily—a few gallons at a time.

On the High Plains we are more fortunate than a lot of other states in that we have a law allowing us to work out our own needs and practices of conservation instead of some bureaucratic agency doing it for us—and, because of this, we are the envy of many of our neighbors.

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Here's a tasty but easy-to-make fruit dessert: Peel, core and halve fresh pears. Dip in lemon juice, sugar and then in melted vitaminized margarine. Roll in crushed cereal flakes. In center of each pear add a bit of lemon rind mixed with sugar. Bake in moderately hot oven 25 minutes. Serve with a simple vanilla sauce.

Green plants make charming indoor decorations and with a little household or attic rummaging, almost anything will do as an imaginative plant holder. Grandma's china sugar bowl or teapot, an antique inkwell, a small beer stein or a straw sewing basket become conversation pieces when filled with ivy, philodendron, coleus, peperomia or begonias.

The vegetables you serve with your holiday turkey or capon deserve special attention, too. Broccoli becomes elegant with a mustard sauce made this way: Melt 2 tbs. vitaminized margarine in a saucepan, blend in 1 tbs. flour, 1 cup sour cream, 1 tbs. mustard-with-horseradish, 1/2 tsp. salt and 1/4 tsp. sugar.

Bouffant petticoats in organdy, nylon net, and taffeta are still the last word in femininity. They're priced for most anyone's budget and really make full skirts "pop out." For the washable petticoat be sure to use a generous amount of starch to keep them crisp.

Therefore, why not conserve the water that is available and remain the envy of other throughout the years? When the kids grow up and want to start on their own, they won't have to start the old cycle of praying for rain every time they put seed into the ground. They will know that you have provided for them; have seen to it that there is and will be plenty of water when and where they need it.

Use the water wisely. Find new means for conserving it. Support the water conservation district that is striving to do all in its power to help you with any and all water problems. Protect your interest. Think it over when you go to water that cotton for the third time when perhaps it isn't even necessary in order to produce the maximum amount of lint and seed. You can't go wrong when you conserve and look ahead. It means more dollars when you conserve and it means empty pockets in years ahead when you do not. It's your farm and its your water, money and future.

Trouble with liquor is you take a drink and it makes a new man of you . . . then the new man has to have a drink.

The judge was remonstrating with Washington T. Lincoln over an arrearage in alimony payments. "Well, judge," says Washington, "reckon ah is behind on de payments . . . but you see judge, mah new wife turned out not to be de work-er ah tho't she was gwine to be."

Make the Shoe Fit.

By Dr. Benjamin Kauth

Director, American Foot Care Institute

Observance of National Foot Health Week, May 16-23, is a good reminder that your feet are an important part of your body, and as such will appreciate a little care. Or perhaps your feet have reminded you already!

The foot is a delicate piece of body machinery, made up of 26 different bones and several times that many ligaments. No wonder such a complex mechanism tires and pains when poorly shod. Or worse yet, it gets out of alignment and sets up a chain reaction of complaints ranging from back pains to headaches. Foot troubles usually come from faulty shoes.

When buying new shoes, make sure of two things: that the shoes fit properly, and that they contain no materials which may injure the feet or make them uncomfortable. Foot specialists recommend light, flexible all-leather shoes.

Leather uppers and soles have been found to be an important factor in foot health, because the fibrous structure of leather permits the foot to 'breathe' and evaporate perspiration—at the same time that it provides necessary firmness and support.

Here are a few simple rules to follow when buying your next pair of shoes:

Have both feet measured in a

Flexible all-leather shoes help preserve foot health.

standing position. Take the size called for by the longer of the two feet, since nearly all people have feet of unequal size. See that the widest part of the foot rests comfortably at the widest part of the shoe. Make sure that there is at least one-half inch of space between your toe and the tip of the shoe.

Gas Firm Changing Operation Structure

Mr. C. I. Wall, president of West Texas Gas Company, has announced that an application has been filed with the Securities and Exchange Commission by Southwestern Development Company, a registered holding company with offices in New York to simplify its corporate structure by transforming its holding company system into a single operating natural gas utility company, incorporated in the State of Texas, and a natural gas producing company, also incorporated in the State of Texas. The application further provides for the dissolution of Southwestern.

The present Southwestern system consist of: Amarillo Gas Company, Amarillo Oil Company, Clayton Gas Company, Dalhart Gas Company, Red River Gas Company and West Texas Gas Company.

The new operating company will be Pioneer Natural Gas Company, with general office in Amarillo and a large division office in Lubbock. Operations of the present gas productions, transmission and distribution properties will be carried on generally in the same manner and with the same personnel as heretofore.

"Darling," apologized the wife, "the new maid has burned the eggs. Would you be satisfied with a couple of kisses for breakfast?"

"Sure," replied the happy husband, looking up from his paper. "Send her in."

Golden Wedding Celebrated by Crows

More than two hundred and fifty friends and relatives called at the home of Mr. and Mrs. L. M. Crow on Sunday in celebration of the couple's fiftieth wedding anniversary.

There were about one hundred friends and relatives there for lunch and just before eating the children and grandchildren presented Mr. and Mrs. Crow with a gold wrist watch each.

Their home was beautifully decorated throughout with yellow mums and roses which had been sent to them and golden candles were lighted in the rooms.

Mrs. DeWayne Cleveland, granddaughter-in-law, presided at the guest book.

The reception table was laid with a cutwork linen cloth centered with an arrangement of yellow roses in a crystal bowl. The three-tiered anniversary cake was topped with wedding bells and decorated in yellow and gold. Punch, mints and nuts

completed the refreshments. At the serving table were Mrs. W. S. Crow, daughter-in-law, wearing a white corsage with gold ribbon; Patsy Ruth Talley, Lila Wall, Wanda Robason, Doris Johnson, Nancy Crow and Deann Buske, granddaughters, with corsages of yellow mums with gold ribbon.

Standing in the receiving line were Mr. and Mrs. L. M. Crow and their seven daughters: Mrs. G. B. Buske, Mrs. D. O. Robason, Mrs. Shorty Jones, Mrs. A. L. Carlton, Mrs. W. C. Williams, Jr., Mrs. Johnny Nazworth, all of Friona, and Mrs. Roy Johnson of Odessa.

Each of the daughters wore corsages of bronze mums tied with gold ribbon. The sons wore yellow boutonnieres and the sons-in-law wore white boutonnieres.

Mrs. Crow was beautifully attired in a blue crepe dress and wore a corsage of yellow rosebuds. Mr. Crow wore a yellow rose bud in his lapel.

All nine of their children were present. Also present were thirty of their thirty-five grandchildren and three of their five great-grandchildren.

On November 22, 1903 Annie Elizabeth Parsons became the bride of Milton Crow, in a home ceremony.

Talking of their courtship days Mrs. Crow remarked, "I remember the first time I met Milton. It was in a road one day while he was driving some cattle." That very night they played dominos together at an uncle's house and she thought to herself then that "this man is to be my husband"—although she was engaged to another man at the time.

On their wedding day Mr. Crow was two hours late for the ceremony which 75 guests had gathered to witness. His brothers had played a trick on him and run the clock back. After the ceremony everyone had dinner in the bride's home.

Mr. and Mrs. Crow also recalled that after midnight on their wedding night a group of young people came to the home and sang and played music and rang cowbells and "did not treat them as rough as they do these days."

They had their home ready to

Golden Wedding
L. M. Crows

go to as soon as they were married. They lived near Brownwood for quite awhile, although they moved around several times. They have spent most of their married life at Abernathy and have lived in Friona for 26 years.

Mr. Crow farmed for several years and has been in the grocery business and locker and slaughter plant business. He and Mrs. Crow are both very active in their work.

Out-of-town guests were Mr. and Mrs. O. O. Crow, Slaton; Mr. and Mrs. E. E. Crow, Sudan; Mr. and Mrs. Arthur Crow, Mulshoe; Mr. and Mrs. C. E. Williams and Mrs. Lillie Sandridge, Abernathy; Mr. and Mrs. Henry Horral, Melrose, N. Mex.;

Mrs. Velma Tunnel and Harold, Amarillo; Mr. and Mrs. Bill O'Neal and family, Abilene; Mrs. Mae Crow, Brownwood; Mr. and Mrs. Kenneth Sutton, O'Donnell; Mr. and Mrs. J. D. Carpenter and James, Muleshoe; Mrs. Thelma Adkinson and Bobbie, Lubbock; Mrs. Bea Caddel, Lubbock; Mr. and Mrs. L. W. Torley and children, Wildorado; Mr. and Mrs. A. D. Moore, Kress; Mrs. Wanda Wharton and El Juanda, Amarillo; Mr. and Mrs. Wylie BIRD and children, Tullia; Mr. and Mrs. Harold and children, Mlensand, N. Mex.; Mr. and Mrs. J. D. Adkinson and children, Abernathy, and Mrs. M. D. Nichols and children of Happy.

We Were Appointed Dealers for the Superior Line of
BYRON-JACKSON PUMPS

SINCE THAT DATE, MANY PARMER COUNTY FARMS HAVE BEEN MADE PRODUCTIVE WITH
 THE FAMILIAR B-J EMBLEM.

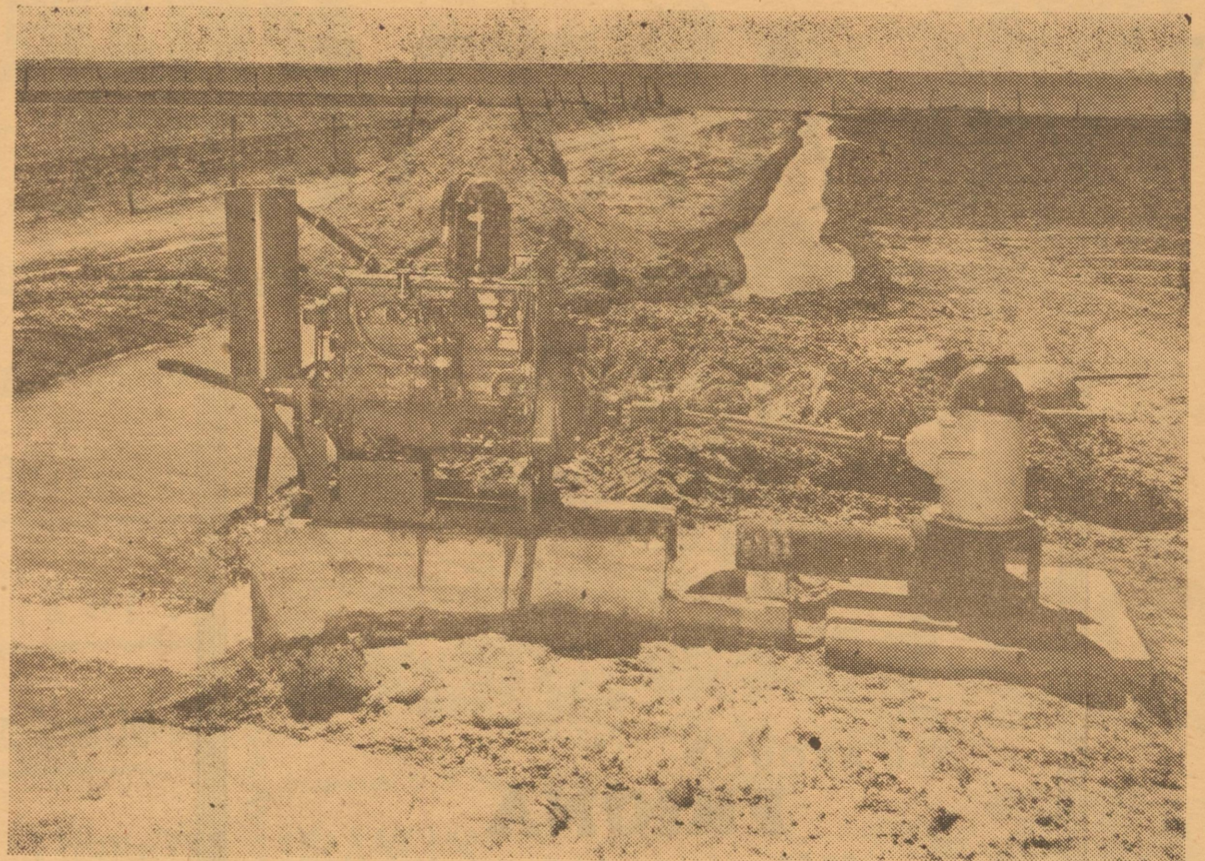

BJ
 built-to-last
 pumps

Fourteen years of conscientious service to the farmers of this area is the story of Parmer County Implement Company.

And now the sister firm of Parmer County Pump Company can speak proudly of three years of service in supplying irrigation needs with the dependable BYRON-JACKSON PUMP line.

In answer to the growing need for a local irrigation sales and service, Byron-Jackson Pumps, a leader in the industry for over 80 years, has become a most important division of our complete agricultural line of farm seeds.

A product, no matter how well constructed, is no better than the service which is rendered after the initial delivery. You have found in these three years that our pump service has been of the same high standard as our continuous record of customer satisfaction in our other lines. The Parmer County Pump Company, headed by Bud Crump and Buddy Squyers, has derived deep satisfaction in carrying out its pledge of the most complete irrigation service possible, with integrity and know-how backing every transaction.

Pasture Irrigation Pays Wherever Drouth Strikes

Pasture irrigation is profitable not only in arid regions but also in areas where rainfall is temporarily insufficient for pastures and crop production.

Irrigation is used more every year in humid and sub-humid regions to tide over summer droughts or periods when normal rainfall may not insure most profitable returns.

The value of farm lands and the expense of seed, labor, machinery, fertilizer, insecticides, weed control and other essential farm operations and supplies which are of little value without an adequate water supply make it desirable to do everything feasible to supplement an uncertain supply of rain.

The cost of irrigation may seem large, but when measured alongside these other necessary expense items in crop production, it can become relatively small.

All crops are likely to suffer from too little water, but pastures are especially affected in midsummer, which is the time when all other conditions are so favorable that they should be delivering maximum production, and cattle should have an adequate supply of green forage.

At the University of Tennessee, when the milk supply was curtailed during the drought years of 1951-52, very profitable

returns were obtained from a pasture irrigation program in which the cost of supplying 19.5 inches of water annually to pastures was \$2.50 per acre inch. Milk production was increased 54 per cent by the pasture irrigation.

Irrigation also has advantages aside from increased milk production. Some of these cannot always be measured in dollars and cents. In the case above, the extra water in 1952 preserved good pasture stands, although Tennessee generally suffered such a severe drouth that it was declared a critical area.

In an irrigation experiment in New Jersey, the financial returns were not so favorable, largely because the dry spells for which the equipment was installed were too short and too far apart.

Before going ahead with an irrigation plan, study your soils, rainfall, and water supply thoroughly. Check with your state agricultural college and your local county agent to see if supplemental irrigation is feasible in your area. Remember, too, that each system must be carefully "tailor-made" to fit the farm.

Thanksgiving Story :

A long time ago, in a land way across the Atlantic Ocean, there were some people called the Pilgrims.

Those people lived under a wicked king who wouldn't let them do what they wanted to do. They wanted to worship God in their own way, and he wouldn't let them.

So they got together in each other's houses, and they locked the doors, and they talked—so that no one outside would hear them—about what they ought to do. And they decided to sail in a ship to the other side of the world.

They decided to sail to America.

After many weeks on the ocean, they arrived on strange shores. The woods were all about and not even the promise of food. Yet they got down on their knees and thanked God that they were safe.

The men went into the woods and cut down trees and built homes. Some of them were killed by the Indians. So they set up guards to protect them from the Indians while they planted seeds for food for their wives and their children and themselves to eat.

Then winter came, and it got cold, and many of them got sick and died. But the others carried on. And in the spring they planted again. All the time they had to fight off the Indians to protect themselves.

That year, when the harvest was in, they all got together and knealt on their knees and thanked God for being so good to them. They had their troubles freedom — and that was why they thanked God. For they felt that nothing was better than freedom—and nothing is.

It's been a long time since the Pilgrims first came here. But every fall we still have Thanksgiving. For no matter what happens—whether we have war, or sickness, or troubles of any kind—just like the Pilgrims, we can still do what we want to do here in America. We still have freedom.

And that's why we have

Thanksgiving here in America. Nobody anywhere else in the world has Thanksgiving. For nobody anywhere else in the world has quite what we have here in America.

Some day maybe everywhere

in the world they'll have Thanksgiving. Because maybe some day, everywhere else in the world, they'll have what we have in America.

So let's all of us, right now, not only thank God for what we have, but pray to Him that everybody, everywhere else in the world, can some day be just as lucky as we are.

Don't you think we ought to?

Osborn Is Member University Group

Joe Osborn of Friona has again been named to the "Great Issues" committee of the University of Texas, according to press release from that institution this week.

This committee sponsors an annual lecture series on the campus, bringing noted speakers to address student groups. This year's theme for "Great Issues" is "The Red Menace." Osborn is the son of Mr. and Mrs. Sloan H. Osborn of Friona.

CITY DRUG--FRIONA

WE WILL BE CLOSED 12:30 TO 3:00 THANKSGIVING DAY

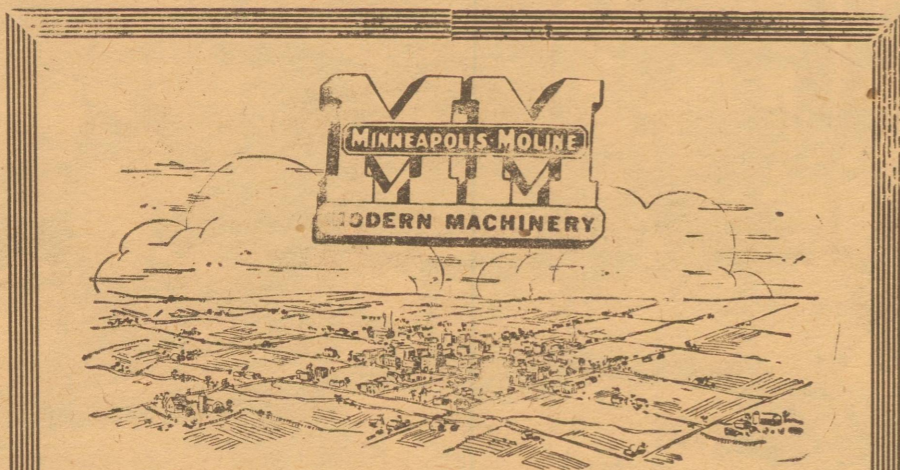

"Marriage," observed the man at the linotype, "give single men a new lease on life . . . at double the rent." (Most conservative, we'd say. Ed.)

"The truth is merciless in killing pet theories and prejudices; that is why it is very

often unpopular."—Clyde Warwick in The Canyon News.

Few rites are of more importance to a young man than filling in the identity card in his first billfold, or making that first deposit at the bank.

We Are Most Thankful...

ALL AROUND
FRIONA
MM GIVES BETTER SERVICE

North, South, East, and West—go out in any direction from town and you'll find that when repairs are needed we are offering the very best in farm machinery parts and service to local farm-owners.

Our complete stock of genuine repair parts, plus the proper tools and experience to go with them assure you of an A-1 service job regardless of the make and models of your farm machines.

We believe that good service is a combination of: prompt service . . . fair prices . . . fair dealing . . . first class workmanship . . . large stock of genuine MM precision parts . . . reliability . . . and a neighborly regard for your equipment.

We cordially invite you to benefit from our dependable service which already has been so satisfying to our many customers . . . your friends and neighbors!

As you sit down to your Thanksgiving dinner, you are taking part in the oldest really American act of faith . . . the humble offering of thanks to God for His blessings to each of us through the land.

It is good to think that today, more than 300 years after the first Thanksgiving, that we Americans can still give thanks in a land where our faiths and our freedom stand as firm as Plymouth Rock!

LET US NEVER LOSE THE SPIRIT OF THANKSGIVING.

The least we can do is dedicate ourselves to the sacred task of renewing our efforts for preservation of the good life for our children's children, as our fathers have kept it for us.

THIS FIRM IS PERSONALLY THANKFUL FOR THE MANY ADVANTAGES AND THE MANY FRIENDSHIPS IN THIS, OUR OWN COMMUNITY. Will you join with us in the greatest Thanksgiving ever?

(DON'T FORGET THE COMMUNITY THANKSGIVING SERVICE THURSDAY MORNING.)

VISITORS IN DRAKE HOME

Mrs. Priscilla Wolfe and son, Gilbert, of Elk City, Okla., and Mrs. Blanche Burrows from Indiana, spent several days last week visiting in the A. O. Drake home.

They are cousins of Mrs. Drake and have been here each year on a visit.

Personals

Mr. and Mrs. Clyde Hembree of Littleton, Colorado, will arrive Wednesday to visit Mr. and Mrs. Charles D. Russell until Monday. Mrs. Hembree is a niece of Mr. Russell.

It Pays to Read Star Want Ads.

Mr. and Mrs. Charles Holmgren of Janesville, Wisconsin, have been here visiting his parents, Mr. and Mrs. Charlie Holmgren.

Vera Ann Jones and Ray Nell Foster will spend Thanksgiving with their parents here. They are college students at Denton.

BLACK ITEMS

Jewel Fields was hostess, and Eleanor Prewett was co-hostess at the meeting of the Black Social and Study Club Thursday at the newly decorated clubhouse.

This was the first meeting in the new location. The walls are light green with a darker green woodwork. The kitchen and powder room have inlaid linoleum, and the other floors are finished in natural wood.

This is a very attractive community house and should be of benefit to everyone in the community.

Anna Mae Hays gave an interesting talk on "Facts about the Bible". Plans were made for the Christmas program to be held Dec. 17th. On the program committee are Lucille Rockey, Jessie Douglas, Jewell Fields; the refreshment committee is Louise Roberson and Jessie Douglas; decorating: Carrie Tatum, Maxine Price and Mildred Barnett.

Names were drawn by the club members, and a price limit of \$1.25 was placed on the gifts.

Autumn flowers and leaves were used in the living room, with fruits and nuts on the dining table.

Refreshments of salad, crackers, nuts, coconut cake and coffee were served to Mildred Barnett, Christine Braxton, Jessie Douglas, Maudine Edelman, Emma Elmore, Anna Hays, Maxine Presley, Lucille Rockey, Carrie Tatum and the hostesses.

Little Judy Edelman and Ray Braxton were visitors.

CLUB WILL MEET

The Friona Woman's Club will meet Wednesday afternoon at the Clubhouse, with Mrs. Carl C. Maurer presenting the program on "Building a Better America".

Hostesses will be Mrs. Fred White and Mrs. Joe Moyer.

Mrs. Sherley Cook Is

Honored, Bridal Shower

Mrs. Sherley Cook, nee Beverly Sue Jones, was honoree at a bridal shower given Friday evening at the Friona Clubhouse.

Hostesses were Mesdames Rudolph Renner, Bud Reed, Patsy Bandy, Mary Mayfield, Nora Robbins and Mary Joyce Barnett.

The serving table was laid with a lace cloth and the centerpiece and the mantle decorations were floral arrangements of wine and yellow mums.

The guests were registered by Patsy Bandy, and refreshments of punch, cake and mints were served by the hostesses.

The bride opened and displayed her many gifts.

About forty were present.

Mrs. Roy Slagle Takes

High Score at Bridge

Mrs. J. C. Wilkison was hostess to the Senior Bridge Club at her home on Saturday afternoon.

High score prize was won by Mrs. Roy Slagle.

Refreshments of fruit cake and coffee were served by the hostess to Mesdames O. F. Lange, Roy Slagle, Pearl Kinsley, W. B. Stark, Bert Shackelford, Carl Maurer and Scott Weir.

HONOR CLUB GUESTS

Mrs. Ralph Miller and members of the program committee of The Modern Study Club, Lorraine Welch Eufaula Ethridge, Decima Beene and Grace Whitefield, will be hostesses in the Miller home Tuesday evening at a dinner given for members of the Tech Madrigal Singers.

The group from Lubbock will present the program that night at the club meeting.

Visiting in the Bee Westbrook home Saturday night and Sunday were Mr. and Mrs. J. H. Westbrook, Mr. and Mrs. J. W. Brown and children Sandra and Sammie of Lubbock, and Staff Sgt. Charles Westbrook of Camp Pendleton, California.

Washington Comment

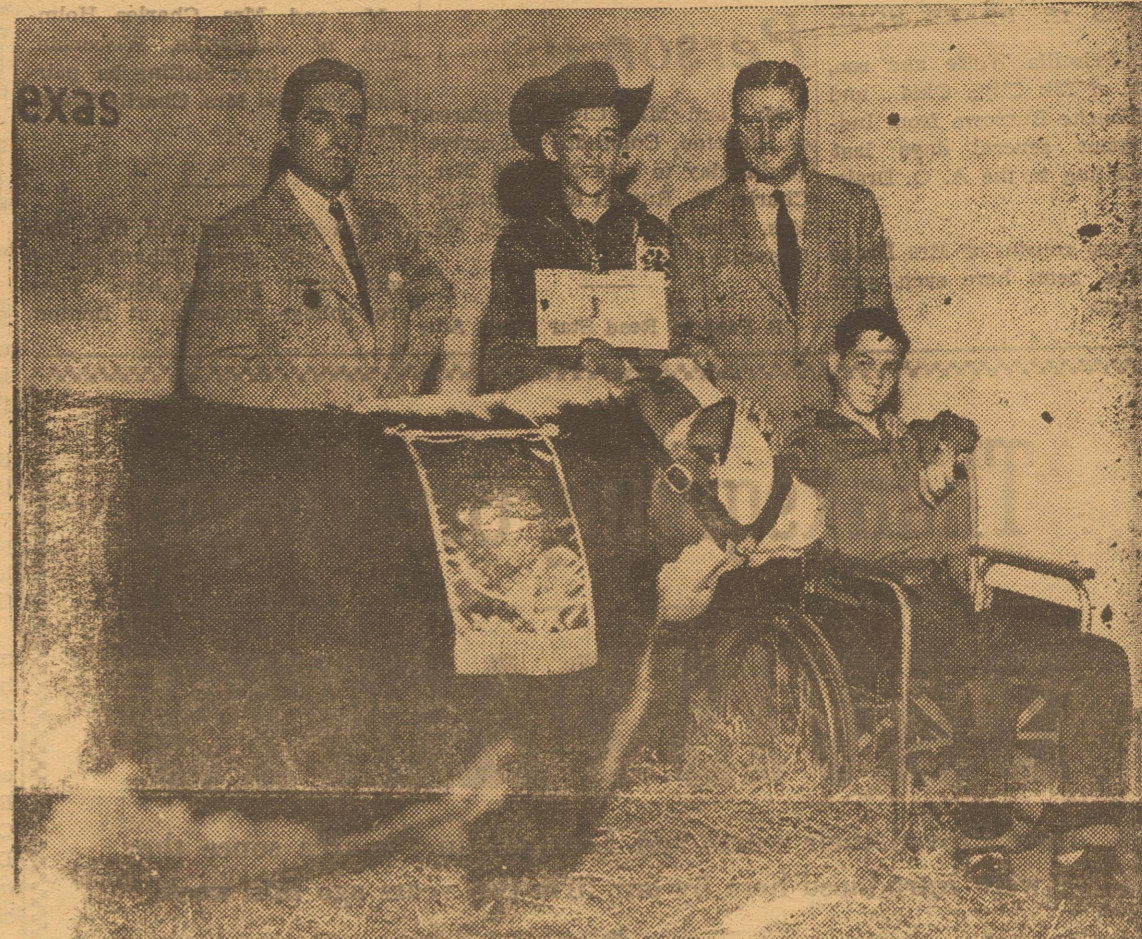

November 19, 1953
JUVENILE DELINQUENCY:
Much pressure is on to force the Federal Government into action to help solve this problem. It is without question one of the number one domestic problems facing our nation to-

day. Much work, and possibly some legislation, will come out of the next Congress concerning it. The Senate subcommittee headed by Senator Hendrickson is presently investigating the situation and has come up with some startling facts.

Much space is being devoted daily in the Washington papers to individual cases and the overall problem. This has always been considered a local matter to be dealt with by local authorities, but it has obviously reached such sizable proportions that those who are charged with the responsibility of combating the menace feel that the Federal government should step in

either by grants in aid to the states or by direct legislation on the subject.

As for the Washington situation, much trouble seems to be brewing. In one recent disclosure it was allegedly developed that a protection racket was being worked in one of the schools. That is, a boy would be told that he must produce a certain amount of money by the time school was out in the afternoon, or he would be subjected to a physical beating. The allegations are that the racket was working very well because the boys were afraid to tell on the gang, and in some instances the parents of the victims were reluctant to report the situation for fear their children might be harmed. One boy did tell a policeman and was given a marked bill to deliver to the alleged extortionist. The boy was picked up by the policeman, and, as the story goes here, threw the bill out of the car while they were going to the station. In any event there was plenty of smoke and obviously much fire. Only a few days after the occurrence above related, a story developed that a boy who had told the policeman, together with three or four other young people, was accosted on a highway by three cars loaded with teen-age boys. The ones who were attacked tell the story that the attackers forced their car to the ditch and proceeded to do physical harm to the boy who had talked to the policeman, telling them that they were after the "Squealer." Needless to say, this has caused quite an uproar in Washington, and indignation meetings are being held in many quarters. This is only one of the cases that has come to the forefront in recent weeks. The

\$263.00 STEER - The Grand Champion Steer, "Triumph's Best," of the State Fair of Texas was purchased Friday by Paul Ray, Vice-President and General Manager of Burrus Feed Mills representing Texo Feeds, for \$3,288.00 from 4-H Club Member H. A. Fitzhugh, Jr., of San Antonio. Mr. Ray then presented for Texo Feeds, the Grand Champion to General Robert J. Smith, Texas Chairman of the March of Dimes Campaign. At the MOD auction, the steer was purchased by H. P. Zachry of San Antonio for \$875.00. The \$875.00 was given to the March of Dimes and the steer was presented to the State Orphan Home at Corsicana, Texas by Mr. Zachry. Those in the picture above, left to right are Mr. Ray, H. A. Fitzhugh, Jr., General Smith and James Chaffin.

paper this morning carried a story to the effect that rivalry between different schools has ceased to be on the athletic field and has moved into the back alleys and other places where gangs from the schools fight it out with knives, sticks, rocks, or whatever they can get their hands on. It is also reported that in some of the cities the gangs are set up on a racial basis and wars are carried on between the different groups. This sort of thing must be stopped, and if it takes the federal government to put a stop to it, then the federal government should get into it, and quick.

One local witer, talking about the great clamor that has arisen on the subject in recent weeks, quipped, "We have spent a lot of time trying to make these kids act like grown-ups, and then the minute they start doing it, we investigate them." His intention was, of course, to be humorous, but when we stop and think about the international situation and some of the other things that are going on in he world, he might have something.

WHAT PRICE EFFICIENCY?
I have been doing a little digging around to find out how much it was costing the taxpayers for surveys and investigations of departments by private firms. Some recent information that has come to my office reflects that the Post Office Department has several of these investigations and surveys

going on. These are the facts that were furnished me. On May 25 this year, the Alexander Grant Company of Chicago, was hired for a period of one year at a price of \$15,000 a month, subject to some adjustment, under contract provisions, for more or less service. The purpose: "To investigate accounting and auditing systems of the PO Department; develop and recommend an approved accounting and auditing system for the department and the field service." Two contracts were entered into with Robert Heller and Associates, Inc., of Cleveland, "to investigate the organizational structure and operating policies of the PO Department; develop and recommend changes in organization and operating policies and procedures." The first contract was for six months, dated from February 1 this year, and the price was \$99,000. The second contract was on July 1 this year, for seven months, and the price was \$188,700. Reed Research, Inc., of Washington, was hired for three months on August 3 this year, at a price of \$46,200 (estimated—a cost-plus contract). The purpose: "To assemble a refined operational laboratory model mail facing machine; to test and evaluate design elements." This company also has two other contracts under the same date,

SCD News -

Activity of the Farmer County Soil Conservation District during the past week has included the following:

Laying out of some 1800 feet of lines for concrete pipe installation on the Bruce Parr farm east of Friona. Parr will install 18" pipe in this addition to the pipe system he already is using. A new plan was prepared for the Gerald Wright farm 4 miles north of Friona. Wright is a new cooperator in the district, and his plan calls for a complete conservation program including improved water application.

Waterways were laid out on the A. L. Ashford farm south of Friona near the county line.

Supervisors of the district met Monday night of last week and voted to supply a teaching supplement to the 5th and the 6th grades in the county, regarding conservation of natural resources.

On Tuesday night a meeting was held at Lazbuddie, with Matt Jesko elected to serve a 5-year term as director from that area. He replaces Henry Ivy whose term had expired.

OUR THANKS

We want to take this means to thank our fine neighbors, our friends, pastors, doctors and the nurses for the kind deeds, words and expressions, and the beautiful flowers to help us bear the loss of our dear loved one. The greatest loss we ever had to overtake us.

This is the greatest neighborhood anyone could ever hope to live in, may the richest blessings be with you always.

The Foister Rector Families.

Mr. and Mrs. Carl Maurer will leave Wednesday to spend the Thanksgiving holiday with their daughter and husband, Mr. and Mrs. H. L. Donnelly, in Albuquerque. Their son, Gayord, will come from Phoenix, Arizona, to join them.

one for four months at a price of \$57,200 cost-plus). The purpose, to design final prototype. The other contract was for two months. The price was \$28,200 (cost-plus). The purpose, complete fabrication for laboratory tests. THE COST OF THOSE LISTED IS \$599,300. The department is presently negotiating another contract for a job classification and wage survey, but we could not obtain any more information on the matter at this particular time concerning this contract. We were advised that there are about ten independent consultants under contract for survey of various phases of the Post Office Department—the individuals working for a salary of from \$26 to \$40 a day and their contracts ranging from two weeks to two months. More about this and surveys being made in other departments will be given to you as it is available.

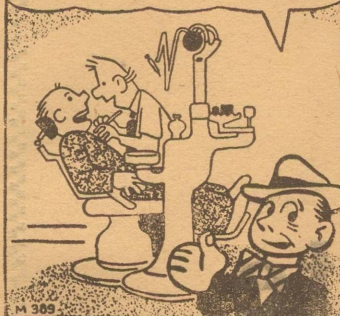

Do You Remember?

From the Files of The Star, November, 1928

Six to eight inches of snow fell on November 16 to brighten prospects for wheat crop and winter wheat pasture. The snow was extremely wet and fell without blowing wind, thus giving maximum benefit.

Vic Vet says

VETS! ARE YOU PLANNING TO ASK VA FOR DENTAL TREATMENT? REMEMBER THE DENTAL CONDITION MUST HAVE EXISTED AT TIME OF DISCHARGE OR BE AGGRAVATING A SERVICE-CONNECTED DISABILITY

For full information contact your nearest VETERANS ADMINISTRATION office

Questions and Answers

Q. I plan to start training under the Korean GI bill. Can you tell me what evidence I'll have to furnish the VA to establish dependency of my wife and child, so that I can get a higher rate of allowance?

A. You must submit a certified copy of the public or church record of your marriage, and a certified copy of the public record of birth or the record of baptism of your child. If either you or your wife have been married before, additional documents will be required.

Q. I am a World War I veteran with a \$5,000 National Service Life Insurance policy. Would it be possible for me to obtain \$5,000 more of GI insurance?

A. No. The law now prohibits the issuance of new policies to World War II veterans who did not return to active service after the Korean hostilities started.

Q. I was training under the World War II GI bill at the time I was called back to active military duty. I've just been separated. May I resume my GI studies?

A. Yes. You may resume your training under the World War II GI Bill, so long as you go back into training within a reasonable period after your separation.

The county was much astir in the midst of a "courthouse removal campaign" with attempts being made to locate the county seat nearer the center of the county for more equitable service to all.

New businesses listed in Friona included the Wilkison Chevrolet Company and a new shoe shop.

Chevrolet was advertising its showing of the new "6" in the price range of the old 4-cylinder models.

Final voting in the courthouse removal election found the courthouse voted to remain at Farwell by a margin of 207 votes. Black went 100 per cent for Friona; Bovina voted 133-40 against a change; Farwell gave only one vote for change. Total of 1252 votes were cast.

Remarks heard on the street were reported as:

"I bet I know who cast that one Friona vote at Farwell!"

"Hats off to Black and Rhea."

"Too bad we didn't get enough votes in Farwell so each county official would have one to claim!"

Popular movies were featuring such players as Clara Bow, Richard Dix, Colleen Moore and Alice White.

The Friona State Bank advertised: "The three Bees that buzz in the bonnet of the successful are the Brawn to make money, Brains to hold on to it, and a Bank account in which to keep it."

Scotty's Bargain Counter advertised: "DON'T HOOVERIZE, GET HOOVERWISE."

Elroy Wilson was visiting friends and relatives at Dallas.

One good Ford coupe was advertised by O. E. Stevick for \$100.

A Dr. Robinson of London was in the news, having tried to send a message to a woman on Mars who he claimed had communicated with him! He used his "psycho-telepathic motorometer and wireless set."

Jack Anderson advertised: "While in town voting, just step in for a stylish hair cut and shave, or any popular style Bob, for the ladies."

John White was secretary of the Friona Chamber of Commerce.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

White summer shortie gloves are seldom fresh enough to be used the next year. Here's a good way to make them fashion right for fall and winter wardrobes. With all-purpose dye, dye them pastel colors—gold, pale blue, light green, with darker embroidery thread, cross stitch or feather stitch a design from the tip of the little finger to the wrist.

With the holidays coming up and extra entertaining to be done, you'll be glad to know how to remove those inevitable and oh-so-stubborn lipstick-stains from linen napkins. Rub petroleum jelly into the stain before washing and the spot will come out without scrubbing.

Brussel sprouts and carrots make a colorful and tasty combination and both are plentiful now. Serve the twosome with this delicious cheese sauce: Melt 1/2 cup cheese in top of double boiler. Add 1/2 cup milk gradually. When smooth, stir in 1/2 cup real mayonnaise. Heat until thickened and pour over hot vegetables.

For calorie-counters only: liquid saccharine is now available in most drug stores. Its particular advantage is in cooking because it dissolves instantly, immediately penetrates foods and eliminates the stirring which is necessary with the tablet type.

Methodist Considering Hospital Gift

Bishop William C. Martin has called a meeting of the Northwest Texas Annual Conference of the Methodist church in First Methodist church, Lubbock on November 24. The purpose of this meeting as stated in the call is to consider the proposed gift of the Lub-Memoial Hospital to the Northwest Texas Methodist Conference.

The new hospital located south of Texas Technological College was completed recently, and has been in operation for more than a month. It is one of the most up-to-date hospitals to be found anywhere. It is furnished throughout with the latest, and most modern equipment and has a staff of doctors, nurses and other personnel the equal of the best in the nation. It is valued at more than a million dollars.

If and, when accepted by the conference it will be owned and operated by the Methodist Church of Northwest Texas.

A. W. Anthony, Sr., P. L. London and Rev. Ural S. Sherrill will represent the local Methodist church in the conference.

FIRST PHEASANT SEASON LOOMS FOR PANHANDLE

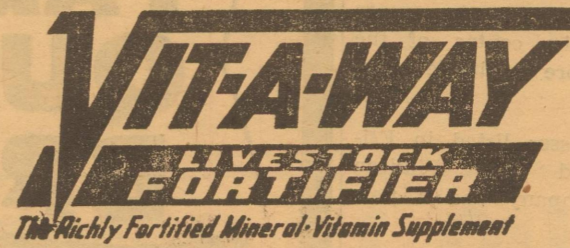

Texas' first legal pheasant season, confined to 28 Panhandle counties, will be used by Game and Fish Commission technicians to further study this gaudily decorated game bird.

The Panhandle season comes in two periods — December 5 and 6, and December 12 and 13, with a daily limit of two cocks and a possession limit of four.

The director of Wildlife Restoration asks hunters to forward any bands found on the birds' legs. He said these might come either from Texas private game breeders or from the states of Oklahoma and Kansas from which many of the pheasants probably originated. He said the commission will provide hunters with case histories of birds from which bands are taken.
