The Travelers Safety Service

The Man on the Next Block observes that nothing removes conceit so well as a walk through a cemetery!

Notice that the City of Houston is distributing some unique Million Dollar bills, redeemable for cash IF the bearer was born in Houston August 30, 1836, and if he is accompanied by both parents when demanding payment. No takers as yet.

Greetings to Harry McCauley, manager for the new ownership at the Friona Lumber Company. We have known Harry for a number of years, and consider it a pleasure to welcome men of his calibre to Friona. He will be a good citizen. Incidentally, he's hunting a place to live. Can you help?

Who is the most nervous person to be found? Among the nominations could be the waiting bride, the novice poker player, or mother at the first recital of her daughter. We place above all these the local wheat farmer just before harvest, with hail clouds in the sky!

BIRTHDAY CALENDAR

- June 26: Galen Brewer, Nancy Mistell.
June 27: Raynell Foster Lonvick.
June 28: Mrs. Chas. Schlenker, George E. Meyer, Dwight O'Brien, Gilbert Beene, Earl Black.
June 29: Russell O'Brien, Eva Lou Rector, John Allen Morris.
June 30: Robert Louis Hall, Leo McLellan.
July 1: John Benger, Mary Faithie Ridling, Geneva Williams, Mrs. H. T. Magness.
July 2: Shaula Anne Kennedy.

"Get 'Em While They're Young." There is no secret that this policy has been found most effective and is used extensively by many businesses in selecting and training their personnel. Also the policy is true for many sects, churches, and even secret organizations.

And the method is paying off, enabling the older heads to give constructive guidance to young minds that are alert and receptive. Could not similar methods be used in town and community development? A community or little village such as Friona could go far if it began "while still young" to carefully regulate its progress, planning ahead, avoiding errors of other towns.

Friona still is relatively young. Its progress is just beginning, comparatively speaking. And there is nothing, absolutely nothing, to stop its growth into the most desirable and successful of habitats IF due care is taken at the present stage of its growth.

Which all adds up to the conclusion on the editor's part that more activity and understanding is

THE FRIONA STAR

Lumber Firm Is Sold to McCaslin

Announcement is made this week of the sale of the Friona Lumber Company to Carl McCaslin of Hereford. McCaslin, long-time lumberman, will operate the local firm under the name of Carl McCaslin Lumber. Harry McCauley, who has assumed duties of manager of the Friona yard, states that no changes in local personnel is anticipated. The new management took over operation Monday morning. McCauley states that steps already are underway to greatly increase the lumber stock of the Friona firm, making readily available at competitive prices a full selection of materials.

Buske High Bidder For Jim Hill Hotel

High bidder, G. B. Buske, of Friona, offered \$176,500 for the Hereford Hotel Jim Hill, Tuesday. Buske spoke as a proxy bidder for a group of Hereford businessmen who wish Hotel Jim Hill to return to its status as a community center. Bids started with an offer of \$100,000.00. The sale was witnessed by approximately 120 spectators. As soon as the bidding was over, Buske stated that he had been bidding for a Hereford group composed of Cecil Guseman, cattleman; Dr. L. B. Barnett, Dick Ross, manager of the Jim Hill; Carl and Jim Perrin and Joe Evans, ranchers; J. A. Pitman and Henry Sears, elevator operators; Carl McCaslin, lumberman; and J. R. Allison, banker.

CROP Campaign Is Underway In Area

This year, Farmer county has set a goal of one carload of wheat as the part in the nation-wide Christian appeal of CROP, that stands for Christian Rural Overseas Program, and is the food collecting arm of the Protestant churches to provide help for the people they serve overseas. It takes farm products and ships them overseas so the church workers there can make Christianity practical to hungry people. Thirty-five denominations are contributing this year. The ship will sail for India, Pakistan, and South Korea, July 30, so not too much time is left for Friona to collect its quota of a half carload or more. One carload of wheat will make it possible for the government to send an additional 20 carloads, as it will pay transportation charges on that shipment. Last year, 50,000 famine sufferers ate some CROP food. Every bushel of wheat contributed by Farmer county residents will be greatly appreciated.

Local Merchants Meet Monthly

Monthly meetings for the retail merchants of Friona were planned Monday night at an open session called by the Retail Activities committee of the Friona Chamber of Commerce. The monthly get-togethers were proposed as best means of airing problems and promoting continuously confronting local businessmen. Items of current business discussed Monday night included proposals for uniform closing hours and regular Saturday afternoon free picture shows. Committees were appointed from the merchants present to contact all business men regarding these specific proposals. Those at the meeting voiced majority approval of both the regular closing hours and a plan for merchant-sponsored free movies at the Regal theatre on Saturday afternoons. No date was set for the July meeting of the merchants, but Retail Activities Chairman Alastair Stewart stated that it would be well publicized in advance with every effort made to secure full representation of Friona businesses.

Hospital Notes

- Admitted: Timmy Lee Evans - Med. - Friona. Mrs. J. L. Taylor - Surg. - Friona. Mrs. Leroy Johnson - Surg. - Friona. Mrs. Charles Thornton - Med. - Colorado Springs, Colo. Mrs. Miro Slovak - Med. - Bovina. Iris Thornton - Med. - Farwell. Kenneth Estes - Med. - Bovina. Sarah McFarland - Med. - Tucuman, N. Mex. Gwen Welch - Med. - Hereford. Jodean Harrelson - Med. - Friona. Mrs. C. J. Patton - Surg. - Friona. Dave Buske - Med. - Friona. Joyce Hadley - Med. - Friona. Danny Smith - T & A - Friona. Mrs. Helen Williams - OE - Friona. Dismissed: Mrs. Tilden Slagle, Mrs. Cecil White and baby boy, Jimmy Pope, Timmy Lee Evans, Iris Thornton, Rev. W. S. Sherrill, Don Collier, Mrs. Miro Slovak, Kenneth Estes, Mrs. C. J. Patton, Mrs. Leroy Johnson, Mrs. Charles Thornton, Gwen Welch, Mrs. W. E. McDonald, Mr. W. H. Flippin, Sr.

Black Items

By ALTHA PRESLEY Mr. and Mrs. Allen Bridges of Amarillo and daughter, Shirley, visited in the John Benger home a few days. Mr. Bridges is Mrs. Benger's brother. Lumber from the Black Grain Company's new bins blew onto the pavement last Sunday evening, causing four cars to pile up. No serious damage resulted. Mr. and Mrs. Dick Rockey were called to Lawton, Oklahoma, Saturday by the death of Mr. Rockey's aunt. Mr. and Mrs. Johnny Benger had as guests in their home this week, G. W. Parks and family of Paducah. Mrs. Roy Johnson and daughter and Mrs. Herbert Johnson, of Odessa, were visitors in Black, Thursday.

Wheat Harvest Near Halfway Mark Here

The local grain men reported this week that the wheat harvest in the Friona area will be approaching the half-way mark shortly, with yields generally below those of this time last year. Average yield on dry land wheat is about five bushels an acre and the irrigated yield near 24 bushels on the average. Top yield per acre to date has been 33 bushels on wheat, that had some hail damage received at the Friona Wheat Growers and 41 bushels received at the Santa Fe Grain company. The locally severe hail storms have caused considerable damage, estimated at about 40 per cent, and the new crop of green sucker shoots below the ripened wheat is increasing the moisture content and making harvest difficult in many areas. Most of the wheat is going into government loan at \$2.05. Cash price is \$1.87. Preach Cranfill at the Santa Fe Grain Company reported 32,000 bushels received through Monday, and Arthur Drake at the Friona Wheat Growers reported 25 carloads received to date. Drake also stated that on one day alone last week they sold 500 sacks of Martin maize, enough to plant about 10,000 acres and this week had shipped 20 carloads of government stored grain to Corpus Christi for export, making it seem more like grain harvest time than wheat harvest time.

Personals

Mr. and Mrs. A. W. Anthony, Sr. were called out of town unexpectedly, Thursday. Mrs. Anthony's sister-in-law, 82-year-old Mrs. Ollie Anthony, was seriously ill. She is in the hospital at Portales and her condition at the time is not reported as having changed any. Mr. A. W. Anthony, Jr., Mr. Ernest Anthony, and Mr. Jean Anthony visited the 82-year-old woman Sunday. Mr. and Mrs. Boyd Knox spent the week-end in Memphis visiting her father, J. T. Dennis, and other relatives. Mr. and Mrs. A. V. Ritchie of Colfax, Illinois, were in Friona Monday, where they delivered the registered polled milking shorthorn bull, Cleo's Improper, to Dale Hart. Gaylord Maurer left June 19 for San Antonio where he will attend a six-week camp for the Air Force ROTC training. Visiting in the home of Mr. and Mrs. Clyde Weatherly this week is her mother, Mrs. Cella Phillips, and her two sisters, Mrs. Homer Ferguson and Miss Arvis Phillips. Mrs. Charles Gray and boys, Charles, John and Bobby, from Des Moines, Iowa, arrived in Friona, Thursday, to spend some time with Mrs. Gray's mother, Mrs. A. A. Crow. Mrs. Poy Slagle celebrated Roy Slagle III's birthday Monday at Hereford with a picnic and swimming party for him. Having dinner in the O. L. Rankin home Sunday were Mrs. Charles Gray and boys of Des Moines, Iowa. Mr. and Mrs. A. O. Drake left for Iowa, Tuesday morning. Mrs. Joe Collier is suffering with the mumps this week. Rev. and Mrs. Ural S. Sherrill are the grandparents of a new baby girl, Beverly Dianne, born to Mr. and Mrs. Tommy Sherrill. Tommy Sherrill is now stationed in Korea, the mother resides in Canyon. Rev. and Mrs. Sherrill left Tuesday afternoon for Canyon to see the new arrival.

Achievement Day Ends Season Work

Achievement Day, on June 30, will be the climax for Summer Project in Homemaking. The public is invited to the Achievement Day Tea at 3:30 p. m. in the Homemaking Department, Wednesday. Special invitations are going to all FHA members and their mothers. Girls who have been sewing will model one of their dresses. Three girls will give illustrated reports on representative projects. All girls will turn in their Summer Project write-ups June 30. In addition to the style show and illustrated reports, Dean Buske, Area I Corresponding Secretary of FHA, will give highlights of the Regional FHA meeting in Daytona Beach, Florida, June 22-25. Four regional meetings are scheduled this year in place of one national convention. "Are You a Leader for All Four Homes?" is the theme for all four regional meetings. Committees working on the Achievement Day Tea are: Invitations: Nelda May, Jerry Bell Norwood, and Elizabeth Grubbs; refreshment committee: Bennie Grubbs, Marie White, Marilyn Fairchild, Patsy Anthony, and Gladys Baxter; arrangement committee: Evelyn Ray, Maldeen Stowers, Doris McFarland, and Sandra Brock. Friona Student High On WTSC Honor Roll List CANYON, June 23, (WTNS).—Mrs. Patti Southall Tucker, junior from Friona, was one of 46 students at West Texas State College making the honor roll for the second semester, according to Dean Walter H. Juniper. Daughter of Mr. and Mrs. P. O. Southall of Friona, Mrs. Tucker is an English education major. The honor roll at WT is made up of the top five per cent of the entire undergraduate student body.

Farm Bureau Report

Rural Overseas Program right now. The wheat contributed will provide transportation and distribution of government surplus to those countries and people who are hungry because of war, earthquake and other disasters. Each car of wheat accumulated will provide 20 cars of wheat delivered to these needy people. Tell your elevator manager to transfer 10-20 or any number of bushels from your account to CROP before placing the balance in the loan. Farmer County hopes to send one carload. That should not be hard. We know that if you know about the program, you will contribute. "Did you know the Texas Highway Department spends \$300 a week picking up beer cans and bottles in the Amarillo district? Is this one of the wonderful reasons for the highly advertised statements that "beer belongs"? It's time for prospective queens to begin looking forward to the Farm Bureau Contest to be held in August or September. Merchants or individuals who would like to enter someone are invited to start looking around. The state winner this year will get to go to New York for the national convention. Consider this: "All the ways of a man are clean in his own eyes; but the Lord weigheth the spirits. Commit thy works unto the Lord, and thy thoughts shall be established." Proverbs 16:2-3.

Wheat Allotment Applications Here

Farmers on land on which no wheat was seeded for grain for all of the years 1952, 1953, and 1954, may apply for a 1955 wheat acreage allotment, according to A. F. Phillips, chairman of the Parmer County Agricultural Stabilization and Conservation Committee. To be considered for an allotment on a farm which had not wheat seeded for grain for any of those years, the farmer must apply in writing to his county ASC committee by June 30, 1954. Blank application forms are available at the county ASC office for use in filing requests for allotments. Mrs. Leon Hart and Dale went to Kansas last week. The purpose of the trip was to purchase two registered polled milking shorthorn heifers, Twilight's Colleen and Wayside Dawn's Cherry. Mr. and Mrs. J. T. Gee left Sunday for New Mexico for a short vacation. They will return some time this week. Tom and Linda are visiting in Lubbock.

Anthony Attending Amarillo Grain Meeting

A. W. Anthony, Sr., member of Producer's Grain Advisor's Board, left Tuesday morning for Amarillo for a meeting of this board. The meeting will be held in the Santa Fe building in the morning with Frank Triplett, manager of Producer's Grain, presiding. Reports and information will be given concerning the new two-million bushel elevators that are under construction in Amarillo and Fort Worth. General business and other current events of interest to the organization will be discussed among the estimated 24 or 30 members present.

Mr. and Mrs. Fern Barnett have as visitors in their home, Dr. and Mrs. Barnett's children, Lewis, Beverly, and Jennifer. Their mother, Mrs. Barnett, is in the hospital. Lois Carmichel's father, Lois Carmichel, Sr., is in the Hereford hospital. Mrs. Price's aunt, Mrs. Loyd Steele, left for Oklahoma, Tuesday. She will visit her sister, Mrs. Gordon Shakelford, at Cheyenne, Oklahoma. Ira Bruce Parr was at Camp Don Harrington with the Boy Scouts this week. They reported a wonderful vacation and learned many useful things. G. H. Whitaker had lunch with the Bruce Parr's Wednesday. Mr. and Mrs. R. E. Barnett visited the John Benger home Saturday morning. Mr. and Mrs. Z. M. Holly and daughter, Laurel, visited in the Kermie and Leslie Deaton homes Sunday. Mr. and Mrs. Holly now live near Plainview.

STORK FEATHERS

Mr. and Mrs. Wayne Foster are the parents of a 7-pound, 11-ounce boy, born Sunday.

S.C.D. Observations

Most of the farmers of the county are busy getting their wheat harvested along with completing the replanting of some crops. The local Soil Conservation Service has been helping some of the farmers bench level land that is a bit too rough to handle any other way. We note that this is paying off to some extent. Achie McCutchan of Bovina has done considerable work on some 25 acres on his place and is harvesting about 30 bushels of wheat per acre off of the bench leveled land that he had in wheat. Mr. Vernon Jamison had a rough piece of land consisting of about 32 acres. He now has it leveled

and is doing a good and much easier job of watering it. Mr. Glenn Scott of Lazbuddie did the job with his dirt moving equipment. Jess Osborn intends to bench level some 40 acres in the very near future. The soil conservation service has word that quite a number of local farmers are using cowpeas interplanted with their grain sorghum as a soil conditioning crop. Among those we have information on this week are Curtis Murphree, A. L. Reznik and Granville McFarland. We believe that this practice will be a great help in keeping the soil in good condition.

Joyce Miller Attends Salt Lake City Meeting

Joyce Miller is in Salt Lake City, Utah, this week attending the national convention of the Phi Epsilon, music sorority. Joyce is president of the Texas Tech chapter of Mu Phi. She is a junior at Tech who is active in many organizations on the campus. Recently she was elected vice-president of Junior Council, women's honorary group. She serves as secretary of Tech choir and sings with the Madrigals.

Sunday Program Ended Methodist Bible School

The highest attendance recorded at the Vacation Bible school at the local Methodist church was 15 with an average attendance of 12. Director, Mrs. Forrest Osborn, an assistant director, Mrs. Ralph Sherton, stated that the study course on nature were very informative and interesting. Theme of the school was, "My Father's World." Sunday evening, the various departments displayed their handicraft and approximately 300 people had supper on the church lawn. Afterwards, each child who had attended Bible school, participated on the program taking place in the sanctuary. The pastor, Rev. Ural S. Sherrill, closed the service devotionally. Directors and workers of the Methodist church would like to thank Joe Fallwell for furnishing the lemonade as an afternoon refreshment and Marvin Lawson for providing the ice.

Season Tickets Ready For Tech Football

Jimmie Wilson, business manager of athletics at Texas Tech college at Lubbock, announced this week that the season tickets to Tech's home football games are now ready for distribution. Those desiring tickets for the five home games should send a check or money order in the amount of \$15. The home schedule includes games with West Texas State, Oklahoma A. & M., Texas Western, University of Tulsa and University of Houston.

To the People of the 18th District:

CHAIN REACTION

Alford does not do it. The rumor mill here in Washington produced a political chain reaction last week. It started out with the rumor that Governor Dewey, of New York, would not seek reelection as Governor. Whether Tom Dewey intended it or not, the Washington rumor mill promptly handed him the Republican nomination for President. Here is the way it was done. When the news leaked out that Dewey might not seek reelection as Governor of New York, it was promptly considered by some that this meant that the show for the Presidency there is what was supposed to happen. One of the Supreme Court justices was to resign. This vacancy would be filled by President Eisenhower appointing the present Secretary of State, John Foster Dulles. This would leave the Secretary of State's position open which would be filled by Governor Dewey. He was to use his position as Secretary of State to get all of his forces lined up and ready to accept the Republican nomination for President in 1952. In the meantime, he was supposed to arrange for Senator Ives to succeed him as Governor of New York. This he would be assured of the electoral vote of New York State and have the inside track for the Presidency. Senator Ives promptly denied that he was a candidate for Governor of New York. In any event, this gives you an idea of how rumors start and what happens to them after they get to moving from one mouth to another.

Trade With Red Countries

The extension of the Reciprocal Trade Agreements Act for one year is very significant. In the first place, the supporters of reciprocal trade wanted an extension of not less than three years. President Eisenhower had said that he wanted a three-year extension. However, there was some behind the scenes maneuvering that resulted in the White House compromising on a one-year extension. Secretary of Commerce Weeks said in effect that this would be ample time in

Cogitations On Pessimism

BY GAY CASS

There is an age-old proverb that goes, "I thought I was unlucky because I had no shoes, until I met a man who had no feet." Almost everyone is familiar with this saying and recognizes it as a bit of wisdom, but in spite of this, there are still those of us who would have it that we are very unlucky. There are times when we thoroughly believe that no one undergoes the hardships and trials that we have to face. If we do not hide from the fact, it must be admitted that the "silver lining" is forgotten when a cloud appears, especially when that cloud brings hail that rained several acres of wheat in Friona. This was, admittedly, an unlucky incident but compared to the 10,000 acres of cotton that was a total loss near Big Spring, Texas, due to the recent weather conditions, it is lessened in its sharpness. Though we have been told a thousand times by well meaning friends and relatives that "there is always someone worse off than you" there comes a time when we begin to wonder.

Do You Remember...

Sixteen Years Ago...

We want to thank you for the beautiful curtain that you so kindly gave our school. It was surely appreciated by everyone in the community. Again, thank you and trust that the spirit of friendliness may continue between us, we are, "The Lazbuddy School Board."

Seen on Ray Landrum's Regal theatre calendar for June is the famous screen actress, Mae West, who will appear in the seven plays "Every Day's a Holiday." The Farmer County Rifle club had their first shoot of the season with L. Lillard as high scorer against Shivers' bid for a third election term, saying, "Texas tradition Mr. and Mrs. Wright Williams approved the Twenty-second Amendment which forbids a third term for President."

THE AMERICAN WAY

A Diet Badly Needed

By VERN SANFORD
Texas Press Association

AUSTIN. — It will not take long to cast your ballot in the Democratic primaries on July 24. There are only six contested races, as certified by the State Democratic Executive Committee, making up one of the party's shortest ballots. There are but 26 names on the ballots for 14 statewide elective offices.

Incomplete checks of the company's books showed it was "approximately one million dollars in debt," Insurance Board Chairman Garland Smith said.

No Insurance Mess

State Senator George Parkhouse told a meeting of insurance men in Austin that most of the controversy was being played out of true import.

WASHINGTON AND 'SMALL BUSINESS'

By C. WILSON HARDER

Independent businessmen express deep concern over farm problem. First in their minds is belief that farmers, producers of wealth, are keystone in national economy.

In addition, independent businessmen who pay a heavy proportionate share of taxes cannot see how situation can continue. The general feeling is that there must be a businesslike solution.

Here are some of the facts. The same forces seeking to plow under independent business works to plow under the independent farmer, commonly known as the operator of a family sized farm. More than a million have apparently been plowed under since 1935 by growth of huge corporation farm ventures.

In 1935 nation's farmlands totaled 1,054,515,000 acres divided among 6,182,350 farms. By 1952 acreage increased to 1,158,566,000 while farm number dropped almost 1 1/2 million to 5,382,162.

1935 is also important in other ways to farm situation. In that year reciprocal trade treaties got underway. Imports of manufactured and crude foodstuffs totaled \$641,185,000. By 1952 imports reached over \$3 billion.

In meantime, domestic surpluses mount. Government authorities estimate by June 1955 government owned corn will increase from present 800,000 bushels to over a billion bushels, and so on down entire list of supported commodities.

Two facts seem apparent. First, unless better tariff protection is given U. S. producers, farm surpluses will zoom.

Second if government support prices continue on all farming operations despite scope of operations, more and more will be produced by corporate farms.

Big corporation farms, assured of guaranteed prices for their crops, continue to produce more and more surpluses.

Of course end of all support prices would stop tax waste. But blow to independent farmers might be fatal.

Secretary Benson seems aware of situation whereby big corporation farms reap the harvest. In Denver speech he said "operators of family size farms receive comparatively little help from present program."

It is understood Secretary Benson feels inclined to some provision which would limit the amount of government support to the first \$25,000 worth produced by any farm.

However it could be politically ticklish for Secretary Benson to publicly advance this idea because it was a part of so called Brannan plan.

But regardless of politics strange paradox continues.

In mid 30's Congress gave away its rights to control protective tariffs to world wide bondholders. As flood of imported foodstuffs swelled, programs were enacted to keep U. S. independent farmer from drowning.

Then big interests who play only sure things such as monopoly operations jumped into farming to increase surpluses paid for by U. S. taxpayer.

It is a situation which cannot continue.

He said that most of the trouble was being "generated artificially and unnecessarily to serve the political purposes of a little group of men." He added that the Legislature should, however, patch some present law loopholes and pay examiners better salaries.

'Ridiculous' Charges

Charges by a former agent of the

State Liquor Board that the liquor industry and politicians run the board was termed "absolutely ridiculous" by Administrator Coke Stevenson, Jr.

Stevenson said the accusation of former member Weldon Burney, who called the board corrupt and dominated by politics, was without basis.

The San Antonio man resigned May 27. Stevenson said that he

Governor's Race

Governor Allan Shivers, running for re-election, designated Ralph Yarborough and his backers as "dreamers" who see as a solution of all our ills centralization of our government in Washington.

"As an example of his meaning, Shivers said his opponents were blaming him for supporting the Republican nominee for President in 1952.

"They say I'm a traitor," Shivers commented. "If getting the tide-lands back for our school children means I'm a traitor, then I plead guilty."

"Our opposition paid lip service to the tide-lands. This low-time loser's biggest backers said the tide-lands belonged to the federal government."

Yarborough had hurled the charge of disloyalty at Shivers because of the latter's support of Eisenhower.

Yarborough also struck out against Shivers' bid for a third election term, saying, "Texas tradition condemns a third term. We approved the Twenty-second Amendment which forbids a third term for President."

Women in Politics

Two Texas women took over prominent spots in the state's political show last week.

Mrs. Pat Dougherty will manage the campaign of her husband, Dudley T. Dougherty, for the United States senate. Mrs. Charles DeWalt of Kilgore, whose husband is publisher of the Kilgore News Herald, was appointed state chairman of Texas Democratic Women for Shivers.

Demo Convention

A decision that will give big city counties who voted Republican in 1952 a strong voice in the Texas Democratic Convention was made by State Democrats in agreeing to county both parties' 1952 votes in deciding their convention strength.

The Democratic Convention convenes in September at Mineral Wells. The committee, meeting in Austin, agreed unanimously on the proposal after being told by its legal committee that the total vote was the correct basis on which to determine delegate strength.

Insurance Investigations

One Texas insurance firm went into receivership and another appeared ready in another week of insurance shake-ups.

Ralph W. Hammonds of Houston, head of the Lloyds of North America Insurance Company, admitted insolvency and his firm went into permanent receivership.

Insurance investigations was the second in a series of moves in the San Antonio. Suspension followed a voluntary request of the firm's president, Ralph D. Stokes.

Star Recipes

BUCKWHEAT CAKES*

1 quart lukewarm water
1 cake compressed yeast
2 teaspoons salt
2 tablespoons sugar or molasses
2 cups buckwheat flour
2 cups sifted all-purpose flour
6 tablespoons melted shortening
1/2 teaspoon baking powder

Pour 1 cup of the water over yeast; let stand about 10 minutes. Dissolve salt, sweetening in remaining water; add dissolved yeast. Blend liquid mixture with flours. Add shortening; beat until smooth. Let rise until full of bubbles—about 1 hour. Dissolve soda in 2 tablespoons warm water; stir into batter. Grease griddle lightly and heat. To test for proper heat sprinkle a few drops of water on the griddle. If bubbles "skitter around" heat is just right. Pour batter from tip of large spoon or from a pitcher. Turn pancakes as soon as they are puffed and full of bubbles but before they break. Cook until brown. Yield: 24 medium cakes.

satellite countries have with some of the nations that are friendly to us provide an excellent opportunity for the Reds to do some wooing of their own, even to the extent of threats. I have tried to weigh this problem from every conceivable angle and have concluded that in trade agreements between this country and other countries there must be some very rigid limitations concerning trade between the other country and the Russian or Russian dominated countries. In fact, I support an economic blockade of the Red countries and their satellites to the fullest extent that it can be made effective by this country and our allies. We should spend a great deal more time and

effort in cementing the relations between the countries in the Western Hemisphere so that we could put up a solid front against Communist aggression in Asia or any other place in the world. Had this policy been followed out, I do not believe that we would be faced with the situation we are now faced with in Guatemala. You can look for this trade issue to grow bigger and bigger within the next few months.

Timely Tips

1. Eat a good breakfast the year round. From 1/3 to 1/4 of the day's requirement of nutrients should be eaten at breakfast.
2. Buckwheat cakes may be served for supper with creamed meats.
3. Grain products are important sources of iron, thiamine, riboflavin and niacin. They are good sources of energy an contain incomplete protein.

Gifts Exchanged At Sunshine Bible Meeting

The Sunshine Bible class met Thursday afternoon in the home of Mrs. Roy Slagle.

Secret Pals were revealed and gifts exchanged, with new Secret Pals being chosen for the next quarter.

Mrs. Lucille Collier and Mrs. Foister Rector conducted a quiz on women of the Bible.

Dainty cheese sandwiches, sponge cake, and glasses of iced lemonade were served to Mesdames C. L. Vestal, Sr., Foister Rector, Haws, Frank Osborn, H. C. Kendrick, Jake Lamb, Bertie Stowers, Lucille Collier, Ural Sherrill, Pearl Hand, J.W. Roberts, an dthe hostess.

Visiting in the Bee Westbrook home Sunday were Mr. and Mrs. E. G. Wampler of Lorenzo, Mr. and Mrs. John Westbrook and son, Charles, of Lubbock, Mr. and Mrs. Raymond Melton and sons, Jimmie and Ronnie, of Littlefield, and Mary Bell McGlothlin.

Mr. and Mrs. C. E. Altman, Jo Ann, and Ronnie spent the weekend in Lubbock. Mr. Altman's father is in the Methodist Memorial hospital there.

Rev. and Mrs. C. M. Fields are on vacation this week, visiting points in and around Arkansas.

Visiting in the home of the Fred Whites, Sunday evening, were Mr. and Mrs. Mashell of Canyon.

Our Great America by Woody

GOLD

THE WORLD'S FIRST STAMP FLYER WAS AN AMERICAN—LINCOLN BEACHLEY. IN 1913 HE PERFORMED THE FIRST "LOOP-THE-LOOP" WHILE STUNTING AT A FAIR.

I HATE HORSES

THE FIRST GASOLINE PUMP TO SERVE AMERICAN MOTORISTS WAS SET UP IN FT. WAYNE, INDIANA, IN 1895, BY SYDNEY P. BOWSER.

DISCOVERY OF GOLD NEAR SUTTER'S SAWMILL IN CALIFORNIA STARTED THE COUNTRY'S GREATEST GOLD RUSH 125 YEARS AGO. CALIFORNIA STILL LEADS ALL STATES IN GOLD PRODUCTION.

MODERN WOOD-PRESERVING METHODS ARE USED TO PRESERVE THE USEFUL LIFE OF TIMBER PRODUCTS TO FIVE TIMES. ONE OF THE EARLIEST WOOD-PRESERVING TREATMENTS IS DESCRIBED IN THE BIBLE.

PERSONALS

Mrs. Virgil Howard and son from Abernathy were here over the week-end visiting with the Arthur Drakes, Earl Drakes, and the A. O. Drakes.

Rev. and Mrs. Ural Sherrill were in Abernathy last week, visiting his sister, Mrs. C. M. Barrick.

Mr. and Mrs. H. T. Magness, Mr. and Mrs. John Burrows, and Mrs. Ralph Taylor were in Bovina last Thursday to attend the wedding of Jerry Rogers, former Friona student, and Dorothy Jones. La Von Rogers, brother of the groom, performed the ceremony. The group attended the reception in the educational building after the wedding.

On June 17, Mrs. H. A. Hyde received a message from Sulphur, Oklahoma, that her brother, Robert S. Greer, had passed away. He had been in the Veteran's hospital there for several years. His only son,

Major Bobby Greer, now in Japan, was unable to come to his father's funeral.

After two hail storms and a damaging freeze, the H. A. Hydes reported Wednesday that the irrigated wheat was averaging 20 bushels an acre. The farm has approximately 100 acres covered in this wheat.

The park certainly looks better since the benches were straightened and it has been cleaned up.

Hayden Cayson is the owner of a new Bel Air sport coupe Chevrolet. The car is in the contrasting colors of black and white.

Several relatives gathered at the home of Mrs. Grace Hart, Sunday afternoon. Among these were Mr. and Mrs. Jimmy Sullivan from Lubbock, Mr. and Mrs. Logan Simpson and Roy Hart, from Amarillo, the Bill Flippins, and the Fred Whites.

Wedding Vows Exchanged in Friona For Wanda Robason - Hershel Jones

MR. AND MRS. HERSHEL LEE JONES

Nuptial vows were exchanged by Miss Wanda Robason, daughter of Mr. and Mrs. D. O. Robason, Siloam Springs, Arkansas, and Hershel Lee Jones, son of Mrs. Leverton of McMary, Arizona, in a double-ring ceremony held June 18, in the Friona Baptist church. The service was read by Reverend C. M. Fields, pastor. Decorating the chancel were arrangements of white gladioli, daisies, and greenery.

Miss Deann Buske, cousin of the bride, played the wedding marches and accompanied Miss Joyce Miller who sang "Because" and "The Lord's Prayer" and Mrs. W. S. Crow, aunt of the bride, who read Elizabeth Barrett Browning's "How Do I Love Thee?"

Candlelighters, Phila May and Lila Gay Buske, wore white dresses with pink corsages.

The matron of honor, Lila Wall of Hart, and the bridesmaid, Patsy Talley of Friona, sisters of the bride, wore identical dresses of aqua frosted nylon.

Best man was Darrell Marriot of Spearman, and Frances Jones, brother-in-law of the groom, was groomsman. Ushers were D. O. Robason and Jimmy Robason, brothers of the bride, and S. B. Sheets, cousin of the groom. Helen Taylor and Doris Johnson of Odessa registered the guests.

Given in marriage by her father, the bride was attired in a full-length gown of white nylon tulle over chantilly lace. Her gown, designed by Mrs. G. B. Buske, featured a peter pan collar, accented by medallions centered with rhinestones, sleeves gathered softly at the elbows and a full skirt. Her finger-tip veil of illusion fell from a bonnet-shaped tiara. She carried a white Bible topped with a white orchid, showered with white stephanotis and white satin streamers.

The mother of the bride selected a navy silk linen suit and navy accessories. The groom's mother chose a grey and white suit dress. Their corsages were of white roses.

A reception was held in the home of Mr. and Mrs. G. B. Buske. Mrs. De Wayne Cleveland, Mrs. W. C.

Williams, Jr. and Mrs. D. O. Robason, Jr., served the tiered wedding cake and coffee to 175 relatives and friends, assisted by Mrs. W. H. Jones, Mrs. A. L. Carlton and Mrs. Roy Johnson, aunts of the bride.

After the honeymoon in Colorado, the couple will be at home in Spearman where Mr. Jones is engaged in farming. Mrs. Jones taught last year in Gruver. The groom is a graduate of Texas A. and M.

Mrs. Welch, Ralph Miller High Scorers at Club

The monthly meeting of the Couple's Bridge club was held Monday night in the home of Mr. and Mrs. Dan Ethridge. Other hosts were the Weldon Dixons and the Casey Duns.

High score winner for the women was Mrs. Nelson Welch, while Ralph Miller took top honors for the men. Mrs. Hollis Horton was awarded the bingo prize.

Refreshments of a salad dish with crackers and punch were served to the 35 present.

Mrs. Ray Strickland Given Shower at Black

The ladies of the Black club honored Mrs. Ray Strickland, nee Deaton, with a miscellaneous bridal shower at the Community house, Thursday afternoon.

Mrs. Fern Barnett and Mrs. Ralph Price had charge of the program. Mesdames Presley, Tatum, Roberson, Elmore and Rocky were in charge of refreshments. Games were played and as an additional part of the program, Ann Pruitt sang "Side by Side" and "Tea Pot." Music was furnished by Mrs. Pruitt, pianist.

Favors of marshmallows, halved and in the shape of a wedding ring box, held gold life savers as replicas of a wedding band.

Refreshments were served to 34 guests.

Shower Given For Mrs. Ed Lonvick

Mrs. Edward Lonvick, nee, Ray Nell Foster, was feted last Saturday morning at a shower brunch in the home of Mrs. Ernest Osborn. Assistant hostesses were Mrs. Hoyl Smith and Mrs. O. J. Beene.

Laid with a white linen cloth, the serving table was centered with a unique bridal shower arrangement. A parasol made of white net entwined with white streamers stood firmly in a large white bowl filled with floating asters in the bride's chosen colors of aqua and white, and little white cupids added to the setting. The melting ice cubes hanging from the points of the parasol provided a bright show of rain drops to draw all eyes to the romantic centerpiece.

Fresh strawberries were served from a rose-point crystal bowl; blue berry muffins, cinnamon rolls and orange nut bread were served from an oblong silver tray. Coffee was poured from a silver service by Ruby Mae Shaffer.

Guests registered in the Bride's book were: Mesdames Sloan Osborn, J. G. McFarland, Ralph Smith, Henry Lewis, Roy Miller, Hadley Reeve, Howard Mayfield, J. T. Gees, Frank Spring, Dan Ethridge, Jim Shaffer, Bob Jones, O. F. Lange, Jake Lamb, Bill Stewart, Lois Norword, Wesley Foster, mother of the bride, and Ruby Shaffer.

Sending gifts were: Mesdames Charles Bainum, Raymond Jones, H. K. Kendrick, and Howard Martin of Clovis, N. M.

Ladies Aid Elected Mrs. Lange President

The Ladies Aid of the Congregational church met Wednesday, June 16, in the church basement. Mrs. Hazel Weir handed her resignation in for president, and Mrs. O. F. Lange was elected to fill her position.

The members had a work-day consisting of sewing. Work is progressing on the programs for the coming year.

Ten members were present. The next meeting will be held Wednesday, June 30.

Mrs. Welch, Ralph Miller High Scorers at Club

The monthly meeting of the Couple's Bridge club was held Monday night in the home of Mr. and Mrs. Dan Ethridge. Other hosts were the Weldon Dixons and the Casey Duns.

High score winner for the women was Mrs. Nelson Welch, while Ralph Miller took top honors for the men. Mrs. Hollis Horton was awarded the bingo prize.

Refreshments of a salad dish with crackers and punch were served to the 35 present.

Mrs. Ray Strickland Given Shower at Black

The ladies of the Black club honored Mrs. Ray Strickland, nee Deaton, with a miscellaneous bridal shower at the Community house, Thursday afternoon.

Mrs. Fern Barnett and Mrs. Ralph Price had charge of the program. Mesdames Presley, Tatum, Roberson, Elmore and Rocky were in charge of refreshments. Games were played and as an additional part of the program, Ann Pruitt sang "Side by Side" and "Tea Pot." Music was furnished by Mrs. Pruitt, pianist.

Favors of marshmallows, halved and in the shape of a wedding ring box, held gold life savers as replicas of a wedding band.

Refreshments were served to 34 guests.

Coffee Honored Guests In Weatherly Home

Mrs. Clyde Weatherly held an informal coffee in her home Tuesday morning, honoring her mother and two sisters from Greenville, Texas, who have been her guests the past week.

The dining table held an array of rolls, cakes, mints, nuts, and ice melon. Coffee and cokes were also served.

Attending were Mesdames J. H. Boyle, Ralph Shelton, Forrest Osborn, Arthur Drake, Kenyth Cass, Gib Baker, the honorees, Mrs. Celia Phillips, Mrs. Homer Ferguson, Miss Arvis Phillips, and hostess, Mrs. Weatherly.

Candlelighting Service Slated for WSCS Sunday

The Commission on Missions of the Methodist church will sponsor the Woman's Society of Christian Service in a beautiful and unusual program Sunday evening, June 27, at 8:00 in the sanctuary. It is a candle lighting service in which the voices of NEED and GRIEED vie with each other for place and attention in the life of the modern Methodist woman. Every member or friend of the church is especially invited to attend and participate in this service.

Bartletts Surprised With Sunday Evening Shower

Sunday evening, members of the local Congregational Church surprised the newly married Mr. and Mrs. Marvin Bartlett by taking refreshments of sandwiches and cold drinks to their home.

The couple was showered with gifts. Fifty were present.

Mrs. Lange Was Club Hostess

Mrs. O. F. Lange was hostess to the Friday Afternoon Bridge club, June 18. Mrs. Roy Slagle was high score winner.

A refreshment plate of salad, waters, and iced tea was served to Mesdames Bert Shackelford, Bert Chitwood, W.B. Stark, Carl Maurer, Marvin Bartlett, H. C. Kendrick, Roy Slagle, and the hostess.

Friona Women Attended Hereford WSCS Meeting

The Hill-Hare Sub-District of the Woman's Society of Christian Service was held June 16, in the Wesley Church of Hereford. The theme for the all-day meeting was "Witnesses of the Widening Day."

Those attending from Friona included Mesdames Roy Slagle, Bill Stewart, Joe Moyer, H. R. Cocco-nougher, Jim Shaffer, James Boyle, Ralph Shelton, Ralph Durstine, and Howard Ford.

Our Best Wishes

to the New Owner

of the

FRIONA LUMBER COMPANY

Having sold the Friona Lumber Company to Carl McCaslin of Hereford, effective this week, we wish to extend every good wish to the new operators.

It has been a pleasure serving the people of this area in your building needs, and we recommend the new owners as thoroughly capable lumbermen; we invite you to give them the same confidence and good will that we have enjoyed and appreciated during our operation here.

Our sincere thanks to all of you who have relied on Friona Lumber Company for good lumber and good prices — your patronage has been appreciated to the greatest extent possible.

FORMER OWNERS OF THE FRIONA LUMBER COMPANY

Gala Summer Showing of All Freezer Models Now Underway. Take a Big Step Towards Food Economy by Stepping in to Your Dealer's "Freezer Fair."

A home food freezer is the modern way to better eating—economically.

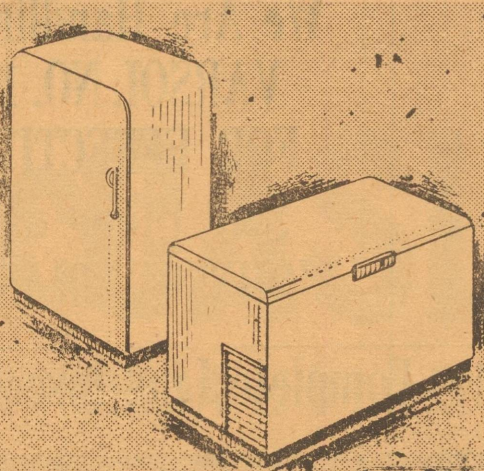

The food freezer that is stocked with foods that were purchased in quantity when prices were low means new convenience in meal planning and preparation, greater variety in meals, and a year-round balanced diet.

Freezers stop food waste. Food that was once thrown out is turned into planned-overs and served

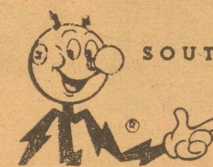

to the family when it's just what they wanted, instead of something they're tired of seeing.

When you can cut your food bills at the same time that you eat better, you have real economy. And that's the economy a home freezer offers you.

You'll find the model to fit your needs, upright or chest type, on display now at your Reddy Kilowatt Dealer. Visit his "Freezer Fair."

You'll find a "Visit Our Freezer Fair" sign where you see the Reddy Kilowatt Dealer emblem. Come to the Fair.

Mirth by the Ton

AS FRESH and full of mystery and excitement as the day after tomorrow, yet almost as old as recorded history. Unmistakably, it's the Carnival, with a colorful midway that's earth's closest approach to fairyland. To toddlers and parents, boys and girls, it means fun.

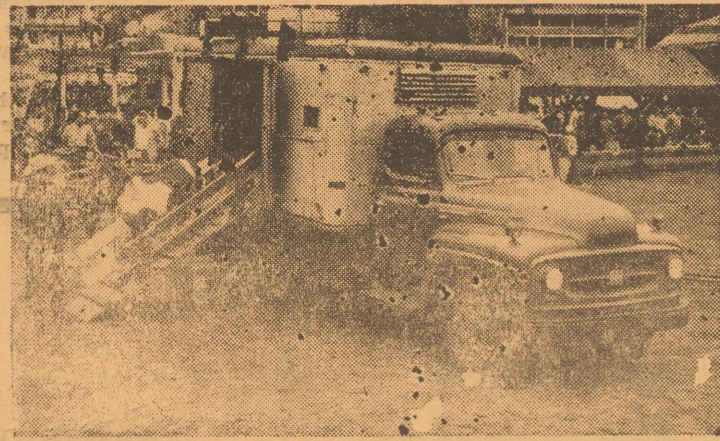

BIGGEST of traveling outdoor exhibitions is World of Mirth Shows. Owner is Frank Bergen, veteran showman pictured here with carnival's Midget actors.

SHRILL SHRIEKS of delighted terror, like those suggested here by youngsters being whirled in Roll-O-Plane, compete with music and raucous voices of the "grinders."

MAKING the goliath of outdoor show business available to people in hundreds of communities is like moving an entire city weekly. Tons of mirthmaking gear must be transported. Movement is keyed to efficiency. International truck-borne pony ride is typical.

RHEA

Vacation Bible school began Monday with 46 children enrolled. Teachers are Bertha Hertzow and Ruth Drager, lower beginners class; Edna Koeltzow and Florence Sifford, upper beginners class; Lorna Schueler and Mary Alice Bauer, primary class; Velma Schlenker, junior class, and Louise Wakner, senior class.

Ona Patterson, Helen Potts and Lenora Kunkel are the art teachers for the junior and senior classes.

Friday, June 25, is the closing day of the Bible school and the program will begin at 8:00 p. m.

Mrs. Lorna Schueler attended the funeral of her niece at Ft. Wayne, Indiana.

Mr. and Mrs. Billy Sifford spent last week-end with his parents, Mr. and Mrs. Herman Sifford and family. Peggy Sifford returned home then. She had spent the past two weeks visiting with the Billy Siffords and Lindy and Gladys Dean.

Visiting with Mr. and Mrs. Franklin Bauer, are his sisters, Mary Alice and Junell Bauer of Happy.

Karen Treider of Friona is visiting with Lindy Dean until Wednesday of this week.

Mr. and Mrs. Troger from Colorado Springs, Colorado, visited with Mr. and Mrs. W. H. Alderson last week.

Mr. and Mrs. George Nixon were in Amarillo Saturday.

Mrs. Williams reports that Grandma Drager is recovering very slowly from a fall three weeks ago. Mr. and Mrs. Richard Drager and family and Mr. and Mrs. Abe Drager and family visited her Sunday afternoon.

Mr. and Mrs. Harold Schlenker and Linda Gail have been visiting relatives in Rhea and Friona this week. Formerly residents of Portales, N. M., they have been living in Carmichael, California, the past two years.

Irene Scheler is home for about two weeks stay.

Visiting with Mr. and Mrs. Jack Patterson and family Sunday were Mr. and Mrs. Franklin Bauer and girls and Mr. and Mrs. Glenn Richie

and family of Bovina.

Gail Potts spent the week-end with Marilyn Potts.

Marilyn Potts and Gladys Dean spent Friday afternoon with Bonnie Jean Wagner.

Mrs. Walter Schueler's parents, Mr. and Mrs. Woolever of Clovis, visiting with them over the week-end.

GRASS ROOTS OPINION:

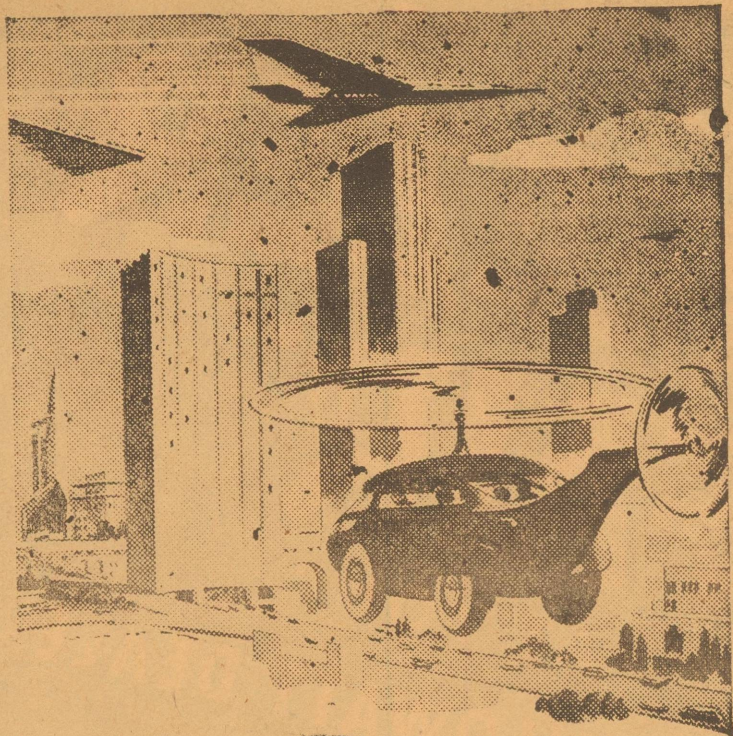

BOONTON, N. J., TIMES BULLETIN: "With Benjamin Franklin, we say: 'When men are employed, they are best contented; for on the days they work the were good-natured and cheerful, and, with the consciousness of having done a good day's work, they spent the evening jollily; but on our idle days they were mutinous and quarrelsome.' If we think on this, we appreciate it the more."

HALF MOON BAY, Calif., REVIEW: "Taking the nationwide average in manufacturing industry, for every dollar received from the sales of its product a firm will spend 49 cents for materials and supplies; 29 cents for wages, salaries and other employe benefits; nine cents for taxes; six cents for repairs, replacements, etc.; three cents for research and promotion—keeping four cents out of each dollar as profit."

COATESVILLE, Pa., RECORD: "... members of Congress have discovered that neither the State Department nor the Treasury has a complete compilation of the amounts of money which the United States has given, loaned or credited to foreign countries during and since World War II. The total is believed to be about \$100 billion..."

BAY CITY, Mich., VALLEY FARMER: "To think about our whole free enterprise as one vast economic machine is really not so very far-fetched because that is the way it works. No single part of it functions all by itself. Every industry, every factory, every machine tool, even one-man business, every newspaper daily or weekly is connected in many ways with all the rest of the economy."

Other Editors Say:

IT'S HUMAN NATURE (The Floyd County Hesperian)

Why in an ever-changing world it is human to resist change is a question that mortal man has studied many centuries and still is no nearer understanding. Whatever the idea or practice may be, if it is new or different from our accustomed ways, the first reaction is to battle it. To illustrate, first we knew that power farming would bankrupt the country, then it was automobiles. Next it was the "craze" for highways. Anything that makes radical changes makes radical believers in the fast arrival of Doomsday. It has been that way since mankind began. And in the future the same will be true. Inertia of the human mind.

There is then some justification of the retort of youth, "You have not done such a good job yourselves that you should be criticizing us." But it should be realized that the messy world the old folks are handing on to their successors was in quite a mess when they received it from their forebears. Once the

people who are now nearly or quite senescent were teen-agers themselves and they looked with a measure of misgiving at the world that was being turned over to them. They too looked out on world affairs and saw a very disturbing prospect. They were disposed to feel that in the matter of world improvement the old folks could have done a better job.

Every new generation that ever trod the earth has fallen heir to a fouled-up world. In fact this dear old world has been fouled up considerably ever since Adam nibbled that apple back in Eden. This world never has been perfect. Always it has seen wars and heard rumors of wars. Always there has been poverty and exorbitant taxation. And the noblest character that ever walked the earth told worried and toiling men that we shall have the poor with us always and that we shall have wars and rumors of wars unto the end of time.

No, the older generation of our day has not ended war or abolished poverty or freed mankind from the burden of ceaseless toil. No generation ever did and no generation ever will. And who can doubt that when our present day teen-agers come to turn the world over to their children this world will still lack a lot of being a perfect world?

The test of all generations has been their ability to face every trial in a brave and manly manner and not that they have failed to conquer that which is unconquerable. This older generation has come through great tribulation and while it has not been able to leave its children the perfect world it sincerely prayed for it has met the challenges of its time like men. And while it is regrettable that the rising generation is to receive such a distracting heritage, it is consoling to know that our teen-agers will meet in a worthy manner every crisis that the troubled future will unfold.

Except for our brand new implements of mass destruction this old world is no worse than it was when the present generation took over its management. The one respect in which our present-day teen-agers are different from their predecessors is that they are more fully informed of what is going on. Many a disturbing thing that a former generation never even heard of is now on the front page and the television screen the day it occurs. Seeing so many things that once remained hidden, it is no wonder that our teen-agers are disturbed. But in the main the grim tasks they are facing are the tasks that every generation has faced since our first parents played around with a snake in the bowers of Eden.

had been demoted in grade and appeared dissatisfied when he couldn't get a transfer back to McAllen where he was stationed when Stevenson took office.

Water Is Big Problem

Water is one of the state's big problems, the president of the Texas Water Conservation Association told Texas University attorneys and water engineers. Guy C. Jackson, Jr., asking for water improvements, called for a "state-wide water plan" and for the state to assume financial responsibility for dams and other water improvements.

Joins Campaign Staff

A manager of Governor Allan Shivers' successful 1952 race has been named to help manage the Governor's campaign for re-election.

Jack Dillard, director of Alumni Affairs for Baylor University, will assist Senator Otis Lock of Lufkin in forming strategy for the campaign which was fired off Monday with a rally and radio broadcast at Lufkin, Shivers' home.

Tax Exemption Asked

Two Texas turnpike corporations have asked the State Supreme Court whether toll roads built by private firms can have tax exemptions.

The Texas Turnpike Company and the Sam Houston Turnpike Corporation appealed from the Dallas Court of Civil Appeals.

Both are seeking to build toll roads in the state; one from Dallas to Houston and the other a Dallas-San Antonio route.

FRIONA WHEAT GROWERS INCORPORATED

DESIGNED FOR DOUBLE-DUTY

INTERNATIONALS with combination stock rack and grain bodies haul livestock or other bulky loads or (below) provide a big-capacity grain-tight box for easy handling of grain or feed. Model shown is R-160, GVW rating, 14,000 lbs.

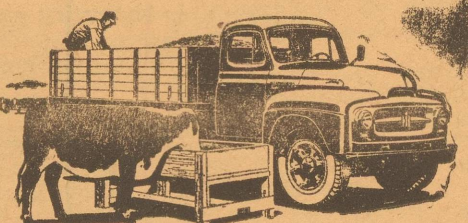

BUILT TO "TAKE IT" FOR YEARS

You solve most of your farm hauling problems — and solve them for a long time — when you take delivery of an INTERNATIONAL Truck with combination stock rack and grain body.

This double-duty truck does a thousand and one jobs. And because it's built with INTERNATIONAL quality and all-truck engineering, it works for extra years, at extra-low operating and maintenance expense. It gives you the power and performance of the famous all-truck INTERNATIONAL Silver Diamond engine —

easy steering, easy handling, easy riding — plus the comfort and convenience of the roomy, deep-cushioned Comfo-Vision cab.

Come in and get all the money-saving facts on INTERNATIONAL — best farm worker in the whole farm field!

Your trade-in may cover the down payment. Ask about our convenient terms.

HOW TIME FLIES

(The Ochiltree County Herald)

If you are 76 years old, you lived before you were able to enjoy electric lights. This year is electric light's diamond anniversary, it having been 75 years ago that Thomas Edison invented the incandescent lamp.

Since then electricity has utterly transformed the living and working standards of the American people. Just stop and think of the many duties electricity does in your home, farm or business.

There is probably no other conceivable power which does so much for so many for so little as electricity does today. It truly is man's greatest servant.

KISSING

Before the massed dignity of the Southern California Dental Association, Dr. Samuel C. Miller of New York University exploded the idea of spreading trench mouth by kissing.

"You can kiss anybody you want to without getting trench mouth — I guarantee it," he said. "It's just not contagious, person-to-person. Among its causes are emotional tension."

This is news, indeed. However, everyone knows about a kiss, with the right person, leading to emotional tension. A kiss, properly administered, will start hearts fluttering, set fireworks whizzing through the air, and usually is the first step toward matrimony.

But it won't cause trench mouth. The doctor guarantees it.

Polio Precautions Given in State

AUSTIN, June 24.—This is the season of the year when an increase in poliomyelitis can be expected and Dr. Henry A. Holle, State Health Officer, is urging the public to cooperate in helping to prevent the spread of this crippling disease.

"Children should not visit homes where poliomyelitis or symptoms of this disease are present. Promptness in diagnosing poliomyelitis is one of the most important factors in its control," Dr. Holle declared. "Direct contact between persons is the chief factor in the spread of infantile paralysis and since carriers are difficult to determine, it is advisable to reduce to a minimum all human contacts during any outbreaks of this disease."

Dr. Holle stressed the fact that a rigid program of sanitation is advisable since it has been suspected that flies and other seasonal insects may convey the virus or germ of poliomyelitis. He added that insect transmission has not been scientifically demonstrated but pointed out that sanitation is always advisable in controlling disease and that filth is likely to prove dangerous.

Early symptoms of infantile paralysis are headache, fever, vomiting, unusual drowsiness, and irritability, followed by stiffness in the neck and back.

Children under five years are most susceptible and all children under twelve years should be watched for suspicious symptoms. Dr. Holle urged that a physician be called immediately if infantile paralysis is suspected. If the disease is definitely diagnosed, local health authorities should be contacted immediately and patients isolated for at least 21 days.

Mrs. Cocanougher Led WSCS Program

The WSCS met in the annex of the Methodist church, Tuesday afternoon, for the program entitled, "Students of Today's World." Mrs. H. R. Cocanougher was leader and opened the program with a hymn led by Mrs. H. L. Outland. Mrs. Forrest Osborn read the scripture and gave a prayer. Miss June White sang a solo, "I Needed God," accompanied on the piano by Mrs. Ed White. Mrs. Howard Ford related the activities of a student of Hozambique. Mrs. Ruth Jones told of Student Camp Work and Mrs. Dick Rocky discussed the importance of work with students.

A thirty-minute business session was conducted by the president, Mrs. Bill Stewart. The minutes were read by Mrs. Bob Gore, secretary. All members are urged to attend a covered-dish luncheon at the annex next Tuesday, June 29, at 12 o'clock. At this time, Mrs. J. H. Boyle will conduct "Officer's Training Day." Mrs. Rocky and Mrs. Cocanougher served refreshments following the meeting. Twenty-three members and four visitors were present.

Rhea 4-H Club Met at Wagner's

The Rhea 4-H club met at the home of Bonnie and Ruth Wagner, Friday, June 18.

Miss Corine Stinson gave a demonstration of the correct way to sew on a button and how to slip stitch.

Refreshments were served by the hostesses to Gloria Patterson, Cynthia Patterson, Marilyn Potts, Gladys Dean, the leaders, Mrs. Jack Patterson and Mrs. Martin Wagner, and one guest, Junell Bauer.

The next meeting will be held in the home of Marilyn Potts on July 1.

Mr. and Mrs. Johnnie Kappell of Los Angeles, California, were guests in the Bee Westbrook home Saturday afternoon.

Church Youth Return From Abilene Meet

Patsy Anthony, Mickey Ready, and Jerry Bell Norwood left Monday, June 14, by bus for McMurry College in Abilene where they attended the 38th annual Methodist Youth Fellowship assembly of the Northwest Texas Conference.

The group was very enthusiastic over their trip and they will constitute a part of the program at the Methodist Church, Sunday night, relating their observations, experiences, and events that they viewed at the assembly.

When they arrived Monday, James Kirby, conference president of the assembly, conducted delegates on a tour of the city. Points of interest included the Coca Cola factory, Christian and Hardin-Simmons Colleges, and a view of the beautiful homes in Abilene. That night, a film was shown to the 441

young people and 45 workers who attended the assembly. The film was a detailed biography of the life of John Wesley.

The delegates to the assembly were housed in McMurry College dormitories, and had their meals in the dining hall of the college.

Principal speaker was Dr. Marvin Boyd, pastor of the First Methodist Church of Midland, who delivered a sermon each night. Tuesday, Dr. A. C. Wimpee gave a talk on alcoholism and tobacco. Rev. Frank Peery, pastor of the Amarillo Trinity Methodist Church, serving as dean of the MYF Assembly, directed an instructional staff of about 50 Methodist ministers, youth workers, and laymen. Besides the regular schedule of Bible study groups, morning watch, evening vespers, and general sessions, there were skill and work shops.

The second film, "Boundary Lines," featured a panel after the movie to discuss and answer all questions presented. The panel consisted of a girl from Germany, a boy from Old Mexico, Dr. E. Stanley of India, and John Davis.

An interesting type of recreation was planned for the group in the form of an amateur track meet. Instead of discus throwing, paper plates were used, etc. Childrens District copied first honors with Amarillo District coming in second.

New conference assembly officers were elected Friday and that night a communion service was held. Saturday, the new officers were installed and the group returned home that night.

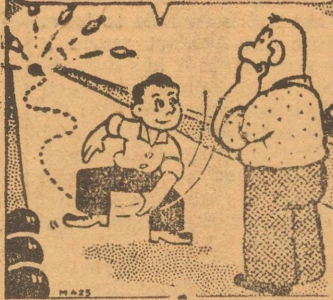

Reported as one of the most interesting and outstanding features of the assembly were the worship centers which were impressive yet simple. Soft red and blue lights were used as contrasting colors to light the worship centers. The theme of the assembly, "Finding Life in the Will of God," was used in one worship center. Two of the most beautiful ones are mentioned below.

Cleverly displayed on a background of crumpled black velvet, in dim lighting, was the single word, "Joy." When more intense light was focused on the word, it could be seen that, extending from the letter "J" was the word Jesus, from "O" was the word others, and from "Y," you. This conveyed the idea that Jesus should be served first; others, second; and you, last, thereby producing joy.

The most inspiring worship center consisted of a life-size statue of Christ on the cross, spotlighted with soft lighting effects.

Vic Vet says

ASK IT 10,000 POST-KOREA VETERANS ARE TAKING OUT SPECIAL GI INSURANCE EVERY MONTH. IF YOU'RE PLANNING TO APPLY, REMEMBER YOU HAVE ONLY 120 DAYS AFTER SEPARATION TO DO SO.

VETS' COLUMN With the Answers

Q—I have a Korean GI term insurance policy—the kind that doesn't pay dividends. Would it be possible for me to convert it to a permanent form of insurance?

A—No. Under the law, non-participating term insurance policies issued to Korean veterans may not be converted to permanent plans.

Q—I am a disabled World War II veteran, and I'd like to take vocational rehabilitation training under Public Law 16. If I'm eligible to train, would I be allowed to take a four-year law course?

A—No. The law would allow you to take only a course that you could complete by July 25, 1956, the date the Public Law 16 training program comes to an end. You would have to enroll for a course that you could finish in two years or less.

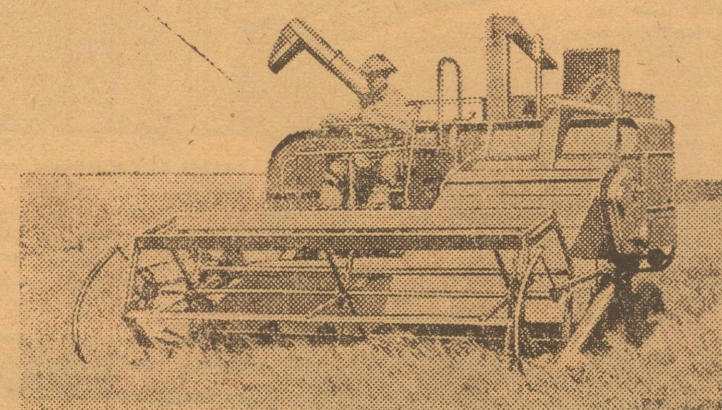

Q—I am a World War II veteran taking GI Bill training at night. I have a job that normally doesn't require me to travel, but I found out that I'm going to have to take a three-week business strip, and therefore interrupt my training. Will I be permitted to resume my GI Bill training when I get back? Or is this the kind of interruption that's not allowable?

A—You will be permitted to resume your GI Bill training when you return from your trip. VA considers such a temporary interruption as one caused by a "valid reason" so long as it doesn't last for more than four months. If it did last longer, you would be required to show VA that you couldn't possibly have resumed your training earlier.

Q—Does the August 20, 1954, deadline for starting Korean GI Bill training apply to all Korean veterans?

A—No. The August 20 cut-off date applies only to veterans separated from service before August 20, 1952. Veterans separated after that date have two years from separation to begin Korean GI Bill training.

INCREASED Harvest Capacity

priced for home ownership

More bushels per acre do little good unless you get them out of the field and into the bin. That's why we would like to show you the new self-propelled Model 100 ALL-CROP Harvester . . . for greater capacity . . . for cleaner harvesting . . . for many-crop ability . . . all at moderate price.

Whether you are harvesting tough-threshing seeds or big brittle beans, you're ready to go when conditions are best with your own Model 100 ALL-CROP Harvester.

Here's big harvesting capacity, plenty of engine power, and proved ALL-CROP Harvester design — built for easy, easy-to-handle machine. See us now.
