## THE FRIONA STAR

VOLUME 31, NUMBER 1

THE FRIONA STAR, FRIDAY, SEPTEMBER 10, 1954

5 CENTS PER COPY

The beans grow big in Texas! This bean, homegrown by Mrs. Carl Schlenker, will be entered at the Parmer County Fair here. Another of her large beans is on display at the Ethridge-Spring Agency.

### Redmen in Readiness For Vega Encounter

Looking considerably better in practice sessions this week, the Friona Chieftains will have their first grid test this Friday evening on foreign territory, playing Vega there. Little is known of the Vega timber, but only 4 men were lost there this season, and it is remembered that Vega finished second in district play last year. They are playing under a new coach this year, John Ballard. Starting lineup for Coach Cook's Chieftains is expected to be as follows:

Harold Taylor, hb, 130 lb. Junior; John Thomas, lg, 135 lb. Senior; Dudley Bainum, hb, 137. Senior; Jerry Houlette, fb, 144, Junior; Wesley Barnett, qb, 152, Sophomore; Phillip Weatherly, le, 143, Sophomore; Keith Battey, rg, 155, Senior; Don Reeve, c, 154, Sophomore; Joe Allen, re, 159, Senior; Donald Pettey, rt, 150, Junior; and Gary Panzer, lt, 170, Senior. Others on the "A" string include Jerry Chiles, fb; Charles Kirk, hb; Mickey Ready, le; Gordon Wright, re; Weldon Fairchild, lg; DeWayne Taylor, lt; and Warren Brooks, rt.

### Farm Bureau Report

By RAYMOND EULER

Since its inception in 1919, the Farm Bureau has consistently fought to promote, protect and represent the business, economic, social and educational interests of American farmers and ranchers. Hundreds of bills have been proposed and supported by Farm Bureau that have tended to improve the farm and ranch home and family.

Peculiarly, none of these advantages has been gained or sought on the radically "demanding" basis. Farm Bureau has not sent "delegations" to Washington demanding certain advantages "or else." Beginning on the county level and going on up through district, state and national channels, agreement has been reached, sometimes on a compromising basis, until the whole organization could give its influence to attainment of the goals decided upon.

Because of this reasonable and considerate method of operation, which naturally suits the average farm operator, due and considerate respect is paid suggestions our state and national representatives present. Congressmen and other legislative members know there are to be no "steam roller" tactics employed, but that sensible, workable suggestions have been derived from this grass roots deliberation system. These are some of the basic reasons why very few important programs originated and sponsored by Farm Bureau are brushed off.

There is no denying that these programs do not always exactly suit every member to a "T". Neither is there any denying that the majority is well pleased, for that is the truly democratic way every Farm Bureau program has gained its support. State presidents and national presidents speak for or against farm programs only when they have authority from their members, recorded in state or national resolution books. This is the

way your voice effectively reaches the right ears. We believe this is a reasonable way of working in the interest of the most farmers and ranchers and every other economic segment of America. From last year's resolutions, Parmer County has seen one of its bills written into state law, and another written into national law. We know of no equal to this from the county through any other organization. Do you belong?

CONSIDER THIS: He that han-dleth a matter wisely shall find good; and whoso trusteth in the Lord, happy is he. Proverbs 16:20.

### Caution Against Boll Worms

Check of the county cotton fields early this week by County Agent Joe Jones revealed some signs of boll worms. Some eggs were noted, and Jones urges cotton farmers to be on guard; spraying is recommended at the first signs of any worm damage.

Cotton meetings were held last week throughout the county to acquaint growers with all phases of boll work identification and control. Good turnouts were in evidence, especially at the Hub and Lariat sessions. At time of the meetings, the groups went into nearby fields to check worm signs, but few were found at that date, Jones said.

### BIRTHDAYS

## Barbeque, Parade, Livestock, Entertainment Assure Greater Parmer County Fair Here

Twelve hundred pounds of beef are being prepared for the free barbeque Tuesday evening, 6 P. M., by the Chamber of Commerce of Friona.

Six tables will be set in the park, and lemonade and coffee will be served, to say nothing of the huge quantity of beans, pickles, onions, etc. About 3,000 were fed at the affair last year.

Refreshments will be on sale by ladies of the Eastern Star and the Progressive Study Club.

Ladies of the Friona Methodist Church will serve dinner at the church annex Tuesday from noon until 2 P.M. The menu will include chicken, salads, variety of vegetables, homemade pies and coffee and tea.

Prices will be \$1.25 for adults and 65 cents for children.

THERE WILL BE A PHONE AT THE FAIR GROUNDS this year! Arranged by the Friona Chamber of Commerce, the phone should meet a long-felt need. Anyone wishing to contact anyone at the fair may call the Chamber of Commerce booth where Mrs. Lucy Jones will be on hand to deliver messages.

### DOLL CONTEST

Received too late to place in the Ethridge-Spring ad this week, is notice of another doll contest sponsored by that firm. Highly successful last year, the contest is being repeated with nice prizes to be given.

### LEGION DANCE

An American Legion-sponsored dance is scheduled for Tuesday night in Friona, adding to the entertainment offered at the County Fair.

### PARADE

One of the busiest men in the county this week is Dick Habbinga, parade marshal for the Fair parade to be staged Wednesday afternoon.

An outstanding parade seems in the making, with numerous out-of-town units, including mounted riders and the Clovis Air Force Band being invited, and with local clubs and merchants preparing entries. Habbinga urges full participation of Parmer County groups and business firms.

Parade entries are asked to assemble in front of the high school promptly at 2:30, Wednesday afternoon.

The Pet Parade will again this year be featured. Children with pets are asked to meet at the Fire Station, joining the full parade there.

Livestock entries also will form in the parade column at the fire station. Large parade flags have just been received for local use on this and future occasions.

### CONCESSIONS

Any person or any group must get permission from the Secretary of the Show before selling concessions of any kind. The concessionaire must pay 10 per cent of the net profits to the Fair Association.

### EXHIBITOR'S RULES

Rule I—ENTRY. Entries must be made with the show manager not later than September 13, 1954. Entries are open to all Registered Swine, Sheep and Registered Cattle of the dairy and beef breeds. In case of desired entry of an animal on which registration papers have not been issued, a written statement must be attached to the entry form, giving proof that the animal in question is subject to registration. The Board of Directors must approve all such entries before the animal is allowed in the show ring.  
Rule II—BANG'S TEST. No Dairy animal will be accepted into the show ring unless the owner presents a certificate indicating that the animal has been tested for Bang's Disease not earlier than 30 days prior to the show and found to be free from Bang's Disease. A certificate indicating that the animal has been vaccinated at the proper age will be accepted in lieu of test certificate.  
Rule III—Signs. Exhibitors are permitted and encouraged to display a sign over their entries, advertising their herds.  
Rule IV—Cleaning of Stalls. Exhibitors must at all times keep their animals and stalls clean and in an orderly condition.  
Rule V—Assignment of Stalls. Insofar as possible, stalls will be assigned prior to the time the animals are brought to the show. This makes it necessary that exhibitors make their entries early and all at one time if possible.  
Rule VI—Showing. All exhibitors are urged to properly dress and exhibit their show animals in the show ring. The judge will be instructed to disregard any entry which is unduly late entering, or which is not properly shown by the exhibitor.  
Rule VII—Entry Fees. A stall fee of 50 cents per head for cattle and 25 cents per head for sheep must be paid at the time the animal is brought to the show. In cases where stall fees are paid in advance and animals are not brought to the show, the fee will be returned. (All exhibitors must pay stall fees.)

Arranged by the Friona Chamber of Commerce, the phone should meet a long-felt need. Anyone wishing to contact anyone at the fair may call the Chamber of Commerce booth where Mrs. Lucy Jones will be on hand to deliver messages.

### Retail Credit

### School Nearing

The first Texas Retail Credit Institute to be conducted locally is in the plans for a four-night session, September 27-30, Mrs. Lucy Jones announced this week. Merchants of the area are being contacted by Mrs. Jones, who invites the enrollment of store owners and managers, sales people and professional workers. Heinz Ulrich, Jr., Retail Credit Specialist of the University of Texas staff, will conduct the local course. To be conducted at the Friona High School, the entire course is made available at a cost of \$3.00 per enrollee. Sponsoring organization is the Retail Credit Bureau of Friona.

Phases of credit and collection procedures to be studied include Opening Accounts Profitably, Reducing Credit Risks, Increasing Credit Volume, Controlling Accounts Safely, and Decreasing Collection Problems. Anyone may enroll now at the Chamber of Commerce office, or they may register on the opening night of the course, Mrs. Jones said.

### Polio Funds Total \$600 for County

Incomplete totals tabulated from the recent Emergency Polio Benefit Drive in the county shows over \$600.00 donated to the cause, Director Raymond Euler announced yesterday.

Euler expressed his deep appreciation to all the workers who helped in the drive, together with all contributors.

Contributions included: Lazbuddie, \$67.40, with Mrs. Joe Jesko as chairman. Friona, \$255.53, Dan Ethridge, chairman. Bovina, \$45.00 (incomplete and estimated), R. E. Everett, chairman and Wilbur Charles as assistant. Farwell, \$69.36, Sterlyn Billington, chairman; Leonard Watkins, assistant. Received via mail from county-wide contributions was \$163.37, with Loyde Brewer, county chairman, handling this phase. The fund was increased by \$80.00 donated by the Chief Drive-In at Friona as one-half of gate receipts for a special show there.

### P-TA to Entertain Teachers Thurs.

First meeting of the Friona Parent-Teacher Association will be held in the school auditorium Thursday night, September 10, according to spokesmen. The Hospitality Committee, Mrs. Pruitt Johnson, Mrs. Hershel Johnson, and Mrs. Margie Herring, will be in charge of the program.

### Hospital Commentary

The drive for funds to construct a new fireproof Parmer County Community Hospital is scheduled to get underway again sometime this fall. Plans are being made concerning the drive and will be put into operation at that time. Anyone who may have been sick this summer knows how crowded conditions have been and we all wonder just what will happen this winter. There have been many times in the last three months when any kind of emergency would have been "the straw that broke the camel's back." With approximately 58 per cent of the total amount needed there is no anticipated difficulty in obtaining the balance needed. Gins and elevators over the county are being asked to place in that farmers may subscribe cotton and grain through the respective business to the building fund. Free ginning will be offered for cotton which is given in this manner. Cash for the hospital stands at \$18,344.07, and pledges at \$10,223.00, making the total \$28,567.07. Looks like we'll get started on that hospital in 1954 after all, doesn't it?

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Matthew 26:36-41

O, My Father, if it be possible, let this cup pass from me; nevertheless not as I will, but as thou wilt. (Matthew 26:39)

In the perfect way, Jesus lived the prayers He prayed. We, too, ought to live the prayers we express in words. To do so demands personal service on our part.

Many years ago a small group of Christian men met for prayer, asking that God would open the way to build a cathedral. They saw the need for a building set apart for worship, where they could through quiet meditation renew their faith in God. They fully realized that if their prayer was to be fulfilled, they would need the hands of an architect, the hands of masons, and the hands of carpenters.

The same is true in every relation involving doing God's will. I think of a woman who every day prayed for missionary work. Then one day she realized that her prayer involved a contribution to missionary funds. Out of her earnings as a domestic servant she gave a sacrificial offering each year. Praying hands must be one with praying hearts.

**Prayer**

Lead us, our Father, to those places of service which Thou hast prepared for us and meet us there with Thy guidance and help. Take our hands and let them be consecrated, Lord, to Thee. In Jesus' name. Amen.

**Thought for the Day**

By God's grace we can live our prayers.

## Highlights and Sidelights FROM YOUR State CAPITOL

By VERN SANFORD  
Texas Press Association

AUSTIN. — Texas conservatives, with a champion in Governor Allan Shivers, are now looking confidently toward the September 14 state Democratic convention at Mineral Wells.

Control of the convention is already assured the Governor by July precinct and county conventions which were largely captured by the state's conservative element.

In the Mineral Wells move to set up a solid conservative state organization for the next two years, Shivers is expected to:

1. Name a successor to Wright Morrow, conservative Democratic National Committeeman who has been denied a seat by the national committee. Morrow had agreed to step aside, but the state organization refused his resignation.
2. Lend impetus to the move by conservative elements to replace liberal Democratic National Chairman Stephen A. Mitchell with someone acceptable to Dixie and Southwestern conservatives. Mitchell has agreed to resign after the November 2 election.

With primary emphasis on healing the spirit in the national Democratic Party, one question has come to the fore.

That is whether Texas conservatives will fight the renomination of Adlai Stevenson, who appears to be the only top Democratic contender for the presidency, in 1956.

Stevenson lost the Texas vote in 1952, largely because of his views on states rights and the Texas tidelands.

**Republican Claims**

Texas Republicans, claiming credit for the re-election of Shivers, asked for a show of appreciation.

Jack Porter of Houston, Texas GOP chief, asked Democrats to vote for Leroy (Pete) Lamaster of Perryton as congressman for the 18th District in the November

general election.

"There is no doubt whatever but that the Republicans of Texas pulled Governor Shivers through," said Porter. "We are calling on Democrats ... to return the favor."

**New Judges**

Shivers will appoint, sometime after September 14, an associate justice of the Texas Supreme Court and 10 new district judges.

Appointed to fill the position of the late Associate Justice Graham B. Smedley during the remainder of 1954 will probably be the same person nominated by the state executive committee September 13 for the job.

The name will then go on the November 2 ballot, as the Democratic nominee for the post, which is a 1955-59 term.

**Highway Award**

Highest safety award presented by the National Safety Council has gone to the Texas Highway Department.

The Award of Honor is given for accident prevention achievement. Of 965 eligible organizations, only 12 received the pat-on-the-back.

**Drought Help**

Four more Texas counties have been recommended for the state-federal drought program by Governor Allan Shivers.

Drought relief was asked to be extended to ranchers and farmers of Beazos, Dickens, Kent, and Montague Counties. Seventy-five have previously been approved for the aid.

**Broadfoot to Retire**

Called from retirement five months ago to replace District Judge C. Woodrow Laughlin in George Parr's South Texas kingdom, Judge S. Broadfoot has

### SMALL BUSINESS

By C. WILSON HARDER

There are indications many are puzzled by some campaign oratory being released in November election warm up.

Most confusing appears to be commonly used assertion to justify anything and everything that "we must not forget we are new world power."

Yet many people are analyzing this oft-repeated claim. Since days of the Caesars there have been many world powers. Yet in each era, the world power represented a bastion which was accorded world wide respect. But never in history has any nation become the world power, or maintained that position by playing Santa Claus every day of the year, year after year.

From the Napoleonic Wars until 1914, England was the world power. And with the exception of a little brawl with the Boers, England maintained that position without fighting anybody. In addition, she maintained it without charity, for the sun has yet to set on day England gives away as much as a shilling.

So today's peculiar happenings provoke many questions.

As example there is recent transaction of Foreign Operations Administration, chief dispenser of American billions to practically every country, Communist Yugoslavia included. In this particular transaction, it was decided U. S. taxpayers would give the railroad system of India 100 locomotives.

Two things meet the eye immediately. One is that India's boss man, Nehru, is on record as not being too annoyed by Communists; in fact many feel he is quite friendly. The second point is that the Indian railroad system is a government operated socialistic venture.

Also in line with New Look in shovelling American taxpayers billions to world in form of goods, every day was invited to bid on building the locomotives.

Successful bidder was Japan Rolling Stock Exporter Association, part of Japanese cartel system that reappeared after General Douglas MacArthur was recalled. This cartel bid \$31,470 each, less than half the lowest American bid of \$178,200 each.

Japanese cartel gets the business. American business and labor which pays the taxes, receive nothing. Thus American free enterprise system is taxed to pay cartel to produce goods for use of socialistic operation with communist sympathies.

Other fantastic manipulations are being revealed in Washington. For example, Paul Kermick, chief investigator for Senate Appropriations Committee headed by Sen. Styles Bridges, has filed report to effect U. S. taxpayers are paying heavily to build up a British aircraft monopoly under guise of defense necessity.

Meanwhile there appears tendency to yawn whenever a campaign speaker defends extortion of U. S. taxpayers as necessary because U. S. is now THE world power. Many feel situation is similar to that which would exist if a bank embarked on a mission to become communist leading bank by giving away money to any and all comers with free hand.

### Late Summer Casserole

Crisp new cabbage is in plentiful supply now, and the smart homemaker takes advantage of its succulent, nutritious vegetable by serving it in many ways. Cabbage is high in food value, especially when combined with vitamin C. Long before orange juice became a daily staple, cabbage contributed much of the calcium and the vitamin C in the American diet. American pioneer diets were good because our great grandmothers knew how to make the most of cabbage. They stored it for winter and served it the year around.

A thoughtful new way to serve some of this year's cabbage is in a casserole that combines this delicious vegetable with chipped beef. The beef has so much flavor that it shares it generously with the cabbage. The result means of the creamy smooth sauce that is served with the cabbage.

This recipe is a crisp that almost every casserole needs. It is a bread rather than a crumb, toss the crumbs in melted margarine and crumbs them over the top of the dish. While it heats through, the crumbs will go brown. A bit of the dried beef shredded and fried in a little margarine makes a handsome garnish. Arrange it in a simple design on top of the casserole just before serving.

**CABBAGE AND CHIPPED BEEF CASSEROLE**  
(makes 6 servings)

|                               |                                |
|-------------------------------|--------------------------------|
| 6 cups chopped cabbage        | 1/2 cup milk                   |
| 1/2 medium beef               | 1/2 teaspoon salt              |
| 2-2 1/2 cups fine sliced beef | 1/2 teaspoon dry mustard       |
| 3 1/2 cups margarine          | Dash of pepper                 |
| 3 tablespoons flour           | 1/4 cup margarine bread crumbs |

Pour 1/2 cup warm water over shredded dried beef. Let stand 10 minutes. Meantime, cook coarsely chopped cabbage in 1 cup water with 1/2 teaspoon salt 4 minutes. Drain. Make sauce by melting margarine in sauce pan. Stir in flour, mixing smooth. Add milk gradually, stirring constantly. When thickened add salt, mustard and pepper. In margarine 1 1/2 quart baking dish arrange a layer of cabbage, then a layer of well-drained dried beef. Continue until layer of cabbage is filled, reserving a little of the beef for garnish. Sprinkle margarine bread crumbs over top. Bake in moderate oven (350° F.) 25 minutes.

To the People of the 18th District:

**The Death of EDC was No Surprise**

When France recently refused to ratify the treaty creating an European Defense Community, official Washington was not surprised nor shocked. As a matter of fact, since the EDC proposal was executed at Paris on the 27th day of May, 1952, at no time has it been considered as having more than a 50-50 chance. That some difficulty was expected was evidenced by the following paragraph contained in article 132 of the treaty.

"In the event that all the instruments of ratification have not been deposited within a period of six months following the signature of the present treaty, the governments of the states which have made such deposits shall consult among themselves on the measure to be taken."

The parlance to the treaty were West Germany, Belgium, France,

## Is the Limit we can Accept this Year Due to Commodity Credit Ruling

We quote the following from letters received from the U. S. Department of Agriculture, Commodity Stabilization Service:

“If the warehouseman is unable to bring the moisture down to 13 percent in grain which is under loan, it may be necessary to call the loans in order that the collateral may be acquired and moved before serious losses are incurred.”

We want you to understand this is not an arbitrary ruling of the elevators of this community, but rather is a directive on national level affecting every elevator and grain grower in the country.

### Korean Vets Given Schooling Hints

A check-list for veterans planning to go to school this fall under the Korea GI Bill was issued today by the Veterans Administration. The first item is the choice of a goal, and of a training program that will lead to the goal. VA explained that since the law allows a veteran only one change of program, he should make sure he chooses the correct program.

The second item is for veterans who are not sure about their GI training goals. These veterans may request vocational counseling to help them make a decision about training by checking the appropriate space on their applications. Since counseling takes time, veterans who wish help should apply well in advance of their cut-off dates.

The third point is to be certain the course under consideration has been approved for Korea GI training by the state in which the school is located. The VA Regional Office has this information. It is not available in Washington, D. C.

Fourth on the check list is a suggestion to complete arrangements for admittance to the school of choice before filing application with VA. Veterans must know beforehand whether they can meet admission requirements.

The fifth and sixth points urge veterans to fill out applications completely and send them to VA as soon as possible. Each application must be accompanied by a photostat or certified copy of the veteran's separation paper. Documents should be sent to the nearest VA Regional Office and not to Washington, D. C.

Veterans with dependents should have necessary proof ready when VA requests it. For a wife, this would mean a photostat of the marriage certificate, and for a child, a photostat of the birth certificate.

Finally, VA urged veterans to take along enough money of their own to tide them over the first two months of training. It takes that long, under the law, for a veteran's first GI allowance check to reach him.

Veterans who already have started training were reminded that they and their schools must submit the monthly certification of training to VA as soon as possible after the end of each month so VA may pay allowances.

## "Just a simple twist of the wrist washes and dries our clothes!"

says: MRS. WARREN M. BARTON  
1814 Boyd St. • Borger, Texas

"My husband is a mechanic, and has dirty, greasy clothes every day. And, of course, Janna, my five-months-old daughter, has to have clothes washed every day."  
"It's so easy with an automatic washer and a dryer — especially the dryer. I can come home from work, and throw the dirty clothes in the washer, and then dry them that very evening, ready to be worn the next day."

"We have our washer and dryer in our garage now. Sometime back, we'll have a laundry room. But I just had to have a dryer, and it works out fine in the garage."

"Convenience is important to me — time, too — as I am also employed outside the home. I have plenty of time to spend with Janna Lynn in the evening, after washing and drying my clothes with a simple twist of the wrist."

**Legume Seeders Available in Popular  
 Winter Legume Program in County**

The use of winter legumes as a soil improving crop is rapidly gaining favor among farmers in the District. This was indicated by the response of farmers at recent community meetings and requests for information received by Soil Conservation Service technicians. The Board of Supervisors has recognized the need for additional legume seeders. They now have three. A. L. Black, Joe Blair and Ronald Berggren are the men to see to rent this equipment.

The winter legumes most commonly used for cover crops and soil improving are hairy vetch, Austrian winter peas, Madrid clover and alfalfa. The vetch and peas are annuals, the Madrid clover is biennial, and alfalfa is perennial. All of these produce an abundance of vegetation under irrigation. The vetch and peas may be planted in pure stands but many farmers prefer to plant between rows of cotton and grain sorghum in late summer and to be turned under in the spring as a green manure crop. They are frequently utilized for grazing in the spring and some farmers harvest a seed crop from the vetch before turning it under.

The Madrid clover and alfalfa are generally planted in pure stands and may be utilized for hay, pasture or a seed crop before they are turned under for soil improving crops. The clover, when planted in the fall may have a seed crop harvested the next summer, then be followed by wheat or a row crop the following spring. The alfalfa may be left on the land for from four to seven years for hay production before being turned under.

All of the legumes should be inoculated with the proper inoculation, is cheap and is excellent insurance against failure. Directions on the container should be carefully followed.

An application of fertilizer is frequently recommended for best results and maximum yields of vegetation. Fertilizer may be applied simultaneously with the seeding operations.

Most farmers in the Parmer County Soil Conservation District find August and September to be the best time for planting the winter cover crops. When vetch and Austrian winter peas are seeded between the rows, it should be done immediately after the last cultivation of the crop with the following rate per acre: Vetch—15 to 20 pounds, and peas—25 to 30 pounds. The seeding rate for seeding alfalfa

 Legion Forum**

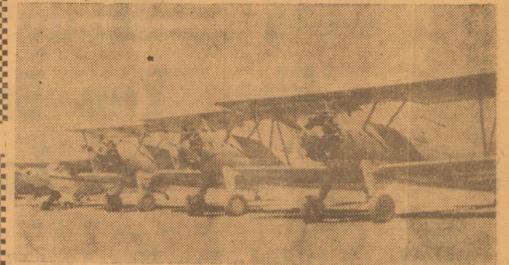

DALLAS. — Facts Forum poses the question, "What Are You Doing to Combat Communism?" to American Legionnaires from nine strategic cities tonight. Facts Forum's and Mutual's joint radio production of "State of the Nation," broadcast weekly on the Mutual Network, Tuesdays, 10:30-11:00 p.m. EDT, and on the West Coast by the Don Lee Network, Sundays, 8:30-9:00 p.m., PST.

The program will originate in New York City, with a brief statement by Thomas E. Paradine, Chairman of the American Legion Public Relations Commission, concerning the objectives of the program. Paradine will then introduce J. Addington Wagner, Battle Creek, Michigan, Chairman of the Legion's Americanism Commission, for an over-all picture of the organization's anti-subversive work.

Then Hardy Burt, Moderator, will beam the nation's spotlight across the country to Chicago, Boston, Los Angeles, Washington, St. Petersburg, Fla., Burlington, Wis., Borger, Texas, and Reno, Nevada, where Legion leaders will tell how they are fighting Communism on the home front.

Mr. and Mrs. Wesley Foster spent the holiday week-end visiting in Dallas with their daughter and her husband, Mr. and Mrs. Ed Lovick.

Here's the car that's  
 changing History.

The sales standings of a generation have been changed—by Buick. For Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And each month's sales figures strengthen Buick's new position.

**Here's the 3-way Bonus  
 you get in Buick today**

**Here's the fact  
 that proves  
 Buick's the Buy**

This Buick V8 costs  
 less than some models  
 of the so-called  
 "low-price three"!

1. **Advanced styling**—styling you know is sure to show up on other cars in the years to come. So you know you have in Buick the car that's sure to stay fresh and new-looking long into the future. And that means you'll be way ahead at trade-in time.

2. **Better Buy**—for just a few dollars more than you'd pay for one of the so-called "low-price three," you get in Buick a whale of a lot more power, room, comfort, ride steadiness and solid durability—plus the new-day styling that includes the broad panoramic windshield.

3. **Top Allowance**—with our great and growing sales volume, we can—and do—share our success with you in the form of a higher trade-in allowance on your present car. Drop in, see and drive Buick the beautiful buy—and see for yourself how our volume business means a far bigger allowance for you.

Now's the time to  
 make your buy because—

### State Farm Bureau Policies to be Set In 13 District Meetings, September

Farm Bureau leaders in Texas will gather in 13 district meetings this month to discuss current issues and lay plans for developing new Farm Bureau policies for next year.

The first meeting will be held Sept. 11 in Waco and the last session will be in Mercedes, September 27. State and national issues affecting farmers and ranchers will be discussed, according to J. Walter Hammond, president of the Texas Farm Bureau. In a letter to county leaders urging them to attend the sessions, Hammond called their attention to the fact that the Texas Legislature would be meeting next January with several vital issues expected to come before the lawmakers.

"There will be an intensive effort to increase the funds provided for road building, which will involve a new source of revenue," Hammond stated. "Some of the proposals to raise this additional revenue will be an increased tax on gasoline, abolishment of the tractor gas refund, a tax on natural gas, a state sales tax, or a state income tax."

As for national farm issues, the state farm organization leader said that the problem of diverted acres is one of the most serious problems facing agriculture.

"Developments would indicate that farmers may be deeply concerned with reference to regulations pertaining to diverted acres," Hammond said.

Speakers at the meeting will be

C. H. DeVaney of Coahoma, vice-president of the Texas Farm Bureau; and O. R. Long, of Nashville, Tenn., southern region organization director for the American Farm Bureau Federation.

A highlight of the meetings will be the district Queen Contests. Winners will receive a wrist watch, a week's stay at a resort hotel and an expense-paid trip to the state convention. The state queen will receive an expense-paid trip to the AFBF convention in December in New York.

### PERSONALS

Mr. and Mrs. Bill Stewart, Mr. and Mrs. Dan Ethridge and Mr. and Mrs. J. H. Wise attended the rodeo at Boys Ranch on Monday.

Mrs. Jack Miller will arrive this week from Columbus Ga., to spend two months with her mother, Mrs. F. N. Welch, while her husband is doing special duty away from the post where he is stationed in Columbus.

Mrs. Mary Lou Carson attended the Hairdressers School in Amarillo over the week-end.

Joyce Miller spent the week-end visiting friends in Plainview.

Mr. and Mrs. S. T. Thornton and Stevan, and Mr. and Mrs. O. J. Beene, Jay and Ramey, spent Saturday night camping and fishing at Buffalo Lake. On Sunday they went to Palo Duro canyon for a picnic and returned Sunday afternoon.

Attending the Boys Ranch rodeo from Friona, Monday, were Smiley Fulks and Billy Sides.

Visiting with Dr. and Mrs. Lloyd Shackelford this week were his brother and family, Dr. and Mrs. Foy Shackelford and children of Amarillo, and his sister from California.

Jake Lamb and Granville McFarland attended the Roping Contests held in Clovis, Sunday afternoon.

expected to balk at ratification. However, it could be reasoned that if France could be sold, Italy would, no doubt, follow suit. In other words, France held the key to the situation and everyone knew it. Everyone also knew that unless some substantial changes could be made in the general government setup in France, there was no chance of getting the treaty ratified, and even if it was ratified, it would be wholly ineffective because there could be no government set up to carry it into force. As one leading columnist so ably put it, ratification depended entirely upon the affirmative votes of the members of several parties holding widely divergent political views. The all-out opposition to the plan found its nucleus in the 95 strictly

controlled Communist members. Since the political parties in France all seem to be more or less extremists, EDC never had a chance. In other words, France does not have a substantial political party with several wings inside the party. Each party appears to be what we would call a Splinter Party. It is an open to any government when you fail to maintain some degree of balance in a national political party. The creation of splinter type parties going off on every conceivable tangent creates a fertile field for Communism, because one of the basic axioms of both Communism and Fascism is "divide and conquer." The failure of EDC could have great value as a warning to free people everywhere that the success of a government must depend upon sound logical reasoning and a solid balance upon which can be founded a united front.

Yes, many of us were terribly disappointed that EDC did not become a reality, but I repeat, we were not surprised.

**The American Legion**

The American Legion has just concluded its 1954 convention in the National Capital. Contrary to many stories that were going around the country to the effect that the American Legion Conventions were boisterous, noisy, unwieldy and unwanted, I want to say that I have never seen a finer group in convention anywhere. They had fun, yes, but it was good, clean fun and everyone seemed to be in splendid spirits and having a good time. Everyone in Washington joined in the spirit of the affair, and it turned out to be a good, old-time American convention that will be well and pleasantly remembered for a long time. Charley Gibson and George Broome of Amarillo were both in town, and I

had the pleasure of lunching with them. These two men have done a tremendous amount of work during their service in the organization. Their contribution to the American Legion is certainly evidenced by the many, many friends that they have from all over the world. The parade lasted all afternoon and all night and was enjoyed by one and all. It started about two o'clock in the afternoon and ended up about three a. m.

**One-Quarter Million Dollars a Day**

An attempt has been made to convince the American public that there is something criminal about a food surplus because there is a cost incident to the storage of such food. Of course, the way to remedy this situation would be to destroy all the surplus foods and then you wouldn't have any storage cost. Certainly none of us would advo-

cate any such foolish action as that. While reading all this propaganda about how much it costs to store food, I got to wondering how much it cost to store money. I watched the daily statements of the Treasury Department and notice that during the past year, the daily cash balances have been somewhere between approximately 4 billion and 9 billion dollars. On August 30 of this year, the cash balance was five and one-half billion. Of this amount approximately four and one-half billion was on deposit in banks which were paying no interest for the us of these funds. In other words, the funds were merely lying idle and being used by the banks in which they were deposited. Since this is all borrowed money my figures show me that at two per cent interest, the American taxpayer is paying some one-quarter million dollars a day in interest charges to store money in banks.

**A Quick-Easy School Luncheon**

**MAKE THIS DELICIOUS QUICK-EASY RECIPE** for your hungry youngsters at lunch time. So simple to make-too, when you use packaged pre-cooked rice. Take the time required for the rice to set, to cook the sausages. Top the rice with tangy grated cheese and serve with the sausages, garnished with parsley. This rice treat is also delicious with scalloped tomatoes and crisp bacon. Your young 'uns will gobble-up every last morsel.

**CHEESE RICE**

**1 1/2 cups (5-ounce package) packaged pre-cooked rice**      **1 1/2 cups boiling water**  
**1 teaspoon salt**                      **3/4 cup grated Cheddar cheese**  
**1/2 teaspoon pepper**                      **or 1 cup grated processed American cheese**

Add packaged pre-cooked rice, salt, and pepper to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 13 minutes. Then add 1/2 cup of the cheese to the rice, mixing lightly with a fork. Serve remainder of cheese on top of rice. Serve with stewed or scalloped tomatoes or tomato sauce and crisp bacon or sausage. Makes about 3 1/2 cups, or 4 servings. (ANS)

again announced his retirement. Judge Broadfoot, of Bonham, was chosen by the Supreme Court after Judge Laughlin was removed. His 79th District Court includes Starr, Brooks, and Duval Counties. Indications are, however, that Judge Laughlin may soon be back at his old bench. He has successfully campaigned for Democratic renomination for the two years remaining on his term.

Until his assumed return to the bench January 1, Governor Allan Shivers or the Supreme Court Chief Justice will appoint a successor to Judge Broadfoot.

**Business Record**  
 Texas business may break all previous records this year. Dr. John R. Stockton, director of the University of Texas Bureau of Business Research, says his prediction will be true if the remainder of 1954 looks like the first seven months.

Stockton reported that Texas' business for the first seven months was the highest of any year's similar period.

**School Increase**  
 A 22.5 increase in state public school attendance is forecast by a school survey, just completed. The 308,000 daily jump in numbers of students was predicted by the Texas Research League, now preparing research reports of the Gilmer-Aiken financing programs for the State Board of Education.

Enrollment in the school year ended last June was 1,569,000, the league reported.

**Liquor Revenue**  
 July revenue of the Texas Liquor Control Board climbed \$35,000 over the July, 1953, mark, the Board's report shows. Totals for the month showed, \$1,375,582.53 in revenue, filing of 254 criminal complaints by enforcement officers, and the seizure of one moonshine still by inspectors.

Mrs. Maurer, Daughter Lead Church Program

The Congregational Women's Fellowship met in the home of Mrs. Gladys Helmke on September 1. Present were twelve members and three visitors, Lois Bissell of Missouri, Mrs. Margaret Goodwine of Bellflower, Calif., and Mrs. June Cleveland of Chicago.

Mrs. Carl Maurer conducted the program entitled, "We Believe, We Worship, We Give." She was assisted by her daughter, Mrs. June Cleveland.

A business session followed the program, and refreshments were served by the hostesses, Mrs. Gladys Helmke and Mrs. Hazel Wert.

Mrs. Ann Shackelford will be hostess at the next meeting.

No doubt some of you know that we have been in operation for two seasons, and you have had a choice of theatres since May 19, 1953, and we appreciate the choice you have made.

We have done our best to bring you good new pictures, furnish you with pure clean food and drinks, — and something new for this community, a theatre with modern rest rooms. We don't have anything fancy on the out-

side walls, but we promise to continue bringing you the best in pictures and confections.

## Barker Family Reunion Held

Meeting together for the first time since 1948, the Fred Barker family held an all-day reunion on Sunday at the Barker residence, southeast of Friona.

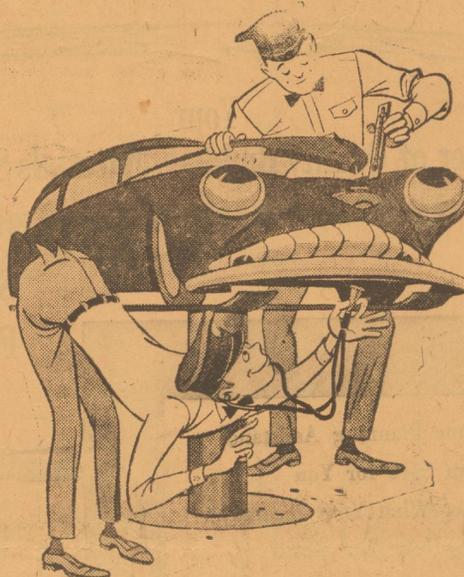

Eighty-nine guests were registered, including one brother and five sisters of Mr. Barker, many other relatives, friends and neighbors.

Long tables were set up under the trees and covered with barbecue, chicken, salads, corn-on-the-cob, an assortment of pies and cakes, and watermelons.

Most of the guests spent the day visiting and remained for a picnic supper.

Attending were: Mr. and Mrs. E. L. Sparks and Bennie, Mr. and Mrs. Burl Henry, Mr. and Mrs. Wayne Moore, Mr. and Mrs. George Murphy, all of Pampa; Mr. and Mrs. E. J. Locker, Mr. and Mrs. W. S. Barker, Mr. and Mrs. Charles Vaughn, all of Cleburn; Mr. and Mrs. Wesley Shipman and children, Joe and Celia McCreger, all of Clovis; Oran Green, Missouri; Mr. and Mrs. B. W. Barker and children, Lubbock; Mr. and Mrs. Elmer Langford and children, Mr. and Mrs. W. H. Graham, Farwell; Mr. and Mrs. Jim Moss and children, Texico; Mr. and Mrs. G. M. Howeth, Glenrose; Mr. and Mrs. R. W. Stone and children, Amarillo; Mr. and Mrs. Lester Harreison and son, Ashtola; Mr. and Mrs. Leland Lewis, Grob; Mrs. Giles Cobb, Mr. and Mrs. Fred Barker, Jr. and children, Mr. and Mrs. L. W. Loanman and children, Mr. and Mrs. Albert Roien and son, Mr. and Mrs. Aubrey Carlton and children, Mr. and Mrs. Robert Widner and children, Bert, Neeley, Mr. and Mrs. J. R. ## School Holidays Announced

Superintendent Dalton Caffey this week announced the schedules for the holidays which will be observed by the Friona schools during the current school year.

The first holiday will be Thanksgiving, when the schools will close November 25-26. Christmas holidays will begin at noon, December 22, and classes will resume on January 3, 1955.

Closing date will be May 20. Easter holidays will be observed providing no time is lost during the year because of bad weather or other difficulties.

Visiting with Marvin Lawson and with Hardy May, Wednesday, was their old school teacher of 30 years ago in Rush Springs, Oklahoma. The teacher, Emmett Brightwell, now lives in San Francisco and stopped in Friona to see the former pupils en route to visit relatives at Amarillo.
