### CLAUD TERRY DEAD

Claude C. Terry, who has been in failing health for sometime, was taken seriously ill Sunday and suffered intensely until Tuesday night at 8:57 o'clock when he died. Funeral services were conducted by Rev. D. E. Adams, at the residence at 5 o'clock Wednesday evening. There were many friends at the funeral. Bro. Adams paid a feeling and just tribute to a good, kind hearted boy, who has passed out of this life into the great beyond. The body was laid to rest in Ross Cemetery. The Fire Department attended the funeral in a body, going just behind the hearse in the big Fire Truck, which draped mourning.

Claude Terry was 33 years of age being born March 18, 1886. He was a strong vigorous young man up to some few years ago when he lost his leg while working in the railroad yards here. He was then given the position at the Fire Station as driver of the fire engine, and he made a full hand as long as he was able to work. About two years ago he was hit on the jaw by the crank while cranking the fire engine, and after that, we believe it was, he had a long spell of fever and later his jaw began to give him trouble and he has suffered with that for some months and only recently returned from Fort Worth, where he spent sometime under treatment. He was some better and last week resumed his duties at the Fire Station. He attended the barbecue Friday and Saturday, and was taken ill at the Fire Station Sunday and carried home. Everything possible was done for him, but he rapidly grew worse until death relieved him of his suffering. His father, M. M. Terry, and brothers, Mark and Luke and sister, Miss Aetna, who were at Ranger, and another brother, Jim Terry, at Big Springs, were notified

and arrived Tuesday. His sister, Mrs. Leonard Looney, who was visiting in Tennessee, was unable to get here, but is expected home today.

A good young man has gone from us. Peace to his memory.

### DIED

Mildred Louise, age 3 years and 4 months, little daughter of Mr. and Mrs. M. F. Blount, died Aug. 14, 1919 at Shreveport, La., where with her mother and little brother, she was visiting relatives. Little Mildred was taken ill on August 11th with diphtheria and was taken to the hospital where everything possible was done, but she died after a few days. Mr. Blount was notified of his little daughter's illness and left immediately for Shreveport. The body was buried in that city and the parents and little brother returned home a few days ago. They have the sympathy of all in their sorrow.

## LAUNCH PROGRAM

RAISE \$75,000,000 FOR  
PURPOSES WITH-  
IN FIVE YEARS.

### WORTH TO CO-OPERATE

State is Given Definite Task To  
Perform in Raising Huge Sum  
For Denomination's New  
Budget—Drive is On.

Recognizing the need of the world  
for more religion and christian service,  
the general lines the Baptists of the  
South have resolved to contribute \$75-  
000 to a program of reconstruction  
following the war, and have laid plans  
to subscribe this sum during the week  
of November 26-December 7, a period  
of five years to be given in which to  
complete the payment of these sub-  
scriptions.

The decision to inaugurate this  
world program was reached at the  
meeting of the Southern Baptist Con-  
vention in Atlanta last May, when the  
more than 4,000 delegates present  
voted unanimously to undertake the

borough of Fort Worth,  
General Director of Campaign.  
The campaign has now been or-  
ganized at the general headquarters  
in Tenn., where Dr. L. R.  
Barnes, president of the South-  
ern Baptist Theological Seminary,  
is in charge as general  
director of the South. He is assisted  
by a staff of men in charge of spe-  
cial lines of the work, while each  
of the fifteen states in the territory  
of the Southern Baptist Convention  
in turn perfected a state organiza-  
tion, including a State Director, a  
State Organizer and State Publicity  
Director. Each association, or dis-  
trict, within each of the states has  
likewise gotten busy by naming its as-  
sociational or district directors, and  
the work of organization has been car-  
ried into the local churches to the ex-  
tent that practically all of the more  
than 25,000 local Baptist congregations  
in the South have their workers  
named to help put over the biggest  
church drive that has ever been at-  
tempted in this section of the country.  
There are 3,000,000 white Baptists hold-  
ing church membership in the South,  
and it is hoped to reach every man,  
woman and child among them with  
the message of this campaign and  
give each of them a part in the plan  
of saving the world by giving to the  
extent of their ability to this vast con-  
servation fund.

Christian education, home and for-  
eign missions, state missions, minis-  
terial relief, orphanages and hospitals,  
are among the various general inter-  
ests of the denomination that will be  
cared for in this campaign, the matter  
of local church expenses, and local  
church equipment not being included.

Between now and November 30th  
every effort will be put forth in or-  
ganizing and mobilizing the Baptist  
forces in the South, preparatory to the  
launching of the big drive for the sub-  
scriptions and cash payments. July  
was known as preparation month,  
August was designated as information  
month, during which time every ef-  
fort has been put forth in informing  
the people on every phase of the cam-  
paign, while September has been des-  
ignated as intercession month, October  
as enlistment month, November as  
awardship month, and the period  
November 26 to December 7 as  
week.

"We have undertaken a big task,"  
through the General Director,  
we have undertaken it in  
and for His glory, and by  
and doing our whole  
duty. There is work  
glory enough for all  
cannot succeed ex-  
tantly and pray

## NEGRO ORGANIZER GIVEN THRASHING

J. R. SHILLADY, WHITE, SECRE-  
TARY OF ORGANIZATION, IS  
BEATEN IN AUSTIN.

Austin, Texas.—After having been  
dealt a severe beating by County  
Judge Dave J. Pickle, Constable Chas.  
Hamby and Ben Pierce, until his eyes  
were blackened and his face swollen  
from numerous bruises, John E. Shil-  
lady, a white man, secretary of the  
National Association for the Advance-  
ment of Colored People, with head-  
quarters in New York City, was forced  
to leave Austin shortly afternoon Fri-  
day. Shillady was escorted to the de-  
pot by Constable Hamby, and after  
purchasing a ticket to St. Louis he  
boarded the first outbound train. As  
he entered the coach Shillady was  
warned by Constable Hamby, "to not  
make any attempt to leave the train  
until the Texas line has been crossed."

Both Judge Pickle and Constable  
Hamby did not hesitate to discuss the  
affair and neither did they attempt  
to shirk responsibility for their acts.

Judge Pickle's right hand was badly  
sprained as a result of blows rained  
by him upon Shillady's face. The  
sprains were of such extent that band-  
aging the judge's hand was necessary.

Judge Pickle freely discussed the  
occurrence. "We can handle the ne-  
gro question without interference  
by these northerners, who come down  
here and preach social equality," said  
Judge Pickle. "The main object of  
this man's visit here was to sow dis-  
content among the negroes, and I  
thought it was my duty to stop him.  
And we not only stopped him, but  
have gotten him out of our commu-  
nity."

## STRIKE OF TRAINMEN TIES UP CALIFORNIA RAILWAYS

Officials Surprised by Strike of Shop-  
men and Brotherhood Union Men.

Los Angeles, Cal.—A general and al-  
most complete paralysis of transpor-  
tation in southern California now ex-  
ists. Strikes in progress on the Pa-  
cific Electric & Los Angeles railway  
systems were supplemented by a walk-  
out of members of the four great rail-  
road brotherhoods, who quit their jobs  
on the Southern Pacific, Santa Fe and  
Salt Lake lines.

No cause for the walkout of railroad  
men has been announced. The  
switchmen employed at the yards of  
the three companies quit first and  
were followed by some of the engi-  
neers, firemen and conductors. The  
latter, in several instances, walked off  
their trains at way stations, leaving  
their passengers to reach their desti-  
nation as best they could.

The strike came as a surprise to the  
railroad companies.

## TEXAS' PER CAPITA SCHOOL FUND IS SET AT \$7.50

The State Board Makes This Appor-  
tionment at Meeting Held at  
Austin.

Austin, Texas.—The state board of  
education has fixed the scholastic ap-  
portionment at \$7.50 per capita for  
the ensuing school year. This is the  
same as paid this year. A total of  
1,245,278 scholastics were numbered  
within the scholastic age, an increase  
over last year of but 29,900.

It was estimated that the 35c school  
tax on this year's values will produce  
net \$8,680,000 for the available school  
fund. Out of it comes 15c or \$3,720,-  
000, for free textbook purchases, leav-  
ing \$4,960,000. To that is added \$3,-  
600,000 to come from other sources,  
and a cash balance of \$557,000, mak-  
ing a grand total of \$9,117,000.

## COTTON CROP THREATENED BY EXCESSIVE RAINFALL

Increases Ravages of Bollworms and  
Delays Maturing of Crop.

Dallas.—Rain of the last few days,  
which has been fairly general over the  
cotton-producing section of Texas, is  
causing some anxiety lest bollworms  
may again infest the crop and cause  
a material reduction in production,  
according to reports being received  
here. The extent to which the dam-  
age may go depends entirely on the  
length of time the rain continues. C.  
D. Moser, county agricultural agent  
says.

Kirby to Confer on Campaign.

Dallas.—John H. Kirby of Houston,  
who was recently appointed state  
campaign chairman, will confer with  
Lieut. Col. George Wood, commander  
of the southwestern district, to out-  
line plans for raising the Texas ap-  
portionment of the Salvation Army  
home service fund of \$1,000,000 asked  
of Oklahoma, Texas, Louisiana and  
Arkansas. The state campaign begins  
Sept. 29.

## COMMITTEE VOTES SHANTUNG TO CHINA

AMENDMENT TO PEACE TREATY  
IS ADOPTED BY A VOTE OF  
9 TO 8.

## ASK FOR THE POLISH TREATY

Chairman Lodge Says Work of Com-  
mittee Is Delayed by Lack of  
"Essential" Information.

Washington.—By a vote of 9 to 8,  
the senate foreign relations committee  
has adopted an amendment to the  
peace treaty by which German rights  
in Shantung province, China, would  
go to China instead of Japan.

All the democratic members and  
Senator McCumber (Rep.) of North  
Dakota voted against the amendment.  
Chairman Lodge offered the amend-  
ment under which the word "Japan"  
would be stricken from the Shantung  
sections of the treaty and the word  
"China" substituted.

The committee also instructed Chair-  
man Lodge to request President Wil-  
son to send the senate the treaty be-  
tween the United States and Poland,  
signed June 28 at Versailles, and such  
information as he has regarding the  
treaties now under negotiation with  
Austria, Bulgaria and Turkey, with-  
out taking up any other proposed  
amendments to the treaty with Ger-  
many.

The committee, the chairman said,  
was making every effort to reach a  
report as soon as practicable, but  
had been hampered because it had  
been compelled to get informa-  
tion here and there which should have  
been in its hands officially weeks ago.

## PURSUIT OF MEXICAN BANDITS ABANDONED

Unable to Pick "Hot Trail" Because  
of Contact With Federal and Rain.

Marfa, Texas.—Three hundred Amer-  
ican cavalry troops have made their  
way back across the Rio Grande  
through a driving rainstorm after an  
unsuccessful campaign begun last  
Tuesday to overtake the bandits who  
captured and held for ransom Lieuten-  
ants Harold G. Peterson and Paul H.  
Davis.

Contact with Carranza soldiers also  
on the trail of the bandits and a heavy  
rain which wiped out the fresh trails  
resulted in decision to abandon the  
chase.

## ARCHDUKE JOSEPH AND CABINET HAVE RESIGNED

Roumanians Continue Gathering Mov-  
able Property in Bulgaria.

Budapest, Hungary.—Archduke Jo-  
seph and the cabinet of Premier Freder-  
ich have resigned as a result of the  
refusal of the peace conference to  
recognize them.

Paris.—The supreme council has ap-  
proved the note drafted by the repara-  
tion committee, warning the Rouman-  
ian government retaliatory action  
which will take place if the Rouman-  
ians continue to make requisitions.  
Premier Clemenceau signed the note  
and it was forwarded to Bucharest.

## DEMOCRATS TO RAISE LARGE CAMPAIGN FUND

High Cost of Everything Else Has Also  
Extended to Political Campaigns.

New York.—The high cost of every-  
thing else has hit politics, too, accord-  
ing to a statement issued here by  
former Representative William D.  
Jamieson of Iowa, director of finance  
of the democratic national committee.  
In announcing plans to raise a \$5,000,-  
000 war chest for the coming presiden-

W. E. GILLILAND,  
Editor and Proprietor.

Mr. Sbillady, a white man, came all the way from New York to teach the negroes of Austin social equality. There he met some white men armed with a good stout shellalah who proceeded to give him a good whallah, and sent him back home with a bunged headallah.

Col. Morris R. Locke, of Abilene, asks what is a Democrat. If we take the old time Democratic platforms and speeches of old time Democratic leaders down to as recently as Cleveland's first administration, and judge by that day and time, we doubt if there is a real genuine Democrat alive today.

One of the constitutional amendments, H. J. No. 13, we intended to veto for believing that the bonds were to be paid for out of the auto tax, but such is not the case, but instead a tax of 20 cents on the hundred is added to our already huge state tax. The resolution should be defeated because it is not what the people expected, but will likely be a means of strengthening the political machine. For in any county that does not support the winning faction would likely be favored in coming the money. Of course we do not know that this would be the case, but in principle this policy of favoring your friends has been the policy, especially of the Hobby administration, and may be of the next administration. Swat the seventy-five million dollar road bond issue. It is a fake.

Next year is going to be an uncomfortable year for all candidates in Texas, especially Democratic candidate, because of the confliction factions, Pros and Antis, Woman Suffrage and anti Suffrage. Then to complicate things still more there is the Ferguson or American Party just formed. Ferguson has a strong following in this county, but just how many of them will go out with him is a problem that time alone can solve. It is not impossible that the Democratic ticket in every county in Texas will have active opposition next year for the first time since the Populist elected part of their county ticket in this county and elected twenty-two members of the Legislature in 1894. We think the Ferguson men are making a mistake in forming a new party, but that is their business. However, the Bailey faction refused to go out but advocate practically the same things the Ferguson followers advocate. If Ferguson's friends go out and the Bailey faction stays neither one is liable to accomplish anything, because division for weakness, not strength. There is trouble ahead for next year and it does not seem a prophet to see it.

SOLDIER'S PICNIC AND BARBECUE

The Picnic Friday and Barbecue Saturday at Baird, given in honor of the returned soldiers, was a success, notwithstanding the fact that the picnic Friday was rained out, but the dinner was taken to the George Scott building, where the soldiers and others were fed.

Saturday was an ideal day for August, with clouds enough to keep the sun from making it too hot, and everybody seemed to have a good good time and plenty to eat and plenty of pure sparkling water with ice to cool it. The barbecue was held on the Public School grounds, the big arbor being built on the west side of the school building, where the speaking was held. Judge B. L. Russell acted as master of ceremonies, and as he always does, performed his duties well.

The rain Friday, having spoiled the program for that day, part of the exercises intended for that day was held on Saturday. At ten o'clock after several selections by the Baird Fireman's Band, Mayor Schwartz stepped forward and delivered his welcome address, which had not spoiled by 24 hours delay. The Mayor made a splendid speech welcoming the soldiers, sailors and marines home and to this reception, given in their honor. It was eloquent, to the point and brief. What more can be said of any speech? It was good.

Memorial services was next on the program. Dr. Jenkins, Pastor of the First Baptist Church, Abilene, was the next speaker. He paid a beautiful tribute to the memory of our noble boys, who will not come home again. Baird has five gold stars in the county service flag: John Mullican and Wendell Russell who died in the navy, Lieut. Eugene Bell, killed in battle, Argonne, France, Mac Bell, died at Camp Travis, Lieut. Sam. H. Seay, slightly wounded on the French front last fall, recovered only to die after the armistice was signed. True, the last three did not enlist from Callahan county, but all of them were born and reared in Baird, and happened to be in other parts of the country when war was declared. We are not in possession of a complete list of the dead from other parts of the county, but recall the following: Noah Johnson, of Putnam, died at Camp Bowie; Lieut. Oran Keele, of Oplin, killed in battle in France, T. A. Coppinger, Jr., Cottonwood, died in France; Walter Peavy, Cottonwood, died in Scotland; Ray Barclay, Burnt Branch, died of wounds received in battle, Virgil Farrar, Eula, died in France. There were many heartaches mingled with the joy of this occasion. Dr. Jenkins is an orator and his speech took a wide range, covering the war and was most interesting. He made two visits to Germany before the war and spent several years in that country and has first hand information about the German people and their Kaiser, the object in bringing on the war. Wish we had more space to give Dr. Jenkins speech.

Dinner was announced and we have been attending barbecues for 65 years and we never saw anything equal to the clock like precision with which that large crowd was served, all due to the indefatigable organization by the Baird Firemen's Band, headed by Harry Jones, Chief of the Fire Department, all of whom worked from the very beginning to make the Barbecue a success and they succeeded beyond all expectations.

C. E. Walker presided over the coffee kettles, assisted by John Flores and others, where 90 gallons of good coffee was issued.

The ladies of the Red Cross Canteen, whose uniforms are so famil-

iar to the people of Baird since the war started, who have fed thousands of soldiers on the trains the past two years, were in charge of the depot of supplies. Long tables were erected and the "chow" fine roast beef, mutton, pickles, onions, tomatoes, and bread was served in paper mache plates. The ladies certainly handled the crowd with and to them is due great credit for the prompt and satisfactory manner in which the people were served. If any one went away hungry it certainly was not the fault of those in charge of the eats.

We all know how in the old times the hungry crowds would gather around the meat pits and many hunted for the meat pit that day, but did not find it and we will give the secret away. The meat was cooked by Armour Co. at Ft. Worth and put in fireless cookers and shipped to Baird cooking all the way out here and that was why it was so nice, clean and tender and this is why none found the meat pit. The old fashioned pit was not there, but the meat was in those big yellow boxes that you took for soda pop cases. There was 3000 pounds of beef and 600 pounds of mutton, and it was simply fine. All praised it as the best cooked meat they ever ate. The bread, 1200 loaves, was cooked by our own popular baker, Oscar Nitschke, and was first-class in every respect. Baird has one of the very best bakeries and Mr. Nitschke is the boss bread, pie and cake maker. He has recently built a new furnace in the rear of his building and has an electric bread mixer and all necessary machinery. He can bake 1200 loaves a day.

After dinner Hon. Cone Johnson, of Tyler, who was here attending District Court, spoke. He made a good talk; having been connected with the State Department at Washington prior to and at the time the United States entered the war, he gave much interesting information of the events leading up to the war. He paid an eloquent tribute to President Wilson who tried to avoid war, but when it was seen to be inevitable he threw his whole soul into the struggle. Mr. Johnson paid an eloquent tribute to the American soldier, whom he said was the cleanest most intrepid in battle and the best allround soldier in the world and he did not hesitate to say that American money, grit and determination of American people, and the fighting qualities of the American soldier had won the war. England and France were almost at the end of their resources when the American army in sufficient force to be effective arrived at front. Mr. Johnson paid a beautiful tribute to the American soldiers who lost their lives in this war. Both he and Dr. Jenkins stressed loyalty to the United States, the grandest and freest government on earth. They both said we had spent our money and time for naught and our heroic dead had given their lives in vain if we do not use every effort to perpetuate what we fought for in this war, liberty, right and justice at home and abroad.

There were games, tournament riding, pony races, auto races, cold drink stands and everything possible to add to the pleasure of the large crowd present, and everybody was in a good humor and seemed to have a good time. Not a thing that we know of occurred to mar the pleasure of the occasion. One or two cars were smashed up in the auto races, but no one was seriously hurt.

To the Baird Fire Department, The Fireman's Band, the Red Cross Canteen and the red blooded, loyal Americans in town and county who subscribed to the reception fund and those who prepared the picnic dinner Friday, is due the success of the first public entertainment given in the county in honor of our soldier boys.

One of the victims at Ranger happened to be in Baird and notified the officers who arrested the men. They were still in jail last night.

The subscription is said to be 25 cents a year while the "agents" collected a dollar each it is claimed.

## AMERICAN TROOPS KILL FOUR BANDITS

COLONEL LANGHORN SUGGESTS  
THAT THE CARRANZA FORCES  
CO-OPERATE.

Marfa, Texas.—Four Mexican bandits have been killed by American troops in Mexico. Captain Leonard Matlack, who arrived here by airplane reported. They were surrounded in an adobe block house that the Mexicans had constructed in a mountain pass.

The bandits fought desperately and two escaped.

When the American troops approached the block house with the intention of searching it for hidden bandits the Mexicans opened fire from portholes.

The fire was returned and the blockhouse charged by the American cavalry troops.

Colonel Lanhorne, American army commander in the Big Bend district, has suggested to Cosme Benegoecha, Mexican consul at Presidio, Texas, that the consul communicate with General Pruneda, Mexican commander, who now is near Cuchillo Parado, and suggest to Pruneda that American and Mexican troops co-operate in pursuing the bandits who captured Aviators Davis and Peterson.

Candelaria, Texas.—Troops of the eighth cavalry crossed the Mexican border at 6:40 o'clock Tuesday morning in pursuit of the bandits who held Aviators Peterson and Davis for ransom. Davis and Peterson accompanied the troops, acting as guides.

Washington.—The American punitive expedition into Mexico after the bandits who held the two American aviators is being conducted with the full knowledge of authorities in Washington, who have been withholding announcement of the government's policy until the two Americans were safe.

Marfa, Texas.—Lieutenants H. G. Peterson and Paul H. Davis, aviators of the United States army, held captive for more than a week by Mexican bandits, who demanded a ransom of \$15,000, were rescued Tuesday by Captain Matlack of the eighth cavalry and are safe in American territory.

Captain Matlack brought back with him \$6,500 of the ransom money. He said after Peterson had been released Davis was brought forward by the bandits and the two mounted Captain Matlack's horse. The bandits demanded the remainder of the ransom money and Captain Matlack and Davis answered by riding rapidly away.

## DISABLED MEN MAY NOW ENTER CIVIL SERVICE

Federal Examinations Will Be Waived  
in Cases Recommended by Board.

Dallas.—Notice has been received by W. F. Doughty, district vocational officer, that the federal civil service regulations have been amended by an executive order of the president placing upon the federal board for vocational education the responsibility of testing and certifying to the civil service disabled soldiers, sailors and marines who desire to enter that branch of service. The amended regulations permit the fullest cooperation of the government agencies with the federal board in the vocational rehabilitation of men disabled in the war.

All the rules governing the relation of the board to other governmental departments are being altered to simplify the work of each and facilitate the movement of the cases of the disabled men applying for aid. The new regulation of the civil service will permit the placing of the men after having been passed by the vocational board as to qualifications for the position, without recourse to examinations by both departments.

## ARCHDUKE DECIDES TO HOLD REINS TEMPORARILY

Agrees to Resign, But Reconsiders at  
Request of Peasant Leaders.

Budapest.—Archduke Joseph has agreed to resign as temporary dictator of the Hungarian government because of the socialists' objection to him, but consented to remain in office for the time being when peasant leaders and members of the reactionary party protested. They declared they would cause the food blockade against Budapest to be re-established unless he continued to act as regent.

### Suez Canal Blocked.

London.—The Suez canal has been blocked by the sinking of the Italian cruiser Basilicata after an explosion, according to advices from Port Said. The cruiser sank near Tewfik.

## COTTON KEPT OUT OF FOOD CONTROL BILL

TEXAS MEMBER'S POINT THAT IT  
IS NOT GERMANE IS SUS-  
TAINED.

Washington.—Cotton was kept out of the food control bill by a point of order made by Representative Blanton of Texas to an amendment offered by Representative Newton of Minnesota, which proposed to render raw cotton subject to the same regulations made applicable to wearing apparel, etc. The house had voted into the bill the regulation of rents, which was later eliminated. Representative Haugen, chairman of the agricultural committee, made a point of order, but reserved action pending a discussion of the Newton amendment, whereupon Mr. Blanton renewed the point, insisting that cotton was not germane to the subject of the legislation.

Washington.—No product is included in the amended food control act reported to the house of representatives by the agricultural committee; neither is there given an extension of the price fixing authority. Administration of the law, with a severe penalty of a fine of \$5,000 or imprisonment, is left with the department of justice. The present law carries no penalty, for operation during the war, but permitted enforcement through the licensing system. In the new bill this system is done away with. Retailers, exempted under the present law, are to be made amenable to the terms of the new act, and rendered liable to prosecution if found profiteering.

The reported bill specifically exempts farmers and co-operative associations of farmers. Otherwise it was held that they would be liable to prosecution for any movement undertaken to better their condition. Representative Young of Texas led the fight for exempting the farmer on the claim that they have not unduly profited, and that to destroy the right of the farmer to organize for bettering his condition would result in curtailing production.

"Republicans on the committee endeavored to extend the powers so the president would be authorized to fix prices on everything produced or consumed in the United States," said Mr. Young. "I, with others, opposed the extension of authority as in the case of the original legislation."

Mr. Young said he was fearful that the price of cotton would be made to suffer if the price-fixing idea had been adopted.

## TEXAS GUARD MAY NOT GET PAY FOR TRAINING

Absence of Officers at Camp Stanley  
Counts Against Units Under  
Ruling.

Washington.—Unless the treasury department reverses its ruling, members of the new Texas cavalry regiments which spent weeks in camp training will not receive pay for that service. The law requires that the attendance of organization must be 60 per cent of the enlisted force and 50 per cent of the officers before federal pay can be secured. While the troops were in training the officers trained at Camp Stanley and their absence is counted against the representation for the purpose of pay.

This matter has been laid before the secretary of war and the militia bureau by Colonel Claud V. Burkhead of San Antonio and Colonel John W. Young of Galveston.

## DAYLIGHT SAVING LAW WILL END IN OCTOBER

Act Repealing Law Passed by Congress  
After it is Twice Vetoes  
by President.

Washington.—Repeal of the daylight saving act has been accomplished, the senate voting to sustain the house in passing the repeal measure over President Wilson's veto. The vote was 57 to 19.

The repeal of the law which now takes its place among the very few which have been passed over a presidential veto becomes effective after the clocks are turned back to normal in October. It will go down in legislative history as one of the very few measures which have twice been vetoed by a president and became a law after all by the vote of more than two-thirds in both houses of congress.

### British Fleet Busy.

Stockholm.—The reinforced British fleet which has been engaged with bolshevik war vessels is concentrated against Kronstadt, the naval port of Petrograd, a dispatch from Helsingfors says. The city of Kronstadt, it is said, is burning.

He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. T.

## LIVE STOCK SPECIALS NUMEROUS THIS YEAR

PRESIDENT SIMPSON GRATIFIED AT WIDESPREAD INTEREST SHOWN IN STATE FAIR AT DALLAS.

President Jno. N. Simpson, of the State Fair of Texas, has received advice that a number of new special premiums will be awarded to Live Stock raisers at the Victory Fair at Dallas in October.

These will be in addition to the \$60,000.00 in cash premiums offered by the State Fair itself, and will make the aggregate cash premiums available for the Victory Fair the largest ever offered by any Fair in the country.

Swift & Company, as evidence of their desire to promote live stock improvement in Texas, have donated \$1,000.00 for special premiums. This amount will be divided as follows: Champion Hereford Steer \$150.00; Champion Shorthorn Steer \$150.00; Champion Aberdeen-Angus Steer \$150.00; Champion Red Polled Steer \$150.00; Grand Champion Steer \$150.00; Barrows, all breeds \$125.00; Mutton Sheep, \$125.00.

All entries competing for the Swift swine premiums are to be fed sixty days before the opening of the Fair, Oct. 6th, on rations balanced with Swift's Digester Tankage.

Armstrong Packing Company, "The Pioneer Packers of Texas," Dallas, offers \$120.00 in cash premiums for Champion Barrows.

J. J. McLain, Anna, Texas, offers \$200.00 in cash premiums for Duroc-Jerseys, as follows: For Boars \$57.50; sows \$57.50; litters of pigs \$85.00.

The Flowerdale Farm, offers \$50.00 for the Grand Champion Barrow, (any breed) of the Show.

## "THE GARDEN OF FOLLIES" HEADLINER AT VICTORY FAIR

MAGNIFICENT NEW YORK MUSICAL REVIEW SECURED BY SECRETARY STRATTON.

"The Garden of Follies," New York's last word in scintillating, spectacular, Musical Extravaganza, will be a headliner amusement attraction in the coliseum at the Victory Fair at Dallas in October.

This was secured in person by Secretary Stratton during his recent visit to the East. Visions of the Winter Garden, or of Broadway in 1919, will float before the eyes of the beholder of this beautiful production.

Oodles of pretty girls, captivating music, magnificent scenery, "dreamy" costumes, and a "cob-webby" plot, delightfully intertwined, make up the production.

Grace, beauty and wit will abound in "The Garden of Follies."

## VICTORY FAIR AUTO SHOW WILL BE BRILLIANT EVENT

TRUCKS, TRAILERS AND TRACTORS WILL ALSO BE SHOWN IN GREAT PROFUSION.

A Palace of Pleasure Cars, vast fleets of sturdy Trucks, and trainloads of Tractors and Trailers will be exhibited at the Victory Fair at Dallas in October.

The 1920 models, in many makes of sedans, touring cars, limousines, sport models, and runabouts, evidencing all the latest ideas in speed, endurance, beauty and comfort, will be shown.

Trucks, hundreds of makes, in many sizes, and suitable for all hauling needs on the farm, in the city or town, or anywhere else that time and labor-saving transportation is needed, will be there.

Tractors—the farm power-plant on wheels—that make all farm tasks easy, will be demonstrated.

So many trucks will be shown that a new building had to be erected to house them. This will be a substantial frame building 60x400 feet, and will cost \$7,000.00. In the center will be a beautiful art-fountain. Both the automobile and trucks building will

be artistically decorated and the lighting effects provided at an additional cost of \$3,500.00, will be very novel.

It is proposed to make the new truck building a community social center where you can come and meet your friends and have a real good time. An orchestra will be provided, and there will be dancing every day and every evening. The Dallas Automobile Trades Association is co-operating with the State Fair management to make the Auto Show at the Victory Fair an event long to be remembered.

## JOHN KIRBY WILL DIRECT CAMPAIGN OF S. A. IN TEXAS

Wealthy Lumberman to Select Executive Committee Soon For State.

MILLION IS ASKED FOR RELIEF WORK

Money Raised in Drive to Be Used in Building Where Donated

John Kirby, millionaire lumberman of Houston has accepted the post of chairman of the Salvation Army home service drive in Texas, which will begin in Oklahoma, Texas, Arkansas and Louisiana September 25 for \$1,000,000.

Mr. Kirby will be associated in the drive with Governor J. B. A. Robertson who is heading the drive from Oklahoma City, and Governor R. G. Pleasant of Louisiana. Governor Hobby of Texas is acting in an honorary capacity on the Texas committee.

"Mr. Kirby was selected to head the state committee because of his popularity with the citizens of Texas," Lieutenant Commander George Wood of the Dallas Salvation Army post declared yesterday. "His long association with the financial interests of the state make virtually certain the success of the home service campaign."

### General in Scope

The home service campaign will be general throughout the United States. The money asked of the nation is \$13,000,000. The share of the southwestern group of states directed from Dallas is set at \$1,000,000. On an estimated population of 5,000,000 for Texas, Oklahoma and the sections of Arkansas and Louisiana included in the territory the amount required will reach 20 cents per capita.

The Salvation Army funds raised in the great cities of the southwest will be spent in the cities from which it is donated. The money will be spent entirely for the betterment of home conditions.

"The question has been asked by a farmer as to what his interest is in the city development of the Salvation Army is," Lieutenant Colonel Woods of the Dallas office said yesterday. "The interest is strong. It affects him directly. It strikes at his family."

### City Life Protected

"The welfare of the Salvation Army is the welfare of his son or daughter who visits the great cities of the nation in search of work.

"The boy who comes to the city is given wholesome surroundings. He is given a clean bed. He is offered a place for healthy recreation. He is taught to avoid the pitfalls of city life into which he might fall were he permitted to go his way without guidance.

"The daughter of the farmer or of the man from a small town is given a clean lodging place in the girls' hotel with board at a low cost. Many girls would not be able to successfully combat the economic conditions of which they are ignorant when they come to the cities without the aid of the Salvation Army.

### Thousands to Cities

"Thousands of such young people flock into the cities each year. They are employed in clothing stores, five and ten cent shops and telephone offices. In many cases the wage paid is insufficient for their needs.

"The Salvation Army steps into the breach at such times and extends a helping hand."

The Salvation Army owns in Texas two rescue, two maternity and two children's homes. In addition the organization has four workingmen's hotels and two industrial stores. The rescue, maternity and children's homes are at San Antonio and El Paso.

Eighty-five working girls and 215 children have been admitted to the homes in the past year. The new state fund asked in the Salvation Army campaign will go in part for the

enlargement of the San Antonio homes. New buildings and institutions are planned for Oklahoma and Louisiana.

### Twenty-Five in Girls' Hotel.

The girls' hotel at Dallas maintained by the Salvation Army now accommodates 25 girls, according to Lieutenant Colonel George Wood in his report for the year ending March 31, 1919. These girls, Mr. Wood declares, are given clean rooms and wholesome meals much below the cost for the poorest kind of board and room obtainable in Dallas. The home is at 1718 Corsicana street.

### Many Get S. A. Groceries.

Meals and groceries have been supplied 22,104 needy citizens of the southwest by the Salvation Army in the past year, according to Lieutenant Commander George Wood of the Dallas office. 1945 were given lodging, employment was found for 360, medical aid was given 1148. The total number of suffering people relieved by the Salvation Army in the year is 30,563. The cost of giving the relief amounted to \$17,268.48.

Twenty-five representatives from the states of the southwestern region, Louisiana, Oklahoma, Arkansas, New Mexico and Texas, attended the meeting.

### AGED TEXAS WOMAN MAKES GIFT

From Matagorda, Texas comes the story of the devotion of Mrs. M. J. Bruce, an aged saint of that vicinity, to the Baptist 75 Million Campaign. She gave her pastor \$5 to apply on the campaign and was informed that subscriptions would not be taken until the week of November 30. "But I am getting old," she replied, "and may not live till the end of September, and I do not want to pass away without having had a part in this great campaign."

REVIVAL SERVICES BEGIN SUNDAY

This is to call attention again to the fact that our revival services begin Sunday at 11 a. m. We are very anxious to meet all the Sunday School pupils in the Sunday School at 10 a. m. and have all remain for the preaching services. If you were not present last Sunday, bring an offering for the new song books.

We have completed all our arrangements for the meeting. Rev. K. S. Vanzandt and Mr. H. Hay and wife will arrive Saturday afternoon. Bro. Vanzandt will do the preaching. Mr. Hay will lead the singing and Mrs. Hay preside at the Piano assisted by Miss Stella Mitchell. We have secured good help and cordially invite the cooperation of all the christain people of the town regardless of denomination. This is not a Methodist meeting but is for every body to enjoy and work in. Start in with us in the very first service and stay with us to the last and I am sure you will get a great blessing out of the meeting.

We extend a special invitation to the singers of the other churches to come to the choir and help to make this part of the services a success. We have a very fine leader and it will do you good to be under his direction for two weeks.

Join with us for a great meeting.  
S. L. Culwell.

P. S. I was not sick nor fishing last Sunday, but detained with a broken down car. S. L. C.

AN OLD FAULT FINDER

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

COTTONWOOD LOCALS

August, 26, 1919.—Editor Star. We feel this morning inclined to indicate another one of our interesting communications on the readers of The Star. We are not over-supplied with stirring events of our community, but such as we have we place before our readers.

We are having again a lot of beautiful showers which we think is unnecessary to growing crops. The wheat crop and oats are threshed and in the granary principally and the farmers are easy on that score.

A protracted meeting is being conducted at Cottonwood under the auspicious of the Baptist Church, at Cottonwood.

A little girl of perhaps four summers, daughter of Mr. and Mrs. Ed Brashears, of near Caddo Peak, was buried at Cottonwood Cemetery just a few days ago. We think congestion was the immediate cause of her death. We offer our sympathy and condolence to the bereaved parents and other relatives and friends.

Our immediate community is almost entirely free of sickness and we are generally blessed along that line. We presume that a scarcity of oats, or a variety of the same, reasonably accounts for our healthy conditions.

A small epidemic would be in order now since the feast at the Baird Picnic. Mrs. Jimmie says our constant devotion to melons and fruit is evidence that your Uncle Jimmie is proof against disorder arising from a constant refreshing of the innerman with these luscious fruits.

We have reached the age of three score and twelve years but we still display traits of boy hood when we are confronted with a large fine melon.

We read in the papers that the annual reunion of the Confederate Veterans will be held at Atlanta, Georgia the 7, 8 and 9th, of October. We imagine every one will be lost.

We know our time is fast approaching for we are a Veteran and their ranks are fast thinning, and they will only live in memory a short time hence.

Our country is short of farm labors. The oil industry is doing a large percent of the labor of the country and the immense prices paid is rendering it almost impossible to secure sufficient labor to gather the crops.

Well Uncle Billie I have shot a sufficiency of Balderdash into the ranks of the readers and must desist a further continuance in order to sustain our very valuable reputation.

Now give us a little room and attention and we will "keno."
