

OLD INKY sez - YOUR NEIGHBORS' OPINION

What Topic Would You Like to Have Discussed In the 'Your Neighbor's Opinion' Column?

Jake Lamb: "Why haven't we got the road paved north of town, tying in with the Deaf Smith County spur now being completed?"

W. E. McGlothlin, theatre owner: "What can we do to guide and help our young people in their desire to do what is right and good?"

O. J. Beene, City Commissioner: "How about having a discussion on where any new school buildings should be located?"

Mrs. Newman Jarrell, Jr., civic and church worker, housewife: "I would suggest, 'How could we as individuals and as groups help improve the appearance of our cemetery?' Also—those horrible buildings on Main Street bother me, but I wouldn't know how to say it."

Mrs. Eva Miller, housewife and worker in school and church: "Beautification of the city as a whole is a good topic; I would also suggest study of Youth Recreation with reference to keeping the youth near home during the summer months."

Leonard Coffey, businessman: "(1) Discussion of the progress of Friona in its building and modernization; and (2) discussion of 'Is this county in as good shape, financially and otherwise, as we think it is?'"

We wouldn't know too much about this, but bet the ladies will find the specially-prepared window display at Knox's most interesting. The window was turned over to the Hi-Point Home Demonstration women who are exhibiting handicraft arts including copper picture work and home-made cotton dresses.

time and effort put into the make-up and stage setting of a Navajo village. She probably wanted to scream at times during rehearsals, but must have felt very proud of the small fry during the operetta. Wonder how long it would take some of us grown-ups to learn a real Navajo chant, even under the able direction of Mrs. Sheehan?

Friona Indians Win Again, 15-8

Following closely the pattern of last week, the Friona baseball team Sunday took another magic 3-0 lead in the Hereford-Friona game, going on to win by a 15-8 tally.

Stan Barrett of the Friona nine unloosed local action with a sizzling homer in the first inning, bringing home one man already on base. Before conclusion of the third inning, Friona had racked up a 5-0 lead, but Hereford clicked in the fourth to bring the game to a 5-5 tie in that inning. Friona pulled ahead 7-5 in the fifth, building up a momentum that in the eighth accounted for most of the extra scores.

Lindley Davis was winning pitcher, staying on the mound for the first seven innings, being relieved by Barrett. Davis accounted for six strikeouts and seven hits. Two hits were made off Barrett.

Boyd of Hereford was losing pitcher.

The Friona team will be pitted against Olton on Friona territory next Sunday. The diamond still is being improved, and already is one of the best equipped fields in the area.

Thirty signs have been sold to date, these to be painted on the fence surrounding the diamond. The club sells the signs for \$50, netting some \$15 from each.

Brannan Addressed Area Union Group; Gave Searing Criticism of Farm Plan

A large number of Parmer County residents were in Hereford, Friday night, attending the Farmers Union-sponsored area meeting featuring addresses by former Agricultural Secretary Charles Brannan and present State Agriculture Secretary John C. White.

Brannan, introduced by White as "the last secretary of agriculture the farmers had," throughout his address attacked national administration farm policy, tearing it apart to criticize each segment. A long-time advocate of rigid and high price supports, Brannan charged present policies as tending to do away with all price supports in an attempt to "liquidate the family farmer."

Going on from there, Brannan said both President Eisenhower and Secretary Benson purposely were trying to place the farmer in a bad light to other segments of the country. He drew a parallel in present economic condition of the farmer to those years prior to the 1929 catastrophe.

Under special attack by Brannan was drop in farm income during the past two years (13 per cent, said Brannan), increase in emergency loan rate from three to five per

cent, cutting of milk support prices, and cut of benefits to the school lunch program, Soil Conservation Service and Rural Electric Administration.

White, in discussing the visit of Secretary Benson to the Panhandle on the same day, made one statement that has been much in the news since the Hereford meeting. He said, in reference to Benson, "Ceasar came, he saw, he conquered. Benson came, he saw and he left." (Editor's Note: Benson has since taken note of his accusation, and his reply and subsequent discussion has been in the dailies this week.)

White was introduced by Alex Dickie, Jr., Denton County president of the Texas Farmers Union. Dickie was presented by Jay Boston, Hereford farmer and president of the Deaf Smith County Farmers Union.

Invocation was delivered by Father Bartholomew, with Rev. Howard Scott offering the benediction.

W. L. Edelman, Parmer County Farmers Union president, and Bill Woodley, secretary, with their wives, attended a Union banquet preceding the open meeting at which Brannan spoke.

FRIONA ITEMS FROM THE SCHOOLS

Dear Uncle Bert,

The Band went to Canyon, Friday, to enter the contests there. Don Lewis received first in student conducting, Sue Cranfill received second in student conducting, the Band received second in concert, the Band received third in sight-reading, and Nelda May and Katherine Dunn received third in twirling. Some of the students who stayed for the marching contests 2 reported a very nice time.

The high school dismissed classes Friday afternoon and went to see the baseball game between Lubbuck and Friona out at the ball park.

The eighth grade banquet was

last Saturday night in the cafeteria. The theme for the banquet was "May Day," with a huge May Pole in the center and streamers going to each table. The eighth grade parents sponsored this banquet and served the food.

The second grade operetta, "Big Navajo Medicine," was presented in the auditorium Monday evening. It was well attended and it proved to be very educational.

The Coca-Cola Bottling Company will have some representatives here Tuesday to present each student in Friona a Coke. This is an annual practice and one that is thoroughly enjoyed by everyone.

There will be a FHA meeting Thursday at 9:45. This meeting will be the last regular meeting for 1954-55. There are several very important items of business to be discussed in the session.

Sandra Brock will leave Thursday to go to Austin. She is entered in typing. Carolyn Teague, from McAdoo, will be the other entrant from this region.

The Junior Class will present their assembly for the student body Thursday morning. This promises to be a very talented program.

The FFA Father-Son Bar-B-Q will be Friday night. A large crowd is expected to attend.

May 6, Friona will go to Farwell to play baseball. This is expected to be a real exciting game.

May 9-13 has been declared as "Dead-Week" in Friona High School. That is, as few activities as possible are scheduled and everyone devotes their time to studying for the final examinations.

The teachers have their finishing-up processes and review the students for the tests.

Postoffice Construction Specifications Received

Advertisement for proposals for new or remodeled postoffice quarters was made Friday for the post-office at Friona.

The proposals should be in the hands of Postoffice Inspector J. E.

Cauley at Fort Worth, Texas, up to and including May 28. The quarters are to be furnished under a lease subject to provisions of the standard Postoffice Department lease, at a stated price per annum, including heat, light, power, water, plumbing, etc., for a term of five or ten years from July 1, 1955.

Floor space of at least 2,000 square feet is desired, plus a mail platform 10' x 18', the advertisement states.

Other considerations listed are a reasonably central location, accessibility to rear or side entrance for mails, and adequate truck maneuvering area.

New Schedule Told For Mail Pick-Up

With mail service accelerated locally since May 1, due to both rail and highway postoffice facilities, Postmaster Leo McLellan this week has announced the mail schedule for those unfamiliar with the new system.

First west and southbound mail in the morning leaves on the 10:17 train, and should be in the post-office by 9:30 a. m. Both west-bound mail and that to Lubbock and points south makes good connection on this schedule, McLellan said.

Eastbound and northbound mail leaves at 4:50 p. m. via rail and is gathered at the postoffice at 4 o'clock. This train also handles southbound mail.

Any mail placed in the local office before 6 p. m. will leave on one of the two highway postoffices traveling through at near midnight, one going in each direction.

Beginning this week, McLellan announced that he was locking the lobby doors at 8:30 p. m. seven days a week. After these hours mail may be placed in the outside box for pickup at 8 a. m.

Future Farmers Hold Annual Banquet Friday

The annual FFA father-son barbecue will be held Friday night at 8:00 o'clock in the school cafeteria, according to J. T. Gee, FFA instructor. This affair has been given each spring for the past several years by the Parmer County Implement Company.

Entertainment for the evening will feature the "Serenaders," from KCBT-TV Station in Lubbock and sponsored by the Western Cotton Seed Oil Company of Lubbock.

METHODIST REVIVAL TERMED SUCCESSFUL

Probably one of the most-discussed revivals of recent years in Friona drew to a close Sunday evening at the Methodist Church, with Evangelist Phil Shuler and wife completing two weeks of special services.

Eighty-seven conversions were reported, together with nine individuals making dedications for special work.

The evangelists have returned to their home in Pasadena, Calif., for a week of rest before commencing their summer tour.

Farm Bureau Report

By RAYMOND EULER

According to Les Bruns, Parmer County Farm Bureau's Weed Committee made a real impression on those in attendance at the Bushland Experiment Station on April 28th. Participating in the panel discussion led by County Agent Joe Jones, were Les Bruns, Bruce Parr, and Gilbert Kaltwasser. Bruns told about the origin of the committee within Parmer County Farm Bureau last year, outlining the discussions of the increase of bindweed, in particular. Parr reviewed accomplishments of the committee last year, with particular emphasis on cooperation of the Highway Department and County Commissioners and the promise of Santa Fe Railway officials in relation to rights-of-way. Kaltwasser outlined aims of the committee for continuing the program for this year. Plans are being made to secure sodium chlorate in wholesale quantities for those farmers who wish to make a real effort to eradicate these noxious weeds this year.

The success of this cooperative program last year has led to many inquiries from other county Farm Bureaus interested in weed eradication. Bailey County, at their an-

nal convention, after hearing a report by Parr, began taking orders to make up a car load shipment of sodium chlorate for use in the area. Continued cooperation in this effort will make possible almost complete eradication of bindweed in this county, committee men believe. Any inquiries made at the office in Friona, or at the county agent's office will be answered with any information the committee may have accumulated.

MILO: The record shows that Farm Bureau is responsible for the support being 70 per cent instead of 60 per cent. Farm Bureau asked for 75 per cent.

If you have something to contribute to the Christian Rural Overseas Program for Texas Friendship for Korea, take it to Miss Stinson at the courthouse or bring it to the Farm Bureau Office. We'll see that it goes to the right place.

Beginning last Monday, all farmers residing on the farm began paying less for automobile and truck insurance with all stock companies in Texas.

CONSIDER THIS: A scorned lovelorn one that repoveth him; neither will he go unto the wise. Proverbs 15:12.

AUSTIN. — All eyes are on the clock no was Legislators vie for position at the Speaker's post, to "run" with their favorite bills.

Time is swiftly bringing the Legislative "race" to a close. Hundreds of bills will lie on the calendar and never reach the finish line.

But, hundreds have passed. House members took a quick look at a long, uncontented bills calendar, then passed 164 measures on to the Senate in two days.

Senators are now considering these bills and scrambling to get the House-passed tax bill under the wire before adjournment on or about May 10.

Subject to Senate approval is a two-cent gasoline tax increase, a one-cent-per-pack increase in cigarette taxes, plus a tax on cigars, snuff, and packaged tobacco. Also in the omnibus tax bill is a levy on trading stamps and uranium ore. A hike in beer dealers' license fees is imminent. Contemplated to be freezing of the present natural gas production tax at 8 per cent—originally due to drop to 7 per cent in 1956.

It is estimated that the tax bill, as written, will produce \$25,000,000 a year in additional revenue for the general fund. That is \$5,000,000 short of the appropriation bill. So, there will have to be more levies, or the appropriation bill cut.

Veterans Land Bill

Both houses voted to submit a constitutional amendment to the people, in November of 1956, calling for an additional \$100,000,000 for the veterans land program. Replacement of the Governor and Attorney General as members of the Veterans Land Board, by two appointed members, is specified in the bill.

Governor Allan Shivers and Attorney General John Ben Shepperd repudiated the minutes of the board as compiled by Bascom Giles, former Land Commissioner, and the Board ordered the minutes corrected.

Senator Jimmy Phillips, member of the Senate investigating committee, immediately seized, for photostating, all the old minute books. Phillips said he did this, under committee subpoena, "to make certain that there is a permanent record of the minutes as they were originally entered."

Labor Legislation

Three bills by Sen. George Parkhouse, all fought by organized labor moved ahead in the House.

The "Ford Motor Bill" was softened, then passed, subject to Senate concurrence. It prohibits unemployment compensation benefits to workmen idled by a strike in other plants owned by their employer. It exempts the workman who makes a good-faith offer to return to his job.

Modified by the House labor committee, and reported favorably, was Parkhouse's bill to eliminate "Port Arthur" strike situations. It would stop union from picketing plants where the majority of the workers were non-union.

Another Parkhouse bill authorizes suits for injunctions and damages.

Workmen's Benefits

Benefits for workmen are destined to improve.

Passed by the House was a bill by Rep. Garth Bates, increasing the workmen's compensation rate from \$25 to \$35 a week.

A Senate bill by Parkhouse increases benefits under unemployment compensation from \$20 to \$25 a week, while restricting those who may receive jobless pay.

Governor Crawford Martin

You can call him Governor Martin now.

Sen. Crawford C. Martin of Hillsboro became governor for a day. As President-Pro-Tem of the Senate, he became acting Governor when Governor Shivers went to Washington and Lt. Gov. Ben Ramsey conveniently absented himself across the Sabine River for a day.

Friends of the Hillsboro Senator organized a "junior inaugural" in his honor.

Shivers Has 1,000 Guests

Governor and Mrs. Shivers were hosts to some 1,000 guests at a formal reception at the Mansion.

The biennial affair, given for legislative members, state officials and their wives, was the big party of the week in Austin.

Appointments Confirmed

Twenty-nine appointments made by Governor Shivers were approved by the Senate. These included:

Presiding Judges: Judge W. L. Jack Thornton of Dallas, first administrative judicial district; Judge Howard P. Green of Cuero, fourth district; and Judge Floyd Jones of

Breckenridge, eighth district. Board of Regents (State Teachers Colleges): H. L. Mills of Houston, Miss Elizabeth Koch of San Antonio, and Henry Sears of Hereford.

Veterans Affairs Commission: Marcus Weems of West Columbia.

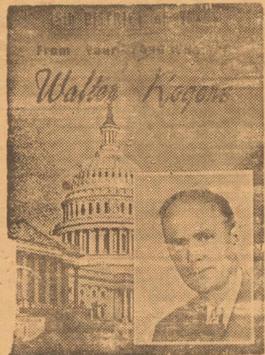

Dust Storm Disaster

Alarmed by dust storms, John C. White, Agriculture Commissioner, says "Much of the land in West Texas is in far worse shape now than at any time in history, including the dust bowl era of the 1930s."

Following a tour of West Texas, White made recommendations to the State and Federal governments that steps be taken to remedy the drought situation.

Short Snorts: The Legislature made permanent 10 temporary district courts and created four more. . . Congressional and judicial re-districting bills died in the session's long-jam. . . A constitutional amendment to let the state make retribution to persons who serve time in prison for crimes they don't commit passed both houses and will be voted on at the general election next year. . . Two House bills to tighten enforcement of narcotics laws passed the House and were favorably approved by the Senate criminal jurisprudence committee.

Washington Views -

To the People of the 18th District:
THE FARM SITUATION CONTINUES TROUBLESOME

Let no one be misled about the effects of the farm situation on the general economy. The plight of the farmer is beginning to be felt in many other segments of American life. In our particular section of the country the farmer has been fighting drought conditions for four years. In many instances it is a miracle he has survived. Yet, with full knowledge of the plight of the people in the drought area, the Department of Agriculture has placed three additional heavy burdens on his back:

FIRST: The rug was jerked out from under him when the grain sorghum price supports were reduced by 15 per cent, the greatest reduction ever visited upon these people. Grain sorghum has been the cash crop of the Panhandle, and in addition has kept much of the land from blowing.

SECOND: The interest rates of particular government loans were increased from 3 to 5 per cent. These were interest rates on money that was being borrowed by farmers to keep their operations going, to keep their children fed and housed, and to remain on the farm where they were raised. It might be noted that many big businesses are being allowed to finance themselves through the government at considerably less than 5 per cent. I ask why a man in distress should be further distressed by such an unconscionable policy.

THIRD: The Farmers Home Administration is being "re-organized." Many here in Washington feel that this is a shoddy political action done for the purpose of creating jobs for party faithfuls and picking out present employees. It certainly is not being done for economy as was reported by some in the Department. The cost of operation in Texas alone will be an additional \$40,000 a year, according to a conservative estimate by an official of the Farmers Home Administration. Men who have been with that department in the field for a long time and who are in position to expedite the administration of the loans are being down-graded, both in position and salary. There

are several other ways to make a man quit in some departments, one being to move him to Alaska; that is, give him his choice of going to Alaska or quitting. The opinion has been voiced here that the so-called "re-organization" is a sordid attempt to gain economic control of many of the small farmers for political reasons. My mail indicates that the farmers generally are very much upset about the situation.

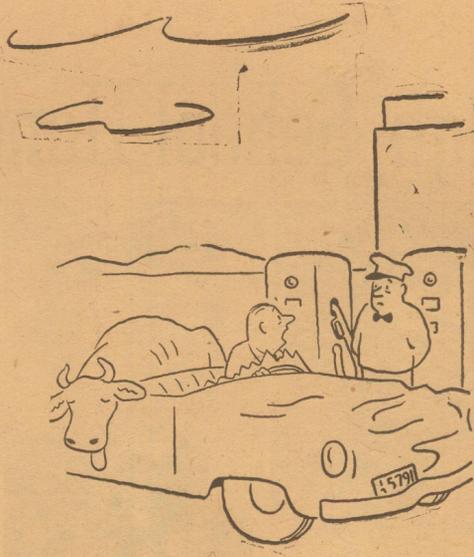

And to add to these blights, nature again punishes us for misuse of the soil by visiting dust storms upon us. These are problems that cannot be answered by funny pictures of a man with an open umbrella leaving Washington for the drought area. The situation has ceased to be humorous, and it is time that the farmers of this section received more beneficial action and less talk.

THE GAS HEARINGS

The gas hearings are drawing to a close this week and will be history when you receive this letter. They have been most enlightening from many standpoints, especially as to separating the sheep from the goats on the question of free enterprise. As I said in a former newsletter, I was completely astounded at some of the groups of individuals who appeared before our committee and supported federal bureaucratic control. In most instances, it came out that the position of these people was being prompted by the feeling that their particular situation or business would be better protected if federal bureaucratic control was invoked. I certainly respect the sincerity of these people, but I, of course, question their judgment, because it is a good example of the reason for the old saying: "It all depends on whose ox is being gored." Whether it is the gas business, the peanut business, or any other business, from a hamburger stand to a giant corporation, the tragic price of federal bureaucratic control and price fixing for protection, real or fictitious, is a complete capitulation of policies of socialism, and, in my opinion, cannot be otherwise construed.

As serious as these hearings have been, there have been many humorous situations. One witness was pointing up the fact that our state confusion had actually come from a co-mingling of interstate (federal jurisdiction) transactions with intra-state (state jurisdiction) transactions. He was arguing that the federal government was trying to take over everything by simply referring to each transaction as an interstate transaction. He said that it had gotten to the place where regardless of a man's business, if he took a drink of water in New York and spit in West Virginia, he was in interstate commerce. Another witness who appeared in behalf of a large city for federal control was being questioned at length by me as to his conclusions. He finally said that he didn't want to argue the point but did want to say if I had come from the same city he had, I would probably be making the same statement he was making. Which proves that we all try to repre-

MORE ON TRAFFIC SAFETY -

"Why is it that citizens who obey other laws often show great contempt for traffic laws?"

This question was asked by Mr. R. B. Roaper, Chief Safety Engineer, Humble Oil & Refining Company, Houston, and President, Texas Safety Association today as he commented on the importance of the Texas Safety Association and the Texas Department of Public Safety's know and obey traffic laws program. This program is being conducted in Texas during March in cooperation with the National Safety Council.

Mr. Roaper said "People who would be critical of sharp practices in business, who are strictly honest in their personal relationships and who are highly respected

in the community, will frequently brag about 'getting away' with some infraction of traffic laws."

"This attitude is difficult to understand when you consider the seriousness of our traffic problem," he said. "National Safety Council records show there were 38,300 people killed in motor vehicle accidents in 1953. It is significant that Council records also show 82 per cent of the fatal traffic accidents involved violations of traffic laws by one or more drivers. The conclusion is obvious—violations of traffic laws lead to traffic accidents."

Mr. Roaper declared that, in the face of these facts, no person can consider himself responsible if he doesn't have the same respect for traffic laws as he has for laws prohibiting such crimes as robbery and murder.

"The fatal traffic accident victim loses his life as surely as a murder victim loses his," Mr. Roaper said, "and the deliberate traffic violator who causes the accident is responsible for this death." He urged all drivers to accept their responsibility for their own safety and the safety of others and to make it a point to observe traffic laws at all times.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

"They failed to see the forest for the trees."

This proverb should be borne in mind regarding recent 394 page report of Attorney General's National Committee to study anti-trust laws. Senators John Sparkman and Estes Kefauver and Representative Wright Patman have publicly exposed fallacy of reports' majority opinion.

However, these exposures involve legal technicalities. Therefore, Rep. Henry Reuss of Wisconsin has made the best summation. Of the 60 man committee, he found 22 are corporation lawyers who collectively have appeared over 150 times to fight government on anti-trust cases.

To get full view, recognition should be given recent uneasiness in the stock market, and annual reports of corporations not in a position to share in defense and foreign give away programs. It all ties in together.

It appears obvious unless anti-trust laws are wrecked, some big monopoly minded corporations are in trouble. Greed destroys the greedy, hence greedy must seek from government special considerations.

For example, one of nation's biggest grocery chains annual report showed record breaking sales of almost 2 billion dollars. But profit was less than \$15 million, or around 3/4 of 1%.

Propagandists for this huge chain may try to establish this low profit is due to low prices. Yet comparative shopping indicates their prices are equal, or higher, than independent competition, except in areas where an

attempt is being made to drive out competition.

Actually, this chain has forgotten old proverb, "The shoemaker should stick to his last." Instead of confining efforts to re-tailing it has set up a coterie of subsidiary manufacturing companies producing items in competition with private packers.

These chain brands can only be sold through their own stores, but the public still prefers to buy brands they recognize and which are found in most stores.

This, it is believed by experts, sapped their profit. Despite pushing their own brands, giving them preferred shelf space, taking other measures; this chain has not been able to drive out brands of regional and national packers, to extent necessary to show profit on their own brands.

It is rather humorous, as well, that over past few months this same chain has been busy publishing "codes of ethics" for brand promotion. Some points raised are valid, but most points if adhered to would favor chain's own brands to further force out of their retail stores products of regional and national packers.

So this chain faces one of two solutions. Either get out of the packing business and quit trying to monopolize, or get anti-trust laws torn down. Up until a few years ago, if an organization were big enough, it could transgress anti-trust laws with impunity.

However, something new has been added.

That has been organization of independent businessmen into a major factor in nation's economy. No longer can anti-trust laws be flouted with no public notice. Violations of anti-trust laws are now brought to official notice. Hence, current big drive to knock down anti-trust laws.

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stopwatches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every one else on the road!

*National Association for Stock Car Auto Racing.

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!

"May Day" Theme Marked Banquet

The annual eighth grade banquet was held Saturday night in the school cafeteria and featured a "May Day" theme. There were eighty-six present.

A large May pole and decorations symbolizing the month of May were placed over the banquet table. The menu featured fried chicken with all the trimmings.

Master of ceremonies was Owen Houston, and the invocation was given by Principal John Parish. Lavon Fleming and Johnny Hand sang a duet, and a piano solo was played by Keith Taylor.

Hints on "What to do when you get to High School," were given to the group by Harold Taylor. Two musical numbers, "May the Good Lord Bless You" and "I Believe," were sung by Robbie Boggess, Arlene Stowers, Nancy Outland, Joy Crow, Roy Jones, Johnnie Tomlin, Jo Ann Beatty and Pat Cranfill. They were accompanied by Darlene Stowers.

The benediction was given by Larry Jo Moyer.

ATTENDS SCHOOL OF INSTRUCTION

An Eastern Star School of Instruction was held in Plainview Friday night. Those who attended from Friona were Mrs. Bert Chitwood, Mrs. Ed Boggess, Miss Faye Southward, Mr. and Mrs. C. L. Dunn, Mr. and Mrs. Leonard Coffey and Mr. and Mrs. Claude Miller.

Mrs. W. S. Crow Led Home Mission Study

The Baptist W.M.U. met Tuesday at the church for a Royal Service Program with twenty-three members present.

Mrs. T. E. Lovett opened the meeting with a prayer, and Mrs. C. M. Fields led the group in a song, "Make Me a Channel of Blessing."

Mrs. W. S. Crow was in charge of the program on Home Missions, with the topic of "Up and Down City Streets." Mesdames T. E. Woods, Joe Talley, Wesley Hardesty, C. W. Dixon, Florence Buske, J. H. Wise and Roy Miller gave the program.

After the program a short business meeting was held and Mrs. Douglas Connelly dismissed the group with a prayer.

Hardesty - Coffey Vows Were Read

Miss Laura Nell Hardesty, daughter of Mr. and Mrs. Wesley Hardesty, became the bride of Leon Coffey, son of Mr. and Mrs. J. L. Coffey of Melrose, N. M., in a ceremony read Saturday, April 30, in the parsonage of the First Methodist Church of Clovis. Rev. T. H. Raper, pastor, read the vows.

The bride wore a white linen dress. Attendants for the couple were Mr. and Mrs. Dell Westbrook.

The bride graduated from Friona high school in 1954 and has been employed by Steve Messenger for the past several months. The groom is a 1950 graduate of Melrose high school. He served two years in the Marines, and has since been employed at the City Body Shop.

The couple will make their home in Friona.

BEAUTY HINTS GIVEN AT HI-POINT CLUB

The Hi-Point Home Demonstration Club met Friday afternoon, April 22, in the home of Mrs. F. M. Woolbright, who was also in charge of the meeting.

Roll call was answered with "a beauty hit." Mrs. Lee Renner and Mrs. Floyd Rector presented an interesting program on "Grooming for Summer."

The next meeting of the club will be May 13 in the home of Mrs. Theresa McGee.

Refreshments were served by the hostess to the following members: Mesdames Spencer Hough, Glen Mingus, Floyd Rector, Foister Rector, Lloyd Mingus, Lee Renner, Joe Brunnett, V. R. Jordan, Billy Dean Baxter, Rudolph Renner, Ed Boggess and one guest, Mrs. Jocie Embry.

GLENN STEVICK FAMILY GIVEN HOUSEWARMING

Nine members of the Congregational Ladies Fellowship honored the Glenn Stevick family with a housewarming Thursday afternoon.

Two beautiful pictures were given by the group and several individual gifts were presented Mrs. Stevick.

Refreshments of lemonade and cookies were served to the honoree and Mesdames M. A. Bartlett, George Trieder, Carl Maurer, Lawrence Lillard, Fred White, Bert Shackelford, F. W. Reeve, Fred Helmke and O. F. Lange.

Federation Program Was Given at Club Session

A program on "Federation Day" was presented at the meeting of the Modern Study, Tuesday night, at the Clubhouse. A report on the Federation convention held recently in Snyder was given by Deke Kendrick, Melba Miller and Lucille Latta.

An amusing reading on "My Operation," was given by Fay Reeve. In conjunction with the Federation program, a history of the organization, charter members and activities of the Modern Study Club was given by Thelma Ford.

Mrs. Ford had a display of all the yearbooks of the club since 1931.

Two of the charter members of the club were guests at the meeting. They were Mrs. Charles Lovell of Farwell and Mrs. S. L. McLellan.

Piano selections were played by Nan Lillard and Ben Parr.

The hostesses, Deke Kendrick and Irene McFarland, had the club room attractively decorated with floral arrangements of purple iris.

They served refreshments of angel cake with whipped cream topped with crushed peanut brittle, and coffee to the members and guests present.

Garden Motif Was Featured at Club

A "Federation Day Program" was given at the meeting of the Friona Woman's Club, Wednesday afternoon, April 27, at the Clubhouse.

Quotation for the day was "Federation offers us opportunities for service, in contrast with a greater cross-section of women, than any other group in the world."

The program was presented by Mrs. S. E. Beaton, the club delegate to the Federated Club convention held recently in Snyder. She gave an interesting description of the various activities and programs that occurred during the convention.

Music for the meeting was the group singing of the club song, "Love and Grow."

The hostesses, Mrs. Bert Chitwood and Mrs. Newt Gore, had turned the club room into a spring garden with large bouquets of mixed spring flowers. On the mantle, with a large mirror reflecting the image, was an arrangement of purple iris with white fruit blossoms, spiraea and lilac blooms. An arrangement of tulips and spiraea was placed on the president's table. One of the tables was covered with a lace cloth and held a large yellow bowl with an attractive arrangement of forsythia, golden bell and greenery.

Refreshments of iced tea, nuts and coconut cake were served by the hostesses to the members present.

The next meeting of the club will be May 11, and the program will be based on South America.

DOROTHY BURNETT WEDS AMARILLOAN

Mr. and Mrs. D. C. Burnett of Friona have announced the marriage of their daughter, Dorothy, to Russell B. Martin of Amarillo.

The couple was married in a ceremony in Clovis, N. M., April 9. They will make their home in Amarillo, where Mr. Martin is employed at the Amarillo Air Force Base.

Mrs. Roy Slagle Was Bridge Club Hostess

Mrs. Roy Slagle was hostess to members of the Senior Bridge Club in her home Friday afternoon. There were eight members and one visitor present.

Following an afternoon of bridge, high score prize was won by Mrs. H. C. Kendrick.

Refreshments of salad, wafers, and iced tea were served by the hostess to Mesdames Pat Woodley, O. F. Lange, Bert Shackelford, Carl Maurer, M. A. Bartlett, Wayne Stark, H. C. Kendrick, and Mrs. D. L. Slagle of Panhandle who is visiting Mrs. Roy Slagle.

Dresses Modeled At H.D. Meeting

The Greenacres Home Demonstration Club met Wednesday in the home of Mrs. Gordon Hough, with Mrs. Al Reznik, president, in charge of the business session. During the short business meeting, two items were auctioned that were received at the Stanley party held recently.

Mrs. Floyd Brookfield modeled the dress which she had made while attending the sewing workshop. Mrs. Gordon Hough was in charge of the program and the three games played by the members.

Two vocal numbers were sung by Mrs. Ova Outland and Mrs. Ora Mae Anthony. They were accompanied at the piano by Mrs. Hough. The hostess gift was won by Mrs. Cocanougher.

The next meeting of the club will be May 18 in the home of Mrs. Floyd Brookfield.

Refreshments of fruit salad, wafers, nuts and coffee were served by the hostess to Mesdames L. C. Johnson, Floyd Brookfield, R. H. Cocanougher, Jean Anthony, Al Reznik, Charles Howell, Merle Massey, Wesley Hardesty, and two guests, Johnny Stokes and Ova Outland.

Swisher Studios To Give Recital in Friona

Miss Mattie Mae Swisher announces that the students of the Swisher Studio of Singing will be presented in a musical, honoring National Music Week, next Sunday at 3 p. m. in the First Baptist Church of Friona.

Mrs. Eva Miller will be the accompanist for the singers.

Guest musicians will be Pluma Metcalf, soprano, and Sally Osborn, pianist.

The public is cordially invited.

Children of India Topic Busy Workshop

Mrs. Mary Lou Cason and Mrs. Loyde Brewer met with the children of the Busy Workshop, Tuesday afternoon, at the Methodist Church, for a mission study on "The Children of India."

The mission story for the meeting was "Fig Tree Village," and concerned a preacher and teacher and his wife and their struggle against malaria in a village in India.

Each of the children said a sentence prayer, and following the story hour played several games. Refreshments were served by the WSCS to Karen Osborn, Richard Neelley, Merlene Massey, Donna Fulks, Lonnie Ellis, Byron Brewer, Billy and John Duke, Eldon Long, Carl Yarborough, Travis Graves, Eddy Gore, Eugene Weatherly, Darrell Anthony and Jeanee Wiley.

OPERETTA MEMBERS GIVEN PARTY

The grade 2-B students, who presented an operetta Monday night in the school auditorium, were given a rehearsal dinner Thursday evening by Mrs. Pat Woodley and Mrs. Melba Neelley. The dinner was given in the club room of the Friona Insurance office at 6:00 o'clock, following the after-school rehearsal by the group.

Hot dogs, pink lemonade, nuts, mints and cookies were served to thirty-seven children, their teacher, Mrs. Mary Sheehan, their music teacher, Miss Elsie Ritter, and Mrs. A. T. Stowers and Mrs. Ralph Taylor.

After they had eaten, the children sang the Indian chants that they sang during the operetta.

African Child Life Was Studied by Sunbeams

The Golden Light Sunbeams began the study of West African children at their meeting Tuesday afternoon at the Baptist Church.

Joyce Williams and Terri Wilson led the group in singing "Jesus Wants Me for a Sunbeam."

Each child present placed a small paper bird on a tree, signifying their attendance each week. Mrs. Ruth Williams told the story of Margaret Marchmen, a missionary to the African children.

Mrs. Jeanee Coker started the mission book of Fentola, and how her baby came to be called "Baby Tundy." For handwork the children drew a picture of Fentola.

Refreshments were served to Joyce Williams, Terri Wilson, Jerry and Wade Coker, Becky Turner, David Widner, Linda Evans, Eddy Wood, Judy England, Phillip Coker, Nicki Dudley, Ronnie Williams, Ricki and Delbert Davis, and the sponsors.

Mr. and Mrs. Joe Talley and sons visited Sunday afternoon with Mr. and Mrs. M. A. Black.

Girl Scout Troop 6 Plans Campout Soon

The Girl Scouts of Troop VI met Monday afternoon in the Baptist Church annex, with Mary Grubbs presiding over the meeting.

Roll was called by the secretary and the treasurer's report was given by Cynthia Caffey. The Scouts were divided into three groups and each group discussed the camp-out which will be held when school is out this month.

The Scouts marched to town and bought pop-sicles before being dismissed.

Mr. and Mrs. J. F. Miller were dinner guests of Mr. and Mrs. Fern Barnett, Sunday.

Relatives who spent the day Sunday with Mr. and Mrs. Woodrow Whitaker were his parents, Mr. and Mrs. J. H. Whitaker of Hereford, and his aunt and uncle, Mr. and Mrs. R. B. Wellborn of Fort Worth.

The last regular Cub Scout Pack meeting for the year was held Friday night in the old school gymnasium, with a very good attendance of both Cubs and their parents.

Theme for the Cub den meetings during the month of April was "The Circus Is Coming to Town," and each den presented a stunt based on this theme, including a circus parade complete with clowns. Den III also gave a stunt on "Knight of Yore," the theme for the month of March.

Den I and Den II had the largest per cent of parents attending the Pack meeting, and will divide the attendance award until the next meeting. Following the stunts, a film on the palava held in Amarillo last year was shown the group. Try-outs for the 1955 palava will be chosen. The palava will be held in Amarillo, May 14.

Several Awards of Bear, Wolf and Bobcat badges, as well as silver and gold arrows, were presented the Cubs by Scoutmaster Fred Barker, W. L. Edelman and Coy Patton.

Schedule of events for the Cubs during the summer months include an overnight camp-out at Camp Don Harrington on July 22, with their fathers, and a day at the Amarillo Air Force Base sometime during June.

Four of the Cubs will reach their eleventh birthdays during the summer and will go into the Boy Scouts, said Barker. There are now approximately forty-five Cubs, and several more are expected to join when the regular meetings begin in the fall.

M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 30th day of May, A. D., 1955, to Plaintiff's Petition filed in said court, on the 11th day of April A. D., 1955, in this cause, numbered 1771 on the docket of said court and styled The West Texas District Council of the Assemblies of God, an unincorporated religious organization, of Lubbock County, Texas, et al, Plaintiffs, vs. Henry Hartlien et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiffs bring this suit in trespass to try title, alleging that they are the owners in fee simple of All of LOT NUMBER NINE (9) of BLOCK NUMBER THIRTEEN (13) of the Original Town of Friona, Parmer County, Texas, and that on or about the 25th day of March, A. D., 1955, the Defendants unlawfully entered upon such land and ejected Plaintiffs therefrom and wrongfully withheld possession from such Plaintiffs; and Plaintiffs further plead and set up the 5 and 10 year statutes of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

TESTIFIES ON YALTA PAPERS' RELEASE — Secretary of State John Foster Dulles (left), called before Senate Foreign Relations Committee to explain how a New York newspaper obtained Yalta documents before they were released generally, confers with Chairman Walter George (D-Ga.) prior to closed-door session. Dulles admitted Assistant Secretary Carl W. McCordle gave papers to the New York Times 19 hours ahead of general release. However, Dulles claimed, this involved no "breach of security."

Christ Jesus our hope. (1 Timothy 1:1. RSV.)
Before we had a church of our own in Hong Kong, many of us had our religious background on the Chinese mainland. We had not lost our faith and hope in Christ Jesus, but we were living a self-imposed exile until we could establish a congregation and be accepted by our denomination.

A little over two years ago we held our first Sunday service in a Chinese restaurant. Now we have moved into our "Garage Church," a group of garages rented and remodeled to suit our requirements.

Issued and given under my hand and the seal of said court at Farwell, Texas, on this the 13th day of April, A. D., 1955.

You'll feel like a pilot without leaving the ground

Just wait till you switch the pitch of Buick's new Dynaflow*!

HOW would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it—split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.*

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Legal Notice

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Commission of Friona, Texas, will be received at the office of Roy Wilson, City Manager, until 2:00 p. m., May 23rd, 1955, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain Water Works and Sanitary Sewer Improvements. The principal items of work in Division I—Water Works Improvements consist of 8,265 feet of 8", 4,900 feet of 6", and 2,830 feet of 2" water mains including the necessary Valves, Fire Hydrants and Fittings, and removing and relaying approximately 600 feet of 4" cast iron pipe. The prin-

cipal items of work in Division II—Sanitary Sewer Improvements consist of 8,705 feet of 8", 7,448 feet of 6" of Vitrified Clay Sewer Mains (depths of cuts varying from 4 feet to 20 feet) including the necessary Manholes, Cleanouts and Branch Connections. Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of The City of Friona, Texas, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required check or Proposal Bond will not be considered.

The Successful Bidder must furnish bond on the attached form in the amount of 100 per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as surety, or other Surety or Sureties acceptable to the Owner. All lump sum and unit prices must be stated in both script and figures. The owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the Owner to reject the bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45 (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing wage established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of Roy Wilson, City Manager, Friona, Texas, and

Parkhill Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas. Copies of the Plans and Specifications may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such Plans and Specifications, or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit shall be forfeited.

CITY OF FRIONA, TEXAS,
Owner.
CHARLES E. ALEN,
Mayor.

NOTICE OF ZONING HEARING

Notice is hereby given to the property owners within the City limits of the City of Friona and to all other interested persons as provided by law that the Board of City Commissioners will hold a public hearing on the 23rd of May, 1955, at 3 p. m., at the City Office in the Legion Building to consider a zoning ordinance presented to the Board of Commissioners by the Planning and Zoning Commission on the 2nd day of May, 1955, and at said hearing all interested persons will be given an opportunity to be heard.

TEXAS SMALL CROP PROSPECTS

Dry weather, record freezes and blowing winds in the past few weeks have done their bit in adding to the burdens of Texas farmers this year. Many crops not actually destroyed were severely set back, meaning millions of dollars lost in time, labor, seed and crop value.

The peach crop will be almost a complete failure in Texas as well as nine other early southern states. The freeze which took the peaches also caused extensive damage to early season vegetables in the state.

Most late spring potatoes in Central and Northeast Texas were frozen to the ground and harvest will be delayed two to three weeks.

Early acreage watermelons of the Lower Valley and Palfurrias areas were not damaged by the cold but have suffered some damage from high winds. Considerable acreage in South and Central Texas was lost but not late enough to prevent replanting. The real problem was whether or not enough moisture would be available for re-seeding.

Also in South Texas, low temperatures delayed maturity of early-spring tomatoes and high

winds whipped vines scalded the fruit. The real tomato loss was in Eastern and North Texas. Most tomatoes at Yoakum and nearby sections were killed. In the Jacksonville area, limited acreage which had set was killed and considerable damage was suffered by plants in cold frames. Replanting will depend on the availability of plants.

A few cantaloups were lost in the Winter Garden area but no damage to this crop occurred in other South Texas producing sections. Strong winds have whipped vines in these areas, however. The freezes caused heavy loss of cantaloupe acreage in Central Texas but replanting was still possible.

Most onions in the southern area survived the killer frosts and no serious delay in maturity is expected in the advanced irrigated fields. However, yield prospects on non-irrigated onions at Raymondville and along the Coastal Bend were reduced.

One of the most significant major crop losses was in cotton in areas from Corpus Christi along the Coastal Bend and as far north as San Antonio. Wherever young cotton was up in the field, it was killed. Seed loss alone will probably amount to more than \$2 million.

Awards Announced By National 4-H

Awards valued at \$50,000 are being offered 4-H Club members in the 1955 National 4-H Garden, Canning and Frozen Foods program.

Of the half-million 4-Hers who participate in the three projects each year, those with outstanding records will be honored on county, state, sectional and national levels. Much of the foodstuffs grown in the 100,000 acres of 4-H gardens are used fresh, but the members also can over six million quarts of food and freeze over three million pounds annually.

Medals will be offered to four outstanding garden members in each county. State winners in the program will receive trips to the National 4-H Club Congress in Chicago, Nov. 27-Dec. 1. The eight top-ranking 4-Hers among the state winners will get \$300 college scholarships each.

4-H Club work is conducted by the Cooperative Extension Service and full information about these programs is available from the county Extension Agents, Joe W.

Summer Pests Health Problems

AUSTIN, May 5. — Flowers and leaves are not the only things that pop out when the weather warms up. Dr. Henry A. Holle, State Health Officer, says you can expect flies, mosquitoes, chiggers, ants and spiders; if not at home certainly the first time you go on a picnic.

The mosquito is a famous carrier of malaria. Its eradication, both because of the discomfort of bites and because the bites spread disease, is advisable. Mosquito bites itch intensely, and the more you scratch them the more they itch. The itching can be lessened if you wash the spots with soap and water or alcohol, and then apply a soothing lotion.

Around the yard and on the farm mosquitoes breed in puddles of water by the roadside, in water that accumulates in furrows, in gardens, in street gutters and sagging house gutters. And they'll make their home in an old can, flower pot, bottle or any other place where water is standing. After a rain is a good time to look around the yard and empty water out of any containers you find.

Such diseases as typhoid fever, tuberculosis are known to have been spread by flies. It is important to protect the whole community from flies and for everyone to take measures to get rid of them.

At home, put garbage in a metal, leak-proof can with a tight-fitting lid. Flies breed in filth and the food they find in and around garbage cans. If they get into the house, they will carry germs to your food, and even to nursing bottles and the mouths of babies. Good window screens and doors will keep flies outside if you teach your children to close the doors quickly when they come in or go out. The yard, chicken houses, stables, and other likely breeding places should always be kept clean so that flies cannot find food and want to stay around. Clean, sanitary homes, alleys, and places of business do not attract flies.

Chigger bites are more troublesome than mosquito bites. If you take a bath after you have been exposed to them, you will wash off most of the larvae before they burrow into the skin. Sulphur dusted on the legs and ankles will prevent many bites.

Friends Invited to Anniversary Open House

Friends of Mr. and Mrs. Tom O'Brian are invited to attend open house this Sunday afternoon at the home of their daughter, Mrs. Julia Fairchild, in celebration of the O'Brian's Fiftieth Wedding Anniversary.

Open house will be held between the hours of 2:30 and 5:30 at the Fairchild home. Mr. and Mrs. O'Brian have lived in Farmer County since 1928, and they and their family have a wide and enviable number of friends in this area.

VETERANS ? Box

Q—Would it be possible for a veteran to receive Public Law 16 training if he has a service-connected disability not severe enough to warrant any payment of compensation?

A—No. One of the legal requirements for Public Law 16 is a compensable service-connected disability. Another requirement is a need for training to overcome the handicap of the disability.

Q—Is there a "ceiling" on combined wages and GI allowance for veterans taking on-the-job training under the Korean GI Bill?

A—Yes; the "ceiling" applies only to on-the-job trainees under the Korean GI Bill. It does not apply to veterans in other types of training. The "ceiling" is \$310 a month. When training wages and GI allowance together exceed that amount, the GI allowance will be cut to bring the total within the \$310 maximum.

Q—A friend of mine, a Korea veteran, waited four months before applying for Korean GI term insurance, and he was told that he was too late, and had missed the deadline. What is the deadline for getting this insurance?

A—The deadline is 120 days from date of discharge. This deadline usually is a day or so short of four months.

Mr. and Mrs. Glen Shaddock of Rosedale, N. M., spent Sunday with her brother and family, Mr. and Mrs. Thomas Parson.

Mr. and Mrs. Otis Vernon and family of Mobeetie visited over the week-end with Mr. and Mrs. Joe B. Douglas and Mrs. Vernon.

Cotton Time Celebration Set May 9-14

Cotton Time is being celebrated May 9-14, marking the 25th annual observance of National Cotton Week.

In addition to saluting America's foremost fiber, which accounts for 69 per cent of all textiles made in the United States, Cotton Week spotlights the 1955 crop of cottons for the home and for the whole family.

Scores of cities are staging communitywide Cotton Week celebrations, and thousands of stores are participating in the event, according to the National Cotton Council, sponsor of the observance.

Officially opened with special exercises at Cotton Exchanges in many cities at the opening of trading on Monday, May 9th, National Cotton Week pays tribute to the country's biggest cash crop and leading textile product.

By overwhelming margins, American consumers have voted cotton their favorite fiber for apparel and

Legion Promoting Vet. Hospitals

AUSTIN, May 5. — The Texas public is being invited to join with the American Legion Auxiliary, May 12, in an inspection tour of the 12 installations in the state that take care of hospitalized veterans, Miss Doris Anderson, Austin, state president, has announced.

For the public May 12 is National Hospital Day. For the American Legion Auxiliary, May 12 has also gotten a new designation for this year; "R Day."

Miss Anderson states the three "R's" which the American Legion Auxiliary will stress are Rehabilitation, and Recruitment.

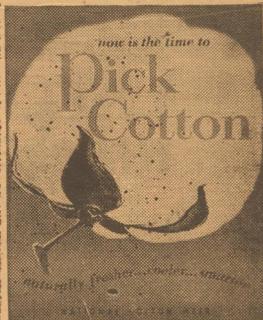

She explains these as follows: "We think 'R Day' is a splendid idea not only for the American Legion and the Auxiliary but for all citizens to acquaint ourselves with what rehabilitation actually means from the hospital's viewpoint, the patients' outlook and the part we as laymen can take.

"Under the theme of recognition, we shall seek to arouse an appreciation among Legionnaires especially of the great contribution in our hospitals made by our hospital representatives and volunteer workers within the hospitals who wear the uniform of the American Legion Auxiliary.

"The third 'R' in the program is recruitment wherein we hope to awaken within the hearts of most of our members a desire to aid in this key phase of the total program by volunteering as hospital workers," she declared.

The twelve hospital representatives of the American Legion Auxiliary have arranged for programs and open houses at the ten Veterans Administration Hospitals, the Corpus Christi Naval Hospital and Brooke General Hospital, up to May 12.

The representatives are the following: Amarillo, Mrs. Henry Cusick; Big Spring, Mrs. Carl Ritter; Bonham, Mrs. Tom R. Blanton; Corpus Christi, Mrs. Virginia Krnavek; Dallas, Mrs. Lela Patterson; Houston, Mrs. Walter Eyring; Legion, Miss Edna Henke; Marlin, Mrs. Jack Riddle; San Antonio, Mrs. R. W. OPrter; Temple, Mrs. Ogden Holloway; and Waco, Mrs. Verlie Harless.

for household textiles, according to recent government surveys.

Chemical finishes which impart wrinkle resistance and other special properties have made cotton more versatile than ever before.

With high-style designers of America, France, Italy and England, cotton today is a fashion favorite for all seasons and all occasions. Interior decorators also have made cotton a favorite for carpets, curtains, bedspreads, upholstery and many other household products styled for contemporary living.

Yet with all its prestige as a fashion fiber, cotton remains as naturally fresh, comfortable, washable and practical as ever.

Consumption of cotton in the postwar era has been running about three million bales ahead of the six-million bale annual consumption of the 1930's, and the industry is healthier and more vigorous than at any other time in history.

"Shivers Buys Bull" Is Headline Extraordinary

Governor Allan Shivers purchased Kamar Ideal Conqueror 2D, a Shorthorn bull and a foundation of 12 top Shorthorn females for his Magnolia Hills Plantation at Woodville. The purchase was made at the recent Scofield's Ranch sale which averaged \$1315 on 46 head for a total of \$60,520.

Governor Shivers joins a distinguished group of Shorthorn breeders in the oldest recording association in America. Originally known as Durham cattle—first imported to this country in the late 1700's, the name Shorthorn was adopted by popular demand after it was found that by cross breeding Shorthorn bulls with the old Long Horn cattle, the horns of the latter were shortened.

Texas cattlemen are particularly interested in Shorthorns because of another cross which has developed the Santa Gertrudis cattle, a strain which is 5/8 Shorthorn and 3/8 Brahma.

Early Season Insect Control Urged As Safety Measure for Cotton Farmer

COLLEGE STATION. — Texas farmers are urged to get the jump on costly cotton insects by starting insect control measures early.

"Cotton starts off faster, fruits earlier and yields higher when early season insect control practices are followed," Dr. F. M. Fuller, extension entomologist, says.

Initial dust or spray treatments should be made when cotton reaches the two to four-leaf stage or earlier if necessary. Two to four applications of insecticides usually will control the season's first offenders—thrips, red spiders, aphids, fleahoppers and over-wintered boll weevils.

Unless fleahopper and boll weevil infestations remain injurious, the early season phase of insect control should be curtailed about 30 days before the bollworm normally appears. This allows time for a build up of beneficial insects which also help control bollworms.

Sprays are more effective and economical than dusts on young cotton, Fuller says.

National Home Demonstration Week May 1-7 Focuses Attention on Home

More than 40,000 Texas Home Demonstration Club members are among the five million homemakers in the nation who are observing the 10th Annual National Home Demonstration Week, according to Maurine Hearn, state home demonstration leader of the Texas Agricultural Extension Service. During this week of May 1-7, members of the 1,985 home demonstration clubs in the state are highlighting their work in various ways. Special educational exhibits and programs, feature stories, radio and television programs, and tours of result demonstrations are aimed at interpreting the objectives of home demonstration work and showing some of its contributions to family and community life. Local leaders and demonstrators are being especially recognized.

The newest research information in all phases of home-making is brought to homemakers through specialists, home demonstration agents and local leaders in home demonstration work.

Programs and demonstrations in foods and nutrition, housing and home improvement, home management, health and safety, family life, clothing, consumer buying and public affairs are developed to fit local needs and interests.

Observance of National Home Demonstration Week is designed to acquaint more families, especially young families—with this educational program. In keeping with the national theme of the week, "Today's Home Builds Tomorrow's World," special activities during the week will also stress the home and family in developing and maintaining those qualities valued in a democracy.

Mother of Roy Wilson Injured in Wreck

Roy Wilson went to Portales, Tuesday evening to be with his mother, believed to have been critically injured that afternoon in a vehicle collision near that city. Mrs. Elizabeth Turner, mother of Wilson, was in a car involved in a collision with a butane transport truck near Portales. Incomplete details received here indicates that she was hospitalized for treatment of severe head and chest injuries and a broken left arm. The investigating patrolman stated the truck driver, Pete McClung, was meeting another truck which was making a right-hand turn off the highway. Mrs. Turner, driving behind the other truck, swerved left into the path of the McClung vehicle.

UP WITH THE CHICKENS — Former Vice President John Nance "Cactus Jack" Garner, 86, watches chickens feed on his farm at Uvalde, Texas. He refused to confirm or deny he may make his first trip to Washington since 1941 to attend testimonial dinner for his old friend, House Speaker Sam Rayburn.

Lazbuddie Women Playing Softball

By MARY SCHUMANN
 The Lazbuddie Woman's Softball team practice is in full swing under the management of Mr. Leonard Gonsler. The girls are working hard this year to try to conquer the trophy, which is passed to the winner of the league at the close of the season. The following girls have turned out to practice to date: Clara Looper, Jewel Harkey, Clara Mae Langford, Dorothy Ward, LaVina Brown, Patsene Clark, Adora Scott, Ruth Dalton, Madalyn Schumann, Janice Clark, Mary Schumann and Dorothy Koeltzer.

Local Women Have Organized Team

Friona will be represented in the baseball league this year by a Woman's Softball team, under the sponsorship of Bill Woodley and management of Morris Killough and Harold Barton.

The girls began practice in earnest this week and plan to practice at least twice a week. Next scheduled workout for the team will be this Friday night.

Signed up on the team to date are Jerry Barton, Savannah Killough, Ella Mae Hall, LaVonne Renner, Thelma Coffey, Mary Skeen, Doris Blyth, Dorothy Koeltzer, Thelma Panzer, Francis Collier, Doris Bradley, Anita Scarborough and Betty Deaton.

Any girl wishing to sign up should contact Bill Woodley or the managers.

The Billy Bandys, G. A. Colliers, and Earl Johnsons and their families spent the week-end fishing at Buffalo Lake and reported good fishing and a nice outing.

Defense Bond Purchase Urged During Week of May 22-28; National Campaign

The United States Defense Bond Program is very important in the financing of government obligations. One of the main obligations today is the building of our country's defenses against the evil forces of aggression.

Increased sales of Savings Bonds do NOT increase government spending. The more bonds people buy, the less money the government will have to borrow from lending institutions. Bond buying serves as a stabilizing influence on the national economy—an important factor in our national defense.

For these reasons, Uncle Sam has set a national Savings Bond sales goal of \$5.5 billion in 1955. Of this amount, Texas has been asked to produce \$201.9 million in bond sales.

Last year Texas ranked only 38th among the states in percentage of quota attained. This is far below Texas standards. There is no rea-

son why Texas should not rank first in 1955. That's why Texas "Full Speed Ahead" Week for Defense Savings Bonds has been scheduled.

Governor Shivers has proclaimed May 22-28 as the week to mobilize all forces to push the Defense Savings Bonds program. More than 1200 leading citizens representing every county have patriotically volunteered their services to carry the Defense Savings Bonds message to every Texan. Our goal is to double the number of savers on the Payroll Savings Plan and to double the dollar volume of bond purchases.

Over a million Texans are now holding Defense Savings Bonds. Every month more than 150,000 Texas wage earners are saving regularly through the automatic way of the Payroll Savings Plan for buying bonds.

If we all get behind Defense Savings Bonds Week, May 22-28, Texas will go "Full Speed Ahead" to exceed our 1955 bond sales goal. Let's put Texas on top! That's where the Lone Star State belongs! Remember... this is a Texas-size job for Texas-size people!

CREDIT UNION REPORT

Mrs. Lucy Jones, secretary of the Friona Credit Union, reported this week that the Union now has assets totaling \$5,024.48, with a membership of 164.
