America's Ambassador To The Blind

Dr. Helen Keller, who leaves the U. S. in February for a 40,000-mile good will tour in the Far East, smiles beside KLM Royal Dutch Airlines plane named at New York's International Airport in honor of her years of service to the sightless. The 74-year old writer and educator, deaf and blind from infancy, will

Sue Barrett Named Head H. D. Club

The Parmerton Home Demonstration Club met in the home of Mrs. Elmer Lowrie, Thursday, January 6, for their regular meeting.

Sue Barrett was elected president to fill the vacancy resulting from the resignation of Mrs. G. H. Brock.

Mrs. Lloyd Battey was elected clothing demonstrator.

Miss Corrine Stinson gave a demonstration on using color in the wardrobe.

Refreshments of sandwiches, cookies and coffee were served by the hostess to Mesdames Marion Fite, C. W. Wright, G. H. Brock, Lloyd Battey, Sue Barrett, and Miss Stinson.

G.A.'s Met Tuesday For Lesson Study

Members of the Lucy Bell Stokes G. A.'s met Tuesday afternoon at 4:00 o'clock at the Friona Baptist church.

The lesson for the week was "Jews," and present and taking part in the discussion were Linda Castleberry, Jimette McLean, Donna Baker, Janet Whitten, Carolyn Singletary and Carol Coffey.

"Homemaker of Tomorrow" to be Selected In Local Schools as Part of National Project

January 12 was "Homemaker of Tomorrow Day" in Friona, a day of opportunity for the Senior girls of the Friona high school who have been enrolled in the Betty Crocker search for the American Homemaker of Tomorrow.

Simultaneously, 189,530 young women of the senior graduating classes in 8,090 participating high schools throughout the United States will take a written examination testing their aptitude for the career that awaits nearly all of them—homemaking.

Mrs. Mary Kate Zeman, local

Mrs. Drake Hostess To WSCS Meeting

Mrs. Arthur Drake was hostess to thirty-eight members of the W.S.C.S. at her home Tuesday afternoon. Also present were four guests, Mrs. Frank Spring, Mrs. Delton Lewellen, Mrs. Joe Lewellen and Mrs. Alken.

The group began the study, "Under Three Flags," which is under the direction of Wilma Jones.

A round-table discussion was led by Thelma Ford. Those on the panel were Gwen Graves, discussing Pakistan; Jean Gore, India; Mary Lee Cass, Ceylon. The devotional was given by Lucy Cocanougher.

The house was decorated with Indian decorations, and Blanche Boyle told the meaning of each of them. Those giving parts on the program and assisting with the serving of refreshments wore Indian saris.

The refreshments served were rice pudding, nuts, fresh cocoanut and tea.

"Foreign Missions" Topic at Fellowship

The Congregational Woman's Fellowship met Wednesday afternoon in the home of Mrs. F. W. Reeves, with fifteen members present.

The devotion was given by Mrs. Walter Loveless, and a program on "Foreign Missions" was given by Rev. Lewis Knight.

Refreshments of cranberry nut bread and hot spiced tea were served by the hostess to those present.

RHEA

NEW RHEA RESIDENTS

New people in the Rhea Community the last few months are Mr. and Mrs. Don Burkes and family, working for Carl Schlenker; Mr. and Mrs. J. D. Cooper and family, working for Gilbert Schueler; Mr. and Mrs. J. L. Ellis, working for C. A. Lawrence; Mr. and Mrs. C. M. Mears of Littlefield, living on the Martin Wagner place; and Mr. and Mrs. Shirley Smith living on the old Barnett ranch.

We are very glad to have all these new families in our community.

Connie Lynn Schlenker spent Friday and Saturday nights with her grandparents, Mr. and Mrs. Herman Schueler.

Lindy Dean spent Saturday night with her grandparents, Mr. and Mrs. Floyd Schlenker.

Pat Cranfill and Billie Rae McKee of Friona spent Sunday visiting with Gladys Dean.

Mr. and Mrs. Henry Schlenker of Grimes, Iowa, arrived Monday morning to spend a few days with Mr. and Mrs. Floyd Schlenker. Henry and Floyd are cousins.

Mr. Don Burkes was taken to the hospital Sunday afternoon suffering from an attack of appendicitis, but was not operated.

Mr. and Mrs. Albert Drager made a business trip to Farwell, Monday.

Mr. Cordie Potts and Larry were in Amarillo, Monday.

We are glad to learn that Pastor Pullman is getting better and we hope he will recover soon.

Mr. and Mrs. Walter Schueler and family visited with her parents, Mr. and Mrs. E. L. Woollever, in Clovis, Saturday.

Visiting with Pastor and Mrs. Pullman are their children, Mr. and Mrs. Elmer Pullman of Westgate, Iowa, Mrs. Harold Gilder of Milaca, Minnesota, and Paul Pullman of Westgate, Iowa. They arrived Monday afternoon for a few days visit.

Visiting with Mr. and Mrs. Herman Schueler, Sunday, were Mr. and Mrs. Pete Hoffman and Lucille and Zelma Allmon, all of Hereford.

Visiting Sunday night with Mr. and Mrs. Herman Schueler were Mr. and Mrs. Raymond Schueler and family, Mr. and Mrs. Franklin Bauer and family, and Mrs. Robert Schueler.

Visiting with Mr. and Mrs. Willie Wall and family Friday evening were her cousin and family, Mr. and Mrs. Leroy Curtis of Happy Valley, California.

Homemaking teacher, announced that fifteen of the Friona senior girls took this written examination Wednesday morning, January 12. The winner from this group will receive a Betty Crocker cookbook, and the Friona school will also receive one of these books for the homemaking department.

This 50-minute written examination will be the basis for selecting the Homemaker of Tomorrow in each school, state, and finally, on April 21, the nation.

Scholarships totalling \$75,000, travel opportunities and other educational prizes are being offered by General Mills, sponsor of this search designed to assist the schools in building in young women a deeper appreciation and understanding of the American home and the personal qualities necessary to successful homemaking.

The girl receiving the highest examination score in each school will be entered in state competition where the winner will receive a \$1,500 scholarship and a trip with her school advisor to Washington, D. C., Colonial Williamsburg, Va., and Philadelphia. Her school will receive a set of Encyclopedia Britannica.

The state winner who is selected the All-American Homemaker of Tomorrow in Philadelphia on April 21 will receive a \$5,000 scholarship. Aiding in making the selection will be a committee consisting of 13 nationally known educators and public leaders.

String Band Engaged For Teen-Twenty Dance

The Teen-Twenty Club has made plans for a dance in the Legion Hall, Saturday night, January 22.

Music for the dance will be played by the Shirley Boys String Band. The admission charge will be slightly higher to help cover the expense of hiring the band, according to the president, Leon Coffey.

Tea at Caffey Home Honors Teachers

A tea honoring three of the faculty members of the Friona schools was given in the home of Mrs. Dalton Caffey, Tuesday afternoon. The twenty-nine guests present were also Friona faculty members.

Hostesses were Mesdames Caffey, Howard Mayfield, Pearl McLean, Edward Lennick, Dillie Kelley and Miss Tacy Smith.

Honorees were Mrs. Verna Thetford, Mrs. Mary Kate Zeman and Mrs. Mary Jac White.

Mrs. Thetford was presented with a bridal shower by the guests and Mrs. Zeman and Mrs. White received a pink and blue shower.

On the tea table was a cornucopia filled with carnations and arrangements of fruit.

The hostesses served angel food cake topped with whipped cream and crushed peppermint candy, hot cider and party nuts.

Large Attendance Holds For Sunbeam Meetings

Theme for the Tuesday meeting of the Bonnie Baptist Sunbeams was "We Climb the Mountains Steep." Each Sunbeam answered roll call with his favorite Bible verse.

Betty Fields and Leonard Whitten led the song service and prayer service was led by Jeanne Taylor and Richard Neelley.

Jon Grant Mars, president, had charge of the business meeting, and Kim Buske and Mike Fallwell took the Mission offering.

Plans were made for Community Mission for next week's meeting. Mrs. Ralph Miller, leader, dismissed the meeting after refreshments were served by Mrs. Joe Talley. Present were Lydia Buske, Jerry Don Carlton, Kim Buske, Gay Singletary, Suzie Smith, Linda Davis, Joe Murphree, Leonard Whitten, Gayle Collier, Mike Fallwell, Jonell Wood, Annette Jennings, John Mads, Tommie Mars, David Widner, Joey Taylor, Howard Rhodes, David Bales, Denise Buske, Bill Schwab, Jackie Stowers, Betty Fields, Wiley Wheeler, Richard Neeley, Darrell Collier, Jeanne Taylor and Michael Taylor.

Quizdown Honors Brought Home

Nine students from the fourth, fifth and sixth grades of Friona won the "Quizdown" sponsored by KGNC radio and TV Sunday afternoon, at 2:00 o'clock. Their opponents were from the same three grades of the Stinnett school.

The Friona team won with a score of 975 points, one of the highest ever scored on the Quizdown show. They received a Motorola clock radio for the school and each team member was awarded mechanical pencils and gold medals.

Representing the fourth grade were Brenda Deaton, Sharon Reeve and the alternate, Danny Carmichael. Fifth graders were Linda Castleberry, E. C. Wilson, and alternate, Tommy Roberts. Sixth graders were Bobby Sanders, Kay Struve, and alternate, Kitty Black.

About twenty Frionians attended the program.

Faculty Social Friday Night

There will be a faculty social in the Friona school cafeteria this Friday night.

Hostesses will be Miss Tacy Smith, Miss Jo Phillips, Miss Peggy Hanson and Mrs. Joe Costen.

Atomic Energy Topic of Club Meet

Eleven members of the Progressive Study club met Tuesday night at the Clubhouse, with Lynn Roberts as hostess.

Theme for the program was "Paradise or Doomsday," based on the atomic bomb.

Guest speaker was Miss Tacy Smith who discussed, "Peace Time Uses of Atomic Energy."

During the business session, Ruthie Fite was elected as treasurer for this club year.

The hostess served refreshments of salad plate, apple cider and cookies.

Guests were Miss Smith and Mrs. Mary Bavousett.

Copper Pictures Studied by Club

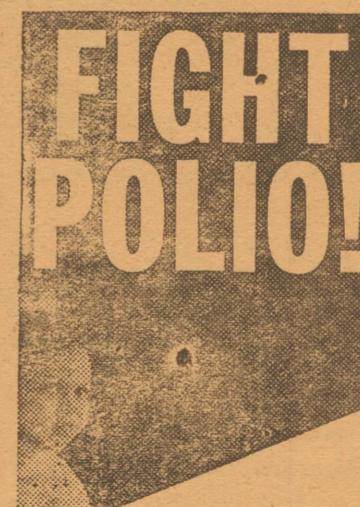

The Green Acres Home Demonstration Club met Wednesday, Jan. 5, in the home of Mrs. Meryl Masie, with the business session conducted by the president, Mrs. Clyde Sherrieb.

The members were taught copper picture work by Mrs. Al Reznick and Mrs. Clyde Brookfield.

The hostess served coffee, sandwiches and cake to Mesdames Wesley Hardesty, Ernest Anthony, Gene Anthony, Floyd Brookfield, Gordon Hough, H. C. Wells, Clyde Sherrieb, Charles Howell, and Al Reznick.

The next meeting of the club will be held in the home of Mrs. Al Reznick, January 19.

Mrs. Charles Richardson visited Mrs. Calymore of Amarillo and Mrs. Gordon Massey, Monday.

How to Get Most Profit From a Forage Program

Forage is the ideal feed for most kinds of livestock. They can utilize large quantities most efficiently in converting it into the important foods for man.

A forage program should be planned to provide the greatest food value for the animals consuming it and for man, who eats the animals. The crops to grow, the time of harvesting or grazing, quality at different stages of growth and method of utilization, should all be studied.

First with old, run-down grasslands comes replacement of the old sod with new grasses and legumes, that are most productive of high-quality nutritious forage, the seed of which is available commercially. Bromegrass, orchardgrass, timothy and tall fescue among the grasses, and alfalfa, Ladino clover, red clover and lespedeza among the legumes, are prominent. Such grasses as reed canarygrass, wheatgrasses, ryegrasses and such legumes as sweetclover, crimson clover, burclover, are also widely adapted.

Not only variety but quality of seed is important. The best is always most economical. If land is worn renovating (and many old, run-down pastures are), it is worth using high-quality seed and not just ordinary seed in the renovation.

The quality of the forage influences its feeding value. This depends not only on the kinds of plants that compose it but upon the stage of growth when cut or grazed. Young growth is more nutritious, palatable and digestible but not usually more productive of dry matter. Leaves are the most nutritious parts of the plant in protein and digestible carbohydrates.

Methods of harvesting, preserving and handling forage, especially dry hay, affect losses of leaves which directly affect the quality of the forage.

Good pastures when available are usually considered the best and most economical source of digestible feed nutrients. But even good sods may provide more feed at less cost if not pastured. At the Minnesota station more milk was produced from 31 acres by the soiling method than on 51 acres of pasture.

- Some Things to Consider in a Planned Forage Program**
1. Kinds of livestock to feed and number of each.
 2. Kinds of grasses and legumes best adapted to soil and most suitable as feed for livestock on farm, as pasture, hay and silage.
 3. Periods during which pasturage can be made available normally and periods when preserved forage is required.
 4. Land available and best suited as permanent pasture or whether to depend upon rotation pastures.
 5. Crops which can be grown to supplement permanent or rotation pastures during normal hot summer months or as emergency crops in drought periods.
 6. Where numbers of livestock and labor available, and acreage small, consider economy of soiling practice to produce most forage from fewest acres.
 7. Rotation grazing and "pasture-a-day" pattern for most efficient pasture use.
 8. Quality of forage how to produce best quality silage and hay, most efficiently and economically.
 9. Equipment needed for harvesting, preserving and storage of forage, the initial cost, and maintenance of equipment.
 10. How operation of land program can increase productivity of low-fertility areas.
- Where pastures are an important source of forage, grazing has demonstrated economy and efficiency. It is to furnish each day the optimum quantity of material that a given number of animals will consume effectively and economically.

Texas Legionaires Convene at Austin This Week; Land Program One Topic

Austin.—The veterans land committee and the legislative committee will be among the key state committees that have been called into Austin the week-end of January 14 through 16 by State Commander E. L. "Stonewall" Jackson of Cisco to report to the Seventh Annual Mid-Winter Post Officers' Conference.

The American Legion's veterans' land committee is headed by W. Paul Spillman, Wellington attorney, with Postmaster Mark Hodges of Paris, Hidalgo County Commissioner Charles Curtis of Pharr, R. J. Domatti of Port Arthur and Roy Tension of Meridian the other members.

The land committee has invited the new commissioner of the general land office, Col. Earl Rudder, to meet with it and is also expected to confer with Senator Dooley B. Hardeman of San Angelo, head of the committee investigating the affairs of the veterans' land board. The land committee will make its report and recommendations to the conference at the final afternoon session, Sunday, January 16.

The legislative committee is headed by Leslie A. Wilkins of Houston as chairman. Other members are Former House Speaker Reuben Senterfitt of San Saba, Herschel Doyle of Sequin, Abe Mays, Jr., of Atlanta, and Clyde Thomas of Fort Worth.

Another committee that will report to the several hundred American Legion commanders, adjutants, service officers and other officials of the conference will be the post activity and membership committee, headed by Culp Krueger of El Campo as chairman. The Americanism committee with L. E. Page of Carthage as chairman and the rehabilitation committee, Sidney Lloyd of Overton, chairman have also been called in. Attorney General John Ben Sheppard, chairman of the Americanism committee for three years, is still a member.

Other chairmen who will make reports are H. H. "Pete" Coffield, Rockdale, Boy Scouts; Judge W. A. Morrison of the Court of Criminal Appeals, Boys State; James A. McKay, Jr., San Antonio, oratorical contests; Elmore Torn, Austin, school medal awards; J. E. McClain, Austin, junior baseball; Mayor R. C. Gusman, Bay City, Community Service; Senator Rogers Kelley, Edinburg, foreign relations; Jack Stallings, Houston, child welfare, and J. C. Phillips, Borger, un-American activities.

Department Adjutant G. Ward Moody has announced that T. O. Kraebel of Washington, D. C., the American Legion's national rehabilitation director, will attend, as will Matt Monaghan, department adjutant of Louisiana; Past National Commander Perry Brown of Beaumont, Charles Snyder of Detroit, Mich., and Dr. Garland D. Murphy, Jr., of El Dorado, Ark., vice-chairman of the national child welfare committee.

The champion state color guard of Morton will attend as will the state chaplain, the Rev. Marcus Valenta of El Campo and other department officers.

Church Quiz

Can You Name This Church?

Clue: Iowa church made famous through a hymn.

Answer: Little Brown Church in the Vale - Bradford Lowry.

Western States and Canadian Tour To be Sponsored by WTSC Department

CANYON, (WTNS)—A 26-day tour of national parks, cities, and other points of interest of the West Coast, Canada, and the Rocky Mountain states has been planned for next summer, sponsored by the geography department of West Texas State College. Offered principally as an educational and recreational sightseeing tour, the course will not be given for college credit.

Dr. Murray B. Measamer, WTSC geography department head, who has conducted two previous chartered bus tours for geography field trip credit, will conduct the excursion which will take sightseers through eleven states and two provinces of Western Canada.

About 35 persons may make reservations for the tour, slated to begin July 15, with the return to Canyon on August 12. Since no college credit is offered, no tuition or fees are included in the cost of the tour, Dr. Measamer said, and the cost per person is expected to be reasonable. Travel and lodging are included in the cost of the tour.

Last year two chartered buses made a tour of the East Coast and Canada, and two years ago Dr. Measamer conducted the first WTSC geography tour to the West Coast. The projected tour would take sightseers on a similar route, but selected stops would include more of general interest. First two overnight stops would be in El Paso and Tucson, Ariz. About ten days will be spent in California, seeing such places as Hollywood, Los Angeles, San Francisco, the Redwood Highway, Fresno, Yosemite National Park, and San Diego, with the tour route covering California north to south.

After several days in Oregon and Washington, the tourists will make a boat cruise from Seattle to Victoria, British Columbia, see Mt. Rainier, the Grand Coulee Dam and irrigation project, will go into Alberta, Canada, to see Lake Louise and the famed Columbia Ice Fields or Canadian Rockies glaciers. On the return trip the group will visit Yellowstone National Park, the Grand Tetons, and other points of interest in Montana, Wyoming, and Colorado.

Persons interested in making the tour are asked to write to Dr. Murray B. Measamer, head of the geography department, at West Texas State College.

Miss Grace Paul of Friona was one of the group who went on the WT tour last summer to the East Coast.

Mr. and Mrs. Melvin Miller of Norman, Oklahoma, are visiting this week with Mr. and Mrs. Bruce Parr.

Phone your news to the Star, 2291

VETERANS ? Box

Q.—I forgot to pay my GI insurance premium on time, and mailed it to VA toward the end of the 31-day grace period. What does VA go by, in determining whether the premium was mailed in time—the date on my check or the date the premium reaches VA?

A.—Neither. The postmark on the envelope is considered as the date on which the premium was paid.

Q.—If the widow of a serviceman killed on active duty remarries, may she still receive the \$92.90 monthly insurance or indemnity payments?

A.—The legal widow at the time of the serviceman's death has entitlement to the indemnity; her remarriage, under the law, does not bar her, continued entitlement.

Q.—What is the largest amount of money a veteran can borrow to buy a home under the GI loan program?

A.—There is no limit on the amount of money a veteran may borrow. It all depends on what the lender is willing to lend him. The maximum applies only to the amount of VA's guarantee that can be issued upon the loan.

Q.—In figuring out my annual income for VA pension purposes, am I supposed to count only my take-home pay or my gross salary?

A.—You must include your total salary and not just your take-home pay. Your total salary includes money withheld for retirement plans and income taxes.

HEALTH HORIZONS

sinusitis Sufferers

The torment of a stuffy nose and millions of Americans beset by sinusitis, chronic catarrh or hay fever may be considerably eased, eliminated altogether. Doctors gathered at the Antibiotic Symposium recently held in Washington, D. C., heard a report by a man from Chicago about a preparation known as Biomydrin.

The torment of a stuffy nose and millions of Americans beset by sinusitis, chronic catarrh or hay fever may be considerably eased, eliminated altogether. Doctors gathered at the Antibiotic Symposium recently held in Washington, D. C., heard a report by a man from Chicago about a preparation known as Biomydrin.

congested nose passages and kills the infecting bacteria.

Dr. A. M. Lazar and M. Goldin of the Chicago Medical School and the Mount Sinai Medical Research Foundation described their experience with Biomydrin in a study involving 541 patients of all ages. Their findings, these clinicians said, indicate that Biomydrin can be of "inestimable value" in the treatment of rhinitis (congested condition of the nose) and nasal complications of "acute and sub-acute upper respiratory tract infections of bacterial origin."

Biomydrin is Unique

Biomydrin, the Chicago investigators pointed out, differs from other nasal preparations because of the manner in which the component drugs are put to work. There is neomycin, one of the most effective antibiotics employed against nose and ear infections. But in addition, Biomydrin also includes the chemical thymol bromide. This chemical has a unique action of penetrating the mucous of the nose.

the way for the neomycin to enter the site of infection.

When prescribing Biomydrin, Lazar and Goldin found it well-tolerated by the patients. There were no complaints of stinging sensations, nausea, excessive drying of the nose or other undesirable effects.

There is a home remedy for the way for the neomycin to enter the site of infection.

When prescribing Biomydrin, Lazar and Goldin found it well-tolerated by the patients. There were no complaints of stinging sensations, nausea, excessive drying of the nose or other undesirable effects.

MR. R. R. MURPHY
CITY ELECTRICAL INSPECTOR
OF AMARILLO, TEXAS

TESTS FOR PROPER HOME WIRING.....

A Is it Safe?

B Is it Adequate?

R. R. Murphy, city electrical inspector, Amarillo, Texas, recognizes the growing home need for sufficient electric capacity. Mr. Murphy, who is building his new home, says, "I'm making sure of plenty of electrical capacity...my wiring is safe as it complies with the Amarillo city code. In addition, it's adequate and will be for years to come."

Mr. Murphy has put large enough wire in his house so that all electric appliances get sufficient voltage for proper operation. He says, "I've used #12 wire as minimum on all circuits with larger wire in the heavy duty circuits—#6 for the electric range and #10 for the electric dryer."

Are you see 3 circuits with provision for a future more. In addition, there are separate circuits for the electric range and electric dryer. The kitchen, for example, has two appliance circuits for coffee-makers, waffle irons, toasters, etc."

"All I'll have to do here is plug in my electric range. What's more, the wire used is #6 which means that the range will operate at top efficiency. Wire of the right size is an important part of electric appliance operation."

"This is the wiring for the electric dryer as it appears before the three-wire outlet is installed and the walls finished. It's easier to get the right wiring at the time the house is being built. I've planned mine accordingly."

To avoid a tangle of extension cords, outlets should be spaced not more than 12 feet apart. Mr. Murphy here shows Public Service wiring specialists that his complies with this important provision.

Modern living calls for sun lamps, heat lamps, electric shavers and other uses for bathroom outlets. In both of Mr. Murphy's baths, an electric outlet is placed for maximum convenience.

Public Service maintains an Adequate Wiring department. We will be glad to work with your electrical contractor, builder or architect on your home, office or factory wiring or rewiring.

Livestock Report

By TED GOUDY

McLENNAN COUNTY FARM-TO-MARKET PROGRAM

FORT WORTH.—Highlight of the Monday business at Fort Worth's livestock market was the sale of the farm-to-market feeding project sponsored by business men and the Chamber of Commerce of Waco and McLennan County. The 4-H and FFA boys of that county marketed their steers at prices of \$18 to \$24 per hundred.

The visit to the market by the group and sale of their calves is an annual feature at the yards. The project is one of the best in the Southwest and teaches participating young people the commercial side of the livestock finishing business. They are encouraged to keep accurate records, strive for cheap

gains by using home grown roughages and pasture and to learn fundamental business principals. In many cases bank loans provide the initial capital.

Heading the group was Ralph W. Russell, agricultural manager of the Chamber, and Douglas McArthur was chairman of the committee for the feeding project. Radio Farm Directors Johnny Watkins and Charles Rankin, George Logan, First National Bank, Jimmy Simmons, Texas Power & Light Co., Bob Welch, Feeders Supply, Ed McKay, County Agent, and Clark Bolt, Waco News-Tribune and Times-Herald, and dads Richard Buro, Robert Belkretz, C. D. Crunk and Turk accompanied the group.

Russell said most of the boys would show profits on their feeding efforts this year.

One boy got a most graphic lesson in how much damage grubs can do. He had two steers, both choice grade. One had grubs in its back. The grubby steer brought \$4 per hundred less than the other. It made over \$40 difference in what the steer brought.

Boys having cattle on the market included: Windell Crank, Stanley Rantz, Max Hatter, James D. Fortis, Robert Turk, Buford Neie, Larry Buro, Hildred Redding, Kenneth Hendricks, Bill Frosh and Robert Graham.

The top price for fed cattle Monday was \$24, which was paid for some commercially fed steers, as well as the McLennan County heaves. The boys were helped this year by Vocational Ag Instructors J. W. Corby, O. I. Boyd, and H. D. Stearman, and Bob Griffin, assistant county agent.

CATTLE OPEN WITH SUBSTANTIAL GAINS

Cattle and calves were strong to 50 cents higher at Fort Worth, Monday. Rain and snow over much of the territory cut the receipts in all divisions to well below normal and gave salesmen an advantage in the trade.

MEXICO ANNOUNCES SUBSTANTIAL GAINS

The Mexican government announced late last week that quotas permitting 346,000 cattle, or their beef equivalent, would be permitted to the United States in 1955. Detailed quotas for the year, by states, are: Chihuahua 100,000 head; Sonora, 132,000; Coahuila, 40,000; Durango, 29,000; Tamaulipas, 10,000; Zacatecas, 10,000; Nuevo Leon, 10,000, and Northern Vera Cruz 14,000. Mexican officials point out that quotas are needed to insure a supply of beef in their own country. Average imports in years past when the border was open have been around 450,000 cattle per year.

HOGS OPEN 25c-50c HIGHER AT FORT WORTH

Top hogs scored \$18.25 and \$18.50 Monday at Fort Worth, an advance of 25 to 50 cents per hundred over last week close. Local supplies of

hogs were three times larger than the same day last year, indicating again that increased supplies of hogs are in the works for this year in Texas. Sows were steady at \$13 to \$16.

SHEEP AND LAMBS WERE FULLY STEADY

Despite some weakness in the lamb trade at Corn Belt points the market at Fort Worth, Monday, held fully steady to strong. Again there was evidence of strong demand from midwestern feeders for fleshy to fat lambs of handy weights of around 80 to 85 pounds, where the lambs had long enough pelts credits to ship safely to the colder climes.

Slipped and woolled fat lambs of good and choice grades drew \$18 to \$19. Feeders sold from \$17.50 downward, but buyers indicated that suitable quality and weights in load lots were quotable 50 cents or \$1 above that figure. Slaughter ewes were quoted from \$5 to \$7, and aged wethers \$7 to \$12. Yearling muttons drew \$10 to \$16.

Board of Review Met for Scouts

The Boy Scouts met Monday night at the Scout Hut for their monthly Board of Review, and to clean the Hut.

Scouts attending were Joe Reeve, Floyd Reeve, Billy Zachary, Kermit Whitten, Robert Neeley, Robbie Osborn, Frankie Spring, Tommy Barker, Johnny Miller, Ira Parr, and the Scoutmaster, Steve Bavousett.

Members of the Board of Review, Frank Spring, H. K. Kendrick, Coy Patton and Glenn Reeve passed two Scouts on five merit badges, which will be awarded at the Court of Honor next month. Scouts were Robert Neeley, fishing, scholarship and reading; and Dale Panzer, citizenship and conservation.

FRIONA

Cattle and sheep grazing in the same pasture have made consistently higher gains than when grazed separately during the past five years at the Sonora Agricultural Experiment Station. Average gain was 62.4 pounds more when cattle grazed in combination with sheep and goats.

Tips on Touring

By Carol Lane
Women's Travel Authority

If you're in your annual pre-holiday quandary — what to give these special friends who have everything — why not make it a "motorized Christmas"? This year, you're sure to find a car or travel gadget for the most discriminating devotee of the open road.

For the woman-on-the-go who likes to keep abreast of the news,

one of the new midget radios in its own leather handbag provides a thoughtful gift. Since women are all inveterate motorists, these ladies on your Christmas list are sure to appreciate a portable laundry case with pockets for clothes, a clothes line, clothes clips and hosiery hangers. For something new and different in soap, give the plastic-encased soap capsules to complete the kit.

For the traveling men who lament the lack of hangers in hotel closets, a case containing two folding plastic hangers and a full-size trouser bar is sure to please. Or you might surprise him with a car map case of leather which holds road maps, magnifying glass, pad, pencil and identification. Anyone who owns a car is sure to need a handy expense record that slips over the visor and stays right in sight. Equally useful are the new plastic visor clippers which form a veritable filing cabinet with sections for a purse-size pack of cleansing tissues, cigarettes, matchbook, parking meter and toll coins and miscellaneous items.

You can make it a Merry Christmas for your motor-minded friends by giving them something for the road.

FASHION TIPS Campus Choice

THIS SMART CO-ED has put Maidenform first on her list of Fall "fashion musts." She knows she's sure to cut a pretty smooth figure in a dress of this type. Her beautifully cut "re-lude" by Maidenform, expertly fashioned of finest white figured broadcloth — flannel-covered stiffener in hand prevents wrinkling — fits in round, young figure-flattering dress by Anne Fogarty.

RHEA FARM BUREAU

The Rhea Farm Bureau met Friday night in the Parish Hall for a business meeting and entertainment. About thirty members were present.

Following the business session, Mrs. Floyd Schlenker showed slides from Costa Rica, which she had gotten while visiting in California last spring.

Refreshments were served those present by Mr. and Mrs. Billy Sifford and Mr. and Mrs. Floyd Schlenker.

STORK FEATHERS

Mr. and Mrs. W. H. Downing of Bovina are the parents of a girl born Jan. 4. She weighed 8 pounds, 2 ounces, and has been named Patricia Nell.

Mr. and Mrs. Jimmie Baxter are the parents of a girl born Jan. 6, weighing 7 pounds, 1 ounce. They have named her Deloris Gwen.

Mr. and Mrs. Harold White are the parents of a boy born Jan. 7. He weighed 6 pounds, 12 ounces, and has been named Floyd Lee.

The Jay Sanders baby, born Jan. 3, has been named David Gene. He weighed 8 pounds, 15 ounces.

Carlson designed and engineered fittings are made exclusively for CARLON PLASTIC GAS PIPE. Carlson goes underground faster ... costs only a fraction as much as steel and it is guaranteed.

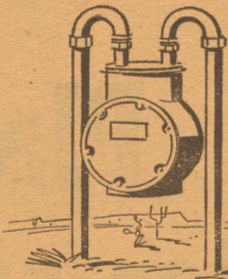

Longer gas pipelines can be installed at a lower cost with Carlson plastic gas pipe. Hundreds of miles of trouble-free pipelines have been installed in Texas High Plains area.

"Solvent Weld" at joints assures years of dependable service ... completely resists corrosion and is guaranteed forever against rust. Every foot of Carlson plastic pipe is tested under pressure at the factory.

Irrigation Farmers:

A NATURAL GAS PIPELINE WILL SAVE YOU 50% ON FUEL COSTS!

...and Carlson Plastic Gas Pipe provides a better pipeline for less money.

SAVINGS ON FUEL COSTS by converting to natural gas are only the beginning. In Texas, over-all savings on an installation total \$500.00 to \$800.00 per mile. That's your savings over steel when Carlson plastic gas pipe is used.

When you convert to natural gas, or plan new wells, PLAN ON CARLON PLASTIC GAS PIPE. Carlson gives you extra savings ... extra years of service ... a better pipeline for less money.

Carlson costs less than steel ... and can

be installed for less. By using Carlson plastic pipe, you can save one-fourth the cost of a steel pipeline. Carlson "LF" is right for gas.

Carlson plastic pipe can't rust ... so it can be buried and forgotten. Its performance is proved by hundreds of miles of trouble-free installations right here in the Texas High Plains area.

ALL INSTALLATIONS ARE MADE BY TOP-FLIGHT CARLON APPROVED CONTRACTORS AND SUPERVISED BY FACTORY TRAINED CARLON ENGINEERS.

ONLY CARLON PLASTIC PIPE GIVES YOU ALL THESE ADVANTAGES

LONGER LIFE—Anti-oxidant in Carlson resists aging. Makes Carlson last years longer than ordinary plastic pipe. Lasts longer than steel.

STRONGER—Carlson plastic pipe is 10% stronger. It has greater resistance to electrolytic corrosion. Carlson's base material is the toughest formula which can be successfully extruded.

TOP PERFORMANCE—Precision extrusion of Carlson provides smoother plastic walls which offer less friction and higher flows. It's like adding a reserve capacity to systems when Carlson is used.

TOP QUALITY—Because of Carlson's "know-how", engineering skill and ultra-modern facilities, Carlson plastic pipe is extruded without lubricants which contaminate ordinary plastic pipe.

ABSOLUTE UNIFORMITY—Precision

controlled manufacturing processes guarantee accurate compounding and control of tolerances. Special Carlson processing eliminates flaws makes Carlson the perfect plastic pipe.

PROVED PERFORMANCE—Almost 47,000 miles of Carlson plastic pipe are already in use.

TROUBLE-FREE FITTINGS—Carlson fittings are made especially for Carlson plastic pipe. With a Carlson installation, no trouble can be caused from purchasing pipe from one source and fittings from another. Carlson makes both fittings and pipe become an integral unit.

GUARANTEED—Guaranteed forever against rot and rust. Completely resists corrosion caused by both acid and alkaline soils. This guarantee is backed by Carlson's reputation as the world's oldest and largest manufacturer of plastic pipe.

Only Carlson Plastic Pipe is Guaranteed.
Always Buy Carlson, The Pipe With The Stripes.

BUY THE PIPE WITH THE STRIPE

A prominent banker tells you
Why it's wise to hold U.S. Savings Bonds more than 10 years

By Homer J. Livingston, President of The First National Bank of Chicago and President, American Bankers Association

LIKE MILLIONS OF OTHER AMERICANS, you probably know that our government's Series E Savings Bonds rank among the surest, safest and best investments in the world. But I wonder if you realize that an extremely attractive feature has been added.

You can now hold them for as long as 19 years, 8 months and U. S. Series E Savings Bonds will return you a total yield of 80% on your investment!

So, if you can possibly arrange it, hold your Bonds for the maximum period—19 years, 8 months.

And, of course, go on investing in U. S. Series E Savings Bonds regularly.

If you invested \$37.50 in a Savings Bond ten years ago, it could be redeemed for \$50.00 today. You would make \$12.50. But if you keep that Bond for ten more years, you will make a total of \$29.84 on your original investment. In other words, if you hold your Bonds for double their original period, your total yield is considerably more than just double.

There's no finer investment an American can make.

If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

Now even better!
 Invest more in Savings Bonds!

Friona State Bank

THE VERDICT IS BEING DELIVERED

Reports from Hydra-Matic* GMC owners clinch the all-around superiority of "Hydra-Matic Hauling"

Cut 4 hours off our route time
 1/3 BETTER GAS MILEAGE
 Easier handling—drivers love it!
 NO MAINTENANCE COSTS WHATEVER

HYDRA-MATIC* GMC's are rounding out their first two years in service. And the experiences of owners in every field of truck use seem to leave no doubt about this:

"Hydra-Matic Hauling" is obsoleting the slower, harder, more costly ways of the manual-shift truck!

Hydra-Matic GMC trucks are

earning more for professional haulers. They are slashing deeply the costs of delivery operations. They are speeding schedules; saving time, money and trouble for owners in all kinds of businesses.

These proved economies are waiting for you in light-, medium- and heavy-duty GMC's. Why don't you come in and see what we can do for you?

*GMC's Truck Hydra-Matic Drive now has been proved by more than half a billion miles of use in civilian and military vehicles. It is standard equipment on many GMC models; optional at extra cost on some others.

Herring Implement Company - Friona

See your GMC dealer for Triple-Checked used trucks

CHRISTENED INTO A PEACETIME NAVY, THE DESTROYER ORLECK WAS READY TO DEFEND THE FREE WORLD AGAINST AGGRESSION.

FIGHTING SHIPS

U.S.S. ORLECK DD 886

SHE CATTERED RED SUPPLY LINES AND OTHER VITAL TARGETS FAR NORTH OF THE KOREAN BATTLE LINE.

IN MAY, 1951, THE ORLECK DESTROYED OVER 440 ENEMY TROOPS AS SHE SAVED A UN ARMY BATTALION SURROUNDED NEAR KANSONG.

Subton

AFTER MONTHS OF DUTY ON BOTH KOREAN COASTS THE ORLECK RETURNED TO HOME WATERS TO USE HER VITAL EXPERIENCE IN TRAINING NEW RE-PLACEMENTS FOR VETERAN FIGHTERS.

WITH DEADLY FIVE-INCH AMMO SHE BEAT OFF THE RED STRAGGLERS WHILE THE UN SPOTTERS ASHORE PINPOINTED HER FIRE.

NEW LAWS PROVIDE INCOME TAX BREAKS FOR INDIVIDUALS

This is the first of a series of articles outlining changes in the U. S. Internal Revenue Code that favor individual taxpayers.

Under the 1954 revenue act, all persons who have a gross income over \$600 must file income tax returns, except if the taxpayer is 65 or older he need not file a return unless he has gross income over \$1,200. This is because persons who are 65 or older have two exemptions which automatically eliminate any tax liability for income under \$1,200.

The old established date of March 15 by which income tax returns must be filed has been abolished. All federal tax returns for individuals may now be filed on or before April 15. Although many persons believe that a tax return need only be postmarked by the due date, such is not the intent of the statute. Tax returns are supposed to be in the office of the Internal Revenue

Service by the due date specified. Declarations of estimated tax are required from all persons who expect gross income of more than \$400, plus \$600 times the number of exemptions which may be claimed, if more than \$100 of the income will not be subject to withholding. Single persons with more than \$5,000 and married persons with more than \$10,000 expected gross income must file declarations of estimated tax even though all of the income is subject to withholding.

Declarations of estimated tax, except those for farmers, must be filed by April 15. Like the income tax return, this date is one month later than before. However, the quarterly installment payment dates remain the same—June 15, September 15, and the last one on January 15, of the following year.

If a person, other than a farmer, desires to file his income tax return and pay his tax in full, he may do this on or before January 15 instead of paying his last quarterly installment. It does not relieve anyone from filing the original declaration of estimated tax and making three payments on it. However, in most cases this provision does remove the possibility of a penalty for an under-estimate of tax liability. Farmers have special provisions concerning declarations of estimated tax.

The penalty for underpayment of tax liability on the declaration of estimated tax has been reduced. There is now no underpayment if the taxpayer remits at least 70 per cent of his tax as shown on his final tax return. If there is an underpayment, the penalty is only 6 per cent per annum interest on the additional amount which should have been remitted. It is expected that there will be more strict enforcement of this provision in the future by the Internal Revenue Service.

(This column, based on Federal law, is written to inform—not to advise. No person should ever apply or interpret the law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

School Milk Plan Gains Popularity

Texas school children are getting more and cheaper milk this year. That is, they are if their school is taking part in the U. S. Department of Agriculture's national school milk program.

Friona schools are participating in this program, according to Principal John Parish, and each child is given additional milk with the cafeteria lunches.

So far, 1,519 Texas schools are taking part in this program, according to the Texas State Department of Education, which handles the program at the state level.

Every nonprofit elementary and high school in the state is eligible for the milk program as long as they agree to operate their food and milk service on a nonprofit basis and serve fluid whole milk meeting state and local standards for butterfat content and sanitation.

This school milk program makes it possible to serve cheaper milk by reimbursing schools with federal funds for a part of the cost of additional milk served above the established base.

Groups interested in the welfare of children are urged to support the new school milk program in their communities.

Tips on Touring

By Carol Lane
 Women's Travel Authority

If you long for a clime that cold weather never visits, why not motor to "Mexicana land" for your winter vacation? Whether you visit Mexico City, the picturesque postcard images of the modern resorts of Merida, or are sure to enjoy the tropical scenery, warm weather, low prices and Latin flavor.

Mexico City, the mile-high capital, has many attractions for the American vacationist with its palaces, cathedrals, modern skyscrapers, broad boulevards and excellent restaurants. The floating gardens of Xochimilco, a short motor trip

from Mexico City, is a veritable Venice of the New World. On the boat trip through the canals you will see a myriad of bright, tropical flowers and colorful Indians poling their flower-bedecked "chapultas" along the waterways. One of the most popular automobile excursions from Mexico City is a one- or two-day trip to Taxco and Cuernavaca. The old silver mining village of Taxco is one of the most picturesque towns in all of Mexico. Built on a mountain, it has narrow winding streets, tiny shops filled with native jewelry, pottery and baskets and an atmosphere of old times. Cuernavaca is a popular resort town which was once the summer home of Maximilian and Carlotta.

Mr. and Mrs. Raymond White visited in Hereford, Sunday, with her parents, Mr. and Mrs. D. H. Herring.

Mrs. Luther Johnson of Verden, Oklahoma, is visiting this week with Mrs. Mayme Adams.

Mr. and Mrs. Dudley Robason of Siloam Springs, Arkansas, were here from Wednesday until Friday attending to business, and visiting friends and relatives.

The Joe Talley's were dinner guests in the W. S. Crow home Sunday.

Implement Co.**

Letters have been received and have been awarded to the lettermen of the Braves, Friona Junior football team chalking up an enviable season record of 7 games won and 1 lost. Only loss came at the hands of Dimmit in a 7-6 tussle.

Receiving the letters were: Don Bradley, captain; Thomas Gibson and Owen Houston, co-captains, and Jon Mack Roden, two-year letterman; and Kim Caffey, Donnie Lovett, Gary Dean McLaughlin, Larry Moyer, A. J. Robinson, Rodney Weis, Gene Pope, Frank Ready, Robbie Osborn, John Tubbs, and Wayne Rhodes.

Gary Brooks, Ronnie Woods, Mike Ellis, Teddy White, Ronnie Castleberry, Jimmy Bainum, Jim Roy Clements, Glenn White, Kent Glascock, Jerry Lloyd, Jackie Sheek, and managers Jimmy White and Eldon Sparkman.

Edward Lehnick is coach of the Braves.

**Windbreak Trees
Are Available**

Trees for windbreak purposes are available again this spring to all farmers in Parmer County. These trees are sent from the Texas Forest Service at the low cost of \$1.50 per hundred, prepaid, according to County Agent Joe Jones.

Order blanks are available at the County Agent's office, but the blanks should be mailed direct to the Forest Service rather than returned to this office.

Species available include Arizona cypress, Austrian pine, Chinese elm, cottonwood, honeylocust, loblolly vine, mulberry, Osage orange, ponderosa pine, red cedar, shortleaf pine, sycamore and Russian olive.

Orders must be for 100 or more trees, and full details are listed on the order blanks.

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Parmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of December A. D. 1954, to Plaintiff's Petition filed in said court, on the 20th day of December A. D. 1954, in this cause, numbered 1756 on the docket of said court in which David Nelson, Plaintiff, and those persons are Defendants who are first named in this citation, and to who it is directed.

A brief statement of the nature of this suit is as follows, to-wit:

A Suit in repleas to try title to the South one-half (S½) of the North 234 acres of Section 7, Block C, Capitol Syndicate Subdivision, Parmer County, Texas, and containing 117 acres, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ

shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 20th day of December A. D. 1954.

Attest: **LOYDE A. BREWER**
Clerk, District Court,
Parmer County, Texas
(SEAL)

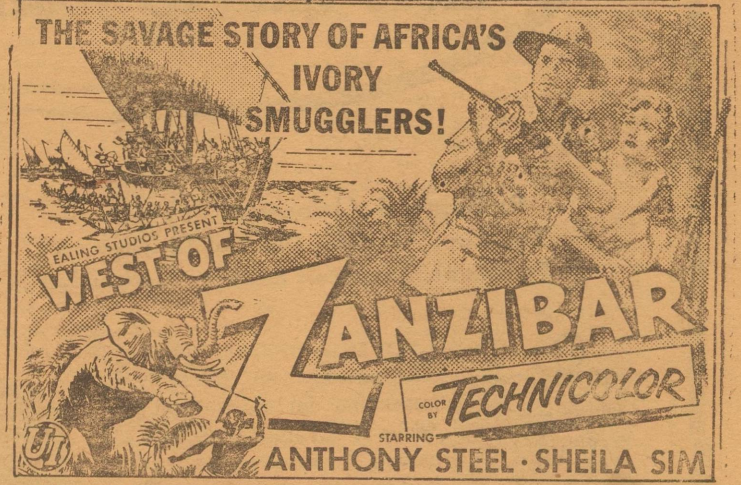

RHEA HD CLUB ... Members of the Rhea Home Demonstration Club met Friday afternoon in the Rhea Parish Hall. The next scheduled meeting of the club will be January 21, at the home of Mrs. Billy Sifford. This will be an all-day quilting and covered dish luncheon.
