Santa Claus Will Visit Gatesville on December 8th

\$110,000.00 in Rental Payments Received

Notices of acceptance on 1,629 cotton contracts for second Rental Payment and Parity Payment, totaling over \$110,000 have been received by the county agent. Checks for same should follow within a few days, however farmers should await notices of arrival of their checks as they will be sent out immediately upon receipt of checks in the county agent's office. Whenever any of the above mentioned checks or the option checks or the surplus certificates checks are received in the county office notices to every farmer receiving a check are prepared and mailed as in the past, the same day that the checks are received.

Due to there being 1100 head of cattle over two years of age being offered for sale and since the allowed number that Coryell county may yet sell to the Government, is only 500 head of this aged cattle and due to the fact that we have had good, general rains over the county it is thought that some stockmen may wish to withdraw their application to sell cattle. Wheat Association to Elect New Officers at Meeting Here Saturday

BUDGET WILL BE FIXED

All members of the Coryell county Wheat Production Control Association are requested to attend the semi-annual meeting of the Association next Saturday morning, November 24, at 10:00 o'clock, at the courthouse in Gatesville.

Election of officers for the next six months will be the order of business, and after the election the new officers will prepare the expense budget for the ensuing six months.

As in the cotton and corn-hog programs the wheat association expenses and all rental and benefit payments are derived from processing taxes.

Rehearsals Due to Start on Play for Auditorium Opening

WORK WILL BEGIN TONITE

A selected cast will begin rehearsals tonight on "Sparkin," one-act comedy which will be presented at the formal opening of the High School Auditorium, by the Little Theater.

The characters have been in possession of their manuscripts for some time, familiarizing themselves with their respective lines and cues.

According to Eugene Alvis, director, the production will have reached the final stages of perfection by the date of the performance.

Work Shop Play

A one-act play, "Box and Cox" which will be given before members of the Little Theater at an exclusive hearing at an early date, will include as a cast members of the Little Theater at an David Franks, Box; Billy Nesbitt, Cox and Mrs. Gordon Davis, Mrs. Bouncer.

Members of the cast already have their scripts and rehearsals will begin next week, according to the director.

PLAY FOR SCHOOL BENEFIT

The play, "Clubbing a Husband," which was postponed from last week because of bad weather will be presented at Flat Church Saturday, November 24. A nominal admission charge will be made and will be spent in the interest of the school.

Hornets in Top Form Ready for Encounter At Valley Mills Today

PLAYING LAST ROAD GAME

Spurred on by their victory over the Bruceville-Eddy eleven here last Friday, Coach Maurice Ewing's Gatesville Hornets are primed for their last road game this season when they meet the Valley Mills Eagles there today.

Only minor injuries sustained during the game last week and indications are that the Hornets will be in tip-top shape for the game today.

The Valley Mills team, who have suffered from the loss of their popular captain, Edwin Thiele, have a mediocre team, one that has lost to both Clifton and West, teams that have also defeated the Hornets.

Bauman, hefty Hornet lineman in the past has been shifted to a backfield position, where apparently he has found his calling. The fourth year man will contribute a large part in the Gatesville offense today. Coach Ewing will probably start Hinesley and Ward at ends, Sims and Holcomb at tackles, Weaver and Myers at guards, Culberson at center, and a backfield composed of Hair, Scott, Bauman and Powell.

CONTINUES RUMMAGE SALE

The Rummage Sale being sponsored by the women of the Presbyterian Church will be open again Saturday. The proceeds of the sale will be sent to the Orphans' Home in Itasca.

Government Ownership Of Utilities Topic for Debate Among Schools

E. D. SHELTON IS DIRECTOR

The question for debate among Texas high schools this year is stated as follows:

Resolved, That the Government should own and operate all electric light and power utilities.

"This question," according to Mr. E. D. Shelton, who has been elected Director of Debate in this county, "has the great advantage of being a very timely one. Under the New Deal one of the great problems concerns generation and distribution of electric power. The TVA is undertaking to furnish a measuring stick by which the justice of rates may be judged over the entire country. The Federal Power Commission is now engaged in a most exhaustive inquiry into this great industry

BAPTISTS CALLED TO MEET SUNDAY IN HI SCHOOL AUDITORIUM

Because of the emergency which has arisen pertaining to our church building the Sunday morning and Sunday night preaching services will be held in the High School Auditorium.

A special called conference is set for Sunday night at 7 o'clock. All officers and members are urged to be present.

(Officially signed)

Dan. E. Graves,
Ch'm B'd Deacons,
C. A. Morton,
Pastor.

At a meeting of the Chamber of Commerce last Tuesday evening in which a large per cent of the business interests of Gatesville were represented it was voted to send word to Santa Claus asking whether or not he would visit Gatesville this year.

In a special delivery letter addressed to C. E. Alvis, president of the Chamber of Commerce, direct from old Santa, he stated that he would again make his advance trip into the southland and would without fail visit Gatesville.

The old Gentleman will leave his home among the snow and mountains and start south in his beautifully colored float all done in red, green and silver, which will be powered by his covered crystal car and bushels and bushels of candy will be piled on board so he will have plenty for each boy and girl in this section who come to see him. Santa stated that he wanted to meet every boy and girl personally and come to see him as he parades through the streets of Gatesville Saturday afternoon, December 8, at 3 o'clock.

It will be a great treat to have Santa Claus with us again this year. He is bringing with him dwarfs, clowns and story-book characters, who will assist him in meeting all the children.

Rain or shine Santa will be here. He never disappoints good little boys and girls.

Santa's appearance in Gatesville on December 8, will also mark the opening of the Christmas Season in Gatesville, at which time the merchants of this city will display their merchandise to Xmas shoppers.

TERRACE DEMONSTRATION

A terracing demonstration will be held by the county agent on the farm of Mat C. Bigham, Browns Creek Community, next Tuesday morning, November 27. All farmers interested in that section are invited to be on hand.

PLAN ORGANIZATION OF NEW CHURCH HERE

There will be a city and county-wide call meeting and rally of all Fundamentalist Baptists Sunday afternoon and evening. The meeting will be held in the First Christian Church building at Gatesville.

The afternoon meeting will begin at 3 p. m. and the night session at 6:45 p. m.

Following the devotional services of son, prayer and testimony in the afternoon, Rev. A. W. Fechner will speak on "The Second Coming of Christ." An organization of a Fundamentalist Baptist Church will be formed following the sermon.

The evening service will be the first of the new church, with a sermon by Reverend Fechner. Those not worshiping elsewhere have been invited to the services.

"We Killed a Bear," Claim Hunters Showing Proof

Five members of a successful hunting party who returned early Wednesday morning from the Davis Mountains shown with their kill. Left to right, they are: Floyd Zeigler, Sam Spence, Lee Adams (cook), and Charley Liljeblad of Gatesville and Frank Waller of Port Arthur, formerly of Coryell county.

The hunters returned, each with a blacktail buck and a black bear between them. Three of the hunters and the cook claim a part in killing the bear, shot nine times and weighing about 250 pounds.

Right out of a clear sky Johnny Bradford and Billy Thomson have turned cowboys; I know it to be a fact—they're wearing boots to prove it. I had a hot football play all figured out and Truman Blanton quotes rules on me and now I'm convinced my idea wasn't so good. If anyone knows where B. W. Lee can go to chop down some Xmas trees, please let him know. Tom Davidson seems to be having some difficulty in shifting gears after shifting cars (from one make to another). The two honor holders so far for big bucks go to Ike Smith and Will Voss, who brought in two of the best looking deer we have seen. Berkley Laxson seems to be getting over his basketball soreness by now.

Cotton producers of Coryell County as well as other producers of this country should be interested in knowing something of the foreign market and the American markets abroad. According to a statement issued by the Department of Agriculture it is interesting to note that 60 per cent of the yearly crop is sold abroad. According to information from the same source we find that more than 50 countries produce cotton including India, China and Egypt. History of cotton raising in India dates back to 800 B. C., more than two thousand years before the first stalk was planted on American soil. Brazil and Russia are other countries with high ranking cotton production. All of these mentioned countries export some cotton, China importing some. The highest foreign production occurred this year which amounts to 13,000,000 bales. Since the World War Russia and Egypt have returned to cotton production, increasing their normal acreage. Contrary to the opinion of many the increase in foreign production was not due to the American plow-up campaign. Most of the cotton was planted before crop regulation was even contemplated in this country. The increase in production in foreign countries as well as in the United States was due to the low price of cotton in the years from 1930 to 1933, which forced producers to increase their acreage in an attempt to maintain their income. American farmers may expect a large supply of foreign cotton for the 1934-35 season due to the heavy carry-over of the 1934 crop. When American producers ponder over the question of entering into competition with foreign production they should take into consideration the fact that foreign production countries increased their production even when American cotton was selling at 5 and 6 cents a pound. When we consider the fact that England is one of the greatest buyers of American cotton we must realize that the quantity of cotton England will take during the current season appears to be limited, not because of the price but because of the quantity of finished goods purchased from England by this country. If Great Britain is to buy American cotton she must obtain dollars with which to buy this cotton. So many trade agreements have arisen between the producing and non-producing countries that the ability of foreign customers to buy American cotton depends largely upon the amount of finished goods and services this country will accept in return for our cotton. This fact is more pronounced than ever before. Where these foreign countries seeking imported cotton are unable to sell their goods to the United States they must either turn to some other producing country that will accept their goods in exchange or develop their own production or put restrictions on total imports. Cotton exporters who are studying the situation and its economic effects upon his country will from time to time pass helpful information on to the producers who should by all means accept it with sincerity and abide by the plans of the federal government concerning cotton crop regulations.

World Comment

By JOE BURNS

It has often been said that James A. Farley put Franklin D. Roosevelt into the President's chair. Regardless of the truth of the assertion, it has to be admitted that Mr. Farley is a shrewd politician. He has within two years built up a great political machine—perhaps the greatest this country ever has seen. It is believed he will run for governor of New York in 1936 and then try for the presidency in 1940, when Roosevelt steps from the picture.

Mr. Farley evidently thinks it won't be much trouble to elect a Democratic president in 1940 and of course not in 1936. But Republicans, although given a decided setback in the November election are already lining up some presidential prospects for 1936. Among these are Rep. James Wadsworth of New York, Senator Vandenburg of Michigan, one of the Republicans up for reelection to survive the election, and Senators La Follette, Cutting, and Nye. La Follette undoubtedly has presidential aspirations but seems to favor a third party movement to bring him success.

The election certainly bettered Sam Rayburn's chances of being elected Speaker of the next House. The Democrats had plenty of trouble keeping their unwieldy majority in line during the last session and Joe Byrns, whose place as majority leader entitles him to succeed to the Speakership, proved anything but an able disciplinarian. It will therefore be to the interest of the administration to boose a strong man into the position and already reports are circulating that Roosevelt, with 99 new and perhaps unruly members coming into the House as a result of the election, favors Rayburn for the Speakership and Rep. John McCormack of Massachusetts for floor leader.

It looks now as if Japan really intends to denounce the Washington naval treaty which expires next year. Apparently Tokio intends to proceed with her naval plans with or without approval from Washington and London—and it looks it will be without. The English are still wise old owls and they know that if Japan is granted naval supremacy in the Pacific they can prepare to part with India and Anstralia. Japan has preached naval equality at home for so long that the Jap delegates are probably afraid to go home and face the people without such a concession from the other signatories in their pockets. The U. S. delegates have repeatedly warned that a naval race will be precipitated if the 5-5-3

ratio is abrogated—and the consequences can only be guessed—and Japan knows as well as anybody that she can't outbuild America and Britain. But Japan is militaristic and makes no efforts to hide the fact and nothing more can be expected from a war-mad nation.

Book Week.

Last Friday pupils from the fifth, sixth and seventh grades gave a short program celebrating Book Week. The admission was 1c. They were dressed like book characters and it was a very interesting program. Prizes were given the winners.

In the seventh grade the winners were Bryan Jones as William Greenhill won first place, and Jean Burnham won second place acting as Hildi. In the sixth grade Harold Disseren as Uncle Remus won first, and Mary Jo Russell won second place. In the fifth grade Hulon Thompson won first place as Tom Sawyer and Dick Anderson won second acting as Huckleberry Finn.

—Wilton Morgan.

Assembly

Last Monday at assembly the X class of the seventh grade presented a program composed of a piano solo by Gladys Marie Phillips, a tap dance by Lalla Rookh Martin and a one-act play. The characters were Ma, Sarah Louise Henson; Pa, Joe Reece Robinson; John, Bryan Jones; Jock, Chester Franks; Mary, Laura Mae Henson; and Kae, Utence Sellers.

—James Bradley

Basketball

The seventh grade is planning to organize a junior basketball team. Some thirty people met with Mr. Shelton Tuesday to discuss the matter. They have ordered a basketball and plan to start practicing soon. We hope that the basketball team has

the same success that the junior football team has had.

—John Frank Post.

Girl Scout Hike

Monday morning November 12 at seven o'clock the Girl Scouts of Troop 2 under the leadership of Miss Murray met at the Raby Park. They then hiked to Miss Murray's home. The girls cooked breakfast out in the open. After breakfast games were played. Everyone had an enjoyable time.

Pearl School News

Senior News

The Seniors organized their class October 26, and elected Virgil Freeman president, Darwin Herriman, vice-president, Nona Jane Franks, secretary. The president appointed committees to select the senior motto, flower and colors.

We can boast of the largest class Pearl has ever known, and we are working hard to make it the best. Thirty have enrolled.

Assembly

Ten students and teachers of Pearl School met Monday, November 12th, in the High School Auditorium to celebrate Armistice Day.

A program was presented, and several of the guests present for the occasion were former students. They were Vivian Andrew and Clyde Perry of Gatesville High School, Erma Lee Brown of Lampasas High School and Mary Joe Russell of Gatesville Grammar School.

Freshmen News

The freshmen class of 1934 has been organized and the fol-

lowing officers were elected: L. V. Arnett, President; Loy Morgan, Vice-President; Yvonne Preston, Secretary; Vaughn Dain Carroll, Betty Freeman and Otis Medart, Program Committee; and Cora Lee Whitt, Reporter. Our class motto is "Finish What You Attempt." Class colors are pink and green.

We are very proud of our Junior boys' basketball team. The entire team is in the Eight Grade. These boys have won two victories with a score of 43 to 15 and 25 to 17. The team has been under the direction of Grady Keeton.

Home Economics

The Home Economics class consists of twenty-seven girls.

We served a dinner recently to the following guests: County Superintendent, Mr. Stephens; State Supervisor, Mr. Ercell Brooks; County Supt. elect, Mr. Witcher; Board of Trustees and Mr. Tharp.

We are working hard to collect coffee coupons. At present Mildred White is in the lead of this contest. We feel sure that the new coffee urn at Mr. King's store will soon be ours. We urge everyone to save admiration coupons for us.

We are delighted with our new green and tan uniforms.

Athletics

The Dragons had a good game last Friday with Plainview. The scores were 29 to 35 in favor of the Dragons. The team has enjoyed playing in the new gymnasium this year, and are planning to meet the Evant Pearl game was postponed last

Wednesday on account of the heavy rain.

The Physical Education class is composed of thirty-four girls. They have been busy playing basketball, play ground ball, and volley ball.

We have played four games of basketball but have been unable to win but one. However, we are proud of our new suits and several have been displaying the beautiful sweaters we won last year.

Personals

Mrs. Cox and Mr. Dillard were at School Monday for the purpose of organizing a Girl Scout Troop.

Clyde Perry and Vivian Andrew, who are attending school at Gatesville, visited school Monday.

Norma Bynum, who is in school at Hamilton, visited school Monday.

Dorothy Andrew and Lucille Herring visited school Tuesday. Uneva Chafin and Mary Neil Smith, members of the senior class, were absent from school several days last week.

Erma Lee Brown visited school Monday. Erma Lee is a student in the Lampasas school this year.

Robinson-Pinkney

Miss Evelyn Robinson of Brenham and C. C. Pinkney of Denver, Colorado, were married in the Presbyterian Church of Brenham at four o'clock Saturday afternoon by Rev. Sam E. Talley. The church was decorated in ferns, roses and lavender chrysanthemums.

The bride is the daughter of Mr. and Mrs. Hosea Robinson and is head of the Home Economics Department of the Gatesville High School. She received her B. A. degree from Daniel Baker College and her B. S. from Texas State College for Women. For her wedding, Mrs. Pinkney wore a navy blue dress with matching accessories, set off by a brilliant scarf.

Mr. Pinkney is a graduate of the University of Colorado and has received his Master of Arts degree from Harvard University, majoring in architecture and landscape gardening. This past spring and summer he restored the old Harvard burial grounds and has finished doing research work on the old General Robert E. Lee homestead, Stratford, in Virginia.

Mr. Pinkney has been award-

ed a traveling scholarship by his alma mater and will spend the first six or eight months of the coming year abroad, during which time Mrs. Pinkney will continue her work in Gatesville.—Brenham Banner Press.

MRS. R. M. WHARTON

Farmers holding surplus Cotton Tax-Exemption Certificates are reminded again that Saturday, November 24, is the deadline date for pooling such certificates. Farmers holding certificates after this date may use these certificates in 1935 providing two-thirds of the voters on the Bankhead Law vote for continuance of same. The referendum for securing the farmers (both landlords and tenants) desires in the continuing of the Bankhead Law will be held about the second week in December. It is hoped that all eligible voters will make their own decision as to how they shall vote, and then go to the respective places of voting and cast their vote to which they are justly entitled.

Those who still hold Option Trust Certificates from 1933 Cotton Plow-up should remember that if they have not already done so it is not to late to draw the two cent advance less the expenses and remain in the Cotton Producers Pool. If any farmers are holding the Option Certificates they are urged to draw the advance as soon as possible or if they desire to sell outright they may do so.

DEBATE TOPIC—

(Continued from page one)

which affects the daily life of millions of our people.

"The question to be debated is, of course, one of public policy. There is much argument on either side. A great many authorities believe that an industry of this nature cannot be conducted efficiently by any government agency. Other authorities just as competent and just as sincere believe there should be a shift from private to public ownership in order best to subserve the interests of the people as a whole. Thus the question as stated makes an almost ideal one for high school debate. It touches very intimately almost every community in Texas.

"Great power projects are now under way in Texas, and the problem of their administration is a very pressing one. The study of this question by high school students under competent direction and with the stimulus of the debate contests to induce hard work on it should be productive of fine results.

"Schools intending to enter should file entries with me before February 1."

IRELAND NEWS

We had a fine rain that was very much appreciated. Creeks are full of water, and the grain crops, while late on account of the drought, will now take on new life and get a good start.

Quite a number of our farmers marketed turkeys the past week on account of the drought. They were not as good as in former years.

Mrs. Ludie Hill and daughter, Willie Percy, were visitors to Eant the past week.

Mr. Jack Dooley has a new residence completed and is located in the western part of our town convenient to the school. The family moved in the past week and is still making some improvements in their new home.

The Central Texas Annual Conference of the Methodist Church of Fort Worth sent us a new pastor for another year, Rev. C. F. Bell, who was the pastor here the past year. They returned our former pastor because we like him so well, and we are glad to welcome Rev. Bell and his wife. They are fine people and we appreciate their good work in our community.

Messrs Will and Mack Dooley of California are here visiting relatives. They are former residents of this place and we are happy to see them again.

The election is past and gone, the Democrats made almost a clean sweep. "The New Deal" had its effect. The old time Stand Pat Republicans never saw anything like it. It was a Democratic Landslide and a new deal that did the work.

LIBERTY NEWS

Williamson county farmers have turned to terracing with a will this fall, cooperating with the CCC soil erosion camps. They are putting in a daily average of 91 tractor-grader hours of work in 24 hours of the clock. To keep ahead of the camp engineers with crews of CCC boys are busy surveying terrace lines from sun-up to sun-down.

A fall garden is now offering eleven fresh vegetables to the family table of Mrs. Burt Dudley, member of the Elwood home demonstration club in Fannin county, in spite of the drought.

There will be more pea-vine hay harvested in Comal county as a result of the experience of Mr. Gus Kranse, Sr. who planted 100 pounds of Brabham peas as a soil building crop and when the feed shortage developed cut 250 bales of hay from it. Mr. Krause expects his stock to eat this hay with good appetite.

P. C. Colgin, farm demonstration agent of Baylor county, has worked with one leather demonstrator who has tanned 127 hides since the Short Course in 1933. Of these, 95 were cow hides, 16 were sheep pelts, 10 were wolf and coyote skins, two were horse hides, and four were bob cat skins.

Snyder—Fresh vegetables representing a cash value of \$248.80 have been gathered from the Seurry county relief garden and consumed by people on the relief rolls, according to Miss Nellie Ward, home demonstration agent. The garden measures 118 by 124 feet and is sub-irrigated by concrete tile made by relief roll workers.

The evaluation of the garden was made on a basis of four cents per pound for the 6,220 pounds of all varieties gathered. This included black eyed peas, lima beans, pinto beans, beets, Swiss chard, spinach, carrots, turnips, rape, and radishes. Because of the demonstrated value of the use of concrete tile in the garden many families in this county are now preparing tile for use in spring gardens.

San Angelo—A tufted bed-spread costing \$1.61 has been made by Mrs. John Yancy of Tom Green county as a part of her bedroom improvement work, according to Miss Nette Shultz, home demonstration agent. Mrs. Yancy bought three yards of ten quarter unbleached sheeting and dyed it rose. She then bought a large ball of wrapping cord which she dyed a lighter rose and used for tufting. The wrapping cord when damp fluffs and looks like candlewick tufting yarn and is much less expensive. Mrs. Yancy washed the spread as soon as it was finished to make the tufting fluff still more.

Floresville—Twelve pints of diced pineapple and two pints of juice canned at home are displayed in the pantry of Mrs. Howard Hawk of Wilson county, according to Miss Martha Hickman, home demonstration agent. Mrs. Hawk purchased six pine-

apples and canned five. The actual cost of the products was 75 cents, and as they are worth \$2.30 at the current market price, she saved 66 per cent of her money by her ingenuity.

Corsicana—J. A. Young of Navarro county has an outstanding demonstration of a profitable use to be made of government rented acres, according to C. C. Morris, farm demonstration agent. Mr. Young planted seven acres of rented land in 18 inch rows of sudan grass for pasture. He reports that this pasture has cared for four head of work mules and five milk cows, and that after the restrictions were removed that he permitted a neighbor to pasture 10 dairy cows on this same field. Mr. Young estimated that the grazing figured at 75 cents per month per head would easily have netted twice what the land would have produced in cotton.

Mount Pleasant—Trench silos came into their own this year in Titus county, according to the report of J. O. Graham, farm demonstration agent. The case of W. A. Ford who salvager his perishing grain sorghum crop by making silage is typical. Mr. Ford stored away 60 tons at a cost of approximately \$1.25 per ton for cutting and storing. So satisfactory was this method of putting up feed that Mr. Ford expects to add more trench silos next year.

Franklin—Matt Salvaggio, 13 year old 4-H club boy of Robertson county, is a firm believer in the use of good seed and poison as factors in producing cotton, according to V. L. Sandlin, farm demonstration agent. Using practically the same cultural methods as are used by other farmers in his community, young Salvaggio produced 569 pounds of lint cotton on one acre of land while his neighbors did not make more than 375 pounds. He ascribes the difference to the fact that he planted good seed which produced a large proportion of lint from the seed cotton and that he used 14 pounds of poison on his crop at the proper time.

The gross proceeds from this one acre amounted to \$101.26 resulting from the sale of 569 pounds of lint at 140 cents per pound and 962 pounds of seed at \$39 per ton.

Work Stock for Clients Due Only After Jan 1st

Austin, Nov. 22—Work stock for rural rehabilitation clients will not be provided by the Texas Relief Commission in most instances before January 1, 1935. It has been announced by J. E. Stanford, head of the rural rehabilitation department. "Only in cases where it will not be necessary to advance funds for the feeding of the animals and then only when it will be advisable and profitable for work animals to be purchased earlier will buying of work stock be allowed," Stanford said. Henceforth, rural rehabilitation clients will be required to pay for all capital goods furnished by the government in cash, Stanford declared. Formerly, the program allowed clients to work out capital goods as well as lease rental value of sustenance plots.

Sport Talk

By TEDDY

This afternoon the Gatesville Hornets will play another team that is doped to defeat them. Coach Ewing will accompany his Hornets to Valley Mills where they will play the Valley Mills Eagles. Gatesville defeated the Bruceville-Eddy team here last Friday 6-0. The Bruceville club is the only team the Hornets have played this year that did not out weight them. We do not know the exact weight of the Bruceville-Eddy team, but observing from the side line, the Hornets and the Bruceville team were evenly matched in weight.

This afternoon Gatesville will be playing another team that will not out weigh them to the extent where it will hurt. Sport scribes seem to think the Hornets haven't a ghost of a chance against the Valley Mills Eagles, however, with a fair defensive combination, coach Ewing can put a team on the field that will give the Eagles a battle that will long linger in the hearts of the Valley Mills fans.

On paper the Eagles are four touchdowns better than the Hornets, but with the determination to win, Valley Mills will have to hustle to give the Hornets a bad defeat.

Led by Dickie and the two Miles brothers, Levita defeated the Junction crew Monday. The Bachelors managed to give the Merchants their fourth defeat by a 14-9 margin, while the Conoco club fell before the strong Jonesboro team led by Johnnie Edwards.

Relief Director Calls for Picture of Local Status

Austin, Nov. 22—Chairmen of County Relief boards last week were asked by E. A. Baugh, assistant director of the Texas Relief Commission, for a picture of conditions as they exist in the various counties of the state.

"Realizing that staff members of the relief administration are in some respects too close to their jobs to get a fair perspective of actual conditions and probable trends, we are asking that you give us your views on certain points."

These points Baugh enumerated as follows:

- 1. How about the relief load in your county? Do you think it will go up or down? Or will it remain fairly stationary

2. In your judgment, what is the state of morale of those on relief in your county? Do you feel their hopes, ambitions and initiative have been dulled? In what condition do they appear to be mentally and physically?

3. What are the prospects of their getting their jobs back within the next six or eight months?

4. What does the general public think the government ought to do about this unpleasant situation?

THREE McLENNAN COUNTY BANKERS ARE GIVEN FEDERAL TERMS

WACO, Nov. 21.—Sentence was imposed Tuesday afternoon by Federal Judge Charles A. Boynton on three former bankers of West, McLennan County, following their pleas of guilty during the forenoon session of court.

The heaviest penalty was given Howard F. Ellis, who drew a term of thirty months in the Federal reformatory at El Reno, Ok., in addition to a fine of \$1,000. S. H. Anderson was given two years at El Reno and \$500 fine, suspended sentence.

The joint indictment, containing nine counts, charged Ellis, Anderson and Popp with conspiracy to violate the national banking act, embezzlement, misapplication, false entries and violation of the national banking act. The alleged shortage was \$17,440.

Records of the weather bureau at Asheville, N. C., show snow fell there May 3, 1929.

Former Athletes and Fans Organize Group To Promote Athletics

ADOPT NAME 'HORNET CLUB'

Former athletes of Gatesville High School of years gone by and fans met in an informal convention Tuesday morning and perfected the hub of a permanent organization to be known as the Hornet Club.

At the opening of the meeting Fred Prewitt was named president; Jim McClellan, vice-president and Byron Leaird, Jr., secretary-treasurer.

A membership committee composed of Dr. K. R. Jones, Pat Olsen, George Painter, L. S. Holmes and Byron Leaird, Jr., was appointed who will begin immediate plans to enlarge upon the personnel of the organization.

"The purpose of the Hornet Club will be to foster and promote interest in athletics," according to Mr. Prewitt.

The club will attempt to arouse interest of the rural schools in the popular forms of athletics and at the same time advertise the local high school to those who finish undergraduate work in the smaller schools.

A large number of boys have turned out this year for the basketball squad, the largest number in one afternoon being about 30. Mr. Thompson, the coach of the boys team, said although the school buses leave too early for much practice, all of the fundamentals have been covered and the team is about ready to start scrimmaging.

The schedule for the games will be announced later.

The girls' basketball team of the Gatesville High School was organized last Tuesday with Miss Lois Grantham as coach.
