## Baptist Church Building Condemned New Structure Likely to Be Result

On last Sunday evening at 7 o'clock at a called conference meeting of the First Baptist Church of Gatesville there was a very large attendance of the members and friends of the Baptist Church. The meeting was called for the purpose of hearing a report from the Board of Deacons concerning the condemnation by the architect of the old church building, and to launch and consider future plans of the church.

The meeting was not only large, but the enthusiasm of the meeting was altogether wholesome and most encouraging.

The Pastor, Clarence A. Morton presided. A report from the Board of Deacons was presented which report included several recommendations. Well chosen remarks were made by Mr. C. E. Alvis, John P. Reesing, Mrs. M. L. McDowell, Joe Hanna, J. M. Witcher and N. E. Foster.

It was unanimously voted by that the old church building had been condemned as unsafe. This report was ratified and accepted by the church by a unanimous standing vote.

It was unanimously voted by the church to tear down the old building at once, and that the church immediately proceed with plans for the construction of a new building.

### GUEST ARTISTS ON PROGRAM AT HAMILTON

Two young men of Gatesville were guest artists on the Hamilton Lions Club Ladies' Night program last Tuesday.

John P. Reesing Jr., played a piano selection, "Hark, Hark, the Lark" by Schubert-Lizst.

Clinton Chamlee, popular young vocalist sang "Sympathy" by Friml and "One Alone" by Romerberg. He was accompanied by Reesing at the piano.

It was unanimously the general church building committee be appointed to consist of the Board of Deacons, Trustees and the committee on financial plans and policies. This committee was given power to enlarge itself by the addition of other members of the church to the committee.

To any observer it would seem to be rather certain that in the near future the Baptists of Gatesville will construct a building in keeping with their demands, as well as in keeping with the progressive spirit of the entire city of Gatesville.

### FROM THE NOTEBOOK OF MISS MARTIN

New painted shelves in her dining room hold the canned products of Mrs. Joe Wilkinson, pantry demonstrator of the Pidgeon Home Demonstration Club. The entire value of Mrs. Wilkinson's pantry is \$218.64, and this includes the 674 containers of canned products put up this year.

A hot bed, 9 feet by 27 feet contained mustard beets, and lettuce will help to supply fresh vegetables this winter.

A Thanksgiving menu from her pantry shelf has been planned as follows by Mrs. W. E. Hayes, cooperater in the Priscilla Home Demonstration Club:

- FRUIT COCKTAIL**
- Roast turkey
  - Dressing
  - Giblet Gravy
  - Creamed peas in potato nests
  - Cranberry sauce
  - Cardinal salad
  - Watermelon rind pickles
  - Hot rolls
  - Butter
  - Fruit cake
  - Whipped cream
  - Coffee
  - Mints

As clothing demonstrator of the Whitson Home Demonstration Club, Mrs. John D. Wright has planned for a new clothes closet. The clothing demonstrator in each club has as one of her goals for next year, the addition of a new clothes closet, or the improvement of the one she already has.

### "LAZY AND UNRELIABLE," HE ADVERTISES, GETS JOB

Chicago—Advertising pays, which is the reason why W. T. Naughton from a small town has made good in a large city in a big way.

Naughton, who came from Bass Lake, Ind., decided he would like to advertise himself, but that the "situations wanted" advertisements for most part liked originality. Accordingly he inserted one in a local newspaper which read:

"Man—young, unreliable, dishonest, lazy, doesn't want position, but needs one as clerk, chauffeur, laborer, etc. Short hours, big pay essential." Having done this he sat down

### HEAR YE; HEAR YE! BIGGEST SOCIAL FUNCTION OF THE YEAR

In the new gymnasium of the Gatesville High School there will be held a social on Thursday evening, December 6th, beginning at 7:30. The interior will be appropriately decorated, instrumental music will be provided, and such other matters will be provided for so as to add to the enjoyment of a real evening of entertainment.

The main feature of this evening of entertainment will consist of the following games: Dominos, Forty-two, Eighty-four, and Bridge. The Domestic Science Department of the High School will furnish refreshments.

"The main object of this occasion is two fold. Sup't Williams and his entire faculty desire to cultivate the good community spirit which we already have, and one of the finest ways to do this thing is for us to get together and play. Let's have fun; Forget your worries! Be a child again just for one evening, anyway. The other thing is this: Our Gymnasium needs some folding chairs, and I am sure that you want to have a part in getting them. We are hoping that the returns on Thursday evening, December 6th will make possible the purchase of at least one hundred chairs. We want to see you," according to E. D. Shelton, elementary school principal.

### MISSIONARY SOCIETY HOLDS ELECTION OF OFFICERS

The first bale of cotton exporter from this country to Europe was shipped from Charleston, S. C., in 1784.

by a telephone to await developments. They came in the form of 100 calls, most of them offering legitimate jobs.

### Student-Body and Fans Take Part in Spirited Rally Wednesday Morn

RALLY HELD IN NEW GYM

A highly spirited pep-rally, featuring the Hornet pep-squad, composed of 87 attractive high school coeds and the school band raised the roof figuratively on the gymnasium Wednesday morning as the entire student-body and a representative number of local business men were present to indicate their support of Hornets in their final game with the McGregor Bulldogs.

Beginning with selections from the band the rally went on a cheering spree with Miss Margaret Gilder, Beverly Chamlee and Dorothy Culbertson directing the pep-squad.

Short talks were made by several of the business men present and several women patrons of the school who were present.

Responses came from several members of the football team, lead by Captain Ralph McDowell. Coaches Ewing and Baldrige made brief talks.

Sup't Frank L. Williams directed the rally, which fans acclaimed on the best ever held here.

### NEWLY ORGANIZED CHURCH LAYS FIRST PLANS

Following the song and preaching services in the special call meeting of the Fundamental Baptist here last Sunday, a constituted Fundamental Baptist Church was organized.

The details of naming the church and matters relative to its functioning were left to be taken care of at a future service to be held next Sunday afternoon at 3:00 o'clock, in the First Christian Church Building. At this time there will be preaching by Rev. A. W. Fechner, followed by a short business session.

Luther Burbank said that more than half the flowers in the world are red or some shade of red.

## Only Eight More Days for Kiddies To Await Santa's Pre-Xmas Visit

Only eight more days, kiddies, or exactly 206 hours until Ole Santa Claus will actually be here, in person, to meet all the boys and girls who come to Gatesville to see him on Saturday, December 8. He is expected to arrive at 3:00 p. m.

Santa did not send word that he might come to Gatesville on a visit before Christmas this year—sent word to the Chamber of Commerce that he WOULD be here, and when the time comes, rain or shine he'll be shaking hands with his friends and passing out candy. And by the way, he says that he is bringing bushels of candy with him for the Coryell County little folk. Just think of it—sure enough bushels of candy.

## 'round the square

By The Snooper

J. M. Witcher is taking his future job most too seriously I am afraid; first thing you know he is going to finish his work before his job begins, however, it must be a sign he is interested in the work. Yvonne Mason was a visitor round the square the other day, looking as attractive as ever. Certainly Frank Brooks should get some mention—being so dressed-up lately and too his friends want to see his name in this column. Kenneth Adams bought a rabbit's foot, but strangely he didn't know what he was buying. Lorraine Webb was seen carrying his shoes in his hands the other day; he had another pair on his feet, however. Of all times for someone to steal a bottle of milk was the morning when Mrs. Bud River was preparing soup for a sick person.

### MAN'S LOGIC GIVES EDITOR SWELL HEAD

"I am interested in doing some advertising," stated a business man from the southeast part of the county who called at the News office recently. "I want to place my advertising in your paper because I feel confident it will get results," he concluded.

Through curiosity, the editor asked the merchant why he was partial to the News. In reply to this inquiry the prospective advertiser said, "Nearly everyone in my community reads the News and I always judge conditions over the county by my own community. When crops are good at home I take for granted they are just as good in other parts of the county."

His logic was enough—now the editor has a bad case of the swell head.

Despite the fact that Mrs. Santa may not make the long trip southward, Santa is gringing with him his dwarfs, clowns, and ten famous story-book characters. Santa has a new float this year, and although we haven't seen it, it must be beautiful, all red, green and silver, and large enough to bring the toys when he comes back on Christmas Eve. It will be a gala day for both kiddies and grownups in Gatesville on December 8. In the afternoon there will be a band concert on the square and a program of basketball games at the high school gymnasium beginning at 7:00 o'clock that evening.

W. C. Stroube, of Corsicana is the president of the Thoroughbred Breeders and Horsemen's Association of Texas. The organization has recently begun the publication of a weekly journal, called "Thoroughbreeding" which is indeed interesting. Contrary to first impressions of readers the publication is not intended to advertise horse racing, to which there seems to be a great deal of ill favor at this time in Texas. The breeding of fine horses is the objective of the organization and its weekly bulletin. In a current issue we note with much interest that the State of Texas Department of Agriculture has purchased a "plantation" stallion for use by farmers and ranchmen to encourage the breeding of more and better horses. Research information shows that farmers are gradually turning to horses again for their farm work. Texas will undoubtedly keep pace with other states in breeding their own fine stock.

What is the processing tax on cotton; why is it levied; who pays the tax and how much is it—these and many more are part of an almost endless line of questions asked by Mr. Producer, Mr. Merchant and Mr. Consumer. The cotton processing tax is a tax paid upon the act of converting raw cotton into the finished product, so says a bulletin from the U. S. Department of Agriculture. The tax is levied for the purpose of providing funds to make payments to farmers cooperating in the adjustment programs. In the case of cotton the processing tax is passed on to the consumer who pays this as a part of the price of cotton products which they buy. Actual figures show that there has been \$154,002,063.22 raised from this tax alone prior to June 30, 1934. The processing tax is more favorable to other forms of revenue in that it is easy to collect, is small per person, averaging less than \$1 per capita annually.

Thursday afternoon marked the closing of the football season for the Hornets. Gatesville has won but two games this season, one from Moody and the other one from Bruceville-Eddy. It would hardly be fair to state that the Hornets have had a successful season, but why think of the past, it is dead. At the beginning of the season coach Ewing had six lettermen to answer his call. Next year he will have approximately six more to come out. Not one of the six of this year were natural born football players. If one of them had to be chosen we would pick Sonny Hair. Hair will be in the line-up again next year, and will probably be the mainspring for the Hornet club. With Chapman, Weaver, Culberson and Hair in the line-up next year, and several that have learned the fundamentals of football, coach Ewing can wager that prospects will be brighter in Hornet camp of 1935.

The time is approaching for the local all-stars to begin limbering up for a few games that will be arranged in a few weeks. Games will be played in order to help finance for the Hornet Banquet or to buy sweaters for the lettermen.

The Jonesboro club downed the Junction crew Monday night. Leon Junction is the only team that has managed to defeat Jonesboro, and it looks as if they cannot be defeated by any team in the league at present.

The Merchants, who are sponsored by the merchants of Gatesville, picked the Oilers for their first victim Monday night, giving them a 26-17 defeat. An extra period of five minutes was required to give the Merchants their only victory. The Oilers, who lagged all the way until seconds before the game ended, did not tally in the extra period.

The Bachelors, who have been in the winning streak for a couple of weeks, met their Waterloo Monday night by a little but loud crew from Levita.

### LOUISIANA CUTTING TEXAS LEAD IN SULPHUR

Louisiana at one time was the greatest producer of sulphur in the United States. Depletion of the known supplies cut some figure in the reduction of its production, but hostile legislation was an even more important

factor apparently, for it removed the incentive for seeking new sources. From 1924-5 to 1932 sulphur production in Louisiana practically ceased.

Texas promptly took first place in production with its great domes on the coast, and in 1929 reached a peak of two million tons. Louisiana in 1931 receded from its former attitude toward the industry, established a single severance tax with no ad valorem leaves, while Texas was levying severance and ad valorem taxes that totaled \$1.20 a ton, with strong support for a tax that would have increased that total to nearly \$2 a ton.

Result: Last year Louisiana accounted for 22 per cent of the American sulphur production with a total of 303,737 tons, while Texas, from its 2,000,000 peak in 1929, fell to 1,090,000 tons.

Postmaster Offers Aid To Xmas Shoppers

The post office will make every effort to handle the Christmas mails without congestion and delay, but owing to the enormous volume this can be done only with the co-operation of the public. Compliance with the following suggestions will greatly aid the post office and insure prompt handling of your mail.

Early Mailing

During the holiday time the volume of mail increases approximately 200 per cent. It is physically impossible to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should SHOP AND MAIL EARLY. Do your Christmas shopping so that you can mail your gifts a week or 10 days before Christmas, according to distance. This will not only make it certain that they are received before Christmas Day, but will be a great aid to your postal employees and enable them to spend the Christmas Holiday with their families.

Wrapping and Packing

All parcels must be securely packed and wrapped. Use strong paper and heavy twine. Special packing must be given in the case of sending Umbrellas, canes, golf sticks, hats, cut flowers, candies, drawings, paintings, etc. to avoid damage in transit.

Fragile Articles

Articles easily broken or crushed must be securely packed and crated or boxed. Use liberal quantities of excelsior, or like material, in, around, and

between the articles and the outside container. All articles easily broken or damaged must be plainly marked "FRAGILE." Parcels containing perishable articles shall be marked "PERISHABLE."

Addresses

Addresses should be complete, with house number and name of street, post office box, or rural route number, and typed or plainly written, preferably in ink. A return card should be placed in the upper left corner of every piece of mail. DO NOT MAIL CHRISTMAS GREETING CARDS IN RED, GREEN, OR OTHER DARK COLORED ENVELOPES, OR IN VERY SMALL ENVELOPES.

Postage must be fully prepaid on all mail. Affix the required amount of postage in the upper right corner. Full information concerning postage rates can be obtained at the parcel-post or stamp window.

No parcel may be more than 100 inches in length and girth combined or exceed 70 pounds in weight.

Air Mail Service

USE AIR MAIL SERVICE FOR SPEED. FIRST IN ARRIVAL—FIRST DELIVERED—FIRST OPENED—FIRST ANSWERED. The domestic air-mail rate of postage is 6 cents for each ounce or fraction thereof. Rates to foreign countries are equally attractive.

Special Delivery Service

The use of a SPECIAL DELIVERY stamp will assure delivery on Christmas Day, if mailed at the proper time. SPECIAL DELIVERY SERVICE means immediate delivery at the office of address. SPECIAL DELIVERY IS FOR SPEED AND NOT FOR SAFETY.

Matter Not Mailable

Written matter in the nature of personal correspondence cannot be enclosed in parcels.

Insure Valuable Mail

Valuable domestic third and fourth-class mail should be insured. Insurance fees: Value not exceeding \$5, 5 cents; not exceeding \$25, 10 cents; not exceeding \$50, 15 cents; not exceeding \$100, 25 cents; not exceeding \$150, 30 cents; and not exceeding \$200, 35 cents.

Coin, currency, jewelry, and articles of considerable value should be sent as SEALED FIRST CLASS, REGISTERED MAIL.

For further information or any of the above subjects or concerning any other postal matter, inquire at the window—stamps, parcel post, money order, registry, etc.—or see the postmaster or assistants.

THE CO-OPERATION OF THE PUBLIC IN GENERAL WILL BE GREATLY APPRECIATED. C. W. Ford, Postmaster.

## Roundtable Club Feast And Entertainment.

A barbecued deer supper was enjoyed by the Roundtable club members and their guests last Tuesday night at seven o'clock at the Rifle Range.

Following the delicious meal

of venison, potato chips, cakes, coffee and bread, the group listened attentively to Floyd Zeigler, who was responsible for the deer meat, while he told of his interesting deer and bear hunt.

Gene Alvis, as Tony, the hurdy-gurdy man, D. W. Sherrill as the bear, Marion Burleson, Henry Yongue and W. T. Hix as hunters, gave a pantomime on the chase and death of the bear killing.

The party rooms were decorated with autumn leaves, red berries and chrysanthemums.

The guest list included Messrs and Mesdames R. B. Cross, Robt. W. Brown, Clyde Bailey, E. L. Stewart, George Painter, Bob Saunders and R. R. Anderson.

The tables and rooms were decorated in observance of Thanksgiving, and a host of members and guests were present at the affair.

## Blue Bonnet Workers Have Achievement Day.

Thursday afternoon, November 22, the women of the Blue Bonnet Workers Club held their achievement day at the home of Mrs. F. R. Wilson, Pantry Demonstrator.

Upon entering the guests were received by Mesdames Mae Parks and Marvin Parr and were

asked to register in the guest book. They were then shown through the different rooms where they viewed an attractive display of work done by the club ladies. Found in these displays were articles made from sacks such as window curtains, a luncheon set, pillow cases, pajamas, and a dress, the foundation pattern with dresses made by these patterns; braided rugs and mats, beautiful hand work, about twenty-five varieties of canned foods; quilts and quilt tops. Mrs. N. A. Bobo was given a prize gift for guessing the closest to the number of pieces in a quilt. To add a touch of interest to all of this there was a collection of old relics handed down to us by our parents and grandparents. Among these was a magazine edition of the Gatesville Messenger published June 1909. This belonged to Mrs. R. E. Meeks. Mrs. Wilson showed a baby dress and child's skirt worn by her father.

The guests were then shown to the pantry. Mrs. Wilson has her pantry arranged in her well built cellar at the back of her home. She has about thirty feet of shelves and has canned 265 containers of food. This is far short of her average because of the unfavorable season.

A delicious refreshment plate of hot chocolate, sandwiches, and pie was passed to visitors from Ater, Carden and Gatesville.

A very interesting afternoon was enjoyed and the presence of all visitors was greatly appreciated.

### REHABILITATION CLIENTS ALREADY OCCUPYING GRANT PLOT

Austin, Nov. 28.—Counties participating in the rural rehabilitation program received November allotment checks total-

ing \$236,100 last week, it was announced by J. E. Stanford, head of the rural rehabilitation department of the Texas Relief Commission.

These checks will cover rehabilitation needs in 76 counties of the state, other counties having enough rehabilitation funds on hand from previous allotments to take care of their needs for the remainder of this month.

Most recent count reveals 3,400 houses on sustenance plots leased by rural supervisors for rehabilitation families. Approximately half of these houses already have been occupied by clients, Stanford said.

### First Methodist Church

We are looking forward toward next Sunday with a great deal of pleasure, and the pleasure is in the fact of what our plans are at that hour.

You remember that on each Sunday we have a general assembly of all departments of the church at 10:30 a. m.

We have something to tell you about next Sunday at this time and do not fail to be on time at the time appointed.

The sermon—"If I were a Laymen—The kind of Preacher I would want." 7 p. m., the sermon—"Revelations."

We regret the fact our good Baptist friends have had to move out of their building, but this parable I once heard is fitting; Bill had stopped his car on a hillside and in the meantime some one bumped his old car off the cliff some hundreds of feet below, when he saw it he said; whoopee that means a new car!

### DIRECTORS OF DEBATE TAKE NOTICE

Abundance of debate material in this season's Intercholastic League debate question is available, according to E. D. Shelton, Director of Debate in this county. "Much of this material in free," he said, "and some of it at nominal cost.

"Of importance to the negative side is the special bulletin of more than 150 pages by Judge Clarence R. Wharton, of Houston. Member schools may obtain any number of copies free of charge by addressing the Interscholastic League office, University Station, Austin, Texas.

The regular League debate bulletin, No. 34, contains 265 pages and presents both sides. The Municipal Utilities Record, 935 Tower Building, Dallas, is publishing valuable material each month and offers a special rate to high schools.

"The school which utilizes the material offered will do nothing short of providing a

sound course in one special aspect of government for the pupils who enter the tryouts."
