

Just between us, how is it going to be possible for us to put the usual elementary remarks under such a distinguished head as the one above? I have to make an attempt just the same or else stand the chance of losing my job (whatever that might mean). **Oliver Tatum** stands in line for getting on with the News as a proof-reader; he catches all our mistakes and says he doesn't miss reading a line of the paper. One distinction goes to **Dr. T. M. Hall**—he got the first new Ford that came to Gatesville. **H. H. Howell** and **R. B. Curry** are close neighbors but don't get to visit enough at home, so they may be seen frequently visiting together uptown. It may be along time before there is any "snooping" down from a new car, but we did get to ride in one—thanks to **Doc Shepherd**. **Pete Patterson** was dressed up like a sore toe Thursday afternoon; the usual oil man's ensemble was lacking... now I am curious to know where he must have been going. **Mr. and Mrs. Jno. WIFE OF LATE PUBLISHER SUCCUMBS AT DALLAS

The sad news of the death of Mrs. R. W. Martin, former resident of Gatesville reached friends here Thursday morning. She was the widow of the late R. W. Martin, early publisher of the Star-Forum, and a prominent Republican of the state. Mrs. Martin died in a Dallas hospital Wednesday night after an illness of some two weeks duration. Remains will be brought to Gatesville Saturday morning for burial. She is survived by her daughter, a Mrs. Garrison, who was living in the home of her mother at the time of Mrs. Martin's death.

Fire Record for 1934 Lowest in Years With Total of \$1,407.50

NINETEEN FIRES OCCURRED

Total fire losses for the year 1934 amounted to \$1,407.50, according to Raymond Ward, Assistant Chief of the Volunteer Fire Department. This figure is probably the lowest of total annual fire losses in Gatesville. The calculations were based on the amount of losses paid by insurance companies through local agencies. There were nineteen fires during the year, attended by the Fire department, besides a few perhaps which were of minor consequence and put out by individuals. July was the popular month for fires with a total of five. In the months of May, June, October and December, no fires were recorded. During the first six months of the year there were 11 fires, with eight during the last six months. Four fires occurred in January, 4 in February, 2 in March, 1 in April, 1 in August, 1 in September, and 1 in November.

R. H. Miller Reelected Gatesville Fire Chief At New Year Meeting

NEW OFFICE IS CREATED

R. H. Miller was reelected Chief of the Volunteer Fire Department at a meeting of the group last Tuesday night at the Gatesville Fire Station. Mr. Miller was unanimously named to succeed himself. Other officers elected for the ensuing year are: 1st Assistant Chief, Raymond Ward; 2nd Ass't Chief, Pete Patterson; Foreman, Berkley Laxson; Ass't Foreman, Roland Bone; Secretary, P. A. Walker; Treasurer, Louis Newmann. A new office was created and Rev. J. H. McLean was unanimously elected to fill this post—that of chaplain.

DEATH CLAIMS LIFE OF OGLESBY PHYSICIAN

Dr. D. M. Jordan, who for more than 35 years was prominent physician of Oglesby, succumbed Wednesday morning after an illness of nearly a month. He is reported to have been past 75 years of age at the time of his death. Funeral services were held at the home Thursday afternoon at 1:00 o'clock. Remains were carried to Moody for burial. Surviving the deceased are his wife; a son, Dr. Dowd Jordan of Brady; two daughters, Mrs. Guy Draper of Oglesby and Mrs. DeJornett of Commerce, and another son residing at Commerce.

Baptist Building Com. Leaves Today to View West Texas Churches

SEEK PROPER INFORMATION

The general building committee, which is composed of all sub committees, met in the Sunday School building Monday evening, December 31. Dan E. Graves, chairman, called the house to order exactly on time, with all sub committees represented and ready to report or ready to call for further instruction. After prayer, led by N. E. Foster, the committee on removing the old building asked for additional instructions and were told to completely tear down the walls level with the foundation. Materials usable were to be left on the church lot until further instruction should be given. This committee stated that their work would be completed in a short time. The committee on plans for new building reported that they had examined plans submitted and were expecting others for examination any day. The general plan which would give the church and its branches room and conveniences seemed to be established fairly well in the minds of this committee. When that plan is submitted it is ready to act.

In search of proper information, its membership with their wives, plan to go west through Brownwood, Cisco, Coleman, Ballinger, Stephenville, Comanche, and other towns along their route. The pastor, Bro. C. A. Morton, and his wife, who are thoroughly acquainted with the needs and have a good knowledge of church buildings in neighboring towns will accompany this committee. They plan to leave today, Friday. Later this same group intends to make a trip eastward on the same mission. Any persons who are vitally concerned see welcome to make these trips with the committee.

The financial committee made inquiry of other committees concerning amounts needed and seemed to be laying its plans very sanely for work at the proper time. General discussion seemed to indicate that all loyal church members must do their part as the Lord has prospered them. Many have pledged a willingness to help sacrificially and others as the emergency presents itself to them will be just as sacrificial and loyal.

Sub committees requested that they be permitted to add to their number many of our very faithful church women so that the counsel of these might help in finding the best conclusions in all plans.

This meeting was permeated with a spirit of sincerity and honest of purpose that if made permanent under divine direction will insure results that will show wisdom and discretion throughout the Church's deliberations.

DISCARDS HIS TOMAHAWK FOR BIBLE

Indian Evangelist

DR. C. CLAYTON MOSIER

What will doubtless be one of the most unique chapters in the long and colorful religious history of Gatesville and Coryell County will be written next week when Dr. C. Clayton Mosier, the Oklahoma Indian Evangelist, will conduct a revival meeting in Gatesville.

There is nothing unique or unusual about it when a white man becomes evangelist to the Indian people, but when an American Indian whose forefathers inhabited this county and scalped the white man, lays down his "Tomahawk" and takes up the Bible, the "Sword of the Spirit," and goes after the white man, then it is unique.

For long years the white people have sent evangelists among the Indians to Christianize them, but now comes Rev. Mr. Mosier to evangelize the white man. Dr. Mosier is an educated, cultured and refined character and is the only living Indian Baptist evangelist who is rated in his evangelistic power with the greatest white evangelists of the century by pastors of great metropolitan Churches.

All services will be held at the First Christian Church

building under the auspices of the Fundamental Baptist Church. The first service will be at 6:45 Sunday evening and continue throughout the week at the same hour. Everyone is most cordially invited to attend and see and hear the speaker.

Trench Silo Merits To Be Displayed in Demonstration Soon

SHOWING AT 2 P. M. TUES.

There will be a demonstration of actual feeding of ensilage from a trench silo on the farm of W. T. Perryman, one mile south of Arnett Tuesday afternoon, January 8, at 2:30. All farmers who are interested are urged as well as requested to be present at this practical demonstration on the ease with which ensilage may be stored and fed to livestock.

In a time of short pasturage and feed the practical use of Trench Silos and the saving of feed that would otherwise be wasted is very important. Mr. Perryman states that the cost of digging and filling his 60 foot Trench silo was only \$18.50 for an estimated amount of twenty-five tons of ensilage. This covers all labor and other expense. The replacement value in feed for these 25 tons of ensilage is estimated at \$250.00. Thus a Trench Silo is within the means of most farmers and it is thought that the Government Emergency Feed Loan would not have been so needed had more of these Trench Silos been used by the farmers of Coryell County. Everyone is in-

Hornet Cagers Hosts To Temple Wildcats In Game Here Tonight

GIRLS TEAM PLAYS PEARL

The Gatesville High School cagers, headed by the elusive forward and high scorer, Seth McLarty, will be hosts to the Temple Wildcats in the first "big town" competition in the local gym tonight at 8 o'clock following a game between the Gatesville and Pearl girls' teams.

The local quint has bowled over eight opposing clubs in eight starts with little difficulty. In the game with Crawford here Tuesday night the Hornets won, 37-9.

In McLarty and Hasen Ward, the Hornets have two fast forwards with eyes for the basket. Perry, towering center, is capable of getting the tip against any high school opposition. And with two guards such as Joe Powell and Nathan McDonald, the locals have a splendid defense. These mentioned will probably start the game tonight against the Temple club.

Apparently Temple is getting off to a late start—a team that usually may be ranked among the champions. Last Wednesday Temple bowed to Killeen, 23-24. Fans who have seen the Wildcats in actions say the club is strong on the defense but lacks a lot of having the offense and aim for the hoop.

Starting for the visitors tonight will likely be Rogers, Junek, Marek, Woods and Herd.

Invited to attend this demonstration next Tuesday, at 2:30 p. m.

The Gatesville Public Schools are rapidly gaining prominence through the popularity of its new athletic building. This time a year ago not even other Coryell County schools gave the county-seat school much recognition and very few chose to pursue their senior work in Gatesville. The new gymnasium has drawn much attention from the outlying towns and the situation is greatly changed. Aside from the fact that there is an increased number of rural students enrolled in the local school this year, the basketball contests which are held almost nightly in the gymnasium are participated in by at least one rural team each night the games are played. It would naturally follow that these contests draw the interest of outside patrons that is highly essential to the promotion of the school system at Gatesville. With the invitation tournament which has been planned for the 11th and 12th of this month and another the latter part of the month, the Gatesville schools and the basketball prowess of the county as a whole will get a more extensive boost when out-of-county teams come here to participate in the games. Although handicapped by lack of advantages the Coryell teams have always been strong basketball championship contenders. With the equal advantages they now have in the indoor court the teams from this section will be materially strengthened—and likewise the representative schools.

The most dramatic murder trial in decades got underway Wednesday when Bruno Richard Hauptmann faced the judgment bar in Flemington, New Jersey, accused of the murder of baby Lindbergh, slain son of probably the most popular couple in American home circles. The State alone will likely call 300 witnesses to the witness stand in an attempt to establish without any doubt the guilt of Hauptmann. More than a hundred newspaper representatives and photographers occupy a section in the small courtroom which has been made available for them. Little space will be left for curious onlookers. What a shame that all America and a great portion of the outside world will be so intensely interested in the tragedy that took the life of an innocent child. What a pity it is that such a commercialized show must be made of a sorrow that a mother would no doubt be satisfied to forget—if it were possible. But the world must know. The world must be taught whether there is justice and whether or not someone must account for the loss of human life. The outcome of this trial will lend a heavy bearing on the future conduct of young Americans and it is hoped that the lesson may be well pointed and easily understood.

The Louisiana Kingfish has found a sparring partner that may not be a setup. The President of the United States may not be the easy rival that others have been. Mr. Roosevelt has indicated that unless the Louisiana dictator, Mr. Long, calms down all PWA support from the federal government may be held up. The senator from Louisiana has his wrath vexed now and says he will reply to the President on the floor of the Senate, but we doubt seriously that he will get very far.

"A politician thinks of the next election; a statesman, of the next generation." — James Freeman Clarke.

JOHN H. SHARP took his seat Monday as an Associate Justice of the Supreme Court of Texas, succeeding Justice Thomas B. Greenwood, who is retiring. Judge Sharp has been a member of the Appeals Commission until elected to the higher bench in the primaries. Texas should be proud to seat a distinguished jurist and attorney as Judge Sharp on the Supreme Court bench. Judge Sharp will deliver decisions along with Chief Justice C. M. Cureton and Associate Justice William Pierson.

With all but the formality of voting settled in the national speakership race, attention of Texans is now turned to the contest between Representatives Stevenson and Calvert for the speakership of the lower house.

As pointed out recently in this column, Gov. Elect James V. Allred is supporting Bob Calvert of Hillsboro and ex-Gov. James E. Ferguson is for Mr. Stevenson, the incumbent seeking re-election. Due to the power of the speaker in controlling legislation, Allred is taking an active interest in the contest and if Stevenson is elected it will be considered as a personal defeat by the governor-elect. Allred, with a comprehensive program, wants a friendly legislature and a sympathetic speaker, who appoints all the committees who approve or reject bills proposed by the governor.

The lower house is kin to the National House in that it represents the executive branch telling it what to do. Mr. Sterling's candidate against Stevenson was defeated and most of Dan Moody's legislation was blocked although Fred Minor, a personal friend, was speaker during his second term. Nevertheless, the race is sure to be close, with most of the new members supporting Calvert and a majority of the old-timers backing Stevenson.

"We want big navy," say the Japanese Japanese Ambassador Sai's official denunciation of the Washington naval treaty to Secretary Hull last week meant that Nippon is going to have a big navy. In delivering the official word, the Ambassador stated that it was his hope to substitute a treaty that would grant Japan equality in naval armament while reducing naval armament capable of aggression.

While Jap farmers starve because of disastrous floods and earthquakes, the government announces the budget will carry a deficit of \$240,000,000. The deficit was caused by the demands of army and navy leaders for substantial increases over appropriations for the current year. In fact, about 70 per cent of the total budgeted expenditure of \$650,000,000 will go to the army and navy while only \$61,000,000 has been granted for relief purposes.

NEW FORD IS SHOWN TO NEWSPAPER MEN

Dearborn, Mich., Dec. 27.—Henry Ford today showed to newspaper men here the new Ford V-8 for 1935.

Most striking feature of the new car is body lines which are distinctively modern and a definite departure from any previous Ford design.

The new car also embodies a combination of major engineering developments aimed at increased riding comfort—which has been called the "center-poise" ride.

Numerous improvements in chassis design to provide increased ease of control also are included.

Two important improvements have been made in the Ford V-8 engine, of which more than 1,300,000 are now on the road.

In addition Ford has developed a new type of body—the touring sedan, with unusually sleek lines and embodying a fitted rear trunk compartment integral with the body.

Safety glass is standard equipment not only in windshields, but also in all doors and windows in all body types.

The new car marks the present culmination of developments begun by Ford three years ago at time of the announcement of the V-8 engine. In the three years intervening, Ford has been engaged in the development of a combination of engineering improvements aimed at providing a degree of riding comfort and ease of control comparable with the performance of the engine itself. The body designs are a further evidence of the progress of Ford engineering.

Texas' football for the year 1934 has closed. In keeping with other cities and towns over the state, Gatesville is considering plans to increase interest in the 1935 Hornet camp. Together with the Horent Club, the local School Board has been contemplating on building a football field on the Cotton Yard. From what we can gather, the field is to be lighted. This is a splendid idea. A stadium could be erected so as to take care of the football fans in this section, and if the Hornet Club members can get the material from over the county to attend the local High School, the stadium can be paid for within two years.

The local all-stars are planning to have an oyster supper. I think this would be great. The all-stars were promised some kind of feed last year but did not get it. If plans are completed, the date and detailed information will appear in the News.

Gatesville can boast of two of the best basketball teams in the county. The writer had the privilege of witnessing the two teams play in their gold trimmed in black satin uniforms. The girls piled up a 48-12 score to defeat the Crawford team, while the boys did not look as well as the writer has seen them, but nosed out the Crawford boys 37-9 for their eight consecutive victory.

The Invitation basket ball tournament for girls to be held here the 11-12 is creating much interest. It will be the first tournament of this kind to be played in the new gym. The boys tournament will be launched sometime later in the month, which promises to be of more interest to basketball fans.

To-night the Gatesville girls will play the Pearl School girls here, while the Hornets will take on the strong Temple Wildcats.

Levita, Merchants and the Conoco clubs were victors Monday night in the Commercial Basket Ball League. Levita being the only team that had to play for honors. They defeated Leon Junction. The Bachelors forfeited to the Merchants, as Jonesboro did to the Conoco club.

THE NEW FORD V-8 FOR 1935

NOW ON DISPLAY

A New Ford V-8 That Brings New Beauty, New Safety, and a New Kind of Riding Comfort Within Reach of Millions of People

The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modern lines and new, luxurious appointments.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads—"a front-seat ride for back-seat riders."

This ease of riding is achieved by the use of three basic principles never before combined in a low-price car.

1. Correct distribution of car weight by moving engine and body forward eight and a half inches.

2. New location of seats by which the rear seat is moved forward, toward the center of the car—away from the rear axle and away from the bumps.

3. New spring suspension which permits the use of longer, more flexible springs and increases the springbase to 123 inches.

The result is Center-Poise—which not only gives you a new riding comfort but adds to the stability of the car and its

ease of handling. You can take curves with greater safety.

There are many new features in the Ford V-8 for 1935 which make the car still easier to drive. New brakes give more power for stopping quickly with far less foot pressure on the pedal.

A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car still easier to handle. New, wider, roomier seats.

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its dependability and economy in the service of more than a million owners. There are refinements, but no change in

basic design. You buy premium performance when you buy this Ford V-8—full 85 horsepower and capable of 80 miles an hour. All Ford V-8 cars for 1935 come equipped with Safety Glass throughout at no additional cost.

We invite you to see this New Ford V-8 for 1935 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

**Morris Federation Open
House Heads Club News**

The Morris Federation held its annual Open House and Tea last Friday afternoon, December 28th, at the home of Miss Orpa Mayo on East Leon.

The reception rooms were attractively decorated with Christmas trees, autumn leaves, candles and other symbols of the Yuletide season. The guests were greeted at the door by Mrs. Pat Holt, Miss Orpa Mayo, Mrs. J. O. Brown, Mrs. E. G. Beerwinkle, Mrs. H. S. Compton, Mrs. W. C. Guggolz and Miss Mariam Raby. Others in the house party were Mesdames C. H. Wallace and R. Thomas.

The Federation was quite fortunate in securing a former Gatesville musician, Mrs. Frank B. Saunders, who is recognized as one of the best music teachers of the state, as their guest entertainer. Mrs. Saunders was introduced by the president of the Morris Federation, Mrs. J. O. Brown, who briefly stated a few of the entertainer's accomplishments since she left Gatesville about fifteen years ago.

The renditions by Mrs. Saunders were highly entertaining and most instructive. Her program was arranged in three groups; and before playing each group, Mrs. Saunders described briefly the various composers, their different attitudes and inspirations concerning each period. First, she played compositions by Bach and Hayden of the Classic School of the 18th Century, whose policy it was to adhere strictly to rules and regulations. Next, she played compositions by Chopin of the 19th century of music. And it is this century which is known as the climax of the romantic period. This period of music was the emotional type. And next, she played modern compositions by Zeckwer, Debussy and Lecuona, which the artist described as being more colorful.

Mrs. Saunders' program met with such favor, that the guests with unlimited applause, demanded that she play other numbers which were not listed on the program.

After a few minutes devoted

to conversing, the guests were invited to the dining room. Misses Catherine Gordon and

Mamie Sue Halbrook poured tea, and Mesdames Byron Leaird, Jr. and Frances Caruth and Misses Edna Murray and Maude Alyce Painter assisted in the serving. The delectable menu, carrying out the English idea, consisted of English plum pudding, topped with Cherry and English butter sauce, hot tea and English toffee candy. Plate favors were small sprigs of holly.

Over one hundred guests were present at this affair.

Mr. and Mrs. Don I. Poole of Waco were Gatesville visitors Wednesday of this week.

Leland Dyess returned to Austin Sunday after visiting his parents, Mr. and Mrs. R. C. Dyess, during the holidays. Leland is an employee of the Longhorn Tailor Shop in Austin.

Miss Sybol Leonard has returned to Mission after an extended visit in the home of her parents, Mr. and Mrs. W. W. Leonard of White Hall, and Mr. and Mrs. Ernest Blankenship of Gatesville.

Jones-Clement

Of interest to a large circle of friends in the county is the marriage of Miss Bertha Jones of White Hall to Mr. Ben Clement, Jr. of Leon Junction. The marriage took place December 22, 1934, at five o'clock at White Hall Church with Rev. Skyles of Baylor University performing the single ring ceremony. The vows were taken before an altar decorated with fern and christmas decorations with an improvised arch bearing the names—"Jones-Clement."

The bride was lovely in a navy blue ensemble with matching accessories and a corage of white gardenias.

Preceding the ceremony, Miss Sybil Leonard, life long friend of the bride, sang "I Love You Truly," accompanied on the piano by Mrs. Merle Carroll. Miss Doris Jones, cousin of the bride, played the wedding March from Wagner for a processional and sernade during the ceremony.

After receiving congratulations from a large audience, the newly-weds departed amid a shower of ice on a honey moon "some where South."

The bride is the daughter of Mr. and Mrs. D. B. Jones of White Hall. She is widely known in this county as a suc-

cessful teacher, having taught at Ewing, Mound, Flat and during the present session at White Hall School. She is a graduate of Gatesville High School and a senior at North Texas State Normal. Mrs. Clement, who will be greatly missed at White Hall, took a leading part in Sunday School work and all church activities, as well as active work in school affairs.

The groom is a son of Mr. and Mrs. Ben Clement, Sr. of Leon Junction. He is a graduate of Waco High School. He has lived at Leon Junction for the past four years where he engaged in farming.

Among the out-of-community visitors to attend the nuptials were Mr. L. D. Davis, New York City, cousin of the groom; Miss Mary Smith, Atlanta, Georgia, aunt of the groom; Mr. and Mrs. Joe Trouchet, Waco, sister and brother-in-law of the groom; Mrs. Burl Clement, Washington-Lee University, Virginia, brother of the groom; Miss Camille Clement, Leon Junction, sister of the groom; Mr. and Mrs. Lee Secreat, Leon Junction, sister and brother-in-law of the groom; Mr. and Mrs. Ben Clement Sr., parents of the groom; Mr. and Mrs. Earl Blankenship, Turnersville, Mrs. Quince Davidson, Mound, Mrs. Carroll, Gatesville, Mrs. Arthur Blankenship, Gatesville, Mr. and Mrs. J. E. Blankenship, Gatesville, Miss Louise Blankenship, C. I. A., Edwin Wright, North Texas

State Normal, Miss Virginia Meharg, North Texas State Normal, Miss Noleta Hardie, John Tarleton, Miss Sybil Leonard, Mission and Mrs. Arthur Fletcher, Jr., of Ennis, Texas.

Besides these visitors all of the bride's pupils and friends of White Hall attended. The best wishes of all people go with the couple, who are now at home at Leon Junction, Texas.

Presbyterian Church

We are grateful unto God for the many blessings of the past year. We are looking forward to the coming year with hope and faith, knowing that He will bless us far more than our expectations, if we are ready to receive the blessings. There have been many indications of spiritual growth during the past year. The coming year should see greater results. God will bless us, if we are in full accord with His holy will. Now is the accepted time; now is the time to start anew for God and His Church. During the coming year, strive to be more worshipful, more reverent, and more obedient.

There will be services next Sunday at 11 a. m., and 7 p. m. The public is cordially invited to worship with us. You will receive a hearty welcome.

Jas. M. McLean, Pastor.

Brunk's Comedians Coming Next Week

Brunk's Comedians will show in Gatesville next week, beginning Monday and showing through Saturday. Their big heated tent will be located on the old Cotton Yard near the City Park.

This company has been in Gatesville many times, but this is its first visit under the personal supervision of Glen D. Brunk, the originator of Brunk's Shows. Mr. Brunk has been on the West Coast for several years on account of his wife's health, but is now touring with the company and has made many changes in personnel, management, etc.

This company has 35 actors, vaudeville artists and musicians and presents good, clean plays. This season they are featuring King Felton, the man of mystery.

The week's entertainment will open Monday night with the play "Tildy Anne," a comedy in four acts, and six acts of feature vaudeville. Ladies will be admitted free on Monday night when accompanied by one paid 20-cent ticket. The admission for children is 10 cents, and the price of reserved seats has been reduced to 10 cents. The doors will open at 7 p. m., music at 7:40 and curtain at 8 p. m.

MR. JOHN LANDFRIED

Funeral services for Mr. John Landfried of near Crawford were conducted Monday at 2:30 p. m. at the Crawford German Baptist Church by Rev. C. C. Gossen, pastor, assisted by Rev. W. H. Buening of German Bethel and Rev. C. A. Morton of the First Baptist Church, Gatesville.

Mr. Landfried was born in Hungary and came to America settling near Crawford over twenty-five years ago. He is survived by a number of children, among whom is Mrs. Adolph Mack of Gatesville.

Means for drying clothes of the pupils in wet weather are provided in new London schools.

Hazel Fulton, who will be seen in King Felton's mysteries all next week with Brunk's Comedians as a special added attraction.

Possibly the unproductive naval conversations will end in putting the aim in amity.

Tillie Clinger says she dreamed last night she was Admiral Byrd's secretary, and when she waked up she was having a chill.
