

TOMORROW IS TRADES DAY FOR GATESVILLE

Girls' A. A. U. Meet Opens Here Thur.

The Girls' A. A. U. Meet which is to be held here, Thursday, Friday and Saturday, is rounding into completion. The Meet is sponsored by the local Hornet Club together with R. H. Shulze, member of the Amateur Athletic Union, and who will be an official in the Meet.

Eight teams have entered the Meet, and four or five more have expressed their intentions of entering. Teams that will probably place in the Tourney are: Irene, a team that has won 27 games this season without a loss to mar their record. Gatesville will enter the Meet as other strong teams from over Central Texas.

Five sets of miniature basketballs will be awarded to individual players of the meet, and six trophy caps will be awarded by local business firms. A set of 10 gold basketballs will be given the all-tourney selection. Silver basketballs will be awarded to players of teams in first and second consolation and also in the main division.

Entries will close today (Tuesday) and R. H. Shulze, head of the Waco Recreation Department, will be in Gatesville tonight, and the drawing to see what teams play other teams and when will be arranged. The entire schedule will be ironed out, and teams will be notified of the action taken in the meeting tonight.

The Hornet Club requests that citizens of Gatesville furnish room for fifty girls Friday night. Persons that have room for two or more girls are requested to phone the local High School or the City Hall.

Mrs. R. E. Meeks is much improved from a severe head trouble, from which she has been suffering for quite a while.

Mr. and Mrs. Leonard Meeks and sons and Mr. and Mrs. M. D. Meeks and son motored to Killeen for a visit with Mr. and Mrs. Otha Pennington recently.

MARKET REPORT

(As of March 4)

Cream, No. 2	23c
Cottonseed Ton	\$43
Pecans	10c
Poultry	
Hens	9c to 11c
Fryers	12c
Eggs	14c

Hornets Close Season With 25 Victories and 3 Defeats for Record

The Gatesville Hornets have just completed a very successful season, marking up 25 victories and three defeats to their record.

The Hornets won the County Tourney held here, and advanced to the District Meet, where they met their worst defeat of the season by Purdon, 44 to 27, the team that was runner-up in the District Meet. Previous to the District Meet, the locals lost to Waco High, a team that won the District Meet, and the Baylor Cubs, both by narrow margins.

It was the first Hornet team to go to the District Meet in the last few years, and a team that can boast of a record that few teams in this part of the state can rely on and be proud.

With the new gym, players have become interested in basketball, and Gatesville citizens are promoting this sport as well as football, endeavoring to put Gatesville on top in the sport line as well as the educational training of its pupils.

NEFF PARK IMPROVEMENTS

By R. H. Williams
The problem of converting the high rolling prairie comprising the north end of Mother Neff Park into a woodland of native growth similar to that covering the rest of the park tract will be at least partially solved if an experiment now under way is successful.

A squad of CCC men of Company 817, the company charged with developing the park, have just completed the seeding of a wide belt of native cedar and Texas holly bordering the upper end of the park along the roads on the east and north, joining the timber that plays out as it reaches the high ground.

According to S. E. King, landscape architect for the park project, reforesting native cedar from the seed is an untried experiment. However, the tree, as well as the Texas holly, re-seeds itself in nature; and with favorable weather conditions it is expected that some of the planted seeds will make trees. The method costs very little, while transplanting on a large scale is almost prohibitive in cost.

Mr. King says that if the direct seeding proves successful the whole upper end of the park may be decorated with native growth.

The seeds were gathered in the woods recently and then planted with grubbing hoes.

OGLESBY NOW HAS DEEP WATER WELL

The prosperous town of Oglesby, in the eastern part of the county, has recently completed a deep well for water.

The hole was drilled by contractor Cluck and son, and is approximately twelve hundred feet deep. A strong vein of pure soft water was secured.

A pump will be put over the well in a short time, then the next move will be to erect a water tower and tank with sufficient capacity for all their ordinary needs.

GAMES TO BE PLAYED IN NEAR FUTURE

Due to the fact that the Hornets could not match a game with Waco High on account of two Waco players having the measles, a few comedy games are being arranged. The local high school faculty will play a team composed of local business men in the near future. The High School Faculty team will also play teams composed of teachers from over the county.

All-County Teams

The first and second all-county teams, selected by fans, will participate in a basketball game here in the near future. Watch the News for announcement of the date for the game.

DR. J. B. YOUNG OF MOODY PASSES AWAY

News of the death of Dr. J. B. Young, prominent physician of Moody, reached here early Monday morning. Mrs. Young will be remembered by her many friends here as Miss Willie Dickie.

Gatesville friends and relatives of the deceased who attended the funeral Monday afternoon were Mr. and Mrs. E. Routh, Misses Nell and Mary Routh, Mr. and Mrs. Charles Powell, Mr. and Mrs. Harry Flentge, Mrs. O. G. Gilder, Mrs. Byron Leaird Sr., Mrs. F. W. Straw and Mr. and Mrs. R. G. Dickie and family.

DOCTORS IN REGULAR MEET TONIGHT

Dr. H. F. Connally, well known Waco surgeon and doctor, will be the principal speaker at the regular monthly meeting of the Coryell County Medical Society in Dr. M. W. Lowrey's office to-night at 7:30. Dr. Connally's subject has not been announced. Invitations have been sent to all members to be present by their secretary, Dr. K. R. Jones.

Much Progress Made In Spring Building Program of Gatesville

Gatesville's Spring Building program is progressing nicely at present. The City itself started the movement. Work on the City Hall began last Tuesday, and curbing of streets has been in progress for the last several months. Approximately 40 blocks of curbing has been completed in the city within the past six months.

Other business men have followed the city in building residents and business houses. Harry Flentge, local attorney, is now having a house built on North Lutterloh. Mr. Flentge's house will be a brick, and will have seven veneer rooms. A double garage will also be built in connection with the house.

L. B. Brown, manager of the Regal and Ritz Theatre, announces the enlargement being made on the Ritz Theatre. The seating capacity of that Theatre will be increased to 450.

The Hassel house, just across main Street from the old Baptist Church, has been moved back, and arrangements are being made to put a filling station up in the place formerly occupied by the house.

Other improvements have been made and are being made which go to show that Gatesville is among the towns and cities in this section of the state that are progressing in building and improving the city.

RITZ THEATRE NOW BEING ENLARGED

The Ritz Theatre is being enlarged, remodeled and increasing the seating capacity to 450 according to L. B. Brown, Manager of the Regal and Ritz Theatres.

Mr. Brown stated the show business was getting back to normal.

The Ritz will be remodeled throughout and with a new front when finished will be modern in every way with a seating capacity of 450.

According to Mr. Brown admission prices are being lowered so that everyone may have entertainment, but in order to do this, one must have plenty of seats and show to a large volume of people. With 400 seats at the Regal and 450 at the Ritz, everyone can enjoy good shows at prices you can afford to pay. When the Ritz is finished, then more seats will be put in the Regal.

Patience is bitter, but its fruit is sweet.—Rousseau.

You've got something that you've accumulated or something that has been replaced with something newer, or some cattle or hogs extra that you'd like to trade to Mr. Jones or Mr. Smith for some of his fine chickens or maybe some of Mr. Brown's canned produce.

Here's the way to dispose of any surplus you have on hand. Gatesville's and Coryell county's Trades Day, every first Wednesday in the month and here comes March's, tomorrow, the sixth.

The more brought in, the more likely you are to find a trader and the more traders the more trades. Anything, maybe it has no value to you, but your neighbor has been wanting what you have for years and didn't have anything to get it with or nothing to trade.

Last month's Trades Day brought such things to our county square as chiffoneers, pigs, canned fruits and vegetables, fruit trees, shrubs, flowers, cotton seed and others too numerous to mention.

With the increasing popularity of this "Trades Day" and the momentum gathered by each Trades Day each month, the prospects are for even larger crowds each day and more of the old time bartering and trading. "Change for Change" is the order of the day Wednesday. The slogan should be "Bring what you have to trade and trade for what you haven't."

COURT HOUSE HAS NEW JANITOR

Mason Crawford, well known in Gatesville, assumed the duties as Janitor of the Court House Friday, March 1st. Mr. Crawford was appointed by the County Commissioners' Court to fill the duties as Janitor of that building permanently.

Bob Thompson formerly was Janitor of the building, but for the last several months has been sick and was unable to attend the duties as Janitor.

One Year (in Coryell County) . . . \$1.00; Elsewhere \$1.50

Entered as second-class matter June 24, 1933, at the post office at Gatesville, Texas, under the Act of March 3, 1879.

NOTICE: Any erroneous reflection upon the character or standing of any person or firm appearing in its columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

Pledge

I will think—talk—write . . . Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be.

MARCH

March! Exactly what does it mean to us? Simply this. It's the time when Old Man Winter has had his say and is actually on his last legs. It is the adolescent month, like a young boy just changing to manhood, his voice changes, he doesn't know whether he is approaching manhood or is still a child. Has a hankering to remain as he has been in the past, but something slips and he blasts forth in a deep voice of the approaching manhood stage.

So with March, still holding on to the bustery cold weather uncertain whether to freeze up and stay white like Old Man Winter, or to be soothing with the lovely Spring breezes and mild weather of an approaching summer.

March, the uncertain month, in like a lion and out like a lamb! At the time when we are looking forward to new developments, new dreams for another glorious year, when plans have already been made and we are hoping and trusting that they bud into the fond hopes and dreams we have anticipated—but we are fearful lest the remains of Old Man Winter will come again and chill and still these fondly laid plans.

Thus March, too, indicating the march of time, also carries with it, and we hope, dispels much of the doubt and uncertainty we've had so far this new year, and assures us that our aspirations and hopes have not been in vain. May we trust that March will mean this to us all.

* * * *

A district Federal Judge in Alabama recently ruled that the government could not sell electric power in competition with private concerns. But it seems perfectly regular for Uncle Sam to sell printed envelopes in competition to printers over the country.

World Comment

By **JOE BURNS**

The "crucial year" of 1935—so long pointed to be Japanese war lords, has arrived, and with it the expected denouement of the Washington and London naval treaties but not the long-expected war with Russia. Ever since the Manchurian conquest of 1931-32 Japanese leaders and particularly the military leaders have been pointing to 1935 and 1936—the date of the expiration of the naval treaties

as the time Japan will assert its rights and become a world power on equal footing with other nations.

As the first step toward this, the naval treaties, allowing Japan to have three-fifths as much tonnage as the United States and Great Britain, were scrapped with the obvious intention of building up the Japanese navy to a parity with that of her fellow seafarers. After December 31 of 1936 Japan can build as big and as many war ships as she likes without interference from the more pacific nations of the world. Japan now has 99 per cent of the tonnage allowed her on the water or under construction. Great Britain and the United States have failed to retire obsolete vessels as they should and have not materially increased the

total tonnage of their navies during the last decade. As a result their navies are now far superior to Japans.

A year ago it was freely predicted that Spring of '34 would bring war between Japan and Russia. Due to the climatic conditions, it is almost humanly impossible to fight in the frigid temperatures prevailing in Eastern Siberia so Spring was to bring the long expected conflict, the world press announced. The old grievances arising out of the Russo-Japanese conflict of 1905 would be settled once and for all. The Japs need the vast wheat fields of Siberia, most of which lie east of Lake Baikal, to feed their populace. Perhaps some of the surplus population might be persuaded to migrate into the new territory taken from the Soviets, although only a few have settled in Manchuria as yet. Nevertheless the army began feverishly to construct military roads and air ports in Manchuria with the obvious intention of taking a slice of territory from the Soviets "in the Spring." But Russia, unlike the sleeping giant of 1905, was awake to the danger and upon the first notice of trouble began double tracking the Trans-Siberian railroad, constructing a submarine base at Valdivostok, storing munitions along the Manchurian border, and amassing a huge number of troops and bombing planes in preparation for the coming war. So effective was the defense prepared by the Russians that the Nippons dare not provoke them.

Some figures recently collected by the military intelligence bureau at Washington explains why the Japs have been reluctant to goad the Soviets into war. They indicate that the Russian Far Eastern army numbers between 200,000 and 250,000 men, including 10,000 cavalry, 50 heavy guns, 500 field guns, 400 tanks, between 4,000 and 5,000 machine guns, and 500 airplanes, including a number of long-range bombers that could reach Tokio within six hours after a declaration of war and quite effectively reduce the paper cities of Japan to ashes in a short time.

This is quite a formidable force for anybody to fight. But probably the precarious state of Japan's finances has been the only thing to stop the military leaders from launching their army into action against the Soviets. They have great confidence in the military machine they have labored some ten years to build and are eager to test it against someone.

A new reason why Japan eyes the Soviets with distrust, has been obtained by our officials lately from Japanese sources. This information indicates that Moscow is now working on a plan to settle permanently 1,200,000 colonists from European Russia in the Far East. The Japanese seem to fear, with reason, that this colony in Siberia and Mongolia may prove to be a base for the spread of revolutionary activity in the Orient.

With Communism already spreading through six Chinese provinces and social unrest increasing in Japan proper, Tokio has a problem on its hands about which it will do little talking out loud. A much greater problem than these United States of ours will ever be.

China furnishes a fertile field for Communistic activity. With thousands homeless and desolate because of famine, flood, and civic war and other millions struggling along under an unendurable taxation burden, the Communists now hold partial control of at least provinces and even threaten industrial cities like Hankow.

Although Japan has recently offered to loan China \$85,000,000 in return for certain "concessions" and privileges, and \$318,000,000 or 53 per cent of the current budget has been allotted for defense, money is not so plentiful in Japan. In fact, the condition of Japan's masses, particularly the farmers, is disastrous. Cold, wind and rain have more than leveled the rice crop, which is the main diet of the farmer and also his chief article of export. Many peasants cannot pay their crushing taxes. So bitterly has starvation thinned Japanese blood that in Aomori Prefecture, 83 per cent of the men called for military service were too weak and tottering to be accepted for the wars. Thus we find that Japan has trouble aplenty within her own borders—trouble that may flare into open rebellion against the crushing taxes and huge military and naval expenditures unless relief is provided.

CITATION BY PUBLICATION
The State of Texas; to the Sheriff or any Constable of Coryell County, Greeting:

You are hereby commanded to summon George E. Blackshear by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Coryell County, to be holden at the Court House thereof, in Gatesville, on the 2nd Monday in January, 1935.

the same being the 14th day of January, A. D. 1935, then and there to answer a petition filed in said Court on the 10th day of October, A. D. 1934, in a suit, numbered on the docket of said Court as No. 4524, wherein Emma Blackshear, plaintiff, and Geore E. Blackshear defendant, and said petition alleging that plaintiff and defendant were married in April, 1923; that two children were born to said marriage; that in July 1931 defendant took her and said children to her father's home and left them, since which time she has not seen him; she prays judgment for divorce and custody of her two minor children, George E. Jr. and Doris, aged 11 and 8 years, and for all other relief to which she may be entitled under her petition.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Gatesville, this the 6th day of Dec. A. D. 1934.

P. M. Post, Clerk,
District Court, Coryell Co., Tex.

**Shorthand Class
Has Picnic.**

Mrs. Claude Turner entertained her shorthand class with a picnic supper at the Raby Park on last Friday afternoon.

A short lesson period was followed by games and a picnic supper.

**Domestic Workers Club
Has Meeting.**

The club met with Mrs. Clifford, Wednesday, February 27. The afternoon was spent in quilting a nine patch quilt and a dutch doll quilt.

Refreshments of jello, cake and hot chocolate were served to fourteen members and two welcomed visitors.

The club will meet next Wednesday afternoon with Mrs. Crawford Baker.

**Clinton Chamlee
Entertains Friends.**

Honoring the participants of his "Melody Parade" Clinton Chamlee entertained at the Cozy Cafe last Thursday night after the successful close of the performance in Evans.

Cake and ice cream or coffee were served to twenty-five guests. Honor guests were Jack Reasing, Jacqueline West, Miss Orpa Mayo, Beulah Gamblin, Jerry Davis, Dorothy Chamlee, and Mary Margaret Holmes.

Choir of M. E.

Church Entertained Mesdames Charley McConaughy and E. L. Stewart entertained members of the Methodist Choir on last Wednesday evening at the church.

After an enjoyable social hour the hostesses served ice-cream cake and coffee to members and several guests.

Happy Helpers Club

The Happy Helpers Club met with Mrs. A. P. Dixon Wednesday afternoon, they pieced one quilt and work on another one started.

There were twenty-three ladies present.

Mrs. Robbe Copeland and Mrs. Nomie Dixon helped the hostess to serve the refreshments which consisted of: Mohogany cake, hot chocolate, cookies and popcorn for children.

The next meeting will be with Mrs. Laura Cooksey on Wednesday March 6.

Coryell City H. D. Club

Coryell club ladies met with Mrs. Copland Thursday, Feb. 21. During the business session a committee was elected for the scrap book that the club intends to make. Also the pie plan was adopted, to raise funds for the club.

The club plans to put on a play some time in April; the date to be decided on later.

At this meeting nine members and one visitor were present.

Coryell City Club

The Coryell City home demonstration club met Thursday, Feb. 28, with Mrs. A. D. Byrd.

The house was called to order by the president and the meeting was opened with several songs.

An interesting game was indulged in, after which the AAA program was rendered and same proved a success.

The club decided that each member take a covered dish and some fruit to a sick man Sunday for his dinner.

Nine members and three visitors were present at the meeting. The club will meet with Mrs. Tubbs March 7th.

Unity Club News

The Ater Unity Club held their last meeting at the church at Ater. This was an all-day affair. The purpose of this meeting was to have a covered dish luncheon in the month of February. We met Feb. 21. Each member enjoyed this occasion.

The house was called to order by our president; some business was transacted. Mrs. Vera Whisenhunt was elected pantry demonstrator.

The AAA program was carried out in discussions. Several had their recipe files ready, and exchanged recipes. On of our faithful club members, Mrs. Lovelace was absent on account of the illness of her husband. We are sorry to report the loss of her companion on Friday night, Feb. 22.

Sixteen members and one visitor, Mrs. Bell of Purvis, were present at this meeting.

The next meeting will be held at the home of Mrs. Lela Brazil March 7th.

Draper-Gooch

On Sunday evening, March 3rd at one o'clock, Miss Claudyne Gooch of this city became the bride of Mr. Ernest Draper of Quinnsboro. The ring ceremony was performed by Rev. Miller of the First Baptist Church of Corsicana.

The bride is the eldest daughter of Mr. and Mrs. W. M. Gooch of this city. The groom is the son of Mrs. Ella Draper of Gilmore.

Immediately following the ceremony, Mr. and Mrs. Draper motored to Quinnsboro, where they will make their future home. Their many friends of this city wish for them a long and happy married life.

MORTON SCOTT

HOUSE FURNISHER

PERSONAL

Ted Harris was a business visitor in Waco last Friday.

Mr. Woodland Meador visited relatives in Valley Mills Sunday.

Miss Hazel Davis of Hamilton spent Sunday here with friends.

Mrs. J. B. Head of Austin spent the week end here in the Leak Ayrs home.

Rev. Newell Clark of Waco was a guest in the V. F. Lemon's home several days last week.

W. G. Walley Jr. of T. C. U., Fort Worth, spent last week end here with his parents.

Mrs. H. S. Compton has been confined to her room several days with a severe cold.

Mesdames G. D. King and R. E. Stockburger were shopping in Waco Friday.

Mr. Buster Gordon of Hamilton was in Gatesville on business last Friday.

Mrs. Hada Smith of Hamilton spent several days last week here with relatives.

Mr. and Mrs. E. B. Harris of Clifton were here over the week end visiting with friends.

Mrs. B. C. Patton of Copperas Cove was in Gatesville Saturday greeting her many friends.

Mrs. Frank Kelso, Fred Prewitt, H. E. Wellborn and Harris Howell attended a business meeting in Waco last Friday.

Mr. and Mrs. Price Bauman and baby spent several days last week in San Antonio with Mr. and Mrs. Henry Bauman.

Miss Dorothy Ayres of Austin spent Saturday and Sunday with her parents, Mr. and Mrs. Leake Ayres' home.

Mrs. Fred Prewitt, Misses Nola Mai and Freida Weaver were shoppers in Waco last Thursday.

Miss Audrey Winters and Mrs. Shook of Pearl were business visitors to Gatesville last Friday.

Mrs. Fred Bentley and children of Lawton, Oklahoma, spent the week end in the home of her sister, Mrs. I. F. Johnson Jr.

Mr. and Mrs. Abner Painter, former Gatesville residents, are here from Nacogdoches and are planning to make Gatesville their home again.

Judge R. B. Cross and son Bob spent Sunday with Mrs. Cross who is a patient in the Baptist sanitarium, Waco.

Mr. and Mrs. Wilson Mosley and son James of Temple, Mrs. T. H. Shofner of Austin were week end visitors in the B. B. Bowmer home.

Mr. and Mrs. Frank Bryan of Matador were here over the week end as guests of Mrs. Bryan's parents, Mr. and Mrs. J. M. Saylor, and other relatives.

Mr. and Mrs. Quince Bone, formerly of Houston stopped here for the week end enroute to Wink, Texas, wher Mr. Bone has accepted a position.

Mrs. Turk Brown visited her mother, Mrs. J. O. Curry, who was a patient in Kings Daughters' Hospital in Temple last week.

Friends of the family are grieved to learn of the death on last Saturday of little Bert de Montmiollin III, which occurred at the home of his grandparents, Mr. and Mrs. Davis R. Hall of Abilene. Mrs. de Montmiollin will be remembered as the former Miss Elizabeth Hall.

Mr and Mrs. Jack Fore and Mr. and Mrs. O. B. Fore of Lockney spent several days last week with Miss Carrie Beavers of the Training School.

L. W. Scott was transacting business in Clifton Saturday afternoon, and was accompanied by his wife and Miss Lily Kelley.

Mr. and Mrs. John L. Bates of Mexia spent the latter part of the week with relatives and friends in Gatesville. Mrs. Bates formerly was Miss Susie Mae Moore.

Mrs. J. H. Hamilton has been in Stephenville the last few days with her daughter, Miss Faye who is attending school there.

Mrs. Katherine Bond returned home Sunday from a two weeks' visit with her sisters in Dallas. She was accompanied home by her little granddaughter, Neva-Lyn Dawn Bobo, who arrived in Dallas Friday evening for a few days' visit there, later in the week to come on to Gatesville.

Msdams Edgar Jones, Cle-

ing from Gatesville were the bourn McCarver, and T. D. Hendrickson were called to Port Arthur Saturday to be at the bedside of their sister and daughter, Mrs. Ruby McGuire, who is seriously ill with pneumonia. Mrs. Jones and Mrs. McCarver returned on Sunday, but Mrs. Hendrekson remained for a longer visit.

On Thursday night of last week Clinton Chamlee, assisted by others from Gatesville, rendered his program of "Melody Parade" at the Methodist church in Evant. Among those attending from Gatesville were the

following: Mr. and Mrs. John P. Reesing, Frances Reesing, Mr. and Mrs. H. B. Davis, Mrs. Lewis Holmes, Mrs. Ben West, Mrs. Ermon Chamlee, Mrs. John T. Post, Mrs. Mabel Gardner, Lorene Moon, Gladys Martin, Beverly Chamlee, Wesley Ford, Buster Cummings, Miss Mamie Sue Halbrook, Crawford Scott, Harold Chamlee, Helon Chamlee, Nettie Jane Thomson, Raye Virginia Rayford, Pete Hardy, and Woodland Meador.

Mrs. M. E. Halpin is a guest this week of her daughter, Mrs. R. E. Meeks.

Kitty Fisher COMES to TOWN.

... and She's going to Set the Pace for You 11's to 15's who want to get away from "jeune fille" things!

KITTY FISHER'S crisp little cottons are definitely created for the Gay Young Set about town. "Smoothies", every one of 'em. Mad, provocative plaids, sophisticated stripes ... lots of clear, lovely colors ... and lots of cute details.

Only \$1.95
and
\$2.95

Isn't it marvelous that they look so grand... and cost so very little?

ALVIS-GARNER COMPANY

" THE DEPENDABLE STORE "

TURNOVER ITEMS

Mr. Dan Bray and son, Bill, are visiting friends and relatives here this week.

The play "Look Out Lizzie" was enjoyed by everyone present at Turnover, Friday night.

Mr. and Mrs. Harve Shelton visited in the home of Mr. and Mrs. Clifford Wicker Wednesday.

Mr. and Mrs. Richard Wicker visited in the Lee Straw home Sunday.

Mr. and Mrs. Aubrey Jackson visited Mr. and Mrs. Ople Jackson Sunday.

Mr. and Mrs. Bud Henderson spent the day, Sunday with Mr. and Mrs. Clifford Wicker.

Mr. and Mrs. Alvis Williams and family of Waco visited in the Columbus Williams home Sunday.

Mrs. George Rose entertained the young people in her home last Saturday night.

Mrs. Earl Blaisdill, Mrs. Newland William and Mr. and Mrs. Herman Wicker were visitors in the Richard Wicker home Tuesday night.

Mrs. Elmer Jackson is on the sick list this week.

Mrs. Jennie Jackson is visiting her daughter at Hurst Springs.

Mr. and Mrs. Ernest Dyer visited Mr. and Mrs. Travis Dyer recently.

Mr. and Mrs. Vernon Blanchard spent Tuesday night with Mr. and Mrs. Clifford Wicker.

Jack Wicker spent the night with Vernon Powell Thursday.

ADVICE FOR 1935

By Mrs. L. Young

If you haven't got a nickel When the landlord wants his rent And the stork is expected any day, If you're in a pretty pickle And you can't collect a cent Then just smile all of your troubles away.

If your're sick and dissappointed And you don't know what to do When the iceman elopes with your wife, Don't get your smile unjointed And look miserable and blue, Keep your eye on the sunny side of life.

You must keep on looking pleasant When some body steals your car Or a highjacker beans you with his gat, You must not forget to brighten The small corner where you are Never grouch over little things like that.

If you shoot a politician And you get condemned to die And the sheriff's going to hang you after while, You should meet the proposition With a twinkle in your eye And make this old world brighter with a smile.

REHABILITATION WORK IN TEXAS FOR MARCH

Austin, March 4—More than 10,000 houses have been constructed or repaired for families in the rural rehabilitation program and 3,000 more will be completed for occupancy within the next 90 days, it was esti-

Germany's Quota of Sugar for U. S.

Going, going, gone!—all the sugar Germany will be permitted to import into the United States in 1935, all 79.8 pounds of it! C. W. Cole, auctioneer, is shown turning over the entire bag to B. F. Welch, after several minutes of feverish bidding. The sugar was purchased by Lamborn and company, New York brokers, at the Northern Sugar Refinery, Frelstedt, Germany, and brought to Chicago for exhibit during the convention of sugar refiners.

mated by V. R. Smitham, head of the rural department of the Texas Relief Commission.

"We are requesting \$175,000 for construction of 500 four-room houses in our program for March," Mr. Smitham said. The budget for this month also includes a \$400,000 item for seed and fertilizer to meet needs of clients as planting time approaches. This amount, it is estimated, will supply 15,000 to 20,000 rehabilitation families with seed for subsistence crops and commercial planting, and fertilizer for approximately 8,000 families.

It is estimated \$282,000 will be required to care for subsistence needs of 18,000 rehabilitation clients during March.

For carrying on soil erosion and conservation work, \$100,000 is being requested.

Special request for March was for \$530,000 to pay for 110,000 acres of tillable land leased for a period of three years upon which officials expect to place 5,500 families. Plots will range in size from 15 to 35 acres, depending on size of family, location and type of soil.

Other items, including livestock equipment for individual families and administration costs ran the total for the March budget to approximately \$2,400,000.

"By April 1," Mr. Smitham declared, "we expect to have 20,000 families engaged in the rural rehabilitation program.

FOUR KINDS OF CANCER ARE HELD PREVENTABLE

Skin, Cervix, Lip and Mouth Types Can be Eradicated, Authorities Say

This specialist said that "at least four types of cancer could be eradicated as easily as is diphtheria.

"Today our methods of recognizing, preventing and treating cancer are such that if we could get the correctly informed patient to the correctly informed and equipped physicians and dentists, cancer deaths would rapidly fall from second place in the cause of death to a much

less significant place."

He named cancer of the skin, lip, mouth and cervix as the four types that could be eradicated. At present, he said, these types alone claimed 30,000 deaths a year and could be entirely avoided by "continuous medical supervision."

For Continuous Supervision

Continuous supervision differs from periodic health examinations in that the time of examination is not arbitrarily fixed but is determined by the personal physician and dentist in accordance with each individual case.

The physician, determining the patient's needs, may tell him to report again in two weeks, two months, or six months, as the case may be.

"Deaths from cancer are largely due to ignorance. Continuous medical and dental supervision will wipe out cancer of the cervix, skin, lip and mouth and will increase the cure of other types of cancer to the very limit.

"The cure of cancer consists neither in radium nor X-rays, nor in surgery, serums drugs or anything else. It is in the education of the people and the profession so that the educated person goes to the educated doctor and get either prevention or cure.

"Women's vanity and cleanliness protect them against cancer of the mouth and skin, so that the incidence of these two types of cancer is smaller among them than among men.

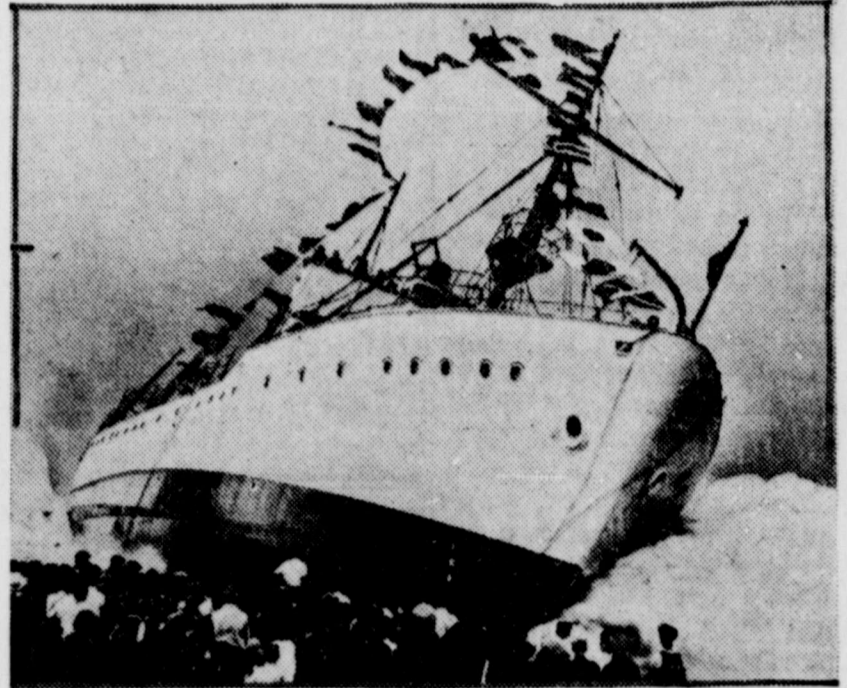

Men Lead in Mouth Cancer

"Women smokers do not develop as much cancer of the mouth as men because they practice oral hygiene more scrupulously than men, and are more particular about keeping their teeth clean. Women rarely, if ever, get cancer of the face because they pay attention to the first skin blemish.

"If you wish the same protection from cancer as you have from diphtheria, smallpox and typhoid, you must select at once, whether you are ill or not, a physician and a dentist.

"Go to them for an examination. Put yourself under their

Novel Launching for This Country

A vessel built at Cleveland with PWA funds goes out to sea—in a novel method for American ship yards. The vessel is seen hitting the waters of Lake Erie, sideways, instead of the orthodox method of sliding down the ways stern first. It is the 165-foot Coast Guard cutter Tahoma, now assigned to duty on Lake Erie. Shortly after the launching the Tahoma effected the rescue of a motor ship valued at \$300,000.

continuous supervision. Give them Jordan,

an opportunity by their examinations to discover the little local spots in which cancer may begin. In this way cancer of the skin, lip and mouth and of the cervix of mothers will be largely prevented and the chances of discovering and curing cancer everywhere else greatly increased."

A. & M. College

Home grown grain, plenty of skim milk and green feed helped Orville Laabs, 15, Comeron county 4-H club poultry demonstrator, to keep his feed cost down to 53 cents per hen for 10½ months.

An average of 542 pounds for the 27 4-H club calves being fed out in Menard county sets a record for the 209 day feeding period reports Frank Newsom agricultural agent, who thinks his boys are smart to have defied the drought so successfully. The ration, changed from time to time, was largely corn, barley, oats, sweet feed and cotton seed cake.

In Goliad county nine boys are cooperating in a demonstration in which 23 pigs have been put on feed in a splendid location with access to plenty of green pasture. They will have self-feeders, constructed the A. and M. way, and shelled corn combined with protein supplement will be the ration. Local bankers have set up a revolving fund to help the boys finance the venture and the Goliad rotary club has underwritten it for them.

The 4-H girls in Greeg county have taken up yard improvement work with enthusiasm. Each club has a demonstrator who will beautify her whole yard while all other girls are cooperators and have as their goals cleaning their yards of all rubbish, starting a cutting bed to grow shrubs for later planting around the house, and making a flower bed of annuals.

Progress from a bare yard to an almost complete planting in a year and a half has been made by Mrs. J. H. Roach, yard improvement demonstrator of the La Feria home demonstration club in Cameron county, according to Miss Dorothy Porter, home demonstration agent. In 1933 Mrs. Roach began her work, but in September that year a hurricane practically destroyed the work done before that date. She set to work at once to repair the damage, however, and now her planting includes a well sodded lawn, trees arranged to frame her house and provide a background, a foundation planting of permanent plants entirely around the house, and three screen plantings to hide unsightly views. She maintains a cutting bed in which she has successfully rooted many of her plants.

From a car load of 15 calves fed in a dry lot and one individual calf fed on a nurse cow, Merrill Briggance, Lamb county 4-H club boy, made a profit of \$370.20 last year, according to the report of D. A. Adam, county agricultural agent. The nurse fed calf won two first places and grand championship in stock shows in the county and sold for 93 cents a pound. The car load of calves won second place in the 4-H club division of a stock show at Fort Worth and third place in the open class, which brought \$75 in prize money. The car

load of calves had an initial weight of 5985 pounds, with a gain of 9495 pounds departed during the feeding period. The purchase price was \$509.65 and the feeding cost was \$509.40. The calves were sold for \$1,313.52, and counting the \$75 prize money this left a profit of \$370.20.

An average of five tons of hegari per acre was harvested in 1934 by A. Nieman of Pecos county from 45 acres planted to hegari in July on land where cotton had been plowed under following a hail storm which destroyed the crop, according to L. E. Bailey, county agricultural agent. The cost of production was \$11 per acre and the price received per ton was \$17, which left Mr. Nieman a net profit of \$74 per acre. For the entire 45 acres his profit amounted to \$3,330.

From a one-acre demonstration plot planted to cantaloupes G. B. Howard, Tarrant county 4-H club boy, made a net profit of \$70.95 in 1934, according to M. C. Counts, county agricultural agent. Young Howard broke the land deep in February and then disked and bedded it in five-foot rows. In March he applied three loads of barnyard fertilizer in the furrows in addition to commercial fertilizer and then covered with a turning plow. Later he ran over the beds with a small disk which left the ground nearly level. He planted his hills about three feet apart so that the young melons would be shaded by the vines and so that the moisture would not evaporate from the soil. Hoeing and plowing to keep down the weeds was the only cultivation given. His expenses were small because he did the work himself. He began to harvest his crop on June 15. His were the first cantaloupes in the county to ripen due to his use of fertilizer.

MAXIE CUTS SOME ICE

Fraulein Maxie Herber, who is only fifteen, has again won the women's fancy ice skating championship of Germany, at an Alpine winter resort where the German winter sports title meet was held. Maxie and other winners of the meet have been invited to come to the United States.

Sian, Shensi Province, China.—The China inland mission revealed recently that hope has been virtually abandoned for both the Rev. S. C. Frenchan, Australian mission worker, and his London wife who are feared to have fallen into the hands of red bandits.

CLEAN COOL CREAM DELIVERED OFTEN WILL MAKE HIGHER PRICES

Clean Cows and Barn help produce Clean Milk, which, if milked into a partly closed-top pail and strained quickly, will keep sweet a long time.

THE PRODUCTION OF CLEAN, PURE CREAM

By Byron A. Bassel

The first factor to be considered in the production of high quality milk and cream, is the physical condition of the cow itself. The cow should be examined periodically and if any physical defects such as swelling or inflammation of the udder is noted, a veterinarian should be consulted at once, because these signs may be forerunners or indications of serious diseases in the cow, which might be spread to the others in the herd.

The next important step to be considered is the condition of the cow, as far as cleanliness is concerned. All long hairs which might hold dirt should be kept well trimmed, and, before milking, the cows should be brushed with a stiff brush, especially the belly, flanks and thighs. Then the udder should be well cleaned with a damp rag and dried thoroughly. With the cow in this condition the milker should then wash and dry his hands thoroughly. The milk should be drawn from the cow into a small top milk pail, because the use of this pail which is 75 per cent covered means that there is 75 per cent less chance for contamination of the milk from falling dust, dirt, hair, etc.

Of course the barn in which the milking is done should be kept just as clean as possible, trash and dirt should not be allowed to collect on the floor, because this affords just that much more chance of contaminating and ruining your milk. The walls and ceiling should be kept brushed off and clean so that there will be no chance of falling dirt getting into the milk. The barn should be well lighted and ventilated. Roughage should not be fed before milking, because the air will become filled with dust which will settle in the milk or in the milk pail. Also, feed should not be stored in the loft above where the milking is done, because of the danger of feed dropping into the milk.

While on the subject of feed it would be well to mention the consideration which should be given feeding, in order to avoid off flavors in the milk and consequently in the cream. All highly flavored feeds such as turnips, silage, wild onions, bitter weed, etc., should be avoided entirely if possible, because their particular flavors will be carried over into the milk. If these highly flavored feeds must

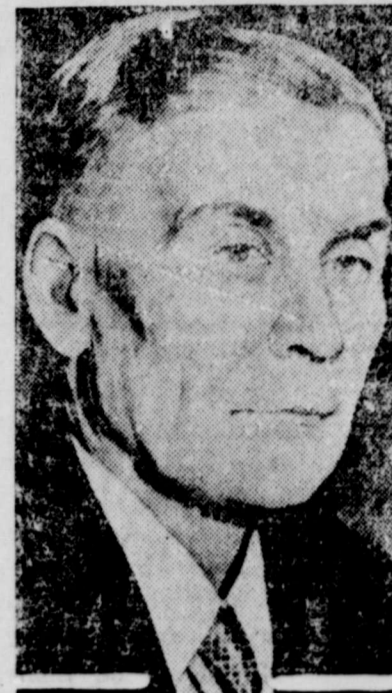

be used, they should be fed immediately after milking and never before, because by doing this the possibility of their flavor being given to the milk is avoided.

Some explanation is due as to why all of these precautions in producing milk should be taken. The importance of keeping dirt or any form of contamination from the milk and cream, is that this dirt etc., carries with it many germs, or bacteria, which cause the milk and cream to decompose in one way or another. This decomposition may be evidenced by souring, which is a natural process, rancidity, off flavors and odors, and many other conditions. When any of these occur you have a low quality product which will bring you a low price; therefore, to insure the highest possible price it is necessary that attention be paid to the items about which we have been talking, namely: the physical condition of the cow itself, the way in which the cow is prepared for milking, the cleanliness of the milker, the type of pail used, the sanitary conditions of the barn, and the feed which is given to the cow.

CARD OF THANKS

We wish to thank our friends and neighbors for their many words and deeds of kindness during the death of our dear husband and father. Also for the many and beautiful floral offerings. May God bless you all. Mrs. R. M. Arnold, Mr. and Mrs. R. M. Arnold, Jr. H. F. O'Neal.

GOV. WALTER WELFORD

Lieut. Gov. Walter Welford who becomes North Dakota's fourth governor in six months, when climaxing North Dakota's bitter political battle, Thomas H. Moodie was disqualified as governor of the state by the unanimous decision of the Supreme court. Moodie was disqualified on the contention that he had not been a citizen of the state for the five years required by the constitution.

BYROM & WALKER

FIRST BAPTIST PEOPLE HAVE GOOD DAY

The First Baptist Church was well attended at both services Sunday. The morning services were given over to financing the New Church Building. The plans were mailed to each church member during the week with an explanation. The detail plan was presented by Mr. Dan Graves, Chairman of the General Building Committee. This was followed by a succession of Scripture quotations by Pastor C. A. Morton.

Contributions were called out as fast as they could be tabulated. The amounts ranged from one dollar to one thousand dollars. Each giving as the spirit directed. The service was longer than usual but no time was wasted. The amount pledged at the morning service was sufficient to insure further progress in the building program.

The General Committee met Monday night at 7:15 for the purpose of preparing for additional movements in the building program. A great Spirit of Christian fellowship prevailed in all services Sunday.

ATER NEWS

We are sorry to report the death of Mr. Riley Lovelace, who has resided in this community for several years. His sudden death was a shock to all; and he will be greatly missed. The bereaved wife and son have the sympathy of the entire community.

Mrs. Eula Bell and Mrs. Zona McElroy, daughters of Mrs. Sallie Murrell, have returned to their homes after an extended visit with their mother and sister, Mrs. John Roebuck.
