GATESVILLE, TEXAS, FRIDAY, JUNE 21, 1935

NUMBER 52

THE FARMERS - E.C.W. AGREEMENT EXPLAINED

CONSTRUCTION CCC CAMP NOW UNDER WAY; 15 CARS LUMBER

Starting Tuesday morning, Mr. A. L. Bradley of Waco, has been sawing and drilling holes in lumber for the construction of Gatesville's CCC camp located at the Fair Park.

Mr. Bradley stated if the lumber was furnished him the work he is doing on the camp could be finished in fifteen days. He has the foundation for all the buildings ready now.

Buildings to be constructed will be "fabricated," or built complete and then put up by CCC camp men. Windows and doors will be hung and put in the walls, and the walls put up in large panels. All the buildings, 13 of them, will be 12 ft. wide and of various lengths from 160 feet down. Four barracks of 130x12 will be constructed. Total lumber used for the completed job will be some 15 or more cars.

A U. S. Army Captain and a number of CCC men were expected yesterday to take charge

Uncle Clay Slone Past Away Tuesday at the Home of His Daughter

Henry Clay Slone, a well known pioneer resident of Coryell County, having reached the age of 78 years, 1 week and two days, passed away Tuesday morning, June 18, at his home here after an illness of several weeks duration.

Funeral services were held Wednesday morning at 10 o'clock from the resident. The Masonic Lodge, of which he had been a loyal and faithful member, was in charge of the funeral services. The Reverends B. F. Lemons and Brooks Sasse assisted by Bro. Will Caruth officiated. Interment was made in the Masonic Cemetery.

Mr. Slone, better known as "Uncle Clay Slone" was born in Marshall, Alabama, June 10, 1848. In 1868 he moved to Texas where he was later married to Miss Mary Jane Gilbert, July 28, 1872.

He is survived by six children; Mrs. J. F. Tadlock, Mrs. L. A. Everett of Waco, Mrs. Luther Scott, John Slone of Waco, Jim Slone, and Elbert Slone. Besides his children he is survived by seven grandchildren and two great grandchildren.

Pall bearers were J. P. Reesing, Joe Hanna, John Burleson, Jake Stout, F. W. Straw and

O. H. Cross Drops Race Bob Poage to Try for Vacated Senatorial Seat

According to the yesterday morning papers and also letter from Dr. W. L. Crosswait received here yesterday morning, Congressman O. H. Cross will not be a candidate for reelection.

Dr. Crosswait writes as follows: "I have had so many calls asking whether Senator W. R. Poage from this district will be a candidate that I feel that the public would appreciate this information.

"Senator Poage is today conducting a hearing in Henderson, Texas, as Chairman of the Senate Investigating Committee, but I am sure that Senator Poage expects to be a candidate for Congress in any event, and that the only thing that I know of that would prevent it would be lack of money to make the campaign.

"Senator Poage is now one of the ranking members in the State Senate, there being but three members who have served longer in this Body than he has. He began his legislative service nearly twelve years ago.

"Since that time he has been the leader of many outstanding activities, such as State Aid in payment of Highway Bonds, State Aid for Needy School Districts and in the Great Brazos River Project.

"I am sending out this information at this time simply because Mr. Poage is not in the city, and I thought that your readers would probably be interested."

Senator Poage has made numerous appearances here and has many friends who would like to see him make this advance in his career. Also, there are many former Baylor students here who will remember him while they were in school there.

REGAL INSTALLS MODERN AIR COOLING SYSTEM FOR PATRONS

In keeping with modernized theatrical houses, Mr. Brown of the Regal has just installed a new modern cooling system for his popular movie house.

According to Mr. Brown, it is one of the largest air washing and cooling systems in the state, the only larger one being at the auditorium at Denton.

The air is washed, cooled and dried and then forced into the theatre at a temperature of around 72 degrees—no matter how hot on the outside. Forcing the water thru 100 spray nozzles by a pump that travels 3600 RPM the mist is then carried to the dryer plates.

Mr. Brown also invites the public to come in and see this new equipment and assures that his entertainment may be enjoyed in solid comfort with cool air and soft seats.

Mr. and Mrs. Clayton Larry and son, Charles, of Dallas are visiting her mother, Mrs. Tish

Copperas Cove Farmers Receive Cotton Checks "At Home" if Possible

According to a letter from the Chamber of Commerce of Copperas Cove, farmers who live in the vicinity of Copperas Cove may receive their cotton checks at home instead of coming to Gatesville.

G. E. Adams, Special Agent in Cotton, of Bryan, Texas, has written the Copperas Cove Chamber of Commerce as follows; "I believe that it would be to the interest of the program in Coryell county if, when the checks come in bulk, as they usually do, the County Agent would set apart a date on which he would deliver the checks for your section of the county from Copperas Cove."

County Agent D. W. Sherrill could not be reached for additional information on this on account of his being on vacation this week in San Saba and Austin.

BAND REHEARSAL CALLED H. S. GYM 8:15

D. W. Diserens, band instructor advises there will be a band rehearsal at the H. S. Gym tonight at 8:15. All who are interested in taking part in band concerts this summer are urged to be present.

VARIOUS VARMINTS VISIT VACANT VILLAGE

"While the cat's away the mice will play," an old adage states.

That's been true for the past week, with most of the people from the country busy with their crops and the stacked up farm work that is ahead of them at this time.

At any rate, while the square was practically "clean" of vehicles of all sorts, visits were made here by a number of the "wild-er life."

One day, in crossing the square to one corner we encountered a madly skirmishing snake weaving his way over the steaming hot pavement (which he could hardly stand to touch with his long stomach) to the shade of an automobile parked near the corner.

Later, we saw one of the famous stinging scorpions coming down the sidewalk, stinger proudly erect, ready for any thing that might come along, especially a barefoot.

"The Bat" was here too. The heat got him and he was being kicked around on the sidewalk which encircles the square.

Looks like the folk are going to have to come back to town or the varmints will take it. We'll have to call on St. Patrick to run the snakes out like he did in Ireland. Certainly is getting to be a spooky place.

E. C. Nagle, State Administrator of the E. C. W. in a letter to the News, outlines the agreements of the ECW and also the farmer or land owner, concerning the work to be done in the soil conservation work in this county.

Mr. Nagle writes as follows: "I am enclosing herewith a general statement of how E. C. W. work is done in co-operation with individual land owners. This statement is simply used as a guide and changes will be made in it as conditions dictate."

The agreements follow with general statement of how ECW work is to be done.

(Turn to page 7)

HOME LIFE INSURANCE ANNOUNCE CHANGES

A deal was consummated this week whereby Mr. C. P. Mounce becomes the joint owner with his sister, Miss Thedra Mounce, of the Home Life Insurance Association, having purchased the interest of Mr. Irvin McCreary, who within the next few months will become State Banking Commissioner.

The Home Life Insurance Association was organized a few years ago by Messrs. Irvin McCreary, Olin D. Fox and Thos. V. Freeman. Later when Mr. Fox accepted a position with a wholesale firm at Corsicana and Mr. Freeman went with the Federal Government, Miss Mounce and Mr. McCreary purchased the interest of these two gentlemen and continued to carry on the business. Under careful management the association has grown from a very small beginning to a preferred membership and is at present one of the strongest mutual aid associations in Central Texas.

Under a new law passed by a recent session of the Legislature all burial associations have been placed under the direct supervision of the State Insurance Commissioner, and in compliance with this law the Coryell County Burial Association has been made a class in the Home Life Insurance Association and will also be operated by Miss Thedra Mounce as heretofore.

Under the new arrangement Mr. Mounce will be president of the association and his sister, Miss Thedra, will be vice-president and secretary which means that the interest of those holding policies in either or both of the associations will be well cared for.

COLUMNIST STARST NEW COLUMN

It's new! "Browsin' 'round" by the "Window Shopper" is our latest, designed to give you a reader's shopping guide to oddities, specialties and gobs of other interesting newsy bits of information about Gatesville stores.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Summer Meals

The same old essentials go unchallenged. Oh, a little less meat perhaps, and for the overweight child a little less bread and butter, bacon, and potato. All children can do very well without candies, pastries, and, especially, soda pop or so-called "tonic." By the way, don't let that name "tonic" mislead you. It's far from being anything of the sort. Instead, try a drink of pure cold water or cool milk. There's real refreshment.

Pass up your old beliefs about summer diets. Most of them were only superstitions without a grain of scientific backing. The needs of the body don't change so very much with the seasons. Heat isn't necessary as it is in the winter, therefore the suggestions to reduce

sugars and starches. But the energy and health requirements don't change.

The same quart of milk is needed, although good ice cream may account for a part. Green vegetables, fresh fruit, tomatoes, a little meat or fish, some egg, some bread and butter, and there you are, winter or summer.

Planning a Scout trip is exciting, important; Dr. Ireland will give some advice about it in his next article.

JACKIE COOPER IN "DINKY" COMING TO REGAL THEATRE

The poignant griefs of childhood, its inarticulate romance, its robust joys, its thrills and its laughter, have been gathered into a great film play, "Dinky," in which Warner Bros. have starred Jackie Cooper, and for which they have assembled a remarkable cast of child stars. Manager Brown has booked this attraction for the Regal Theatre on Saturday night at 10:30, also showing Sunday and Monday, and declares that it is

filled with heart throbs, laughs and real drama.

Jackie Cooper, remembered for his work in "Skippy," "Sooky," "The Champ," "The Bowery" and other film successes, has the role of a manly little chap whose widowed mother sends him to a military school located next to an orphanage, in which he is eventually an inmate.

His orphan-girl sweetheart is played by Betty Jean Haney, and his pals are George Ernest, Edith Fellows and Sidney Miller. His special chum is portrayed by Jimmy Butler, with Richard Quine in the role of the juvenile "villain."

Among the grown-ups in the picture are Mary Astor in the role of Jackie's mother, Roger Pryor, Henry Armetta, Clay Clement, Florence Mair, Joseph Crehan, Addison Richards and James Burke.

There are two romances, one between Jackie and Betty Jean, and the other between Miss Astor and Roger Pryor, in the

story, as well as an exciting fire scene in which Richard Quine saves Jackie from death in the flames.

The picture is based on a story by John Fante, Frank Fenton and Samuel Gilson Brown. It was directed by D. Ross Lederman and Howard Bretherton from the screen play by Harry Sauber.

"NOTHING TO CONCEAL" SAYS COM. McDONALD

State auditors in spected records of the Department of Agriculture Tuesday while two Texas rangers stood guard over the files.

The ranger guard and audit of the department was ordered by the chairman of a legislative committee appointed to inquire into the truth or falsity of accusations of official misconduct by J. E. McDonald, Agricultural Commissioner.

McDonald said Ranger Fred Holland, accompanied by Representative E. E. Hunter of Cle-

burne, chairman of the committee, and two auditors went to the office Monday night and assumed charge. He did not protest.

Saying he had nothing to conceal, McDonald said he welcomed the presence of rangers, that it was a good idea, and that they could stay until Christmas as far as he was concerned.

BREWERS WANT TO DO THE REGULATING

Delegates from 453 of the Nation's 742 licensed breweries Tuesday announced themselves unalterably opposed to Federal regulation of the brewing industry.

The brewers prefer the system in vogue before prohibition days, when the breweries regulated the government instead of the government telling them what to do.

The Norfolk Southern railroad employed 2,400 workers in 1934 in contrast to 1,877 in 1933.

Community News Letters

WOODARD NEWS

Mr. and Mrs. G. D. Fegette and Mr. and Mrs. Parker Hirsch were guests Sunday of Mr. and Mrs. Homer Robertson of Carlton.

News Fashion Suggestion

A problem solved at small cost and a little time spent at your sewing machine. Summer time is slack time—you'll want them for picnics and outings. May we suggest that you use sunfast and tubfast suitings, may be had in a big range of colors and this fabric is ideal for slacks. Other cheaper materials may be used. 3 yards or less will make them.

Suggested By MRS. C. E. RANKIN PAINTER & LEE'S

Mrs. T. R. Mears Is Hostess.

Spring flowers decorated the home of Mrs. T. R. Mears Wednesday afternoon when she was hostess to the Wednesday Contract Club at her home southwest of town.

At the conclusion of games of bridge, Mrs. Howard Franks held high score and Mrs. Richard Moore held second high score.

Refreshments were served to Mesdames Robert Brown, Harry Flentge, B. B. Garrett, Kermit Jones, D. D. McCoy, B. K. Cooper, Clay Stinnett, Stewart Williams, O. N. Hix, Hugh Saunders, D. R. Boone, Howard Franks, A. W. Gartman, Richard Moore, C. W. McConnaughey and C. L. Thompson.

Conner-Carrigan

Miss Loys Conner of Bee House became the bride of Mr. Allen Carrigan of Mount View May 13 at Plainview teacherage with Rev. Duffy of Bee House performing the ceremony.

The bride is the daughter of Mr. and Mrs. T. L. Conner of Bee House. She has taught in the Plainview School for the

past four years. The groom is a prosperous farmer in the community of Mount View near Evant.

Only a few friends and relatives were present for the ceremony. Mr. and Mrs. Carrigan will make their home near Mount View. Mrs. Carrigan will continue her teaching at Plainview.

Their many friends wish for them a long, happy and successful life together.

PEARL COMMUNITY HOLDS OLD FIDDLERS CONTEST JUNE 22

Saturday night, June 22, all old fiddlers of the county will gather at the Pearl School Building for an old Fiddler's Contest.

Prizes will be offered for the winners and entries are coming in from all over the county. A small admission charge will be made to take care of expenses.

LOCALS AT YOUNG PEOPLE'S MEETING

Two hundred and sixty faculty members and students are in attendance at the Annual meeting of the Central Texas Conference Young People's Assembly, which is being held at Southwestern University Georgetown, this week.

The opening session of the assembly on Monday, June 17, followed the annual banquet. Dr. Edmund Heinsohn, pastor of the University Methodist Church at Austin, was speaker. Dr. Walter Anthony, pastor of the Travis Park Methodist Church of San Antonio, is platform lecturer. The Reverend O. W. Moerner, of Nashville, Tenn., a graduate of Southwestern University, is the representative from the General Board of Education.

Reverends E. W. Bridges of Ennis, M. M. Chunn of Gatesville, W. W. Ward of Waco and W. R. Beaird of Hamilton are among the instructors offering courses.

The sessions of the conference are being presided over by Mr. Alonzo Monk Bryan, of Fort Worth, President of the organization for the present year.

Those who are attending this assembly from Gatesville are: Mrs. Claude Boulware, Francis McCoy, Pauline Hauey and Beulah Gamblin.

WOOLVERTON HOME IN STEPHENVILLE DESTROYED

Mr. and Mrs. Fuzzy Chamlee and Mr. and Mrs. Raymond Ward spent Tuesday in Stephenville with Mr. and Mrs. J. B. Woolverton, whose home was destroyed by a cyclone Monday night.

On the approach of the storm Mr. and Mrs. Woolverton and daughter, Mrs. Doris Terry, left their home to find safety in a neighbor's storm cellar, in which five families were huddled. The Woolverton home, a six-room wooden structure, was completely destroyed, the building and contents being scattered over a long area in the path of the storm. The clock was found some distance away with the hands pointing to 6:20, indicating the time the storm struck.

Mrs. Terry, who was making her home with her parents, lost all her furniture valued at several hundred dollars, and that without insurance. Mr. Woolverton carried insurance on his home, but to cover only part of the loss.

The home of a neighbor across the street from the Woolvertons, was demolished and one life lost, that of Grandpa Ellis, age 80. Three of the Ellis girls received injuries.

Baker and Martin could endure. Baker took 120 of his men and remained at San Felipe. Martin took his company and went below to guard the crossing at Fort Bend.

When Houston and his men reached Groce's Ferry, they made their headquarters near the present town of Hempstead, until April 14. Captain Baker ordered the town of San Felipe burned March 29, in accordance with Houston's request, he always claimed. Secretary of War Rusk and Vice President of the Republic, Zavala, joined the army the first of April.

Meanwhile, the dreary rains continued. The Brazos bottom was a fright. Wherever the armies turned, they had bad roads and poor traveling facilities. Santa Anna was gathering his forces on the Brazos. When he reached San Felipe on April 7, and found the town deserted and Houston up the river, he erroneously decided that at last Texans had come to their senses and left the way open for him. He sent word by his swiftest messengers to Urrea to continue on his route to Matagorda. He took about a thousand men, and one cannon, and set out to cross the Brazos. Captain Baker hindered his crossing at San Felipe, but Martin was not successful in preventing his passage at Fort Bend. Harrisburg was left in flames on the 16th as Santa Anna went on down to New Washington on Galveston Bay.

The wife of President Burnet and the officers' wives looked back toward their old homes as the boat they were in with President Burnet left Galveston

Bay. The Mexicans fast were approaching the Bay. With surprising calm the women prepared to die at the hands of their pursuers. General Almonte and his company of soldiers were within firing distance of the Texans leaving on the boat. Order had been given to fire at will. Then Almonte saw the women, huddling close together in the boat. His men called him chicken-hearted when he revoked his order for firing. He was a soldier, yes, but he was a gentleman also. He would not have his record stained by having it said that he killed women. He might kill a thousand men, but he would not shoot one woman. With a gallantry worthy of sincere praise, he led his men away from the Bay, leaving Burnet and the others to reach friends and safety.

The climax would be reached in another four days. It was inevitable. Houston and Santa Anna would clash and the battle would be a decisive one. The occasion, which was to result 100 years later in Texas' observance of its Centennial in 1936, was near at hand.

Crickets usually chirp faster in warm weather, but efforts to fit the rate of the chirps to the thermometer scale indicate that there is no exact relationship.

The South Llano River which forms in Edwards County is water flowing from 700 springs to be found on the side of a hill.

Culinary Jingles by Marcia Camp

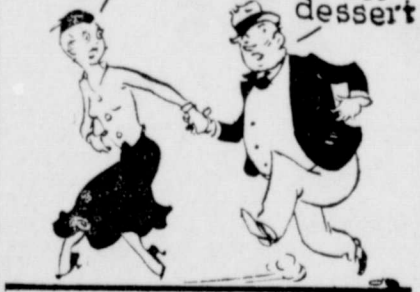

There was a young woman named Bess
Who at cooking was rather a mess,
When requested to wed,
She obligingly said,
"If you'll do the cooking, why yes."

MEN'S FAVORITES

ALL OF which was distinctly unfair to the young woman. She could have learned how to cook perfectly well. Starting, of course, with simple dishes. Take for example that old favorite of bachelors and benedicts, alike—sweet potatoes on the half shell, as follows:

Scrub 6 medium sized sweet potatoes and bake them until tender.

hurry!
we'll be late
just so we
arrive in
time for
dessert

Then scoop out the shells and mix the pulp with 2 tablespoons butter, 1 cup canned shredded pineapple, the juice of 1 orange, and 1/2 teaspoon salt, mashing thoroughly. Heap this mixture into the potato shells and place a row of marshmallow halves on top of each potato. Return to a quick oven until the marshmallows are brown and puffy.

Another potato and marshmallow dish guaranteed to evoke oh's and ah's from the eater is made with canned sweet potatoes. Mash sweet potatoes and beat until fluffy. Then add the juice of 1 orange, 2 tablespoons butter and 1/2 teaspoon of salt; and fold in marshmallows cut up into small pieces. Pile into a buttered casserole and place in a moderate oven for 20 minutes. Then top with several whole marshmallows and return to the oven to brown.

The wholesome blandness of marshmallows makes them combine well with a great variety of other foods to produce new and delicious contrasts of texture and flavor. Thus they are equally welcome additions to almost any course of almost any meal.

"House Furnisher"

Farmer-Government Erosion Work Agreement and Contract

THE ECW CAMP AGREES TO:

- 1 Make farm sketch
- 2 Make erosion survey
- 3 Lay off and check terrace lines on crop lands where needed
- 4 Provide tools, machinery, power and labor to properly protect outlets, where deemed necessary by the ECW
- 5 Construct all check dams, baffles, overfalls, etc., furnishing without cost to the farmer any cement and wire used in such construction
- 6 Lay off contour lines in permanent pasture areas
- 7 Provide poison bait, traps and labor for gopher control during the first year of the agreement
- 8 Furnish a limited amount of seed and inoculation for broadcast strips planted during the first year and supervise planting
- 9 Provide a limited amount of seed and inoculation for permanent pasture development and supervise the planting of such seed
- 10 Provide plants, tools and labor for reforestation
- 11 Give farmer maps of farm showing work planned in accordance with the details of the cooperative agreement
- 12 Plan with the farmer reorganization of the farm and a system of cropping to include crop rotation, winter cover crops, and strip cropping as a means of erosion control

THE COOPERATOR AGREES TO:

- 1 Actively and wholeheartedly assist in conducting the work of erosion control and reorganized land use on the land he owns or works
- 2 Maintain all work done by the ECW and by himself under the terms of the agreement and otherwise carefully follow the provision of the agreement for the five-year period.
- 3 Be responsible for equipment of the ECW being used on his farm, when employees of that organization are not present
- 4 Plow out all terrace lines as they are run by terracing crews
- 5 Provide the labor and power and construct the terraces and make the fills where terraces are used. Such terraces and fills are to meet the requirements established by the ECW
- 6 Plow up all newly constructed terraces according to directions as soon as completed
- 7 Complete the outlet ends of all terraces with team and fresco to protect such vegetation as might be present for outletting terraces individually, and permit sodding at outlet channels before terraces are turned into them
- 8 Use only contour tillage on cultivated, crop lands, using ECW system of laying off rows
- 9 Where deemed advisable, mark off rows for tree planting, under direction of the ECW
- 10 Provide without cost, Bermuda sod, rock, timber, sand or gravel from his farm for use on his own farm
- 11 Withdraw all land above 8 per cent slope and all submarginal land from cultivation
- 12 Furnish such teams, equipment and labor as he has for free use while work is being done by the ECW on his farm
- 13 Continue complete gopher control on the farm at his own expense for a period of four years
- 14 Provide posts, wire and labor, and construct adequate fences for protecting timber areas, gully plantings, pastures and cultivated areas

- 15 Build and relocate fences as agreed upon as soon as contract is approved
- 16 Flatbreak all newly terraced land and all other fields where rows are to be changed
- 17 Plant seed for broadcast crops and pastures according to directions
- 18 Save sufficient seed from broadcast crops and pasture plantings each year to plant the succeeding year
- 19 Furnish teams, equipment and labor and furrow and sod furrows in pasture land as directed. Contour furrows are to be maintained in good repair. Some shovel work will be necessary.
- 20 Remove and burn brush and undesirable trees from pasture areas
- 21 Permit no over-grazing of pasture lands
- 22 Control weeds in pasture, preferably by mowing
- 23 Cultivate and protect reforested areas as directed
- 24 Protect woods, reforested areas, meadows, pastures and abandoned lands for fires
- 25 Follow a system of cropping to include crop rotation, strip cropping, and winter cover crops as agreed upon
- 26 Limit grazing or cultivated areas according to directions of ECW
- 27 Permit no wagons, implements, or livestock of any kind to use terrace outlet channels as roadways
- 28 Limit grazing in sodded terrace outlet channels
- 29 Spend as much time as possible with the ECW engineers during construction of gully dams and terrace outlet structures on farm.
- 30 Check all work every rain and make necessary repairs immediately.
- 31 Plow in all gullies and washes as directed by the ECW
- 32 Set, cultivate, and protect from grazing Kudzu crowns as directed by the ECW
- 33 Make farm inventory on January 1st, each year

The Three WISE MEN

---Are Ancient History!

It's a fact—and it's high time we men faced it.

Taken by-and-large, there isn't a more generally intelligent, wholesomely interested, * ACCURATELY INFORMED group of people in the world than the modern American housewives.

Even there, we do them an injustice. They've made "housewives" as antique as an antimacassar (whatever THAT was!) and we have to admit "homemakers" expresses what they REALLY are a lot better.

Men who understand women of today (commercially, at any rate) will tell you this: "feminine intuition" went by the boards with the rest of the old-fangled ideas.

Today, the woman with a top-ranking as Homemaker is a clever budgeteer. She reads the Coryell County News and believes what she finds there—and, what's more, follows its information when she sets out to buy!

CORYELL COUNTY NEWS

*—OR INTERESTING!

browsin' 'round

with the "WINDOW SHOPPER"

Lots and lots of things can be found in our Gatesville shops therefore the Window Shopper's Column of shopping news goes to press for the first time. Here's a panoramic view of the shopping situation in Gatesville as seen by the Window Shopper's first browsin'.

STOP at the Ethma Beauty Shoppe and look around. You will find a new gas unit dryer one of the newest things among the equipment. This dryer with four black hoods trimmed in silver is really something to crow about.

AND LISTEN to the new decorative and oscillating Gilbert Quiet Fans which operate with exceptional quietness, and furnish the air delivery equal to that of conventional fans with blades of much larger diameter. Drop in at the Community Public Service Co. and see the newest in fan development. Finished aluminum blades and chrome trimmings make them attractive in any home.

LOOK in your mirror and what do you see? Dry skin, oily skin, pimples, lines, or sagging muscles. Taking care of your complexion is an important matter not to overlook these hot summer months. The City Drug Store carries a complete line of Dorothy Perkins Cosmetics which has a preparation for every beauty need. Dorothy Perkins says, "There is no excuse for a poor complexion."

People are going places and seeing things for vacation times have arrived. If you have traveling troubles don't fail to read next week's column of this department. — The Window Shopper.

Oilers Pitted Against Valley Mills Club in a Return Game Tonight

Tonight a softball team from Valley Mills will be here and play the Oilers managed by Truman in a return game. The Oilers lost to the Valley Mills aggregation in Valley Mills 7-8.

Manager Blanton with his mates will be trying to win their first game of season, endeavoring to get the jump on other teams in the local league by winning from an out-of-town team first this year.

The Firemen is the only club other than the Oilers, that have played an out-of-town team, losing to Copperas Cove 12-14.

Blanton will probably start Wilson in the box, and Kirby is slated to catch. Wiggins will start at first with Blanton at right short as this combination will improve the locals infield, according to Blanton. The complete line-up hadn't been made yesterday afternoon, however, Ricketts, Baker, Turner, Carson and several others will see service tonight.

A large crowd is expected to be on hand to aid the Oilers in winning the contest tonight.

SporTalk

By TEDDY

The Executive Committee with Managers of the local Softball League, met Thursday afternoon and made plans for the second division. Games will be played on Tuesday, Wednesday and Thursday nights as was the latter part of the first division. Starting at 8:30, there will only be one game a night. There are three teams in the league, however, the Training School is considering entering the organization. Complete details with the schedule, will appear in Tuesday's issue of the News.

Tonight the Oilers are to play a team from Valley Mills at the Fair Ground. The locals headed by their ace hurler, Truman Blanton, lost to this club in Valley Mills not long ago, however, they are doped to take this game without much trouble.

Turnersville defeated Pidcoke in a County League game Monday by a score of 3 to 2.

Harrell drove in two runs for Turnersville with two singles. Orville Jones, first man up in the ninth, doubled, stole third and scored the winning run on a well executed squeeze play.

Lockhart and January played well for Pidcoke. Newton pitched a good game.

We have no report on three games rained out last week in the County Baseball League. Namely, Jonesboro-Plainview game, Ireland-State game, nor the Liberty-Osage game.

Games to be played Saturday are Pidcoke vs. Ireland at Ireland; State vs. Jonesboro at Jonesboro; Plainview vs. Turnersville at Turnersville.

Sunday games are Mound vs. Liberty at Liberty; Levita vs. Osage at Osage; Purnela vs.

THE NEWS SNAPSHOTS

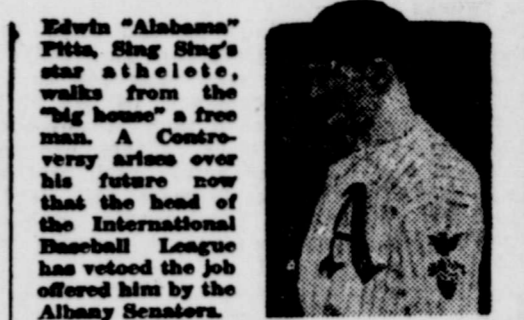

THOUSANDS HUNT WILD GOLD—To help those who help themselves, Joseph E. Meyer, director of the famous Botanic Gardens, Hammond, Ind., will send his Herbalist's Almanac free, telling all who write him, where and how to gather wild-growing medicinal herbs. Worth millions, they are readily marketed. Wanted specimens include: Queen of the Meadow Root used as a tea for lumbago, Wild Plum Bark for asthma, Black Cohosh for rheumatism and arthritis, Poppovaint Herb for stomach trouble and many others. Photo shows typical herb-picking scene.

SILHOUETTE OF WHITE—Frances Drake, motion picture star, poses as a Spanish dancer. This American girl first attracted attention as a dancer in London, graduated to the English screen and thence to Hollywood.

EDDY DUCHIN SELECTING THE "STARS OF TOMORROW" FOR RADIO FAME—Youthful maestro of the famous radio Fire Chief Orchestra and two assistants shown here selecting applicants for vocal auditions on the Texaco National Open audition contest during Duchin's coast-to-coast personal appearance tour with the Fire Chief Orchestra. Amateurs and professionals will be selected on the weekly program.

Edwin "Alabama" Pitts, Sing Sing's star athlete, walks from the "big house" a free man. A controversy arises over his future now that the head of the International Baseball League has vetoed the job offered him by the Albany Senators.

Senator David Walsh and Robert F. Wagner listening to Mrs. Simkhovitch who headed a group that included 37 mothers from New York's east side and entered their plea for passage of the Wagner Bill for better housing.

Officials of the Royal Lions Auto Club of Stockbridge, Mich., look over the Oldsmobile knee-action just before naming the Oldsmobile as the "Car of the year" and "Official Car" of the club. The club is an organization of 303 high school boys for preparing themselves for important places in the automobile industry. While General Manager Harold Mayer explains the knee-action principle, one of the boys crawls under the car to examine it for himself.

Hubbard at Hubbard. The Teams' Standing will appear in Tuesday's issue of the News.

Work will start today on the new athletic field to be located on the old cotton yard in Raby Park, according to Pat Olsen, instrumental member of the Hornet Club. It is the plan of the organization to have the field sodded and in playing order for the first game this season, including the installation of lights.

It appears to the writer that Gatesville is again taking the lead in promoting this worthwhile endeavor for towns in this section.

HIGH WATER

Sweet subject, but throughout the state rains up to 10 inches have been registered. The opinions of some people in this vicinity is that we have had too much rain—which is probably right.

But—our rains have for the most part been gentle and slow enough to be absorbed mainly by old Mother Earth's wrinkled face. Instead of having our families and houses floating around on some raging torrent, or in waking to find the water creeping into our beds, we've had the peace of mind that comes with the knowledge that our crops are growing splendidly and that there is no damage done to speak of.

It is true that some slight damage may have been done our crops in one way or the other, but with the advent of clear weather prospects look even rosier than before. Of course, some calamity howlers berate the awful conditions here as ever, and it may be that certain individuals have suffered somewhat from too much water, but taken as a whole (and that's the only way to consider this) this central Texas county has certainly been favored.

Folk, with the breaks we've gotten during this rain and storm season, we're certainly for once the "chosen ones," and we certainly can't see much room for the calamity howlers in this county. We've been fortunate indeed when it comes to High Water and Storms. Think it over!

✦ ✦ ✦ ✦
JUNETEENTH

Justly called Emancipation Day, June 19 is the one day celebrated alone by our colored population. Lincoln made this day possible after a terrible civil war which he himself hated to see come.

But we're talking about Juneteenth. This is THE day for 506 of Coryell County's people. Statistically, there are exactly that many Colored people in this county, with an astounding total of 105,761 in 15 central Texas counties, McLennan leading with 18,701.

Among these 105,761 colored folk, there are bankers, lawyers, college professors, merchants, preachers, musicians—men of all trades and professions—American citizens—all of them, with the same purpose in life as their white co-patriots.

One distinguished member of this group is none other than the world famous Julius Bledsoe of Waco, opera singer and musician of international note. Others, somewhat less known cannot be counted on both hands.

We believe we can always give credit where credit is due, and these handicapped people certainly deserve this credit, because it is most assuredly due. They came, or their ancestors, came from the "dark continent," under environment, certainly not calculated to give them any advantages—helped the South with their economic problems ever since, and with their freedom gained, they still have striven to live on as citizens, falling in line and making themselves a place in this economic world of ours as it is today.

Without altering any color lines, or subjecting ourselves to any criticism from either side, we simply call our readers' attention to what is what!

✦ ✦ ✦ ✦

"No matter how desirable public officials may think it is for the Federal government to project itself into affairs of our citizens, it can do so only to the extent authorized by the Constitution."—Federal Judge Charles L. Dawson.

✦ ✦ ✦ ✦

"The public is encouraged to regard all public works as improvements. While many of them are of inestimable value, others are merely 'endowed tombstones' created in selfishness to be supported by taxation."—Arthur Huntington.

World Comment

By JOE BURNS

HINES AT WASHINGTON SHARE-THE-WEALTH DEFEAT AROUND THE WORLD BY AIR GERMAN NAVAL AGREEMENT

HARRY HINES, chairman of the State Highway Commission, is in Washington seeking \$100,000,000 for Texas Highways. Hines considers the \$29,000,000 already allotted inadequate to complete a highway program by next year—Centennial year.

Vice-President Garner and the Texas Congressional delegation have pledged their support, but Washington authorities fear other states will make similar demands if an additional appropriation is made for Texas. For this reason they hesitate to make the grant. The money, if appropriated, will come from the work-relief fund.

THE SENATE delivered a stinging rebuke to Huey Long Monday when it scuttled his five billion dollar Share-the-Wealth measure without a roll call vote or opposition by party leaders. Apparently Senators feel that five billions to end the depression is enough at one time. The Kingfish proposed to pay \$3,000,000,000 in pensions to the aged, \$1,000,000,000 in unemployment insurance and \$1,000,000,000 for the care of dependent children and for public health.

Huey's power in both Washington and Louisiana seems to be on the wane. The Federal government is jailing his lieutenants for income tax evasion and in Washington the Senate newcomers have declared war on the Dictator of the Delta and his nonsense, maintaining that they will not listen to Huey throughout their first six years in Washington.

The Kingfish will, eventually, follow the other Southern demagogues, such as Helfin of Alabama and Blease of S. Carolina, into retirement—retirement by the people, while Glass, Borah, Johnson, Norris and others worthy of a seat in the United States Senate will go on.

BY FALL you may travel by air from the Pacific coast to China, a distance of nearly 8,000 miles. Giant, four-motored seaplanes, equipped with every modern device for bad-weather flying, radio communication with the land and radio control of the plane, will carry passengers, freight and mail across this vast expanse of water in safety, stopping at Hawaii, Midway, Wake, Guam and the Philippines; thence to China proper.

From there, if you desire to complete your journey around the world by air, you may fly to Vladivostok, then across Siberia to Moscow, from Moscow to Berlin, from Berlin to Buenos Aires on the Graf Zeppelin, and then by Pan-American to the States.

Man will then have "conquered" the air.

NAZI GERMANY will not drive England into the arms of France by challenging John Bull's naval supremacy. England and Germany have reached an agreement for a ratio of 100-35—Germany's navy to be 25 per cent of England's.

Shrewd Mr. Hitler realizes that England's neutrality is necessary to Nazi success on the Continent. Germany's present economic condition will not per-

mit her to build up a large navy, while building up her army and air forces at the same time.

France and Italy are expected to object to the Anglo-German agreement. By the 100-35 ratio Germany will be permitted a navy the size of those of France and Italy. Naturally the French do not like the prospect of a strong German fleet on the north with England remaining neutral in the next war.

omelet would it create? And if laid on a huge plate, and as flat as the ordinary omelet, how many Boy Scouts could sit around that table? You figure this out; but don't hurry.

Italy is increasing the number of laborers on public works projects.

HOW HIGH A STACK WILL 100,000 PANCAKES MAKE?

Supposing that three pancakes, laid one on top of another, make a stack one-half inch in height (not counting the thickness of the butter and the syrup that each boy might interlard between each cake.) then the entire baking of pancakes that will have to be provided for a single breakfast of the 30,000 Boy Scouts who will be encamped at their National Jamboree in Washington this August will make a single stack of pancakes more than twice as high as that tallest structure of masonry in the world, the Washington Monument. Imagine a single Boy Scout starting at the bottom of such a pancake stack, and privileged to eat just as high up as he chose, how far up will he have gotten by bedtime?

That same Jamboree encampment will require 70,000 eggs for every meal when eggs are served, say for some one other day's breakfast. Laid end to end (or should I have said placed, as the hens will do the laying) these 70,000 eggs would stretch over a distance of two miles and still have over a thousand more feet to spare. But, if you want to do a little piece of really clever figuring, just imagine the volume of sound that will issue from the 70,000 layers of these 70,000 eggs when they cackle simultaneously the joyous announcement that another egg has been born into the poultry world. And if these 70,000 "humpty-dumpties" fall "had a great fall" at the same time and into the same pool, how much of an

Lytle Powell Is Highest Ranking British Student

Baylor University's music department received a cablegram Monday from London, England, announcing that Lytle Powell, a graduate of the Baylor department, had attained the highest average in his examinations at the noted Tobias Matthay School of Piano Forte Music

ever registered by a student of that institution.

Powell is known throughout music circles of Texas as one of the finds of recent years. At the age of 20 he has attained high rank by his performance at the piano, it being found immediately upon his arrival at Baylor from his home, Gatesville, that he possessed ability of the rarest type. He graduated from the Baylor music department with high honors and later sailed for London to continue his studies.

In connection with the honors he has attained in his examinations at the English school, young Powell also holds the distinction of being the second American student ever to complete the entire Matthay teacher's course at any time.

Won Saxton-Nobel Prize

Powell also entered the playing contest for the Saxton-Nobel prize and won first place, a cash prize. He will be presented at Queen's hall, London, June 27, playing a group of Chopin numbers, and in Wigmore hall July 4, playing Beethoven.

Powell took his bachelor's degree in music from Baylor and later served as teaching fellow at the Baptist institution for a year.

EROSION CAMP—

of the actual construction or assembling which is scheduled to be finished in 45 calendar days.

Interesting in this building is a new idea in construction which is being carried out extensively all over the United States, the pre-built building. Also, in the preparation an electric saw is used that may be used as a rip, cut off or any other kind of saw, and cuts the lumber more exact than it can be done by hand, and faster than twenty men. Also, holes for bolting together are drilled with an electric drill. Mr. Bradley prepared two cars of lumber in two days by these modern methods.

The United States is Japan's best silk customer.

"Lady Luck's" Lively Litter

The luck of "Lady Luck," a Boston bulldog, held when her seven pups reached the age of two weeks. "Lady Luck" belongs to Mrs. Louise Halstrom of Los Angeles. Seven young pups is quite a record, and "Lady Luck" is doggone proud of 'em as she stands guard over the litter.

Typhoid Shots Being Given Over County; Still Chance for Ones Missed

Those who wish to be inoculated for Typhoid fever but failed to take the first shot during the current week, may take the first shot at any center next week. This opportunity is being offered because of a delay in getting vaccine.

A good response has been met in each of the communities thus far visited but it is hoped that many others will take advantage of this rare opportunity.

Below is listed the schedule which will be followed for the next three weeks.

Monday

Those from Gatesville, Carden, Mountain, Turnover, Schley, Hay Valley and Ames will meet at the Gatesville City Hall from 8 a. m. to 5 p. m.

Those in and near Purnela will meet there from 7 to 9 p. m.

Tuesday

Those from Oglesby, Coryell Church, Davidson, Whitley Creek, Eagle Springs, Whitson and Fields will meet at the McKelavin Building in Oglesby from 8 to 11 a. m.

Those from Osage, Coryell City, Coryell Valley and White Hall will meet at the Osage Baptist Church from 1 to 4 p. m.

Those from Turnersville, Pancake, Buster, Concord and Hurst will be at Turnersville from 7 to 9 p. m.

Wednesday

Those from Plainview and

Arnett will meet at Plainview from 8 to 10 a. m.

Those from Pidecke, Harmon, King, Harmony and Spring Hill will meet at Pidecke from 10:30 to 12 a. m.

Those from Copperas Cove, Crossville, Topsey, Antelope and Clear Creek will meet at Barnes Lumber Co. in Copperas Cove from 1 to 4 p. m.

Thursday

Those from Jonesboro and Mt. Zion will meet at Jonesboro school from 8 to 10:30 a. m.

Those in and around Ireland will meet there from 11 a. m. to 2 p. m.

Those from Levita, Oakton and Ater will meet at Levita from 2:30 to 5:30 p. m.

Friday

Those from Flat, Longview, Dunn, Hubbard and Leon Junction will meet at Flat Church from 8 to 11 a. m.

Those from Ewing, Cave Creek, Brown's Creek and Maple will meet at Ewing from 12 to 3 p. m.

Those in and around The Grove will meet at 3:30 to 5:30 p. m.

Saturday

Those from Pearl, Slater, Peabody and Bee House will meet at Pearl from 8 to 10 a. m.

Those in and around Ewing will meet there from 10:30 a. m. to 12:30 p. m.

Those in and around Mound will meet there from 2 to 5 p. m.

VOLUME III

GATESVILLE, TEXAS, FRIDAY, JUNE 21, 1935

NUMBER 52

THE FARMERS - E.C.W. AGREEMENT EXPLAINED

CONSTRUCTION CCC CAMP NOW UNDER WAY; 15 CARS LUMBER

Starting Tuesday morning, Mr. A. L. Bradley of Waco, has been sawing and drilling holes in lumber for the construction of Gatesville's CCC camp located at the Fair Park.

Mr. Bradley stated if the lumber was furnished him the work he is doing on the camp could be finished in fifteen days. He has the foundation for all the buildings ready now.

Buildings to be constructed will be "fabricated," or built complete and then put up by CCC camp men. Windows and doors will be hung and put in the walls, and the walls put up in large panels. All the buildings, 13 of them, will be 12 ft. wide and of various lengths from 160 feet down. Four barracks of 130x12 will be constructed. Total lumber used for the completed job will be some 15 or more cars.

A U. S. Army Captain and a number of CCC men were expected yesterday to take charge (See EROSION CAMP last page)

LEAIRD'S THIRTY-SEVENTH ANNUAL JUNE-JULY SALE STARTS

Featuring everything in their complete department store, Leaird's inaugurate their Thirty-Seventh Annual June-July Clearance Sale as announced elsewhere in this paper.

housewives will enjoy, said Mr. Scott. "Women like sessions such as these where they can get together and exchange ideas and at the same time it gives (See MISS SAWYER last page)

Uncle Clay Slone Past Away Tuesday at the Home of His Daughter

Henry Clay Slone, a well known pioneer resident of Coryell County, having reached the age of 78 years, 1 week and two days, passed away Tuesday morning, June 18, at his home here after an illness of several weeks duration.

Funeral services were held Wednesday morning at 10 o'clock from the resident. The Masonic Lodge, of which he had been a loyal and faithful member, was in charge of the funeral services. The Reverends B. F. Lemons and Brooks Sasse assisted by Bro. Will Caruth officiated. Interment was made in the Masonic Cemetery.

Mr. Slone, better known as "Uncle Clay Slone" was born in Marshall, Alabama, June 10, 1848. In 1868 he moved to Texas where he was later married to Miss Mary Jane Gilbert, July 28, 1872.

He is survived by six children; Mrs. J. F. Tadlock, Mrs. L. A. Everett of Waco, Mrs. Luther Scott, John Slone of Waco, Jim Slone, and Elbert Slone. Besides his children he is survived by seven grandchildren and two great grandchildren.

Pall bearers were J. P. Reesling, Joe Hanna, John Burleson, Jake Stout, F. W. Straw and

O. H. Cross Drops Race Bob Poage to Try for Vacated Senatorial Seat

According to the yesterday morning papers and also letter from Dr. W. L. Crosswait received here yesterday morning, Congressman O. H. Cross will not be a candidate for reelection.

Dr. Crosswait writes as follows: "I have had so many calls asking whether Senator W. R. Poage from this district will be a candidate that I feel that the public would appreciate this information.

"Senator Poage is today conducting a hearing in Henderson, Texas, as Chairman of the Senate Investigating Committee, but I am sure that Senator Poage expects to be a candidate for Congress in any event, and that the only thing that I know of that would prevent it would be lack of money to make the campaign.

"Senator Poage is now one of the ranking members in the State Senate, there being but three members who have served longer in this Body than he has. He began his legislative service nearly twelve years ago.

"Since that time he has been the leader of many outstanding activities, such as State Aid in payment of Highway Bonds, State Aid for Needy School Districts and in the Great Brazos River Project.

"I am sending out this information at this time simply because Mr. Poage is not in the city, and I thought that your readers would probably be interested."

Senator Poage has made numerous appearances here and has many friends who would like to see him make this advance in his career. Also, there are many former Baylor students here who will remember him while they were in school there.

REGAL INSTALLS MODERN AIR COOLING SYSTEM FOR PATRONS

In keeping with modernized theatrical houses, Mr. Brown of the Regal has just installed a new modern cooling system for his popular movie house.

According to Mr. Brown, it is one of the largest air washing and cooling systems in the state, the only larger one being at the auditorium at Denton.

The air is washed, cooled and dried and then forced into the theatre at a temperature of around 72 degrees—no matter how hot on the outside. Forcing the water thru 100 spray nozzles by a pump that travels 3600 RPM the mist is then carried to the dryer plates.

Mr. Brown also invites the public to come in and see this new equipment and assures that his entertainment may be enjoyed in solid comfort with cool air and soft seats.

Mr. and Mrs. Clayton Larry and son, Charles, of Dallas are visiting her mother, Mrs. Tish

Copperas Cove Farmers Receive Cotton Checks "At Home" if Possible

According to a letter from the Chamber of Commerce of Copperas Cove, farmers who live in the vicinity of Copperas Cove may receive their cotton checks at home instead of coming to Gatesville.

G. E. Adams, Special Agent in Cotton, of Bryan, Texas, has written the Copperas Cove Chamber of Commerce as follows; "I believe that it would be to the interest of the program in Coryell county if, when the checks come in bulk, as they usually do, the County Agent would set apart a date on which he would deliver the checks for your section of the county from Copperas Cove."

County Agent D. W. Sherrill could not be reached for additional information on this on account of his being on vacation this week in San Saba and Austin.

BAND REHEARSAL CALLED H. S. GYM 8:15

D. W. Diserens, band instructor advises there will be a band rehearsal at the H. S. Gym tonight at 8:15. All who are interested in taking part in band concerts this summer are urged to be present.

VARIOUS VARMINTS VISIT VACANT VILLAGE

"While the cat's away the mice will play," an old adage states.

That's been true for the past week, with most of the people from the country busy with their crops and the stacked up farm work that is ahead of them at this time.

At any rate, while the square was practically "clean" of vehicles of all sorts, visits were made here by a number of the "wild-er life."

One day, in crossing the square to one corner we encountered a madly skirmishing snake weaving his way over the steaming hot pavement (which he could hardly stand to touch with his long stomach) to the shade of an automobile parked near the corner.

Later, we saw one of the famous stinging scorpions coming down the sidewalk, stinger proudly erect, ready for any thing that might come along, especially a barefoot.

"The Bat" was here too. The heat got him and he was being kicked around on the sidewalk which encircles the square.

Looks like the folk are going to have to come back to town or the varmints will take it. We'll have to call on St. Patrick to run the snakes out like he did in Ireland. Certainly is getting to be a snake place.

E. C. Nagle, State Administrator of the E. C. W. in a letter to the News, outlines the agreements of the ECW and also the farmer or land owner, concerning the work to be done in the soil conservation work in this county.

Mr. Nagle writes as follows: "I am enclosing herewith a general statement of how E. C. W. work is done in co-operation with individual land owners. This statement is simply used as a guide and changes will be made in it as conditions dictate."

The agreements follow with general statement of how ECW work is to be done.

(Turn to page 7)

HOME LIFE INSURANCE ANNOUNCE CHANGES

A deal was consummated this week whereby Mr. C. P. Mounce becomes the joint owner with his sister, Miss Thedra Mounce, of the Home Life Insurance Association, having purchased the interest of Mr. Irvin McCreary, who within the next few months will become State Banking Commissioner.

The Home Life Insurance Association was organized a few years ago by Messrs. Irvin McCreary, Olin D. Fox and Thos. V. Freeman. Later when Mr. Fox accepted a position with a wholesale firm at Corsicana and Mr. Freeman went with the Federal Government, Miss Mounce and Mr. McCreary purchased the interest of these two gentlemen and continued to carry on the business. Under careful management the association has grown from a very small beginning to a preferred membership and is at present one of the strongest mutual aid associations in Central Texas.

Under a new law passed by a recent session of the Legislature all burial associations have been placed under the direct supervision of the State Insurance Commissioner, and in compliance with this law the Coryell County Burial Association has been made a class in the Home Life Insurance Association and will also be operated by Miss Thedra Mounce as heretofore.

Under the new arrangement Mr. Mounce will be president of the association and his sister, Miss Thedra, will be vice-president and secretary which means that the interest of those holding policies in either or both of the associations will be well cared for.

COLUMNIST STARTS NEW COLUMN

It's new! "Browsin' 'round" by the "Window Shopper" is our latest, designed to give you a reader's shopping guide to oddities, specialties and gobs of other interesting newsy bits of information about Gatesville stores.

OUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Summer Meals

The same old essentials go unchallenged. Oh, a little less meat perhaps, and for the overweight child a little less bread and butter,

bacon, and potato. All children can do very well without candies, pastries, and, especially, soda pop or so-called "tonic." By the way, don't let that name "tonic" mislead you. It's far from being anything of the sort. Instead, try a drink of pure cold water or cool milk. There's real refreshment.

Pass up your old beliefs about summer diets. Most of them were only superstitions without a grain of scientific backing. The needs of the body don't change so very much with the seasons. Heat isn't necessary as it is in the winter, therefore the suggestions to reduce

sugars and starches. But the energy and health requirements don't change.

The same quart of milk is needed, although good ice cream may account for a part. Green vegetables, fresh fruit, tomatoes, a little meat or fish, some egg, some bread and butter, and there you are, winter or summer.

Planning a Scout trip is exciting, important; Dr. Ireland will give some advice about it in his next article.

JACKIE COOPER IN "DINKY" COMING TO REGAL THEATRE

The poignant griefs of childhood, its inarticulate romance, its robust joys, its thrills and its laughter, have been gathered into a great film play, "Dinky," in which Warner Bros. have starred Jackie Cooper, and for which they have assembled a remarkable cast of child stars.

Manager Brown has booked this attraction for the Regal Theatre on Saturday night at 10:30, also showing Sunday and Monday, and declares that it is

filled with heart throbs, laughs and real drama.

Jackie Cooper, remembered for his work in "Skippy," "Sooky," "The Champ," "The Bowery" and other film successes, has the role of a manly little chap whose widowed mother sends him to a military school located next to an orphanage, in which he is eventually an inmate.

His orphan-girl sweetheart is played by Betty Jean Hanes, and his pals are George Ernest, Edith Fellows and Sidney Miller. His special chum is portrayed by Jimmy Butler, with Richard Quine in the role of the juvenile "villain."

Among the grown-ups in the picture are Mary Astor in the role of Jackie's mother, Roger Pryor, Henry Armetta, Clay Clement, Florence Fair, Joseph Crehan, Addison Richards and James Burke.

There are two romances, one between Jackie and Betty Jean, and the other between Miss Astor and Roger Pryor, in the

story, as well as an exciting fire scene in which Richard Quine saves Jackie from death in the flames.

The picture is based on a story by John Fante, Frank Fenton and Samuel Gilson Brown. It was directed by D. Ross Lederman and Howard Bretherton from the screen play by Harry Sauber.

"NOTHING TO CONCEAL" SAYS COM. McDONALD

State auditors inspected records of the Department of Agriculture Tuesday while two Texas rangers stood guard over the files.

The ranger guard and audit of the department was ordered by the chairman of a legislative committee appointed to inquire into the truth or falsity of accusations of official misconduct by J. E. McDonald, Agricultural Commissioner.

McDonald said Ranger Fred Holland, accompanied by Representative E. E. Hunter of Cle-

burne, chairman of the committee, and two auditors went to the office Monday night and assumed charge. He did not protest.

Saying he had nothing to conceal, McDonald said he welcomed the presence of rangers, that it was a good idea, and that they could stay until Christmas as far as he was concerned.

BREWERS WANT TO DO THE REGULATING

Delegates from 453 of the Nation's 742 licensed breweries Tuesday announced themselves unalterably opposed to Federal regulation of the brewing industry.

The brewers prefer the system in vogue before prohibition days, when the breweries regulated the government instead of the government telling them what to do.

The Norfolk Southern railroad employed 2,400 workers in 1934 in contrast to 1,877 in 1933.

Community News Letters

WOODARD NEWS

Mr. and Mrs. G. D. Fegette and Mr. and Mrs. Parker Hirsch were guests Sunday of Mr. and Mrs. Homer Robertson of Carlton.

Bride-Elect Is Honored.

Miss Sue Goodall, bride-elect of Dr. S. L. Witcher of Galveston, son of Mr. and Mrs. J. M. Witcher of this city, was honored with a seated tea by Mrs. L. W. Courtney at her home, 1412 Austin Avenue, Waco, Wednesday afternoon. Miss Goodall's marriage will take place June 29.

Jewell Witcher of Gatesville, sister of Dr. Witcher, was among the guests enjoying the Wednesday afternoon courtesy.

Rev. and Mrs. J. M. McLean Have Open House.

Rev. and Mrs. J. M. McLean held open house at the home on Leon street Monday night celebrating their tenth anniversary.

Nasturtiums and marigolds decorated the attractive rooms in which Rev. and Mrs. McLean received the guests.

The color scheme of pink and green was given emphasis by the minute wedding bells which adorned the refreshment plate of punch and cake.

One hundred guests registered during the evening in the guest book that was used at the wedding reception given for Rev. and Mrs. McLean ten years ago.

Judge and Mrs. Robert Brown Entertain Supper Club.

Judge and Mrs. Robert Brown entertained the members of the Supper Club Tuesday night at their home on 14th street.

Bouquets of spring flowers were used in decorating the home. In games of bridge, Mrs. C. E. Gandy won high score for women and Clay Stinnett won high score for men.

A two course chicken supper was served to Mr. and Mrs. E. L. Stewart, Mr. and Mrs. Clay Stinnett, Mr. and Mrs. C. E. Gandy, Dr. and Mrs. Clyde Bailey, Mrs. R. B. Cross and Dr. and Mrs. Kermit Jones.

—Carbon paper in any size sheet, at News Office.

News Fashion Suggestion

A problem solved at small cost and a little time spent at your sewing machine. Summer time is slack time—you'll want them for picnics and outings. May we suggest that you use sunfast and tubfast suitings, may be had in a big range of colors and this fabric is ideal for slacks. Other cheaper materials may be used. 3 yards or less will make them.

Suggested by MRS. C. E. RANKIN PAINTER & LEE'S

Mrs. T. R. Mears Is Hostess.

Spring flowers decorated the home of Mrs. T. R. Mears Wednesday afternoon when she was hostess to the Wednesday Contract Club at her home southwest of town.

At the conclusion of games of bridge, Mrs. Howard Franks held high score and Mrs. Richard Moore held second high score.

Refreshments were served to Mesdames Robert Brown, Harry Flentge, B. B. Garrett, Kermit Jones, D. D. McCoy, B. K. Cooper, Clay Stinnett, Stewart Williams, O. N. Hix, Hugh Saunders, D. R. Boone, Howard Franks, A. W. Gartman, Richard Moore, C. W. McConnaughey and C. L. Thompson.

Conner-Carrigan

Miss Loys Conner of Bee House became the bride of Mr. Allen Carrigan of Mount View May 13 at Plainview teacherage with Rev. Duffy of Bee House performing the ceremony.

The bride is the daughter of Mr. and Mrs. T. L. Conner of Bee House. She has taught in the Plainview School for the

past four years. The groom is a prosperous farmer in the community of Mount View near Evant.

Only a few friends and relatives were present for the ceremony. Mr. and Mrs. Carrigan will make their home near Mount View. Mrs. Carrigan will continue her teaching at Plainview.

Their many friends wish for them a long, happy and successful life together.

LOCALS AT YOUNG PEOPLE'S MEETING

Two hundred and sixty faculty members and students are in attendance at the Annual meeting of the Central Texas Conference Young People's Assembly, which is being held at Southwestern University Georgetown, this week.

The opening session of the assembly on Monday, June 17, followed the annual banquet. Dr. Edmund Heinsohn, pastor of the University Methodist Church at Austin, was speaker. Dr. Walter Anthony, pastor of the Travis Park Methodist Church of San Antonio, is platform lecturer. The Reverend O. W. Moerner, of Nashville, Tenn., a graduate of Southwestern University, is the representative from the General Board of Education.

Reverends E. W. Bridges of Ennis, M. M. Chunn of Gatesville, W. W. Ward of Waco and W. R. Beard of Hamilton are among the instructors offering courses.

The sessions of the conference are being presided over by Mr. Alonzo Monk Bryan, of Fort Worth, President of the organization for the present year.

Those who are attending this assembly from Gatesville are: Mrs. Claude Boulware, Francis McCoy, Pauline Haney and Beulah Gamblin.

WOOLVERTON HOME IN STEPHENVILLE DESTROYED

Mr. and Mrs. Fuzzy Chamlee and Mr. and Mrs. Raymond Ward spent Tuesday in Stephenville with Mr. and Mrs. J. B. Woolverton, whose home was destroyed by a cyclone Monday night.

On the approach of the storm Mr. and Mrs. Woolverton and daughter, Mrs. Doris Terry, left their home to find safety in a neighbor's storm cellar, in which five families were huddled. The Woolverton home, a six-room wooden structure, was completely destroyed, the building and contents being scattered over a long area in the path of the storm. The clock was found some distance away with the hands pointing to 6:20, indicating the time the storm struck.

Mrs. Terry, who was making her home with her parents, lost all her furniture valued at several hundred dollars, and that without insurance. Mr. Woolverton carried insurance on his home, but to cover only part of the loss.

The home of a neighbor across the street from the Woolvertons, was demolished and one life lost, that of Grandpa Ellis, age 80. Three of the Ellis girls received injuries.

DUSTING COVERS — OF — TEXAS HISTORY

Gen. Sam Houston ken of the inward rebellion taking place within his soldiers, but in spite of unfriendliness and disgust toward him, he followed his own plans, reaching San Felipe on the 27th. When he started his march up the river, it was all

Baker and Martin could endure. Baker took 120 of his men and remained at San Felipe. Martin took his company and went below to guard the crossing at Fort Bend.

When Houston and his men reached Groce's Ferry, they made their headquarters near the present town of Hempstead, until April 14. Captain Baker ordered the town of San Felipe burned March 29, in accordance with Houston's request, he always claimed. Secretary of War Rusk and Vice President of the Republic, Zavala, joined the army the first of April.

Meanwhile, the dreary rains continued. The Brazos bottom was a fright. Wherever the armies turned, they had bad roads and poor traveling facilities. Santa Anna was gathering his forces on the Brazos. When he reached San Felipe on April 7, and found the town deserted and Houston up the river, he erroneously decided that at last Texans had come to their senses and left the way open for him. He sent word by his swiftest messengers to Urrea to continue on his route to Matagorda. He took about a thousand men, and one cannon, and set out to cross the Brazos. Captain Baker hindered his crossing at San Felipe, but Martin was not successful in preventing his passage at Fort Bend. Harrisburg was left in flames on the 16th as Santa Anna went on down to New Washington on Galveston Bay.

The wife of President Burnet and the officers' wives looked back toward their old homes as the boat they were in with President Burnet left Galveston

Bay. The Mexicans fast were approaching the Bay. With surprising calm the women prepared to die at the hands of their pursuers. General Almonte and his company of soldiers were within firing distance of the Texans leaving on the boat. Order had been given to fire at will. Then Almonte saw the women, huddling close together in the boat. His men called him chicken-hearted when he revoked his order for firing. He was a soldier, yes, but he was a gentleman also. He would not have his record stained by having it said that he killed women. He might kill a thousand men, but he would not shoot one woman. With a gallantry worthy of sincere praise, he led his men away from the Bay, leaving Burnet and the others to reach friends and safety.

The climax would be reached in another four days. It was inevitable. Houston and Santa Anna would clash and the battle would be a decisive one.

The occasion, which was to result 100 years later in Texas' observance of its Centennial in 1936, was near at hand.

Crickets usually chirp faster in warm weather, but efforts to fit the rate of the chirps to the thermometer scale indicate that there is no exact relationship.

The South Llano River which forms in Edwards County is water flowing from 700 springs to be found on the side of a hill.

Culinary Jingles by Marcia Camp

There was a young woman named Bess

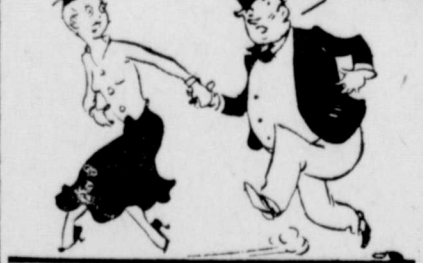

Who at cooking was rather a mess,
When requested to wed,
She obligingly said,
"If you'll do the cooking, why yes."

MEN'S FAVORITES

ALL OF which was distinctly unfair to the young woman. She could have learned how to cook perfectly well. Starting, of course, with simple dishes. Take for example that old favorite of bachelors and benedicts, alike—sweet potatoes on the half shell, as follows:

Scrub 6 medium sized sweet potatoes and bake them until tender.

hurry!
we'll be late
just so we
arrive in
time for
dessert

Then scoop out the shells and mix the pulp with 2 tablespoons butter, 1 cup canned shredded pineapple, the juice of 1 orange, and 1/2 teaspoon salt, mashing thoroughly. Heap this mixture into the potato shells and place a row of marshmallow halves on top of each potato. Return to a quick oven until the marshmallows are brown and puffy.

Another potato and marshmallow dish guaranteed to evoke oh's and ah's from the eater is made with canned sweet potatoes. Mash sweet potatoes and beat until fluffy. Then add the juice of 1 orange, 2 tablespoons butter and 1/2 teaspoon of salt; and fold in marshmallows cut up into small pieces. Pile into a buttered casserole and place in a moderate oven for 20 minutes. Then top with several whole marshmallows and return to the oven to brown.

The wholesome blandness of marshmallows makes them combine well with a great variety of other foods to produce new and delicious contrasts of texture and flavor. Thus they are equally welcome additions to almost any course of almost any meal.

"House Furnisher"

Farmer-Government Erosion Work Agreement and Contract

THE ECW CAMP AGREES TO:

- 1 Make farm sketch
- 2 Make erosion survey
- 3 Lay off and check terrace lines on crop lands where needed
- 4 Provide tools, machinery, power and labor to properly protect outlets, where deemed necessary by the ECW
- 5 Construct all check dams, baffles, overfalls, etc., furnishing without cost to the farmer any cement and wire used in such construction
- 6 Lay off contour lines in permanent pasture areas
- 7 Provide poison bait, traps and labor for gopher control during the first year of the agreement
- 8 Furnish a limited amount of seed and inoculation for broadcast strips planted during the first year and supervise planting
- 9 Provide a limited amount of seed and inoculation for permanent pasture development and supervise the planting of such seed
- 10 Provide plants, tools and labor for reforestation
- 11 Give farmer maps of farm showing work planned in accordance with the details of the cooperative agreement
- 12 Plan with the farmer reorganization of the farm and a system of cropping to include crop rotation, winter cover crops, and strip cropping as a means of erosion control

THE COOPERATOR AGREES TO:

- 1 Actively and wholeheartedly assist in conducting the work of erosion control and reorganized land use on the land he owns or works
- 2 Maintain all work done by the ECW and by himself under the terms of the agreement and otherwise carefully follow the provision of the agreement for the five-year period.
- 3 Be responsible for equipment of the ECW being used on his farm, when employees of that organization are not present
- 4 Plow out all terrace lines as they are run by terracing crews
- 5 Provide the labor and power and construct the terraces and make the fills where terraces are used. Such terraces and fills are to meet the requirements established by the ECW
- 6 Plow up all newly constructed terraces according to directions as soon as completed
- 7 Complete the outlet ends of all terraces with team and Fresno to protect such vegetation as might be present for outletting terraces individually, and permit sodding at outlet channels before terraces are turned into them
- 8 Use only contour tillage on cultivated crop lands, using ECW system of laying off rows
- 9 Where deemed advisable, mark off rows for tree planting, under direction of the ECW
- 10 Provide without cost, Bermuda sod, rock, timber, sand or gravel from his farm for use on his own farm
- 11 Withdraw all land above 8 per cent slope and all submarginal land from cultivation
- 12 Furnish such teams, equipment and labor as he has for free use while work is being done by the ECW on his farm
- 13 Continue complete gopher control on the farm at his own expense for a period of four years
- 14 Provide posts, wire and labor, and construct adequate fences for protecting timber areas, gully plantings, pastures and cultivated areas

- 15 Build and relocate fences as agreed upon as soon as contract is approved
- 16 Flatbreak all newly terraced land and all other fields where rows are to be changed
- 17 Plant seed for broadcast crops and pastures according to directions
- 18 Save sufficient seed from broadcast crops and pasture plantings each year to plant the succeeding year
- 19 Furnish teams, equipment and labor and furrow and sod furrows in pasture land as directed. Contour furrows are to be maintained in good repair. Some shovel work will be necessary.
- 20 Remove and burn brush and undesirable trees from pasture areas
- 21 Permit no over-grazing of pasture lands
- 22 Control weeds in pasture, preferably by mowing
- 23 Cultivate and protect reforested areas as directed
- 24 Protect woods, reforested areas, meadows, pastures and abandoned lands for fires
- 25 Follow a system of cropping to include crop rotation, strip cropping, and winter cover crops as agreed upon
- 26 Limit grazing or cultivated areas according to directions of ECW
- 27 Permit no wagons, implements, or livestock of any kind to use terrace outlet channels as roadways
- 28 Limit grazing in sodded terrace outlet channels
- 29 Spend as much time as possible with the ECW engineers during construction of gully dams and terrace outlet structures on farm.
- 30 Check all work every rain and make necessary repairs immediately.
- 31 Plow in all gullies and washes as directed by the ECW
- 32 Set, cultivate, and protect from grazing Kudzu crowns as directed by the ECW
- 33 Make farm inventory on January 1st, each year

William Pitt "the younger," who became prime minister of England at the age of 24, was England's youngest prime minister.

The Three WISE MEN

---Are Ancient History!

It's a fact—and it's high time we men faced it.

Taken by-and-large, there isn't a more generally intelligent, wholesomely interested, ACCURATELY INFORMED group of people in the world than the modern American housewives.

Even there, we do them an injustice. They've made "housewives" as antique as an antimacassar (whatever THAT was!) and we have to admit "homemakers" expresses what they REALLY are a lot better.

Men who understand women of today (commercially, at any rate) will tell you this: "feminine intuition" went by the boards with the rest of the old-fangled ideas.

Today, the woman with a top-ranking as Homemaker is a clever budgeteer. She reads the Coryell County News and believes what she finds there—and, what's more, follows its information when she sets out to buy!

CORYELL COUNTY NEWS

browsin' 'round

with the "WINDOW SHOPPER"

Lots and lots of things can be found in our Gatesville shops therefore the Window Shopper's Column of shopping news goes to press for the first time. Here's a panoramic view of the shopping situation in Gatesville as seen by the Window Shopper's first browsin'.

STOP at the Ethma Beauty Shoppe and look around. You will find a new gas unit dryer one of the newest things among the equipment. This dryer with four black hoods trimmed in silver is really something to crow about.

AND LISTEN to the new decorative and oscillating Gilbert Quiet Fans which operate with exceptional quietness, and furnish the air delivery equal to that of conventional fans with blades of much larger diameter. Drop in at the Community Public Service Co. and see the newest in fan development. Finished aluminum blades and chrome trimmings make them attractive in any home.

LOOK in your mirror and what do you see? Dry skin, oily skin, pimples, lines, or sagging muscles. Taking care of your complexion is an important matter not to overlook these hot summer months. The City Drug Store carries a complete line of Dorothy Perkins Cosmetics which has a preparation for every beauty need. Dorothy Perkins says, "There is no excuse for a poor complexion."

People are going places and seeing things for vacation times have arrived. If you have traveling troubles don't fail to read next week's column of this department. — The Window Shopper.

Oilers Pitted Against Valley Mills Club in a Return Game Tonight

Tonight a softball team from Valley Mills will be here and play the Oilers managed by Truman in a return game. The Oilers lost to the Valley Mills aggregation in Valley Mills 7-8.

Manager Blanton with his mates will be trying to win their first game of season, endeavoring to get the jump on other teams in the local league by winning from an out-of-town team first this year.

The Firemen is the only club other than the Oilers, that have played an out-of-town team, losing to Copperas Cove 12-14.

Blanton will probably start Wilson in the box, and Kirby is slated to catch. Wiggins will start at first with Blanton at right short as this combination will improve the locals infield, according to Blanton. The complete line-up hadn't been made yesterday afternoon, however, Ricketts, Baker, Turner, Carson and several others will see service tonight.

A large crowd is expected to be on hand to aid the Oilers in winning the contest tonight.

SporTalk

By TEDDY

The Executive Committee with Managers of the local Softball League, met Thursday afternoon and made plans for the second division. Games will be played on Tuesday, Wednesday and Thursday nights as was the latter part of the first division. Starting at 8:30, there will only be one game a night. There are three teams in the league, however, the Training School is considering entering the organization. Complete details with the schedule, will appear in Tuesday's issue of the News.

Tonight the Oilers are to play a team from Valley Mills at the Fair Ground. The locals headed by their ace hurler, Truman Blanton, lost to this club in Valley Mills not long ago, however, they are doped to take this game without much trouble.

Turnersville defeated Pidcoke in a County League game Monday by a score of 3 to 2.

Harrell drove in two runs for Turnersville with two singles. Orville Jones, first man up in the ninth, doubled, stole third and scored the winning run on a well executed squeeze play.

Lockhart and January played well for Pidcoke. Newton pitched a good game.

We have no report on three games rained out last week in the County Baseball League. Namely, Jonesboro-Plainview game, Ireland-State game, nor the Liberty-Osage game.

Games to be played Saturday are Pidcoke vs. Ireland at Ireland; State vs. Jonesboro at Jonesboro; Plainview vs. Turnersville at Turnersville.

Sunday games are Mound vs. Liberty at Liberty; Levita vs. Osage at Osage; Purmela vs.

THE NEWS SNAPSHOTS

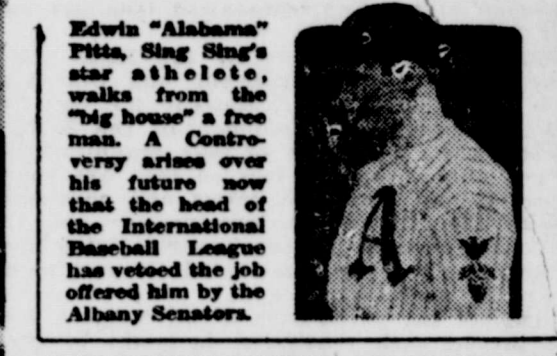

THOUSANDS HUNT WILD GOLD—To help those who help themselves, Joseph E. Meyer, director of the famous Botanic Gardens, Hammond, Ind., will send his Herbalist's Almanac free, telling all who write him, where and how to gather wild-growing medicinal herbs. Worth millions, they are readily marketed. Wanted specimens include: Queen of the Meadow Root used as a tea for lumbago, Wild Plum Bark for asthma, Black Cohosh for rheumatism and arthritis, Peppermint Herb for stomach trouble and many others. Photo shows typical herb-picking scene.

SILHOUETTE OF WHITE—Frances Drake, motion picture star, poses as a Spanish dancer. This American girl first attracted attention as a dancer in London, graduated to the English screen and thence to Hollywood.

EDDY DUCHIN SELECTING THE "STARS OF TOMORROW" FOR RADIO FAME—Youthful maestro of the famous radio Fire Chief Orchestra and two assistants shown here selecting applicants for vocal auditions on the Texaco National Open audition contest during Duchin's coast-to-coast personal appearance tour with the Fire Chief Orchestra. Amateurs and professionals will be selected on the weekly program.

Edwin "Alabama" Pitta, Sing Sing's star athlete, walks from the "big house" a free man. A controversy arises over his future now that the head of the International Baseball League has vetoed the job offered him by the Albany Senators.

Senator David Walsh and Robert F. Wagner listening to Mrs. Simkhovitch who headed a group that included 37 mothers from New York's east side and entered their plea for passage of the Wagner Bill for better housing.

Officials of the Royal Lions Auto Club of Stockbridge, Mich., look over the Oldsmobile knee-action just before naming the Oldsmobile as the "Car of the year" and "Official Car" of the club. The club is an organization of 303 high school boys for preparing themselves for important places in the automobile industry. While General Manager Harold Mayer explains the knee-action principle, one of the boys crawls under the car to examine it for himself.

Hubbard at Hubbard. The Teams' Standing will appear in Tuesday's issue of the News.

Work will start today on the new athletic field to be located on the old cotton yard in Raby Park, according to Pat Olsen, instrumental member of the Hornet Club. It is the plan of the organization to have the field sodded and in playing order for the first game this season, including the installation of lights. It appears to the writer that Gatesville is again taking the lead in promoting this worthwhile endeavor for towns in this section.

NOTICE: Any erroneous reflection upon the character or standing of any person or firm appearing in its columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

HIGH WATER

Sweet subject, but throughout the state rains up to 10 inches have been registered. The opinions of some people in this vicinity is that we have had too much rain—which is probably right.

But—our rains have for the most part been gentle and slow enough to be absorbed mainly by old Mother Earth's wrinkled face. Instead of having our families and houses floating around on some raging torrent, or in waking to find the water creeping into our beds, we've had the peace of mind that comes with the knowledge that our crops are growing splendidly and that there is no damage done to speak of.

It is true that some slight damage may have been done our crops in one way or the other, but with the advent of clear weather prospects look even rosier than before. Of course, some calamity howlers berate the awful conditions here as ever, and it may be that certain individuals have suffered somewhat from too much water, but taken as a whole (and that's the only way to consider this) this central Texas county has certainly been favored.

Folk, with the breaks we've gotten during this rain and storm season, we're certainly for once the "chosen ones," and we certainly can't see much room for the calamity howlers in this county. We've been fortunate indeed when it comes to High Water and Storms. Think it over!

✦ ✦ ✦ ✦

JUNETEENTH

Justly called Emancipation Day, June 19 is the one day celebrated alone by our colored population. Lincoln made this day possible after a terrible civil war which he himself hated to see come.

But we're talking about Juneteenth. This is THE day for 506 of Coryell County's people. Statistically, there are exactly that many Colored people in this county, with an astounding total of 105,761 in 15 central Texas counties, McLennan leading with 18,701.

Among these 105,761 colored folk, there are bankers, lawyers, college professors, merchants, preachers, musicians—men of all trades and professions—American citizens—all of them, with the same purpose in life as their white co-patriots.

One distinguished member of this group is none other than the world famous Julius Bledsoe of Waco, opera singer and musician of international note. Others, somewhat less known cannot be counted on both hands.

We believe we can always give credit where credit is due, and these handicapped people certainly deserve this credit, because it is most assuredly due. They came, or their ancestors, came from the "dark continent," under environment, certainly not calculated to give them any advantages—helped the South with their economic problems ever since, and with their freedom gained, they still have striven to live on as citizens, falling in line and making themselves a place in this economic world of ours as it is today.

Without altering any color lines, or subjecting ourselves to any criticism from either side, we simply call our readers' attention to what is what!

✦ ✦ ✦ ✦

"No matter how desirable public officials may think it is for the Federal government to project itself into affairs of our citizens, it can do so only to the extent authorized by the Constitution."—Federal Judge Charles L. Dawson.

✦ ✦ ✦ ✦

"The public is encouraged to regard all public works as improvements. While many of them are of inestimable value, others are merely 'endowed tombstones' created in selfishness to be supported by taxation."—Arthur Huntington.

World Comment

By JOE BURNS

HINES AT WASHINGTON SHARE-THE-WEALTH DEFEAT AROUND THE WORLD BY AIR GERMAN NAVAL AGREEMENT

HARRY HINES, chairman of the State Highway Commission, is in Washington seeking \$100,000,000 for Texas Highways. Hines considers the \$29,000,000 already allotted inadequate to complete a highway program by next year—Centennial year.

Vice-President Garner and the Texas Congressional delegation have pledged their support, but Washington authorities fear other states will make similar demands if an additional appropriation is made for Texas. For this reason they hesitate to make the grant. The money, if appropriated, will come from the work-relief fund.

THE SENATE delivered a stinging rebuke to Huey Long Monday when it scuttled his five billion dollar Share-the-Wealth measure without a roll call vote or opposition by party leaders. Apparently Senators feel that five billions to end the depression is enough at one time. The Kingfish proposed to pay \$3,000,000,000 in pensions to the aged, \$1,000,000,000 in unemployment insurance and \$1,000,000,000 for the care of dependent children and for public health.

Huey's power in both Washington and Louisiana seems to be on the wane. The Federal government is jailing his lieutenants for income tax evasion and in Washington the Senate newcomers have declared war on the Dictator of the Delta and his nonsense, maintaining that they will not listen to Huey throughout their first six years in Washington.

The Kingfish will, eventually, follow the other Southern demagogues, such as Helfin of Alabama and Blease of S. Carolina, into retirement—retirement by the people, while Glass, Borah, Johnson, Norris and others worthy of a seat in the United States Senate will go on.

BY FALL you may travel by air from the Pacific coast to China, a distance of nearly 8,000 miles. Giant, four-motored seaplanes, equipped with every modern device for bad-weather flying, radio communication with the land and radio control of the plane, will carry passengers, freight and mail across this vast expanse of water in safety, stopping at Hawaii, Midway, Wake, Guam and the Philippines; thence to China Proper.

From there, if you desire to complete your journey around the world by air, you may fly to Vladivostok, then across Siberia to Moscow, from Moscow to Berlin, from Berlin to Buenos Aires on the Graf Zeppelin, and then by Pan-American to the States.

Man will then have "conquered" the air.

NAZI GERMANY will not drive England into the arms of France by challenging John Bull's naval supremacy. England and Germany have reached an agreement for a ratio of 100-35—Germany's navy to be 25 per cent of England's.

Shrewd Mr. Hitler realizes that England's neutrality is necessary to Nazi success on the Continent. Germany's present economic condition will not per-

mit her to build up a large navy, while building up her army and air forces at the same time.

France and Italy are expected to object to the Anglo-German agreement. By the 100-35 ratio Germany will be permitted a navy the size of those of France and Italy. Naturally the French do not like the prospect of a strong German fleet on the north with England remaining neutral in the next war.

HOW HIGH A STACK WILL 100,000 PANCAKES MAKE?

Supposing that three pancakes, laid one on top of another, make a stack one-half inch in height (not counting the thickness of the butter and the syrup that each boy might interlard between each cake.) then the entire baking of pancakes that will have to be provided for a single breakfast of the 30,000 Boy Scouts who will be encamped at their National Jamboree in Washington this August will make a single stack of pancakes more than twice as high as that tallest structure of masonry in the world, the Washington Monument. Imagine a single Boy Scout starting at the bottom of such a pancake stack, and privileged to eat just as high up as he chose, how far up will he have gotten by bedtime?

That same Jamboree encampment will require 70,000 eggs for every meal when eggs are served, say for some one other day's breakfast. Laid end to end (or should I have said placed, as the hens will do the laying) these 70,000 eggs would stretch over a distance of two miles and still have over a thousand more feet to spare. But, if you want to do a little piece of really clever figuring, just imagine the volume of sound that will issue from the 70,000 layers of these 70,000 eggs when they cackle simultaneously the joyous announcement that another egg has been born into the poultry world. And if these 70,000 "humpty-dumpties" fall "had a great fall" at the same time and into the same pool, how much of an

omelet would it create? And if laid on a huge plate, and as flat as the ordinary omelet, how many Boy Scouts could sit around that table? You figure this out; but don't hurry.

worn by enthusiastic voters. In the nominee's pictures were for the presidency, collars bearing During early-day campaigns

FLOORS SURFACED THE AMERICAN UNIVERSAL WAY

Lytle Powell Is Highest Ranking British Student

Baylor University's music department received a cablegram Monday from London, England, announcing that Lytle Powell, a graduate of the Baylor department, had attained the highest average in his examinations at the noted Tobias Matthay School of Piano Forte Music

ever registered by a student of that institution.

Powell is known throughout music circles of Texas as one of the finds of recent years. At the age of 20 he has attained high rank by his performance at the piano, it being found immediately upon his arrival at Baylor from his home, Gatesville, that he possessed ability of the rarest type. He graduated from the Baylor music department with high honors and later sailed for London to continue his studies.

In connection with the honors he has attained in his examinations at the English school, young Powell also holds the distinction of being the second American student ever to complete the entire Matthay teacher's course at any time.

Won Saxton-Nobel Prize

Powell also entered the playing contest for the Saxton-Nobel prize and won first place, a cash prize. He will be presented at Queen's hall, London, June 27, playing a group of Chopin numbers, and in Wigmore hall July 4, playing Beethoven.

Powell took his bachelor's degree in music from Baylor and later served as teaching fellow at the Baptist institution for a year.

of the actual construction or assembling which is scheduled to be finished in 45 calendar days.

Interesting in this building is a new idea in construction which is being carried out extensively all over the United States, the pre-built building. Also, in the preparation an electric saw is used that may be used as a rip, cut off or any other kind of saw, and cuts the lumber more exact than it can be done by hand, and faster than twenty men. Also, holes for bolting together are drilled with an electric drill. Mr. Bradley prepared two cars of lumber in two days by these modern methods.

The United States is Japan's best silk customer.

"Lady Luck's" Lively Litter

The luck of "Lady Luck," a Boston bulldog, held when her seven pups reached the age of two weeks. "Lady Luck" belongs to Mrs. Louise Falstrom of Los Angeles. Seven young luns is quite a record, and "Lady Luck" is doggone proud of 'em as she stands guard over the litter.

Typhoid Shots Being Given Over County; Still Chance for Ones Missed

Those who wish to be inoculated for Typhoid fever but failed to take the first shot during the current week, may take the first shot at any center next week. This opportunity is being offered because of a delay in getting vaccine.

A good response has been met in each of the communities thus far visited but it is hoped that many others will take advantage of this rare opportunity.

Below is listed the schedule which will be followed for the next three weeks.

Monday

Those from Gatesville, Carden, Mountain, Turnover, Schley, Hay Valley and Ames will meet at the Gatesville City Hall from 8 a. m. to 5 p. m.

Those in and near Purnela will meet there from 7 to 9 p. m.

Tuesday

Those from Oglesby, Coryell Church, Davidson, Whitley Creek, Eagle Springs, Whitson and Fields will meet at the McKelavin Building in Oglesby from 8 to 11 a. m.

MISS SAWYER—

us an opportunity to show our appreciation for their patronage, and for the outstanding preference given our products during the past year.

"Modern equipment has taken the drudgery out of housework, and new products are designed to meet the exacting requirements of actual use. Norge Corporation is noted for building its home conveniences to fit these needs, and we are pleased to exhibit them to our customers and friends. We are bringing Miss Eleanor Sawyer noted Home Economist here to conduct actual demonstrations of refrigerator use values and preparation of delicious cold cookery recipes. She will also demonstrate the features of the new Norge kitchen range and has a wealth of authentic and up-to-date information on food preparation and modern range cooking.

"We have a number of delightful surprises that will round out the program of educational instruction," concluded
