NUMBER 53

Gatesville on Proposed List For Post Office Building

Under date line of June 21, the house of representatives today passed the second deficiency bill which included an appropriation of \$58,000,000 for public buildings outside the District of Columbia. The bill was sent to the Senate.

The \$58,000,000 appropriation it is estimated will provide buildings for only about 433 cities.

Cities on the eligible list set up under the bill, together with the maximum expenditure where such recommendations were made, include: (Post offices unless otherwise specified).

Texas—Ballinger, \$72,000; Big Springs, \$114,000; Brady, \$72,000; Eastland, \$74,000; Brownwood, Bryan, Cameron, College Station, Gatesville, Lampasas and San Saba.

Postmaster W. C. Ford could not be reached for any other information on the proposed post office here, and as yet there is nothing definite since the bill has just been sent to the Senate.

COUNTY SCHOOL CENSUS REPORTS SENT TO STATE DEPT.

Census rolls of the scholastics were sent to the State Department of Education at Austin according to County Superintendent J. M. Witcher.

Coryell county has 6,226 scholastics for 1935-36. Of these 4,366 are rural students and 1,860 are urban students.

Every scholastic should be sent in, and any who were omitted may be put on a supplementary list if brought to the County Superintendent's office at once.

Austin authorities promise prompt action when, Arthur W. Hopkins of Washington releases the F. E. R. A. aid promised.

Transportation checks are available for bus drivers and individual students at the county superintendent's office.

FOUNDATION COMPLETED ON BAPTIST CHURCH; BRICK LAYING STARTS

According to J. M. Witcher, Publicity Director of the Building Committee of the First Baptist Church here, foundation work of the church has been completed.

Brick layers will be on hand today or tomorrow and will start the erection proper of the church.

Revival Meeting at Copperas Cove M. E. Church Begins July 3

The annual revival meeting at the Copperas Cove Methodist Church will begin Wednesday, July 3, and last until Sunday, July 14. Reverend H. B. Boyd of Waco and Round Rock will be in charge of services. He will be assisted by James F. Trammell, pastor of the Copperas Cove M. E. Church.

There will be singing each night. The public is cordially invited to attend.

Brother Boyd is well known in central Texas Methodist circles, having visited and preached in this county before. His many friends will welcome him back to lead this meeting.

DOCTOR AND COACH SPEEL BRIEFLY TO ROUND TABLE CLUB

Meeting in the County Agent's office, the Round Table had as guest speakers, Coach Earle Worley, newly elected athletic director for Gatesville high school, who outlined plans and expectations for the coming season and school year.

Dr. S. L. Witcher, formerly of Gatesville and now instructor in Anatomy of the University of Texas Medical School of Galveston made a few brief remarks, and paid his respects to bachelorhood, since he is to be married to Miss Sue Goodall of Waco, Saturday, June 29.

Y. P. A. Takes Stand On Important Questions

Two hundred and forty young people attended the Central Texas Conference Young People's Assembly in session at Southwestern University last week, representing 85 towns and cities of this section. Resolutions were presented by Miss Erlene Curbo of Waco, Chairman of the committee on Resolutions and were unanimously adopted. Rev. M. M. Chunn of Gatesville was one of the speakers at this conference.

1. Concerning alcohol;

A. Whereas there will be a special election held in August of this year to determine whether the Dean Law prohibiting the sale of intoxicating beverages shall remain one of the statutes of our state, we the Young People of Central Texas Methodist Churches hereby resolve to do all in our power to influence our parents and friends to go to the polls and vote to retain the Dean Law as a protection for the young people of today and the years to come.

B. We resent Mrs. Franklin D. Roosevelt's statement in which she is reported to have said that the girls of today must learn their capacity for alcoholic drinks if they have hopes of reaching the White House. We believe such a statement is unworthy of any

Why the Schedule Was Changed in Campaign For Typhoid Control

The change in the schedule of the Typhoid Inoculation campaign which was announced last week came about because of the apparent fact that there is going to be much typhoid this year. Already there are five cases in the county. Many of the sections of the county would not have been served for almost a month had the schedule not been changed. It is hoped and urged that every person who is not immune will take advantage of the extended opportunity. The current week will be the last time when anyone can take the first shot.

Mrs. W. O. Pharr has been engaged as the nurse. She is a graduate of the Providence Sanitarium's School of Nursing and has had several years of experience.

WORK ON HIGHWAY 36 TO JONESBORO HAS BEEN STARTED

According to the Hamilton papers, work has been started on Highway 36 east to Jonesboro from the east end of Main street, Hamilton. Owing to the fact that the sums of money allotted for construction work is divided up into such small sums it makes the work slow.

Workmen have reached a point two and one half miles east at an expenditure of funds amounting to \$7,500.00, leaving \$2,500.00 for carrying on the work probably into late July or August.

While it seems that the work is proceeding very slowly, still, if the State Highway Department appropriates additional funds for the construction or improvement of Highway 36, the road will be ready for a long stretch of travel by fall.

Mrs. J. O. Potts and children spent last week end in Hico.

Jack Wollard, super salesman for local and city merchants, is with us again, stating business in Cow Town where he's been is bigger and better. Making the rounds, also, we encountered Mrs. Frank Lam of Oglesby, pressing the needs of a friend in the County Superintendent's office. Miss Eleanor Sawyer, late of Detroit and a demonstrator here this week is the woman's friend in these parts, while she is here. She tell's 'em things about—well, you know. Jim Hooper, who's been on a Clean-Up campaign in the banks as long and longer than we can remember, stopped us for a few words today. Pinch-hitting for Lorene Moon, is Francis Voss, who's going to help "Charlie" record those long legal documents. Lorene's got a "posh" with E. T. Nagle, Soil Erosion Conserfationist in Lindale, and here's good luck to her.

Reformatory Inmate Drowns in Leon River Jumping Three Times

George Powell, 16 year old negro inmate of the State Training School for Boys, who was to have been released in a few days, jumped in the Leon River three times Friday before he finally exhausted his rescuers and drowned.

Powell, who could not swim, plunged into the deep water of the river. Experienced swimmers succeeded in pulling him out. Again he jumped in—only to be saved. Perseverance was Powell's creed. Again he jumped in—this time he succeeded. Searchers are still looking for his body.

HORNET'S CLUB MEETS TO DISCUSS IMPORTANT MATTERS TONIGHT

Members of the Hornet's Clubs, both of them are to have a special meeting at the gym tonight at 8:00 p. m. at which time important matters concerning the proposed lighted athletic field will be ironed out.

Special invitations are extended to all sport-minded fans and football enthusiasts to be present.

MARY HUFFMAN OPERATING BEAUTY SHOP

The many friends and former patrons of Mrs. Mary Huffman will be pleased to learn that she is now operating her own beauty shop, located in the Pollard & Coward Barber Shop.

An ad announcing her formal opening today will be found in another column of the News. Mrs. Huffman has had many years experience as an operator.

YOUNG QUEEN AND BOY FRIENDS VISIT DIXIE

A young queen accompanied by about 1,000,000,000,000,000,000,000,000,000,000 boy friends, some loafers and some hard-working sons of the pods and flowers came to town the last Sabbath on a spree.

The "gal" wanted some gas to take the boy friends riding on the lovely Sunday afternoon, so she "parked the body" at the Dixie Service Station, so we're informed, and proceed to try to find one Hazen Ament, Hazen had changed climates. They decided to rest, attaching themselves on one of the plate glass windows usually kept so clean. Some of the boys, the working ones, had a sweet sticky substance with them with which they had bated the queen and promptly left it on the front plate glass.

Finally tired of waiting they saw a passing car and became attached to it moving from there to G. K. M. (going governmental).

Anyway, this bedtime story is about bees, and Hazen had to clean off the window, or gather the honey.

Sheriff Joe White to Receive \$100 Reward For Arrest of Two Men

Sheriff Joe White will receive a \$100 reward for the arrest of two Coryell county men who stole six wheels, including tires and tubes off a LaVega school bus in McLennan county. The School Board of that institution offered the reward for the arrest and conviction of the thieves.

While in a local drug Friday evening Sheriff White noticed from a Waco paper that the wheels had been stolen, but got no clue on the men until Saturday morning when a local filling station operator phoned him, stating that two men had been at his place of business in the interest of selling some truck wheels.

Mr. White began immediately to put his deputies on watch for the men and located them in Gatesville. However, they held their tongues more or less and had little to say, and denied ever being in the local station. Not trying to force the men to talk, Sheriff White sent his deputies to their adjoining farms near Oglesby, where they happened upon the six tires, tubes and wheels valued by Mr. White near \$200.00.

Mr. White expressed his appreciation for the co-operation of the filling station operator extended him in arriving at the arrest, also stating that he would have made the arrest just as soon had their not been a reward offered. In regard to the reward, he stated that those aiding in the arrest would receive part of it.

The men were turned over to McLennan county officials and one has made a statement regarding the theft. McLennan county officials have made another arrest of a man implicated in the stealing.

A News representative upon asking the Sheriff as to how his business was, he stated the past week end was a little quiet, however two men, narcotic addicts were picked up in Gatesville Sunday, he added.

SEED LOANS ARE READY FOR FALL GRAIN CROPS

According to Walter G. Moore in charge of the Federal Seed Loan Department, he has received blank forms on which applications are to be made for summer following and seeding land for fall wheat and oats.

Farmers interested in securing loans for this purpose should call at Mr. Moore's office located on the second floor of the county court house.

SCOUTS MEET AT CORNER OF LUTTERLOH AND MAIN FOR TRIP

Friday of this week, a meeting is called of all scouts and scoutmasters for a trip to Tharp Springs near Turnersville. They will meet at the corner of Lutterloh and Main streets between five and seven o'clock.

Each scout should have his eats, such as eggs, bread, potatoes and other things with him. Those who intend to register are also asked to be present.

DUSTING COVERS — OF — TEXAS HISTORY

The rousing cheers the soldiers gave could have been heard almost a mile away. General Houston had just made a powerful and inspiring speech to them. Urging them to give the best they had, and to fight for liberty of Texas, he had ended with the words, "Remember the Alamo! Remember Goliad!" Wild with enthusiasm, the Texans felt that they could conquer any number of Mexicans.

Santa Anna was trapped near Harrisburg. Baker had rejoined Houston's army, but Martin was guarding families in Trinity against the Indians. Deaf Smith brought in some captured messengers at Buffalo Bayou on April 18, and from the information they carried, Houston learned that Santa Anna was

in front of his army.

The historical San Jacinto field was reached on the morning of April 20. All night the men had crossed the deep and treacherous bayou in frail boats or on improvised rafts. The rains had ceased, leaving the landscape one of fresh beauty and greenness. Summer grass was springing up everywhere; the trees were budding, and the softness of summer breezes filled the air. In front of the Texan camp was a prairie, treeless except for the two clumps of live oaks a few hundred yards away. Farther on were the Gulf marshes of San Jacinto Bay, undesirable with their swampy earth and atmosphere.

Santa Anna was in a trap. He knew it and the Texans knew it. His only way of escape was by the Texan camp. A small Mexican force preceded him, and had one encounter with the Texans which resulted in the retreat of the Mexicans. Mirabeau B. Lamar was in the

skirmish that afternoon. His quick, sure fire and skillful maneuvers were responsible for his being placed in command of the cavalry the next day.

The twenty-first day of April, 1836, was perfectly beautiful. A clear sky, the freshness of life, and smell of the earth put pep into the soldiers. They were impatient for the conflict to begin. All night the Mexicans had extended their lines and made fortifications of packs and baggages, with one opening for artillery. At 9 o'clock that morning Gen. Cos arrived with 500 men, making Santa Anna's force about 15000. Before sundown the Battle of San Jacinto was fought, with the Texans victorious.

The occasion for the observance of Texas' Centennial in 1936 had been achieved.

IN MEMORY OF UNCLE CLAY SLONE

Tuesday morning, June 18, Uncle Clay's spirit took flight and returned to God who gave

it. In his passing our community lost one of its best citizens and oldest pioneers, a man that had helped develop Coryell county and make it a better place in which to live. Uncle Clay was born in the state of Alabama June 10 A. D. 1848 and had reached the ripe age of 87 years one week and two days.

In the year 1868 he removed to Texas where he has resided continuously ever since until his passing. Uncle Clay united with the Baptist church early in life and was a regular attendant of his church as long as he was physically able to attend its services. He was devoted to the study of the scriptures and had memorized many chapters of the New Testament. It was his desire to live close to his Saviour and attain that goal, a home in that better Kingdom there to dwell with his Master forever where there will be no more sickness, pain or good byes.

It was my good pleasure to

be intimately associated with Uncle Clay in his declining days. I visited him often and read much of the Bible to him. I know that God was uppermost in his mind. He tried at all times to practice what he taught others. His was a beautiful character going about doing good to his fellow man; was always cheerful and generous to a fault, ever ready to aid those in distress. He was a friend of man by the roadside ever ready to assist those in distress financially and otherwise. He was appreciative of what his friends did for him and never forgot the least favor that was bestowed upon him and numbered his friends almost by his acquaintances.

I deeply sympathize with his family in his passing and may they emulate his life in their living. I feel that I am a better man and citizen by having been so closely associated with Uncle Clay. Peace to his ashes.

By a devoted friend.

Will T. Caruth.

ON TEXAS FARMS

Minnie Fisher Cunningham
Extension Service Editor
A. & M. College

"Cut out the old dewberry and blackberry vines now," says J. F. Rosborough, extension horticulturist. "Leave three or four of the new canes and when they get about three feet or a little better, top them," he says. "All this makes for increased production next year. Also, picking will be easier."

Tomatoes are suckering too much, due to recent rains, Rosborough states. The thing to do is to pinch back all except three or four suckers and when these have a cluster of fruit pinch their tops off so all the strength of the plant will go into development of quality tomatoes.

Old railroad ties for posts with two strands of wire run between two and four feet above the ground doubled the yield of berries were trained to grow on Morrow in Marion county. The berries were trained to grow on the wires. Morrow has been able to sell all that he grew and is increasing his patch to an acre.

If the rows in her garden were laid end to end and 334 more feet were planted, Hilda Thielman, second year club member of the Lamar Girls' Home Demonstration Club in Fort Bend county, would have to hoe one mile of garden. She has reported 366 feet of dewberries, 488 feet of tomatoes, 1026 feet of leafy vegetables, 2476 feet of other vegetables, and 488 feet of peanuts, making a total of 4846 feet. To date she has gathered 44 lbs. of fresh vegetables and 21 gallons of berries for use at home.

Mount Pleasant—By doing extra pasture improvement work such as mowing weeds, cleaning out brush and sowing permanent pasture seed on 15 acres, J. L. Hess Jr., 4-H club boy from Old Union community in Titus county, figures that he increased the grazing capacity

of his pasture enough to give pasturage for five cows. He estimates that this additional pasturage is worth \$60 to him for the past year.

Refugio—W. G. Keillers, Refugio county, bought 155 Silver Lace Anconas in February, built a brooder house and stoves at a cost of \$2.00 and raised 152 chicks to frying size.

The brooder house including the floor was made from scrap tin. A trench big enough to hold two bracket lamps for heat was dug under the floor. The floor was then covered with two inches of sand which helped hold the heat. Midway of the house, between the back and the door, Keillers hung a pair of old wool trousers to help retain the heat in the back part. The two lamps were kept burning 24 hours a day at a cost of a few cents a week.

Marlin—Pastures are one of his best paying crops, according to C. D. Stone of Blevins community in Falls county.

Last fall Stone planted four acres of rye grass along with oats for winter grazing. The freeze during February killed the oats, and Stone thought the rye grass was also killed, but in March and has furnished grazing for eight head of work mules this spring. The rye grass made a heavy dense sod which permitted grazing even in wet weather on black land. It is making seed now and Stone plans to harvest these and increase his acreage of this grass for pasture another year.

He has also planted 40 acres to sudan grass for summer pasture and is grazing 40 head of yearling steers on it. He plans to feed these cattle a light feed of meal through the summer and finish off on grain for the early market this fall.

Pearsall—Progress from a yard thickly set with black brush to one which is showing excellent shrub and tree arrangement in much less time than a year has been made by Mrs. J. T. Preston, yard improvement demonstrator for Dilley home demonstration club, according to Marie Neff, Frio

county home demonstration agent.

In the fall of 1934, Mrs. Preston started work of clearing the yard preparing for planting. She now has her yard planted according to a well made plan with one screen planting which will hide the view of barns, 22 trees consisting of elms, ash, crepe myrtle, mock oranges, persimmons, figs and apricots. Also, in interesting groups around the house and in corners of the yard, Mrs. Preston has 12 native shrubs well started which she transplanted from pastures consisting of senisa, mountain laurel, nandina and native fern. She was far sighted in setting these shrubs out in that she allowed space for growth of the shrubs so they will not crowd too much when they have reached maturity. In addition the Prestons have planted shelter from the sun for their chickens by planting seven trees in the chicken yards, consisting of elms, mulberries and hackberries.

Crowell—A combination bookcase and writing desk is declared by Mrs. S. E. Tate from Foard county to be the most useful piece of furniture that she has ever owned. The desk was made from an old folding bed which had been discarded years ago. It was found that the wood was solid oak. The desk was made with shelves for books

above a drop leaf which forms a convenient writing desk, with pigeon holes for stationery and pencils. Two small drawers held papers. Mrs. Tate sanded and refinished it in natural color.

College Station—"There is little truth in the idea that AAA work, which has fallen on the shoulders of county agents, has taken up so much of their time that regular Extension work has suffered," George W. Johnson, extension district agent of district 8, said last week. "On the contrary, the Agricultural Adjustment programs have fitted into Extension work so well that the number of demonstrations has increased in many of the divisions," he stated.

Plans for the current year's work in demonstrations in district 8 and comparisons of a past year's plan show facts to back up Johnson's statement. In 1931, before AAA work started, 6,358 demonstrations were given. The plans for 1935 list 6,459 demonstrations to be conducted during the next year. Figures on other demonstrations indicated that Extension work is being carried along at normal speed regardless of all the AAA work being done. The crop adjustment programs which have taken land out of cotton production have resulted in more feed

crops raised which have made a decided increase in demonstrations of raising hogs for home consumption. This crop adjustment has also effected an increase in beef cattle demonstrations, and introduced sheep demonstrations into the district.

Terracing demonstrations as planned in 1931 totalled 511, while the plan of work for 1935 shows that terracing demonstrations have more than doubled.

By blasting the popular fallacy that the county agent's time is being taken up entirely by AAA or Federal work, this district's plan of work drew comments from Director O. B. Martin, and H. H. Williamson, vice-director and state agent of the Texas Extension Service.

A memorandum of George W. Johnson, district agent, from O. B. Martin read, "Your demonstrations planned for 1935 show a proportion that will have valuable significance. I can see where demonstrations and adjustment go along together."

H. H. Williamson wrote that, "I have been looking over your memorandum sheet giving the list of demonstrations planned in your district for 1935. This is definite evidence that the so-called 'regular' Extension work is being carried on in your district."

Summer is here and people are growing eager for fishing

And of course you will need a new swim suit to start that vacation trip on. Vacations aren't complete without some

and swimming holes to spend their vacation. But before we go we must think of some of the things we'll need.

place to swim so do stop in at your earliest date and see the swim suits at Painter and Lee's. You'll like them. They have suits for all sizes of men, women and children in all colors, and water proof caps of different styles. Painter & Lee have such a charming selection—drop in and see them.

First we must do our camping shopping. Powell's have a

Hungry big mouth fish are sticking their way to record catches this season in the spark-

complete line of camping articles. Folding cots that take up very little space in a car yet make a wonderful bed after a day of fishing and also take along a folding camp table to eat those outdoor meals on. But best of all are the new Coleman Camp stoves with "Everdur" metal tank. "Everdur" is a new patented metal with the strength of steel and non-rusting properties of copper providing long life, safety and durability. The stove which has two burners, may be folded up to the size of a small 11x17 handbag. Don't fail to see these camping articles.

ling waters of lakes and streams. Leaird's Hardware Department has just what you need to catch those fish. They are equipped with regular union fishing rods and reels, and all kinds of fishing hooks and fishing lines, which are made of strong durable materials on modern type machines by skilled workman and guaranteed to give satisfaction. Sinkers of seven weights are included in their stock.—The Window Shopper.

News Fashion Suggestion

Feminine after dark in crisp and filmy fabrics.

With the holiday, July 4th, so near, we turn our thoughts to the dance frock. They are ultra-feminine and lovely as summer moonlight. Made of misty sheers, printed chiffons, nausseline de soil, stiffened lace and net. In dark shades and sweet pea tints. For the very smart tailored evening dress use cotton pique with coats of starched lace.

Suggested by MRS. T. P. INGRAM Dress Maker and Designer for ALVIS-GARNER CO.

Gartman held high score and Mrs. Howard Franks held second high score. A lovely salad course was

served to the following guests: Mesdames Clifford Adams, D. R. Boone, Robert Brown, W. C. McConnaughey, A. W. Gartman, Harry Flentge, Howard Franks, C. L. Thompson, R. W. Ward, B. K. Cooper, Hugh Saunders and B. B. Garrett.

Mr. and Mrs. A. L. Brodie Honored With Party.

Mr. and Mrs. A. L. Brodie of New York were honor guests at a bridge party given Friday night by Mrs. Brodie's mother, Mrs. R. S. Farmer, at her home on Main street.

The chosen color scheme of orchid and green was given emphases by flowers and score pads. Mrs. Francis Johnson won high score for women. Mr. Brodie won high score for men and Mrs. Brodie was presented with guest prize.

A salad course was served to Mr. and Mrs. Troy Jones, Mr. and Mrs. Richard Moore, Mr. and Mrs. Francis Johnson, Mr. and Mrs. Clifford Adams, Mr. and Mrs. Kirby Perryman, Mr. and Mrs. B. K. Cooper, Mr. and Mrs. Ned Chapman, Dr. and Mrs. Kermit Jones, Mrs. Elgin Davidson, Mrs. Velda Bradford of Winters and Mr. and Mrs. Brodie.

Miss Margaret Gandy, Doyle Baldrige to Marry.

Miss Margaret Gandy's engagement and approaching marriage to Doyle Baldrige was announced Friday afternoon when Miss Penelope Hardin and Mrs. E. L. Stewart entertained with a tea at the home of Mrs. Stewart on Bridge street.

The bride-elect is the daughter of Mr. and Mrs. C. E. Gandy of this city and Mr. Baldrige

is the son of Rev. and Mrs. J. H. Baldrige, presiding elder of the Gatesville District of the Methodist Church.

Announcement of the wedding with the names of the young couple and the date, July 12, was found on small wedding bells on the refreshment plates.

Receiving the guests were Mrs. E. L. Stewart, Miss Penelope Hardin, Miss Margaret Gandy, Mrs. C. E. Gandy, and Mrs. J. H. Baldrige.

Miss Elaine Cross and Sammy Martin of McGregor presided at the brides book. Nasturtiums and zennias decorated the living room.

Miss Raye Virginia Rayford presided at the punch bowl in the dining room where a maderia cloth was used on the dining table on which crystal bowls of sweetheart buds were placed at each end. Crystal can-

dle holders held pink tapers. Wedding colors of pink and white were used in the menu, and pink tapers also burning in crystal holders on the buffet furnished additional light.

Assisting in the dining room were Miss Linsey Belle Dickie, Miss Mildred Gandy, sister of the bride-elect, and Miss Elizabeth Williams.

Music was provided during the afternoon by Miss Margaret Gilder piano, and Miss Beverly Chamlee vocal.

Several parties are planned for the bride-elect, dates of which will be announced.

Mr. and Mrs. Raymond Ward and Mr. and Mrs. Fred Chamlee and daughter, June Marie, visited relatives in Stephenville Sunday.

Cal Rankin has been seriously ill the past few days.

CHAPTER IV

WHAT HAS HAPPENED Nicky Kerry, in his middle thirties, handsome, a millionaire, and a confirmed bachelor, meets lovely young Kay Routledge in Monte Carlo.

NOW GO ON WITH THE STORY Monte Carlo now meant only romance to Kay. Her mother's villa, at Nice, would be more friendly, more comforting.

"Mr. Kerry and Mr. Featherstone," Mrs. Routledge turned back to Kay. "Oh, I'd forgotten. I asked some people for cocktails. I want you to meet everybody—"

In the living room, young Brian Kerry and Ozzy Featherstone helped themselves to brandy-and-soda. "My dear fellow," said Ozzy between gulps, "you're positively silly to go back to London now—with the season just starting here—"

Brian smiled. His smile was younger, yet more serious than Nicky's. "I'm not a butterfly like you, Ozzy—I'm a working man."

"I make it a point never to go to London unless a relative dies—and only then if they leave me money!" "Well, I have to go. It's business."

"Hello, you two!" It was Mrs.

and the garden, with its stone fountain and graceful cypress trees, became a part of the moonstruck shadows. As did Brian and Kay. Somewhere in Mrs. Routledge's villa soft music was playing. It stirred the senses, made them reel.

Brian spoke in a low tone. "Ever since the day I met you—in that room—I haven't been able to get you out of my mind for a minute! I should have gone back to London six weeks ago, but I couldn't stand the thought of being away from you. Darling, the truth is, I'm terribly in love with you!"

Kay smiled at him, then turned away, her eyes troubled. But Brian continued eagerly.

"All the time we've been together—well, you must know how I feel about you! You're my whole life. I—I'm asking you to marry me."

Kay hesitated a long moment. "I don't know what you're supposed to say when somebody asks you to marry him—"

"Then you will—?" "Brian," Kay spoke gently, "you're a dear—and I'm awfully fond of you. You know that—but—"

"We could have a grand life together. We'll never have to worry about money—"

"I'm not thinking of that. You're—well—you're fine and honorable—and all the things a girl would want in the man she's going to marry. I'm proud that you want to marry me—but—"

"Is there—someone else?" "That's what I'm trying to tell

"Darling, the truth is, I'm terribly in love with you."

Routledge. With her was Kay. "Darling, here are two very special young men—this is my daughter, Kay—Ozzy Featherstone. And this is Brian Kerry."

"My hat, you're beautiful!" sputtered Ozzy. He winked to Brian. "Not in such a hurry now, are you, old boy?"

And, in truth, Brian wasn't... When Nicky's yacht sailed out of the bay at Monte Carlo, Nicky was not alone. No indeed; the Countess de Legere—Margot—was very much present with her party.

"My dear Nicky—I have a bit of business to discuss with you." "Business, sir?" "I decided, when I got your telegram, that Fate must have sent you. I'm about to begin some tremendous engineering in my province—an irrigation dam that will be the largest in Asia. I'd like to have you take charge of the work."

Nicky smiled. "But I've retired, sir—"

"Wait. I need someone just like you. It's dangerous—in fever country. It calls for a man of courage and imagination."

"I appreciate the offer, but the man for you is my brother. He's been doing wonderful things. He is the genius of our firm. As for me, I'm not looking for anything so serious as work!"

"I have always felt that you could do important things in the world—if you only had the inclination."

"Aren't there enough people doing important things? To do nothing—and do it well—requires a great deal of ingenuity."

"Well—sometimes you might become bored with the pursuit of pleasure..."

"That could happen!" "If you should reconsider—let me know. Shall we rejoin the ladies?"

And that settled that! Not long after, Nicky's yacht set sail for the Riviera—home...

It was a night meant for romance. A lovely gala course...

THE ATHLETIC FIELD AGAIN

Again, we have work being done on the proposed lighted athletic field in the old cotton yard. 'Nuf Said!

You can lay anything that is done for the betterment of any city or town or community on a very few people, public spirited people.

This, certainly is commendable action, since an athletic field that is lighted practically assures its use 24 hours a day and those busy people who can't get off for the games in the afternoon will have the opportunity of seeing them, and becoming sport fans in the full meaning of the word thru the realization of this athletic field.

Along this line, besides being an athletic field, since Fair Park is to be taken by the CCC camp, the lay-out we have now will be ideal for any sort of entertainment—a rodeo, county fair or any kind of an entertainment you could think of.

All of the school equipment is paid for by the tax payers whether or not they have children in school, so why not use this physical equipment in the summer for the promotion of fairs, rodeos or anything else for the good of the public as a WHOLE. Tying up the gym, park, swimming pool and the new athletic field, we now have the physical equipment for a wonderful fair, rodeo or what not.

For instance, tho somewhat different, Madison Square Garden in New York is used for tennis matches, 6 day bicycle races, prize fights, commercial exhibitions of all sorts, horse shows, basketball games, or anything else that can pay the price.

Not suggesting that the local gym could be used for all of these, but certainly a number of them, and the financial benefit derived from these entertainments could cut taxes, or at least, finance some other improving project that the school authorities think necessary. As these properties are, they lie idle most of the summer gathering depreciation charges and old age. Anyone knows an unused car, vacant house, or even a vacant mind deteriorates more than a used one, so, we suggest using as much as possible anything the tax payers pay for so as to get the benefit of this expensive physical equipment, and also to benefit the old boys who pay the bills, you and your neighbor.

Since this property IS public property, and since it was built primarily for the use of the public—even tho for school purposes—why no let the public use it for whatever they will, as long as it DOES NOT interfere with its primary purposes, the school.

YOUNG PEOPLE SPEAKING UP

We have before us resolutions passed unanimously at the Central Texas Conference Young People's Assembly in session at Southwestern University.

They include, a resolution concerning alcohol and the Dean Law; Mrs. Roosevelt's statement in which she said girls of today must learn their capacity for alcoholic drinks; horse-race betting and other used forms of gambling; and the surprising one is against war, stating if necessary they would refuse to fight regardless of the consequences.

In the main, these resolutions are very commendable, and show to us that YOUTH has a mind and that they are beginning to assert themselves, and get out of the old rut of following their forefathers, which has always been a detriment to progress in this and any other country, simply for the reason that times and conditions have changed, and are still changing since the time our fore-fathers did their thinking and running of this old world. We advise, watch youth, they're going to do something—and very different and better!

The Waco Record carries in a corner box this slogan: "Good papers, like good men, fight for the right of the citizens."

World Comment

By JOE BURNS

DEPORT ALIENS—AND END UNEMPLOYMENT \$3,000,000 FOR CENTENNIAL CROSS' RETIREMENT

REP. MARTIN DIES of Texas, with the support of 155 organizations representing 5,000,000 persons, is planning a nation-wide campaign for legislation to deport 6,000,000 aliens as a solution of the unemployment problem in this country. Of the 17,000,000 foreign born now living in the States, over 7,000,000 have not been naturalized. Most of these are on relief rolls, burdening the American citizen with heavy taxes; others hold jobs that naturalized citizens should have.

Fifty thousand letters and telegrams have been received by Rep. Dies, who hails from Orange, and plans are being made to organize 10,000,000 native born and naturalized citizens for the drive to get congressional action on the deportation bill. According to the sponsor, at least 150 Congressmen have pledged themselves in favor of the bill, which provides that no alien can hold a job in this country that can be filled by a citizen.

In outlining the measure, Dies said that it is about the same legislation as the alien deportation laws enforced in the European countries to reduce unemployment. "I have authentic information that Germany has deported 3,000,000 aliens, and France 2,000,000." He added:

"First, it bars all immigration of pioneer immigrants who have no relatives in this country."

"Second, it makes mandatory the deportation of 3,500,000 aliens estimated of illegal entry."

"Third, it gives about 4,000,000 aliens legally in this country twelve months in which to become citizens or to go home."

"Fourth, all aliens must secure Labor Department permits to work and permits would be issued only when employers show they can't find U. S. Citizens to do the job."

Many times, dear readers, you have been urged to wire or write your Congressman or Senator to support a measure pending in Congress. In no more constructive way could you spend three cents than by writing Rep. Cross and Senators Sheppard and Connally to support this bill when it comes up for consideration before the two Houses. Demand that they support this bill wholeheartedly and eliminate unemployment in the U. S.!

Both the House and the Senate have now approved a \$3,000,000 appropriation for the Centennial, leaving final confirmation up to the President. This is the sum named in the Senate resolution by Senators Sheppard and Connally, and is what the Centennial organization has asked.

An amendment naming Vice-President John N. Garner as a member of the Federal Commission to supervise the spending of the Federal appropriation was adopted. Republicans in the House expressed opposition to the large appropriation because a statement as to how the money was to be expended had not been presented, but the

measure was passed without a roll call vote

This brings a total of \$12,000,000 appropriated for the 1936 celebration; the State had previously voted \$3,000,000 and Dallas appropriated \$6,000,000.

CORYELL COUNTY and the entire Eleventh Congressional District received with regret the news that U. S. Representative Oliver Harlan Cross of Waco will not seek another term next year. Mr. Cross is now serving his fourth consecutive term as Representative from Bell, Bosque, Coryell, Falls, McLennan and Milam counties.

Rep. Cross has been a faithful servant of the people and is held in high regard both at home and in Washington, where frequently he has advised the President on matters of importance concerning Texas.

According to a communication from W. L. Croswait of Waco, State Senator, W. R. Poage of Waco, who ran against Cross in 1934, is certain to be a candidate to succeed Cross. Others considered likely to enter the race are Senator Roy Sanderford of Belton, former County Attorney Frank B. Tiley of Waco and W. G. Gillis of Cameron.

Of interest to Coryell FARMERS will be the Centennial farm and home demonstration contest to beautify Texas farms and homes. The contest will be conducted by the co-operation extension service of A. & M. College with the sponsorship of The Dallas News and Semi-Weekly Farm News (Dallas). A fund of \$2,500 has been con-

tributed by Texas business houses to be awarded as prizes to families who develop the most beautiful farm homes between now and next June. Total money awards to be distributed will considerably exceed this amount by next year, it is believed.

The contest is open to any family living along any State or Federal highway in Texas and that includes families whose home adjoins such highways in towns of not more than 2,500 inhabitants. Women county home demonstration agents and county agricultural agents will supply additional information upon request.

An early settlement of the troublesome war debt problem with England is expected with the announcement that former British Prime Minister Ramsay MacDonald will come to Washington to discuss war debts, currency stabilization and navies with President Roosevelt.

MacDonald, who resigned June 7 to become Lord President of the Council in the Cabinet of Stanley Baldwin, will attempt to reduce the British war debt to what England terms a "reasonable" figure, which could mean lopping a billion or two off the \$4,600,000,000 indebtedness. The British government refused to pay \$85,000,000 due June 15 for interest and principal and \$379,000,000 arrears.

Out of the \$180,000,000 due Uncle Sam June 15 from European powers, only \$165,453 was received from tiny Finland, the only nation in years not to default on debts owed America.

The local Softball League will swing into action tonight at the Fair Ground. The Firemen meet the Independent crew. There are only three teams in the organization with the Firemen and Independents playing every Tuesday night; the Independents and Oilers every

Wednesday night and the Firemen and Oilers playing every Thursday night, the league promises to progress as the games get underway.

We noticed from the McGregor Mirror where that city is to have a lighted football field this year. Gatesville's project is well underway and it seems this city will have a team playing under the lights this fall. The lights will help the locals to a great extent. If we are correct, the Hornets are to play McGregor in McGregor this year, and the Bulldog fans will probably want to play the game at night. What would be better, the gates receipts will probably be doubled.

If you have read the society column you've noticed that one of the local coaches has decided to make the trip to the altar with a cupid. Mr. Doyle Baldrige is to marry Miss Margaret Gandy. In a recent interview with Coach Baldrige, he seemed a little nervous, however, very happy. We did not try to give him advice because we've never taken the trip down the aisle with a cupid into wedlock. We extend our most hearty congratulations to this young man as he walks down the aisle July 12 that will never end, and to the young lady, we express our congratulations for winning such an industrious, ambitious man.

We have but one report from the County Baseball games played the past week end. Osage won from Levita 9-6. Let us hear from some of you.

MISS ELEANOR SAWYER SHOWS LADIES USES OF REFRIGERATORS

Miss Eleanor Sawyer, Norge demonstrator at Morton Scott's for the last day today, offers unusual entertainment and instruction in the school she is conducting actual demonstrations or refrigerator use values, and preparation of delicious cold cookery recipes.

Thirty-five women were present at the first demonstration and each one received attendance prizes along with menus and other information for "Cold Cookery" which was outlined in detail by Miss Sawyer.

She finishes her assignment here today, and is a specialist in this line, having come to this sales district direct from the factories in Detroit.

Billie Worley of Taylor, who has been visiting his brother, Coach Earle Worley, returned to his home Sunday.

ELIZABETH ANN RICKETTS PRESENTED IN RECITAL

Elizabeth Ann Ricketts, assisted by Nelda June Mann, gave a varied musical program last Friday evening in the studio of Mrs. Ola Mae Parks.

Both of these pupils, who are seven years of age, and have only one year in music, show unusual ability and splendid training under their competent director.

The following numbers were rendered:

- a. Ripples, Lawson.
- b. The Spinning Song, Ellemennrich.

Elizabeth Ann Ricketts.

CHARLES ROY LEE

Funeral services were held Sunday afternoon at 4 o'clock at the resident for little Charles Roy Lee, twenty-two month old baby of Mr. and Mrs. B. W. Lee, who died at the Baptist Hospital in Waco Saturday afternoon at five o'clock, after an illness of several days.

Rev. M. M. Chunn, pastor of the First Methodist Church of this city, of which little Charles Roy was a member of the Cradle Roll Department, conducted the services. Interment was made in the City Cemetary.

Besides his parents, Mr. and Mrs. Lee, he is survived by an older brother, and sister, James Donald and Wilma Jean.

Special music, "What is Taught in the Courses?", Rev. W. P. Boyd; "Preparation for the Campaign," Rev. Brooks Sasse.

4:00 Roll call and adjourn.

YOUNG PEOPLE—

true woman and especially unworthy of the First Lady of our great nation.

2 Concerning Gambling:

A. We are heartily opposed to the slot machines placed in our public business houses as detrimental to the youth of today in that it arouses the desire to gamble as no other device can.

It is a wasteful forming habit that leads to other forms of gambling and betting. As Christian young people, we ask your support in banishing all forms of gambling machines from our state.

B. We wish to voice our disapproval of legalized horse-race betting in Texas and ask support in a stand to have the betting laws removed from our state law.

3 Concerning War:

We as young people must take our stand on the subject of war; therefore, we hereby resolve that:

A. WHEREAS, we the youth of today will be called to bear arms against the youth of other nations, and

WHEREAS, the ones who will profit by war are the munitions makers who will not fight the war they start, and

WHEREAS, we feel we have the right to live and build instead of destroying, we the young people assembled here will denounce war as wholesale slaughter and will do all in our power to prevent war and if necessary refuse to fight, regardless of the consequences to ourselves.

4 Concerning Movies: We wish to express our sincere appreciation for the Campaign to clean up the movies and do hereby pledge our support to the movement.

We urge all young people to cast their votes in carrying on this campaign by attending only those shows which are clean and morally right.
