WPA Project Details to Be Worked Out Soon By Co. Eng. Jordon

Coryell County's new County Engineer E. A. Jordon of Waco and his assisting engineer George Dewald of Copperas Cove and instrument man Eugene Spencer are at present working on a projected lateral highway between Gatesville and Turnersville, connecting up with the Jonesboro highway, or Highway 36. Other projects in process of completion are the athletic field in Gatesville and city sewage extension and others, according to Fred G. Prewitt, who was in Waco on the WPA programs yesterday.

Gatesville May Get New Federal Post Office Building Reports Say

In an Associated Press dispatch to the daily papers, the Treasury and post office departments Tuesday announced the selection of Gatesville as the location for a new federal building or post office. Three hundred-fifty public building projects will aggregate and expenditure of \$59,868,000. These projects will be financed from the \$60,000,000 emergency construction fund authorized under the second deficiency act, approved yesterday by President Roosevelt.

Local Road Men Attend WPA Meet in Dallas; 400 Judges Present

County Judge Floyd Zeigler and Commissioner Dick Payne were visitors Tuesday in Dallas where they attended a called meeting of the County Judges and County Commissioner's Association, at which time resolutions were passed asking that those in charge of the WPA in Texas be prevailed upon to make the allotment for Texas \$1143 per man instead of \$600 per man per month as it stands now. Approximately 400 County Judges and Commissioners of the state were called by Judge E. L. Pitts of Lubbock at the request of Harry Hines of Wichita Falls, chairman of the Texas Highway Commission. Members pointed out that Texas ranks forty-fifth in the amount of allotments and that Oklahoma has been granted an allotment of \$900.00 per man. The interest of the county officials lies in lateral roads, which WPA intends to build.

Albert Box Dies From Injuries Received in Crash Near McGregor

S. L. A. Box died Wednesday morning at 9 a. m. from injuries received in a crash about 3 a. m. Tuesday morning when returning from south Texas where they had been picking cotton. With him in the car was Calvin Urssery who was seriously injured. They remembered passing McGregor, and Urssery was driving and fell asleep, the car taking to the ditch, crashed into an abutment on a bridge and was practically demolished. Box's injuries included a fractured skull and numerous bruises and scratches. Urssery was very badly bruised and cut all over, and at last report was in a very serious condition.

Senator Poage's address "Texas Legislature in Action," covered the theory of checks and balances and actual steps necessary toward passing a bill.

Goss and Lacy, Houston and Dallas Experts, Testimony Conflicting

CASE IS CAUSING STATE-WIDE INTEREST

Defense in the case of Mrs. Ethel Johnson opened its testimony at 1:00 p. m. Thursday introducing its most important evidence with the testimony of the 81-year-old coroner, Eli Goodson, and the 19 year-old daughter of the defendant and Mrs. Myrtle Howard, friend of the deceased Mrs. Blankenship. Representatives for the State are District Attorney Tom Reese of Comanche, Eugene Alvis, local County Attorney, and special prosecutor Tom L. Robinson of Gatesville. Defense Attorneys are Maury Hughes of Dallas, Tom Mears and Harry Flentge of Gatesville.

Mrs. Howard's testimony was that in conversation with Burnice (Mrs. Blankenship) "Burnice said she was in trouble and when I could give her no medicine to get her out, she said she would commit suicide and kill Joe Dean (Blankenship) her husband." This was a conversation the two women had in Dallas at the home of Mrs. Howard.

J. D. Goss, bullet expert of Dallas, testified that about 50 per cent of suicide cases show signs of powder burns. Prosecution attempted to refute or break down this testimony.

Eli Goodson, aged justice-of-the-peace produced two empty .32 calibre shells which he stated were taken from the death revolver. Previous testimony was that the revolver was a .38.

Thru permission of the defense, the State recalled George Lacy, criminologist of Houston who testified that the experiments made by Goss were not fair tests.

In substantiating defense claims, Fern Blankenship, daughter of the defendant, testified that Mrs. Joe Dean Blankenship, deceased on one occasion tried to borrow \$25.00 from her, stating that "she was in trouble and needed the money".

For the State's end of the case, which was finished at 12:00 a. m. Thursday, it was brought out and alleged that a jar of peach preserves containing enough poison to kill nine persons had been sent in March 1933, with a jar of chow chow to Mrs. Blankenship and her husband Joe Dean Blankenship. The husband turned the jars over to Tom Green County officials and State Chemist W. M. Wardlaw, who also testified Wednesday, found strychnine in the preserves, he said.

Jeff Davis, the first witness called by the State testified that he was near the house when the tragedy occurred. He ran to the house and met Mrs. Johnson and her father, George

Meddick, Mrs. Johnson was weeping and exclaimed, "Why did she kill my boy?"

Mrs. Blankenship was lying with her body partially in the door of the porch and partially in the kitchen. She had a pistol in her right hand and a stick of candy in her left. He (Jeff Davis) examined the wound and found the bullet entered just above the right ear and near the base of the brain. She was dead, but Mr. Blankenship was still breathing and lived a few minutes.

Nathan McDonald said what when he arrived Mrs. Johnson placed one hand around his neck and the other around that of his wife. She was in a hysterical condition. Sam Henson was positive the gun was .38-calibre, and that two shells had been fired. Edward Tobey, handwriting expert was used to identify signatures and other handwriting. Over defense objection, the State introduced insurance policies on the life of Blankenship, with Mrs. Johnson as beneficiary.

Throughout the whole ordeal Mrs. Johnson has maintained a stoical calmness, with no apparent nervousness.

Mrs. Johnson was originally charged with slaying both her 19-year-old daughter-in-law and the girl's husband, Joe D. Blankenship, her son by a former marriage, but the charge of slaying Blankenship was dismissed in February.

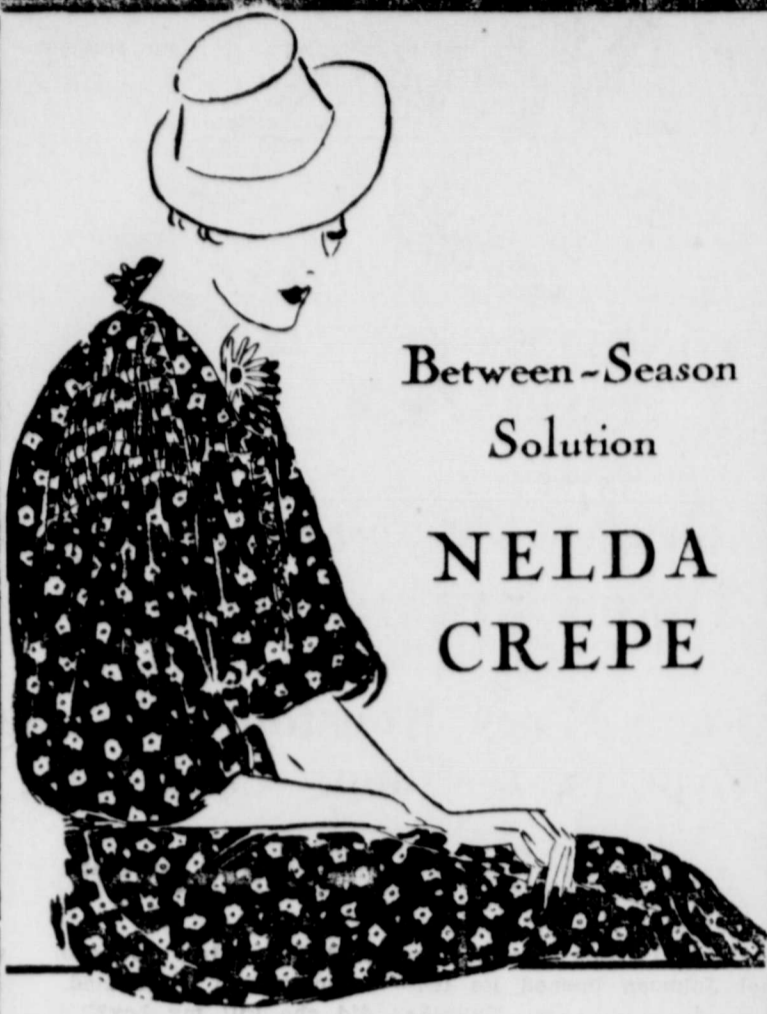

The couple was found dead in a ranch house near Antelope and Copperas August 10, 1934, and a verdict of murder and suicide was returned after an inquest.

Jurors for the case are C. A. Parsons, Dee Swift, A. B. Bennett, W. W. Mangum, Otto Winkler, J. A. Owens, E. R. Hemphill, Ernest Dreyer, J. E. Carpenter, Jr., B. Q. Woodlock, Edgar Franks and J. D. English.

PEARL SCENE OF FIRST ECW COMMUNITY MEETING MON. NITE 19TH

CORN-HOG ADVISORY COM. PLANS WORK

College Station—Officers of the Texas Corn-Hog Advisory Committee who were elected here during the 26th annual Farmers' Short Course were: J. P. Strader, Canadian chairman; J. S. Sharp, Paris, vice chairman; S. M. Ainsworth, Gon-

zales, secretary-treasurer. The committee, which acts for the approximately 38,000 corn-hog producers in 225 Texas counties, commend the national administration for its effort to give farmers parity prices for commodities and to give producers of agricultural commodities a protection similar to that given manufacturers and other commercial interests. In setting forth plans for the year, the committee insisted upon the continuation of agricultural adjustment programs and processing taxes and expressed the determination of Texas farmers to hold the adjustment programs regardless of attacks made on them. In endorsing the Texas Agricultural Association in its effort to expose the unconstitutionality of high protective industrial tariffs which have been of great damage to the interests of the majority of farmers, the committee said: "We call on all the people of Texas to assist us in our struggle for a fair deal which is of great importance to the people in all occupations just as well

as to those engaged in farming." The committee commended the corn and hog section of the Agricultural Adjustment Administration in Washington for the splendid way in which the program was carried out in Texas and expressed appreciation of the farmers to the Extension Service for the capable way in which the program has been handled. It also endorsed the actions of the members of the present corn-hog review board and the way they handled the job of allotment. The corn-hog advisory committee is composed of nine members, one from each district in Texas.

ECW

This is certainly a farmer's and landowner's year. Now, after all the government buying programs of nearly everything the farmer has, a group of highly paid specialists are here to make the farms even more productive or to see that they don't lose any of their fertility. We refer to the Erosion Conservation Work, available to farmers for a little co-operation and elbow-grease.

These men are thoroughly trained in their specialized fields and are a GIFT to the farmers and land owners. All they ask is FULL co-operation and they will put farms on a basis of a money making business, keeping the farm fertility from washing into the gulf.

Supporting these men, is the local County Agent, Guy Powell and his associates in his office. Also, in the matter of labor, the CCC authorities and sending some 250 men and boys here to the CCC camp to furnish FREE labor for this Soil Erosion Service.

With a "setup" (government word) like this, we see no reason why any farmer or land owner would not co-operate to the nth degree, and follow to the letter everything recommended by these men. Their program is solely for the farmer and land owner and if the farmer and land owner take advantage of it they are the one who gains. WE KNOW Coryell county farming interests are NOT going to turn down an opportunity like this, but are going to give their unstinted co-operation and support, so that the end result will be greater productivity and fertility of Coryell county farms.

CO-OPERATION must be the pass word if this Service is a success, and the farmer and land owner must be the CO-OPERATORS, since they are the beneficiaries. It's your opportunity, and old opportunity knocks only once! Give him full rein!

+ * * *
WPA

Another one of those "letters". Let us say in the beginning, Coryell county is doing all it can to benefit from the WPA program as fostered by the United States Government.

We are heading in the dailys where other counties are having their contracts or "projects" approved and are ready to begin on this work. Here's the situation. These other counties who have these things approved already, have had county engineers for years, who have these projects charted, blue printed, specificationed, etc., and pig-eon-holed waiting for some money to come from somewhere to put them thru, or to get them paid for.

Coryell has not been so fortunate. For that reason we urge you not to get "panic" and commence "aching" that something ought to be done here to get the benefits offered by the WPA. Something is being done by the County engineer and his staff (here for the last two weeks) and now there are city projects practically ready, and country or county projects in the making.

Lateral highways, one of the principal reasons for this program is being worked on, and now, our surveyors are preparing a project between Gatesville and Turnersville, first of the lateral highways. As soon as possible, others will be worked, and soon, we'll have relief from relief and lateral highways.

So, bear with the local authorities, as they are working in "high" to "get something done" so that we—all of us—many benefit from the WPA. It's Coming!

+ * * *
DC

Al Fay Bett, most prominent person with us now-a-days, is still with us again locally. "DC" is with us this week and has been for the past four, gathering momentum and interest with each succeeding week.

The "DA" Tom Reese and the "CA" C. E. Alvis, Jr., are bucking brains, ingenuity, strategy, and what have you, for the State against the defense "AS" while the "DJ" sits on his exalted seat, the Seat of Justice, and

settles the points of law, objections and makes court rulings galore. Handy and always ready to swear the next witness or furnish records or other material is the "DC" P. M. Post. Sheriff White, Deputy Sheriff Ritchie, bailiffs and let's not forget the really hard working "DCR" Hervey Chesley who can "push a mean pencil."

Then, there's the gallery, morbid with curious interest, unruly at times, but called to order by the "DJ". This week, in particular, it's been a "sell-out." Seats have been available only to the "early birds," and (not in derisive terms in the least) but "the Legal Shokus" is really on. A battle of wits, when Justice is at stake is a drawing card in any "DC", as it is here, especially this week.

Our statistician, in figuring, has estimated that during this "DC" session, one mile of cigars will be smoked; 100,000 unnecessary words will be inscribed on the records; 10 days will be lost in recesses; and 5 years will be lost in work by various citizens in listening to the proceedings, and 10,000 hands will be clasped by prospective candidates. No estimated pecuniary loss made. Such is "DC".

World Comment

By JOE BURNS

CONGRESS will adjourn not later than August 25 is the word being passed around in Washington. Vice-President Garner is polishing his gun and buying rod and reel. Mrs. Garner is now in Uvalde brushing up the ranch house. Washington observers say this is a sure sign of adjournment.

Both major parties want a better idea of the sentiment of the Nation. This is one of the prime factors for early adjournment. President Roosevelt is eager to start his trans-continental trip. Congressmen haven't been home for nearly eight months now. How do the people back home feel? What do they want? By the next session they will know and Roosevelt will have more and Roosevelt ter support than at this session—depending on how the people back home feel.

The Republicans are jubilant over the Rhode Island victory, in which a Republican, running on the slogan "Repudiate Roosevelt," defeated a New Dealer by 10,000 votes, carrying districts Democratic since Harding's time. The New Dealers refuse to concede that the defeat had any national significance. New England Democrats contend that the processing tax has created antipathy in their section against Roosevelt. New England feels the pinch of the processing tax compelling manufacturers to pay for the privilege of changing cotton into cloth. New Englanders feel that they are on the paying end of farmers' benefits.

The Rhode Island by-election appears to support these reports that the New Deal is slipping in the northeast. Rhode Island has been safe Democratic territory half a dozen years. It was among the handful of Al Smith states in 1928. Roosevelt swept it in 1932. Last year the state government and the municipal administration of Providence, largest city in the State, fell into the hands of the Democrats.

If Roosevelt is losing the north and east, he must look to the agricultural south and west for support next year. The AAA has kept the farmers in the fold and they will probably stick next year. In the east and south, however, Roosevelt must fact hostile party leaders. All of the New England bosses are cool to the New Deal. Ely and Curley of Massachusetts,

Copeland and Al Smith of New York, Tydings of Maryland, Neely of West Virginia, Moore of New Jersey and other eastern leaders are openly anti-Roosevelt.

The same situation must be faced in the South. There, Talmadge of Georgia and Long of Louisiana are violently against Roosevelt. Talmadge has announced that he intends to be a candidate for the Democratic nomination, but Mr. Roosevelt has lately been attempting to woo him in. The view of political observers is that the Administration has accepted the challenge of Long; they will

fight it out to see who dominates the old "solid South." Enroute west on his trans-continental tour, the President will speak in Arkansas in behalf of his Senate leader, Joseph T. Robinson, who is up for re-election next year. On the surface this may seem like routine, they say in Washington, but there is much back of it. Huey Long has declared war on Robinson; he has threatened to go into Arkansas to carry on the war in 1936. The Kingfish went into Arkansas once before and is credited with aiding the election of Mrs. Hattie Caraway to the Senate. So Robinson and Roosevelt will wage war against Long.

Long will go to the Democratic national convention next year with the support of the Louisiana delegation. Another group will be there seeking to "stop Roosevelt." In Maryland, they are talking of sending a delegation to the convention dominated by ex-Gov. Albert Ritchie, a "stop Roosevelt" delegate in 1932. Since Carter Glass, a candidate for re-election who has opposed the New Deal as much as he has supported it, will be out on a limb if his State indorses Roosevelt, Virginia is thinking of sending a complimentary Glass delegation. Massachusetts, with both major Democratic factions off the reservation, scarcely is expected to send a Roosevelt instructed delegation. And Ohio, after Democratic Governor Da-

MOUND TEAM COUNTY BASE BALL CHAMPIONS

MOUND DEFEATS JONESBORO TWO CONSECUTIVE TIMES TO CINCH CHAMPION OF COUNTY ORGANIZATION.

Mound defeated the Jonesboro aggregation Tuesday, 5-3, and Wednesday 6-0, before a large crowd of baseball fans at the State Juvenile Training School to win the championship of the County Baseball League.

Jonesboro won the Saturday division of the county organization without much opposition, and Mound went into a play-off with Hubbard to decide the winner of the Sunday division, winning from Hubbard two out of a three-game series. Mound opened the three-game series Tuesday with Joe Whigham, strong hurler in the box and B. G. Anderson, mainstay of the Mound club, behind the plate, and the batteries did exceptionally well, allowing Jonesboro only a few hits. In the game Carl Liljedahl, ace hurler of Jonesboro, was above par and held the Mound team better than was expected, with Walker behind the plate.

The game Wednesday was somewhat closer than the score indicates. With Joe Evans in the box, Jonesboro had more opportunities to score in the game than the one Tuesday. Jiggs Drake took the box for Jonesboro Wednesday and did fair pitching as usual. Walker

caught for Jonesboro Wednesday and Lowery caught for Mound.

MOUND TO PLAY STATE AT TRAINING SCHOOL ON SATURDAY

Mound, the team winning the County Baseball League Championship, will meet the State Training School team at the Training School Saturday afternoon at three o'clock.

The Training School club was a member of the County Baseball League in the Saturday division, however, not being very consistent, the team failed to enter the semi-finals of the organization.

ALL-STAR TEAMS TO PLAY THREE-GAME SERIES NEXT WEEK

So much interest has been manifested in the County Baseball League that Frank Blair and Virgil Lockhart, two members of the Arbitrary Committee have decided to coach and are promoting three games to be played on Tuesday, Wednesday and Thursday of next week.

Each manager has a list of eighteen players who are requested to be at the Training School by 2:30 on the date of playing for a work-out before the game which is scheduled to start at 3:30 promptly, and to bring their equipment. The

balls will be furnished for the games. The game will have three umpires, George Ensul, Pete Patterson and Virgil Jones.

Lockhart took his men from the Saturday division which are as follows; P. T. Lemmons, Jiggs Drake, Frank Morgan, Carl Liljedahl, and "Mose" Walsh of Jonesboro; Hooley Harrell, Orville Jones, Louis Baker and Miller of Turnersville; Johnnie Bell, Red January, Paul Newton and Virgil Lockhart of Pidcoke; Si Bellamy, Jack Barton, and Earl Morton of the Training School; Chris Clark and Eric Weigand of Plainview.

Manager Blair has picked the following men from the Sunday division; Joe Whigham, Buddy Whigham, Joe Evans, B. G. Anderson, Cecil Hodge and Jack Thornton of Mound. C. L. Kirby, Pat Olsen, Kenneth Hedgpeth and Don Chambers of Liberty. Curtis Smith, Bailey Smith and Berkley Laxson of Purlmela; Red Sheffner and Jayroe of Osage; Roy Evetts and V. L. Botkins of Hubbard; and Connally Miles of Levita.

LOCAL SOFTBALLERS LOSE TO TEMPLE CLUB

The local all-star softball players lost to a Temple team here Wednesday night 15-1. Still impressed with the 26-6 defeat they suffered in Temple recently the Temple club took no "pitty" on running up the largest score piled up on the locals in many moons.

Out of practice, and considerable stale, the local team, composed mostly of Firemen, were far below par throughout the contest.

The same local team played the Copperas Cove Club here last night.

GOLF TOURNEY TERMINATES HERE SUNDAY

The golf tourney composed of golfmen from Hamilton, Hico, Stephenville and Gatesville, that has been underway for some weeks, will terminate here Sunday with men from the above named towns participating.

Stephenville seems to have the inside track on winning the tourney with Hico also a strong contender. Teams have played

on all courses twice before except the local course which will be second appearance here Sunday.

FORMER LOCAL NOW CHAMP WRESTLER OF CANADA

George "Dobie" Osborn, formerly of Coryell county, recently won the heavy weight wrestling championship of Canada, according to his father, Jim Osborn. George is now in New York.

NETTERS SHOW WELL IN STATE MUNY MEET

Gatesville, represented in the State Municipal Tennis meet was well represented by Neil Kirkpatrick and Dave Culberston, Friday, Saturday and Sunday last week.

An unlucky draw for places ended their attempt early, since Kirkpatrick, playing singles drew the No. 1 Seeded Man who captured the cup in Junior singles easily. The score between these two was 6-1; 6-3.

In the doubles, Kirkpatrick and Culberston lost to Glenn and Turner of Waco, No. 2 Seeded players, 6-2; 6-3.

For Dinner... \$1.50 to Spend!

DO you remember when you were called upon to do mental arithmetic in school, and had to do the sums rapidly in your head? That's something like being confronted with the necessity of producing a good dinner for six people when you are down to your last dollar and a half.

Or perhaps, because the problem is so confusing it's more like the experience of Lewis Carroll's Alice with the Red and White Queens when she found her way through the Looking Glass:

"Can you do Addition?" the White Queen asked. "What's one and one and one and one and one and one and one and one and one and one?"

"I don't know," said Alice. "I lost count."

"She can't do Addition," the Red Queen interrupted. "Can you do Subtraction? Take nine from eight."

"Nine from eight I can't, you know," Alice replied very readily, "but—"

"She can't do Subtraction," said the White Queen. "Can you do Division? Divide a loaf by a knife — what's the answer to that?"

A Dietitian Knew the Answer

Yes, the problem is decidedly more like Alice's, and that is the reason why we asked a dietitian to suggest a good dinner that could be served for approximately a dollar and a half. Here's what she suggested, together with the approximate cost of the various dishes. Of course they wouldn't cost exactly the same in every city and town in the country, but they'd come pretty close.

- Tomato Soup 14c
- Cold Cuts 50c Potato Salad 29c
- Buttered Summer Squash 12c
- Cracked Wheat Bread and Butter 12c
- Cherry Tapioca 25c
- Iced Tea with Lemon 3c

And that adds up exactly to a dollar and a half whether you do it in your head or write it carefully down on a slate.

Here Are the Recipes

Of course you already know how to make most of these things, but here's the way to extend a can of tomato soup so that it will serve six people, and the recipe for the dessert.

Tomato Soup: Combine one can tomato soup, two cups water, half a chicken bouillon cube, salt and pepper, and bring to boiling. Add a pinch of soda. Pour this very slowly into one-fourth cup scalded cream, and serve at once.

Cherry Tapioca: For this recipe you use half of the fruit and all the syrup from a No. 2 can red pitted cherries. The remaining cherries can be used in a salad the next day.

Add one cup water to one cup cherry syrup, bring to boiling, add four tablespoons minute tapioca, place in double boiler and cook fifteen minutes, stirring often. Add two tablespoons sugar and a few grains salt and pour the mixture slowly into two beaten eggs. Return to double boiler and cook one minute longer. Add half the cherries from the can, turn into glass dishes and chill. Serve with top milk or thin cream.

YOU DON'T
HAVE TO "BREAK IN"
THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip — to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

H. J. HUNT

Funeral services were held at the Fletcher Cemetery Monday afternoon, August 12, at 4:30 for H. J. Hunt who died Sunday afternoon, August 11, at 6:00 at the home of his nephew, A. R. McLaughlin, on East Main street. Rev. C. A. Morton, pastor of the First Baptist Church of Gatesville, conducted the services. Mr. Hunt had been in ill health for several months, although not the cause of his death, his condition was lowered when he fell from a truck November 11, 1934.

Mr. Hunt was born near Gatesville October 26, 1887. For the last several years he was utility man for an evangelistic party.

He is survived by Mrs. H. J. Hunt of Palestine; father, J. F. Hunt of Jonesboro; one sister, Annie McLaughlin of Jonesboro and two brothers, Jim of Coryell City and Ruel of Mosheim.

Life at West Point

By CADET BRYAN ARNOLD

RECREATION

All work and no play makes Jack not only a dull boy, but also a very unruly boy. Hence, the authorities at West Point, in order to make their disciplinary problems easier, have given the cadets definite periods for play. One of these periods, called "release from quarters," comes in the afternoon and is a welcome relief after six hours of class work.

During the week, except on two afternoons when drill is held from 3:15 to 4:15, release from quarters begins at 3:00 o'clock p. m. and lasts until supper formation at 6:15 p. m. This free time may be spent in various ways. Most of the cadets indulge in some sport during this period. Golf, tennis, la crosse, football, baseball, hockey, track, basketball; in fact, practically all sports may be participated in according to their season. During release from quarters the cadet may also attend meetings of the various authorized clubs. The chess club, debating club, magic club, and the cadet orchestra are popular diversions. Then, of course, the library that houses mementos of colonial America side by side with the latest best sellers, always offers a means of happily passing an afternoon. To the person who likes to slip away from the crowd and commune with nature, an afternoon's walk through the hills that rise majestically around West Point, offers a pleasant pastime. Or, if he can find a girl, two may walk as cheaply as one.

Week-days, however, are largely the time for work and the real period of relaxation is the blessed week-end. Classes last until noon Saturday, then immediately after dinner comes the weekly review and inspection of arms and equipment. This inspection is usually over by two o'clock. After inspection, the cadets are free to attend any of the numerous athletic contests scheduled for Saturday afternoon. But woe to those who were reported at inspection for dirty rifle or a similar delinquency, for they must attend a second inspection forty minutes after the first one. Fortunately, the majority of cadets are free to go to the athletic events. In the fall, football occupies the Saturday afternoons. In winter, the sports such as boxing, wrestling, gymnastics, and swimming draw the pleasure-seekers to the gymnasium. In the spring the track meet, base ball games or the lacrosse game may entertain the cadet and his girl if he is fortunate enough to have one visiting him.

Saturday night offers a moving picture show and a dance, or "hop" as it is called. The cadets who are not escorting usually attend the movie and then, if they choose, go "stag" to the hop after the show. Cadets and their girls may also go to both the movie and the dance, or they may wish to confine themselves to only one of these amusements during the entire evening. At the dance there are usually too many boys per girl with the result that the attractive girls experience an unusual popularity. The dance ends at twelve, midnight, and there can be no lingering walks in the moonlight, for Mr. Cadet must escort his girl straight home and return immediately to barracks.

Sunday morning is free from 9:00 to 10:45. At 10:45 the whole corps has to form and

march up the hill for chapel services. The girls usually like to attend chapel (in contrast to the cadets) and after chapel the cadet may eat dinner at the academy hotel with his girl after which he is free to show her around the reservation. He may also eat Saturday night supper with his girl at the hotel; but the cadet is here at the girl's mercy for she must pay for his meal if he dines with her. Cadets are not allowed to have money; hence cannot pay for anything at the hotel. Sunday afternoon is an appropriate time for a stroll down Flirtation Walk or for informal dancing at the hotel. In the summer, a plunge in Delaffield Pond, West Point's swimming pool, may be agreeable. All too soon, comes parade at 5:30 p. m.; it is designed, I like to believe, to repay the girls for the expense of their visit to the Point. After parade, there is just time enough to bid one's girl good-bye and hurry to supper formation. At this formation one may read on the faces of the cadets their feeling of half sorrowful contentment that another week-end has passed. As the succeeding rank of gray filter in the mess hall, the eyes of the silent girls, watching from the gloom, express their lament that our work must begin anew.

REUNION OF TURNERSVILLE EX-SENIORS

The '34 and '35 ex-seniors of Turnersville High School went on a camping trip to Pecan Grove August 7, 8 and 9. Those present were Lillian Garren, Lucille Short, Syble McClendon, Beverly Basham, Frankie Belle Wright, Earnestine Rowe, Henrietta Schofield, Louise Garren, Marguerite Pancake, Duane Hobin, Orville Jones, J. T. Williams, J. D. Morgan, Ortin Lee Wright, Weldon Spradley, Herman Faust, J. T. Garren Jr., Ralph Coltharp, and H. C. Greenfields of Dallas; Miss Erine Carroll, Miss Florine Hollingsworth and Mr. and Mrs. Burnice Hardie were chaperons.

Everyone had such a grand time that an ex-senior association was organized for all ex-graduates of Turnersville to meet twice a year. Ralph Coltharp was elected president, Henrietta Schofield, vice president, and J. T. Garren Jr., secretary and treasurer. Committees were selected to help with the organization.

World Comment—

vey's fight with Relief Administrator Hopkins, may swing against the New Deal at the convention.

Roosevelt will attempt to eliminate some of this dissension within his party on his cross-country tour. He realizes the anti-New Deal Democrats may be necessary for his reelection next year. Help will come from former Republican ranks whether these dissident Dems balk or not. Progressives like Mayor LaGuardia of New York, Floyd Olson, Farmer-Labor Governor of Minnesota, and Sen. Bob La Follette have washed their hands of the third party idea. If they are not satisfied with the Republican candidate, they will join George Norris in support of Roosevelt.

Frazier Hunt, eminent magazine writer and political observer, has just completed a tour by motor through the dust-covered roads of thirty-three representative States, seeking the opinions of "the greatest and the humblest" on present day conditions. Into his ears fell willingly the opinions of a cross-section of American life—a Government official, a West Virginia relief worker an Ohio gas station man, an Indiana store-keeper, a Wisconsin farmer, a Minneapolis editor, a California bootblack and, of course, many others. From them he obtained these outstanding impressions:

Huey Long has lost two-thirds of his strength in the last six months.

"The magic that was Father Coughlin is greatly lessened.

"The threat or promise of a strong third party in 1936 is a myth.

"The Supreme Court decision ending the old NRA did little harm to F. D. R.

"Three-quarters of the farmers affected by the crop-reduction are for the AAA.

"The average citizen fears the Republican Party has neither a cause nor a leader.

"The unreasonable bitterness against Hoover still largely persists.

"The 'Haves' are turning against Roosevelt on account of

Another Relief Problem!

higher taxes, but the 'Have Nots' are unconcerned.

"Veterans' resentment against the bonus-veto is already lessening, and probably by election will largely disappear.

"For the great mass of common citizens, Roosevelt no longer has wings, but they still look upon him as the one man who is daring to try to help them all."

---AND SUDDEN DEATH

THE TERRIBLE INJURIES OF MOTOR CAR MISHAPS

Cracked pelvis, for instance, guaranteeing agonizing months in bed, motionless, perhaps crippled for life—broken spine resulting from sheer sidewise twist—the minor details of smashed knees and splintered shoulder blades caused by crashing into the side of the car as she goes over with the swirl of an insane roller coaster—and the lethal consequences of broken ribs, which puncture hearts and lungs, with their raw ends. The consequent internal hemorrhage is no less dangerous because it is pleural instead of the abdominal cavity that is filling with blood.

An enterprising judge now and again sentences reckless drivers to tour the accident end of a city morgue. But even a mangled body on a slab, waxily portraying the consequences of bad motoring judgment, isn't a patch on the scene of the accident itself. No artist working on a safety poster would dare depict that in full detail.

Publicizing the total of motoring injuries—almost a million last year, with 36,000 deaths—never gets to first base in jarring the motorist into a realization of the appalling risks of motoring. He does not translate dry statistics into a reality of blood and agony.

MORROW AND TRAMMELL FAMILY REUNIONS

As had been previously arranged, the Trammell and Morrow families met on August 2, at Dooley Park, Ireland, to hold their annual reunion.

Most of the two families were represented by some of their members and a few were all present.

Heading the number is Mrs. S. E. Morrow, 86, who is a great great grandmother, and quite active for her age. The following are names of her children present which includes their children and grand children: R. O. Morrow, Dallas; A. N. Morrow and family, Munday, Texas; J. R. Morrow and family, Rising Star; Mrs. G. T. Brashear and family, Atwell; Mrs. O. F. Trammell and family of Hamilton; Mrs. L. M. Trammell and family, Gatesville; Mrs. J. B. Scott and family, Gatesville; Mrs. Geo. Brashear a daughter of Hereford was not present.

The Trammell sons and daughters together with many of their children and grand children were present except one, Basley Trammell of Pidecke; namely: Mr. O. F. Trammell and family of Hamilton, Marvin Trammell and family of Gatesville, Wilbur Trammell and family of Jonesboro, Barney Trammell and family of Lampasas, Mrs. Joe Clem and family of Killeen, Mrs. P. T. Brookshire and family Tama Star Rt., Mrs. Len Kemp and family of Pidecke, Mrs. J. R. Morrow and family of Rising Star, Mrs. Sam Dyer and family of Gatesville, Mr. Marcus Trammell of Fort Worth, a cousin of the Trammells.

We wish to mention the names of persons who are kin

of these two family; Rev. and Mrs. C. G. Brashear and grand daughter of Killeen, Mrs. S.leen, S. N. Foster and family Mangram and daughter of Killof Atwell, E. F. Maddox and wife of Atwell, Mrs. J. T. Brashear of Gatesville, Mr. and Mrs. Barney Colvin and three children of Gatesville, Mrs. John Dyer of Gatesville, Mrs. Julia Stevens, sister-in-law of Mrs. S. E. Morrow also her two sons, Nelson and Delbert, and daughters, Mrs. Ellen Shaw and Mrs. Pearl Van all of Copperas Cove, Mrs. Sallie Kemp of Pidecke and Mrs. Miller of Lampasas.

Last but not least, is a list of friends which we welcomed gladly:

Miss Hattie Catlett of Evant, Miss Qwata Morris of Hamilton, Mr. Bill Hopson of Gatesville, Mr. Raymond Franklin of Munday, and Mr. A. Kleberg of Ft. Worth. We would like to mention names of each individual present even down to the fourth generation but space forbids.

Those coming the greatest distance were A. N. Morrow of Munday, Mr. and Mrs. Harvey Gilbert of San Angelo and Misses Emma and Mary Scott of Denton.

By the noon hour all had arrived and surely everyone must have brought a well filled lunch basket for when our dinner was spread, it was a feast fit for a king. Our meal being over, we went into a business meeting with Rev. James Trammell presiding. Plans were discussed relative to our next meeting and a final decision to meet at the same place and time next year. We were then entertained by a timely talk from Rev. C. G. Brashear a gospel minister of note.

Next on the program was music by the Morrow boys, sons of A. N. Morrow and radio performers of Wichita, also a few religious selections accompanied by guitar were given by Misses Ada and Bessie Brookshire.

By this time it was getting late in the afternoon and most of us were making preparations to depart.

Many expressions of happiness and enjoyment of the day were heard on all sides, and each one left promising to be present again next year.

—One present.

THINGS THAT NEVER HAPPEN

PIONEER CITIZEN PASSES AWAY AT HOME NEAR CORYELL CITY

Mr. H. Rabbe, for forty-five years a highly respected and leading citizen of the county, died at the Baptist Hospital, Waco, Saturday, August 10, at ten o'clock forenoon.

Funeral services were held Monday afternoon, August 12, at three o'clock, with Rev. C. C. Gohlsen conducting the services.

Mr. Rabbe was born in Germany and came to the United States at the age of twenty years, landing in Washington county, where he lived about two years. Before moving to Coryell City he lived in McGregor one year.

He is survived by three sons: H. W., W. L. and Wallace, and five daughters: Mrs. Charley Westerfield, Mrs. Ella Westerfield, Mrs. Lydia Gohlke, Mrs. Alma Bohne, and Mrs. Meta Weis.

Pall bearers were: Louis Englebrecht, Bill Schwartz, Adolph Schandler, Charlie Rabbe, Elfricht Hoppe, Albert Weber, Emil Rabbe, and Herbert Bolte.

Mr. Rabbe, by his upright living and honesty, had many friends who have known him through his many years' resident in this county.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND, Director, Physical and Health Education, New Jersey State Department of Public Instruction

Preparing for School—I As school time approaches, the conscientious parent faces several responsibilities. Perhaps the most important of these concerns health protection.

Too frequently, we are guilty of postponing health essentials. Probably this is due to a parental sympathy which we foolishly permit to overrule common sense.

Did your child suffer from diseased tonsils and large adenoids last winter? Did he have frequent colds and sore throats? Have you had his nose and throat examined?

Another cause of unnecessary suffering and loss of school time is tooth decay. Do you know the condition of your child's teeth?

How about the eyes and ears? Education is received largely through the special senses of vision and hearing.

ASPARAGUS

The Party Vegetable

WHENEVER we wanted to impress our guests with the splendor of our meals at our house we invariably served asparagus. That was a long time ago, but asparagus has never ceased to be a party vegetable.

Asparagus and Shrimp Cocktail: Line two cocktail glasses with lettuce leaves. Cut the tips from a can of asparagus (reserving stalks for creaming or soup the next day) and arrange with eight canned shrimps in the lettuce-lined glasses.

In Regal Garb

Asparagus a la King: Heat the asparagus in one square can in its own liquor, pouring off one-third cup liquor to use in white sauce. Make this white sauce of two tablespoons butter, two tablespoons flour, one-half cup water, one-third cup asparagus liquor, one-half cup evaporated milk and salt and pepper.

And here's an asparagus recipe which you can serve to six people for about half a dollar in which this vegetable appears in the best Parisian style:

Asparagus Salad Parisienne: Drain and chill the asparagus tips from a 15-ounce can; then arrange on one-half bunch of crisp romaine. Finely chop half the contents of a 4-ounce can pimiento, and add with two tablespoons capers to one-third cup French dressing. Pour over the salad and serve very cold. Serves six.

learning. Perhaps your boy or girl has never complained, but there may be something wrong without pain. It will pay you to find out now, for neglect can be very, very expensive.

Summer Health Hints

By SHIRLEY W. WYNNE, M.D., Dr.P.H.

CLEANLINESS, which is always of the utmost importance, is vitally so during the summer months because when the temperature is warm, bacteria grow more rapidly and food, therefore, becomes more easily contaminated and spoiled.

Shirley W. Wynne, M.D., Dr.P.H.

A shower bath night and morning with a good lather of soap is not only refreshing but keeps the skin healthy and functioning properly. One of the important functions of the skin is elimination of some of the waste products of the body and since we perspire more in warm weather, it is important

frequently to wash away the waste products excreted. After work or exercise a bath with plenty of soap is indicated. Thorough cleanliness is also the best preventive of not a few skin diseases.

Pioneer Resident of Coryell County Passes Away Mon. Morning

Mrs. Charles S. Brown, a resident of Gatesville and Coryell County for many years, passed away Monday morning, August 12, after an illness of several weeks.

When just a child Katherine Arnold came to Texas with her parents, from Rockford, Alabama. She grew to womanhood near Topsey. In October 1877 she was married to Charles S. Brown, and they went to make their home at King, where they lived until 1902, when they came to Gatesville.

Mrs. Brown is survived by one son, J. O. Brown, a daughter, Miss Mary Brown, both of Gatesville; two grand children, Mrs. Morris Roberts of Pettus and Miss Katherine Gordon of Gatesville, a sister, Mrs. James Buzbee of May.

For more than fifty years she was a member of the Baptist church; thirty-three years an interested and devoted member of the Gatesville church. Of sterling character, a quiet life of unselfish service brought to her many friends, a fact attested to by the many beautiful flowers and the great number attending the funeral services.

Funeral services were held in the home Tuesday afternoon at five o'clock, conducted by Rev. Clarence Allen Morton. The order of service being practically the same as that of three years ago for her husband.

Pall bearers were: E. H. Nesbitt, R. B. Cross, Rufus Brown, Chess Sadler, Irvin McCreary, D. I. Glass, Lewis Holmes, and Fred Prewitt.

Honorary pall bearers are Dr. H. M. Haneys, Dr. M. W. Lowery, Dr. O. G. Gilder, Dan E. Graves, Will L. Powell, Francis Caruth, Bob Saunders, F. W. Straw, Edgar Franks and Reid Powell.

and our own Representative Earl Huddleston.
