## Athletic Field Step Nearer Realization As Waco WPA Office OK's

Fred G. Prewitt, secretary of the Chamber of Commerce announced late yesterday that Waco approval of the proposed athletic field project under the PWA program had been received and that the project is being sent from Waco to the San Antonio office for approval there before being sent to Washington for final approval and appropriation.

This consumates a dream local sports and high school enthusiasts have dreamed of for years, and have been working on since early this year.

Mr. Prewitt made a trip to Waco Wednesday in order to place this project and others for approval, and was told that this one had been ok-ed, and that other were being studied and checked to see if they will be approved or not.

## Cattle May Be Worth \$200 a Head if Found Strolling Highways

By T. L. Hancock

During the last session of the Legislature Senate Bill No. 243, regarding the running at large of livestock on State Highways, was passed.

This law provides that any person owning or controlling any horse, mule, donkey, cow, bull, steer, hog, sheep goat, or any other livestock who permits the same to run at large unattended on that portion of any designated State Highway in this State which is enclosed by fences on both sides shall be guilty of a misdemeanor. Each day such livestock are allowed or permitted to run at large is a separate offense. The punishment for each offense shall be a fine of any sum not more than two hundred dollars (\$200.00). The law further provides that State Highway Patrolmen as well as local sheriffs and other local officers shall have the power to enforce said law.

This law will become effective on August 10, 1935, and thereafter will be strictly enforced upon the complaint of any citizen of Texas.

During the past few years livestock roaming at large on State highways have become a dangerous menace to the traveling public. Because of the carelessness and neglect of those who own or control such livestock, numerous accidents have resulted by reason of the collision with such livestock by automobiles lawfully operated upon the said highways, and a large number of people have been killed and others have been so seriously injured as to be maimed for life. In addition, untold property damage has resulted.

The State Highway Department asks every citizen in this locality to co-operate with this

## Chief Cotton Section Wires County Agent Cotton Loan Procedure

The following telegram has recently been received from Mr. C. A. Cobb, Chief Cotton Production Section, Washington, D. C.

"The following is the full official text of the Cotton Loan announcement just released: Quote the Secretary of Agriculture and the commodity credit corporation announced today with the approval of the President that a cotton loan plan would be put into immediate operation on the 1935 crop which would assure cotton producers an average return of not less than 12 cents per pound on cotton grown in 1935. The Agricultural Adjustment Administration will make payments to cotton farmers to equal such difference, if any, as may exist between 12 cents and the average price of 7-8 inch middling cotton as reflected in the 10 spot markets during the period from September 1 to January 1, this period is chosen as covering the harvest months, such payments as may be made will be limited to the individual producer's actual production up to the amount of his Bankhead Allotment. The commodity credit corporation will offer a loan of 10 cents per pound at the farm, without recourse on the borrower, on 13-16 inch low middling cotton or better. This loan will enable any grower co-operating in the adjustment program to obtain a loan at once, and will permit him to market his cotton in an orderly fashion throughout the year. The rate of loan is obviously substantially below the present or prospective price levels. These offers will apply only to those producers who are co-operating in the 1935 program and who agree to cooperate in the 1936 program. It was stated at the Agricultural Adjustment Administration that plans for the 1936 program are being developed and that the administration would con-

## Turnersville Ladies Banquet Gatesville Lions Wednesday Eve

Turnersville ladies prepared a delightful banquet for the Lions of Gatesville for their second of a series of get-together meetings being held in various parts of the county bi-weekly, with approximately 75 visitors and guests present.

Highlights of the evening's festivities were the Negro spirituals by the "Alabama Melodie Boys" from the State Juvenile Training School, under direction of Rev. V. F. Lemons, who brought the house down with their harmonic spirituals, singing as many as a dozen or more songs.

Hazen Ament, Gatesville's Original One-Man-Band, mounted a chair at one end of the table and did a little plain and fancy syncopating.

Billy Bloodworth tickled the ivories for the delight of those present and also acted as accompanist in the Lions' songs.

## SEVENTEEN WPA PROJECTS FOR COUNTY UP FOR OFFICIAL OKEH

### Sam J. Mings For 52 Years a Resident of Gatesville Passes Away

Sam J. Mings, pioneer of Coryell county, passed away last Friday at the home of his daughter, Mrs. Gus Davidson, at Mosheim after an illness of several months.

Funeral services were conducted from the Methodist Church Saturday afternoon at four o'clock by his pastor, Rev. C. A. Morton, pastor of the First Baptist Church of Gatesville. Interment was in the Masonic cemetery. Music was furnished by the choir of the First Baptist Church of this city. Mr. Mings has been a member of the Baptist church of this city for fifty-two years.

Mr. Mings was born May 16, 1860 in Upshur county. He was married to Miss Erin Lowe in 1880. In 1883 he moved to Gatesville and during his career of some fifty-two years in this city he was engaged in Banking, Lumber Industry, Insurance and Law.

He is survived by his widow and four children; Tom Lowe of Huntsville, Sam Mings, Jr., Mrs. Jules Turner of Edenburg and Mrs. Gus Davidson of Mosheim.

Pall Bearers were; Lewis Thomson, Robert W. Brown, Lewis Holmes, F. W. Straw, Edgar Franks, E. G. Beerwinkle, J. D. Brown, Jr., Claude Byrom.

Honorary pall bearers were; Dr. Ralph Bailey, Den E. Graves, J. P. Kendrick, J. M. Prewitt, J. A. Fletcher, Monroe Blankenship, W. K. Sadler, B. B. Garrett, Dr. W. W. Blankenship, E. H. Narmour, F. C. and F. A. Thomson of Temple, John B. Hill of San Angelo, Andrew Graves of Houston, Dr. E. B. Baker of Ed Couch, Jno. P. Reesing, Fred Prewitt, Chess Sadler, C. E. Gandy and Ben West.

As an attorney he practiced at a time when Gatesville boasted having one of the ablest bars of the State. He was a law partner of the late Parker White for many years and engaged in some of the most important litigation had in the earlier days of the county's history.

As an insurance man he was very successful having been for many years one of the largest producers of business for the old line companies in Texas.

As a citizen of Gatesville he was always on the side of progress. He stood for what he believed to be for the best interest of his town and community. He took great interest in the social life of his community and was liked by the young and old alike. His presence will be missed in the social, business and church life of our community and The News joins with his many friends in sympathy to the bereaved family.

Miss Estelle Sadler left Thursday for Taylor where she is at teacher in the public schools there.

Advices received from County Judge Floyd Zeigler is to the effect that seventeen projects for Coryell County have been accepted by the Waco District office totaling an expenditure of \$143,388.60. Eleven of these have already been finally accepted, but not finally approved by the Waco office, and Judge Zeigler yesterday entered six others for acceptance.

Since yesterday, September 5, was the deadline on PWA projects, these will be the only PWA projects that will be filed in the District office. WPA projects may be filed until Sep. 12.

Included in these projects are: one for clerical help in preparing the other projects, one on woman's work, a visiting sponsor's program, beautification of the courthouse lawn, and adding lights, and fourteen others for lateral roads to different sections of the county, which Judge Zeigler said would be detailed later, since it was impossible at this time to give complete data on these various projects.

These projects must finally be ok-ed by the Waco office, sent to San Antonio to the state headquarters for approval and finally to Washington, D. C. for approval, before money is available and authorization for this work is final. Coryell County, with \$143,388.60 bids fair to have an equal break with other counties of the state in the use of WPA and PWA funds.

## PROGRAM ANNOUNCED FOR H. S. OPENING SAT.

Opening program for the 1935-36 school year will be held on Saturday morning, September 14, at 9 o'clock in the gymnasium according to Supt. Frank L. Williams.

Program for that morning will be:

- Band music by Gatesville H. S. Band.
- Devotional.
- Explanation of enrollment.
- Opening procedure
- Special music.

Following the preliminary program the enrollment program will start, and all classes will meet Saturday afternoon beginning at 2 o'clock preparatory to regular class work the following Monday morning.

Mr. Williams assures the pupils and public alike that there will be no long winded speeches.

This is the layout—with the purchase of 12 pair of hose in the \$1.00, \$1.25 or \$1.65 range of prices shown at that store, the 13th pair comes free, if the women of this county join the club.

Featured nationally, this line of hosiery is proving very popular with the women of this nation.

**EVANT NEWS**

Many farmers around are beginning to pick cotton. Indications now are that the crop will be rather short on account of the great number of insect pests that infest the cotton fields.

Miss Freda Frasure of Chickasha visited relatives here several days last week.

Mrs. Kate Skinner returned to her home in Clint, Texas, last Friday, after several days' visit with her sister, Mrs. R. C. Campbell, and other relatives here.

Mr. and Mrs. Albert Wolf of Ohio were visiting his parents, Mr. and Mrs. W. N. Wolf, Sunday.

Mr. J. D. Henderson happened to quite a painful accident one day last week while he and his family, accompanied by Mr. George Manning and family were returning from a fishing trip at Junction. Mr. Manning was driving ahead when he met a car and pulled aside to pass but so much dust was created that they failed to see Mr. Henderson and whipped back in the road striking his car, damaging it to a great extent and injuring Mr. Henderson as above stated. His family, wife and baby, were fortunate to escape with minor bruises and scratches. His many friends regret to hear of his misfortune, and hope he will soon be well again.

Mr. and Mrs. G. R. Gresham and family accompanied by Miss Lowell Lester visited relatives and friends at Woodson, Throckmarton county, last Sunday.

The club met with Mrs. Pearl Stephens last Wednesday, however, only a few members were present. Miss Sally Jones Hamilton county Home Demonstrator, was present and made an interesting and instructive talk which was appreciated and enjoyed by all present. The next meeting will be with Mrs. George Armstrong the second Wednesday in September.

Rev. Bennett preached Sunday and Sunday night at the Church of Christ. He is quite young and just beginning in the Ministry.

Mr. and Mrs. Pressley Curry and sons, James and Don, of Dallas, are guests of his uncle and aunt, Mr. and Mrs. Sam Christian.

Mr. and Mrs. Bill Brown, Carl Brown and family were those who attended the Daughtery reunion near Roscoe several days ago.

Mr. and Mrs. Hooley Harrell of Turnersville spent Friday night of last week in the Jud Jones home.

Mr. and Mrs. Jim Saylor spent the week end in Mexia with Mr. and Mrs. John Bates.

Mr. and Mrs. Guy Hord and Robert and Lee Hord visited in west Texas recently. They visited in Winters, Clyde, San Angelo and Christoval.

Mrs. C. Daughtery has been ill but is better now.

Mrs. Con Blanchard underwent an operation recently in the Baptist Hospital at Waco. Mr. and Mrs. Jud Jones were visitors in the Carden community Sunday.

Mr. and Mrs. Lee Hord and Mrs. Laura Hord and Dorothy Lee were Sunday afternoon guests in the Guy Hord home.

Mr. and Mrs. Carl Brown and Margaret Ann visited relatives in Pendleton over the week end.

Mr. and Mrs. R. E. Scrimsher Sr. visited in the Bill Brown home Sunday.

## News Fashion Suggestion FROM MISS MARTIN'S NOTE BOOK

The two-piece boucle is the dark-horse that has become so important, also the hairy rabbit type, tweed and zephyr that are shown in profusion. Live simple and sportsy. So a boon companion for you who dash from link to drink, from game to flame. If you like the new Renaissance and East Indian colors, you can prove your fashion acumen by having one or more of these knits in your wardrobe.

## NOTICE TO CREDITORS

Notice is hereby given to all persons holding claims against the estate of Henry J. Hunt, deceased to present the same to Rob't W. Brown, who was appointed Independent Executor by the Probate Court of Coryell County, Texas on August 26th, 1935. He resides in Gatesville, Texas, and his post office address is Gatesville, Texas.

(Signed) Rob't W. Brown, Rob't W. Brown, Independent Executor.

Henry J. Hunt, Deceased.

Six hundred twenty-three containers of canned products are on the pantry shelves of Mrs. R. A. Bertrand, pantry demonstrator of the Purnela Home Demonstration Club. Besides the above, she has 16 gallons syrup, 3 gallons honey, 5 gallons lard, 10 gallons pinto beans and 8 gallons of brined cucumbers.

An easy way to make jelly has been used by Mrs. R. L. Parrish, co-operator in the Liberty Home Demonstration Club. In making plum jelly she does as follows: Use two parts sugar and one part of juice. Heat juice, but do not allow to boil. Add sugar, removing from the stove, beat until sugar is dissolved and pour into jelly glasses.

From her foundation pattern, Mrs. J. J. Hayes, co-operator in the Priscilla Home Demonstration Club has made a regland sleeve pattern. She has made a jacket using her new sleeve pattern which fits very well.

Spending only fifteen cents for tacks, Mrs. Ed Belvin, co-operator of the Liberty Home Demonstration Club has moved a partition, doing away with a hall, and now has a kitchen 10 by 12 and a dining room 12 by 13. The walls were unfinished in the new dining room, so she nailed heavy paste board boxes on the side walls and ceiling. These were stripped with heavy brown paper. The walls will be kalsomined an ivory tan to make the room lighter and the wood will be varnished.

## GRACE MOORE WEARS GOWN WORTH \$6,500

The screen's most elaborate costume, costing \$6,500, is worn by Grace Moore in one of the sequences of her new Columbia starring vehicle, "Love Me Forever," a musical drama which will open at the Regal Theatre Saturday night at 10:30, also showing Sunday and Monday.

The costume weighs seventy-five pounds and took more than twenty persons six weeks to make. Ten expert seamstresses spent six full weeks doing nothing but embroidering the costume.

It is worn by Miss Moore in one of the musical sequences. The bottom of the skirt is eight feet in diameter. The weight was so great that Miss Moore could not wear it suspended by shoulder straps but had to have a special wide girdle constructed so that the weight of the costume could be suspended from her waist.

A steel foundation was constructed by the Columbia engineering department. Over it were placed bolt after bolt of the most expensive materials.

Using silver and nickel thread, workers in the wardrobe spent weeks attaching several thousand small glass mirrors to the costume. Many thousands of seed pearls were strung on it. It also is featured by the added embellishment of more than 300 white ostrich feathers.

"Love Me Forever," like "One Night of Love," was directed by Victor Schertzinger. Miss Moore is supported by Leo Carrillo, Michael Barlett and Robert Allen.

## CHIEF COTTON—

continue its efforts, in cooperation with cotton farmers, to adjust production to effective demand, and further reduce the end season carry-over down to normal size. It was pointed out at the department of Agriculture that the plan that has been announced would permit the free movement of the crop into consumptive channels and at the same time protect the producer's income from the crop. With the 1935 crop currently estimated at 11,798,000 bales, it was emphasized that at present levels of world consumption, domestic and foreign mills, should require at least 11,500,000 bales of the 1935 crop and that with less than 1,000,000 bales of free cotton in the hands of the trade, a strong buying movement should result which would permit the new crop to move readily into consumptive channels. Stocks of cotton held by producers under the 1934-35 12-cent cotton loan, it was emphasized, are not available at present price levels. Producers cannot close out those stocks until the price goes high enough to cover the loan plus carrying costs and they probably will not sell unless prices exceed 13 cents. Prospects for cotton consumption are much improved as compared with last season, it was stated by the agricultural adjustment administration. Last month's domestic utilization was nine per cent above July of last year and the general rising tide of industrial activity promises higher cotton pointed out, is expected to assure cotton growers of an income of around \$700,000,000 for their lint cotton for 1935, exclusive of rental and benefit payments under existing contracts. This compares with an income of \$613,000,000 for lint cotton in 1934; \$634,000,000 in 1933; and \$424,000,000 in 1932. The agricultural adjustment administration emphasized that one important objective of this plan was to produce the orderly marketing of the crop and that with the free movement of the new crop into consumption, together with the certainty of a strong control program for 1936, the cotton situation appeared more hopeful than at any time during the past five seasons."

In order for a non-signer in cotton for 1935 to receive the 10c per pound loan, he must agree to co-operate with the

program by signing a reduction contract for 1936, and money will be paid after he has complied with his contract next year. The forms are not yet here for these loans, but a producer may go ahead and sell his cotton and keep an absolute record of the sale signed by both himself and the buyer stating date of sale, grade, weight, and price paid. This must be done for every bale if the producer expects to obtain the 10c loan.

## Corn-Hog

All Corn-Hog contracts have been submitted to the State Board, and all checks should be back before many weeks. Second check will be made around January 1. Hog compliance will be in December.

## Certificate Pool

Effective September fourth the regular national Tax-Exemption Certificate Pool will be ready to receive nineteen thirty five certificates eligible under the regulations for entry there in.

**TURNERSVILLE—**

All unbeknowingly, a duo composed of Bill and Hazen Ament, purveyors of Gasoline and Hamburgers, surprised even the staid old Lions with their "brother act."

Prof. Harold Brenholtz, member of the faculty of North Texas State Teachers College, and former resident of Turnersville made a timely speech, explaining to those present the idea of the Lions clubs, since he had been a member of the Denton Lions for six or seven years. Prof. Brenholtz, also welcomed Gatesville Lions, responding to Judge Floyd Zeigler's thank you talk to both Turnersville ladies and the citizens of Turnersville.

Menu for the evening was mashed potatoes, snapped beans, fruit salad, beet pickles, chicken and dressing, pie and iced tea. The tables were decorated with flowers and were placed in the hallway, extending the full length.

All in all, this was a gala affair, and for the Gatesville Lions we know "a good time was had by all," and are safe in saying the same thing for our Turnersville friends.

It's a secret! An unknown author in the county is on the loose! He's a sage, staid philosopher, bringing to News readers bits of philosophy accumulated thru years of experience in travel, study, hobnobbing with the public, experience with radio chains—a man who's really got something you're going to enjoy reading. He'll touch on all subjects, he'll analyze news, events, customs, social events, problems, personal and impersonal. He is not a soothsayer, magician, mind reader, or mystic. Only in name, and he wears a non-de-plume. He's local, and not syndicated. We know you will enjoy his thought provoking philosophy. He's not a Dorothy Dix.

### "KOLLEJ"

"Institutions of learning" are sharpening their teeth and whetting their appetites for the new crop of "greenies" who are going to be pounding at their gates within the next week or ten days.

Joe College and Sally Prep are all atwitter with expectations and enthusiasm, as they go thru anxious preparations for another step in their young lives, "goin'" to College. Finishing high school with perhaps, we hope a fine record, they have in their minds that they are going to knock 'em cold when they hit the respective campuses of the varied colleges and universities in this state and others. Just there is where the first shock to the new ones comes, as there will be an equal number from every small town with the same dreams of being outstanding in the new work. We're not discouraging, but competition was not so keen in the local high school as it is in the college, and, after the "grind" they call it, is done with four or more years in college, the competition set up in this game of fighting starvation is still going to be keener. They will look back at those good old high school days, and say, "them was good old days," and we didn't know what a good time we were having.

All of which is saying, Joe College and Sally Prep are taking another one of the tests that come in life that show the stuff they are made of. It'll show up in college more than in high school, and then after college in life it'll show up even more. College is just an advanced proving ground, that helps weed out the trash, classifying the individual as to his merits.

So, to Joe College and Sally Prep, we say, you're unconsciously making your mark, classifying yourself by what you do during your coming college and university years, whether in campus activities, sports, class room, extra curricular activities, or wherever, you're "making your grade," qualifying yourself, for the life that is before you, so our advise is "whatever you do will be held against you, and it's your own funeral," so to speak.

**World Comment**

By **JOE BURNS**

"I accuse the present (Hoover) administration of being the greatest spending administration in peace times, in all our history—one which has piled bureau on bureau, commission on commission and has failed to anticipate the dire needs of reduced earning power of the people."—Franklin D. Roosevelt, speech at Sioux City, Iowa, Sept. 29, 1932.

"I regard reduction in federal spending as one of the most important issues of this campaign. In my opinion, it is the most direct and effective contribution that the government can make to business."—Franklin D. Roosevelt, at Pittsburg, Pa., Oct. 19, 1932.

Expenditures of government since the day George Washington took the oath of office as first president down to the last dollar of President Taft's last budget in 1913—\$24,521,845,000.

Expenditures of Roosevelt administration as estimated by

the president, actual 1934, and estimated 1935 and 1936, total of three years—\$24,206,533,000.

"Remember well that attitude and method—the way we do things; not just the way we say things—is nearly always the measure of our sincerity." Franklin D. Roosevelt, speech at Butte, Mont., Sept. 19, 1932.

There is no need for comment on the above, other than that Mr. Roosevelt's is the greatest spending administration in peace times, in all our history, one which has piled bureau on bureau and commission on commission. Mr. Roosevelt, in the 1932 campaign, foretold his own policy in his criticisms of the Hoover regime.

As things look today, Senator Borah, Colonel Frank Knox and Governor Alfred Landon—the three favorite sons of Idaho, Illinois and Kansas—will enter the 1936 G. O. P. convention as favorites. For a time it was suspected that Borah's candidacy was designed to head off the Hoover forces and that his support in the convention would swing to Vandenberg.

Now, the veteran Idaho senator says he will head the ticket if Republican leaders really want him as their candidate.

Knox is busily rounding up support. Gov. Bridges of New

Hampshire recently assured him that his delegation would support him 100 per cent. Hoover is believed to favor Knox—if he can't win the nomination himself.

Governor Landon has refused to make speeches and show himself around the country. In Kansas, he is tending to his gubernatorial knitting, cutting down expenses and giving the State a business-like administration. GOP bosses think they may need that kind of a candidate next year. Landon may walk off with the vice presidential nomination.

Senator Vandenberg, who a few months ago was prominently mentioned as a possible candidate, has taken a back seat and has little to say, although he is secretly sounding out Republican leaders over the country. His strength will probably grow in the ensuing months—or disappear altogether.

Senator Dickinson will prob-

ably be the dark-horse of the convention. Friends of the Iowan were disappointed when he ran eleventh in the national poll being conducted by Robert H. Lucas, former executive director of the Republican National Committee. Borah topped the list, with Knox second and Landon fourth. Former Governor Frank O. Lowden of Illinois stood in third place.

The premature announcement that Chairman Farley of the Democratic National Committee has marked Senator Borah for political slaughter has brought the Idahoan many sunrise pledges of support. Six Democratic senators, including Wheeler of Montana, McCarran of Nevada, Copeland of New York and Huey Long, have promised to speak in his State for him. Democrats back home have offered their aid. Hiram Johnson, who has been at outs with Borah since the Bull Moose con-

vention of 1912, recently had a long, confidential chat with Borah over the Farley disclosure.

How would you like to run for President when the opposing candidate has a \$4,000,000,000 campaign fund and 700,000 active lieutenants throuout the country. Franklin Roosevelt will enter the 1936 campaign with these two assets—what appears now to be insurmountable.

Of course the four billions work-relief fund cannot be used for campaign purposes—not directly. But the withholding of work-relief funds until August 1, when the work-relief appropriation was authorized in April, gave a strong tint of political strategy on the part of the Administration. Republicans openly charged that the money was being withheld until the full force of the job-creating program could be felt in No-

## COACH EARLE WORLEY SHIFTS MEN; HORNETS START SCRIMMAGE

In an effort to have his Hornets in shape for their game here with Bruceville-Eddy on the 27th, of this month, Coach Earle Worley has given a few plays and put them through a scrimmage Wednesday afternoon.

Some few changes in positions were made which seem to help the locals to a great extent. The most important change was transferring Culberson from center position to fullback, and placing C. H. Wallace, Jr. in Culberson's former position. Worley stated Wednesday that

McDonald, when he reports for training, will hold down a wing position with a lad by the name of Clark, who is showing up fairly well in training now. Myers, Worley stated, would be shifted from guard to tackle when he reports. In the backfield with Hair, Dickie and Culberson, is a youngster by the name of Hall of Plainview, who is showing up exceptionally well. He has power and is fast. Adams, "tangle foot's" brother, tackle is showing up well, and has plenty fight.

This week was spent mostly on fundamentals of the game, such as tackling, blocking, and many other phases that will help the green Hornets as the season gets under way.

Coach Ewing has not reported, however, is due here Saturday or Monday to assisted Worley in the preseason training.

### 43 MEN START TRAINING AT TRAINING SCHOOL

Under the direction of Coach W. T. Hix, forty-three men reported for football training at the State Training School Monday.

Coach Hix stated he could put a squad on the gridiron that would average one hundred and fifty pounds, however, his starting line-up will not average that much.

Coach Hix had a fair football team last year despite being handicapped in size.

Hix does not have a complete schedule available as yet, but when one is completed it will appear in the News.

### EWING STUDENTS TO RIDE WITH NEW EWING BUS ROUTE

By a recent arrangement there will be a school bus route to transport pupils from the Turnover, Friendship, and Ewing schools to the Gatesville High School. Definite arrangements have been completed and a bus has been ordered to place on the route. The first run will be made on Saturday morning, September 14, the opening day of the Gatesville schools.

The proposed route is for the bus to start at the Turnover school district and run through the Friendship district, thence to the Ewing school house and on into Gatesville through the Carden district.

Pupils in the eight and ninth grades from the Turnover and Friendship districts may ride this bus to the Ewing school. Pupils in the tenth and eleventh grades from all three districts may ride the bus.

Pupils who know that they are on the proposed route and who are in the proper grades may get on the bus the first day it runs, or thereafter, without further permit from any school authorities. Pupils who are ineligible for free transportation may ride the bus for a fee of \$2.50 per month, payable to the driver.

Frank L. Williams.

## FOOTBALL CHATTER

By TEDDY

The writer, after a few months' loafing duration, will have to start work again, much to his disapproval, however, being the time of year when fans are demanding a few comments on the most loved sport in the nation today, we will endeavor to give you our honest and impartial side of the football situation in Coryell county and the teams in this district as well as the colleges and universities over the state where local students are in attendance or any team we see fit to comment on.

On Tuesday night of this week the Hornet Club met, are maybe I should say a few representing the Hornet Club, met and disposed of some very important matters. You fourteen that were present are stating that the writer wasn't there, or at least have told me that I wasn't there. I will not go into particular detail as to why I was not present, but will congratulate these few gentlemen for their work on that night.

In regard to the new athletic field, we understand local authorities have turned the project over to PWA officials, and are waiting their action on the matter, however, it is thought the field will be equipped and ready for a few games this season.

Local Hornets are now working out under their new Coach, Earle Worley, and he believes in "working" what I mean, putting the boys through the mill from four o'clock until seven. Starting training Monday meant start scrimmaging Tuesday for the locals in an effort to have them in shape for their first game. Coach Maurice Ewing will probably be here Saturday or Monday.

Local fans are all pepped up over the situation of the Southwestern Conference this season, and many are of the opinion that it will be much tougher in the conference than last season. We are now checking the strength of each team in the Conference, and will give you that information Tuesday.

Miss Theresa and Lucretia Wooton of Mexia are guests of Alice Earl Anderson.
