Plague of Busses Inspected

Monday was "Bus Day" in Coryell County, and all school busses were here to be inspected by two highway patrolmen, Deputy Supervisor A. M. Tate and County Superintendent W. D. Stockburger.

No report as to the condition of this equipment was given out by the County Superintendent at a late hour yesterday.

This is a required routine inspection, which we understand, is required by law.

The report for the same period 1938, was 7,246.

Effective yesterday, Guy Griffith of near Osage has been named janitor at the courthouse, according to Judge Floyd Zeigler. He replaces Mason Crawford who has held this job for the past few years.

Democrat Leader Confers Here

Drury Helm of Clifton, former County Chairman of Bosque county, and now working out of Dallas as Co-Ordinator of the Democratic Organizations of Texas, conferred with County Chairman C. H. McGilvray and other democratic leaders in Gatesville and Coryell County, Monday.

Helm is working out a series of meetings over Texas to enable Texas Democrats to become better acquainted and to exchange ideas for the improvement and to the interest of the Democratic Party in Texas. The first meeting held was in Corpus Christi and was the first meeting that covered an entire Congressional District. Congressman Richard Kleburg sponsored this meeting which was attended by 17 county chairmen out of 19 in his district and included 100 other democratic leaders.

In this meeting, Price Daniel, President of the Young Democratic Clubs of Texas explained the purpose of his organization and his plan to organize a club in every county in Texas. He asked for the support of the senior members of the party.

Mrs. Clara Driscoll, National Committeewoman, attended the meeting and called attention to the outstanding leadership of Vice-President John Garner, and to his great "common sense".

Congressman Kleburg said that the Democratic party did not need a blood transfusion but merely a little attention. He pointed out the necessity of training the young people for the leadership of tomorrow.

Drury Helm is well qualified by experience and temperament for the type of work for which he has been selected. Democratic Chairman Farley, it is said, named him "A Real County Chairman."

Hon. E. B. Germany of Dallas, Chairman of the State Democratic Executive Committee, and leader in the Garner-for-President drive, is a successful business man, and is Mayor of Highland Park, Dallas. His organization of the Democratic Party in Texas is a testimonial to his business efficiency.

Miss Eloise Cook, who is attending a Ft. Worth Business College, was a week end guest of her parents, Mr. and Mrs. B. S. Cook.

Miss Doris Jones, Weldon Jones and Alvin Flemmings made a business trip to Dallas Friday, and while there attended the State Fair.

WAR GUILT Part Two

Refusing to accept the new Wilsonian philosophy of international ethics and morality, France continued throughout the post-war years to maintain her military establishment at a ratio of 7 to 1 with the army of Republican Germany. Nor was there any reduction in the navies of the world to compensate for the confiscation of the Kaiser's Fleet by the Allies in 1919.

Bitter disillusionment turned to resentment in Germany as France and England, not satisfied with the grossly unfair concessions exacted through the peace treaties progressively raised their tariffs

during the era of the 20's, closing their huge empires to German exports upon which the Reich depended for funds to import needed foodstuffs and necessary raw materials.

With vision no greater than a chimpanzee, allied statesmen to consider in their malignant hatred for the German people that the continued existence of the liberal regime was dependent upon the prosperity of the German people.

Adolph Hitler gave voice to the German resentment against unfair treatment and broken promises by the Allies by promising to create a German army to match the French army and to gain by force, if necessary, the position in the family of nations which the German people felt they deserved on the basis of population and culture.

Concessions were not voluntarily forthcoming from the "democracies" even after Germany, with Hitler at the helm, had clearly enunciated a policy of gaining by the sword a position of equality with other world powers in trade and in distribution of territory.

Had Germany, and likewise Italy, been granted access to needed raw materials, had closed trade areas of the world—including the U. S.—been opened to Germany and Italy exports on a fair basis, had Britain and France made reasonable and equitable cessions of colonial territory to the "have not" powers—Albania, Ethiopia, Czecho-Slovakia, Poland and perhaps Austria would have been spared conquest.

But concessions in trade and territory and raw materials were not made—until Hitler unsheathed his sword and forced them at the point of a gun. Success by this method convinced Hitler and the German people of the wisdom of this policy. Belief in justice at the conference table was lost to these desperate people.

Britain and France are now reaping the whirlwind of their actions since 1918.

This column does not condone Germany's brutal savagery in rapping Czecho-Slovakia and attacking Poland. Her claims to Danzig were right and just, regardless of what has been printed to the contrary, for that city had been German for 300 years prior to the World War.

But a desperate man—and a desperate people—will commit desperate acts to maintain his life and after the collapse of the economic structure of the world in 1929 the German people had to expand or die.

In the third article of this series on war guilt, the writer will enlist chronologically the record of all the warring powers since 1919, establishing on the basis of accepted facts that Germany is not alone guilty for the present war and that England, Poland and France are guilty with Germany of flagrant violations of the rights of minorities and of their pledged word.

HOME MATTRESS MAKING

A state-wide "mattress making campaign" is being started by the Extension service. The object of the movement is twofold: 1. To have better mattresses in more homes and 20 to utilize as much of the current cotton crop as possible.

In Coryell county last week two training schools in making mattresses were given. One was in Beat 4 at Mrs. J. D. Morgan's home at White Hall. This demonstration was conducted jointly by

Miss Christine Moran, Farm Security Home Supervisor, and Sidney G. Gibson, Home Demonstration Agent. The other training school was in Beat 2 at the home of Mrs. S. S. Vardiman at Topsey. The later demonstration was given by Miss Gibson during an all day Topsey H-D club meeting.

These homemade mattresses require 50 pounds of ginned cotton filled into eight ounce 36 in. wide ticking. Directions for the making the mattress ticks are found in Bulletin number C-105 available from the Texas Extension Service.

The publication also gives complete directions for "Mattress Making on the Farm."

Chemistry at Work

You may never have studied chemistry, and if you did, you've probably forgotten the details. But you know what remarkable chemical changes take place when different substances are brought together under the combined effect of heat and pressure. . . . That's exactly what happens under the hood of your car. There, oxygen is brought into contact with the motor oil under heat and pressure. And unless you use an oil like Humble's Balanced 997 (and it's hard to duplicate), the result is motor oil oxidation, which results in motor deterioration, just as the oxidation of iron results in rust. . . . So the thing to do is use a motor oil so designed that it resists oxidation. . . . Here we are at your service, for we have such an oil in the definitely improved Balanced 997. This is truly a remarkable oil, for in addition to its distaste for combining with oxygen, it has all the other desirable qualities of a motor oil in perfect balance—so that it delivers perfect performance in your car. . . . See for yourself. Stop at the nearest Humble sign, drain and refill with Balanced 997 Motor Oil.

SIXTY-FIVE YEARS

That's a long time to be "in the harness". That's how long George Bannerman Dealey, publisher of The Dallas Morning News has been there. Evidently a great man at the head of a great newspaper.

Last week, practically everyone of any note congratulated and honored George B. Dealey at a distinguished banquet at Galveston, the locale of Texas' first newspaper.

In Mr. Dealey's speech, just before twelve o'clock Thursday night, he said in effect, "Dallas' phenomenal growth for the past 30 years was not due to the Old Timers, but to the influx of new blood and ideas brought in to the city by people from other states and lands."

That was the surprise to us. But then, Mr. Dealey is in a large city. This same statement can be made about most cities of Texas as well as practically all the small towns.

New faces that have been places, set paces in any city's development. It is always good to "get out of town" once in a while and see how the rest of the world lives, and get some of their new ideas.

It'll pay, everytime!

GETTING POULTRY HOUSES READY FOR WINTER

A timely job around the poultry yard right now is preparing the houses for cold weather. Many troubles with roup and similar diseases can be avoided by having the poultry houses comfortably and well protected from low temperature.

A serviceable glass cloth can be made at home to insulate the houses. Materials needed are ripped open cotton bags such as feed is sold in, white gasoline and paraffin. Melt one pound of paraffin in one gallon of white gasoline over warm water (never over direct heat or open flame) and dip the clean and dry sack material in the melted paraffin and hang up to let the wax harden.

The cloth thus prepared is useful for stopping all openings where draughts and cold winds enter the poultry shelters. A very effective insulation against cold results. Remember to use white gasoline as the red may rot the sacks.

An Indian is not limited to one name all his life. His birthname is used until he wins a tribal name. This is given him by a chief, and he must accept it. However, he is given many chances to improve his standing, and each additional feat of bravery brings him a better name.

Susa, near the Persian gulf, is considered to have the longest continuous existence of any city known to history, having flourished from 4000 B. C. to A. D. 650.

Underdog Hornets Nip Itasca In Jam-Up Game 13 to 0.

ELEVEN STARS ON G.H.S. CLUB: ITASCA ALSO PLAYS HEADS-UP

Decidedly the underdog, but with potential energy and cooperative play, that had not yet clicked, GHS Hornets battled a more highly rated Itasca squad to take the Hornets initial conference win, 13 to 0.

Also, the Hornet backfield, composed of Foster, Jackson, Kirkpatrick, and Jones were more obvious in their stellar play, the 7 men on the line opened oxwagon holes that paved the way for the Hornet victory. It was the magnificent demonstration of Hornet ability and team play. Ball carrying stars were 4, with "Bouncing Bob" Foster heading the list with the Hornets' two markers.

Jan Jones, punting with mid-season splendor, and titanic on his spin plays, played a close second, as well as Jackson who, worked like a veteran and wormed thru the line and around end time after time for long substantial gains. "Kirk" added the necessary punch, when needed, and headed the list as a blocker.

Now for the line. We can pass poses to them all. Hodges, end, recovered a fumble that made possible the first touchdown. Some other linemen, we were told Ward, recovered another. Gribble and Wittie, tackles were all that could be expected, and Sexton, barring one bad pass, held up the center, and on the defense, played roving center like a veteran. Capt. White, not showy, but consistent, guided the team, and broke up play after play. Now, that new end, Whigham. He's plenty at home at any spot he's been used and starred both on defense and offence in Friday night's debacle. Sydow and Bone did their part, and were the only substitutes.

Let's look at Itasca. They've a mean end in Snyder, who scared the living daylights out of the Hornets on several occasions, and was a clever defensive end. Other linemen were only mediocre, or looked that way against the Hornets. In the backfield, Arthur, was probably the ace, but, he was closely pushed by Compton, Napp and Huffman. Coach Westy Westerfield has a dandy team, and they're no pushover in this Class B league.

Now, for the play by play: Hornets kick, Jack holds, Jones kicks, ball goes to Napp on 15, returns to 31. Fake kick, short man carrying ball, fails at C. Napp fails at C. Huff goes over LT for 5. Napp punts long and high to Jack on the Itasca 18.

Foster over RT makes 5. Jack on long LE run makes 4. Jones Hits C for 1 and 1st down. Jackson on round RE makes 5. Jackson crosses over C making another 1st. down.

Jones hits C for 4. Foster sneaks thru C for 5. Foster plows over RT for another 1st down. Hornet backfield in motion, 5 yd penalty. Jackson passes incomplete, intended for Whigham, intercepted by Arthur, stopped by Whigham.

Napp makes 2 at C. Arthur on long end run makes 6. Napp makes two and 1st down. Arthur passes, intercepted by Jackson on the 30.

Kirk makes 4 over LT. Jones punts nicely from 25, fumbled by Itasca, recovered by Hodges. Jack shovles to Foster who goes over before being knocked out of bound by Itasca back. Jackson fails to get receiver for pass for extra point. Hornets 6, Itasca 0.

Hornets kick off, ball goes to Arthur on 15, makes nice return to 45. Huffman makes 5 on next play thru C, as 1st. quarter ends. Hornets 6, Itasca 0.

2nd Quarter

Wittie drops Napp for 3 yd. loss. Another spinner fails, Huffman being stopped by Gribble. Arthur on long RE run is stopped by Kirk. Hornets ball, over on downs. The ball was about mid-field, and this was a generalship bonehead by the Itasca Quarter-back.

Kirk, on over LT play picks up 6. Jackson gains on next play, but Hornets offside, 5 yd. penalty.

Foster picks up 3 on next play over RT. Jones makes 1st D. Jack makes 5; both sides off side. Foster carrying around RE makes 1. Shovel, Jackson to Foster makes first down. Jackson completes pass to Jones for 3. Jackson, on off tackle makes 4. Jackson passes incomplete to Foster, covered by 3 Itascans. Shovel pass, Jack to Foster fails and ball goes over.

Wittie stops Napp after he picks up three. Whigham takes Arthur for no gain. Ward and White stop Huffman for no gain. Napp kicks to Jack from 15 to the Hornet 30, where Jack is stopped.

Jack fails on RE play. Foster, on long end run makes 12 and 1st. down. Jones spins for another 1st down. Sydow goes in for Ward. Kirk over LT makes 9. Foster cuts off RT for another 1st down. Pass, Jackson, is partially blocked and incomplete. Jack shoves to Foster who makes 8. Jackson to Foster makes another 1st. down as the

quarter ends.

3rd Quarter

Hornets receive, Arthur holds. Napp kicks, ball goes to Jones on 28, returns to 38. Jack to Foster over RT makes 5. Jones over RE makes first down, and 5 yds. Jack makes 2 over LT. Jack over other side makes three, Kirk, on spinner, fails. Jones punts from 50, punt is blocked and he recovers. ball goes to Itasca.

Arthur passes, incomplete intended for Kimbrell. Arthur passes incomplete. Huffman makes 3 over LE. Huffman quick-kicks; ball killed by Itasca on 1 yd. line. Jones kicks from balk of goal to his own 30, ball is returned to the 40.

Ward and White stop attempt at C. Arthur don't get to RT side before being smothered by that side of line. Napp punts from 35 to Jackson on 15.

Jones picks up 7 over LT Jack is rushed out at RT side after

picking up 5. Jones swivel hips for 12 and another 1st. down. Kirk over RT makes 5. Jack pases low, incomplete. Jones again hits plenty of holes for another 1st. down. Foster cutting over C makes 4. Bad pass from C, Jack recovers. Kirk passes to Whigham, a 30 yd. pass ball on 10 yd. line. Snyder comes from behind to get Whigham on end around play, as quarter ended.

4th Quarter

Jones spins over C for 5. Jack shovles to Foster who goes over at Rt. Guard for second marker. Jones spins over C for extra point. Hornets, 13, Itasca 0.

Jones kicks, Jackson holds, ball goes over Snyder on 35, and is stopped. Bone for Wittie, Huffman on LE run makes 7. On fake pass and lateral, Arthur makes 1st down.

Arthur pases incomplete to Compton on next play. Huffman fumbles,

Hornets recover, Ward, we are told. Jones makes a 1st. but backfield in motion.

Jack makes 5 on next play over RT. Jones makes 1st at C. Jones, around end makes 7. Jones on spinner makes 1st. down. Jack passes to Whigham, incomplete. Jack shovles to Foster for 2. Ellison for Huffman. Jones on spinner makes 1, and ball goes over on Itasca 25.

Arthur makes 1st on spread formation. Jones knocks down pass by Arthur, intended for Kimbrell. Arthur completes pass to the Hornet 30 yd. line. Next pass, Arthur goes to the 10. Arthur is spilled for 15 yard loss on next play. McDonald for Bone. On another spread, Arthur fumbles, picks up and passes, is knocked down by Jones. Using spread, Arthur passes to Napp on 25 yard line. Arthur passes long to Snyder for touch-

COPPERAS COVE 6-MAN FOOTBALL TEAM DEFEATS TURNERSVILLE 27-0, FRIDAY

By WILSON BRAZZIL
Six-Man Football Editor

The Copperas Cove 6-man football team continued their winning streak Friday afternoon by defeating the Turnersville squad 27 to 0 on the Copperas Cove gridiron. Mathias scored two touchdowns for the Cove Lads to lead the scoring attack while Adams and Miller followed closely with one each. Adams kicked two points after T-down and a pass to Dewald accounted for the other point. Jacques was the outstanding player for the Turnersville team, playing heads-up football all the way. Starting line up for each team is as follows:

T'ville	Pos.	C. Cove
Jacques	RE	Miller
Hamilton	C	Adams
Bates	LE	Dewald
Walker	Q	Mathias
Basher	HB	Leonard
Huckabee	FB	Faubian

Officials for the game were: Higginbotham, referee; Fritz, umpire; Young, Headlinesman; Crabb, time keeper.

Very little information was received on the Ireland vs. Oglesby game played at Ireland Friday, other than it was a real ball game ending in a 6 to 6 tie.

Both teams played a real brand of football from start to finish but neither team was able to put over the winning point. These teams are gaining in power, as well as experience, as the season progresses and are going to be right in their fighting for top position with the rest of the six-man teams.

We are indebted to the six-man coaches from over the county for sending in information concerning these games.

Jr. Hornets Drop Opener 0 to 19

It was their first game, and green as they might be, Coach Fred Schwarz's Junior Hornets put up a nice game, only to be out-run by some faster Junior Hamilton Bulldog backs to drop their opener, 19-0.

Yates, Hamilton right end, took a pass from Dunlop to make the 1st marker, and Schneider, right half on a long run around end, accounted for the second, neither converting for the extra point. One other touchdown was made by the Hamilton boys before we could get to the game, since it was "paper night".

For the Hornet, "Red Grange" Campbell, No. 77, was the wildcat of the local aggregation, another Morgan at center, Farquhar on the line, and Gandy in the backfield as quarterback. White and Davis and Henderson, however, carried the brunt of the Jr. Hornet attack. Edwards, Taylor, Lee and Bell completed the Hornet squad, and substitutions included Hall, Ward, Draper and Henderson.

Jr. Hornets	Pos.	Jr. Bulldogs
Taylor	LE	Hill
Hall	LT	Barnes
Edwards	LG	Seago
Morgan	C	Collier
Campbell	RG	Kornegay
Lee	RT	Martin
Bell	RE	Yates
Gandy	Q	Dunlop
Henderson	LH	Carleton
Davis	RH	Schneider
White	F	Dalton

Officials for the game were: Bob Arnold, Troy Jones and Woodrow Wilson.

Pearl Defeats Flat, 6 to 0

The Flat Yellow Jackets, hard-luck team of the six-man football league, lost a hard fought battle Friday afternoon to the Pearl Dragons on the Pearl gridiron.

In the first half the Flat squad played all over the Dragon's territory, dropping two touchdown passes over the goal line and threatened to score several times during the game but lacked the necessary punch to put it over.

Pearl scored in the third quarter when Moseley broke through the Flat line and ran 30 yards for a touchdown. Final score, Pearl 6, Flat 0.

Now, wasn't that nice! GHS 13, IHS 0.

Mart's next. We think, we ought to take this one too, what with the Hornet machine clicking like it is. We'd say off-hand, 13 to 7, Gatesville.

Now, the percentages but first, the other games that effect the percentage column. McGregor took West 33-0, V. Mills rested, with Dawson, as did Marlin with a non-con team; Mart and Clifton tied. There you are.

Team	P	W	L	Pct
McGregor	2	2	0	1000
Marlin	1	1	0	1000
Valley Mills	3	2 1/2	1/2	.833
Gatesville	2	1	1	.500
Itasca	3	1 1/2	1 1/2	.500
Clifton	4	1/2	3 1/2	.375
Mart	2	1/2	1 1/2	.150
West	1	0	1	.000

This, is now only "conference" games played by this league. We had been carrying all games.

At worst, GHS is fifth down the line, but we prefer to put them fourth, since they are tied with Valley Mills. Now with all the preseason dope, that don't look so bad to us.

6-Man league percentage is as follows, with all the results in, which are as follows: Cop. Cove 27, T'ville 0; Pearl 6, Flat 0; Ireland 6, Oglesby 6.

Team	P	W	L	Pct
Cop. Cove	3	3	0	1000
Ireland	3	1 1/2	1 1/2	.500
T'ville	2	1	1	.500
Pearl	2	1 1/2	1/2	.750
Flat	3	0	3	.000
Oglesby	3	1 1/2	1 1/2	.500

These six boys are really battling and jockeying for top rank, and the close scores are indicative of the better training of all teams in the league this year.

Saturday night of this week, local fans will have 6-man brought home to them. Turnersville plays Pearl in the Butter Bowl here at that time.

Thursday evening, we saw a scrapping little Junior Hornet battle a similar Hamilton team, losing by being outrun by the Hamilton backfield, 19-0. Boys from 60 lbs. up were on the local squad, and they're learning football so they'll be ready when they arrive in high school. Let's give those boys a little more encouragement.

It's Mart next Friday night.

SPORTS—

First downs on our recheck are GHS 15 to 3 for Itasca.

Horne's Bakery Is "In The Dough"

Now you can buy bread "at home", and bread made at home. Jack Horne, and the complete equipment he has in Horne's Bakery has just opened up.

Besides loaves of various sizes, he also will have pies, cakes, and pastry of different kinds. Some call his bread "Ho-Maid", we don't know Jack's name for it. Try GATESVILLE bread!

REP. WELDON BURNEY'S LETTER IN ANSWER TO REQUEST FROM GOV.

Evant, Texas
Oct. 10, 1939

Dear Governor:

I have your letter of October 7 in which you urge me to support a temporary consumers tax measure to pay old age pensions, and other social security obligations. Your suggestion to convene the legislature is an applaudable one, but your proposal to pass a temporary consumers sales tax is a very unusual one. Your attempt to have the legislature to pledge itself for sales tax before you will promise to call a special session is a far reaching one, which impresses me as a clear cut demand that the legislature pledge to pass a sales tax or you will not reconvene it in a special session.

I shall be glad to cooperate with you in any way to pay social security obligations of this State, but I can not give consent to vote for a temporary sale tax measure that would have to be reconsidered in 1941. I feel duty bound to solve the pension question now. 1941 is beyond our terms of office, we do not have the right to say to the 47th legislature you

solve the pensions question. Although we both were elected upon the promise to pay social security obligations.

Governor I do not believe you would have the courage to ask the people of Texas, to send you back in 1941 to solve a problem that you can not solve today. You and I were instructed by the people to do a service for the aged, dependent, cripple children and the needy blind, and to pay the states obligation to the teachers of this State. Neither of us have assurances that we will be serving this State in 1941. I am ready now to carry out my pledge, which is the same pledge as yours, and may I quote briefly "\$30.00 Pensions to all over 65 years of age, no more tax upon the common citizens of Texas." and above all we both pledged "NOT" to support a sales tax. I have used my vote and influence as a member of the legislature to pass a tax measure that would not tax the common citizens. We also promised to help raised truck load limit, I have fought hard for this measure and I am ready to renew that fight. I am ready to vote for a tax bill that will not tax the common citizens. But shall not give consent to levy a three-fourth cent on a barrel of oil, the profit which goes to a New York Millionaire Banker and in the same bill, tax a dollar a day laboring man, 3 to 12 cents, for a Dollars worth of groceries, that is an absolute necessity for his family.

Again I commend your suggestion to call a special session, and I trust you will enlist your efforts with us to capture for the common citizens some of the vast wealth that is now going to Wall Street Bankers.

"Mit" Kiger Now At Sinclair Sta.

Milton Kiger, former driver for Jack Morse, Sinclair Oil & Refining Company agent here, has just taken over the Sinclair Service Station on East Main street, across from the First Baptist Church.

"Mit" need no introduction in these parts, since he has carried Sinclair products practically all over the county, and is also thoroughly familiar with the products that he's hauled. He also knows the service station business, and is looking for you to come down and see him.

NAVY SPEEDS UP TRAINING OF AVIATORS

The Navy Department, in an effort to speed up the expansion of its air forces, has streamlined the period of training aviators in such a way that the student now completes his training, as Naval Aviator, in about eight months. This has been accomplished by increasing the facilities of Aviation Training School at Pensacola, Florida.

The number of students to be trained has already been doubled, and the Navy is busy recruiting young college men for this interesting duty. After the training period at Pensacola, Fla., the students commissioned as officers of the Naval Reserve, and are sent to duty with the aviation units of the U. S. Navy.

Interested parties are urged to either get application blanks at the Navy Recruiting office in Waco or write the Senior Member Naval Reserve Flight Selection Board, U. S. Naval Air Station, Pensacola, Fla.

WALTER WANGER presents *Ann Sheridan* in **WINTER CARNIVAL**

with **RICHARD CARLSON**

HELEN PARRISH · ROBERT ARMSTRONG · VIRGINIA GILMORE
 Directed by CHARLES BRISNER
 RELEASED THRU UNITED ARTISTS

WHAT HAS GONE BEFORE:
 At the Dartmouth Winter Carnival Johnny Weldon, young faculty member, meets beautiful Jill Baxter, young divorcee who jilted him six years earlier. Finding that they are still in love, they decide to get married; but their old quarrel begins anew when Jill refuses to settle down as a college town wife. Meanwhile Jill's younger sister, Ann, crowned Carnival Queen, cold-shoulders her escort, young Mickey Allen, and announces that she is going to Europe with Count Eric Von Lundborg, handsome Norwegian ski champion. Jill, fearful lest her sister repeat her own mistakes, plays up to the Count and takes him away from her sister, spoiling their "romance" — then dismisses the Count. Johnny Weldon, admiring her courage and unselfishness in saving her sister, patches up the quarrel and they decide to be married after all.

"I — it seemed like a good idea last night — but things always look different in daylight — and I woke up hearing boat whistles and . . . You won't hate me too much, will you?"

Ann hid in the station waiting room, and no one saw her get on the Montreal train; not even the reporters from New York who piled out, bringing the Duke with them. She settled back in a seat, breathing a sigh of relief.

It was Tiger Reynolds who rushed up and waved the reporters back onto the train. Finally located by Don and apprised of the latter's glorious plan to stage a tabloid field day with Jill and Johnny Weldon, the Tiger was resolved to stick to his promise and throw the newspapermen off the scent.

"Get back on the train," he shouted. "She left for Montreal an hour ago — taking the Britannia!"

They scrambled back on the train, yelling back thanks to him as it started. Jill, watching cautiously through the window, saw them re-embark and felt like a hare that had doubled on its trail, only to meet the hounds face to face. She rushed to the platform. The train was quickly gathering speed. . . . She jumped.

Johnny was again morosely officiating at the ski jump. The distance jump was about to begin. Lucy and Rocky, ignorant of the

Chapter Six

Yes, this time it was the real thing. As if to clinch it, Weldon signed the lease on the Lime Road house early the next morning, and immediately starting moving in furniture.

At the Morgan home Jill was drying dishes — and liking it.

"Every time I have to knock you down, I'll bandage you just as well as this."

"When are you getting married?" Lucy asked her.

"Let me see — about ten minutes after he asks me . . . and there'll be no waking up one morning and deciding it's Palm Beach weather!"

Their ecstatic planning of Jill's married life was interrupted by a caller. Don Reynolds of the Dartmouth Graphic had come to see Miss Baxter — in private.

Alone with her in the living room, he explained his mission quickly — and quite proudly. He had arranged everything. It would be quite wonderful for her — the best headlines she had ever had!

In his father's absence, the boy had answered a call from the New York Mercury, and Editor Williams had told him just what needed to be done. It was the Tiger's story, true enough; but after the Tiger had relented on his hounding of Jill last night and had promised her that he would kill the story, he had drunk himself into blissful oblivion and gone to sleep in the fraternity house. His son Don still knew nothing of this, nor of where to find his father; but no matter, he had everything under control.

"Duchess, it's a natural!" exclaimed the boy. Who do you think is arriving in half an hour? THE DUKE! Well, you and Johnny Weldon are still a Carnival legend. So we get Weldon to come here, and we tell him nothing. The Duke comes in. Slap! the glove across the face. Sock! Weldon pokes him in the eye. Then the duel! You come out with the biggest buildup of the year, and I become a famous reporter!"

"Yeah. Certainly a good joke on Johnny Weldon," said Jill, concealing her agitation.

"Joke! He'll be the laughing stock of the campus by the time the tabloids are through with him — if he's still on the campus!"

Jill, to get rid of him, agreed with everything he proposed.

"Great!" cried Don. "Knew you'd see it my way. Meet you in half an hour!" He was gone.

Jill's eyes slowly narrowed, her face set. She seized her hat and coat, murmured something to Lucy about having to wire some money to her maid, and was about to rush out when the phone rang. It was John.

She took a deep, sobbing breath. Might as well do it right now. "Johnny, I've had time to think it all over. . . ." Her voice almost broke, but she managed to go on.

telephone conversation earlier that morning, hung about waiting for Jill to return from her "errand" so that the quartet could start on a ski trip up to Cloud Cabin. Johnny, too heartsick to tell them what had happened, urged them to start ahead.

"Will you follow as soon as she gets here?" asked Rocky.

"Yes. As soon as she gets here." After they had left he turned and stared glumly out the window. There was Jill, limping slowly up to Lucy and Rocky, who, supporting her between them, brought her into the coffee shop.

"We were beginning to worry," laughed Lucy in vast relief. "How did you sprain your ankle?"

"I tripped over a train whistle." "Will you all excuse me?" said Weldon with bitter politeness. "I'm overcome by a sudden urge to travel." He rushed out of doors.

"You won't travel far, you big sap!" shouted Jill, and limped out desperately after him.

In the living room of the house on Lime Road Johnny Weldon was kneeling in front of Jill, tightening a new bandage on her damaged ankle.

"I still promise," he pronounced savagely, "that every time I have to knock you down, I'll bandage you just as well as this."

She let out a mock screech.

"All you had to do," he pursued, "was tell me they were arriving and I could have gone down to the station and handle everything."

"Which is exactly what I couldn't let you do."

"Oh, you'd rather jump off a train and break an ankle!"

"I'd rather jump off a bridge and break my neck," she said feelingly.

Ann and Mickey came in, the former to make her peace with Jill, the latter to confide their engagement to Weldon. And while the two girls clung to each other and enjoyed a satisfying cry, Johnny stealthily went to the victrola and put on a brand new record.

The sound of the thing made Jill sit bolt upright. It was the chug and whistle of a train, real as life.

"We'll keep it handy," grinned Johnny. "For use in emergencies only."

THE END.

IRELAND SCHOOL NEWS

The Freshman Class has settled down to work at last. We have been taking three weeks' exams.

We are having a party Thursday night, October 12. The party will be down in the woods. If you have a keen eye-sight you may be able to locate a bonfire down below Ireland.

The Sophomore Class has been working hard. They have just finished taking three weeks' exams in History, Algebra, and English. Everyone made fair grades.

The Juniors are still working hard. They have just finished taking three weeks' exams also. They have a new member in their class and welcome him heartily.

The Senior Class has organized and began working for another year. We have a nice size class of 27 and are expecting more. We have planned several trips in our Civics class, and hope they will be a success.

The basket ball girls have been working very hard. We hope to gain a reputation as a conquering team.

The Ireland Tigers failed to growl last Friday at Turnersville as the Buffalos stampeded for 3

touchdowns, while the Tigers were held to two.

The Tigers were so amazed at the strength of Turnersville team that it took them three quarters to get started. L. Z. Edwards was the offensive star of the game for the Tigers, scoring two touchdowns. Werner Lemmer carried the mail on several occasions for neat gains, Lemrer, Squyers, and Edwards also turned in a swell defensive game. Moore, the speed merchant of the backfield, failed to get proper blocking from his mates, and was smothered before he could break into the clear.

The Tigers came out of the Turnersville game badly bruised and will not be in the best condition for the Oglesby Bulldogs Friday.

Snoody, the hard charging full back on the Tiger team, will probably be lost for the rest of the season on account of injuries received in the Turnersville game.
