Saturday afternoon about six o'clock a 1939 model Ford Coupe owned by Granville Graham of The Grove and driven by Joe Halcomb, also of The Grove, caught fire near Mound and was completely demolished.

The fire is said to have occurred by a leaking gas line which was ignited by a hot exhaust. The gas tank exploded only a few seconds after the fire started and Halcomb barely escaped serious injury by leaping from the burning machine.

Three tires and a cushion were removed from the car before it was destroyed.

Connally Speaks On Embargo Act

"America is at peace. God grant that she may remain at peace. Twenty-two years ago Europe was drenched in blood by a terrible war, and we were dragged into that war. President Roosevelt called Congress to draft and pass an act for real neutrality and a program to keep us out of war. The joint resolution now before the Senate was drawn by the Committee on Foreign Relations, of which I am a member.

It is offered as giving greater assurance to keep us out of war and to preserve a legal and real neutrality than any measure which can be devised. It repeals the Arms Embargo Act of 1937 and prohibits the shipment of arms or ammunition or supplies of any

kind in American ships to any nation at war. The Embargo Act now provides that it is unlawful to export arms, munitions, or implements of war from the U. S. to any nation at war. There is now no limit on other supplies to nations at war.

It was passed on the mistaken hope that we might persuade militaristic powers not to bring on war. We know now how empty was that hope. Why repeal it? Because, to keep it is to make the United States unneutral.

The aggressor fixes his own time to strike his victim. That time determines when his victim can no longer get arms. Unsuspecting an attack, the victim does not prepare. The aggressor, by his attack, shuts off our markets. That is the doctrine of the existing Embargo Act—the so-called Neutrality Act.

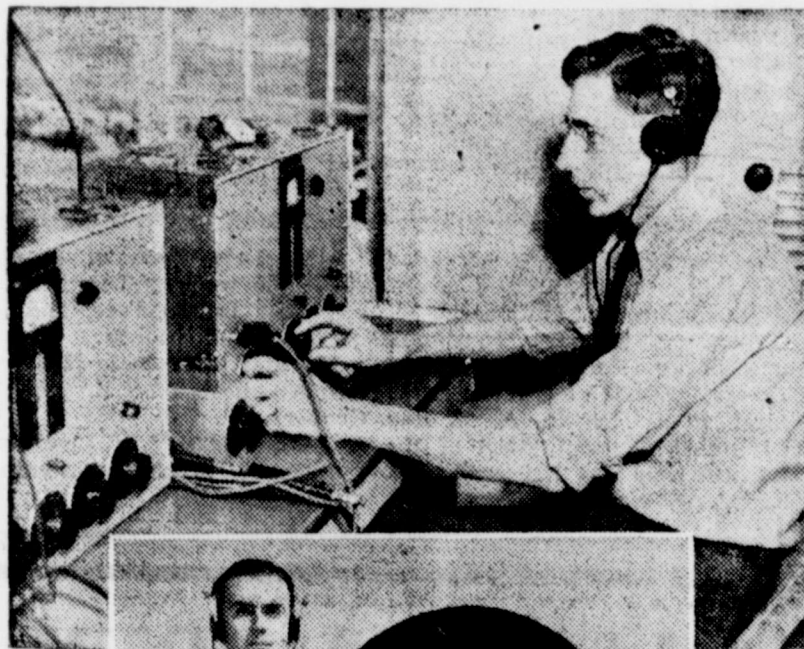

They say "to repeal the embargo will help Great Britain and

France." Then, by the same logic, to keep the embargo helps Hitler and Stalin. It is said that it would result to the advantage of the democracies because they dominate the sea. That is not our responsibility. Germany has great advantages on land. She can buy from many of the nations. The Allies cannot have access to those markets. We do not deny to either the Allies or to Germany those natural advantages—the one on the land, the other on the sea. Unless the embargo is repealed, that is exactly what we are doing. We are denying England and France their advantage, while Hitler enjoys his land advantage.

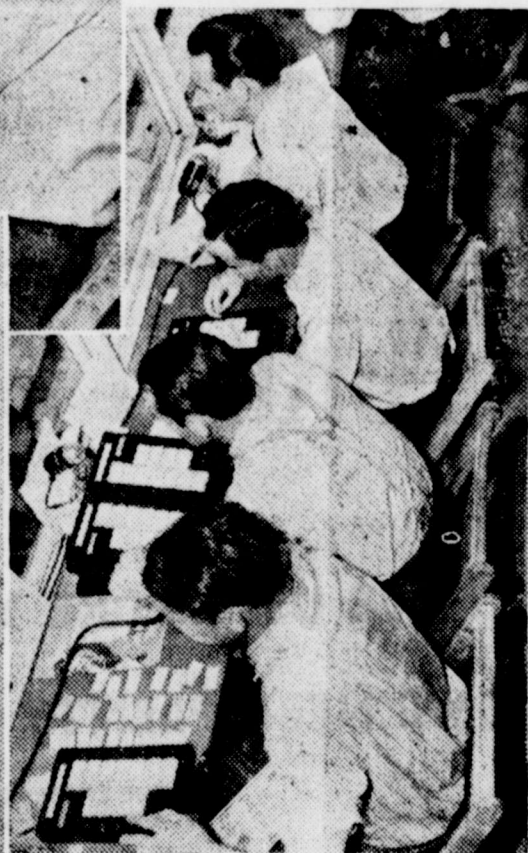

The 25 American ships that were attack or sunk on the seas in the World War were carrying general American commerce, no arms or ammunition. The Kaiser sank them then. Hitler will sink them now. We shall then be face to face with the same issue that plunged us into the World War. The embargo will bring us to the brink of war.

The arms embargo offers no assurance of peace; it does not offer even a hope of peace. How may we then, keep out of war? The proposed act provides that no American vessel may carry any American passenger or cargo to any nation at war; no arms, no ammunition, no food, no raw materials, no clothing; not anything can leave an American port in an American ship for a nation at war. They must come and get it. No American ship or cargo can be sunk on their way to nations at war, because there will be no such ship or cargo on the sea. No American lives will be lost, because no citizen will be on such a ship. No supplies can leave American shores until the title has been transferred. The joint resolution is an American act enacted by Americans for Americans. While we hope and pray, that,

Photographer Visits Humble Football Broadcast to Show How It's Done

Pictures taken in the Humble Oil & Refining Company broadcasting booth at the T. C. U.-Texas A. & M. football game show how football games are put on the air. Top left is Engineer Harvey Wheeler at the dials of an amplifier (spare equipment at his left); here he picks up the announcer's voice, band music, cheers, etc., and blends them for feeding into

telephone lines which carry the broadcast to different radio stations.

Center panel looks down on announcers at work. Kern Tips is second from bottom, flanked on his left by Virgil (Brahma) Jones, A. & M. spotter, and on his right by Arthur Moseley, who identifies T. C. U.

players. Beyond Moseley sits Harfield Weedon, color announcer, who also keeps statistics on the game.

Equipment in front of Tips and spotters is known as a grid-graph. Names on spotters' instruments duplicate names on larger instrument before Tips; spotters press buttons to identify players and lights beside names on Tips' instrument are flashed on. Identification is thus prompt and accurate.

Bottom picture shows parabolic microphone used on field, here operated by Engineer Fred DeBartalan. The large disc collects band music and cheers and feeds them into the microphone shown in the center. The headphones connect DeBartalan with the broadcasting booth.

On the afternoon these pictures were made, the Humble Company broadcast four football games; similar equipment and broadcast crews were used at all of them.

OPEN LETTER TO A DRIVER WHO SPEEDS THROUGH OUR STREETS

I saw you barely miss a little boy on a bicycle this afternoon and heard you yell, "Get the H—out of the way! Don't you know any better than to ride in the street?" He didn't answer because he hasn't learned to talk very well yet. So I'm going to answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings; for example, the one limited the speed of automobiles.

I'm going to tell you something about that little boy. He has a mother who endured considerable inconvenience, anxiety and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think, If you should kill a child, how would you feel facing its parents? What excuse could you give them for having robbed them of their dearest possession? More important: What excuse could you possibly offer Him whose Kingdom is made up of little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We

don't know what the little boy may someday be. But we know what you are, and it's unimportant. We could get along without you, but we can't spare a single little boy on this street.

Sixteen guests were included in the courtesy.

Gatesville People Attend Announcement Coffee, Hamilton

A morning coffee of beautiful appointments was a gracious affair given by Mrs. Cone J. Rounsaville on Tuesday to reveal to a large group of friends the engagement and approaching marriage of her daughter, Miss Stella Jane Rounsaville, to Charles Russell Bell Jr., of Bay City, Texas.

The Perry Country Club lodge in its beautiful scenic setting was chosen for the hospitality which complimented more than one hundred guests. The chill of the wintry morning was dispelled by a roaring log fire in the great fireplace at the end of the spacious reception room, which presented a picture of Autumn loveliness with colorful forest foliage banked on the mantle and supplying the background for tall floor baskets of gold chrysanthemums and sword fern fronds, and vases of brilliant zinnias. Miss Mary Virginia Wieser kept the register, silver covered and with ties of pink and blue satin ribbon.

Receiving were Mrs. Rounsaville, Miss Rounsaville, Mrs. N. F. Elenburg of Dallas, aunt of the bride-elect; Mrs. Bessye Beach, Mrs. Mark Carlton, Mrs. Floyd C. Cathey, Mrs. Autis McMahan, of Stephenville, and Mrs. Ted Chesley with lovely little Patricia Elenburg, cousin of Miss Rounsaville, standing at the end of the line and passing to each guest a tiny white match holder on which was written "It's A Match." Opening the packages friends found the interesting announcement of the wedding date, "Stella Jane and C. R., November 15, 1939."

At the piano Mrs. Craik Pierson played accompaniments for the singers, Mrs. E. A. Perry, Mrs. Travis A. Franks and Miss Beverly Chamlee, of Gatesville, who sang love songs. Piano numbers were graciously given by Mrs. Pierson and Mrs. Autis McMahan.

Out of town guests, other than those assisting in the hospitality, were Mrs. Frank Henson of Stephenville; Miss Dorothy Culberson, Miss Joyce Baker and Mrs. Johnnie Bradford, of Gatesville.

The refreshment table was a creation of loveliest fashioning with its cover of rare Normandy lace and silver appointments and aristocracy of treasured antiques. On a reflector in the center of the board rested a flower bowl in the form of a graceful ship, filled with pink dahlias, and marshaled on either side by candelabra holding white candles. Pouring the rich ambrosia from the urns into hand-painted china cups were Miss Mary Sabrina McKelvain, Mrs. Robert C. West, Miss Ruth Koen and Mrs. Dan Wilkerson. Mrs. J. Virgil James Jr., and Mrs. Dan A. Wea-

therby of Lometa, the former Miss Martha Elizabeth Foster, served tea dainties from large platters.

Following the announcement of her engagement, Miss Stella Jane Rounsaville will be complimented by a number of society affairs.

W. C. Shomell Home Scene of Party

Last Wednesday evening, Miss Jo Davis entertained her friends of the Coryell Church community with a Hallowe'en party at the home of her aunt, Mrs. Ruth Shomell. Miss Davis was assisted as co-hostess by Miss Rae Hall. The spacious home was artistically decorated in spookie arrangements.

Mr. and Mrs. Shomell directed many games and contests, and Mrs. Hattie Davis was superb in her role as the fortune-telling witch.

Misses Davis and Hall poured punch from a sparkling bowl while "cats" and "witches" looked thru windows. Refreshments were served to some fifty guests.

Out-of-community guests who enjoyed the party were: Mr. and Mrs. Buster Morris, Misses Dorothy Fae Morris and Virginia Smith of McGregor.

Another interesting party in the same home was had two weeks ago when Mr. and Mrs. Shomell entertained the adults of the community with a "tacky party". Special invited guests at the affair included Rev. and Mrs. Walker Floyd of Waco.

After the game of 84 had been played, the hostesses passed a salad plate.

The bride wore a black frock with matching accessories, and a Hudson seal fur jacket. Her corsage was of sweetheart roses, and she wore a pin which was about 100 years old and which belonged to her aunt, Mrs. W. A. Putman.

Miss Buchie Wollard was her sister's only attendant. She was attired in a black frock with black accessories, and wore a corsage of talisman roses.

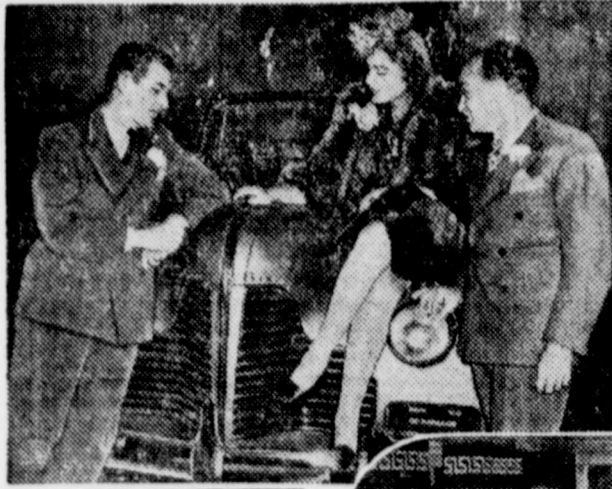

Jack Wollard, brother of the bride, was best-man.

Immediately following the ceremony, the couple left for a short honeymoon trip to San Antonio.

BELVA McCOY NOMINATED FOR REPRESENTATION IN WHO'S WHO

Miss Belva McCoy of Gatesville was one of ten girls nominated this week for representation in Who's Who Among Students in American Universities and Colleges from the North Texas State Teachers College where she is a junior student.

The students were selected for a combination of outstanding qua-

lities in character, leadership in extra-curricular activities, scholarship, and potentialities of future usefulness to business and society. There were 20 students nominated from the student body of the Teachers College, ten girls and seven boys of junior and senior classification and three graduate students.

Miss McCoy was also selected this year as president of the Forum Council of the College, a position considered the highest honor attainable by a girl. She has won signal honor in scholarship as a member of the Gammadions and Kappa Delta Pi, and is a member of the Phoreff sorority, and the Senior Mary Ardens, a literary society.

ELECTRIC COOPERATIVE TO HAVE ANNUAL MEETING

Of great interest to farmers of this section is the annual meeting of the members of the McLennan County Electric Cooperative, Inc., whose office is located in McGregor, Texas.

This meeting is to be held on Tuesday, November 7, 1939 at 1 p. m. at the McGregor School Gymnasium. Election of officers and directors for the ensuing year will be held and members will, in general become more acquainted with the organization of which they are a part. An interesting program has been planned, and members are promised a meeting well-worth their time.

It is interesting to note that since November 20, 1937, the date of organization, this cooperative has made steady strides in growth. With only 118 miles of energized line and 260 members receiving service in April 1938, they now boast 390 miles of energized line with approximately 775 members receiving electric service as of November 1, 1939. When first organized the office personnel consisted of only a project superintendent and bookkeeper, but now in addition to superintendent and bookkeeper, the personnel also includes a stenographer, maintenance man and his assistant.

NEW TIRES BOUGHT IN FALL DELIVER 25 PER CENT MORE MILES

"For a good many years we have been advising car owners to buy their new tires in the Fall so that they may be 'broken in' in cooler weather, and so to speak 'aged' more slowly so that their wear throughout their longer lifetime will be much slower than if driven over hot summer roads," "Red" Chamlee, local Goodyear tire dealer, told a representative of the News today.

"Data recently completed from accurate compilations over a period of years and including tests made under conditions simulating Fall and Winter temperatures," Mr. Chamlee said, "and checked carefully this year, show that breaking in tires in cool weather increases mileage up to 25 per cent."

That is one reason Mr. Chamlee pointed out, why a good many of his customers buy tires regularly in the early Fall, having found out by experience that they ultimately save money in the longer mileage delivered.

"The fact is, too, customers who do this get not only increased miles for their money, but they have the safety features of good tread designs to give them traction and prevent slipping and dangerous skidding through the Winter when streets may be covered with snow or slippery with rain" he said.

"This year, with a complete new line of tires that offers a casing for every car owner's needs and pocketbook, Chamlee's Garage is in better position than ever to meet the tire problems in any quality bracket and at a saving to the buyer," Mr. Chamlee stated.

LARGE CROWD ENJOYS HALLOWE'EN PROGRAM AT SCHLEY

Hallowe'en in all its glory visited the Schley community last Tuesday night when a large crowd assembled at the school house to enjoy a musical program and a soup supper.

A string band from the local CCC camp furnished entertain-

ment for the crowd by rendering a splendid musical program composed of both vocal and instrumental numbers, which was enjoyed by everyone present.

This is just one of the many friendly get-togethers that occur in this community and everyone everywhere is cordially invited to be present at these occasions.

THE GREAT MEN OF THE ADVERTISING BUSINESS

If you were asked to name the six greatest advertising men, whom would you select for that distinction?

Write down your list, then compare it with one which is given in an article that appear in the current issue of the Friendly Advertiser, published by the Birmingham & Prosser company, Chicago paper merchants. The article follows:

H. G. Wells picked his six greatest men in history. So why should not we attempt to pick the six greatest advertising men, the men who have had the most influence on the advertising trends in America and the world? Few of us agree on the six men. What a list we have from which to choose—Calkins, Powers, Casson, MacManus, Goode, Nash, Elbert Hubbard, Durstine, Kennedy, Bates, Barton, Fletcher, Updegraff, Feland and a host of others!

JOHN E. KENNEDY

Thirty-seven years ago, John E. Kennedy vitalized advertising by defining it for the first time as "Salesmanship in Print." This definition gave the advertising profession wings because it gave the advertising men a standard by which to judge advertising. Kennedy taught that we should convince the prospect with written words, just as we do with spoken words. He started the "Reason Why" school. He got copy writers to searching for reasons why consumers should want to buy, for their own interests, the products for sale.

Another great advertising man's story will appear soon, in these columns.

C. Cove Defeats Pearl, 54-28 Fri.

Friday afternoon at Pearl, the league leading Copperas Cove team engaged the Pearl six-man squad and emerged from the game on the big end of a 54-28 score.

Adams and Miller played outstanding ball for Copperas Cove and Dumas starred for Pearl. The entire squad of the Cove team saw service in this game and it was against this second string that Pearl put over most of their touch-down plays.

This was about the sixth game the Copperas Cove team has played this season and thus far undefeated. Their closest threat was a two point win over the Irish of Ireland on the Copperas Cove gridiron early in the season. These two teams clash next Friday, at Ireland, in a game that promises to be a "thriller" from the first

to the last whistle, and is expected to draw a large number of six-man fans from various parts of the country.

CORYELL COUNTIAN
PASSES AWAY**

Theodore W. Turpin, a resident of Coryell County for 59 years and a citizen of Gatesville for 49 years, passed away last Saturday morning at his home in this city. Funeral services were held Sunday afternoon at 2:30 o'clock at the residence on south 7th street. The Rev. S. L. Culwell conducted the services, and interment was made in the City cemetery.

Theo Turpin was born Sept. 30, 1860 in Lewis county, Missouri, near Monticello, the county seat. His parents were Daniel and Mary Tate Turpin, and besides him there were two other children, one girl and one boy. His mother and the two other children died within 18 months. Theo was 4 years old at his mother's death; his mother was 22 years old when she passed away in Quincy, Ill. during the Civil War.

In 1867 Daniel Turpin married Lydia Jane Miller at Montecello, Missouri. To this union were born six children, 4 boys and 2 girls; two children died. Daniel Turpin and wife and son left Missouri when Theo was 12 years of age, came to Texas in the fall of 1872, and bought a farm and settled down 8 miles southeast of Gatesville. Theo attended school at Mound, Texas.

On February 6, 1870, Theo married Emma Rustin near Pull Tight, Coryell county, Texas. To this union were born five girls: Mary Elizabeth (Mrs. W. S. Powell of Fort Worth), Fredonia Mabel, deceased, (Wife of Paul C. Hensler, Gatesville); Sarah Etta, (Mrs. A. Fisher of Paris, Texas); Pearl Ethel, (Mrs. C. R. Jones of Dallas) and Miss Ruby Turpin of Austin. Mrs. Hensler died in Hamilton, Texas in 1909.

After he married, he farmed ten years; worked as a blacksmith

for 30 years in Gatesville; carried the mail from December, 1919, to November 8, 1935 when he resigned because of ill health, high blood pressure.

On October 8, 1938, he and Mrs. Turpin moved to Austin, where they lived with their daughter, Miss Ruby, until May, 1939. After a short visit with their daughter, Mrs. Jones, they returned to Gatesville to make it their home. He was stricken ill on October 6, 1939.

Mr. Turpin was converted in 1884 and joined the Methodist Church.

Mr. and Mrs. Turpin celebrated their 60th anniversary February 6, 1939.

Besides his four daughters who survive, there are 10 grandchildren and 7 great grandchildren.

Pallbearers were: John Reesing, C. E. Gandy, E. C. Farmer, Hugh Saunders, Merle Carroll and Jack Phillips.

Root oleanders in sand, plant crocus every two weeks for continuous blooming, also prepare your flower beds with rich soil now, were some flower reminders offered when the Club met with Mrs. Q. F. Adams, Nov. 1st.
 Plant holly hocks, phlox, larkspur and sow your poppy seed. Mrs. W. T. Laxon told us in demonstrating flower arrangement. Mexican burning bush makes a nice quick growing border for the lawn.
 Roses seem to need leaves in their culture; therefore the use of leaf mold in planting them is advised.
 In arranging bouquets the combination of one or two colors is more effective.
 Mrs. T. J. Smith gave a report on council meeting.
 A salad course was served to thirteen members and visitors present.
 The next meeting is to be had with Mrs. W. T. Laxon, Nov. 15. Reporter—Mrs. Q. F. Adams.

Ways with VEGETABLES

Serve them cooked and hot now that cool days are here

Suggests Dorothy Greig

ALL during the warm days we went in for raw fruits and vegetables with great gusto. Shredded raw carrots, chilled salad greens, peppery radishes, raw sliced tomatoes, raw fruits,

Stuffed Tomato Slices with Creamy Chicken Sauce

raw this and raw that. All wonderful for us, of course, but after months of it we do begin to feel a little like rabbits as we nibble away on all these raw foods.

So now let's turn to cooked hot vegetables.

Smoking baked potatoes cradling huge melting pats of butter; snowy cauliflower topped with rich cheese sauce; peas and small white onions mixed and sprinkled through with finely chopped mint; golden acorn squash baked with sausage meat in its hollow; young cabbage chopped and flavored through with crisped bacon bits—oh yes, bring on the hot vegetables, please.

Suppose, too we take tomatoes, ripe and red and extra good as they are this season and do this to them:

Stuffed Tomato Slices with Creamy Chicken Sauce

- Tomato Slices**
 1 cups soft bread crumbs
 1 tablespoons butter
 3 tablespoons onions, chopped
 3 tablespoons crisp bacon, chopped
 1 teaspoon salt
 1 pinch pepper
 1 egg
 4 tomatoes (cut in half)

Trim the crusts from the bread and chop or cut the bread into crumbs. Cook the onions in the butter until soft but not brown. Then add the bread crumbs, chopped bacon, seasonings and beaten egg and mix well. Place a generous spoonful of dressing on the cut side of the tomato slices and bake in a moderate (350°) oven for 20-25 minutes. Serves 4-6.

Creamy Chicken Sauce

- 1 tablespoon butter
 2 tablespoons flour
 1 can condensed chicken soup
 1/2 cup milk

Melt the butter in a saucepan. Add the flour and heat thoroughly. Then add the chicken soup and milk and cook until thickened.

Eggplant is a vegetable that lends itself particularly well to casserole dishes. Here's one in which we combine it with tomato flavor and cheese:

Escalloped Eggplant Tomato au Gratin

- 3 tablespoons butter
 3 tablespoons flour
 1 1/2 cups milk
 1 can condensed tomato soup
 4 ounces cheese (sharp)
 1 eggplant (medium to large)
 1/2 teaspoon salt
 1 pinch pepper
 4 tablespoons buttered crumbs

Peel the eggplant and cut into 1/2 inch cubes. Cook in boiling salt water to which has been added 1-2 tablespoons lemon juice, for about 10 minutes or until tender. Drain.

Melt the butter, add flour and cook until frothy. Then add the milk and cook until thickened. Grate or cut the cheese into small pieces and stir it into the cream sauce, heating until the cheese has melted. Stir in the tomato soup. Then add the cooked eggplant and seasoning. Put into a casserole dish, sprinkle buttered crumbs on top and put into a 350° oven for 15 minutes to brown. Serves 6-8.

Money spent at home makes times better.

Well, they done it again!

So did McGregor, and 30 to 0 over VM; also Itasca beat West 13 to 0; Mart beat Marlin 18 to 0.

Our worries this week end, however, are non-conference. Hamilton. There is no basis of comparison for the two teams. Hamilton's record isn't so impressive, and you can say the same about the Hornet's.

As for standing in the conference, it looks better for the Hornets at this juncture. Here's the standing.

Hornets Percentage Rises As They Maul Clifton 27 to 6

KIRKPATRICK DOES THE HEAVY HORNETS WORK IN GREAT STYLE

With the taste of the recent 91 to 6 victory over West in their memories, Gatesville High School Hornets fought a stubbornly resisting Clifton Lion into house cat meekness and emerged on the high side with a 27 to 6 victory at Clifton College gridiron Friday night, before a crowd of approximately 1,000 "air conditioned" fans.

While the play of both teams was erratic at times, and the breaks of the game, hurt both, stellar play was turned in by both clubs. Smith, start center of the Lions went out at about the halfway mark with a broken collar bone.

Starring for the Hornets, Duncan Kirkpatrick carried the mail, ably assisted by every last one of his team-mates. Foster, got away, with good blocking ahead of him for substantial gains; Jones, excelled in punting, and wasn't to be sneezed at in his over center plunges; Jackson handled the safety position well, and added much to the gained yardage by the Hornets. Sexton, center, went out with a slightly injured leg during the game and was replaced by Andy Anderson's boy without much loss of strength. Linemen Wittie, Gribble, Ward, Capt. White starred, and El Captain intercepted a Lion pass. Whigham at end, and Hodges on the opposite side, played the usual good defensive games. Passing for the Hornets was not so hot, as they usually went over the receivers. Culberson only saw slight service during the game, but handled the team in veteran style. Eleven gridsters played in this game, folks, and did Alma Mamma proud.

For the Lions, we'll name Stringfellow, big back, who did most of the Lion's work, including running, passing and defense. Hill, handled most of the punting. There was a Holder in there too (was he from T'ville), and a Gohlke (who might have been from out Coryell City way). Whitley, who was taken off the line to do some of the punting, also looked nice. The Hornet line slightly over worked the Cliftons, some of which were eighth graders, and with the time they have to develop, we're going to hear from Clifton in the

A "HAIR" IN THE OINTMENT FOR SHSTC TURNERSVILLE TRAMPLE OGLESBY 16-12 FRI. TO WIN COLORFUL 6-MAN GAME

Sonny Hair, on the left, son of Mr. and Mrs. Bird Hair, who is playing football with SHSTC at Huntsville, as they were shown in preparation with their game with

NTSTC at Denton.

Hair, a graduate of GHS has made quite a record this season as a pass hurler for the SHSTC despite the fact that he's one of the lightest men on the squad.

"We don't know how we did it", said a representative of the Turnersville team, "but we managed to nose out the Oglesby team 16 to 12 at Turnersville last Friday." From information received here this was a very interesting game and one in which the out-come was uncertain until the last minute of play.

This time it was Walker, another sparkling gridster of the Turnersville team who stole the spotlight from his teammates with his brilliant display of football ability and is credited as being the outstanding star of the game.

Turnersville turned in a ragged

performance during the first half of the game and only the brilliant playing of Walker and Huckabee managed to hold the Oglesby boys in check. The most sensational play, however, was a 65 yard punt late in the second quarter by Brasher that went out on the Oglesby 2 yard line and paved the way for a safety and a touchdown for the Turnersville team. The Oglesby team, as a whole, turned in a good game with Carter McKelvin turning in the best performance for his team. However, his playing was severely handicapped due to an injury early in the game.

"SOULS AT SEA"

Paramount's Dramatic Thunderbolt of the Sea tragedy on the "William Brown" with GARY COOPER, GEORGE RAFT, FRANCES DEE and OLYMPE BRADNA directed by Henry Hathaway.

With the William Brown far out at sea the captain entertains Dee, Cooper, Bradna, Raft and some friends. Suddenly there is a cry of "Fire!" The blaze rages out of control as the crew and passengers fight it. Her officers are dead and only one lifeboat remains, able to carry safely no more than a third of those aboard. Who shall command?

Cooper seizes command, impresses a jury who will first condemn themselves and then sit in judgment on the others. One clique rebels, and to enforce his authority Cooper leads a hand-to-hand fight against the dissenters. Raft visits Bradna's cabin and finds her crushed beneath fallen timber. She dies in his arms. In the fight on board Cooper hurls Wilcox into the sea.

Frances Dee turns bitterly against him for this, but he forces her into a lifeboat. He himself means to stay behind and die. Raft, who is told to guide the lifeboat, by a ruse, knocks out Cooper and gets him into the lifeboat. Raft deliberately goes down with the ship and the body of the girl he has loved.

In the Philadelphia court, the British Naval Intelligence official clears Cooper of all connections with the slave trade. The defense attorney recalls a number of witnesses. The last called, the one who brought the charges against Cooper is Frances Dee. She breaks down and confesses that Cooper did the best thing and—that she loves him. The verdict is "not guilty" and Cooper carries Frances Dee out of court in his arms.

Got a
NEW Car?

We'll bet it's a beauty—for they're all beauties, these new 1940 models. And performance! Well, if half you hear is true, they're tuned to the times—you can go faster, more safely, more comfortably, more economically in the new cars than you've ever gone before . . . All in all, you've reason to be proud of your new car—it runs right and it looks good. And it goes without saying that you want to keep it running right and looking good . . . Here's how you can turn the trick: shift the care of your car to Humble's shoulders . . . Begin right, begin right now . . . Take your new car to the nearest Humble sign, fill it up with a LEADED Humble gasoline, use Humble's Balanced 997 Motor Oil. Let the station lubricate it at regular intervals, let them keep it clean for you, and every now and again, let them give the paint a special cleaning and paint-preserving polish . . . Not once—but every time—stop for service where you see the Humble sign.

BRACKETED

By BRACK CURRY

Although the members of Congress have responded nobly to the President's suggestion that politics be adjourned on the domestic front for the duration of the war, there is little likelihood that political issues will not be revived once the neutrality legislation is enacted.

For in spite of the war and the temporary eclipse of domestic issues, the United States is still faced with the problem of making decisions on vital domestic policies and of settling issues the acuteness of which has not been alleviated by hostilities in Europe.

The fundamental political and social ideologies of the Republicans and of the new dealers have not been altered in any degree by the war. Hostilities between them have been temporarily abandoned, but neither side is going in for large scale disarmament with the big offensive scheduled for next spring and the decisive battles calendared for November, '40.

There is no reason to believe that President Roosevelt has modified any of his new deal theories, or that the Republicans are any more amenable to Rooseveltian theories than they were in the 1938 by-elections when they replaced Democratic members of Congress in wholesale numbers by making frontal attacks on the new deal record from 1936 to 1938.

These facts must be faced and they compose the leading issues around which the 1940 campaign will rage. This we know: unemployment totals range around the ten million mark after ten years of depression; the national debt stands at 41 billion dollars; business confidence is lacking in spite of the prospect of war trade, and war orders will effect no appreciable change in business conditions for at least another year. Labor is split and a "rapprochement" between the two labor factions is nowhere in sight. The problem of agricultural surpluses has not been solved. The leading radicals of the administration remain in power, including Communists and other radicals plotting against the American form of government, according to the report of the Dies committee.

These are issues that will be debated during the next year whether the Republicans repudiate the new deal in its entirety in their campaign or accept certain constructive new deal features, such as the CCC. The attitude of the GOP will undoubtedly be determined by the temper of the American people at the time of the convention in respect to new deal measures.

In this respect it is interesting to note the results of the Fortune survey for this month—a poll conducted by the same carefully tested methods which enabled Fortune to forecast Mr. Roosevelt's actual 1936 majority with an error of less than one per cent.

The survey discloses that the American people approve of Mr. Roosevelt's record by a majority of two to one—but only one American in 10 wants the new deal continued in its present form. And a large majority of those with opinions has lost faith in Mr. Roosevelt's ideas about spending America back to prosperity and believes Congress did right when it rejected his \$2,800,000,000 spending program.

Fortune found that 60.8 per cent of the voters approved his record in general, 30 per cent disapprove, 9.2 per cent don't know. The public approves his CCC, his personality, his banking and stock exchange legislation, the way he has guided foreign policy, his attempts to help the farmers, his relief program and his attitude toward labor and unions.

But the public disapproves of his attitude toward business, his advisers, the way he has dealt with political opposition, and his theory of borrowing, spending and lending for recovery.

Accepting this report as essentially correct, wise political strategy would seem to dictate that the Democrats repudiate the Roosevelt theory of borrowing, spending and lending for recovery in their 1940 platform, promise a return to confidence for business and the elimination of radicals from positions of a government responsibility while giving blanket endorsement to the rest of the new deal.

Such a policy would seriously handicap the Republican campaign the Republicans, in this contingency, would be confronted with the choice of repudiating the entire new deal program or of running on a platform similar to that of the Democrats and basing their campaign more upon the personalities of the presidential candidates than upon the issues of the campaign.

Either course would be fraught with great peril for the GOP.

If the Democrats should pursue this course of action it would further have the effect of conciliating the conservative wing of the Democratic party which can destroy Democratic chances of victory either by direct opposition to the nominees or by adopting a sit-down, do-nothing attitude during the campaign.

If Mr. Roosevelt demands as the price of his support that one of the more ardent and radical new dealers be nominated and that the new deal be endorsed carte blanche by the Democrats, the Democratic nominees will enter the campaign seriously handicapped. For it is inconceivable that millions of businessmen, investors, small merchants and oth-

ers with property, investments and savings will vote for a candidate who espouses continued governmental borrowing and spending.

The federal debt went over the 41 billion mark on Oct. 27, bringing the treasury within four billions of its borrowing limit. The federal debt was \$16,026,087,087, or an average of \$129 a person, on

**NATIVES OF CORYELL COUNTY
CELEBRATE 60TH ANNIVERSARY**

Celebrating their 60th wedding anniversary, Mr. and Mrs. W. K. Sadler held open house last Monday, October 30, at their home on Fennimore street in this city. They were married October 29, 1879, by the Rev. R. H. Castleman of Coryell City, a Presbyterian minister, at the home of her parents in Coryell City.

Mrs. Sadler was born in Coryell county in 1856 and her husband in the same county a year earlier. Both were children of pioneer stockmen, who had brought their families to West Texas attracted by the free and luxuriantly growing grass. It was high enough,

when Mr. Sadler was a child that a Texas longhorn was completely hidden when lying down.

Mr. Sadler made his first trip "up the trail" when he was 16 years old. Then it took six months to make the round trip to market at Fort Smith, Ark. The youthful cowboy took his turn at riding herd at night and had all the usual experiences of working with stampeded cattle, swimming the herds across streams at flood stage. He remembers the uncanny spectacle of lightening playing on the horns of the cattle during a storm, and the tense waiting and wondering whether a stampede could be averted.

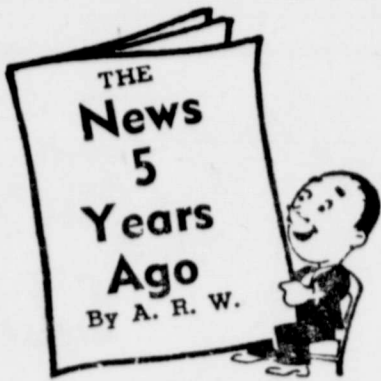

There were occasional Indian raids in Coryell County all during their childhood, in fact, both Mr. and Mrs. Sadler recall Indian scares in their community after they were grown.

Mrs. Sadler was the former Miss Sarah Amma Britain, daughter of Mr. and Mrs. M. A. Britain. Mr. Sadler was the son of Mr. and Mrs. C. C. Sadler; both the Britain and Sadler families settled on Rainey's Creek, Coryell County.

Mr. and Mrs. Sadler have nine children, namely, Chess, Wade, and Earl Sadler, Mrs. Levi Anderson Jr., Mrs. L. T. Sadler, and Mrs. Earl Nesbitt, all of Gatesville; M. A. Sadler of Ardmore, Oklahoma; C. K. Sadler of Killeen and Mrs. J. B. Swope of Houston. Besides the nine children, they have twenty seven grandchildren and nine great-grandchildren.

The home was beautiful thru-out with bouquets of various flowers. In the dining room the table was centered with a three-tiered wedding cake around which were rosebuds. At either end of the table tapers burned in crystal candelabra.

A large number of friends called during the day, among whom were the following out-of-town people: Bob Brown of Amarillo, Mrs. Levi Anderson Sr. of Killeen, Mr. and Mrs. Aubrey Scott of Port Arthur and Shep Cannon of Waco.

November 9, 1934

Sunday, November 11, will be one of the most promising of all Armistice Day celebrations ever held in Coryell County when the ex-service men of this section anticipate in an all day affair honoring the occasion. Plans have been completed for a celebration that will be enjoyed by veterans and their families.

ARW

Gatesville and Hamilton High Schools will resume their annual Armistice Day relations on Monday, November 12, when the respective football teams of the two schools meet on the Hamilton gridiron. The Hamilton Bulldogs, always a serious threat to other football clubs within their class, boast of another strong team this year, having defeated some of the best in their district.

ARW

Round the square: These American Legion fellows and World War buddies are certainly getting ready for a gala time. Why not let's dedicate this column this week to them. Some of those who will probably take an active part in the affair Sunday, seen around the square during the last few days include, L. R. Ables, Bill Wiegand, Kay Ament, John Reesing, Bob Flentge, "Yank" Post, "Chicken" Crow, George Hodges, Jim McClellan, and brother Dan, McClellan, Earl Bond, and many others too numerous to mention.

ARW

One of the largest business transactions consummated in this section took place last Tuesday when Mrs. W. R. Ray of West and formerly of Gatesville, purchased from Dr. I. F. Johnson and his son I. F. Johnson Jr., the Gatesville Cotton Oil Mill.

ARW

Many attractions will be offered those who visit R. E. Powell's Saturday for the Golden Anniversary Celebration. Mr. Powell has arranged to pay several cash prizes for those who bring in the oldest notes or receipts bearing the name of R. E. Powell or Sasse & Powell. The exterior and interior of the store has been refinished and visitors will find an elaborate booth inside where refreshments will be served.

ARW

Ercell W. Brooks, Deputy State Supervisor, has just completed the supervision of the State Aid Schools of Coryell County. Forty-five schools were visited. Mr. Brooks expressed himself favorably on the progress that schools of the county are making.

ARW

In the General Election Tuesday unofficial returns gave hardly more than 1560 votes cast in Coryell County, 30 boxes having been heard from. All of the 8 amendments were soundly defeated. In the other states Democrats won sweeping victories, electing 234 members to the House and 28 to the Senate.

Ireland Swamps Flat, Friday

Coach Sivells' "fighting Irish" of Ireland moved up a step closer to the finals in the six-man league by downing a badly bruised squad of Flat Yellow Jackets at Flat Friday, and coming out of the game on the big end of a 20-6 score.

The Flat team, almost demoralized from the start by the stellar playing of Pearson, Moore, Edwards and Squires of the Irish team, fought a losing battle all the way but never gave up until the last whistle.

Pearson, Moore, and Edwards scored one touchdown each for

the Ireland team and it was not learned who converted the extra points, or who scored for Flat.

Next Friday at Ireland the Irish meet the league-leading Copperas Cove team in what promises to be one of the best games that remains to be played this season. The first time these two teams met, the Cove boys came out on top with a two point margin, and both teams are eager to resume the battle. Coach Sivells says if his boys are in shape and indications are that they will be, they'll defeat the Cove team, but the Cove boys will put out the best they have to keep their undefeated record unmarred.
