## More '29ers In Let's Call It '30'

More '29ers!  
The newest ones are Esther Gaskamp, 16, of Moshem, who is the daughter of Mr. and Mrs. Adolph Gaskamp, and Kenneth Bannister of Oglesby, Texas, who was born in 1913 on that "29".

The line up, so far is:  
**A. M. BERRY**  
**ED DEVOSS**  
**TRAVIS ANDERSON**  
**WILLIE DALE WARNER**  
**ESTHER GASKAMP**  
**KENNETH BANNISTER**  
**W. T. BLACK**

That's getting the percentage for Coryell County down to 1 in 2,857 and, that's just about close enough

## MRS. ELBERT SLONE AT HILLSBORO MEETING

Mrs. Elbert Slone, State Executive Committeewoman from the 21st Senatorial District, attended a meeting of the State Executive Committee at Hillsboro Saturday. At the meeting, Waco was named as the convention city for the State Democratic Convention, which will be held May 28.

Many notables from all over the State of Texas attended the meeting.

## TWO HAMILTONIANS IN CAR WRECK HERE

Thursday, two Hamiltonians, according to Sheriff J. H. Brown, crashed into a bridge abutment near the State Juvenile Training School, and damaged their car, about 8:30 p. m.

M. D. Worthington, the driver was booked on a charge of D. W. I., and Walter Fulscher, was charged with drunkenness, according to Sheriff Brown.

No one was injured in the accident.

John L. Webb, of Morton Scotts is back on the job after suffering a "cracked" ankle and strained back last week.

## LANDOWNERS VOTE OVERWHELMINGLY FOR CONSERVATION DISTRICT IN CORYELL COUNTY: HAMILTON REPORTS NOT IN

Landowners, those who went to the polling places Saturday, voted overwhelmingly for a Soil Conservation District. The totals were 747 for, 87 against, Total 834.

Although this is not a full possible vote, the turnout in Coryell county was considerably better than in most counties. Some of those having an opportunity to get a district, voted it down. The first district reporting, rejected the plan.

The vote by boxes for Coryell County are as follows:

Box and Places	F	A	T
Oglesby, Whitson,			
Eagle Springs	44	10	54
Coryell City, Cave			
Creek, Osage	61	4	65
Turnersville Hurst			
Jonesboro	26	11	37

Gatesville, Ames Ar-			
nett, Mound, Pearl,			
Spring Hill	348	27	375
Purmela, Ireland			
Levita, Ohio	40	1	41
Evant, Fair View	57	4	61
Pidcoke, Harman			
Hillsdale	47	4	51
Flat, Leon Junction,			
The Grove, Hubbard	27	19	46
Ewing, Brown's Creek			
Sugar Loaf	24	3	27
Copperas Cove			
Eliga	73	4	77

**TOTALS** ..... 747 87 834

This decisive vote registered in Coryell County is due to the favorable impression the local CCC camp has made due to its fine work, and outstanding work of Judge Robert Brown, President of

the Gatesville Chamber of Commerce, and the Chamber of Commerce issued the pamphlets to the voters which explained the proposal in full.

The main part of the work of the putting over the idea, goes, of course, to the wide-awake land owners who voted so overwhelmingly for the district.

County Agent Guy Powell also extended the good offices of his official capacity in furthering this worthy cause.

From Hamilton, comes an "estimate" of the vote in that county on the Soil Conservation District, which is 500 votes, with 83 per cent for, and 17 per cent against. This makes it look like the proposed district will go over in both counties.

## "GATESVILLE STAR" OF '96 VINTAGE BROUGHT IN

The first we'd seen, in fact, it was printed before we were born. Remember The Green Front Store—it's Bankrupt Sale advertisement was on the bottom of the front page.

All the rest of the front page was taken up with "Kearby Called Down," "A Correspondent Pulls the Records on Jerome and Gives Him a Roasting." This was a political story about Culberson and Hogg. The Populist Party was "in swing" then.

In the inside, we even saw two advertisements from The City National Bank, and The First National Bank—which you don't see nowadays, with a few exceptions.

Also, the Gatesville Waterworks advertises good Artesian water, which don't have to be advertised these days, as everybody has it.

G. B. Carden & Co., advertised wagons and buggies, and about the buggies, the say "They are Genuine Beauties", which they were.

Both the Cotton Belt and Santa Fe had ads, which you don't see now, also, there was a "packet boat" on the Mississippi advertised.

Quoting: "The electric lights are now being rapidly placed and ere many days Gatesville will be handsomely lighted by electricity."

Remember Dr. King's Royal Germetuer, a medicine advertised to "Cure Summer Diseases". Also, Hood's Sasaparilla and Pills, and about four baking powder ads.

The late Davis R. Hall was Editor and S. W. Oakes, Associate. There was a nice lineup of candidates.

"We are painted to learn of the illness of one of R. E. Powell's little sons,"—probably Jim or Reid.

It was the "horse and buggy days", but read this: "Reckless driving doesn't pay in Gatesville. However, as a means of making lighter the pocketbook of the driver, it is a great success."

"I am the only regular authorized city scavenger, and am well prepared for the business. Give me your hauling of this character. George Hooper."

"George Bateman has recently made some neat and valuable improvements in his saloon that places his place at the front of any kind west of Waco."

"Leake Ayres now occupies his handsome new home on College hill."

"There are some people in Coryell county squeezing their dollars until the eagles scream with agony." (Continued on last page)

## CONGER'S FOOD MARKET OPENS SOON: IN SADLER BUILDING

They're real busy right now, getting ready for their opening, and they say: "It won't be long now".

We refer to Conger's Food Market, which opens in the Sadler Building, next to the Palace Theatre.

Complete, with fresh meats, fruits, vegetables and a full line of staple and fancy groceries, these newcomers will be ready for the Coryell County trade soon.

Operating the new business in Gatesville are H. C. Conger and W. T. Yarborough, who are experienced grocerymen from Fort Worth.

Further announcements will be made later as to the dates of their formal opening.

## FUNERAL SERVICES FOR MRS. J. J. VARDIMAN HELD SUNDAY

Funeral services for Mrs. J. J. Vardiman, age 87, who died at 7 o'clock Saturday morning at her home in Paint Rock, Texas, were held here at 3 o'clock Sunday afternoon at the grave, conducted by the Rev. C. M. Spalding, pastor of the First Baptist Church. Interment was made in the City Cemetery. Mrs. Vardiman had been in ill health for several years, but had been confined to her bed for only ten days with pneumonia.

Miss Victoria Smith was born in Milam county July 10, 1852. She married J. J. Vardiman at Gatesville in 1870, and to this union 7 children were born. Mr. Vardiman and one son, Beverly, preceded her in death.

Mrs. Vardiman was a member of the Baptist Church.

Surviving are: one son, Rev. Solon Vardiman, of Topsey; five daughters, Mrs. Margaret Styles of Paint Rock, Mrs. Myra Allen of Gatesville, Mrs. Eunice Kyle of Eden, Mrs. Bennie Terry and Mrs. Williams Hoskingson of Paint Rock; three half-sisters, Mrs. Sallie Murrell, Mrs. Emma Shipman, both of Gatesville, and Mrs. Mattie Merrill of Colorado City; one half-brother, Ike Smith, of Gatesville; and several grandchildren.

Pat Holt was a business visitor in Mineral Wells last week end, where he met with the other members of the Program Committee of the Texas Press Association.

Mrs. O. P. Gresham and daughter are visiting Mr. and Mrs. R. L. Woodall and Mrs. C. E. Alvis. Sr. Mrs. Alvis and Mrs. Woodall were Temple visitors Friday.

## "PAUL'S CAFE" REPLACES MECCA CAFE ON SOUTH SIDE SQUARE

Sale has been completed of the Mecca Cafe, formerly owned by Carl McClendon to Paul Paulos, and the name of the cafe will be "Paul's Cafe".

Mr. Paulos has had many years experience as a cafe operator, and formerly operated the Post Office Cafe in Waco, and more recently, has operated other well known cafes in Waco.

Mr. Paulos will have a full announcement of his plans in the Friday issue of the News.

## FATS vs. FATTERS AT GYM TONIGHT: THEY'RE LIONS

Clash, Crash, and somebody better be there with their wrecker, when J. B. Martin's Goliaths meet Too Long Jones' Gargantuas at the Gym tonight in the World's Pussiest Basketball Championship.

The game won't amount to anything, since it'll only be a "comedy of errors", and the thing guaranteed to register with the fans, is that "the lugs can't play."

Anyway, the entertainment will be there, aided and abetted by Bodiddily and his three darkies, who make up Bodiddily's Quartet. They'll sing while the "principles" get their breath, which will be often.

## HIGH SCHOOL SENIORS OVER COUNTY INVITED TO OPEN HOUSE AT J.T.A.C.

The senior classes of Gatesville, Oglesby, Levita, Jonesboro, Ireland and High Schools recently received an invitation from Dean J. Thomas Davis, head of John Tarleton College, inviting them to be the guests of the Stephenville institution at an open house on April 18. In addition to the invitation from the dean, letters urging attendance were received from representatives of various Tarleton social clubs, who are sponsoring the affair.

Included in the program for the hundreds of high school students expected to attend will be a tour of the campus, lunch in the dining hall, motion pictures, a program by the music department, and a military review of the Cadet Corps.

G. W. Wally was an Austin visitor Sunday.

George Schaub, employed at W. F. & J. F. Barnes Lumber Company is in a Waco hospital where he was operated on for appendicitis, and is reported to be doing well.

## LEAIRD'S PREPARE FOR EASTER BUYING: IN MARKETS

Byron Leaird, Jr., was in the Texas wholesale markets late last week, preparing for the coming Easter Festivities which take place earlier this year, being March 24.

Mr. Leaird besides the regular spring drygoods, has also purchased many Easter and Spring novelties, which will please the people of this trade territory and which are rarely presented to the local public.

## JOE HANNA BUYS EASTER GOODS IN DALLAS

Joe Hanna, of Joe Hanna's Cash Store was a Dallas visitor this week, where he placed orders for new Spring merchandise and also special Easter buys for the big event which comes the 24th.

Further announcements of this new merchandise will probably be in subsequent issues of the News.

**MANPOWER AND THE WAR**

Launching of the much-heralded spring offensives by either of the belligerents in Europe will set in motion the greatest bodies of armed men ever to engage in conflict.

On the basis of figures compiled in Washington, the Allies possess a slight numerical advantage over Germany in men. The Allied powers according to this survey, have total trained air, sea and land forces of 8,500,000 men as compared with Germany's 7,250,000.

This superiority might be decisive in a long struggle if the Allies could concentrate their total manpower on the continent. But the necessity of defending their far-reaching empires requires the maintenance of large bodies of troops in such strategic points as

India, Egypt, Syria, Palestine, the Suez Canal and Singapore. Denuding these focal points of defense of their troops with the likely possibility that their empires would fall would be too dangerous a move for the British and French, unless defeat in Europe were imminent.

Germany has the largest military air force in the world, this survey reveals, with 338,000 men in active and reserve services. Other leaders are British Empire, 258,000; France, 217,000, and Soviet Russia, 150,000.

Italy, with the third largest air force and a potent army and navy, would enact a crucial role in the war drama should it decide to support either Germany or the Allies in the field.

The report stated that Italy has trained active and reserve military

strength of 7,633,000 men, the largest in the world. Most of this force is in reserves, however, Italy having a larger percentage of reserves than any other great power.

Italy has almost 17 per cent of its total population on active or reserve military status—the highest ratio of any nation. Other leaders are France, 14.1 per cent; Switzerland, 13.9; Yugoslavia 11.6; Latvia, 11.4; Lithuania, 10.4; Finland, 11.1; Estonia, 10.3; Sweden, 10, Rumania, 9.5 and Germany 8.3.

Naval strengths were estimated at: Great Britain, 220,000 men; Japan, 190,000; the United States, 137,000; France, 90,000; Germany, 75,000; Italy, 75,000; Soviet Russia, 50,000; and the balance of the world, 75,000.

In the midst of an intensive program of military and naval rearmament, the United States ranks 17th in army and air forces which number 623,000, including active and reserves, the report shows. It ranks third among navies, as shown above.

Tiny Finland has an army of 400,000 men and 1,300 airmen fighting a Soviet Russian war force which numbers 4,000,000 active land troops, 110,000 in the air force and a navy of 50,000. In addition, there are 3,000 trained Russian land reserves and 40,000 more for the air corps.

The report further revealed that about 57,000,000 men of the 45 countries are either on active or reserve status for land, sea and air warfare, and that 32,824,000 men are under arms or have been trained in nations engaged in warfare in western and northern Europe and the Far East. Great Britain, France and Germany have mobilized about half this number.

**IN MEMORY OF MRS. J. H. WILLIAMS**

Mary Virginia Kenedy was born August 6, 1873 in Alabama. She was converted early in life and became a loyal member of the Methodist Church.

She was married on January 16, 1895 to John Henry Williams. They came to Texas, settling in Bell county where they have resided since December 1895.

To this union was born seven children. All survive except one daughter, Mrs. Earl Walker who preceded her mother in death in November 1929. Those surviving are her husband, two daughters, Mrs. Henry Berry, Grapevine; Mrs. Rex Donaldson, The Grove; four sons, Frank Williams of Bakersville, California, Howard and A. K., The Grove, and Naylor of Houston. Two brothers and seven sisters; Mrs. J. T. Watson, Lincoln, Alabama, J. B. Kenedy, Meridian, Mississippi, Mrs. S. H. Berry, Brownwood, Mrs. J. M. Whitley, Hillsboro, Mrs. W. A. Whitley, Merkel, Mrs. C. M. McGhee, The Grove, Mrs. E. H. Fisher, Downey, California, J. F. Kenedy, Moody.

There are also fifteen grandchildren and a host of other relatives and friends.

Mrs. Williams developed pneumonia a week before her death. She faced her sickness and death with the same sweet smile she is remembered by throughout her life. She told her children she was ready to go and was unconscious from Friday until Sunday, March 3, at 11:55 a. m. when she peacefully went to sleep with Jesus.

Funeral services were conducted at the home between The Grove and Moody, Monday, March 4th, at 2 o'clock p. m. Rev. Ollie Williams and Rev. George Siler conducted the services.

Pallbearers were her grandsons and a nephew. John Edwin Randall, and Burton Berry, Joice Williams, Rex Donaldson Jr., and Billy Kenedy.

Interment was in the Moody Cemetery.

## Methodist Young People's Banquet Held Friday

The Seventh Annual Banquet of the Young People's department of the Gatesville Methodist Church was held in the basement of the church Friday evening.

In all decorations and other appointments the St. Patrick's Day motif was featured. Bowls of daisies and candy tuff, carrying out the color scheme of green and white made the centerpieces, and tall green tapers in candelabra burned at intervals along the festive board. Favors were attractively wrapped in green paper and tied at either end.

The menu, consisting of grape fruit cocktail, baked ham, beets, new potatoes with parsley, string beans, hot rolls, green and white brick ice cream, white cake, and coffee, was served by the Methodist ladies.

Bill Witt, president of the department, acted as toastmaster. Following the sing-song, led by Miss Sidney Gibson, the grace for the table was sung by all. Bob Thomas introduced the guests after which the group sang another song. A cornet solo was rendered by Harold Diserens.

Dr. D. K. Porter introduced the principal speaker, Rev. Leslie Scott, student at SMU and pastor of the Turnersville Methodist Church. Rev. Scott gave a very inspirational talk on "The Luggage of Life".

Concluding the program, the group sang "A Fond Adieu" and "Taps".

## Gatesville Girl on Dean's Honor Roll at TSCW

Miss Martha Moore of Gatesville has been placed on the Dean's Honor Roll at Texas State College for Women for high scholastic standing in her work last semester. Announced this week, only the top ranking eight per cent of the student body qualified for the honor.

Daughter of W. G. Moore, Miss Moore is a freshman majoring in library science.

Girls achieving this above-average scholastic rating were presented at "Honors Day" this week, when Associate Dean Jessie H. Humphries spoke at the college assembly.

## Bridge Party Honors Recent Bride

Honoring Mrs. Garland Anderson, a recent bride, Mrs. Chess Sadler entertained with a bridge party at her home on Pidcoke street Friday afternoon. Vases or orchid and white stock adorned the reception rooms thruout.

At the conclusion of the bridge games, Mrs. Francis Johnson was awarded high score prize and Mrs. Floyd Zeigler second high. The hostess also presented the honoree a lovely gift.

A delectable salad course was served to the following: Mesdames Jim J. Brown, Billy Nesbitt, Dean Jones, Floyd Zeigler, Peyton Morgan, O. N. Hix, J. J. McDaniel of Brownwood, C. B. Braden, Ray Ealy, Elworth Lowrey, Charles

Powell, Johnnie Washburn, Francis Caruth, and Miss Leah Dale Franks, and the honoree.

## Will Rogers' Humorous Story

By WILL ROGERS

SINCE Americans got interested in battlefields, from visiting France, they say our own battlefields in this country are getting a little more of the tourist trade. The people that go to France get taken out to the battlefields, and they see everybody else going, and they get a notion that going to see battlefields is pretty near as good as seeing art galleries and cathedrals.

So there was a young lady that had done all the battlefields in Europe, and was kinda trying to cover all the points of interest at

home too. She was wandering around at Gettysburg, and she met a young man that was trying to make a hit with her.

"Yes," says the fellow, "this is a mighty historic spot."

"Is it?"

"It sure is. My grandfather lost a leg here."

"Now, ain't that a coincidence! It must be a terrible place for losing things. I lost my vanity case out here yesterday, and my aunt lost her umbrella today, and here's your relative losing something too! Was it always that way?"

Over 11,000 Texas Farmers insure 1940 Wheat Harvest

Each dot represents 5,000 bushels insured production  
Number of paid-up insurance contracts—11,040  
Estimated acres insured—287,600  
Estimated insured production—4,943,435 Bu.

Drought and other hazards of farming still bring uneasiness to the heart of the farmer.

But for the 11,040 Texas wheat farmers who took out all-risk crop insurance on their 1940 wheat crops, that uneasiness has been cut to a minimum.

After one year of watching closely the operation of crop insurance under the 1939 AAA program, Texas wheat farmers decided it worked, and as a result the num-

ber of policies in 1940 tripled the number for the previous year. Insured acreage in 1940 reached 287,000 acres, assuring the participating farmers a crop of at least 4,943,435 bushels, according to figures from the Amarillo office of the Federal Crop Insurance Corporation.

No indemnities have yet been paid on the 1940 crop, E. R. Duke, state crop insurance supervisor, reports, but adjustments will begin within a few weeks.

## FARROWING WEIGHT OF PIGS VITAL FACTOR IN DETERMINING PROFIT OR LOSS IN HOG RAISING OPERATIONS

Experiments show that an extra pound average pig weight at birth can mean up to five times as many pigs alive at weaning time—and heavier pigs, too!

Does the farrowing weight of pigs have any effect upon the number and size of pigs at weaning time?

"Decidedly!" is the answer that comes from the Purina Experimental Farm at Gray Summit, Mo. "The weight of pigs on farrowing day can mean the difference between profit and loss on an entire pork making operation," emphasizes E. H. Hamel, Manager of the Purina Hog Department, who cites some convincing records from Purina Research and Purdue University to verify his statement.

"In 1938," Hamel says, "84% of the pigs weaned at the Purina Experimental Farm weighed 2½ lbs. or over at birth. But of pigs weighing under 2½ lbs. when farrowed, only 14% were alive and thriving at weaning time. In other words, we weaned 30% more pigs weighing 2½ lbs. and over at birth than pigs weighing under 2½ lbs. at birth."

**Proven by Purdue**

"These results are in direct accord with experiments reported by Purdue University in Bulletin No. 113—page 40," says Hamel. "Purdue records of 784 spring farrowings show that the percentage of 2½ pound pigs weaned was 5 times greater than the percentage of 1½ pound pigs weaned. And the pigs that weighed 2½ lbs. at birth averaged 8 pounds more at weaning time than the pigs with a 1½ lb. birth weight. That extra pound at birth meant 5 times as many pigs per litter at weaning time—and heavier pigs too!"

"This naturally brings up two important questions," Hamel observes. "Why do some pigs run heavier at birth than others? Is there any way by which birth weight can be controlled? The feeding of the sow during gestation is the answer to both questions. Other things being equal, the way the sow is fed from breeding to farrowing has a tremendous influence on the weight of pigs at birth."

Purina Experimental Farm results, as well as the records of many hog raisers, give conclusive proof of the importance of feed in determining both the farrowing and weaning weight of pigs, according to Hamel. "In the spring of 1939, at the Purina Farm, 62 sows farrowed over 600 pigs which averaged slightly over 2½ lbs. apiece at birth," he says. These sows also weaned an average of 9.4 pigs per litter. In 1938, 61 Purina Farm sows weaned an average of 9.33 pigs.

**Three Extra Pigs**

"Comparing these successive records of 9.33 pigs and 9.4 pigs to the litter with the U. S. average of 6.32 pigs reported December 1, 1938, by the Department of Agriculture, shows better than 3 extra pigs weaned per litter in favor of the Purina fed sows. These Purina Farm brood sows all got the same gestation and nursing ration, Sow and Pig Chow, from breeding to weaning, along with corn. This is the same ration we are now packing in checkerboard bags, obtainable from any local elevator or feed store handling Purina feeds."

**WASHINGTON NEWS**

FROM OUR CONGRESSMAN

**W. R. PORGE**

I have received scores of letters from fine young men from all parts of our district, expressing a very natural and laudable desire to attend one of the better known service schools of the Nation, the Military Academy at West Point or the Naval Academy at Annapolis. Nominations to these academies are made by members of Congress. While a vacancy does not occur at each school every year, I have been able to make nominations for this district to each institution, both this year and last year; but it is not expected that this district will have a vacancy in 1942.

It is always a pleasure to the Congressman to be able to have some part in enabling some fine young man to attend one of these institutions, but it is a source of disappointment to be required to advise so many equally deserving and ambitious youths that it is impossible to give them the nomination that they so much desire. Many of our young men are not familiar with the fact that the United States Government maintains a third service school—the United States Coast Guard Academy

my at New London, Connecticut, which gives the same high type of instruction and to which appointments are made thru yearly will be held May 15 and 16, 1940. These examinations will be open to all physically qualified young men between the ages of 17 and 22 years who have the required moral qualified and educational preparation.

Successful completion of our years of cadetship leads to a commission and a career in the United States Coast Guard. The course of study at the Coast Guard Academy requires the completion of work well in excess of that ordinarily necessary for a Bachelor of Science degree from a civilian institute. While the course is mainly professional, sufficient time is given to purely cultural subjects. In addition to the time given to engineering and such professional subjects as Seamanship and Navigation, etc., the cadet specializes in Maritime Law and studies related to Maritime Economics and Maritime Transportation. The course is designed to fit him for a commission in an organization which is charged primarily with

public safety and security on the seas. This includes the construction and maintenance of light-houses and aids to navigation generally, and training of licensed and unlicensed personnel of the Merchant Marine and the enforcement of safety and other maritime laws. A corollary duty is preparation for national defense as the Coast Guard becomes a part of the Navy in time of war.

I shall be happy to render any service to any young man of the district in making the necessary contacts and in securing any information or application blanks that he desires in this connection.

# Highland Humbles Hornets 22-18 In State Basketball Meet

**FIRST HALF SCORING SLUMP  
COST HORNETTES VICTORY  
MOORE PLAYS BRILLIANTLY**

By **WILSON BRAZZIL**  
News Sport Editor

Last Friday night the Gatesville High School Hornets, last year's state cage champions were eliminated from the state championship tournament which was held in Waco last week end by bowing to a classy Highland sextette by a score of 18 to 22. The local lassies, most of them getting their first taste of big-time basketball, were unusually excited in the first two periods of the game, continuously fumbling the ball and allowing the Highlanders to stack up a 13 to 7 point lead in the first half.

Ruth Rutherford, brilliant Gatesville forward who set the Coryell County loop on fire with her superior goal tossing was held on one lone point during the fray. This was largely due to the expert guarding of Garret, Highland red-head who swept across the court like a whirlwind, picking the ball off the backboard and sending it soaring out of the danger zone.

Rutherford who was playing in her second all-state tournament was the one, and only, difference between defeat and victory for the Hornets, but even her cinch shots didn't click. Time after time she tried valiently for the basket but the ball would invariably bound back from the backboard into the eager hands of the waiting Garrett. Rutherford is truly a great forward and deserved a berth on the all-state team but by a queer quirk of fate she was void of all her usual brilliancy in this important game and failed to place.

**Dolly Moore is Sensational**

Dolly Moore, another hustling Gatesville forward, turned in the most creditable performance for the local aggregation, scoring 12 of the Hornets 18 points. She was the only one of Schwarz's proteges that remained calm and collected during the hectic battle and this enabled her to cash in on the majority of her tosses. Muller, Apel and Black tried desperately to throttle the Highlanders march to victory and were succeeding fairly well when the game advanced into the final quarter. Using a tricky pivot play that worked the ball almost directly under the basket the Highland girls had the local guards quite confused at times and when an opportunity came to score they seldom missed.

With the exception of Wayside, Gatesville was the equal of any team in the tournament. Had they played the same brand of ball that they exhibited in their championship series against Evant, we venture to say that the Hornets would have won by at least ten points.

Here's the lineup:

Gatesville; Rutherford, Moore, Patterson, forwards. Lester, Muller, Apel and Black, guards.

Highland: Dyess, Wright and Allen, forwards. Garrett, Henson, Bankheads, guards.

First quarter score, Highland 5, Gatesville 4. Half score, Highland 13, Gatesville 7. Third quarter score, Highland 19, Gatesville 12. Final score, Highland 22, Gatesville 18.

**Hornettes Trample Santa Rosa**

In their first clash of the tournament which was played at 8:30 Thursday night, the Hornets won handily from a Santa Rosa team by a score of 47 to 17. After piling up a 31-1 lead in the first half of the game the entire first string of the local team was benched and the second string took over. Doris Patterson chalked up approximately 15 points to lead the locals scoring attack.

Santa Rosa is located in Cameron county deep in southern Texas and traveled a distance of over 500 miles to participate in the tournament.

**Wayside Wins Championship**

Wayside, a little West Texas town of some 40 inhabitants has the distinction of having produced the 1940 Champions. Pitted against Mobeetie in the finals Saturday night the Wayside Lassies came through without a sweat and won by a score of 41 to 24. Led by Moore who pounded the basket for 25 points, the Wayside team was never in trouble and finished the game in a walk. Moore, Harrell and Payne were outstanding for Wayside and Smith and Ferguson starred for Mobeetie.

**Bullard Wins Consolation**

In the consolation round, Bullard sparked by the accurate goal shooting of a lass named Smyrl, nosed out Kopperal 22-17. Kopperal lost despite the fact that Kimball, ace forward dropped in 23 points during the fray. In the Kopperal-Marfa game Kimbell is credited with making 46 points. Plano who nosed out Highland in the Semi-finals won third place in the tournament.

A committee headed by T. C. Stell of Irene picked the following all state team, each member of this team getting a gold basket ball: Miss Neal, Lott; Miss Payne, Wayside, and Miss Kimbell, Kopperal; Miss Smith, Mobeetie, and Miss Williams, Plano, forwards. All displayed sensational ability throughout the meet.

In the beauties' contest Miss Horton of Bullard was chosen the pretties red-head: Miss Strain of Plano, brunette; Miss Caroway, Gustine, blonde. Best sportsmanship medal went to Miss Wade of Rusk.

**F.F.A. CLUB HAS SCHOOL PROGRAM**

Friday, the GHS student body was entertained for thirty minutes at activity period by the FFA boys with a theme of FFA work and activity.

With President Vernis Wolfe presiding, the following program was given:

"What a Student of Vocational Agriculture must do to become a FFA member" Anson Bertrand.

"Second Degree in FA Work," J. C. Jurney.

"How to Become a State Farmer," Bill Williams.

"The American Farmer Degree", Vernis Wolfe.

The first degree given is the "Green Hand Degree", and the FFA boy must by labor, both physical and mental, earn each successive degrees. FFA organizations are established and run by the American Farm Youth Movement, and there is a distinction in Vocational Agriculture work and FFA. The former gives the boys a more thoro education on basic fundamentals of farm life, it is said. FFA is designed to give leadership, fellowship, thrift and supervised farm practice, for the efficient operation of farms.

The Gatesville high school baseball team with burly Red White at the helm are holding regular practice sessions and are looking for a game Sunday, March 24. Any team in Coryell county desiring to play the Hornets on that date is urged to get in touch with manager White.

White previously stated that the Hornets would like to play the Flat Yellowjackets on that date but it is not known whether or not a game between these two diamond rivals could be arranged.

W. C. Robinson from out Ireland way informs us that a Donkey ball game is scheduled for Ireland on Monday, March 25. Just who will oppose Ireland in this game of thrills and spills has not been decided but it is expected that Aleman, Evant, Pottsville or some surrounding community will furnish the "Mule Skinners" on the other team.

Friday night we watched the Gatesville High School Hornets, defending state cage champions, go down in defeat before a hust-

ling crew of Highland lassies by a score of 22-18. This was the Hornets second game in the All-state girls tournament which was held in Waco last week end and a game that the Hornets should have won.

The Coryell county meet which annually draws hundreds of visitors to Gatesville is scheduled to open Thursday night, March 14. Most of the major track events will take place Friday and Saturday.

The Hornets are expected to cop most of the honors in the field and track events this year with their toughest competition being furnished by the Pearl Dragons. The mile run between Dumas of the Dragons and Scheonewolf of the Hornets is due to be one of the meets' major attractions.

Construction of a \$30,000 athletic stadium for varsity baseball and track, the Baylor rodeo, and football practice has been announced by President Pat M. Neff of Baylor University, Waco.

The stadium, of steel frame and wooden seats, will accomodate 4,000 spectators. It will be constructed on land given by the city of Waco. Varsity football will continue to be played at the municipal stadium with a maximum seating capacity of 20,000.

Don't miss the battle of the "Baldheads" in the local high school gym Tuesday night. It'll really be a scream. See "Jitter Bug" J. B. Martin and Troy "Too Long" Jones lead their respective "bone crushers" in one of the most "hair raising" events since the days of Geronimo.

**P. C. HENSLER HARDWARE**

**"A program of industrial development centers around the manufacture of raw materials into finished products"**

**LOCATED** in all sections of Texas, 141 refineries manufacture into finished petroleum products 80 per cent of the State's crude oil production.

In contrast, Texas processes only 3 per cent of its cotton production and none of its wool or mohair.

Petroleum refining now constitutes 41 per cent of the value of all Texas manufactures.

Of the 225,000 Texans regularly employed by the oil business of the State, 25,000 skilled workmen and 5,000 office employees (a \$50,000,000 annual payroll) are employed in this one division of our oil industry.

All of the Texas oil refined in our State, whether used in Texas or shipped to other states, paid last year in taxes an average of 9.8 cents per barrel.

### JOHN GARNER LEADS PRESIDENTIAL RACE

Texas' distinguished favorite son—John N. Garner, the only Democrat to have announced unqualifiedly that he is a presidential candidate—is today the leading choice of his Party to succeed to the Presidency.

**JOHN N. GARNER**

Patriotic Texans will attend their own precinct conventions May 4 to record their support of their noted fellow Texan.

#### LOCAL BOY MAKES TARLETON STOCK JUDGING TEAM

John Tarleton Agricultural College, Stephenville, will be represented at the Fort Worth Fat Stock Show with a strong stock judging team this year. Tarleton established something of a record by winning first place in stock judging at the Fort Worth show for eight consecutive years. With the exception of one year, the Tarletonites have not ranked lower than third.

Oscar H. Fraizer, Tarleton professor of Animal Husbandry, instructs the team in judging dairy cattle. The five students who made the stock-judging team are: Merle Proctor, Winters; Jack Hubbard, Lancaster; Jimmie Davidson, Stephenville; Heston McBride, May; and Raby Alford, Gatesville.

## NERVOUS?

DO you feel so nervous that you want to scream? Are there times when you are cross and irritable—times when you scold those who are dearest to you?

If your nerves are on edge, try that world-famous LYDIA E. PINKHAM'S VEGETABLE COMPOUND. It will help Nature calm your quivering nerves and give you the strength and energy to face life with a smile.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through" with this reliable, time-tested medicine made especially for women from wholesome herbs and roots. More than a million grateful women have written in reporting benefit from Pinkham's Compound. Why not give it a chance to help YOU?

The oldest existing book printed in the American's Fray Juan De Zumarraga's "Doctrina Breve," is in the internationally-known Latin-American Collection of the University of Texas' Library.

### MORE DOUGH FOR 1940 COOPERATORS WITH A.A.A.

An estimated \$448,355.00 will be offered to Coryell County farmers and ranchers by the AAA in 1940 for compliance with the program and for putting into effect soil-building and range-improvement practices.

Only full cooperation with the AAA will result in the payments reaching this figure, since the amount is estimated on the basis of all farmers and ranchmen in the county earning all payments available, including maximum soil building and range building allowances. N. Foote, chairman of the county Agricultural Conservation Association Committee, explained.

The chairman listed the amounts available as follows:

Cotton parity payments, computed at the rate of 1.55 cents per pound of cotton yield, \$127,216.00.

Agricultural conservation payments for cotton, at the rate of 1.6 cents per pound, \$131,433.00.

Wheat parity payments, at the rate of 10 cents a bushel, \$7,981.

Agricultural Conservation payments on wheat, at the rate of 9 cents a bushel, \$7,199.00.

General crop payments, at the rate of 92 cents an acre, \$96,526.

Maximum soil building allowance, \$41,000.00

Maximum range improvement allowance, \$37,000.00.

In addition, the county chairman pointed out, a certain amount is available for increase in small payments. Under the Agricultural Adjustment Act of 1938, if the total payments to a farm are less than \$200, the amount is increased according to rates set in a graduated scale.

In general, Mr. Foote explained, provisions for earning payments are the same as in 1939, but minor changes have been made in some provisions. The regulations set out that a producer, to be eligible for payment, must plant within the total of the allotments of cotton and wheat established for his farm and must not offset performance on the farm by overplanting the two commodities on other farms in which he has an interest.

Florida, the Bahamas, and the England's sponges. Annually inef Mediterranean supply most of England's sponges. Annually, \$140,000 worth are purchased from the Bahamas alone.

In naval terms, the small boat for a captain's personal use is known as a "gig."

As a source of iron and copper in the diet, oysters rank second only to calves' liver.

**"Ribbon Meat Loaf?"**

Freeman F. Gosden (Amos) serves Charles J. Correll (Andy) a second helping of Ribbon Meat Loaf

"First Prize Meat Loaf is what it is," laughed Andy as Amos served him a second time

As Reported by Dorothy Greig

IN my tadpole days I used to think the Famous never ate anything but ice cream and chocolate cake. That just naturally went with the blissful state of being famous.

Perhaps the beloved Amos 'n' Andy of radio fame had similar illusions in their spinach and codliver oil days, too. Maybe they smile occasionally at the recollection as they sit down to a bowl of steaming soup, or a long glassful of chilled tomato juice, a crustily browned hash, or meat stew thick with vegetables.

The other day, for instance, they lunched together at Amos' house and enjoyed meat loaf with green peas—even as you and I do on occasion.

But it was meat loaf with a difference!

It came in layers of ground meat, spicily flavored with tomato, alternating with layers of fluffy mashed potatoes. It cut down in interesting slices. And how tasty that meat loaf was! No wonder Andy passed back for more. Amos, manlike, had not the remotest idea how that meat loaf served at his table was made. But I found out. Here it is:

**Ribbon Meat Loaf**

- 1 1/4 pounds beef, ground
- 1/4 pound pork, ground
- 1 tablespoon onion, chopped
- 1 1/2 cups dry bread crumbs
- 1 1/2 teaspoons salt
- 1/4 teaspoon pepper
- 1 can condensed tomato soup
- 2 eggs

**For Potato Filling**

- 2 cups well-seasoned mashed potatoes
  - 1 egg
  - 1 tablespoon chopped pimiento
- Add egg and pimiento to the mashed potatoes and mix well.

Combine the ground beef, ground pork and chopped onions and mix thoroughly. Then add bread crumbs, seasonings, tomato soup and eggs, slightly beaten, and mix again. Put 1/3 of the meat mixture in a greased loaf pan about 9 x 4 x 3 1/2". Spread 1/2 (1 cup) of the mashed potato over the meat, then add another third of the meat loaf mixture and spread; then another layer of mashed potato and another layer of the meat at the last. Bake at 375 degrees for 1 to 1 1/4 hours or until firm. Remove from oven and let stand in a warm place for 15-25 minutes before serving. (It slices better after standing.)

And speaking of main dish loaves, here's another you will like:

**Tuna Fish Loaf**

- 1 can condensed chicken soup
- 1 can tuna fish (7 oz. size)
- 1 1/2 cups soft bread crumbs
- 1 tablespoon pimiento, chopped
- 1 tablespoon parsley, chopped
- 2 eggs

Strain the rice, celery and chicken from the chicken soup. Combine them with the tuna fish (over which 1 cup of hot water has been poured) and put through the food chopper using the small blade. Then mix the tuna fish with the soft bread crumbs, the chicken soup, chopped pimiento, parsley and eggs. Put into a greased loaf pan and bake in a moderate oven (350 degrees) 45-60 minutes or until firm. Serves 4 to 5.

March 12, 1935

Mrs. W. C. Guggolz of Gatesville, prominent in Central Texas society and club circles, left Sunday for St. Louis, Missouri, where she goes as a delegate to a council meeting of the Southern Methodist Women's Missionary Society.

Managers of the local softball teams met in the office of Eugene Alvis Jr. and decided to sponsor another softball league this year. Two business men teams were planned. No plans were provided for "donkey games" this year, however, it is thought arrangements could develop so local fans may again get the thrill of their lives by witnessing a few of the comedy games this season.

Walter R. Adams will be the guest speaker for the local Roundtable Club tonight. Mr. Adams is a native of Coryell County, and has many friends in this city. He is one of the younger writers of the Southwest, Mr. Adams, with his first book, "The Dead Lie Down," takes his place among the mature lyrists of the country.

Irene, a team from Hill county that had won 27 games without a loss until they entered the AAU meet held here last Thursday, won the Meet Saturday night by defeating Gatesville 42 to 24, and emerged from the Tourney with no defeats to mar their record. Winners in the beauty contest were: Brunett, Hazel Mayberry of Gatesville; Blonde Margaret Stell of Irene; and Read Head chosen was Mary Eubanks of Ewing.

Society: Mrs. Ward McDowell was the recipient of many beautiful and useful gifts at a shower given in her honor by Misses Lillian Hale and Wilhelmina Cayce, at the attractive home of Miss Cayce Saturday afternoon.

# PAROLE FIXER

By EDWARD CHURCHILL

Serialized from the  
PARAMOUNT PICTURE

Based on a Story by  
**J. EDGAR HOOVER**

**CHAPTER ONE SYNOPSIS:**  
As they complete their work at the re-training school of the Federal Bureau of Investigation at Washington, D. C., Special Agents Britton Waring and Mattison, the latter married, and the father of two children learn that Big Boy Bradmore public enemy is about to be paroled. While they are still in Washington Bradmore is released through the efforts of his crooked attorney, Tyler Craden. He robs a tax truck to pay Craden's fee. Gustav Kalkus protests about the tax robbery, telling Craden that Bradmore was to have committed no crimes in this district. Craden laughs at him, threatens to expose his bond manipulations and orders him to help with the release of Steve Eddson, who has a worse record than Bradmore.

**CHAPTER II**  
TYLER CRADEN assumed his most insinuating and persuasive legal manner as he faced the attractive society matron, Mrs. Thornton Casserly, in the reception room of her home. He held a petition.

"I've been saying to myself, 'What finer friend could Steve Eddson have than my friend, Mrs. Thornton Casserly?'" Craden told her. "Because I have faith in Eddson, I'm asking you to circulate this petition for his release. Steve isn't really a criminal. He's just been hounded by the police. He's never had a chance."

"May I see the petition, please?" Confidently, the lawyer handed it to her. "You're asking me to assume quite a bit of responsibility," she said, finally. "However, I'll be glad to help you."

"I knew you would," Craden replied, flattering her with his insincere smile. "I'll see that you receive more petition blanks."

"Hello, mother!" Mrs. Casserly and Craden looked up to see the smiling face of her daughter, Enid, her young, graceful body set off by a sports blouse and skirt. She was about twenty. They saw the eager excitement in her large brown eyes, the smile on her delicately shaped lips.

"Oh—hello, dear!" Mrs. Casserly indicated her guest. "You know Mr. Craden."

"Of course. How are you? I was expecting someone else."

"Oh. By the way—I suppose we can count on your support, too, in getting a parole for Steve Eddson?"

"Steve Eddson?" Enid looked at her mother. "I don't think you should have anything to do with it. He's a dangerous criminal."

"Tyler has explained all about him, Enid. I'm convinced this is a very worthy cause."

Craden rose. "Pardon me, Mrs. Casserly. I think I'll run along."

He watched Enid turn, walk into the next room.

"You'll have to excuse her, Tyler," Mrs. Casserly said, annoyance and apology in her voice. "It's simply that she's too young to understand. You may count on me. Good night."

"Thank you. Good night." Craden left the room, went into the reception hall. The front door closed behind him. Mrs. Casserly found Enid in the library.

"I should think," she protested, "that you'd do something worth

while, something with a humanitarian element, instead of taking a business course, my dear. Before you met Bruce Eaton, you were a normal, sensible girl, aware of your social responsibilities."

"Bruce Eaton is just starting in business, mother," Enid replied firmly. "If I can fit myself to help him, I think that's more sensible than trying to free some criminal—"

Both women heard a discreet cough and turned to see Carter, the butler, standing in the door.

"Beg pardon! Mr. Eaton to see Miss Casserly."

The older woman faced the younger. She said stiffly:

"I told you I didn't want him coming to the house."

"Well, he's here," Enid said, defiantly.

Eaton, a young man of about

She failed to realize, of course, that she was playing just a small part in the drive Craden was making for the parole of his client, Eddson. Petitions were circulated everywhere, in pool halls, grocery stores, at vegetable stands, in cafes, and hotel lobbies. Thoughtless, ignorant people signed them.

Mrs. Casserly got one bitter taste of disapproval.

After she had picked up Enid at business college to take her to luncheon to celebrate the girl's birthday, she stopped at a flower stand she patronized. The salesman took her order.

She handed him one of the Eddson parole petitions.

"Perhaps you can get these signed," she suggested.

The fellow said he knew about the petition. He immediately tried

"Steve Eddson—the criminal?" snapped the proprietor. "What do you mean insulting our customers this way?" He snatched the petition and tore it up.

twenty-five years, clean cut, poised and smiling, entered the room. Enid greeted him warmly. Mrs. Casserly made a point of showing her disapproval. At first she pretended that she and Enid were going out, but Enid denied this. The mother's hostility became so apparent that young Eaton observed:

"I know you don't like me, Mrs. Casserly, but I want you to know one thing. Enid and I are going to be married. I'd hoped you'd approve. You don't. So we'll just have to do it anyway. I'm sorry I'm not social register, have to work for a living. But you'll like me—after you get used to me."

"And I love him, mother," Enid added, standing beside him. She prodded him. "Come along, Bruce—we'll be late for the feature."

She led him from Mrs. Casserly's disapproving glare. As soon as the young people had gone, Mrs. Casserly began telephoning her friends, telling them that they must devote themselves to the humanitarian cause she was espousing. She planned a series of luncheons as a part of her campaign.

it on another customer. Both the customer and the owner of the flower shop pounced on him.

"Where'd you get this?" the customer demanded.

"Steve Eddson the criminal!" snapped the proprietor. "What do you mean, insulting our customers this way?" He snatched the petition and tore it up. "I won't have such a thing around my store!"

Mrs. Casserly got out of her car to interfere. The proprietor was apologetic, but added:

"I don't agree with this thing. Eddson is a no-good, and he should stay in prison—"

"Just what do you know about it?" Mrs. Casserly demanded.

"And just what do you know about it?" the customer demanded of her.

"A great deal," she answered. "Steve Eddson has been persecuted by the police—"

The fellow gave a snort of disgust.

"Lady," he said, "you're just a meddling sap!"

**New Inexpensive Hats Defy Freckles**

A new fad in milady's millinery is sweeping the Texas State College for Women campus. Designed with the practical idea of keeping freckles from marching across the wearer's nose when the hot Texas sun beams, the hats cost only slightly more than twenty-five cents each and were originated by Marian Gray of Little Rock, Ark., Jayne Ott of Fort Worth, and Josephine Kuykendall of Amarillo. A flexoco straw hat similar to the one worn by Mexican peons is soaked in water three or four minutes, shaped and cut to suit the wearer's personality, and then finished off with suitable decoration.

The poultryman who produces average products must be satisfied with average prices.

The primitive hen laid 12 to 15 eggs in a year. Today, hens are laying 150-200 and some birds 300 eggs or more in 12 months.

Good Breeding, Sound Management, Careful Sanitation, and Good Feeding have made this possible.

Every poultry raiser should look beyond the price on the bag or ton when he purchases feed for his laying flock, his breeder flock, his baby chicks, or his growing pullets.

With poultry, the following are influenced by breeding—Health, Body Size, Body Shape, Production, Egg Size and Shape, Shell Color, Broodiness, Fertility, Hatchability, Livability, Growth, Persistency of Production, Color of Feather.

In describing Puri-flave, Dr. H. J. Smith, Director of Research for Purina Mills, says, "Puri-flave contains more vitamin G than all other known commercial sources and is not subject to the extreme variation in content of this valuable vitamin, so characteristic of other sources.

Because the mineral content of poultry rations affects egg production, bone development, growth and health, leading feed manufacturers exercise extreme care to insure having the proper mineral balance in their feeds. Nothing should be added to them unless that is the manufacturer's recommendation.

Poultry rations feed out so far that five dollars extra per ton for a good feed means little when the results are recorded.

The surest test for worms is to "post" a bird. The intestines should be cut out and split from end to end. If large roundworms are present, they can be seen inside the intestine. Roundworms vary in length from one to six inches and are white or yellowish-white in color.

**BETTER HOMES**

Yes, it takes good lumber to build a good home. We often think by shopping around we can save 10% on the lumber bill, and we get a cheaper grade of lumber which may amount to about a 2 1/2% saving on the whole building when completed in cost; but the lumber is really the frame work that gives strength to the structure, and finish to the floors, doors and inside wood work, when this warps, twists and draws out of shape, we have a sorry and cheap looking building and we have for 2 1/2% on the cost driven a poor bargain. Remember it takes GOOD LUMBER well put up that insures you 100% on the money you put into your home.
