Earl Huddleston Writes About The Legislature

The Legislature has been in session about six weeks. During this time several hundred bills have been introduced; there will probably be several hundred more bills introduced before the session closes.

Quite a few local bills have been passed, and some emergency measures in line with our National Defense Program. The two most important bills passed up to date other than these emergency measures, have been the Scientific Truck Bill and the Drivers License Bill. Under the provisions of the Scientific Bill, as passed by the House, the truck people are allowed to haul about three times as much as at present. I supported this measure because I believe it will be a benefit to the farming class and the general public. I also supported the Drivers License Bill the purpose of which is to protect the lives of the citizens of our state.

There will be much important legislation before the Legislature a little later, and which is now being considered by various committees.

State Government is one to which I refer, and demands serious thought on the part of all concerned.

The problem of financing Social Security is another and one which I think the present Legislature should solve.

The question of agriculture is also very important, and is vital to every person not only in our district, but in the entire state. I am supporting among other things, a measure which if adopted by the people will enable worthy citizens to purchase homes. I hope this measure will be submitted to a vote of the people, which is necessary before the state can do very much in regard to this matter. I think this is one of our greatest needs in Texas today, and intend to do all I can to get this measure submitted to the people.

The Governor has made some worthy recommendations to the Legislature, which according to my mind if carried out by the Legislature would be of great benefit in solving said problems which I have mentioned. So I think we as Legislators should join hands with him in every possible way in trying to solve said problems. And I am glad to say that it seems that the majority of the members of the House feel this way about the matter.

I invite every citizen to confer with me at any time on any matter of legislation, and assure each of you that I will be glad to work with you in every way possible in the solution of your problem.

INTERSCHOLASTIC LEAGUE TO MEET THIS AFTERNOON

There will be an executive meeting of the Interscholastic League and all Directors this afternoon at 4:45 o'clock in the office of Ollie Little, county superintendent. Everyone is asked to be there promptly at that time.

Income Tax Don'ts

DON'T prepare your income tax return until you carefully read and understand the instructions accompanying the forms. Make out a worksheet and check it with the instructions before filling in the forms.

DON'T delay in making out your income tax return. Tax problems deserve careful study, and the early assembling of your date expedites this.

DON'T destroy the data from which your return is compiled. You will need them for possible rechecking and verifying the return.

DON'T overlook any item or schedule on the form which you are required to fill out. They are all necessary to the exact computation of your income tax.

DON'T omit any explanation or information that is essential to a complete audit of your return. An ounce of care may save you a pound of unnecessary expense, and time and annoyance both to you and to your Government.

Only Two Winners In QUIZ-ASKS Contest

In the last of a series of Quiz-Asks contests sponsored by the News, there were only two entries who had the correct answers; therefore, no third prize will be awarded.

First prize was won by Mrs. W. T. Scott, Rt. 3, Gatesville, who will receive a pair of Phoenix hose at Painter's, and Mrs. S. L. Powell, Rt. 1, Gatesville, second prize winner, will be awarded a gift at Alvis-Garner Company.

Local Boys Win Prizes in F.F.A. Show at Moody

The largest and most successful Smith-Hughes area livestock judging contests ever staged was reeled off at Moody Saturday in the sixth annual Future Farmers of America Show. Some 600 contestants from all over central Texas were on hand to compete for the 80-odd loving cups that were up as prizes.

Champion stock shown at the meeting was scheduled to be taken to Fort Worth for the Fat Stock show beginning March 6.

In the livestock contest the high team in hogs was Gatesville. Gatesville also won second place in wildlife conservation.

ALL TICKETS SOLD FOR C. OF C. BANQUET! PROGRAM ANNOUNCED

Well, it's already over, the ticket selling job for the Chamber of Commerce Banquet which will be held March 6.

Now, you hear this about shows, entertainments, etc., including conference football games, and then go right on down and buy a ticket, just the same.

You can't do it at the Chamber of Commerce Banquet for 1941. There's simply not a ducat left.

Robert W. Brown, president, will act as toastmaster, and following is an outline of the program: Star Spangled Banner, Mrs.

A. W. Ellis, accompanied by Mrs. Ola Mae Parks; Sing Song, God Bless America; Invocation, the Rev. C. M. Spalding, pastor of the First Baptist Church; Military Tap Dance, Betty Jean Winslow, accompanied by Mrs. Walter Fischer; Introduction of Guests; Election of Officers; Solo, Paul Wilkerson Jr., accompanied by Mrs. Walter Fischer; and the Address, Hon. Jeff H. Williams of Chickasha, Oklahoma.

HOLSTEIN CALF REC'D BY CORYELL COUNTY BOY FROM ASS'N

Danny Lee Taylor, accompanied by his father, J. C. Taylor has bought a Holstein calf, the first one made available in Texas under the Dairy Products Association plan of placing choice bull calves with 4-H and FFA boys.

The calf's mother produced more than 20,000 pounds of milk in 359 days, approximately 7 gallons a day, and 642 pounds of butter. On the other side, the grandam produced 952 pounds of butter fat, with her mother producing over 1,000 pounds.

1941 MATTRESSES ARE SOUGHT: THAT MANY APPLICATIONS

It'll be more than that! 1951 mattress applications have been received, but not all approved. These, if approved will entitle the receiver to get up to 3 mattresses.

Families of 5 can get 3 and families of 3 can get 2. Applications for the cotton comforts are not necessary if the mattress applications have been made. If the "requestee" has moved in from another county, it will be necessary for them to make application.

"WITH THE COLORS"

According to a letter to Mr. and Mrs. Y. W. Lee of this city from their son, Emil, he states that he has been made a Sergeant, and that Jack Hearn, Burl and Royce Davis have been made Corporals. They are all in the A. T. Company 143, 36th Division at Camp Bowie in Brownwood.

Boyd Bond, another Gatesville boy, of the F. Company, 36th Division, has been promoted to the rank of Sergeant. He enlisted in the Army in Huntsville eight months ago.

Curtis Donaldson enlisted last September at the age of 19 in the U. S. Navy. He graduated from Flat High School in 1938. At present he is at Pearl Harbor, Hawaii, this is his second trip to Hawaii. He will be home near The Grove on his vacation in May or June.

Mrs. T. E. Box, Cors.

It seems our flu and colds are all about to leave us. We are all glad to get rid of colds and be ready for spring when it gets here.

Some few have planted some garden and flower seeds, but the rain we have had in the last few days put a bolt to that even. The creeks have all been up and we can't go any place if we do not live close to the highway.

Mr. and Mrs. W. B. Linton have moved close to Ater. We regret losing these good people, but we hope they like their new place.

Fred Latham and family moved

to the place vacated by Mr. and Mrs. Linton.

Mrs. Sallie Whitley and daughter, Bernice, are our telephone operators for Hurst now.

We have been seeing some fine basketball games the past few nights at Turnersville.

**GATESVILLE STUDENTS ON
J.T.A.C. HONOR ROLL**

Stephenville—Marguerite Kelso and John F. Post of Gatesville made the semester Honor Roll at John Tarleton College. This announcement was made today by Gabe Lewis, Registrar. To achieve this distinction, Lewis explains, one must earn thirty grade points and have no failing grades for the entire semester. This means that a student must have a "B" average. Only about ten percent of the student body of 1300 achieved this distinction.

J. Thomas Davis, Dean of Tarleton, complimented the semester honor roll students in assembly recently.

"You are acquiring the habit of being successful," said the Dean to this select group, "and statistics show that successful students are successful after they leave school."

Marguerite is a junior at Tarleton and is studying Social Science. John Frank is also a junior and is studying Liberal Arts.

Gatesville Hornettes Cop Girls District Cage Championship

LOCAL SEXTETTE DOWNS HAMILTON TEAM FOR THIRD TITLE

The third annual District Basketball Tournament found no change in the winner, as the Gatesville Golden Hornettes paced through the meet with three wins to conquer the tournament honors.

Thursday night the local sextette opened the meet with the Pottsville team and after playing on even terms with the Hamilton county champions, the Hornettes started hitting the basket and ran up a 17-8 score at the close of the third period. The Pottsville six never made a serious threat to over come the Hornette lead after the opening moments, and were helpless after the first quarter, as the Gatesville guards kept them well in hand.

In the second game Thursday night the Hamilton High team eked out a 20-18 win over the Turnersville sextette. This game was the closest game of the tournament and the Turnersville team would have won from the Bulldogs had they hit all of the long shots they took, but the classy Hamilton forwards kept ahead of the Buffalo sextette.

Helen Kelm of the winners captured high scoring honors with 11 points. Hampton, also of the winners was runnerup with nine.

Friday afternoon at 2:30 the Lampasas team, champions of Lampasas county, made their first and last appearance of the tournament. The Gatesville Hornettes

took their second game of the meet by winning from the Lampasas County sextette and advancing to the finals. Wilson, of the losers was high scorer with eleven, and was followed by Turner of the locals with eight.

Friday night at 8:00 the Gatesville and Hamilton teams met to decide the 1941 district championship.

The Hamilton sextette jumped off with a two point lead but Patterson put the Hornets back in the race with a crisp shot. Moore put the locals in the lead with a one-handed shot, but the Red and Black team parted the mesh with four charity tosses to take a 6-4 lead at the end of the first stanza. At half time the Hornettes had worked up a 12 to 6 lead, and a lead that was never headed.

During the last half the Hornettes held the visitors in check and accounted for fourteen points to cop the final game.

The Gatesville guards get the credit for stopping the classy Hamilton sharpshooters. Black, Lester, and Mueller played the whole game and their splendid court work kept the Hamilton forwards after the ball, but most of the time the Hornettes had the ball.

Linnie Faye Turner and Dollie Moore led the scoring for both teams, and also captured the high scoring honors of the tournament. Kelm and Stanford of the losers sparked their teams attack with six and four points respectively.

The Gatesville team received a large trophy as a reward for capturing the No. 1 position at the tournament. Hamilton, the runner-up to the Hornettes received a smaller trophy, and both teams received small basketballs for each individual of the two teams.

The awards were presented by Mr. Howard Franks of the Lions club.

Gatesville will represent this district in the State Meet, which will be held at the Baylor gym in Waco during the latter part of this week.

Arnett has been in and out of the Bruin lineup all year and has come through in great style in the last games. Although not a regular starter this year, Arnett is expected to be one of the Bears main returning lettermen next season.

The District Girls Basketball tournament came out true to form. The Hornettes have won the meet every year since it was adopted. In 39-40 the Hornettes won from Jonesboro to cop the championship, but this year the Hamilton High team was the Hornettes final victim.

The Black and Gold team will compete in the State meet which will be held in Waco this week end, March 6, 7 and 8th. There will be about 15 other girl teams entered in the meet.

Since basketball season is almost faded, the spotlight will turn to baseball, track, softball and golf. Track and baseball will be the first two sports that will draw the attention of the fans.

Speaking of baseball, Mr. Emmett Gotcher, manager of the Copperas Cove baseball team has sent in his entry for the Coryell County News Baseball League. All managers of other teams are urged to send in their teams as soon as possible.

Engraved on the Baseball cup in the News Office window is the winners of the baseball league during the last three seasons. In 1938, the Jonesboro Eagles captured the championship, and in 1939-40, the Pidcoke Cokers won the title.

A basketball team from Ireland entered the TAAF basketball tournament at Waco last Friday and Saturday night. They met the Jones Fine Bread team of that city in the first round of play.

Two boxers of this district have reached the semi-finals in the national Golden Gloves tournament being staged at Chicago. The two boys are Jesse Gonzales, state fly-weight champ, and Dick Mengaca, bantamweight, defending champion.

Lew Jenkins, Sweetwater Texas' pride and the Lightweight Champion of the United States, defended his title last Friday nite when he gained a KO over Lou Ambers in the seventh round of their fight at Madison Square Garden in New York.

The Waco Tigers basketball team is rushing on into the finals at the regional meet being held at Denton. The Tigers captured the district meet from Reisel last week end.

Mrs. Z. Gillmore was a recent visitor in Waco.

Mrs. E. O. Harrell and Miss Juanita were recent visitors in the Z. Gillmore home.

Miss Cleo Holder of Purlmela spent the week end with home folks.

Oscar Russell was a week end visitor to Temple.

Arthur Blankenship and family were week end visitors in Mineral Wells and Dallas.

L. V. ARNETT

Arnett, a six-foot-four junior squadman at Baylor, has helped keep the Baylor Bears over the five hundred mark this season. Arnett was expected to be one of the big factors in the game against the A. and M. Aggie cagers Saturday night.

WHY ON EARTH DO THEY DO IT?

... divide their insurance among a number of agents

Splitting insurance up among several agents may keep a couple of good fellows happy, but it means a grand buck-passing session among the boys if you want some facts. Divided responsibility means divided attention to your needs when the pinch comes.

Moral: Put it up to ONE good agent to take care of your insurance. We're doing it for a lot of pretty substantial people hereabouts.

U. S. FIRMS PAY AXIS POWERS

WASHINGTON.—While the senate is preparing to enact the lend-lease bill committing this country to vast outlays for Great Britain, certain American firms are paying out hundreds of dollars monthly to Germany and Italy, which funds are being used to fight both the United States and Britain.

This secret Axis aid is being delivered in the form of royalty payments on industrial formulas, trademarks, copyrights and patents. The money is paid in dollars and is deposited to German and Italian accounts in New York banks.

The justice department, which has conducted a secret investigation, has uncovered these interesting facts:

1. That the royalty payments are now running around \$500,000 a month, of which Germany gets at least 80 per cent.

2. That a considerable portion of the money was used by Germany last year to buy U. S. goods for delivery to Latin American buyers, to make good on contracts that Germany confidently had signed after the fall of France but was unable to fill, because of the unshaken British blockade.

3. That Nazi and Fascist agents have drawn on the funds to finance racial and anti-defense propaganda in this country; also anti-American propaganda in South America.

4. That while U. S. firms fork over their tribute in dollars, such royalties as Germany and Italy pay are in the form of blocked marks and export lira; that is, money that can be spent only in Germany or Italy.

Actually, the money levy is a secondary consideration. What really worries the authorities is how much vital military production information these royalty agreements betray to the Axis.

Since most royalties on patents are paid according to the number of units sold, it should be a simple matter for the Axis to obtain detailed figures on types and rate of flow of important materials to the U. S. army and navy and to Britain. Last year the justice department cracked down on Bausch

and Lomb when it discovered that under a secret royalty agreement the firm supplied the German licensor with a detailed accounting of certain instruments delivered to the navy.

WILLKIE RATES CHURCHILL OVER F. D.

Wendell Willkie went all-out for the President's lend-lease bill, but personally he doesn't like Mr. Roosevelt any better than before. Willkie made this clear to friends following his conference at the White House. Winston Churchill, he indicated,

had it all over Roosevelt in ability and personality, was "much simpler and more direct in manner."
"There isn't anyone in America quite like Churchill," Willkie said.
"He was the most congenial companion I've met in a very long time.

He has a gay buoyancy that is incomparable."
Willkie also told his friends that he had absolutely no intention of taking a job under Roosevelt.

NEWS COLOR

By NORMAN CHANDLER

Chairman
Newspaper Publishers Committee

NORMAN CHANDLER

A DIRTY, rusty car may run as well and last as long as a clean and shiny one. But it isn't "worth" as much to most of us.

I mention this because I've heard people criticize the brightness and "color" which goes into your newspapers. The color—which is to say the sidelights, the descriptive stories,

the pictures—is there because you want it. It helps you to understand and appreciate the news.

However, make no mistake about this: The important thing to you is how real the news underneath is.

When government decides not to give you the actual news, it piles on camouflage to fool you.

I have before me a copy of a Moscow paper containing the story of what was actually a horrible piece of government bungling—according to American observers long trained in reporting the truth. This story is gorgeously "colored." It talks of the great bravery of the Soviet troops, the cruel treachery and bestiality of the "enemy." It claims glorious victory and tells of "rejoicing" that never happened.

I also have here a Nazi account of an event which I witnessed in America. I know there's no

grain of truth in it. The story is designed deliberately to mislead.

American newspapers, thank goodness, are designed to inform. True, an imaginative reporter may describe a tenement-doorstep romance as a beautiful and touching scene. He may describe a corner brawl as a threatened riot. But you can bet your last dollar that there was a love scene and that there was a brawl.

The reason is simple. There is no force to make American newspapers describe something which doesn't happen. There is a great force which makes them report what does happen. It is the force of a free public opinion, which in America has the power of life and death over a newspaper.

Consider newspaper advertising also. I have a German newspaper advertisement in my hands which tells readers, very colorfully, that a chemical substitute for sugar is oh-so-good. In America

there would be a real sugar advertisement alongside which would knock the phony one into the garbage heap where it belongs.

What makes this difference between our papers and those of totalitarian Europe so important to you?

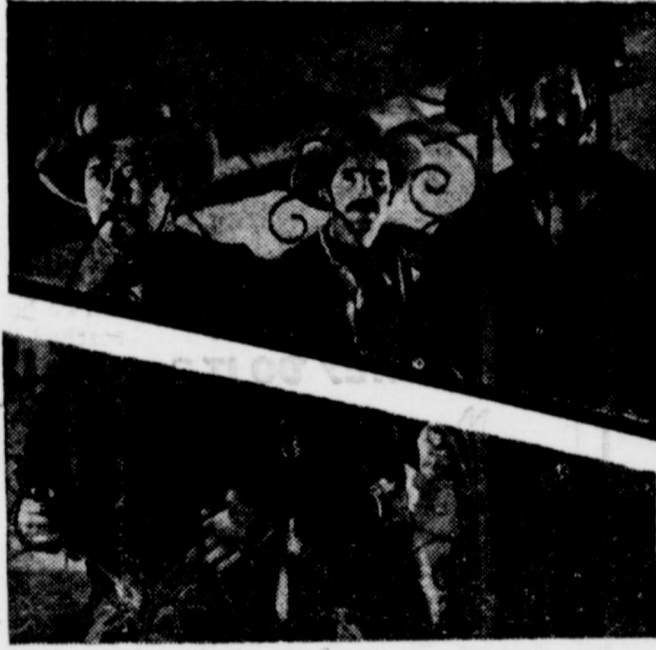

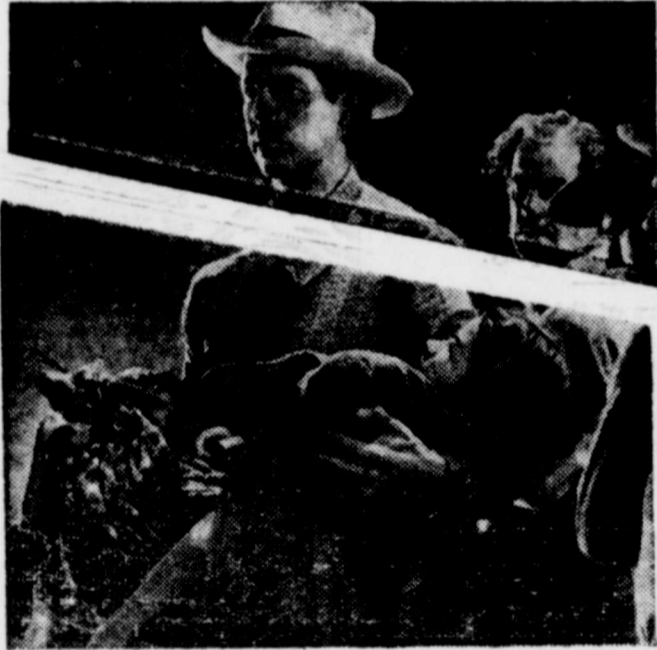

Just this. As long as you have papers free to tell you the truth, no dictator can seize power, move without your knowledge, mislead you into buying shoddy substitutes.

Give up whatever luxuries these times of crisis demand. But if you ever hope to stay free, hold onto your American-style newspapers!

NOTE: The Newspaper Publishers Committee, composed of over 350 leading American Newspapers, publishes these messages simultaneously each week. The force which unites these newspapers is their recognition of their responsibility to you, the reader.

PICTURE SERIAL "RANGERS OF FORTUNE" based on Paramount's exciting adventure film

Copyright 1940 by Paramount Pictures Inc.

CHAPTER FOUR. The town is ablaze, Johnny Cash's mill is down and all is panic. Gil recovers the little girl's body from the flames and learns the truth from the galley clutched in her hand. Grimly, he turns and belts on his guns. Accompanied by George and Sierra, he marches to the saloon. The fighting begins in the street, and, as they arrive at their objective, they find the saloon barricaded and swarming with Rebstock's paid killers, ready to offer battle.

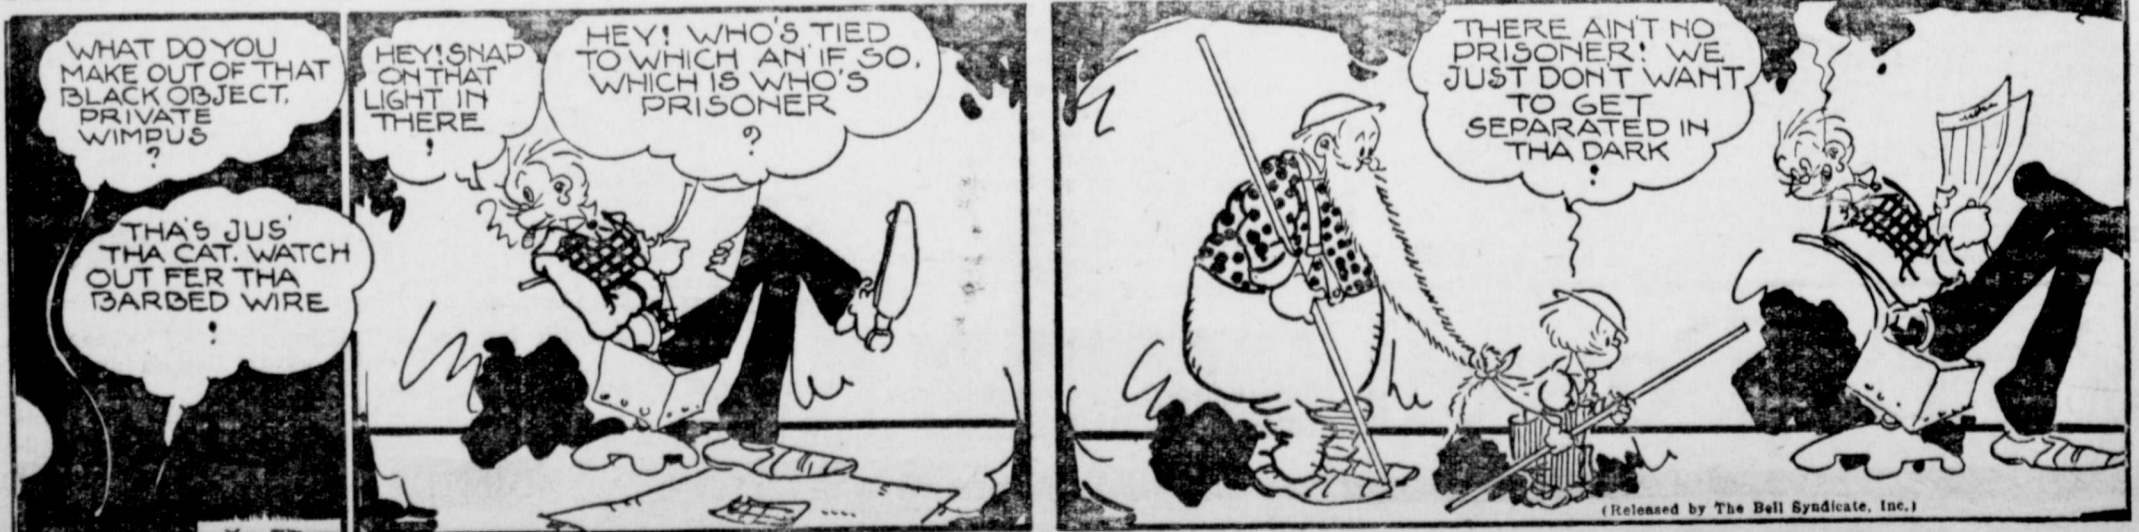

Fighting savagely and with precision, our heroes force their way into the courtyard. George and Sierra take protection behind cover while Gil goes after their quarry, Rebstock. In the fighting George is wounded, and Sierra wipes out several henchmen in maniac rage. They hunt for Gil, and find him celebrating his victory in the wine cellar, where he has finally run Rebstock to the ground. The power of Rebstock's gang is finally broken.

Gil is still carefully nursing the convalescent George. Sierra recognizes the symptoms, tells Gil that Sharon is waiting at the church for him. Gil goes to meet her with the solemnity of a man marching to his execution. As he approaches his expression changes to one of puzzlement, and quickly to delighted relief. Sharon is marrying Johnny Cash. Gil claims his kiss from the bride, and returns to his two comrades who are waiting to join him in a new series of adventures.

NEW FARM BOARD
After many years of supporting the New Deal farm program, the powerful Farm Bureau federation wants to set up a new government farm agency which it would largely dominate.
In backstage congressional conversations, the farm leaders have proposed that the AAA, the soil conservation service and the farm security administration be taken away from the department of agriculture and be made a completely separate agency. Then they want a five-man board to run these important bureaus.
Naturally, they expect to have a goodly representation of members on that board.
So far, Vice President Henry Wallace and Secretary of Agriculture Wickard are vigorously opposed. So also is the President.
Note—Herbert Hoover established a famous farm board to buy wheat. It was a mess.

Mrs. Taylor Young was a guest of her daughters, Misses Bonnie and Waldine Young, in San Antonio during the week end. Waldine enrolled in the Jack McGuire School of Art in that city about one month ago.

CORYELL COUNTY BOY TRAINING FOR AIRPLANE PILOT AT J.T.A.C.

Glenn Perryman, John Tarleton College student from Copperas Cove is now training to become an airplane pilot. He has enrolled in the pilot training program at the Stephenville institution. This is sponsored jointly by the school and the Civil Aeronautics Authority of Washington, D. C.

Under this program Perryman will receive approximately forty hours of instruction in flying. In addition, he will receive intensive ground school training in theory of flight, meteorology, aerial navigation, and Civil Air Regulations.

Upon the completion of the course, Perryman will receive a private pilot's license. Under this program Tarleton has already trained 80 pilots without an injury. Mr. E. A. Blanchard, Tarleton professor, is in charge of the course, and Burl Tibbs is senior flight instructor.
