## Gerald C. Mann To Speak Tonight For U.S. Senate

Attorney General Gerald C. Mann, a candidate for U.S. Senate will address Coryell countians tonight at 8 p. m. on the courthouse lawn.

Attorney General Mann, known thruout the state and nation as the very efficient Attorney General for Texas, lays them on the line and don't pull any punches. His record as Attorney General has been marked by many decisions, not always popular, but always as he and the law of the land dictate them. He's no "yes" man, and it has been said repeatedly that he is today, one of Texas' few statesmen.

He always delivers a dynamic message, straight from the shoulder, and with the firey zeal of the patriot that he is.

Arrangements for the speaker have not been announced and it is not known who will introduce him. He'll be here without any fanfare or entertainment, and will only present his side of the case for the benefit of the voters of Coryell County.

## "WITH THE COLORS"

News has been received here by his parents that A. C. Bates Jr., who is in the U.S. Army stationed at Fort Monmouth, New Jersey, has been made a Corporal. He has been in the Army about two months.

There are 18 schools out in Coryell this week end, and ge believe that's a record.

Just count them!

Copperas Cove, Leon Junction, Evant, Slater, Levita, Arnett, Ireland, Murrell, Ewing, Turnersville, White Hall, Coryell City, Osage, Oglesby, Pearl, Harmon and Gatesville.

You'd have to be a flyer to make all these picnics, and the candidates must be laughing up their respective sleeves about this, since this is their "off" year.

There are still 2, Flat and Plainview, that will use next week end to finish up.

## MOUNTAIN SCHOOL CLOSSES MAY 31; ENTERTAINMENT

## W. J. Dube Jr. Now "2nd Looie" From Corporal

Jumping from a "2 striper to a 1 bar-er" is quite a jump Ask any ex-service man!

That's what none other than W. J. Dube Jr., well known young citizen of The Grove who was a member of the Texas National Guard, and went to Brownwood with the TNG when they were mustered into the U.S. Army.

At that time W. J. was a Corporal, just two jumps above a "buck" private, and now he's paying for his own uniform, bars, boots, etc., and has been commissioned, May 19 as a Second Lieutenant.

Lieutenant Dube was in Gatesville Saturday, and said he'd been working and studying and along with a number of young men, out of a much larger class, passed his exams and was commissioned. Lieutenant Dube was a candidate for State Representative from this district during the last election.

## Clean-Up Contest To Be Conducted Here This Week

For a number of years Gatesville, as a town built around many commendable and inspiring objectives, has promoted a clean-up contest among its negro population. This year the Chamber of Commerce is offering a 1st, 2nd and third prize to the negro family who shows the greatest improvement in outside surroundings of his home up to Monday, June 2.

At this time the judges will award the winner of the first prize \$5.00 cash; second will receive \$3.00 and the third will receive \$2.00.

Considering that rodeo week is near and also the greatest exclusive negro celebration of the year, which is June 19th, is just around the corner, the entire staff of city officers are hopeful that every family will enter this contest. The city will haul off whatever trash is collected.

## 35-MINUTE PETITION TO SENATOR AND CONGRESSMAN SAY 'NO STRIKES WANTED'

Judge R. B. Cross, and others, circulated petitions early Saturday morning only for about 35 minutes and got the following names signed to the following petition addressed to U.S. Senator Tom Connally and Congressman W. R. Poage.

The petition reads:

## Miss Nora Dendy Sustains Injuries In Accident

Miss Nora Dendy of near Arnett was injured when two cars met in an accident on W. Main street, almost in front of Ashby's Magnolia Service Station, Saturday morning about 10 a. m.

Miss Dendy was a passenger in a coupe with her sister, Miss Lizzie Dendy. The other car, reported to be driven by Ira Stiles of near Ireland, figured in the accident. Miss Dendy was said to have turned into the service station, and met the other car there. Miss Nora DeDndy sustained a fracture of her pelvis, and received cuts and bruises. The other lady was uninjured. No one in Mr. Stiles' car was injured, except for slight cuts and bruises.

Both cars drove away under their own power, carrying bent fenders, running boards, etc., it was said.

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

### PLANE GETS CLOSE

London, May 25 (AP)—Vengeance hungry, the British fleet furrowed the North Atlantic Sunday night in pursuit of heavy unites of the resurgent German navy, trying, as the Admiralty put it, to bring the Nazis close to action.

The British were seeking a knock down drag out battle to settle Germany's bold challenge to surface control of the Atlantic, which was driven strikingly home early Saturday when the fifteen-inch guns of the new 35,000 ton Bismark blasted the battle cruiser Hood apart with a hit on its magazine. Thirteen hundred officers and men were lost.

### MATE OF HOOD HIT, NAZIS

Berlin, May 25 (AP)—The German high command, claiming new successes against the British by land and sea, announced Sunday that a battleship of the new King George V class was damaged and forced to retire in the North Atlantic battle in which the battle cruiser Hood was sunk Saturday.

### JAPAN TAKES U.S. GOODS

Hanoi, French Indo-China, May 25 (AP)—Japanese soldiers broke down the doors of two Haiphong warehouses Sunday and removed

\$10,000,000 worth of United States products belonging to two American companies. The goods had been blocked from reaching the Central Chinese Government.

### IRAQ MINISTERS QUIT

Ankara, Turkey, May 25 (AP)—Ten thousand Arabs rioted and looted in Basra Saturday, a telegram to the Turkish agricultural bank said Sunday amid reports that the pro-Axis government of Iraq was breaking up.

The families of Premier Rashid ali al Gailani and some of his Ministers were reported in flight after 3 weeks of war against the British.

### OPEN ACT OF WAR, RAEDER

Berlin, May 25 (AP)—Grand Admiral Erich Raeder, commander of the German navy, Sunday night warned the United States two days before a scheduled speech by President Roosevelt that American convoys for materials going to England would constitute an open war act which would be prevented by guns of the German navy if necessary.

### RED CROSS HAS 1,293

Washington, May 25 (UP)—The vice.

Red Cross Sunday announced that it is feeding and housing 1200 persons flooded out of their homes in Carlsbad, N. Mex., by the rising waters of the Pecos River which had already taken five lives.

### BRITISH TAKE 8,750

Cairo, Egypt, May 25 (UP)—British forces from the Sudan have captured 8,750 men after 3 days of fierce fighting in the trackless mountain area north of Addis Ababa, Ethiopia, a general headquarters communique said Sunday nite.

### GREEK KING FLEES CRETE

Cairo, Egypt, May 25, (AP)—King George II of Greece arrived in Egypt from Crete Sunday after an escape from German air-borne troops and the Luftwaffe's bombs and quickly issued a message to his people saying that the fight would be continued.

### NORRIS FOR NAVY TO BRITAIN

Washington, May 25 (AP)—Senator George W. Norris proposed Sunday that the United States transfer immediately a substantial number of war vessels to British or Canadian navies for use in the North Atlantic convoy ser-

Gatesville, Texas

May 19, 1941

Hon. Tom Connally, U.S. Senate,  
Hon. Bob Poage, Member of Congress  
Washington, D. C.  
Gentlemen:

"We the undersigned American Citizens feel that it is the overwhelming sentiment of our respective communities, as well as the sentiment of our entire state, that the Congress should speedily enact appropriate legislation to stop at once and for all the practice of certain groups of organized labor in interfering by strikes with the American Defense Program.

"If strikes are permitted in industries having contracts for munitions and equipment for our boys who are on a bare living wage, in order to enrich a few organized workers, we do not feel it good for the morale of the soldier or the welfare of our people. This is no time for anyone to want to make money out of the government. It is no time to tolerate the tactics of labor leaders and agitators in calling strikes to delay and hinder the American Program of Defense. We feel that these strikes are called by men who do not have the best interest of this country at heart. The average laborer, we yet believe patriotic, and the great mass of labor would applaud Congressional action in this direction.

"We urge upon you to join others who place America above any group and introduce in the Congress of the United States a measure to correct this evil."

Respectfully,

Jeff Bates, Ercell W. Brooks, Rufus J. Brown, R. H. Miller, Jno. P. Reesing, R. W. Jameson, J. M. Prewitt, J. O. Brown, Virgil Lockhart, Dr. H. M. Haynes, M. W. Lowrey, M. D., Tom Mears, Dan E. Graves, R. B. Cross, Carl McClendon, C. E. Alvis, Jr., Floyd Zeigler, J. M. Blankenship, Leake Ayres, H. K. Jackson, E. L. Craig, Pat Holt, S. L. Bellamy, Harry C. Jones, Raymond Ward, C. C. Sadler.

W. K. Sadler, Walter Kindler, B. K. Cooper, R. D. Foster, R. L. Saunders, R. E. Powell, Robert Powell, Bird Hair, A. C. Basham, G. W. Byrom, W. Mat Jones, Dave H. Culberson, J. B. Swift, J. M. Hunt, T. W. Liljedahl, Robert W. Brown, Earle Worley, Turk Brown, J. H. Hamilton, M. D., M. W. Murray, J. W. Summers, J. A. Painter, R. E. McCurry, Mrs. Pearl White, Mrs. J. B. Graves, J. B. Graves, J. D. Brown Jr., Harry Flentge, and B. B. Garrett.

Those were the "signers", and there's not the least bit of doubt that 99 and 44-100 per cent of the rest of the American citizens, or more in Coryell county would have signed the same petition if the petition had been shown them. Anyway, we're going to throw in the other 20,190 and say "Me too" for them.

In our opinion, this petition could have also contained a clause to ignore "pork barrel wanting chambers of commerce" and other organizations not CLOSELY connected with the defense program, and to say NO to any thing they ask for. That angle of the defense expense should be cut below the bone, not to it.

"Pretty is as pretty does," is an old but true saw. And W. T. Hix, Frigidaire Appliance Dealer here, offers the above picture as proof.

It represents three new 1941 Frigidaire Electric Refrigerators hanging by their doors from a huge crane—a total weight of 850 pounds straining at the hinges of the door of the topmost Refrigerator. After hanging for a period of an hour, the Refrigerators were lowered to the ground and the doors tested. They worked perfectly—hinges swung freely and smoothly, latches caught easily and instantly.

"There's been so much talk about beauty in refrigerators this year," said Mr. Hix, "that some people might get the idea beauty and style are the only important features."

Mr. Hix, whose store is located at the Southeast corner of the square said that he did not have the equipment to conduct a similar test on the premises, but added: "I've got the same model Frigid-

aires in stock. I don't suppose there is anyone around here who weighs as much as 850 pounds—but if there is, they're free to come in and swing on a Frigidaire door, and win a handsome prize if they damage it."

### IN MEMORY OF MRS. W. D. LEE

Our precious mother has gone to rest. Maggie Nancy Warnick was born October 10, 1854 at Centerville, Leon County, Texas. She united with the church at the age of seventeen and lived a true, Christian life, always loved and

held in the highest esteem by all who knew her. She was married to H. L. Bell in 1882, and to this union four children were born, two having died early in life. She was married in 1893 to W. D. Lee, and together they reared a large family. He preceded her in death six years. She had been in failing health for several years.

She was always patient, always thoughtful of others, and was loved by all who knew her. Today these words come to my mind in memory of my mother.

Sitting patient in the shadows till the blessed light shall come, a serene and saintly presence sanctifies our troubled home. Early joys and hopes and sorrows break life's ripples on the strand of the deep and solemn river where her willing feet now stand. Oh, my mother passing from me out of human care and strife, leave me as a gift those virtues which have beautified your life. Dear, bequeath me that great patience which has power to sustain a cheerful uncomplaining spirit in its prison house of pain; give me for I need it, that courage, wise and sweet, which has made the path of duty green beneath your willing feet. Give me that unselfish nature that with charity divine can pardon wrong for love's dear sake, meek hearts forgive me mine.

Thus our parting daily loseth something of its bitter pain, and while learning this hard lesson, my great loss becomes my gain for the touch of grief will render my wild nature more serene. Give to life new aspirations, a new trust in the unseen. Henceforth safe across the river, I shall see forever more a beloved and beautiful spirit waiting for me and the share hope and faith born of my sorrow. Guardian Angels shall become and the Mother gone before me by their hands shall lead me home.—Written by her daughter, Alice Bell.

It's easy to be sort of lax about insurance, particularly if you've never had a loss. "Guessing" that it's all in order can be awfully costly guesswork. You may have too much, or you may have too little. It's bad business either way.

Moral: Don't risk leaving it to disaster to show where you stand... Let us go over your insurance situation BEFORE a loss comes.

Two games of major importance will be played Sunday in the county baseball league. Probably the most important contest will be at Pidcoke where the defending title holders of two seasons will meet the powerful Blackfoot Indians in a game which promises to be the feature of the day.

The other game Sunday will be at Copperas Cove where the climbing Cove nine meets the Ireland Cards in a game which has its important stages. The Indian-Coker tilt will be important in the league standing, while the Cove-Card contest is between the two new entries in the league and both will be fighting to keep up at the top of the standing.

The Waco Dons will play another baseball game at home Sunday when they meet the Brooks Field nine of San Antonio at Katy Park. The Dons have a very fine team this year, and as the season goes on they are due to continue to improve. A week from Sunday the

Dons will again play a game at home when they meet the Randolph Field team also of San Antonio at Katy Park.

Fishing this year is really paying off. Reports from all over the county are that they are "biting", and that not only are fishermen catching small fish in large numbers, but that several extra large ones have been hooked.

The Flat Yellowjackets boost another fine baseball team this season. Last year they won the title, and from the showing they have made thus far they are out to take it again.

Softball season will open soon in this city. All persons who are interested in entering a team in the city league are urged to give us their intentions as soon as possible. A special meeting will be called soon so as to iron out a schedule and also to solve other details concerning the league.

Joe Louis retained his heavyweight crown last Friday night at Washington among a series of booes. The latter came when Louis floored Buddy Baer after the bell had sounded. Baer was disqualified after he had failed to answer the bell in the seventh, as his second refused to leave the

ring. But Louis was knocked thru the ropes in the first round by Baer, who Louis claimed after the fight was the toughest fighter he had met recently.

The Houston team is mobing in the Texas League race again. The Buffs have been in front since the start of the season and whenever any team starts getting close they just add a little steam and move out again. The other teams of the league are just about evenly matched.

The State Training School lost a return baseball game to Waco State Home in Waco Friday afternoon 9-4. The game featured a tight pitching duel between southpaw Hudman of State Home and Ransom of Gatesville, until the latter weakened in the final innings and Fields took over.

Timely hits was the big factor in the Home win, while the Gatesville runs were accounted for on bunched hits in the early part of the game.

Batteries for the game were: Gatesville; Hudman and Wallace Ransom, Fields, and Balch for the Home.

**M**ONKEYS want security, warmth, peanuts and bananas, companionship—even as you and I.

Monkeys get these things in the zoo—probably to a far greater degree than in their native trees. But they lose their FREEDOM to get them.

\* \* \*

Now the great difference between a FREE man and a SLAVE has nothing to do with peanuts or security. The free man keeps his freedom by being able to PROTECT HIMSELF. The slave, or the monkey, gives up his freedom TO GET PROTECTION. Dictators, like zoo keepers, believe it is unnecessary for the INDIVIDUAL to make any decisions.

"The STATE will tell you what you are to do, what you are to believe," says the dictator. "And if you do not do and believe as you are told—NO PEANUTS!"

That doesn't sit very well with free men in a democracy. They say:

"WE, the people, will tell you, OUR PUBLIC SERVANTS, what to do and what to believe. Fail us and we'll throw you out of office!"

**BUT THEN COMES THIS QUESTION:** How are you, the people, to know right from wrong, fact from fancy? How can you watch everywhere at once?

How can you keep your eye on the businessman who runs the national "peanut stand" and still watch the state and local and national government? How can you POSSIBLY know what is going on all about you?

**AND HERE IS DEMOCRACY'S ANSWER:**

"The answer is easy. We will have free speech, freedom of thought and religion. We will let every man express his own views. We will give to NEWSPAPERS the job of keeping us informed. We will put these rights of ours to KNOW THE FACTS even beyond the reach of our government—beyond temptation.

"And we will KEEP for ourselves the power to get a new zoo keeper or a new mayor or a new senator if any true report comes to us that these or other public SERVANTS threaten to become our MASTERS. No dictatorship can exist in a nation that has a truly FREE press."

## EDD FRITZ HURLS COVE TO LEADERSHIP WITH DOUBLE WIN OVER INDIANS

The climbing Cop. Cove nine took possession of first place in the county baseball league Sunday by besting the Blackfoot Indians in a double header at Blackfoot. The Cove brought along nine players and from start to end they used the same nine in the positions from which they started. Edd Fritz paced the Cove by hurling both of the contests, and in the opener he allowed only four hits, while in the final contest, which lasted four extra innings, he bested Jack Barton in a pitchers duel.

In the opening game the Cove hopped on the offering of Joe Millsap in the second inning, and from that time on it was the Cove's ball game. However, to make things safe the Cove drove eight runs across the plate in the seventh to cinch the game. M. Dewald featured the Cove attack by driving in three runs with two singles and a double to capture batting honors for the day.

Fritz had little trouble with the Indians as their only score came in the third frame, when Richards doubled and came home on Millsaps single.

BOX SCORE—First Game

Total	27	4	1	3

C. Cove	AB	H	R	E
Blackfoot	021	000	8—11	
Blackfoot	001	000	0—1	

The second game between the two teams got underway with the Indians taking the lead, but in the second and third frame the Cove scored four runs and came within one run of the Indians, but failed to tie the count until the last of the fifth when Adams walked, Gotcher advanced him to second on an infield out, Fritz advanced him to third, and Manuel Dewald scored him with a Texas Leaguer over third.

The next four innings were scoreless for both teams until the last of the ninth, and then leadoff man for the Cove, L. Fritz singled as did next man up Adams. Gotcher advanced both on infield out, but Fritz fanned. Then Dewald ended ball game with single in to left scoring Fritz.

No doubt was there that Edd Fritz was the big factor in the Cove win as he hurled both games in great style and during both contests struck out a total of twenty-one batters. In the first contest he faced only twenty seven batters, fanned eleven, walked none, and gave up only four hits.

Second Game:  
 Blackfoot ..... 104 000 000—5  
 Cop. Cove ..... 013 010 001—6  
 Batteries: Cove: Fritz to Gotcher; Blackfoot, Barton to Richards.

The double win of the Cove dropped the Indians from the un-

defeated list of the county, and also dropped them into second place in the standings. The Cove had formerly occupied second place but the win gave them undisputed possession of the leadership of the league.

## Indian-Pidcoke Game To Be At Pidcoke Sunday

The feature game of the county league Sunday will take place at Pidcoke where the defending league champs will meet the Blackfoot Indians, in a game which will have much effect upon the league standing.

The Indians have been leading the league while the Cokers were resting in the cellar, but in the last few games the Pidcoke nine has been rapidly climbing to the top of the standing and is now a threat to the leaders of the league.

Pitchers for Sunday's contest will probably be Jack Barton for the Indians while Knox Trammel

will go to the box for the Cokers. Barton had good success against the Pidcoke team last season until they started their title march and then during the playoff the Cokers chased him from the box. However this season the Pidcoke sluggers are missing from the lineup and Jack will have an easier time against the Cokers Sunday.

These two teams were scheduled to meet earlier in the season but the Cokers had to forfeit to the Indians since only eight of their players showed up for the game.

This game is due to draw a large crowd Sunday since both of these teams were pre-season favorites to get into the playoff for the championship.

The other game which is scheduled for Sunday will be played at Copperas Cove where the Ireland Cards will meet the powerful Copperas Cove nine. The Cove is another team which was a darkhorse in the earlier stages of the season, but their steady play has made them one of the favorites to cop the title.

Ireland is a team that has shown signs of power at different times during the season. They started off by losing to Blackfoot, but they made a quick come back by walloping the Cokers 7 to 1 at Ireland for their first win of the season.

Probable battery for the Cove will be Edd Fritz, doing the hurling, and manager Emmett Gotcher behind the bat. If Edd does not go to the box for the Cove then it is probable that Leroy will get the call.

Both of the games Sunday will have major importance upon the

league standings, and both are expected to draw a large crowd of fans. The Indian-Pidcoke contests have always drawn large crowds and Sunday's game is expected to be no exception. The Cove-Ireland game is also expected to draw a large number of fans since they are the two new teams in the league and both will be battling it out for top honors.

## "Now You're Cooking With Gas"

has been publicized often on a nation-wide basis by comic strips and many top-flight radio comedians. But few who have heard the slogan know where it originated.

The expression is an old one used by vaudeville and theatrical people to indicate when they had "arrived" or when they had become established as leaders in their profession. In other words, "Now You're Cooking With Gas" meant the performer was appearing in communities where gas, instead of coal or wood, was used for cooking.

# Thousands OF FOLKS FROM "ALL WALKS OF LIFE" HAVE GONE MODERN

Little did those who originated the tribute, "Now You're Cooking with Gas," realize that in 1941 hundreds of thousands of people in the Southwest could proudly answer, "Yes, we, too, are cooking with gas." Moreover, many of these homes now use this low-cost modern service to the exclusion of all other fuels for water heating, house heating and refrigeration as well as cooking.

Proudly we say to you, our customers, "Now You're Cooking with Gas" ... and add this all-important fact: your dependable gas service is supplied by a 4,800-mile interconnected pipe line system reaching out to more than 1,200 wells in sixty fields.

**SUNDAY AFTERNOON FIRE ALARM IS ONLY BURNED CORD**

Sunday afternoon's fire alarm was only a burned drop cord and that would not be counted as much damage.

It happened about 5 o'clock and was at the Regal Theatre. Things went on as usual, and there was no damage except the drop.

**"SONNY HAIR" GETS SHEEPSKIN AT S.H.S.T.C. SOON**

Here's a copy of a story carried in the SHSTC newspaper at Huntsville, about "Sonny" Hair, son of Mr. and Mrs. Bird Hair of Gatesville. "Sonny" was supposed to report to an air training school in California, June 4, but has had his call postponed to the next class because it was impossible for him to get there in time.

Anyway, here's the story: Jimmy Hair, (they call him "Jimmy" down there) senior ace quarterback on the Bearkat football team last season, came to Sam Houston from Gatesville, by the way of Independence Junior College, Independence, Kansas.

Jimmy, even tho he is small in stature, has played football for many seasons. To be exact—three in high school, one in junior college, and three here at Sam Houston, where he received honorable mention for "Little All America", in 1938. However, football is not the only interest of Jimmie's, as he has played tennis for three years also.

The only interest of importance that Jimmie has today is to fly an airplane. He is now taking Civilian Pilot Training and plans to enter Randolph field soon.

Christmas Day, 1940, found Jimmie playing football again. This time with a group of southwest all-stars, playing for the British Relief Fund. He received a gold watch for participation in this game.

This "mighty mite" of the gridiron also made who's who at Sam Houston in '39 and '40'.

That's quite a record, we'd say.

**FARMERS SATURDAY VOTE ON WHEAT PROGRAM**

Farmers who are wheat growers vote Saturday on the AAA Wheat marketing quotas.

An election of this nature has never failed to carry in Coryell county, and nothing different is expected from this one.

This will be to learn whether growers want to use marketing quotas on the '41 crop. Two-thirds vote approves the quota. This also covers the government loan on wheat, and no loan can be offered in any year in which quotas are voted down by farmers. Looks like a cinch.

Among the out-of-town people who attended the funeral of Ed-

gar Franks in this city Friday were, George Pylant of Waco, Mr. and Mrs. Frank L. Williams of Mexia, Mr. and Mrs. W. E. Lasse-ter of Mexia, Edwin McDonald of Austin, Marvin Franks of Lubbock Mrs. Lucille Hillard and daughters of Sulphur Springs, Miss Cora Lee Franks of San Saba, Mr. and Mrs. Arthur Hood of Post, Mr. and Mrs. David Franks of Wichita Falls, James Franks of Brownwood, Raymond Franks of Dublin, and Miss Nadine Harvey of Hamilton.

**Man About Town**

New Yorkers Are Talking About: The 400 per cent law biz tilt for Willkie after his Collier's piece (answering Lindbergh) . . . The trouble Halle Selassie's daughter is having getting a visa to come here . . . Adolf Hitler's nephew, Wm. Patrick Hitler, being summoned by the N. Y. draft board, and his plans to enlist in Canada, instead . . . The muffled groans over at the Satevepost because one year ago it paid St. Ethical McKelway a big advance fee (for a series of South American pieces) and not one word has been submitted yet.

Pegler's terrific mad-on with Liberty mag. He sold it a yarn on unions, guilds, etc., but it'll run side by side with a yarn debunking his piece. The debunking smarticle is bylined by J. Woll, of the American Fed. of Labor . . . Shep Fields' definition of an isolationist: A guy who sits on a fence long after a normal man feels splinters.

FDR being fed up with the Axis propaganda and his belief that a counter-offensive of free ideas should be sent abroad. He thinks it is Hitler's weak point—because in Europe—any man who believes what he sees—is a Fifth Columnist against Hitler! . . . The "beat" of the week: That the administration has been sounded out by influential Italian exiles for permission to set up in N. Y. the government of the Republic of Italy!!!!!!

The Gov't is actively considering the best location in the U. S. where foreign agents can do themselves the most—and the Axis the least—good . . . Naval conferences in London have reached the point of a discussion of joint command of all democratic vessels—Atlantic (British), Pacific (U. S.)

**Notes of a Newspaperman**

The Story Tellers: Raymond Leslie Buell, a Fortune editor, warns FDR is "in danger of becoming the American Chamberlain." That takes the President all the way around the block. He's been called "dictator," "warmonger" and now "appeaser." The name-callers invent the name to fit their special angle . . . There are six kinds of escort who are practically a guarantee of spinsterhood, an anonymous model reports in "Beauty Is My Career" in Cosmopolitan. The half dozen will spend

plenty on a gal's face, but nothing on the third finger of the left hand . . . An editorial in the SEP states: "If the country is unable or unwilling for the duration of the war to freeze its economic disputes, to forget its class jealousies, to put out of its mind such a thought of equity of sacrifice, then its life is in danger" . . . Them's fine words. We hope the Satevepost will set an example . . . Page 122 of the SEP has a cartoon about a silly ostrich with its head buried in the sand. It's good to know they can laugh at themselves . . . Read Stanley High's piece: "Hitler Ersatz Religion" in Reader's Digest. He says Germany is their God, Hitler is their Christ and Mein Kampf is their bible.

The Front Pages: The Associated Press contributed great space and ink to a group's selections. They honored outstanding American women—who "made the greatest strides in the last 50 years" . . . In the field of aviation the honored were Ruth Nichols, a South American lady named Mrs. Miguel Otero, and Anne Lindbergh . . . Amelia Earhart, in short, is not only Gone—but Forgotten . . . The Pulitzer Prize Committee's award to the Pulitzer paper in St. Louis (for getting rid of a smoke nuisance) was like seeing a man pin a medal on himself.

This column's orchids for the best editorial cartoon of the month go to Rollin Kirby of the N. Y. Post . . . The caption was "The Capital of the World of Tomorrow Will Be Either Berlin or Washington" (which Willkie said in a speech) . . . In a sofa chair is "Isolationist" with his newspaper (featuring Lindbergh's opposition to British aid) on the floor . . . "Average American" (that's you and me and Kirby) is pushing a finger in The Old Man's direction and saying: "I don't want war any more than you do, but I don't propose to let this guy Hitler take ME over. And don't you call me a warmonger!"

In Daladier's new book, "France Speaking," there is a good tip-off on why France fell . . . Daladier once said sadly: "What can I do about it? Gamelin doesn't LIKE tanks!"

Typewriter Ribbons: Benjamin Franklin's: Rebellion against tyrants is obedience to God . . . Anon's: Often the man the public tars and feathers today has a feather in his cap tomorrow . . . G. B. Evans': The way to beat convicts is with convoys . . . Jack Warwick's: Few Americans want war. They hate it—but hatred is not peace . . . Akron Beacon-Journal's: Just what are the inalienable rights of a man who is doing nothing for his country and is trying to keep others from doing anything?

**Chapter One**

A tower suite in the Sherry-Netherlands — one of New York's swank hotels — two cars, a chauffeur, a personal maid, a trust fund, hats by Nicole, gowns by Banton, a mansion under construction in Beverly Hills — these are the accoutrements of success, Hollywood's barometer of the popularity of the star the sun shines on.

Claudette Colbert had all of these things when she last visited New York just after she had won the award of the Academy of Motion Picture Arts and Sciences for the best feminine performance of the past year in "It Happened One Night."

It's a far cry from all that to the quiet little house in the Sainte Mande quarter, just within the wall of Paris, where Claudette Lily Chauchoin was born on September 13, 1907.

There was no beating of drums to herald the birth of the first daughter to the House of Chauchoin. No cannon roared forth a welcome to the infant. The gay life of Paris bubbled on its way, serenely unaware that an EVENT was happening under the very noses of the city's heedless pleasure-seekers.

Lily's days in Paris were happy ones. She played with her older brother, Charles, and when she was old enough, she would promenade with Maman down the picturesque, tree-shaded streets of the suburb, stopping every few steps to investigate solemnly some new wonder that Paris had unfolded to her.

Visits to the nearby farmhouse where Grandpere Chauchoin lived were frequent. Lily — in her childhood everyone called her that — sometimes felt uncomfortable in the old man's home. After several visits it became evident that Lily was trying to avoid him, that she tried to leave the room whenever Grandpere Chauchoin came in. Pressed for an explanation, she finally blurted out something about being afraid the ceiling would fall.

It seems that, despite his three-score-and-ten years, Grandpere Chauchoin was still hale and hearty. He was a gay old fellow, too, for he often sang in a voice that Maman Chauchoin had said "could bring down the roof." It was this eventuality that the prudent Lily tried to avoid by leaving the room whenever Grandpere Chauchoin entered.

It took considerable explaining to convince the child that even though Maman had said it was possible, it was extremely unlikely that the beamed ceilings of the farmhouse would come tumbling down when Grandpere Chauchoin boomed out his favorite omissions.

Life for Lily was peaceful. But all was not going well with Georges Chauchoin, her father, he was not any too happy about the political situation in Europe. Nations were starting at each other, Germany was becoming increasingly arrogant and, in the cafes it was said that France, too, was running deep-

ly into debt to keep abreast with European armament.

One day in 1913 he announced to the family that they were leaving France; they were going to America, the land of opportunity. America meant little to Lily, then six years old, but the journey fascinated her. She did not notice the discomforts of the trip to Havre or the ocean crossing with father Georges, Maman, brother Charles and herself sharing a common stateroom. She was much too busy investigating the wonders of this great ship that ploughed majestically through the rolling expanse of sea, day after day.

Claudette Colbert has made the transatlantic crossing many times since then and the contrast between this first stuffy, crowded trip and the luxury of her present-day crossings is marked. Her childhood days are memories now. Could they have entered her mind when she approached the speakers' table at the last annual banquet of the Academy of Motion Picture Arts and Sciences to be presented with the gold statuette to the actress who gave the finest screen performance during 1934?

It is doubtful that they did, for she was too excited for retrospection. The award came as a surprise to her and at the time she was unable to say more than a husky "thank you" to the cheering audience and to plant a resounding kiss on the shining cheek of Shirley Temple, who made the presentation.

"Oh, this is too much!" or "I don't know how to thank you" are trite phrases but they would certainly have been true coming from Claudette at that moment. So sure had she been that she would not win the award that she had proceeded with plans for a trip to New York and was, even at the time of the banquet, preparing to leave her home and board the Chief for the East.

She was literally walking out of the house to drive to the station when her phone rang. It was Clark Gable.

"Listen, Frog," he said, "you'd better get down here to the banquet right away. You got the prize."

"The prize? For what?"

"The Academy award. C'mon down." At just about the same moment a frantic young assistant director came panting up to the door. It was he who dragged her away to receive the coveted statuette.

"And all through the ceremonies," Claudette confessed later, "I was blushing furiously with embarrassment. There I was, wearing a tailored travelling suit and everyone around me was wearing formal clothes and coats of jewels! I felt like little Orphan Annie!"
