New in this year's model is the "six" which incidently, can't be told from the "eight". For the fact of the matter, you can't tell a '37-60 from a '37-85, that is, unless you're behind it on a hill. Some of our friends call ours a "Maytag".

*For 1942 - a Beautiful New*

**FORD**

**"6" OR "8"**

**I**N THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

SCRAPS**

Cripples, every Coach has them, and Coach Madison Pruett is no exception. Monday afternoon, Brown got hungry, and bit his tongue in two, well, practically, and the doctor took three stitches in it.

No. 2 cripple is Fry, who's limping on a bum knee, and Roberts, is nursing an injured shoulder.

But, cheer up, they'll all be ready to go by Friday, or ought to be, and that'll be hard on the Goats, Groesbeck's finest, when the Hornets meet them in their pen, come that eve.

Well, who's the White hope. Certainly not Lou. He certainly had no Nova-caine in his punches when he met the Brown Bomber at the Polo Grounds in New York, Monday night. Conn, too light, most of the rest of them, too dumb, or too slow, anyway, too something.

Maybe Gene Tunney will find a Gob or a Marine that can do the trick, but we doubt that.

Looking at the SW Conference this week end, we've got a bunch of set-ups, an dsome not so. Aggies, A & I; TCU, Arkansas, (conference game, and the first one); Baylor, Denver U, there; Rice-SHSTC; SMU-Fordham, at New York, and Texas-LSU.

Half guessing, we'll take the Aggies, Arkansas, Baylor, Rice, Fordham and Texas. You should not lose at that rate, unless the Bears get pushed over.

We'd be afraid to guess about our own game, but we're not too optimistic, and that little "if" is still a mighty power.

Six-man starts too, with Pearl at Lometa, Turnersville at Copperas Cove, Flat at Pottsville, Oglesby at Ireland. That's today. We hope these coaches send us those penny post cards.

Here's the tentative schedule of the State Juvenile Training School, and they play Evant today at the State Gridiron. Then, State at Star; State at Evant; State Home at State; Meridian at State, and Cranfills Gap at State.

Take a trip out Friday, and see the boys work, and, barring "releases" Coach White may still have something on State Hill this year.

This is Tuesday, and the Dodgers opened Wednesday, taking on

**BETWEEN BOTTLES**

By Joe Kermit and Mat Jr.'s  
"Ghost Writer"

We Jones Boys, have had a good summer, and now, that Fall, Football, Features and Fairs are here, we're goin' to again take our portables in hand and let you have a little "da da" stuff, if we can get the Old Gent off that dime, and make him give us some time, and space.

First thing, we're not owners of ANY dog. We have plenty without, and we're friends to all of them. If you know Well's Addition in Gatesville, you know, the principal products out there are kids and dogs, with emphasis on the dogs. Everybody's got one nearby, and lots of 'em two. They all come to our house, and we've never been

charged with doing anything to them but feeding them, and not poison too.

The Old Gent's lost his gift of gab, and if he don't put up these notes out so they sound right.

The main thing's happened this summer, is that I've got skinned, considerably. Joe, so far, is just now in the walker, and he don't take so many raps. I even came to town and fell off the sidewalk in front of the Palace. One thing, that cement is hard. I've kept a blue place on my forehead until Pop's figuring on getting me a football helmet to save the blue spots.

I'm bigger'n Joe, and these two special nights each week at the Palace and the Regal, we've been goin' I got so I like 'em, and it

won't be long before Joe Kermit'n Me are really going to look 'em over. I 'specially like the trains and the horses and the colored comedies.

Gettin' so big, gettin' so I don't like bottles much more, just night and mornin'. Joe, he still goes after 'em in a big way, but a big Man like me, well, that's just kid stuff.

Joe had his pitcher took over at Mr. Mayes and now, he's pushed one of mine out of the frame we have at home.

Well, it's "between meals" instead of bottles now, and we Jones Boys haven't forgotten either. It's eatin' time, again, and, so, let's eat.

So long,  
M. & J.

## Church Services

### FIRST PRESBYTERIAN CHURCH

The morning service at the First Presbyterian Church Sunday will begin at 10:30. This earlier hour is arranged to allow for a fuller program in connection with morning worship. Sunday School will start as usual at 9:45, and evening (vesper) worship at 5:00 o'clock.

Joining with most Protestant denominations throughout the world in a large-scale demonstration of the unifying force of Christianity, the church will take part in "World-wide Communion Sunday" with a celebration of the Lord's Supper as a part of morning

worship. Every Christian who will be cordially invited to take part in this service, according to the pastor, regardless of denominational affiliation; and members of the local church are especially urged to be present.

Further feature of the morning worship is a presentation of the denomination's program and need of extension, by members of the Sunday School. This is a part of the annual Rally Day observance, and efforts are being made to have every member both of the Sunday School and of the church present.

—v—  
Langtry, Texas  
September 26, 1941

Mr. Ward Burris,  
Sports Editor, The Express,  
San Antonio, Texas.  
Dear Wardie:

Well, I got some fresh meat now. I been a dove huntin' and I guess my eye sight is a failin' some, cause it takes me nearly a hour to get my limit now with my old .22. Yesterday I missed two before I got my limit, only I ain't sayin' what my limit is.

Them Texas feetsball boys is shore patriotic. They know somebody has got to get married and prepare a new generation to pay all these war taxes, so a dozen of 'em up and got married. Well, they're still a buildin' school houses, and they ain't no use in lettin' all them PWA projecks go to waste. I seen the other day where a high school gymnasium cost \$70,000. My pa said in his time you could buy all the school houses in the county fer that and have enough left over to build a courthouse and a jail.

I was out a practicin' feets ball with the Langtry Lizzards yesterday. I started to carry the ball. One guy hit me high, one hit me low, one hit be between the house and the barn. That's a good game

to watch, but as fer playin' it, I'm a goin' to give it back to the Indians where it belongs. I'm all full of horse linament now, and I smell like a racin' stable in July.

Well, I'm a pickin' the Dodgers to win the World Serious. The Yanks can't build no defense fer 'em. In fact, they ain't no defense fer such a screwball combination as them bums. They is what you call unorthydocks. Their right-handers hits to right and their left-handers hits to left. Their catchers look at third and throw to first. They cut the bases when the empires ain't a lookin' and sometimes they get by with four outfielders. Then when the Yankees got to catch them flies, a Dodger fan will hit 'em in the head with a pop bottle or a tomat. You cain't beat that in a World Serious.

I'll be a seein' you, Pal, and "Keep 'em Flyin'".
