

## News of Baird PEOPLE & THINGS

By E. M.

IT IS NO SECRET TO Baird folks that this is Rodeo week. Nearly everywhere there are cowboys and cowgirls, big ones and little ones, having fun. There is nothing quite like the excitement of a rodeo, and the Baird rodeo is one of the best. A number of the top men in the business will be on hand to vie for prize money which is estimated to be about \$4,700. Among the top names you will see in the arena are Tom Nesmith of Sulphur, La.; Guy Weeks of Abilene, Bernis Johnson of Cleburne, Bobby Seals of Justin, Bill Hatcher of Randlett, Okla., and scores of other top performers.

THE BOYS DON'T enter these events for marbles. For instance, Nesmith won \$32,611 in prizes last year; Weeks has averaged \$24,000 per year for the past eight years; Johnson pocketed \$17,699 for the 1962 season and Seals and Hatcher ranked about that high. In this day of high speed planes, many of the top performers are entered in two rodeos at the same time. The producer schedule their entry so they can commute from show to show. A number of performers have their own planes.

ONE OF THE MOST colorful things about the rodeo is the grand entry where everyone gets to show off pretty horses and fancy duds. They are usually much too long, but many of the spectators enjoy trying to pick out someone they know from among the hundreds of milling riders who make the arena look like a windy day on the Texas plains. The Rodeo Queen contest is another highlight. There are five very attractive girls from the five high schools in Callahan competing for the crown this year. Vicki Finley is ably representing Baird.

COACH VERNON TOWNSEND and Johnny Higgins will have to miss at least two performances of the rodeo. They will be in Austin where Johnny will be participating in the state track and field meet. He will be entered in the high jump and the pole vault as a result of winning in the regional meet held in Denton recently. Johnny will be the lone Baird entry in the meet. Only those winning first or second in regional advance to state. We will all want to wish him well . . . and since they aren't entered in events against Baird performers, we will want to wish the best for a pair of fine athletes from Clyde, Alton Branon and Rick Dennis who are entered in the dashes.

RAN INTO LINDA DILL recently and she was proudly displaying a baseball she received recently, and she had reason to be proud of the ball. It bore the autographs of all the players on the Los Angeles Dodgers and Milwaukee Braves teams. The baseball was sent to Linda by Mr. Baseball himself, Herb Havens, and by John W. O'Conner. The two have long been Linda's friends.

A GROUP OF Abilene children and their supervisors got the red carpet treatment when they paid Baird a visit Friday of last week. The group of retarded children, who are receiving training and treatment at West Texas Rehabilitation Center, arrived in Baird on the noon train. They were accompanied by supervisors and some parents. Among those accompanying the kids were Mrs. Sophie Cox and Mrs. Magnolia Baker. They seemed to have charge of the group. They were met at the station by Mayor J. L. Ault and Chamber of Commerce Manager Elton Ables. Others in the greeting group were Bob Norrell, Lonnie Ray, Byron Richardson, James Paul Shanks, Lee Brown, Joe Ellis, Mrs. Hugh Ross, Janet Ross, the Star editor and possibly others. They took the visitors on a tour of the downtown area, making a stop at the fire station where

## Callahan County Sheriffs Posse Rodeo Gets Under Way Thursday

A downtown parade at 5 p.m. Thursday opened activities in the 17th annual Callahan County Sheriff's Posse Rodeo which is scheduled Thursday through Saturday of this week at the arena just east of Baird.

The parade drew a score or more riding clubs, a number of high school bands, cars, floats and thousands of spectators.

A feature of the parade and of the rodeo was the appearance of the Rodeo Queen contestants. Five beauties from the five Callahan County high schools are contesting for the honor of ruling over the festivities. Out of town judges will select the royal young lady. Her identity will be revealed Saturday night.

Another feature of the rodeo is to be Endgate Hawk, a nine year old performer who rides wild broncs and Brahma bulls.

The usual clowns will be on hand to entertain the crowd and to fill their role of protector for steer riders.

Many of the top performers of the rodeo circuit will be in Baird for the three day show. The name of Nesmith, Weeks, and other top money winners will be heard a number of times over the loud speaker system as they come out in their chosen event.

The Lions Club and The Baird Fire Department are handling the concessions and will have on hand plenty of drinks, sandwiches, peanuts and other items.

Some \$4,700 in prize money will be awarded at the conclusion of the rodeo Saturday night. The money won here, and the points accumulated will go toward the 1963 championship chase as the Baird rodeo has the approval of the association.

**Who needs muscles?**

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.  
 The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.  
 The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.  
 And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.  
 But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

## Tecumseh Topics

By Mrs. Lillian Crawford  
Good morning this morning. April showers did fall. Really it was more than showers for our rain gauge caught 1.3 inches of moisture during the week end of rain and stormy weather as close by as Abilene.

Deloris Gowen visited Lynda Crawford over the week end. Two special visitors from over Cross Plains way came Saturday to visit Mr. and Mrs. Ira Crawford and Lynda. Debbie and Jimmie Crawford came with their overnight cases packed for they had planned to stay till Sunday night.

At one time this year of 1963 Lillian and Lynda Crawford saw the Denton Valley Church packed with young people from over Callahan County to attend the regularly planned Youth Rally once each month. I believe the total number present was 134, of course there were a few old heads present. It was good to see the youth of our land meeting together for worship and fellowship. The next meeting will be May 27 in the New Baptist Church in Baird.

Mr. and Mrs. Bobby Crawford and two daughters from Arlington were visiting his parents, Mr. and Mrs. Elbert Crawford and Stanley, also his sister and family, Mr. and Mrs. Wesley Coughran in Abilene the past week end.

## Post Office Works With Department

The Baird post office has taken official action to implement the Post Office Department's new program for negotiation and consultation on grievances, working conditions, personnel practices and other related matters. Postmaster Roy Gilbreath reported today.

The move — developed by the Postal Service under President Kennedy's historic Executive Order 10988 of Jan. 17, 1962 — officially recognizes federal employee organizations for the first time. Recognition is based on results of the largest nation-wide labor management election, held June 15 - July 1, 1962, in which 451,000 postal employees participated. Official results were issued to each post office by the Post Office Department in Washington.

Here are the results at the local post office:

Exclusive recognition for U.F.P.C. Local No. 4238 and N.A.L.C. Local 4510.

"Exclusive" recognition was acquired by employee organizations having a clear majority of the vote in a particular craft until under prescribed voting procedures. The postmaster will negotiate with these organizations, holding regular meetings and working out written agreements on matters affecting all employees in the craft unit represented regardless of employees' membership status.

National agreements give local employee organizations the right to deal with the postmaster on local working conditions, personnel practices and in resolving interpretations under the local agreements.

At the same time, the National agreements reiterate Executive Order 10988's ban against strikes, discrimination. They set forth management's prerogatives that are not subject to negotiation — such as the budget, assignment of personnel, work technology or — of course — any matter determined by Congress, such as pay rates. Postal management, under the Executive Order, also retains the right to direct employees, to hire, promote, transfer, suspend or separate employees in accord with Civil Service regulations.

A report of the President's task force on Employee-Management Relations in the Federal Service — submitted to the President on Nov. 30, 1961, before the issuance of Executive Order 10988, said: "representatives of the . . . employee organization . . . made it clear they are aware of these limitations and are quite content to negotiate within them."

Postmaster General J. Edward Day was a member of this task force.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

**AUSTIN** — If the 58th Legislature's final version of a loan shark law is that which passed the House, folks who do business with the money men still would pay charges up to 500 per cent on the smallest, shortest-terms loans.

Small - small loans — those under \$100 — would be regulated by an amendment to Corpus Christi Sen. Bruce Reagan's bill which provides that on loans from \$19 to \$35, the lender could collect a flat 10 per cent charge plus a \$3 handling charge for each month of the loan, up to no more than two months.

In addition to this, lenders also could collect \$3.50 per month up to four months on loans between \$35 and \$70, and \$4 per month for up to six months on loans from \$70, and \$4 per month for up to six months on loans from \$70 to \$100.

The over-\$100 clause sets these rates per year per \$100: \$19 up to \$100; \$16 from \$100 to \$200; \$13 per \$100 between \$200 and \$300. This is scaled to the rate of \$7 per \$100 on loans between \$1,000 and \$1,500.

Rep. Joe Cannon of Mexia called the House-passed bill "a Robin Hood in reverse bill — it robs the poor and gives it to the rich."

A work-out on the measure — which carries 19 Senate amendments and 23 by the House — is expected in a Senate-House conference committee, but it won't take long if Gov. John Connally and Speaker Byron Tunnell have their way. Both want a loan bill passed this session, and neither wants an extended — or a special — session.

**COLLEGE BILLS** — Governor Connally, Speaker Tunnell and Lt. Gov. Preston Smith all are anxious to see the Pan American and San Angelo college bills passed. Bills finally were pulled out of the House State Affairs Committee, chaired by reluctant Rep. John Allen of Longview. Allen threatened to resign over the pressure (committee) ment kept him from doing so because he couldn't see the money in sight to support the 20 colleges already in the state family.

**NO TUITION HIKE IN SIGHT** — Dallas Reps. Ben Atwell and Dick Morgan's college tuition increase bills may never come out of the House Tax and Revenue Committee. This, even though Atwell is chairman and Morgan is a member of the committee. Atwell proposed a doubling of

State college tuition, as endorsed by the Commission on Higher Education. Morgan offered a compromise of a 50 per cent increase.

But word already had come "from above" that there will be no tuition hike this year. That virtually ended it.

**NO MONUMENT FOR THE 49TH** — A Senate resolution to place a monument honoring the 49th Armored Division of the Texas National Guard on the State Capitol grounds was all but killed by the House State Affairs Committee, after Alpine Rep. Gene Hendryx called it "a disgrace to every veteran who ever served overseas in very war that Texas ever participated in."

The former Marine said, "The greatest battle this organization ever fought was the battle of the canteen at Fort Polk, Louisiana."

Seguin Rep. John Traeger defended the 49th, but the resolution was defeated by a vote of eight to seven.

However, a spark of life remains, since Rep. Ben Atwell used a device by which the resolution may be called up for another vote.

**RAILROAD Commission Proposed** — A plan to take the railroads and trucks away from the Railroad Commission has been proposed by Rep. Henry Grover of Houston, who told the House: "Recent developments indicate that the Railroad Commission is overworked and has more to do than it can handle."

Grover inferred that these indications are the slant-hole oil well scandals and the conflict of interest resignation of former Commissioner William J. Murry Jr.

Grover introduced H. B. 1041, to ease some of the workload by removing the commission's authority over the transportation industry, and leaving it with just oil and gas regulatory authority.

The "Texas Commerce Commission", to regulate railroads, bus lines, truck lines, and so forth, would be made up of three \$15,000 a year commissioners.

Railroad Commission was set up in 1891 to regulate the railroads. But authority over oil and gas, since 1917, has caused most of its time and attention to turn in that direction.

**CONGRESSIONAL Redistricting** — A crowd of witnesses from the late Speaker Sam Rayburn's 4th Congressional district is due to oppose the Congressional redistricting bill which would abo-

lish the old 4th, and relocate it in South Texas.

Sen. Ralph Hall of Rockwall succeeded in delaying Senate committee action on the measure to May 7, so the opponents can come to Austin.

House passed the bill to the Senate, over protests from Rep. Don Hefton of Sherman. Delay on the hearing may put the redistricting proposal, authored by Rep. Raymond Price of Frankston in jeopardy.

Governor Connally has said he saw no need for Congressional redistricting this session. He thought it could be handled in 1965.

Meanwhile, U. S. Congressman Ray Roberts, who now represents the old 4th, doesn't seem worried about losing his job. He's looking for a press liaison man for his Washington office.

**AT LARGE ELECTION SUGGESTED** — Eighty Texas counties, in which two county precincts or more represent a fraction of the total county vote, would be affected if a constitutional amendment by Rep. Lindsey Rodriguez of Hidalgo ever come to a favorable vote by the public.

Under Rodriguez' plan, if the total number of votes cast in two or more commissioner's precincts amount to less than 20 per cent of the total vote cast in the election of all four commissioners, the commissioners of the small precincts would be required to run on a countywide-at-large basis.

Rodriguez described the most extreme example of a situation he's trying to cure — that in Kleberg County where two of the county's four commissioners' precincts "are behind locked gates" on the King Ranch, where 80 voters reside.

Witnesses from around the state appeared in favor of Rodriguez' proposal.

But, Gaines County Judge Charles Lawrence said the County Judges and Commissioners Association is opposed.

**DOCTORS BEING CALLED** — State draft boards have issued a call for 60 doctors for the Army, Navy and Air Force, according to State Selective Service Director Col. Morris S. Schwartz.

The 60 physicians would be the state's share of a national call for 1,350.

Physicians — either fathers or non-fathers — would be subject to call if they were born on or after January 1, 1935.

**ONE-DAY SESSION** — A special, one-day (\$8,000) session of the Texas Legislature would be held on December 1, 1964, under a House-approved resolution by Rep. Bill Dungan of McKinney.

Purpose would be to swear in House members and elect a speaker. Aim is to enable the speaker to make appointments so the 1965 session could get underway immediately.

**EIGHTH REPUBLICAN** — When Charles R. Scoggins of Corpus Christi was sworn in to

## SIGHTS TO SEE IN TEXAS

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields,

biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

### Wheat Issues For Small Growers

Small growers, with farm allotments of less than 15 acres, should get all the facts about the 1964 wheat program so they can decide whether they want to participate in the program as "allotment" growers, Tommie Harris, Chairman, Agricultural Stabilization and Conservation County Committee, said today. The operator of such a farm has until May 13 to make his choice if he and other growers on his farm want to be eligible to: Vote; Divert; and Receive approximately \$2.00 per bushel on 80 per cent of normal production. In other words, a producer with an allotment notice of less than 15 acres must sign a copy of the notice and return it to this office by not later than May 13, 1963, in order to be eligible to vote, divert all or part of the allotment, or receive \$2.00 per bushel for his wheat on 80 per cent of the farm's normal production. If the vote passes and a producer did not sign up before the above date, then he cannot divert any acreage and will not receive price support on wheat produced.

The chairman explained that the small farm operator who elects to participate in the program as an allotment grower has the same alternatives open to him as the larger wheat grower in deciding whether he wants to vote yes or no in the upcoming referendum.

"A 'no' vote by more than one-third of the growers voting would mean the same in the 1964 wheat referendum as it would have meant in the past," Mr. Harris declared, "that is, no quotas, no marketing quota penalties and price support at 50 per cent of parity to growers who do not exceed their acreage allotments.

"A 'yes' vote for 1964 — by at least two-thirds of the growers voting — would mean a broader program than has ever been available in the past, including not only a diversion program and price supports to participating producers, but also marketing certificates at a relatively high level on most of the normal production of a farm's acreage allotment. In addition, a small

operator with an allotment of 13.5 acres or less will have the option of diverting all his allotment to conserving uses at the high rate.

"We hope that all wheat growers, both large and small will make it their business to become well informed about the actual issues, so that the May 21 wheat vote may be intelligent and truly representative of the wheat-grower opinion."

McClung, covering 85 acres of land out of Survey 69, BBB & C Railway Co. Land, Callahan County, Texas, Abstract No. 36, said lease being recorded in Volume 247, page 563, of the Deed Records of Callahan County, Texas, reference to which is herewith made, and on the 4th day of June, 1963, being the First Tuesday of the Month of June, between the hours of 10:00 A.M. and 4:00 P. ## Screwworm

There were 95,432,050 sterile screwworm flies released during the week of March 24-30. Thirteen screwworm cases were confirmed from Texas and one from Mexico. Counties reporting confirmed cases were Hidalgo, Starr, Kinney, Wilson, Liberty, McMullen, Bee, Duval, Zapata and Kenedy. This is a decrease in number of cases from the past week when fifteen cases were reported. Liberty County was the first county to report screwworms in 1963 outside the fly release area and within 48 hours sterile flies were being dropped in the infested area. These reports outside the buffer zone area are very important and all cases should be reported. Mission has reported a large number of calls since they have started accepting collect calls but a large number of ranchers are reporting the case without first collecting a sample of the worms.

This is the time of year when many routine animal husbandary activities that produce wounds are being performed.

Mollie Brightwell presided and welcomed two new members, Rubye Berry and Jean Evans. Invocation was by Mrs. Mabel Bearden. Various committee reports were given instead of a program.

Others present were Mae Lewis, Isadore Grimes, Alda Nordyke, Corrie Driskill, Bess Driskill, Link Lawrence, Floy McMullen and Margaret Young.

Therefore close supervision is very important. Treatment of screwworm cases is a must if screwworms are to be prevented from popping out all over the state. All livestock should be sprayed every two or three weeks or at least whenever they are worked. Either 0.25% Co-ral or 0.5% ronnel (Korlan) is recommended by officials with the screwworm program.

Although there has not been any confirmed screwworms in Callahan County some cases have been reported and confirmed as maggots and there has been some cases that samples were not taken so it is impossible to say that we have not had some cases in the county even at this early date. Be sure to collect samples of any cases that you have and call the Mission, Texas plant collect or contact some one that can help you if necessary.
