Waco State Home-GHS Hornets Tussle Heads Sporting Interest Tonight Here

It's the second spasm of the '42 football season, and the night when fans locally, can see one of the classiest of the smaller clubs in action.

"The Home," as all "orphan" teams are the last word in teamwork and team play. The boys are together all year round and they are hard to take, even with a club that is purported to be bigger and better.

GHS Hornets looking better than usual, have a chance in tonight's tussel and they will have to box up some of the speed ball merchants featured on the State Home aggregation.

The probable line-up will be Monroe and "Fuzzy" Wallace at

tackles, Leonard Carter and Artemus James back field along with Guy Jordan. Then, there is Homer Hopkins, center, Buster Haas and "Tickle" Yarborough handling the guard positions. Jake Cox and Ernie Hinton are the ends. There is another McNeil, John, to be explicit in the backfield and Johnnie Smith.

These boy'll show you the ropes and they will be faced by GHS Hornets, who are steadily improving and will show even better tonight.

The Hornet line when clicking, will be able to do things and the Coach Madison Pruitt, has not told us, the line up will probably be the same as "last trip" with Williams and Henderson, ends; Gart-

Oglesby Schools Have Complete Faculty and Busy

Superintendent C. D. Boyer Monday gave us a list of the teachers in Oglesby public schools and said they were "full up" on teachers. They have been going two weeks and have had the largest first day enrollment in several years.

After cotton picking is over, they expect the largest attendance for a number of years, due in part to the new shell loading plant which had brought more citizens to Oglesby.

The faculty to date is: Lee Colwick, principal; J. C. Fox, Vo-Ag.; Laura Sharp, home-Ec.; Mrs. John E. Lewis, Mrs. Boone, S. Roberts, C. O. Grayson, Mrs. Maurice Yancey, Mrs. C. D. Boyer, Mrs. C. O. Grayson, Nell Rankin, Thelma Humphries and Mrs. J. E. Hudleston.

Mr. and Mrs. James Bullington visited friends in Hamilton Tuesday night.

Pvt. Claude V. Breithaupt of Camp Barkeley has been visiting here with his wife and family.

Miss Martha Lou Phillips is attending Four-C College in Waco.

Where are They? Uncle Sam Would Like to Know

The Coryell County Local Board has advised that there seems to be some confusion relative to the duty for military service of the 18, 19 year old registrants. Unless legislation is enacted to call registrants of these two age groups, they are not subject to military service until after they reach their 20th birthday. As soon as a boy has passed his 20th birthday he is mailed a Selective Service Questionnaire and becomes subject to military service.

man and Edwards, tackles; Fry at center; Lengefeld, Boynton, Davis and Caruth or Thomas as the other back position.

More than likely, since this isn't a conference scrap, Coach Pruitt will try 'em all everywhere in an effort to get the final line-up for the future starting possibilities.

Anyway, fans, you can see for yourself tonight just how the Hornets will stack up when the heat is on, because with the "Home" as the competition, the heat is always on.

And with that, we'll leave it to you and we think the best team can win and by that, it's the Hornets.

Church Committee Plans Loyalty Crusade

Monday evening of this week a committee from each of the churches in Gatesville met at the Methodist Church to discuss tentative plans for a city wide Church Loyalty Crusade, which plans had been formally approved by the official bodies of each congregation.

At this first meeting a motion was approved asking the pastor and a layman from each of the churches to form an official committee to work out definite plans and final details for this city wide program.

The Church Loyalty Crusade will follow the pattern used by other communities in Texas and throughout the Southwest. The general plan seeks to develop a deeper Christian conscience on the part of church people and turn them back to God in this emergency.

The overall plan is broad enough for all the church's cooperation and at the same time each local congregation is left to work out its own plan and thus the emphasis is where the church leaders deem best.

Several general suggestions were made such as: a community wide religious census, thus locating new church people who have moved to Gatesville, a plan community wide publicity; and a definite emphasis on God, the church and the home; together with a possible time each day for community or family devotion.

Each church will seek to enlist its own membership for Sunday school and church attendance, some definite plan for Bible reading, home devotion and prayer will be offered.

All the churches of a given community working together toward a common objective gives a tremendous impact on the community life.

The crusade program will perhaps cover a period of 6 to 8 weeks including a community wide Thanksgiving service and climaxed on the Christmas program, this giving the month of October as a time of intensive preparation.

The News will carry in next week's issue a detailed outline of procedure as suggested by the committee.

tionnaire and becomes subject to military service.

The board is still cautioning men about changes of address and failure to notify the board of such changes. Likewise, registrants are failing to notify the board of changes in their employment status and martial status, and birth of children. Any change in a registrant's status should be reported

Mrs. Mears Named Manager Gatesville Chamber of Com.

Due to the scarcity of manpower, the prevailing high wage scale and the limited budget of the Chamber of Commerce, the board of directors decided that it was impracticable to hire a man as manager of the Chamber of Commerce, and decided to proceed with their resent set-up, but named Mrs. Mears as manager in order to give her more authority to conduct the work of the office.

This movement is in keeping with the present war program of drafting women to fill the places usually occupied by men. It is the second time in the life of Mrs. Mears that she has been drafted to fill a man's place. During World War No. 1 when man power became short, without being officially given the title, she discharged all of the duties of the principal of the Gatesville high school and was coach of the boys' basket ball team. It is to be hoped that her present duties will be discharged as successfully as those duties were performed, for old timers will recall that during the five years that she coached the basket ball team, Gatesville lost only two games. This use of a woman in an official position is also in keeping with the program of the war department, for there is soon to be quartered at Camp Hood a WAAC company.

The Chamber of Commerce has been stirring with activity during the past few months. They are the local center of all army contacts and are directly responsible for many financial benefits that have been reaped by the town.

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

HITLER TO HOLD

London, Sept. 30 (AP).—Adolf Hitler told his armies and peoples Wednesday that Germany would cling to its war gains for the coming year, promised to take Stalingrad and said he and his high command were constantly preparing for an Allied second front whenever it might strike.

TWO U. S. SHIPS LOST

Washington, Sept. 30 (UP).—The navy disclosed Wednesday night that the 8,378-ton naval transport George F. Elliott, formerly the liner City of Los Angeles, and the transport Gregory, a small auxiliary, have been lost in the battle of the Solomon Islands but with few casualties.

SENATE VOTES FOR BLOCK

Washington, Sept. 29 (AP).—Legislation authorizing and directing President Roosevelt to act before Nov. 1 to stabilize prices, wages and salaries at Sept. 15 levels as far as practical, was passed by the Senate Wednesday night and returned to the House.

GERMANS GAIN, STALINGRAD

Moscow, Oct. 1. (AP).—German tank forces gained ground in Stalingrad's northwestern outskirts Wednesday, while in the Caucasus the Red Army smashed an entire Rumanian mountain division which suffered 8,000 casualties, the Soviet announced Thursday.

LITTLE FELLOWS BANKRUPT

Washington, Sept. 30 (UP).—Chairman Donald M. Nelson of the war production board and others alarmed by the growing threat of wholesale bankruptcies among war distressed small business men appealed Wednesday for federal millions to finance their post-war survival. Maybe we can plow up something.

USED TIRES FROZEN

Washington, Sept. 30 (AP).—The OPA Wednesday froze the sale of used tires and tubes and revealed that used tires soon will be rationed to provide for all essential uses in conformity with the Baruch Rubber Committee recommendation.

WPB SEIZES COOLING SYSTEM

New York, Sept. 30 (UP).—Air-conditioning equipment in department stores, hotels, office buildings and theatres all over the country will soon be taken over by the WPB for use in war plants, it was announced here by Lessing J. Rosenwald, director of the WPB conservation division. Hope they take ours—it never did work anyway.

JAPS RUN 10 MILES

Australia, Oct. 1 (AP).—Captured by Allied forces of Nauro, a jungle hamlet in the Owen Stanley mountains and a continued advance north across New Guinea was reported officially today.

ARMY TIRED, GREED POLITICS

Dallas, Sept. 30 (UP).—Brig. Gen. Preston A. Weathered said today that our fighting men were fed up with ineptitude, greed and politics, that are dragging down our fight. Heck, we've been that way some time!

MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

READ THE RULES—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

TIME OF MAILING—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

USE CARE IN PREPARATION—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappers of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

PROHIBITED MATTER—Intoxicants, inflammable materials, poisons or compositions likely to damage mails are unmailable. No perishable matter should be included in parcels.

HOW TO ADDRESS PARCELS—Addresses must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

POSTAGE MUST BE FULLY PREPAID—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

GREETING MESSAGES PERMISSIBLE—Inscriptions such as "Merry Christmas", "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE AND REGISTRY—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

'INSIDE' ON ALEUTIANS

The inside story can now be told of why the Japs were able to land in the Aleutian islands and bomb the U. S. naval base at Dutch Harbor with so little opposition. As with most things in this war, the problem goes back to lack of foresight; and also, to some extent, lack of army-navy co-operation.

Not generally known is the fact that the navy in September, 1941, some two months before Pearl Harbor, refused to let the army build an air base on Umnak island to guard the navy's Dutch Harbor base.

What happened was that Senator Brewster of Maine, a member of the Truman committee and of the naval affairs committee, flew to Alaska last September with Brig. Gen. Arthur Wilson to ascertain whether Alaska needed further fortifications. At Kodiak they met Brig. Gen. Simon Bolivar Buckner, commander of the army's forces, whose father, a famous Civil war commander, once helped to pay Ulysses S. Grant's way home from West Point and later surrendered to Grant in Tennessee.

General Buckner wanted to go on from Kodiak to Dutch Harbor with Senator Brewster, and although the navy was willing to supply an amphibian plane to the senator, they balked at having General Buckner go along, referred to him as a "hitch-hiker."

Finally, however, the party, including General Buckner, went on to Dutch Harbor and located an excellent site for a flying field on Umnak island. Immediately upon their return, Senator Brewster arranged for a senate appropriation to build an air base at Umnak, while the war department prepared to proceed.

Navy Says No.

The war department also notified the navy of its move, since the army is charged with protecting the shore establishments of the navy. A few weeks later, however, word came back from the navy that it did not want the army to build an air base on Umnak island to protect Dutch Harbor.

When senators asked Vice Admiral Frederick J. Horne why, he replied: "The navy can protect Dutch Harbor."

This was in late September. Two months later, after Pearl Harbor, the navy frantically demanded an air base to protect Dutch Harbor, but it had to be started during the snow and ice of an Alaskan winter. Therefore the date of completion was July, 1942.

Probably the Japs knew this date. They have had fishing vessels cruising through the Aleutians off and on for some time. At any rate it was the first week in June, one month before the Umnak air base was finished, that the Japs struck.

And when they bombed Dutch Harbor, the navy's flying patrol boats there were helpless. Heavy and slow, they lacked protection from the army's fast pursuit planes, so speedy Jap Zero fighters made mincemeat of them.

Lack of a nearby army air base from which fighters and bombers could protect the rest of the Aleutians undoubtedly contributed also to the ease with which the Japs took

Kiska harbor and the western Aleutians.

PERSISTENT LEON

The army doesn't seem to think that hard-hitting Leon Henderson, price-fixing boss of the OPA, is lethargic about wanting to put price ceilings on tanks, guns, trucks and other army material for which it is now paying top prices.

In a knock-down, drag-out session in the office of mild-mannered Undersecretary of War Patterson, Henderson banged on the table, told Patterson the army was paying too much, that he demanded the power to put price ceilings on army supplies.

"I'm going to keep after you on this till I get it," Henderson stormed. "When I was younger and I was courting a girl, I kept after her until I got her. And that's what's going to happen now."

CAPITAL CHAFF

Frank Grillo, president of the United Rubber Workers, is one man who doesn't believe that labor leaders at home are more necessary than fighters at the front. He has resigned from the Rubber Workers and asked for his old job back in the army—not a cellophane commission (you can see through it but it protects from the draft). He wants to be a sergeant.

The navy has wisely drafted some of J. Edgar Hoover's FBI sleuths to help train naval intelligence officers. They are doing a bang-up job.

The Truman committee has persuaded the army to lend it Brig. Gen. Frank Lowe, a Maine Republican, as its executive officer.

On her way from Hollywood to Washington to participate in the treasury's big bond show, demure Ann Rutherford sold several hundred dollars worth of bonds at each station stop. At Albuquerque one man handed her \$1,000 in cash.

SKILLED WORKERS CRITICALLY NEEDED IN HAWAII

Patriotic American workmen are urgently needed in Pearl Harbor for important war work. Mechanics, machinists, ainters, electricians, and many other kind of workers are needed as civilian workers with wages ranging from 70c to \$1.14 an hour in different trades.

Transportation to Hawaii for those workers selected will be at government expense and return transportation will be provided upon completion of the workers contract.

Application for the position can be obtained from any first class post office in Louisiana or Texas, from the nearest U. S. employment service or from the regional director, Tenth Civil Service Region, Customhouse, New Orleans, La.

WANT TO FIGHT? JOIN THE MARINES

Would you like to become a member of the "Fighting Marines" and be first on the sea and in the air?

To be a marine, one must be between the ages of 17 and 36, inclusive, regulations changed to include men from 52 to 64 and a man must be organically sound.

There are no definite weight limits.

There are many opportunities to learn a trade and advance, as there are seventeen trade schools operating at all times, which include aviation, radio, aviation mechanic, motor transport, quartermaster, etc.

Married men are now being accepted as the new pay bill makes allowances for the wife and each child. Men who are single but have dependant parents are also provided for.

The Marine Corps can accept men who have received their induction papers.

Sgt. Baker of the U. S. Marines will be at the post office in Gatesville every Saturday afternoon to answer all questions and accept applications.

CORYELL COUNTY'S OCTOBER QUOTA IS 25 MEN

The United States Navy has been very successful in getting recruits from Coryell county, and has announced that the quota for the next month for this county is twenty-five men.

A navy recruiting office in Waco will have a recruiter at the post office in Gatesville each Tuesday.

FORMER GATESVILLE YOUNGSTERS BUY WAR BONDS

Taken from The Weslco News of Weslco, is this story about two ex-Gatesville boys:

"Two of the most energetic and agreeable young business men in Weslco are brothers, Bob Dean and Gordon Jones, son of Mr. and Mrs. Herschel Jones.

"Gordon is 8 and has worked hard all summer, delivering circulars and cutting lawns and for his labors he has a United States Bond. Bob Dean who is 6 years old has saved \$14 toward his bond * * * money he has earned himself.

"If you want to see real price in the heart of a child, look no further than these two hard-working youngsters, for they are happy about the bond money they have earned.

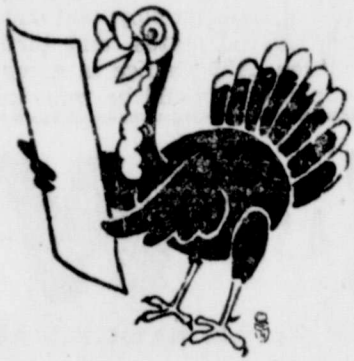

"Both of the boys take the war very seriously. Said Gordon to his mother, 'What can I do to help win the war?' His mother told him he could buy war bonds. Seems there ought to be something else besides buying bonds that I could do,' he said. 'Right now, at your age, I believe that is about all you can do,' his mother said. 'Then Gordon said, 'I know what I can do. I can buy more bonds.'"

Following the evening service at 9:15 the W. M. U. is sponsoring a fellowship hour in the church dining hall for all service men and their families.

Uniting with the greater portion of Christdom in this country and throughout the world in an annual observance on the first Sunday in each October, the First Presbyterian Church takes part during the morning hour of worship in "World Wide Communion Sunday."

Especial invitation is extended to those new comers in Gatesville whose denomination has no church in the city. All who believe in Jesus Christ, regardless of denomination affiliation, are cordially invited by this church to partake of the sacrament.

Morning worship is at 11 o'clock, vesper worship and Bible study is at 5:30. The Lord's Supper will be administered at the vesper hour for the benefit of those unable to be present in the morning.

The general public is invited to the last in the series of special services at the church tonight, beginning with a song service at 8 o'clock. Rev. John Newton of Clifton is the speaker at tonight's meeting.

Special services with Rev. Ed. Bayless of Gatesville preaching, are announced for the Harmon school house on tomorrow night and Sunday afternoon. Worship begins at 8:15 o'clock tomorrow night, and at 2:30 Sunday afternoon.

A song service will precede the sermon tomorrow night. Sunday afternoon worship will take note of the annual "World Wide Communion Sunday" observance by the greater portion of Christdom over the world on the first Sunday in October, with the celebration of the sacrament of the Lord's Supper. All believers in Jesus Christ are invited to take part in the observance.

An invitation to use the facilities of the First Presbyterian Church for their own worship has been extended by the church to Roman Catholics, Jew, Lutherans and Espacopolians this week

Recognizing the respect of many others church has no buying in soldiers, a oldieds* families, and Gatesvilles, the session of the Presbyterian Church o last took: the following acton:

That the minister of the church be authorized to extend formal invitation to a representative locally, to use our church sanatory for religions services at times to building is not needed for activities. It is our conviction that such action is in keeping with the spirit of Him who, confronted with those who were not 'orthodox' lu their worship or servic , remarked that 'he is against us in for us'. They too worship our God."

Announcement will be made later of any services arranged, for the benefit of those interested. Always a hearty good welcome to all who worship with us.

TURNERSVILLE CHURCH

Stuart Currie, junior student in the Austin Presbyterian Theological Seminary, will be the visiting preacher at Unity Church, Turnersville, on Sunday. Hours of worship are 10 a. m. (Sunday school), 11 a. m. and 8 p. m.

The sacrament of the Lord's Supper will be celebrated at the evening hour of worship, with the Rev. Ed. Bayless of Gatesville presiding.

The Girls Service Organization
met at the USO club rooms on
Monday, September 28 at 8 p. m.
The name "Tankettes," submit-
ted by a soldier was decided upon
as the official name for the orga-
nization. A badge bearing the USO
emblem, a tank, and a name plate
was voted upon as the official
hostess badge to be worn at all
social functions. A weiner roast
was planned for Thursday night at
7:30 at Raby Park. Each girl is to
invite a soldier friend. At the con-
clusion of the meeting the mem-
bers enjoyed a sing-song and a
movie.

WASHINGTON NEWS
FROM OUR CONGRESSMAN
W. R. POAGE

Washington, D. C. September 25, 1942.

Dear Friends:

On last Sunday morning (Sept. 13) Mrs. Poage and I arrived in Washington after several weeks in Texas. Unfortunately, I spent most of the time in the hospital where I had my appendix removed and hence did not get to visit many parts of the district, but I did get to visit with many of our friends and was privileged to see some of the vital defense works that is going on in Central Texas. I would not have undertaken the return trip quite as soon as I did but for the fact that the House was to vote on the price control bill; however, I have suffered no ill effects and think I will be fully recovered soon.

More than a year ago price control legislation was introduced. At that time I supported the Gore Amendment to put a ceiling on all elements of cost including wages. This amendment was defeated because the administrative forces at that time said they did not want to control wages. Since that time wages have continued to advance. In most cases by direct order of the war labor board or as a result of the policy of the war department in approving high wages in war plant construction. Wages make up the greater part of the cost of almost every article that consumers buy. To my mind this rapid increase in wages has been responsible for almost of the increase in the cost of living. Certainly it has been much more inflationary than the relatively small increase in farm prices. As a matter of fact, if wages and farm prices advanced at the same rates, wages increases would contribute more to the cost of living than farm prices because the total aid out for wages is several times as much as the total paid to farmers for their products. Industrial wages are higher today than they have ever been. Farm prices are only about one-half what they were 24 years ago, and according to a current release by the department of agriculture the average per capita farm income was only \$254.00 per year in 1941 as compared with an income of \$226.00 per capita to persons not on farms. To my mind, these figures indicate not only that farmers are not the profiteers that they have been pictured, but to me they prove conclusively that if we freeze farm prices at present levels and allow wages to continue to go up, that next year we will be faced with materially reduced farm production. Farmers simply can't pay current, much less prospective, wages out of the returns they are getting for their crops. The war department has gone so far as to guarantee contractors a profit over and above all expenditures. The war labor board has approved wage increases involving millions. The pending rice bill specifically prohibits ceiling on wages until they have advanced 15% from January 1, 1941, and does not require ceiling then. Regardless of the advisability of these practices, and I think there have been gross abuse in this regard, it can not be denied that they are responsible for most of the recent increase in the cost of living.

The present price law authorizes the President to place ceiling on farm products at 110% of parity, but that does not assure the farmer of any such price. As a matter of fact, cotton, corn and wheat are all substantially below parity. The government loan only guarantees 85% of parity. The farmer does not have a guaranteed price of 110% of parity at this time as so many have been led to believe.

On September 7 the President sent a message to Congress asking for a revision of the price control law. In this message he stated, "Calculations of parity must include all costs of production in-

cluding the cost of labor." To my mind that is fair. That is all that the so-called farm bloc has asked. That is exactly what the Brown Amendment provided, I supported the Brown amendment and both soke an devoted for it. Without it, I fear that this nation would face a serious food shortage. It is estimated that this amendment will increase parity prices about 12%. This does not mean that it will increase the cost of living at all. Many farm prices are not yet to parity, but even if it were all passed into the cost of living, it would raise that level about 1 1/2%. Is not that a trifling sum to pay for justice to the farmer and farm labor at the same time for adequate supplies of food and fiber? Let those who condemn the farmer as a profiteer, and those who have asked for higher wages, higher freight rates, cost-plus contracts, etc., in order as they say to get the job done, recognize that if we freeze farm prices without regard to raising labor costs at a level that won't enable the farmer to pay those wages, there simply won't be any beef and bread. I think maximum food production is vital to victory.

Yours for Victory,
W. R. POAGE,
Congressman, 11th Texas Dist.

Tonight it's Gatesville vs. Waco State Home and that is something.

Unless the Hornet's are careful the debit side of the win ledger will have some more red ink.

In the SW conference it is Texas Tech-A. & M., Northwestern-Texas, LSU-RICE, TCU-ARK, SMU-PITTS, BAYLOR-OKLA. A. & M.

Well, roughly, we'll take A. & M., Texas, LSU, ARK., Pittsburg, Okla., A. & M. You do your own taking.

We'll see, this week end, too whether Waco State Home was resting, or if they did their best against GSSF. We have been warned by Rabon Balch, they have got one backfield man, de'd better box up, or it'll be to bad. That boxing business, too, isn't so easy.

This is Wednesday and by Friday somebody may have won about two world series games, or split two. Well, any way you take it, it's going to be a real world series, if you've got time to worry about after worrying about all the other things you've got to worry about. Nomination for the luckiest human being in Coryell county today, is 'H'ot Chicken."

It would have been a "grand slam" Wednesday, if the last batter for the Cards had slapped one over the fence There were three on and that would have won the ball game.

World series records were made yesterday. Ruffing pitched 7 1/2 innings without allowing a hit and Musil for the Cards, batted twice in one inning. Believe we're right about these two.

It was a grand game from the grandstand standpoint, and just about everything else.

A little from you... means a lot to them

Over 1,000 soldiers USO'd last week and here is some of the requests they ask; letters written home to avoid meeting income taxes, arranging complete weddings, directing inquiries for week-end pastimes, adjusting family difficulties.

A USO Mobile Unit is promised for this area, and will travel the entire Camp Hood area bringing complete USO service to the boys in the bushes.

Statistic for the week-end: 1,000 letters and post cards, 25 recordings, 5 gallons of coffee, 2,500 cookies, 500 showers, 200 razor blades, 4 tubes of shaving cream, 100 towels dirty, 500 if we had them; 40 cases of soft drinks. Citizens of Gatesville, we can use your old towels.

Gulf States Telephone Co., has just sold scrap and donated funds to USO, and have also donated a flag pole which will fly the "colors" over the USO building.

Black dirt is needed for the east area of the building is wanted. Got any rich dirt that can be had?

Area USO council will be organized this week to coordinate efforts being made to provide Camp Hood soldier's needs they so deservingly earn.

Entertainer: You are needed Saturday nights for the programs. The USO will be glad to book you for this service.

Soldiers still like to stick their feet under a "home" table and if you've an extra or two, Call 345 and ask for these men. It is the change they like.

T. N. Grubb, secretary of the school board informed us that the Ireland school will begin the 1942-43 session on Monday, October 5. Supt. Milton Heath, formerly of Austin, will be in charge. Mrs. Heath will be a member of the faculty.

Mr. and Mrs. Elbert Pancake of Fort Worth, have been visiting their parents and friends here.

WANT THE MOST FOR YOUR MONEY IN O. K. THEN START FEEDING THEM PROPERLY RIGHT NOW!

It won't be long before you will be wanting to trade them for \$\$\$\$ and you will get more if you feed them NOW and take care of them. Also bring us your poultry, cream and eggs.

YOU'RE IN THE BATTLE, TOO IT'S YOUR JOB TO PRODUCE Food for Freedom

Food for fighting men is as important as ammunition. You're a war producer, too—producing meat, milk, or eggs for America's fighting men and war workers. It's up to you to produce to capacity, for food will help win the war.
