Cotton Bell's Big Guns Look Over Road and Pow-Wow

Wednesday, a "special" pulled into the station here at Gatesville. Now, a "special", like that one, is "special", because it just sat around until about 10 o'clock and pulled out. Four "star" cars were there with the regulation "shite" stars, and then, some "gold" ones thrown in.

All of which leads up to the fact that the highest officials of the St. Louis-Southwestern Railway Company were "on track" Wednesday looking over the various plants and military installations which have been installed on their line in recent months.

Civilian personnel included Daniel Upthegrove, Chief Executive Officer and President, Judge Berryman Henwood, Trustee, Kirby Post, General Superintendent, W. S. Hanley, Chief Engineer, J. L. Cook, Traffic Manager; O. R. Smith, General Freight Agent; C. D. Bauman, General Passenger Agent, F. J. Breitenbach, Secretary to Mr. Upthegrove, H. H. Spragins, Industrial Agent; B. F. Yowell, General Claim Agent; W. G. Hazelwood, Superintendent; Paul M. Bunting, Assistant Traffic Manager, B. C. Nall and Division Engineers.

Invited guests to the dinner party held in the train were Brigadier General and Mrs. Hugh T. Mayberry and staff, and four officers of the British Army attached to Camp Hood.

According to our information from Mr. Breitenbach, passenger train service via Waco to Memphis and St. Louis will be started May 2, with a number of trains running to Gatesville each day. So far, schedules have not been completed, and consequently, no schedules of arrivals or departures could be issued.

Texas Hwy. Commish Okehs Rest of 36 If Material Ready

The Texas highway commission told Bell county and Camp Hood representatives Tuesday that it would proceed with the construction of the Highway 36 extension northwest of Temple to North Camp Hood as quickly as army authorities can obtain releases of critical materials.

Col. Charles M. Thirkeld, post commander of Camp Hood, told the commission that Camp Hood authorities felt the completion of this was a necessary road for handling traffic in and out of the camp and was vital to the training program.

Right of way has long ago been made available by Bell and Coryell counties, which have sought the completion of this road for almost 20 years.

About 15 miles near Moffat northwest of Temple remains to be completed in the Temple-Gatesville sector, and the distance between the two towns will be shortened about 15 miles, but until the duration, the distance will be about a mile longer, due to its splitting North Camp Hood, causing a bypass route. The post war distance from Temple to Gatesville will be about 25 miles.

Those from Temple attending the hearing were Joe T. Bonner of the Temple Chamber of Commerce Highway Committee, W. H. Creamer of Creamer Stage Lines, Walter R. Humphrey of The Temple Daily Telegram and Roy Sanderford, appearing in behalf of Belton, and operator of Sanderford Bus Lines.

As far as could be known, no one attended from Coryell county.

CITY PUT CURFEW ON! CHILDREN UNDER 18 ORDERED OFF BY 11:00

The City Council has instructed local municipal law enforcement officers to institute a curfew for all children under 18, and the time limit has been set at 11 p. m.

This is in line with the many little things that are being done by some of the youngsters, and to protect their health and well being.

DUANE HOBIN OF U. S. NAVY TELLS OF WAR AT FLAT

Duane Hobin of the U. S. Navy, was an interesting speaker Friday the 9th at Flat High School, when he told of his service in the South Seas and of the war in the Far East in general.

He made the audience realize how vitally important it is to buy war stamps and bonds. Probably nothing has made pupils of Flat High School feel what we are really up against until he unraveled his amazing story. Our hats are off to him and all of our fighting men.

GHS Jeep Drive Nets \$16,500 Eighteen Jeeps

by Tommy Thomson

We've said it, we've dreamed it, and now we've done something to prove it! Yes, that is just it. Gatesville high school's jeep drive has ended in a howling success. Eighteen is the number, and better than \$16,500.00 is the figure.

The High School was possessor of nine, while Junior and Elementary together totaled nine. The Sophomore class in High School lead with four jeeps followed closely by the Seniors with three. At the beginning of the drive the quota was one jeep for each of the three buildings.

There were many attractions and features to boost us on. Lt. Engle, a nurse from Camp Hood, spoke to us about the battles of Bataan and Corregedor. Then Lt. Byron L. (Sonny) McClellan talked to us about the duties of flying air planes and about his eight months in Africa. For the children who had bought bonds, Gen. A. D. Bruce was kind enough to send a jeep for them to ride in. This was very thrilling and everyone enjoyed it. The climax was a bond auction sponsored by the FFA Club in which animals, chicken feeders, ropes, arrowheads

Classifications Now Now Under New Regulations

Washington, April 12 (AP).—Here are the draft classifications now remaining after the sweeping new regulations revising the Selective Service System as issued by the War Manpower Commission:

- 1-A—Those available for military service.
- 1-A-O—Conscientious objectors available for non-combatant military service.
- 1-C—Member of land or naval forces of the United States.
- 2-A—Man necessary in his essential civilian activity.
- 2-B—Man necessary to the war

and many other articles were sold. (This auction more than purchased a jeep). The highest bidder, Donald Flentge, won a registered Poland China pig. This drive proved to be very successful.

We want to thank everyone who participated in this drive, and we hope it will spur some soldier far from home just a little bit more when he sees a jeep drive by, bearing Gatesville High School's name. That is our way of showing them we are behind them 100 per cent.

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

ROMMEL BASE RAIDED

N. Africa, Apr. 14 (AP).—The allied high command announced today a stunning 84 to 3 aerial victory which shredded Marshal Rommel's sky cover and further menaced his thin supply line on the eve of the climatic fight for survival by his cornered Tunisian troops.

JAPS HIT LAND, SEA, AIR

Australia, Apr. 15 (UP).—Allied headquarters announced in a special bulletin today that Jap planes in strong force made a daylight raid Wednesday on Milne bay at the southeastern tip of New Guinea where the enemy suffered his first great defeat in the southwest Pacific zone seven and half months ago.

RAF JARS SPEZIA

London, Apr. 14 (AP).—The RAF crossed the Alps last night for a block buster raid on the Italian naval base of Spezia, and the British African command announced today that its bombers had showered explosives on Messina and Palermo in Sicily Monday

night in an offensive which has caught vulnerable Italy in an aerial vise.

NEWSMEN PROTEST FDR BAN

Washington, Apr. 14 (AP).—In a letter to President Roosevelt, the standing committee of Washington correspondents today said that restrictions placed on newspaper reporters at the forthcoming international food conference constitute "a denial of legitimate news to the American public and hence an abridgment of the freedom of the press". It's being done in Gatesville, too.

HOUSE OKEHS BILL, WELFARE

Austin, Apr. 14 (AP).—The House today passed, with amendment a senate approved bill which is aimed at appointment of a new director of public welfare department.

Coryell County's Bond Quota Is \$293,000.00

Coryell County's share in the \$13,000,000,000 2nd War loan drive has been set at \$293,000.

Committees have been named and have called on most of the citizens of Gatesville, and it is assumed, other parts of the county, but so far, no reports have been released to the News as to the results or committees so far.

Cards are being signed around the square as pledges for the drive. Some of the cards have tremendous amounts on them, and most of us are going to make a gigantic stab to fulfill them. Banks are lending money at 4% with 10% cash down for the purchase of bonds, which means a net of 1 1/2 percent to the borrower, if he wants to borrow to buy the bonds.

As for other plans of the committees, who are out to raise these funds, we are in the dark and no doubt they will soon advise of their plans.

Bob Poage Writes On Latest Actions In Congress

April 9, 1943

Dear Friends:

It is inconceivable but true that the Supreme Court of the United States held in a case known as United States v. Local 807 that it is not a violation of the Federal Anti-Racketeering Act for a person to conspire to use and to actually use threats and violence to obtain money from the owners of trucks if the person committing the violence is a member of a labor union. This decision was handed down by Mr. Justice Byrnes on March 2, 1942. The particular case before the Court came from New York City where the racketeers were waylaying all farmers' trucks that entered the city and requiring the driver to either employ a union driver or to pay \$8.41 or \$9.42 depending on the size of the truck. These amounts were the regular union rates for a day's work for driving and unloading. Sometimes a driver actually took charge of the truck and drove it. More often the racketeers performed no service at all and simply gave the operator of the truck a receipt for the money and allowed him to proceed. The fact that the truck owner or operator did not want and did not need a driver made no difference. If the trucker refused to pay the sums demanded, these hoodlums would assault him, beat him, and often turn his truck over and destroy his load. The local authorities in New York refused to make any effort to stop these outrages. Apparently the same kind of thing was carried on in a number of large cities to the North and East. Finally some of the offenders were brought into the Federal Courts and convicted. On appeal the Supreme Court held that even though no one had employed these highjackers and even though no one wanted to employ them, they were "bona fide employees" engaged in a "labor dispute" and that they were therefore exempt from the general provisions of the law. To my mind this decision is absolutely outrageous, but I recognize that we must accept the decisions of the Supreme Court until Congress can change the law. I have, therefore, favored a change in the law so as to make any person, whether he is a member of a union or not, subject to the laws prohibiting the use of violence interfering with interstate commerce. I can not see how anyone could oppose this, but we have received repeated protests from selfish labor organizations, and it has been most difficult to get the bill before the House. This afternoon the House finally got a chance to vote and passed the "Hobbs" bill correcting this condition by a large majority. I could not understand why those who claimed to speak for organized labor should oppose this measure. I cannot and do not now believe that the majority of the loyal members of organized labor really want to be exempt from the criminal laws that relate to everyone else. I believe that it is wrong to license anyone to engage in the type of blackmail that has been carried on. I therefore voted for the bill.

It seems as if we may have at

last reached a point where there will be some real serious effort made to stop inflation. This is desirable and necessary. Uncontrolled inflation can and would ruin us all. When the first price control bill was being considered, I supported the Gore Amendment which would have frozen all prices including farm prices and industrial wages. At that time the Administration was determined that we should not freeze wages and the Amendment was lost. Since that time very little has been done to hold down inflation except to put ceilings on retail prices and on most farm products. Every time we have sought to secure a more equitable relationship between farm prices and national income we have been told that it would cause inflation to allow the farmers more money. No such cry has been raised when industrial wage earners' incomes were raised 20 percent by the so-called 48 hour week order which gave time and one-half for eight

hours per week. Of course, this had the same inflationary effect that an increase in farm prices would have, but when Congress passed the Bankhead Bill which would have had a very slight effect on farm prices the President vetoed it for fear it might cause inflation. Now the Senate has both the Bankhead Bill and the Pace Bill in the Committee. If the President holds the line where his proclamation of April 8th in-

dicates he will hold it and refuses to allow other groups to continue to increase their income, I feel sure that the Senate will let these bills lie where they are. If, on the other hand, the President allows John L. Lewis or others to increase the income of their groups, I trust that both these bills will be passed over the President's veto.

Yours for Victory,
W. R. Poage.

Recently Married Camp Hood Couple To Live In Waco

Lieut. and Mrs. David W. King whose marriage was an event of last week at Camp Hood have taken up residence in Waco and are located at 1701 McKenzie Ave. Mrs. King is the former Miss Bess Jarrell of Goldsboro, Md., and Wilmington, Del. Lt. King, whose home is in Jacksonville, Fla., is commanding officer of a training company at the army's only tank destroyer replacement training center at N. Camp Hood. He was graduated from the University of Florida during June, 1941, and was commissioned as a second lieutenant, F. A., proceeding to Ft. Bragg, N. C. He was then transferred to Ft. Sill, Okla. where he was promoted to the rank of first lieutenant. He was among the first company commanding officers in the TDRTC, having arrived in October, 1942.

Following the ceremony, performed by Chaplain Neal, a dinner was given at the Officer's club.

Officers Wives Club Meets Thursday

The Officers Wives Club has been very patriotic in that prizes awarded have been War Stamps. The hostesses for yesterday, April 15th, were Mrs. Elliot and Mrs. Gagnon.

Wives interested in Michigan are invited for games. The club meets each Thursday afternoon at 2 o'clock in the Green Room of the USO Club.

Enlisted Wives Club Enjoys Program

Mrs. Loyd C. Miller and Mrs. E. B. McMordie acted as hostesses Tuesday afternoon to members of the Enlisted Wives Club at the Green Room of the USO.

The group enjoyed several readings presented by Mrs. B.K. Cooper, and a toe dance by Miss Alyce Miller, accompanied by Mrs. Leslie Curry.

During games of rummy, Mrs. Willard A. Levy entertained the group with piano selections.

Those attending were Mesdames Edward Rubino, John Vogt, Willard A. Levy, Margaret Caia, Raymond Cameron, Donald Gartner, Raymond Navarr, Lloyd C. Miller, and Ruby Vinson.

MISSIONARY SOCIETY 1ST BAPTIST GIVES PROGRAM

An unusual and interesting program was given by the Missionary Society at the First Baptist Church Tuesday, April 13. It was in the form of a court scene with Mrs. Individual Christian charged with failure in the responsibility placed upon her by our Lord. She represented every woman in the court, and her failure was due either to lack of faith or upon neglect.

With Miss Lizzie Lockard as judge, and Mrs. Edward Taylor as clerk, the attorneys called their witnesses and presented their pleas.

After the testimony was in, the judge gave the accused a second chance—a period of probation to last the rest of her life when she would have to answer to the all-wise Judge. Then Mrs. Individual Christian pledged herself to witness in her home, church, community and world her prayers, gifts, word of testimony and influence of life.

This program was presented by Circle 1, with Mrs. Lee Hord as Chairman. There were 40 women present as follows: Circle 1, 18 2, 10, 3, 7, 4, 5, 1. The same program was given that night for the Business Women's Circle.

Pvt. Johnnie Woodson, son of Mr. and Mrs. Ernest Woodson of Gatesville is stationed at Camp Sibert, Ala., Chemical Warfare Replacement Center.

A little from you means a lot!

Members of the Management Committee of the USO voted unanimously at their regular meeting Monday to endorse and further in every way possible the current War Bond Drive.

Although the USO was not originally planned as a foster mother, it is fast becoming one through necessity. Due to the crowded conditions in Gatesville and other army camp towns, USO clubs are being called on more and more to render service in baby care. These young army mothers who necessarily live in small crowded conditions find a haven of refuge in the USO Club. Here their children may play and enjoy the comforts of home. At times we have conducted a checking service for babies, when mothers find it imperative to leave the child with someone for a short time.

A few of the WAAC's now stationed at Camp Hood are finding their way to the USO Club. They are extended a hearty welcome to the club and asked to enjoy the facilities as often as their duties permit. This past week we had the pleasure of entertaining a WAVE.

Thanks are in order for the many volunteers who are helping with the regular USO Program. One woman this week returned to her home after midnight after serving as a chaperon to a Service

LIVING IN TRAILERS IS BAPTIST CHURCH SUBJECT SUNDAY

Rev. Lawrence Hayes pastor of the First Baptist Church will preach Sunday evening at 8 o'clock on "Living in Trailers". This is a companion sermon to the one last Sunday evening on "Riding on The Rim".

The Baptist Training hour is 7 o'clock with general assembly in the church auditorium under direction of Miss Cathryn Lee Director.

Sunday School convenes at 9:45 with P. M. Browning general superintendent.

The Victory Men's Bible Class with Tom L. Robinson teacher, meets in the Church Auditorium.

At the morning worship hour, 10:50, the pastor will preach on "Our Inheritance."

A cordial invitation is extended by the church to all visiting friends.

SOLDIER CENTER

Friday evening, Saturday and Sunday, the Church Soldier Center will be open for the entertainment and recreation of the soldiers. The church is equipped with a piano, cookie jars, lounges, daily papers, magazines, religious journals and stationary.

Club Dance, baked cookies in the morning, and served as a hostess for four hours in the club that afternoon. She is doing her part and more. Why does the USO rely so much on volunteers? Because service men themselves want to associate with civilians, millions of men have changed overnight from civilian life to the disciplined routine of men under arms. They miss their homes, the familiar faces there, the neighbors who come and go, the familiar streets of the town. The USO is the living tie between the home, the family, the neighbors, the familiar signs of the old home town. The USO can't replicate them. It does not pretend to do so, but it does try, so far as it's humanly possible, through people who understand, through a great variety of programs, through people who understand, through a great variety of programs, and a host of volunteers, to provide surroundings and association that give a touch of home. That is why thousands of service men refer to USO clubs as their "home away from home."

THE 2nd WAR LOAN DRIVE IS ON!

How to invest in "fighting dollars!"

"Lend more money to help carry on the fight!" That's what our Government is

asking you and all the rest of us . . . asking us to lend it 13 billion fighting dollars in the next few weeks! 13 billion extra dollars—over and above all regular War Bond buying!

We can do it . . . we must do it . . . we owe it to our boys who are fighting overseas. For their sake. . .

We've got to build more ships! We broke all records last year when we built 8 million tons of shipping. This year, we're building 18 million tons . . . but still it is not enough!

We've got to do more fighting! More and more of our soldiers and sailors are going into actual combat . . . requiring more equipment, and more supplies. We cannot let them down!

We've got to buy more War Bonds! To help pay for the things our fight-

ing men need . . . we've got to buy War Bonds as we never bought them before!

In the next few weeks you may be visited by one of the thousands of men and women who are giving their time and effort to the 2nd War Loan Drive. Welcome these patriotic workers if they call . . . buy from them all the War Bonds you can!

Better still, don't wait for them. Go to your nearest bank, post office, or War Bond booth, and invest more fighting dollars now! It's the least you can do to help those who are fighting and dying overseas!

Among the 7 different kinds of U. S. Government securities is one that exactly fits your own particular purse and requirements. These securities are the finest investment in the world . . . bar none! For your Country's sake . . . for your own sake . . . invest all you can!

THEY GIVE THEIR LIVES . . . YOU LEND YOUR MONEY!

This Dinner-Table War

Is Your Family in Fighting Trim?

OF COURSE it's more trouble to feed a family in wartime! . . . That's what war is: trouble. But even so, aren't America's dinner tables *banquets*, compared with those in the other nations that are fighting to save mankind's freedom? That's why American women can swing market baskets and count ration points, and think nothing of it. They are helping to win. And in this war, we win or we die.

Gas Ranges Simplify Nutrition

If you take good care of your modern Gas Range, it can feed your family for years and years. Put it through its paces. Use the simmer-burners, for instance, for flawless vegetables; the thermostat-control for correct baking and roasting; the smokeless broiler, on ball-bearings, for sizzling foods in their own juices. Follow a *Nutrition Guide*. Even with war restrictions, you can have good-tasting meals that guard the health and good looks of your family.

FREE: Canning Booklet

(Wartime Edition)

Ready for you at your Lone Star Gas Company offices, telling how to put up Vegetables, Fruits and Meats, Pictures and charts throughout. Special recipes, from Hominy and Sauerkraut, to Berry Jam made with corn syrup. NOTICE to Lone Star customers in towns that have no company offices: Please send a postal for your Canning Booklets, to Miss Albertine Berry, Lone Star Gas Company in Dallas.

LAMB PIE

Wartime version.

As seen in the casserole above. More vegetables and less lamb.

- 1 Pound lamb shoulder, cut in cubes, rolled in seasoned flour
- 2 Tbsp. bacon drippings
- 2 Onions
- 3 Cups boiling water
- 1 Bay leaf

- 1 Cup diced potato
- 1 1/2 Cups peas
- 1 1/2 Cups carrots, sliced
- 1/2 Cup chopped celery

Biscuit dough

Brown the cubes with onion, in bacon fat; pour off fat and add boiling water. Cover and simmer slowly 1 1/2 hours. Add vegetables for the final 30 minutes of cooking.

Taste, to be sure it's seasoned right, then transfer to a casserole. Place tiny baking-powder biscuits on top, and bake until biscuits are brown. Makes a fine main dish for 6.

Are you giving your worn-out kitchen fats to the Government?

Strain through fine mesh into metal container. Keep in cool place. Rancid fat makes fewer bullets. Sell to butcher when you have one pound or more.

FORMER GATESVILLE MAN GETS "CLUSTERS" ADDED TO AIR MEDAL

Tech. Sgt. William A. Mohler, son of Mr. and Mrs. J. P. Mohler of Colorado City and formerly of Coryell county has been awarded the Oak Leaf Cluster to his previously earned Air Medal.

Mr. and Mrs. Mohler remembered what he said in his letters to them immediately after the attack on Pearl Harbor.

"He kept saying he had an ax to grind," his father said, "and that he was putting Everett's death down in his little book until he could get across and square things."

Everett—Sgt. Everett Pond—grew up with Archie Mohler and they enlisted October 6, 1939 together, and meant to stay together in the Army Air Forces. Everett was, however, sent to Hawaii, where he was killed in the Jap attack there, while Archie was still in the United States.

Archie Mohler spent a year at March Field, Calif., as a ground crew member, was given a course in air mechanics at Boeing School, Oakland, Calif., then was sent to a machine gun mechanic's school at Spokane. He received machine gunnery and bombarding training at Columbia, S. C., and finally completed an aerial engineering course at Barksdale Field, Shreveport, La.

In September last year, he went to England and in December was transferred to North Africa.

He was awarded the Air Medal for five sorties, during which he was credited with "scoring a direct hit on an Axis convoy in the Tunisian sector" and received the Oak Leaf Cluster for destruction of a Messerschmitt 109 last Jan. 22. He is a crew member aboard a B-26 Marauder medium bomber.

"I guess now Archie feels a little better about Everett," his father said.

Sgt. Mohler was born in Gatesville, March 24, 1917, the youngest of six children and the only boy. His sisters are Mrs. Walter Berry of Gatesville and Mrs. Wiley Seward of Turnersville. Boy, you just can't keep these Coryell county boys out of the picture.

COUNTY BOARD, TRUSTEES MEETS TUES. AT 2 O'CLOCK

Routine business for the schools will be taken up at this time.

GULF STATES GIVES METALS TO SCORES OF THEIR DRIVERS

Emphasizing safety in the operation of motor vehicles on the streets and highways of Texas is evidenced by the recent award of medals to 23 drivers with perfect driving records. The awards were delivered to Oscar Burton, Vice President and General Manager of the Gulf States Telephone Company, who is also vice president of the Texas Safety Association, Inc.

W. W. (our own Bill) Bamberg, local manager for the Company has received a seven year award in recognition of his safe driving record.

The Gulf States Telephone Company has 14 medals with four diamonds in each medal, representing 56 diamond awards.

Mr. Burton is to be commended for these awards, which total 129 years of safe driving, and for his special attention to the promotion of accident prevention in connection with the operating of their fleet of cars and trucks.

THREE FIRES THIS WEEK, CAR, CAFE AND TRAILOR HOUSE

Tuesday morning, about 2 a. m. a fire of unknown origin destroyed a part of a counter and other cafe equipment in the Gem Cafe on the west side of the square. Firemen put it out before any additional damage could be done. No estimate of the loss was given.

Tuesday night in front of Meeks' Cafe, a car caught fire and was damaged before the fire department could put it out.

The third fire for the week, was 6:30 Wednesday afternoon when there was a fire in a trailer on N 14th at Jim Martin's home. Not much damage was done in this fire.

CHAPLAIN ED BAYLESS BRIEF VISITOR: TALKS TO PRESBYTERIANS

Chaplain Ed. S. Bayless of Jefferson Barracks, Mo., returning from a meeting of Central Texas Presbytery with Rev. Gaines B. Hall, Wednesday night spoke to the Prayer meeting audience at the First Presbyterian Church.

A large audience of friends from Gatesville and Turnersville had gathered to greet him and enjoy hearing something firsthand of what services a Chaplain renders in the Army.

Chaplain Bayless returned early Thursday morning to Jefferson Barracks.

\$2.25 For 1 Chick! Notice, OPA! Is That Too High!

Two dollars and 25 cents for chicks, with not all the shell off yet, but the "shell-out".

That's what Eddie Winfield, operator of Winfield's Hatchery has just paid for his "breeding stock" for next year's hatchery season.

Why? In these days of efficiency, "production" is the by-word, and these chicks get the Army and Navy E for just that, or should, if they gave it for real production. These chicks' mamas layed from 280 to 341 eggs last season, and are just about the top of the lot. If you remember there are only 365 days in most years, and 341, don't look like that old hen took much of a vacation. At least, she was not on a 40 hour basis.

Others of Mr. Winfield's newest "flock" cost him from 80c up to the \$2.25, and they were sold on the basis of "what they could do".

Looks like, if you're a chicken specialist, the kind with feathers, and want to really get in the "food for Freedom business," a recommendation to Mr. Winfield would not be out of order. Anyhow, you can go down there and see some high priced hen meat.

RED CROSS QUOTA ALMOST THERE: \$9091.80 NOW IN

We've still got a chance to "make the grade" on our Red Cross Quota of \$10,000.

Already, some \$9,091.80 has been turned in up to Wednesday, and there's some to be credited to Coryell county, which was taken in by the Bluebonnet Ordnance Plant, which might push it over. At any rate, if it doesn't, it should not be much of a trick to get the additional dollars to make it a little more than \$10,000. Let's beat the quota not meet it!

EARL HUDDLESTON WRITES FROM AUSTIN ABOUT PENSIONS

"As I have written before, I regret that Old Age Assistance grants have been cut. The House of Representatives has passed two bills, seeking to prevent this action. However, the Senate refused to pass legislation to this effect. Since I wrote you last, a Committee of five members of the House of Representative was appointed to investigate the whole pension question and made a report on yesterday.

"I regret to say that this report reflected a mismanagement of the Old Age Assistance set-up. This Committee reported that quit a few employees had been placed on the payroll of the State Welfare Department without the authority of the Legislature. The committee also reported that quite a few salaries in the highest brackets had been raised without the authority of the Legislature. These salaries were mostly from \$200 up to \$359 and \$400 per mo. About the time this was being done, Old Age Assistance grants were cut. They also reported that a certain man had been on the payroll of the Public Welfare Department and was at the same time on the payroll of the Texas Senat.

"The committee recommended the impeachment of Director J. S. Murchison. I cannot say just what action will be taken by the House of Representatives and the Senate, but as for me, I feel that the whole system should be corrected and run in an honest and economical way in justice to the aged people and the tax payers of the State of Texas, and I propose to do all I can to correct the situation.

Sincerely,
EARL HUDDLESTON
Representative, 94th Dis't.
