"GOING TO PRESS" DIRECTORY IS! WANT A CHANGE?

Attention is called by the Gulf States Telephone Company that the new telephone directory is going to press shortly.

Subscribers are urged to check their listings, see that the address is correct, phone number, name, etc.
The new book will contain a complete Classified Section with nearly every business represented. The new style book, which will be the same as the last one has been a great help in introducing new people to business firms in Gatesville, according to company officials, and their advertisers.

A little from you... means a lot to them

The USO is furnishing several Battalions at North Camp Hood with films. Daily requests are coming in for materials such as pianos and other recreational equipment. Any piano or other equipment would be gladly accepted. Just call the USO.

Information desks nightly have been arranged for ladies of Gatesville who volunteer their time in answering questions and giving information to soldiers. Mrs. T. M. Davidson and her corps of workers are rendering a fine service in Sewing on each Tuesday.

The Patio is almost complete and last Saturday night it was used for the first time for dancing. Due to the large crowds it is being considered to change the dances from Saturday night to Friday nights.

Appreciation is being expressed to the people of Gatesville for the splendid efforts being made to provide housing for soldiers on Saturday nights. Most of the boys are taken care of on Saturdays at the present time.

As the swimming pool has been opened requests are made for any suits that you might have on hand and do not need. These suits are furnished free to the soldiers who pay only a deposit for their safe return.

We can use any water flowers or decorations for the new gold fish pond. New feature of the USO added this week is a sand box with awning over the top for the many army babies and small children coming into the USO.

This month's issue of the National publication of the Lions Club carries a picture of the Gatesville Lions Club at the dedication ceremony of the hitch hiking shelter donated by the club thru the USO.

At a recent Supervisors meeting held in Dallas a full fledged-USO Colored Unit was approved for Gatesville and a building will be built soon. It will be operated under a separate administration from the white USO but will be under the direction of the local USO Council.

S/Sgt and Mrs. Howard Hampton are visiting his parents in Kentucky.

Mr. and Mrs. H. R. Haase and Billy attended the Baccalaureate and Commencement exercises at Baylor University Sunday. Their daughter, Margaret Haase was among those who received their degrees.

J. T. GARREN JR. GRADUATES FROM TULANE UNIVERSITY

J. T. Graham Jr. son of Mr. and Mrs. J. T. Graham Sr. of Turnersville graduated from Tulane Medical School in New Orleans, La. May 1st.

J. T. was a member of the Gatesville high school faculty 3 years ago.

He will enter Tom B. Green Memorial Hospital as 1st Intern-tenant to begin his year of lieu.

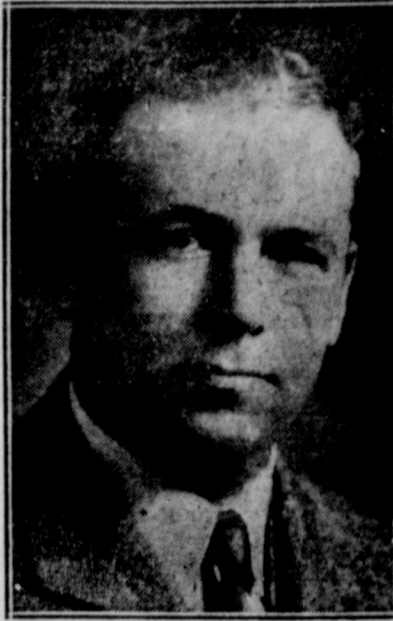

Gatesville Schools Have "Boom" On, Too! Cosmopolitan

Here's a list, may be run in sections, of the "out of county" folks who have been in Gatesville Public Schools since the "boom" started. This, merchants, citizens, and everyone else will give you a rough idea of what the school folks have had along with housing situations, and other things we're not used to.

Christine Jolly, Garrin Co., Chirley Adkins, Arkansas, Elvera Aquilar, Corsicana; Esperansa Alejanere, Corsicana; Wanda Crella, Goldthwaite; Virginia Hartline, Ft. CITIZEN HONORED

H. K. JACKSON

H. K. Jackson, member of the firm, Jackson & Compton, has just been named President of the Baylor University Alumni Association at the Annual meeting of the Association for the election of officers, Saturday.

Mr. Jackson replaces Dr. Milford Rouse of Dallas.

Mr. Jackson is a graduate of the Class of '21, and holds an A.B. degree from the university. Since leaving school, he has lived at Seymour, and moved to Gatesville and entered the insurance business several years ago.

This is an especial honor for Mr. Jackson, and Coryell county and Gatesville, since next year will be the Centennial Year of Baylor University. There are probably 50,000 or more graduates of the university, both in Waco and Dallas and to head an organization like this, is something that comes in very few lives.

Mr. Jackson is also a director of the Guaranty Bank & Trust Company of Gatesville.

Pvt. Dossey Barton of Camp Chaffee, Ark. is visiting friends and relatives.

Jack Brownfield of Houston visited relatives and friends the first of the week.

Gregor; Tommy Jean Allen, Temple; Bobbie Joe Wright, Paris, Ray Dickson, Paris; Leon Thornburg, Asheboro, N. C.; Shirley Catlett, Killeen; Lillie Cavitt, Killeen, Juanita Cozby, Stamford; Paula Mitchell, McClean, Sara Rouse, Hattiesburg, Miss.

(To Be Continued)

Coryell County Gets 50 Percent Boost In Sugar! C. of C.

Population increases in 31 Texas counties, informed by, no doubt, the Gatesville Chamber of Commerce, has given Coryell county an increase in sugar from 0 to 50 per cent.

This is sugar allotments of manufacturers who deliver their products into these areas, and does not mean you'll get any more sugar coupons.

Looks like in some of these offices they're gradually finding out the "Camp Hood" are in Coryell county, and not in Bosque as one Washington big-wig, most definitely assured the local Chamber of Commerce. Maybe, too, we have a "sugar-daddy" in Washington. Now, if they'll look at a recent census report and see how many dwellings are in Coryell and Gatesville, then, bearing in mind this 50 percent sugar raise has to go to somebody, then, maybe we need 50 percent more housing here. Could be? That sugar's got to go somewhere.

ARMY CHAPLAIN AT METHODIST CHURCH SUNDAY EVENING

Sunday evening at 8:30, Chaplain, L. E. Wright, Chaplain of the 5th Regiment at North Camp Hood, will be the preacher at the Methodist Church. Chaplain Wright is a most popular chaplain and a strong preacher. He is a member of the Newark, N. J. Conference of the Methodist church. He served in the Navy thru the first World War, and speaks with authority of experience. You will all want to hear him. The Service Men and their families will be particularly anxious to hear him. A warm welcome, in a cool and comfortable auditorium awaits you Sunday evening at 8:30 p. m.

Pfc. William Williams has completed the flexible aerial gunnery course at the Army Air Forces Gunnery School, Laredo. Army Air Field, and was promoted on graduation to his present rank, and received rank, and received the Aerial Gunnery Wings. He formerly lived on Route 3, Gatesville.

Mrs. Johnnie Washburn and Beverly spent last week in Fort Worth visiting relatives.

NORTH EAST WEST SOUTH

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

TUNIS & VON ARNIM TAKEN

N. Africa, May 12 (UP).—The battle of Tunisia ended in a great allied victory Wednesday night when headquarters announced that organized enemy resistance had ceased in all sectors and that 150,000 German and Italian troops had been taken prisoner, together with their Commander General Jurgen von Arnim.

THEY BACK UP

Washington, May 12 (AP).—Economic Director Jas. F. Byrnes issued a directive Wednesday which will let the War Labor Board make wage adjustments to aid in the prosecution of the war or correct gross inequities, provided they do not increase prices or production costs.

F.R. CHURCHILL PARLEY

Washington, May 12 (AP).—New blows against Japan, as well as the European Axis partners, it was made clear Wednesday, are being mapped by President Roosevelt and Prime Minister Winston Churchill in their "momentous" war talks.

"AXIS CALMLY GETS SET" GOEBBELS!

London, May 12 (AP).—Whist-

ling in the dark over their vaunted coastal ramparts the Axis war lords stood wholly on the defensive on Wednesday for the first time in more than 3½ years of war, awaiting the inevitable onslaught at places and times to be set, London observers were confident by the conferees in Washington.

25 SUBS, 8 DA. 4 SUNK, MORE

London, May 12 (AP).—Allied escort ships and planes fighting a fierce, 8 day running battle against a pack of as many as 25 Axis subs attacking an Atlantic convoy recently sank 4 and perhaps 10 of the U-boats, the Admiralty announced Wednesday.

POW ON FARMS?

Washington, May 12 (AP).—Plans to use war prisoners for work on farms and possibly on road construction jobs are still under consideration, officials said Wednesday, altho many problems involved have not been solved.

CHURCHILL ON AIR

London, May 12 (AP).—Prime Minister Winston Churchill will broadcast at 2 p. m., Dallas time, Friday, it was announced officially Thursday.

MEAT PRICES CHANGES

Washington, May 12 (UP).—The OPA today announced downward revisions in cents-per-pound retail ceiling prices for certain cuts of beef, veal, lamb and mutton to take effect May 17 and continue until the scheduled 10 percent roll-back June 1.

REDS ROLL 'EM BACK

London, May 13 (AP).—A new red army thrust rolled back German armor Wednesday on the lower front midway between Kharkov and Rostov, Moscow announced early today.

LEGISLATURE GOES HOME! GOOD!

Austin, May 12 (AP).—Members of the 48th Texas legislature went home today—a record short 121-day general session behind them and one of the tightest session-end deadlocks in history.

SCORES RUMR PLAN

Washington, May 13 (AP).—The senate heard the "skip-a-year" plan for current collection of revenues attacked today as a possible move to "hop-skip and jump into the depths of inflation" and defended as a nonpartisan effort to give equal tax abatement to all.

WITH THE COLORS

Following is a letter in part, Mr. and Mrs. Willie Schunge received from their son Cpl. Louis Schunge.

"Somewhere in The S. Sea Is.,
April 5, 1943
Dear Mom, Dad and Kids:
I guess the postman pass by the box day after day without any letters from me. I start quite a few but I get disgusted and they land in the waste box. So here I'll make another attempt. I got

some mail last week from you after a long time the latest day was March 22. Seems your farm work is going on slow and need of rain. Well, here it rains and showers quite often but usually the sun shines. I get a big boot out of letters from home also why Pa can't ever add in a few lines I can't figure out. Maybe you could write a page once in a while; Pa Hows the A-C purring, and having any trouble with your oil or fuel? How about those tires that 3 years or more on them. I'll bet mom's garden shows up good and how I would like to eat something fresh out of a garden?

I get the Coryell Co. News and read a lot of news which you don't write. Such as Albert Apel Jr. getting a leave also Carl Schoenewolf also a leave. Also Albert Koch

made Cpl. and that Irving Koch got a M.D. which isn't an honor. Also Paul Mueller getting out. So after I look over all the names I'm the only one overseas besides Authur E. Meuller in Africa. But the biggest surprise was that August got married.
So now I'm saving up my money and buying bonds for I want to own a new Harley some day when this storm is over. Are you banking my allotment and did you receive the money order? Also I have an \$18.75 bond each month for VICTORY!!

There isn't much to write except I like my work, and you bet "We'll Keep 'em Flying", the weather here is still summer. Some of the boys have caught some wonderful fish. Also the laundry is complete so won't have to wash our own duds any more. Also have a show once or twice a week at night outdoors of course and its quite nice, the cocoanut palms all about sitting on a box or cocoanut log and then the moon and stars peeping through the high palms the breeze making a noise like rain. And the shows are o.k. too. To even see a picture of a white woman again!!

I'm enclosing a picture I was lucky to get but my buddie and I have taken quite a few with his camera so maybe someday will get a look at them.

I keep busy as I got to do some mechanic work more often now. As I am now in charge of the Motor Pool and this climate is good for rust and I don't mind the work on the trucks, tractor and the other engines.

We have to stand reville in the morning at 5:30 and its bedtime now.

Well write me all of you. Your letters mean a lot. I'm fine and well.

So all my love,
Your son, Louis".

Mr. and Mrs. A. H. Huff of Levita received the following letter from their son, Sgt. Sammie Ferguson Huff who has been in the service for 4½ months and made sergeant. Sgt. Huff is stationed in San Antonio in the Army Air Corps.

"Monday night, 9:30.

Hello Sweet Mother and Dad,
Just a line to let you know I am o.k., hope you all are fine. I don't know where we will move, I guess you all knew I am a Sgt., so I'm getting along fine. Dad I don't have time to write much but I love all of you if anything happens I will let you know. Don't worry about me. Just help me take care of Creola for you know I love her and she is all I have to live for and if I come back I want her to be just like I left her. True and sweet.

Well, we can't leave camp or I would have her here.

Well I got to get to go so good night.

I love you,
Your son, Sgt. Sammie F. Huff.

From an Australian newspaper the following article appeared:
"Private Carl Deorsam of the U. S. Army, yesterday caught a 12 ft. tiger shark about a mile off

He claims to be the first American serviceman in Australia to hook and land a shark.

The shark weighed about 800 pounds. After he had hooked it Private Deorsam fought it for an hour before he could get it into the boat.

Private Deorsam, who is from Texas, said he had heard about Australian sharks, and had been keen to try his hand on one for a long time.

He went out yesterday with Bill Johnson—fisherman.

"When I hooked the shark, it sure did give me a fight", he said. "And, boy, did my hands burn as the line shot through my hand. Looat at the blisters. But the catch was well worth it.

Pvt. Deorsam is the son of Mr. and Mrs. George Deorsam of 312 N. 10 St. Gatesville.

Bee House

Bernita Conner, Cors.

Sgt. Roy Conner left for Phoenixville, Pa. last Thursday.

Roy Smith of New Mexico has been visiting his mother, Mrs. W. F. Smith and Mr. and Mrs. Hugh Graham.

Pvt. Clarence Lovell of Kentucky is visiting relatives here.

Mrs. Maudie Self of Ft. Worth came last week and took her little son, Derrel Gene back with her.

Mr. and Mrs. J. H. Conner and family visited in the S. E. Conner home Sunday.

Visitors in Lovell home during the last week were: Pvt. Clarence Lovell, Mr. and Mrs. Comma Lovell, of Port Arthur; Mrs. Ernest Jones, Sarge and Bert of Galveston; Mr. and Mrs. Jim Tom Lovell and son of Gatesville, Mr. and Mrs. R. A. Lovell and family of Arnett.

Mr. and Mrs. Clark Terry and son of Arnett visited Mr. and Mrs.

W. T. Price Sunday.
Mr. and Mrs. E. J. Conner and Burnard spent the week end with Mr. and Mrs. Eric Neeley and Nancy of Evant.

We are sorry to report that Mrs. Charlie Moseley has not been feeling well lately.

Several from this community attended the Senior play at Evant Friday night.

MARGARET HAASE GRADUATED FROM BAYLOR UNIVERSITY

Miss Margaret Haase daughter of Mr. and Mrs. H. R. Haase was among the many to receive her A. B. degree from Baylor University Sunday, May 9. The commencement exercise was held in Waco Hall. Col. Julian C. Hyer, Judge Advocate General of the Eight Service Command delivered the commencement address.

Miss Haase did her undergraduate work in Business and Education.

Dear Friends:
 The House has at last passed a tax bill. I am glad that the matter is being considered by the Senate because I realize that it is vitally important that we get a final decision on the method of collection as soon as possible. I do not however, approve of the forgiveness of between seven and eight billion dollars of accrued taxes. I know of nothing that could be more inflationary at this time. I, therefore, voted against both the Ruml plan, which was defeated by only four votes and which would have remitted all of the 1942 taxes, and also against the so-called Robinson-Forand substitute, which was adopted and which remits more than three-fourths of the 1942 tax liability. If the Senate adopts any plan involving the remission of a large part of the 1942 tax you may look for new and heavier taxes in the lower brackets. If the Government gives away eight or ten billion dollars this sum must be made up somewhere. It cannot be made up from the "big rich". They are now paying 93% of their total net income in Federal taxes. There is not enough money in the 7% left in their hands to meet the Government's need even if we took it all. This remission will, of necessity, be met by an increase in the rate on the lower incomes. Watch and see if I am not right.

Bitter as the tax fight has been it has not approached the intensity of the feeling in regard to the coal strike. The Senate has passed the Connally Bill which has been greatly strengthened by amendments. This bill now not only gives the President clear and definite authority to take over the strike bound properties, the operation of which is needed in the war effort, but also makes it an offense to conspire to bring about a strike on property or industry under the control of the Government. The coal mines are now in the control of the Government. Therefore, while this bill would not prevent any miner from quitting work at any time he wants to, it would prohibit John L. Lewis from conspiring to bring about a strike in these mines. The bill has come to the House and has been referred to the Committee on Military Affairs, which Committee will begin hearing next Tuesday. I feel sure that this committee will prompt action and will report the bill favorably. I believe that the House will pass the measure. Personally, I cannot but feel

that we should go further and make all Unions responsible for their acts and liable for their failure to carry out their contracts. To my mind this is nothing but fair. We should also, as I see it, require Unions to account to their members for all funds collected to conduct fair elections with a secret ballot, and to let the members pass on the question of a strike. I believe that the great majority of the American workers are honest, patriotic citizens who would not break their promise not to strike during the war if the decision were left to them rather than to some labor promoter like John L. Lewis. The feeling of most members of Congress seems to be in favor of action but the Labor Committee still seems reluctant to do anything.

This same crowd that is determined to do nothing about the labor rackets is likewise determined to destroy all self-government in the Southern States. Yesterday they got enough members (218) to sign a petition to bring out the Anti-Poll Tax Bill. This bill was introduced in the House by Congressman Vito Marcantonio of New York. Of course, Mr. Marcantonio does not call himself a Communist as the name is not popular, but if communists were being shot in America, I would not want to carry the insurance on his life. The Poll Tax Bill is an old fight. Its proponents feel that they can get the support of the negroes in their respective districts by supporting this measure, just as they try to do by supporting the Anti-Lynching measure. Many of them will tell you privately that the measure is wrong, but they are afraid to oppose it. These people are, I fear, building up so much race hatred that we are likely to experience most serious consequences. For instance, this very night a group agitators have announced a mass meeting in front of the car barn of the Capital Transit Company here in Washington to protest against the Company's refusal to employ negro motormen. I don't see how this can fail to result in a riot, but it has the support of most of these who are opposed to regulation of the Unions and who want to dictate to the Southern States in order to "show off" before their negro constituents. I feel that the fault is primarily with the agitators and not with the negroes themselves.

Yours for Victory,
 W. R. Poage.

Farm News
 The deadline for getting essays in the Sears Robuck Contest to the County Agent's office has been delayed until May 22nd. A committee composed of Vocational teacher Fox of Oglesby and Bates of Gatesville and Principal Clary of Turnersville will judge the essays. Any 4-H Club boy in Coryell county is eligible to write an essay on the subject, "The Advantages of the Corn-Hog-Hen Plan of Farming". This essay must be written in pen and ink on theme paper. Eight boys submitting the best essay and meeting the committee's requirements for caring for a registered gilt will be considered winners.

The County Agent has visited nearly all the public schools in the county. Over four hundred boys have been urged to enlist in the war program of food production. The largest 4-H Club enrollment for several years has been completed. The boys and County Agent are now ready to get down to the job of producing food for war.

The County Agent will attend a bi-district meeting of Extension workers in Houston next Monday and Tuesday to get instruction on the labor program within the counties. Farmers needing labor should list their needs at the Co. Agents office, giving number of workers needed, when needed, price paid, and housing accommodations furnished. This information will be filed and plans made to meet requirements. Already the War Board of which the County Agent is a member is recommending deferment from military for essential farm workers and for the release from military service soldiers badly needed on farms.

FIRST WAAC-ENLISTED MAN WEDDING AT CAMP HOOD PERFORMED FRIDAY EVENING

Auxiliary Janet Zastoupil of the 164th WAAC company at Camp Hood became the bride of Private Ralph Gordon also of Camp Hood in the first WAAC-enlisted man wedding to be performed at Camp Hood. The post chaplain, Major William C. Benson, performed the single ring ceremony at the 268th Street Chapel at the camp at 1:30 o'clock Friday evening.

Aux. Marie Deaver of Red Bluff, Calif. and Sgt. Robert Williams of Shreveport, La. attended the couple.

Auxiliary Gordon is the daughter of Joseph Zastoupil of Dickinson, N. D., Privat Gordon is the son of Mr. and Mrs. Harry Gordon of Ironton, Ohio.

The bride wore her uniform as a wedding dress. About 50 WAACs and soldiers attended and took along sacks of rice. The bride and groom would not leave the chapel until WAAC Third Officer Elfriede Wandrey shouted "Fall Out".

Mrs. Sally Short Surprised With Mother's Day Celebration

Mrs. Sally Short was a surprised mother when her children and grandchildren began to gather at the home of one of the sons, Claude Short, on 1914 Leon St., where she makes her home, on Mother's Day with an unexpected Mother's Day gathering.

Each family brought a well filled basket and after the feast the group enjoyed a moving picture and quartet singing.

All the children were present for the affair except 2, Mrs. Merle Williams of Corpus Christi and Robert Short of Fort Worth. Children present were: Mr. and Mrs. L. H. Short and family, Mr. and Mrs. Sam Ludwick, Mr. and Mrs. W. H. Ford and family all of Ft. Worth; Mr. and Mrs. Leo Moore of Austin; Mr. and Mrs. J. C. Short and family of San Antonio; grandchildren present were: Mr. and Mrs. J. W. Bates and boys, Mr. and Mrs. Virgil Powell and girls; Mr. and Mrs. S. F. Ludwick; Mr. and Mrs. James Leich, and daughter and Mr. and Mrs. B. P. Ford and daughter all of Fort Worth.

The goal of the Second War Loan drive is 13 billion dollars. That is just about one fifth of the estimated increase of the Public Debt for the fiscal year of 1943.

Children Of Mr. and Mrs. W. T. Michael Gather On Mother's Day

The children and grandchildren of Mr. and Mrs. W. T. Michael of Evant met at their home Sunday Mother's Day for their annual gathering.

Those present to enjoy the occasion were the following children: Rev. and Mrs. Fred Grubb and family of Purmela, Mr. and Mrs. Bernard Angermann and family of Hamilton, Mrs. Mary Reed and son of Houston, Mr. and Mrs. Johnnie Michael and family of Evant and Miss Willie Michael of Gatesville.

WOMEN'S ACTIVITIES AT THE U. S. O.

THE ENLISTED MEN'S WIVES CLUB met Tuesday afternoon at the USO with 46 members present. A brief business session was held and officers were elected as follows: president, Mrs. Loyd Miller, sec.-treas., Mrs. Sarah Robelotto; Program chairman, Mrs. Helen Levi. The report of the nominating committee was given by Mrs. Ruth Da Dabbo. At the conclusion of the business session Miss Schultz member of the domestic science department of the Gatesville High school began a four session sewing school. Any one interested in sewing is cordially invited to attend. Sewing classes will be held at 2:30 p. m. on Friday May 14, Tues., May 18 and Friday May 21 all meetings at 2:30 p. m.

LADIES IN WAITING CLUB will meet with the sewing club on Friday, May 14.

THE OFFICER'S WIVES CLUB held its weekly bridge session at the U.S.O. in the Green Room. During the week a group met at the USO and sewed curtains for one of the mess halls at North Camp Hood.

THE GSO's went out to South Camp Hood to the dance at the 162nd street service center, on Tuesday night.

Hostesses for the Sunday morning coffee hour at the USO will be Mrs. J. V. Patterson and Mrs. R. Johnson.

The Typing Service of the GSO was manned this week by the Misses Zunker and Short.

Church Services

METHODIST CHURCH E. L. Craig, Pastor

Sunday School each Sunday morning at 9:45 o'clock. Morning Worship each Sunday morning at 10:50 o'clock. Evening Service at 8:30 o'clock each Sunday evening. Woman's Society of Christian Service each Tuesday afternoon at 3:30 o'clock. Prayer meeting each Wednesday evening at 8:00 o'clock. Choir practice at 9:00 each Wednesday evening.

Next Sunday morning the pastor will preach on the subject, "Jesus' Compassion For Man". At the evening hour Chaplain L. E. Wright, chaplain of the 5th Regiment, North Camp Hood, will preach at the Methodist Church. We are cordially inviting everyone to attend the services of the Methodist Church. We extend a special invitation to all Service men and their wives to our services.

FIRST CHRISTIAN CHURCH Gatesville, Texas

Next Sunday Professor S. W. Hutton, Texas Christian University, Fort Worth will be in the city for his regular third Sunday appointment and will preach at 11 A. M. on "His Messengers". The Sunday School at 10:00 offers opportunity for knowledge of the Word and for good Christian fellowship.

PRESBYTERIAN CHURCH Gaines B. Hall, Pastor

Sunday School 9:45, Frank Kelso, Supt.

Morning Worship—11:00 a. m. Sermon subject: "God Sometimes Answers 'No'".

Preach at Prairie View 3:75 p.m. Turnersville 8:30 p. m. Public cordially invited.

THE SECOND COMING OF CHRIST IS SUBJECT AT BAPTIST CHURCH

The pastor of the First Baptist Church, Rev. Lawrence Hayes, will preach Sunday evening at the 8 o'clock hour on "The Second Coming of Christ." The male quartet will sing, "Where Will You Spend Eternity?" by Tenny. The Baptist Training Hour meets by departments at 7:15, 45 minutes preceding the church hour.

Sunday school meets Sunday morning at 9:45. At 10:50 the pastor will preach on "the Blood or the Lamb". The choir will furnish special music.

At the morning church hour H. K. Jackson, chairman of the Budget committee will present the Every Member Canvass and the church membership will have an opportunity to sign a budget card indicating their financial support to the church program. The budget recently adopted by the church of \$14,500.00 include local expense, benevolent causes and State south wide and world-wide missions.

The church extends a cordial welcome to strangers, visitors and friends.

Mr. and Mrs. Charles Richards and children of Weatherford spent Sunday with Mrs. Richard's parents, Mr. and Mrs. S. A. Cole.

It's A People's War

We are paying more in taxes than ever before . . . and likely will pay more. But we cannot rely on taxes to finance the war. It would not be fair to base a tax on the average single family income when many families have more than one income. We could borrow all the money from the banks, but for both economic and social reasons this is undesirable. The government would then sacrifice its greatest dam against inflation. This is a People's War and the people should finance it. The people WANT to finance it. Sale of War Bonds has mounted consistently since Pearl Harbor.

They give their lives . . . You lend your money.

New Tires & Tubes - - - Tire Repairing - - - Official Tire Inspectors - - - Gas & Oil - - - Gro., Meals

We have just purchased new equipment to do tire and tube repairing of the highest quality on any tire from 4.50x21 thru 7.00x20 Truck tire.

Our experience in this kind of work has taught us to repair all rim cut, stone bruised and other breaks caused by road hazards known to tires.

We offer this service at prices set by O.P.A. Tire Rationing schedule, we do our best to give 24-hour service and our work is of the highest type.

As inspectors of tires under tire rationing regulations it is our patriotic duty to recommend repairs on tires which so justify repair. Two experienced tire inspectors are on duty at our place each day.

We offer premium line passenger and truck tires and tubes of the highest quality at the fairest of prices.

We appreciate your patronage and our pledge is prompt and efficient service in our effort to serve you.

SAFE... SILENT... SKIDPROOF
BILL NESBITT
 North Lutterloh

makes \$200,000.00 per year, and we leave only seven cents out of each dollar of income to the man who makes above a quarter of a million. Keeping these rates in mind, it is easy to see why we can't meet the needs of the government merely by raising the tax on the rich. If we took all of the income that we leave in the hands of the very rich today, it would not begin to meet the needs of the government. We must therefore, take smaller amounts from a great number of citizens whose incomes are relatively small. Most of this great group find that they get their money by the week or the month. They can more conveniently pay by a deduction from their salaries. Of course, this does not apply to a farmer. Even though his income may be small, he earns it in the way the business man earns his, and he cannot know what profit he has made or what loss he has suffered until he can sell his crop and figure up his cost at the end of the year. The "collection-at-the-source" can not, therefore apply to most farming operations.

Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.

April 30, 1943

Dear Friends:

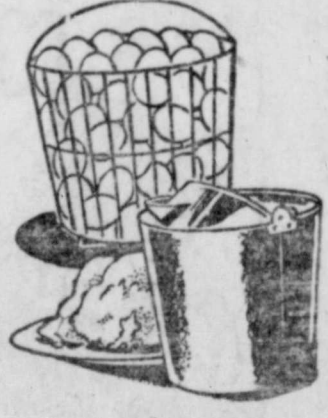

The method of collection of the federal income tax should have been acted upon by the House before this reaches you. It is still too early to predict the result in regard to the forgiveness or remission of taxes already due the government, but I think that it is safe to assume that we will get an extension of the Victory Tax method of collection-at-the-source. It seems very clear that only by collecting taxes as the people earn will it be possible for the government to get its money or for the people to pay. Most of us who work for a fixed salary know from personal experience that it is much easier to pay an obligation weekly or monthly out of our income than it is to allow it to accumulate into a large lump sum.

In the past most of our federal income taxes were collected from a small percent of our people. Only those who made rather large incomes paid income taxes. Most of these people were engaged in business and in the first place could not know until the end of the year how much they had made or what tax obligation they owed. Gradually we increased their taxes until we now take approximately \$160,000.00 from the man who

Another thing that should be considered in connection with the pending tax legislation is that if we adopt the "Ruml Plan" which the Republicans are proposing, we will have remitted seven or eight billion dollars of obligations now due the government, and as I see it, it will surely have an inflationary effect far greater than if we were to raise all farm prices to 110% of parity. This money that would otherwise be paid to the government in taxes will naturally be added to the already excessive sums of money seeking to buy the steadily decreasing supply of civilian consumers' goods. Nor is this the worst feature of such a rebate. It will in the case of the largest tax payers allow them to double, triple, and even multiply by ten their net income. Take the example of a man who had a taxable income of one million dollars in 1942. He would owe \$880,000.00 in taxes. Therefore, such a tax payer would under existing laws have \$120,000.00 left out of his million, and if his income remained stationary in 1943, he would have only \$70,000.00 left at the end of this year. But if he were relieved of his 1942 tax obligation he would have a net income in 1943 of \$950,000.00. Each time we collect those taxes it costs the government money. Why not make up our minds that we must pay every dollar we can in taxes. I think our people realize why the government must have this money and are willing to pay

HILDA ALIVE

By SAMMY LILLIBRIDGE
An Original Story

What Has Gone Before

Jack Tobin and the Kid are touring the country exhibiting a "Geek", or fake wild man. So far they have met almost every type of person possible. Rich men, poor men, beggar men and thieves good people and bad. In the preceding chapter the Kid became acquainted with the performers, who put on the show in front of the grand-stand, at the fairs.

Now we find them leaving the County Fairs for awhile, and preparing to exhibit "Hilda", world's strangest creature alive, at a State Fair.

CHAPTER THIRTEEN

The next fair was something a little different from anything the Kid had ever seen before. It was a State Fair, and while some of the county fairs had seemed to be pretty big to the Kid, this fair was positively gigantic. All the exhibits buildings were larger and the stock barns were filled with better stock than at the average county fairs, most of the stock at the State Fair was a prize winner in its class, at one or more county fairs. To win a blue ribbon at the State Fair was indeed achieving the highest honor a stock breeder could hope for.

The State Fair grounds was a little city in itself; First aid stations, dotted the grounds to care for people who got injured, or fainted in the bear and press of humanity, and children who had gotten separated from their parents, and there have even been cases of babies having been born in these first aid stations.

A system of loud speakers are placed all over the fair grounds and if a child is lost, their names and descriptions are immediately broadcast to all points at once, and in most cases in a very short time the crying child and anxious parents are soon united.

Enough can't be said in praise of these Red Cross first aid stations, they are about the busiest places on the grounds, and the work they do is taken for granted by the people they befriend, but they'd sure be missed if they went out of being. But it seems that human nature never misses water until the well goes dry.

The State Fair even has its own post office. Yes a State Fair is really big business, it takes 12 months to plan and build buildings for that hectic week or ten days of celebration and exhibits.

It would take a month or more to see all the exhibits but the Kid tried to see them all in his spare time, which was to say the least very limited, as this was the one spot that everybody tried to "get it together". Making money in the language of the Carnies.

He went from exhibit hall to exhibit hall and was more awed at each succeeding hall. There was the Four H Club exhibit building, housing the work of the younger members of the farmer family; and the Grange exhibits of the elder members; and tractor and farm implement companies put up huge tents large enough to house a circus, and displayed their wares, automobile companies set up gigantic tented sales rooms, radio manufacturers, washing machine companies, mechanical milkers, cream separators, and the makers of almost any commodity imaginable set up their show rooms on the State Fair grounds.

Companies sponsoring radio programs presented their program directly from the State Fair and is put on free of charge right in front of the public, sure the State Fair has a radio station right on the grounds.

The Kid looking through one of the stock buildings one day ran into one of the oddest animals in the animal kingdom. A Cattelo, an animal that was half cow and half buffalo, this one, there's only a few in existence, was half again as big as an ordinary cow

and had the shoulders, head and front parts of a buffalo and the hind quarters of a cow, and was really wild. A special pen was built for it, as it could smash thru the usual stall cows were quartered, and by its looks and action, would do considerable damage. Oh yes there have been instances known where they have been tamed, but looking at this particular one, the Kid decided that Hilda was much the tamer of the two.

It seems that here everything was different and bigger than anything that the Kid had ever seen before, even the Carnival midway was bigger and better.

At the county fairs the rides and the shows and concessions were for the most part owned by independent concerns and individuals and when an entire carnival was booked it was a show whose mode of transportation consisted of numerous trucks, not the State Fair no sir, the show here was a railroad show; that means of course a show that traveled by train. The show owned all the cars that made up the train, owned in fact everything, except the railroad itself and the engine, for some reason a show never owns the engine, this they lease from the railroad company.

They have their own tractors and wagons to pull the equipment on to the lot, but any more local draymen are hired to transport everything to the fair grounds and the show tractors take over from there.

The rides were bigger for the most part and there were more of them. Instead of one ferris wheel as the Kid had seen at the county fairs, here there were two, side by side, and instead of just having a tilt-o-whirl, merry-go-round, ferris wheel, chair plane, and kiddy ride, as the Kid had seen at the county fair grounds, here was a midway that looked like a permanent park, with a fun house, rola plane, Octopus, old mill, strataship, loop-a-plane air plane swings, caterpillar, and every type of ride that the imagination of man had ever devised.

And Kiddy rides. Why in place of the little automobile ride that was to accommodate the very younger generation at the smaller fairs, here was an entire miniature midway, small ferris wheels, and chair planes, merry-go-round, and exact duplicates of all the larger rides, perfect in every respect, except that they were built on a smaller scale.

The side shows too were entirely different than anything the Kid had ever seen before. The fronts of all the shows he had up to this time seen, were poles set straight up and properly guyed out (stakes driven and ropes or braces placed to keep them in an upright position,) and banners with painting of lettering depicting the nature of the show on them, but not at the State Fair, not on the show midway; the independent midway, yes that's where Jack and the Kid had their show set up; but not on the Carnival Midway. The fronts of those shows were large panels that fit together and set in front of the tented theatres, large imposing panels with paintings and thousands of lights on each one, that completely buried the fact that the show was put on in a tent, in fact the Kid felt and everybody else felt that in going into one of those attractions was like going into a theatre in a City. In fact it was in truth a beautiful tented city.

Then there were of course the pitchmen, high pressure salesmen, vended combination bottle openers knife sharpeners and glass cutters, others with sets of knives with which you could carve potatoes, carrots and other vegetables into the most amazing array of shapes and forms, another fellow was

pitching gadgets to put on the engine of your car or tractor to increase its power and make an old car engine work like a new one, medicine men, who sold tonics to make an old fellow feel, look, and act like a young man, but one that afforded the Kid a great deal of laughter was the fellow who just stood on the ground and started spreading out about a dozen or so watches, saying all the time "free watch number one, free watch number two, and free watch number three, and so on", all the while a crowd gathering, to see what he was going to do; then he'd start on a long talk, telling a few jokes and getting the people in a good mood, all the time building his "tip" (crowd) larger, then he'd say: "My company has sent me here, as an advertising agent, and has authorized me to place into the hands, free of charge, of a limited number of intelligent people one of these beautiful wrist watches; they have genuine pigskin strap, an unbreakable crystal, are stem-winding and setting, and are guaranteed not to gain a minute or lose a minute for the first 12 months you wear it.

"Now I'm advertising for the Dull-Cut Razor Blade Company, and during this demonstration I'm going to give absolutely free a package of five Dull-Cut blue-steel razor blades, hardened in oil and guaranteed to give you three to five good clean shaves, no matter how tough a beard you

have; as well as one of these beautiful wrist watch, to the first twelve people who buy a package of Dull-Cut blades from me now, and the price is 25 cents, that's two packages of blades and the wrist watch for 25 cents.

The part that amused the Kid was the expression on the peoples faces when they discovered that the watches were merely toy ones that you can buy in any five and ten for a dime, true, it had an unbreakable crystal, was stem winding, and wouldn't gain or lose a minute for twelve months or a hundred years either for that matter; if it didn't have any works how could it? It seems that it's just human nature to want something for nothing, and it's been said many times before and still holds true, it's pretty hard to cheat an honest person. The average person has a little petty larceny in him or her and in trying to capitalize on what they think is the other fellows foolishness or mistakes sometimes fall victim to some such scheme.

Mrs. Dan Andrew of Beaumont is visiting friends and relatives here.

Pvt. Clarence Lovell has been on furlough. He is stationed in Kentucky.

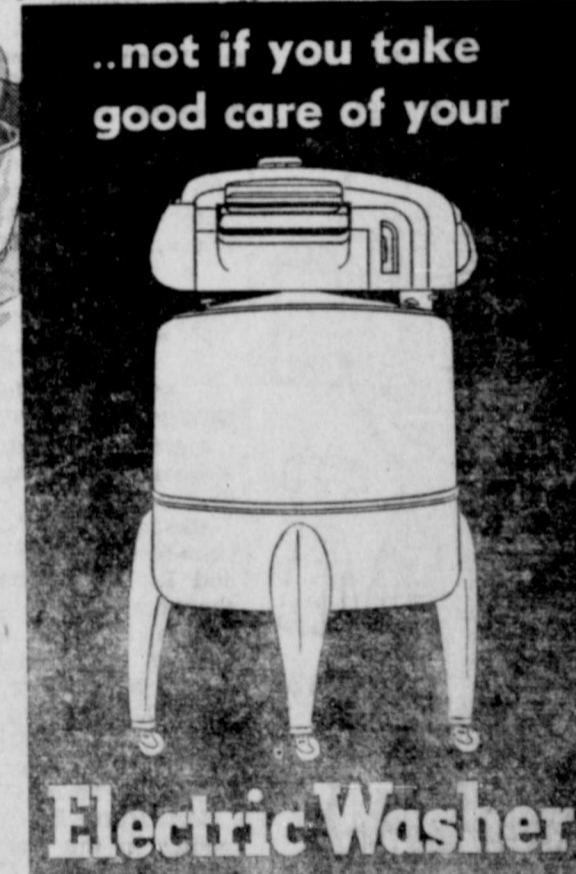

Miss Irene Davis spent Sunday night with her parents, Mr. and Mrs. Alvis Davis of Izora.

It would be irksome indeed to go back to the drudgery of wash tub and scrub board. But you won't have to if you take ordinary good care of your washer. Just give it the proper attention and it will serve you faithfully for the duration.

TIPS ON WASHER CARE

- Drain, rinse and dry washer tub after each use.
- Remove any soap curd or lint from tub, agitator or suction cups with soft cloth or sponge.
- Dry rolls and frame of wringer. Release pressure on wringer to save springs and rubber.
- Wipe connecting cord dry and hang up carefully. Avoid kinking. It cracks rubber insulation.
- Do not try to jam too many pieces through wringer at one time.

- Remove buckles, large buttons, etc., before running clothes through the wringer. Saves rolls from being chewed up.
- Do not overload washer with clothes and do not use too much water. Follow directions.
- Lubricate washer periodically in accordance with manufacturer's recommendations.
