Sheriff, City & Hwy. Officials Kept Busy

"Just a little of everything and not much of anything" was the way Sheriff Joe White put it, and here's the lineup for this week or so, from all angles, and all sources.

Three cars were picked up by the officers, all of which were stolen, or taken for a ride from McLennan county.

Jack Wilson's car was also taken for a ride, and was found later by someone on a hill near Killeen.

MP's, city officials, and the Sheriff's Department, with the Highway officers and the LCB man rounded up 25 not too desirable including 12 negroes, 3 white ladies, and 10 white soldiers. Charges were various, including drunk, in the wrong place and just a whole lot of other complaints. That was Wednesday night's work.

Came, then, Wednesday, and it was 1 civilian and 7 soldiers of various hues, in various difficulties.

Two colored soldiers rolled in with 5 cases about 4:30 a. m. Tuesday and were "unloaded" by the officers, and the liquor too.

And then, four were picked up for too much spirits the next night, and a drunk negro soldier and a fight started on the hill.

Too, there was a car stolen at Evant Wednesday night.

Now that would sound terrible for a town of 3,175 as we were before the war, but that's mighty good, considering the size Gatesville which now varies, depending on the time of day to about 9,784, more or less, to something around 25,000 about 8 o'clock at night. This is still a dandy good town, —ask anybody.

STARLIGHT OPERETTA OPENS IN "BIG D" JUNE 21 TO AUG. 29

Top flight entertainment was assured for servicemen, defense workers and civilian of war-bound Dallas this summer when the State Fair of Texas announced completion of plans for a 10-weeks season of Starlight Operetta at Fair Park Casino.

Included will be "Naughty Marietta", June 21-27, "Sweethearts" June 28, July 4, "The Vagabond", July 5-11, "The New Moon", July 12-18, "Bitter Sweet", July 19-25, "Roberta", July 26, Aug. 1, "Balalika", Aug. 2-8, "Robin Hood" Aug. 9-15, "Babes in Toyland", Aug. 16-22, and "Rose Marie", Aug. 23-29.

Vegeterian! You Will Be If OPA Ruling Is!

Burrow-Craffitis has hit Gatesville, as well as everyother inhabited places in the, yes world.

Now, they've cut our meat down 50%, based on the 1942 consumption. They never, heretofore, have made allowances for any shift in population, or nothing else, except one bunch of "forms" from one desk to another.

Now what will be done about it is not known, but yesterday a committee of interested folks went to Big Town to see what could be done. Via LD, they could do nothing, and maybe, "in the flesh" they'll get more flesh" for the teeming thousands of hardworking hungry souls in Coryell county and Gatesville. They're feeding the Hindus, Arabs and the rest we don't care anything about, then, why not people in the USA?

How this'll all come out remains to be seen, and remains to be seen just how much like a "burrow" the Dallas burrow-crats are. You know, these "South American Nightengales" are an obstinate and stubborn lot when they want to be.

To get down to the subject-matter (we've rambled like a government "hand-out") County Judge Floyd Zeigler, Floyd Murray, John Gilmer, Charlie Mounce and N. Foote have gone up to Dallas to see what can be done about it. If nothing, you'd better start writing your Congressman and Senator, or just forget meat altogether. Even if you're not from this district, write your own Senator and Congressman. The more, the merrier, and maybe, as Chas. McCarthy might say, we can "burn 'em down".

The 50 percent cut is 50 percent of what was killed here in '42, and that's not quite a week's kill at the present rate of consumption. Looks like they're making vegetarians out of us quick!

Mrs. Price Green and son, Donald and Miss Elizabeth Williams have returned from a weeks visit with their aunt at Brownwood. While there, they attended the graduation of Mrs. Charles Adams. She will be known at Gatesville as the former Miss Betty McDonald and she is formerly of Gatesville.

Looney Lucy

OLA, ARKANSAW
May 27, 1943

Mr. Ward Burris,
Sports Editor, The Express,
San Antonio, Tex.
Dear Wardie:

Surprise . . . I been up here several days a-helping Uncle Abner rescue some of his pigs from the flood, and admiring he rustic beauty of caboose end of the Ozark Mountains, which stand up to the battering of the cockeyed Arkansas River like the "Good old Baylor Line." I read in Ben Epstein's column that Elviry Snodgrass, the wrestling woman, wuz gittin' to be a big drawing card in Little Rock. She has gone and gotten some glamour so she confides to Ben that she always had a secret crush on Harry Coffman of your Santone rattle industry. Elviry has got her face lifted. It didn't lift very high, but the Rock Island Lines refused to permit use of wrecking crane. Ben sez she looks a lot better than the wreck of Hesperus.

This place is full of hootin' owls and they are getting on pretty good with their symphony . . . the Ozark Whoes. . . Uncle Abner had a terrible time in the hen house the other night. Three possums formed a secret pact for aggression and raided the hen mansion—Uncle Abner swore like an Army top-kick, got hisself a broken ax handle and barged in on them. Awful commotion, hens

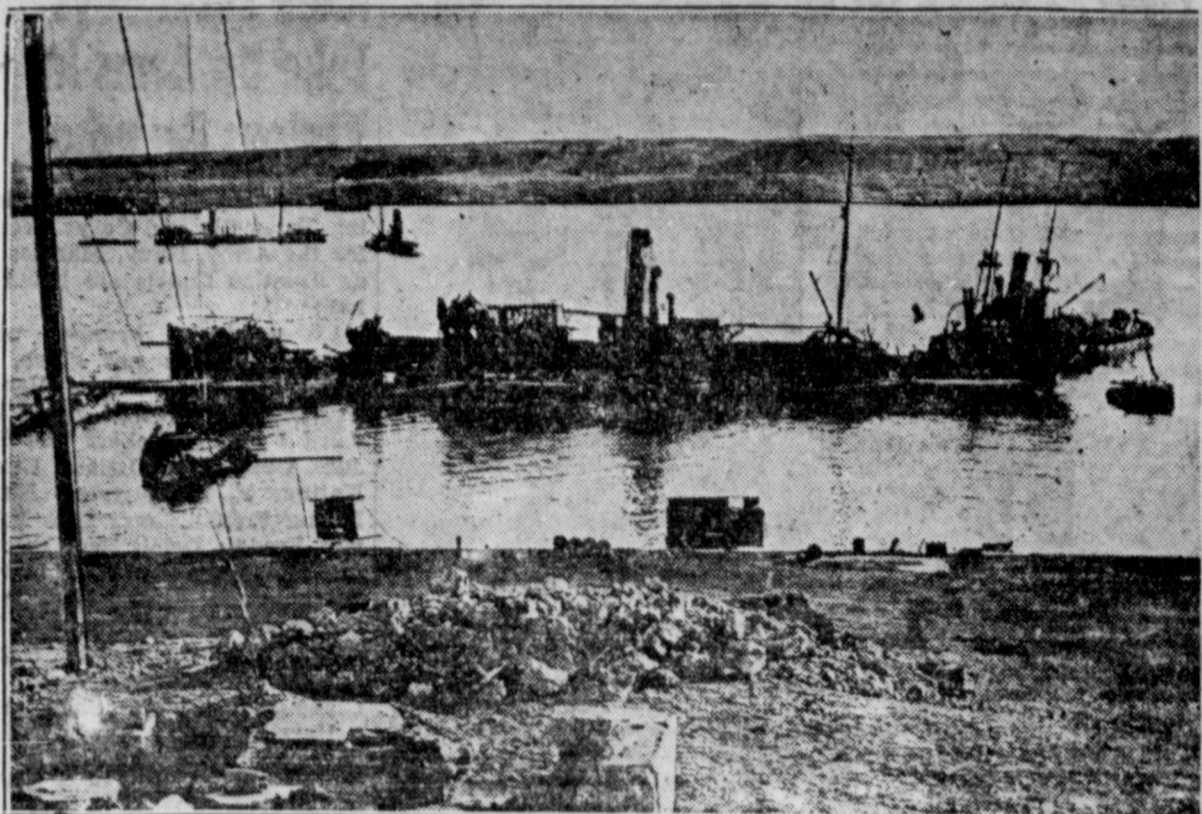

frantic and petrified with fear, Uncle Abner a-whamming away in the dark. He fell down, looked in front. He starts to get up . . . sees two eyes a glinting in the dim moonlight and whams away at 'em. He let an orful yell . . . them eyes he saw were the shine on his big toes . . . his language was nothing for even a female relation to listen to.

Well, Wardie, to make it short, he kills three possums and two roosters. The roosters were innocent bystanders . . . so we had chicken fer dinner and Uncle Abner had the doctor out to look at one of his busted toes.

Today I saw one of my first streamliner—I thot it wuz backin up, as there seemed o be no head or tail to it. Uncle Abner is a taking me down to Conway apiece next Sunday where if I pass a .300 average I.Q. I may be given a honorary B. A. by the Henderson-Brown College, seeing as how I have a cuzin working for the Dean. Remember old Hugh Wolf, the meanier man than the late Billy Edwards . . . Well Hughie has retired from the rattle trust with a big swag and now promotes rattles in Little Rock. Hughie beams and sez the house is mine., so when I go to the office to get the gate receipts Hughie sez he is pained at my lack of intelligence . . . but fer the life I can't see what I done that wuz wrong, fer didn't he say the house wuz mine?

Well Wardie, keep yer feet out of the mud, I'll be seein' you sooner than you think . . . unless you see me first.

Yourn,
LOONEY LUCY.

Beginning Tuesday, June 1, Mrs. A. P. Frymire will conduct dancing classes for the soldiers each Tuesday evening beginning at 8 o'clock. She will be assisted by ten GSO girls in these dancing classes. Mrs. Frymire is a dancing teacher with much ability and experience, having studied with Arthur Murray and taught extensively in New Orleans. Her contribution to the USO in teaching these classes is greatly appreciated. In addition to this she is teaching children's dancing classes professionally in Gatesville at the City Hall.

Appreciation is expressed to the people of Gatesville for the fine volunteer service that is being rendered through the USO.

Archery Classes will be taught at the USO in the very near future as an Archery Target is being completed at the south end of the new constructed patio.

R. W. Palmatier, USO director, will conduct Life Saving classes for affiliation at the City Swimming Pool if enough young fellows are interested in the course. Contact him if you are interested in this course.

Request is made for a volunteer to teach Red Cross First Aid Class at the USO Clubrooms. If you are qualified to teach an accredited course in First Aid, please contact Miss Relen Poe of the USO Club.

Miss Minnie Johnson who teaches 4th grade in Elementary school in Gatesville Public School left today for Denton to enter North Texas State Teachers College.

MORRIS FEDERATION HELD ANNUAL SPRING LUNCHEON FRIDAY

Last Friday members of the Morris Federation held their annual Spring Luncheon in the form of a Flower Buffet Luncheon at the home of Mrs. J. O. Brown, 112 E. Main, marking the close of the Club year under the leadership of Mrs. J. W. Laird.

The small tables were centered with red rosebuds, and the dining table was lace-laid with a flower pot and stems out from the green satin ribbon. At the end of each stem there bloomed a beautiful flower of food. One blossom was fashioned from slices of baked ham as a background for beautiful calla lilies made from thin slices of turnips, with tiny pickles for stamens, centered with stuffed olives. Another was made of tomatoes stuffed with Old English cheese, centered with radish rosebuds; still a third blossom was made from a circle of parsley potatoes, centered with buttered carrots. Another flower on the Rose Tree bloomed from stuffed squash with spiced beets as the center; another one from stuffed eggs as petals, with red and white slices of cucumbers as a center of the flower. Small hot rolls formed another blossom with squares of butter making a true to nature yellow center. The crowning blossom on the Rose Tree was centered with red roses and outlined with individual molds of strawberry short-cake topped with whipped cream. Iced tea with mint was the chosen beverage.

After the luncheon, Mrs. Byron Leaird, Jr., sang Browning's "The Year's at the Spring", and Marches "Have You Ever Been to Texas in the Spring?" She was accompanied at the piano by Mrs. Will Powell. Mrs. Crawford Scott then read several entertaining and timely poems from Ted Malone's collection of poems, "The American Album of Poetry".

Next September will find the Federation reassembling for a new year's work under the following officers: Mrs. J. W. Laird, president, Mrs. Will Powell, vice-president, Mrs. W. C. Bradley, Mrs. C. R. Byrom, treasurer, Miss Miriam Raby, reporter.

Lalla Rooka Martin Weds Ray Randell Ward In Single Ring Ceremony

Lalla Rooka Martin, daughter of Grover C. Martin of Gatesville and Ray Randell Ward, son of Walter T. Ward of Jacksonville, Texas were married at the home of the bride's parents at 5 o'clock Sunday with Rev. E. L. Craig performing the single ring ceremony.

The home was beautifully decorated with gladiolas and white carnations on the Mantel with a floor basket of palms. White tapers in candelabras lighted the room.

Miss Mammie Sue Halbrook played the wedding music, Bridal Chorus from Lohengrin and during the ceremony she played Liebestraum by Mendelson.

The bride was given in marriage by her father. She wore a dress of silver gray with white accessories. On her dress she wore a corsage of gardenias.

Mrs. John Thomas Dyche, sister of the bride, acted as maid of honor. She was dressed in dusty rose and black with a pink carnation corsage. Joel H. Ward, brother of the bride, of Longreen, was the best man. Earl Lasater of Broadway, North Carolina, acted as usher.

After the reception held in the home, the couple left for a short wedding trip. Mrs. J. D. Brown Jr. presided at the punchbowl.

The bride and groom both attended the University of Texas.

The groom only recently received his silver wings from the U. S. Air Corp.

Out of town guests were A. T. Jones of Hamilton and Mrs. Johnnie Johnston of Hamilton.

Brown-Thompson Nuptials Held May 31

Miss Gertrude Brown became the bride of Mr. Thompson of Comanche, May 31 at 7:30 at the home of Rev. W. G. Jackson who performed the ceremony.

Esteen Williams accompanied them.

Dear Friends:

Last Wednesday I had an opportunity to go with a special group of Congressmen and Army officers to visit the New York Port of Embarkation. It was an intensely interesting trip. I wish every American could be privileged to see our boys embarking for foreign service. I know of no way in which they would be more quickly impressed with the seriousness of this war unless it might be to visit our great base hospitals and see some of those who have returned. We ate breakfast with the troops at a camp out of New York. This camp is known as a "staging area". Boys come in here from all over the country. Here they are given final checks, both as to their physical condition and as to their equipment. They stay here only a short time (a few days or a week at the most). They are then sent to New York to actually embark. We stood in a hard rain to see two trains loaded with troops. Later we saw these boys load on ship at New York. Each man carries not only his regular equipment, including a rifle, blankets, canteen, eating equipment, clothes, overcoat, etc., but in addition a bag with such personal belongings as he wants to undertake to carry. Some of the boys undertake some mighty big loads.

The high point of the day was when we saw these boys actually marching onto the ship that was to take them across. I cannot give you the ship's name or destination nor the identity of the outfits that were loading but I can say that there were, as there always are wherever fighting is to be done, enough Texans to make you proud of the State. These boys went up to the ship without any kind of boisterous demonstration. They impressed me as men who had a job to do and who were determined to do it. There was no evidence of either fear or anticipation. In fact, the earnestness of these men convinced me that they will do their job thoroughly and be back home as soon as they can.

I know that the folks at home would be glad to know how well our boys are prepared and equipped. All of their clothing and equipment is checked and double-checked before they leave. If there is any defect, they are given new equipment. In like manner, the heavy equipment such as trucks, tanks, etc., is inspected and checked just before loading. This equipment is placed on freighters. (No, the transports that are used by the troops.) Much of it is ready to leave the ship fighting if necessary as it stands. That means that much of the motor equipment actually has gasoline in the tanks and live batteries in place. The magnitude of the operations at the New York Port are beyond imagination. The smoothness with which they run is a great tribute to the Army and Navy as well as to the merchant

fleets of the United States, Great Britain, Norway, and other allied nations. There is absolutely no congestion in the port or railroad yards as existed in the first World War. It is encouraging as well as inspiring to see what is being done. I wish particularly that every Member of Congress could have seen these troops embark before we vote on the Connally Labor Bill next week. I believe that if this could have been arranged, there would be no doubt of the passage of this bill.

In fact, I think that if the strikers and slackers in the Akron rubber factories and the Detroit tank factories could be forced to stand in the rain on a dark night and see thousands of brave Americans climb onto a ship to sail across a submarine infested ocean to fight to protect those very strikers, that even those men would remember the "no Strike" pledge that their unions had made and would go to work making the equipment needed by these boys without any legislation. Since it is impossible for them to see the sacrifices of our boys, and since it seems utterly impossible to these men realize that they too owe their country some sacrifice, and since it is perfectly evident that the "no strike" pledge that was given to the government by the union officials was either given in bad faith or the officials have no control over their members, it seems to me that the government must step in and require that the civilians in the factories stand behind the soldiers on the fighting fronts. Of course, the apologists for Mr. Lewis and the C. I. O. say that only a small percent of the people of any country are thieves, but those who are honest never complain about laws against theft. The unions said, "Let us handle the strike problem. We will see that there are no walk-outs for the duration of the war." In spite of Mr. Green's threat to defeat every Member of Congress who supports the Connally bill, the American Federation of Labor has so far a very good record, but the C. I. O. officials have completely failed in their efforts to prevent strikes, and the leaders of the United Mine Workers have actually ordered their members to violate their pledge. The Connally bill only seeks to enforce responsibility and to prevent the type of sabotage that the unions agree should be prevented. It will be voted on in the House next week.

Yours for Victory,
W. R. Poage.

BACK TO THIS?

Go back to boiled coffee and burned toast? Not if you keep your automatic toaster and electric percolator in tip-top shape! Just give them the proper care—use them but don't abuse them—and they'll last you for years!

POINTERS ON TOASTER CARE

- Keep toaster clean by wiping outside with damp cloth, using a mild abrasive powder if necessary. Heating element cleans itself when current is on.
- Use small soft brush for removing crumbs from base if toaster has no crumb tray. Never use a knife or fork in contact with heating elements as they are easily damaged.
- Never immerse toaster in water. Keep dripping rags away from heating elements and electrical connections.
- Do not put buttered bread or bread with cheese spread in toaster. Spread these on hot toast after it is made.
- Be careful not to drop your toaster. You may damage thermostat or heating elements.

TIPS ON PERCOLATOR CARE

- A clean percolator is the secret of good coffee. Wash inside with warm soapy water, rinse and dry. Wash out-

...not if you take good care of your

Table Appliances

side with damp cloth and mild scouring powder. Never immerse percolator in water.

- About once a week substitute a tablespoon of baking soda for coffee and percolate as though making coffee. This will get rid of rancid coffee oils that cling to metal.
- Always make sure you have put in water before connecting percolator. Otherwise you will blow out fuse in base of percolator.
- If you have a glass coffee maker with cloth filter, rinse filter cloth thoroughly after each using. Between usings keep cloth in glass of cold water.
- Guard against dropping glass coffee maker bowls. Do not let cold water come in contact with hot bowls.

J. B. Roach, formerly head of the AAA office has been released from the U. S. Army, where he

has been for several months, with a CDD, which he received on account of an injured foot and knee while in school at A&M. Mr. Roach will resume his position at the AAA office immediately.

Pvt. Thomas W. Veazey, son of Sol Veazey of Rt. 1, Gatesville, has completed his course as an aviation mechanic, and will be sent to some base as a member of the "ground forces" that keep 'em Flying".

Leo N. Fetner, 18, honor student and star athlete at Pearl High School from '40 to '42, has been sworn into the Army in Dallas as a volunteer for pre-aviation cadet training.

Fetner won a class scholarship medal in '41, a boxing medal in '42, and lettered in football and basketball in '40, '41 and '42.

Since leaving school he has been employed at Camp Hood as a carpenter and repairman. He is son of Mrs. Dolly Keeton of Pearl.

S/Sgt. Thomas W. Copeland, stationed somewhere in Australia is son of Mr. and Mrs. Lee Copeland of Seattle, writes his parents as follows:

Dear Mother & Dad:
Received your letters, that were written the 9th and 16th of Feb. I sure was glad to hear from you. You said, "Abner said he was going to write me." I haven't heard from him since I came over. I had begun to think that he had come over too.

Moher, I am doing just fine. We are working six and a half days a week. We had another stage show last night here in Camp. We have a show like that once a month, and a movie every night. The actors of the stage shows are all civilians. They sure are good actors.

These people over here sure are friendly. I guess you hear a lot about the way they treat us. They really treat us nice. All of the people will ask what state you're from, and when I told them Texas, they wanted to know if the people still carried guns. They think they have outlaws in Texas. They can ask some of the darndest questions you ever heard. You said you went to see Winifred and Olin. I sure would like to see Carlyn. I haven't heard from Uncle Roy and family in about 3 or 4 months. Have they been visiting. Maybe I haven't been getting all of my mail, but I get all of your letters.

I got the good old Coryell County News yesterday that you sent me. I sure was proud to get it. Send me some more.

NEWS

FROM

North Camp Hood

Composed of 69 men, the 31st officer candidate class was graduated at 11 o'clock Friday morning at exercises held in the War Department theatre at 24th street and Battalion avenue in South Camp Hood. They were of the Tank Destroyer School.

Brig. Gen. H. F. Thompson, commander of the BUTC addressed the class, and Brig. Gen. H. T. Mayberry, TD school commandant presented commissions and certificates to the graduates.

The 42nd OCS has been registered and instruction for the 60 candidates started Monday with an address by Major William B. Anderson of the academic section of the OCS regiment.

Twenty-seven states are represented, one fifth being from California. Fourteen are ROTC candidates; 41 from Tank Destroyer units, and the remaining five were distributed between the coast artillery, cavalry, engineers and tank units.

Japanese Americans Learn Dairy Farming

Irrigation farmers, orchardists, and high school students who were evacuated from the Pacific Coast region because of their Japanese ancestry, take vocational training to prepare themselves for jobs on Middle Western farms. The training is given at the relocation centers. Eligible persons will be permitted to leave the centers and resettle on farms and in cities to resume normal lives.

AMERICAN HEROES

BY LEFF

Norman Epstein knew that after wounding a man the Japs around Sanananda were watching their fire, using the injured soldier for bait until unarmed. That's what he did. He crept out to rescue wounded comrades until at last the Japs got him. "That kid was the best," his commander said of determined little Hymie Epstein. Are you buying War Bonds as determinedly?
