Baptists Complete Program For Youth Encampment

Mrs. Hugo Haase, president of the Associational WMU of the Leon River Baptist association, with Mrs. Vernon Ray, Young People's director, have complete plans and have the printed program for the Youth Encampment to be held at Pecan Grove Camp, 10 miles east of Gatesville, July 5-8.

Mrs. Otis Chambers, meal supervisor, announces plans are complete for feeding 200 each meal for the four days. Due to a recent OPA announcement, ample foods may be secured for camps and youth meetings.

Outstanding Speakers

Miss Blanch Groves, 22 years missionary to China, and recently from the Jap internment camps, coming home on the Gripsholms, will teach the Women's book on China. She is recognized by the Southern Baptists as one of their outstanding missionaries. Dr. R. S. Jones, Western Representative of the Foreign Mission Board, of Richmond, will speak three times. He has been a missionary in China for 18 years.

Tuesday evening, July 6, a Coronation service will be held, directed by Mrs. R. L. Mathis of Dallas, young people's Director for Texas. Mrs. Juliette Mather, Southwide youth leader of Birmingham, Ala., will speak. At the Coronation service the forward steps will be recognized by several juniors and intermediates who have attained the ranks of awards as outlined by the WMU of the South. Gwendolyn Hayes, daughter of Rev. and Mrs. Lawrence Hayes will be crowned Queen with septer.

Farmers May Use Prisoners Of War For Farm Work

Farmers living near Camp Hood who want to employ prisoners of war interned at the camp may do so by contacting Mjr. G. C. McGown, commanding officer of the internment camp at North Camp Hood, it has been announced by Lt. Col. Daniel R. Byrd, chief of the Aliens and Prisoners of War Branch of the Eighth Service Command.

Major McGown is authorized to negotiate a contract on behalf of the War Department, so that war prisoners may work on farms where free labor is scarce.

Farmers applying for prisoner labor must anticipate their wants as their contracts must be made out in advance, with specifications as to the number of prisoners wanted and the days they are to work.

Not less than 15 prisoners are to be sent out at one time to a farm, since a smaller number would necessitate too many guard details. Three guards will be sent with a group of 15.

Farmers eligible for the service of the prisoners are those living within 30 miles of the internment camp at North Camp Hood, since it is not practicable, according to Col. Byrd, to transport them further from the camp.

Farmers are to furnish transportation, by truck or bus, except in cases where a small number of prisoners are sent out and the camp can supply transportation and be reimbursed by the farmer.

Feeding the men, as well as guarding them, is the responsibility of the internment camp. Food is prepared and served by prisoners of war labor.

The employer pays the prevailing wages for free labor, less a deduction to adjust for the lower efficiency of prison labor. In no case is the amount paid by the employer to be less than 80 cents a day, plus the cost of an Army ration, which is currently 64 cents and the transportation, furnished or paid for.

Prisoners in camps under the jurisdiction of the Eighth Service Command headquarters at Dallas are already engaged in several kinds of work, including clearing of reservoir land in Oklahoma, building roads, building drainage ditches for mosquito control, and clearing military reservations and farms of brush and timber.

The Geneva convention on the treatment of prisoners provides that their labor may be used for purely non-military purposes, and that the type work done may not be dangerous or degrading.

COUNTY BOARD ANNOUNCEMENT

County board will meet Tuesday June 22 at 2 o'clock for it's regular monthly meeting in the Court House.

R. R. Patterson Capt., USAF Is Here From "Over"

Capt. R. R. Patterson, son of Mr. and Mrs. J. M. Patterson of near White Hall, is visiting here briefly, after flying home from the Tunisian and North African battlefront.

Captain Patterson has seen action in eastern Europe, flying from England, and on the Tunisian front. He has won the Silver Star, Distinguished Flying Cross, and Air Medal with two Oak Leaf Clusters, all of which assures you "he's been around".

He's too modest, or too well censored, tho, and wouldn't talk much. We're going to find a lot of those boys who get in the action to be really reserved when they return home. We believe they want to forget.

Captain Patterson has made stops, to and from Europe via air in Iceland, Greenland and Ireland. His is a brother of Pete Patterson of Gatesville and has one or two more brothers in the service.

Capt. Patterson is with a bombardment squadron and has had three bombers shot out from under him in action over the war area.

He said yesterday, what was most needed by Soldiers over there were American swing phonograph records. European and African records are used, but no one can understand them, and they don't fit the ear too well. Also, as a surprise to many, don't send shaving outfits. Razor blades are O. K., but the country is covered with fancy shaving kits, he said.

FORMER "WRITER" FOR DES MOINES REGISTER VISITS US

Sgt. J. H. Howard, formerly copywriter for The Des Moines Register was a recent visitor to the News office. Sgt. Howard was also in the Public Relations department of Montgomery Ward Co., in Chicago.

His home is at Clemons, Ia., and he is now stationed with the 18th TD Group at North Camp Hood.

They just can't stay out of a newspaper office, and we are glad of it, we really like to talk to them all, and if we could arrange it with the Army, and find some way to finance it, we'd like to have a Coryell County Con-

Action On Home Front Picked Up: Laws Busy

Minor stuff, mostly, with the probable headliner for the week was the conviction in County court of two for bootlegging, and one man tried on two cases, was acquitted in one and got a year in jail on the other. That was Jack Williams.

A. J. Kimmons, colored, got 90 days* on a similar charge.

Recovered cars included Slim Bonds which was picked up in Ft. Worth. The car was taken Sunday and picked up Monday in Cowtown.

The other recovery was a car taken in Waco, which was picked up here and returned to Waco.

Sheriff Joe White, Highwaymen Ed Majors, the Sheriff and Deputy Sheriff of McLennan County and another man picked up Lupe Arenas, 33, in Moody after a two day and night search with other officers. Arenas, with Joe Salnas, 24, are charged with criminal assault on a 13-year-old Clifton girl, and complaints were filed Wednesday in justice court at Valley Mills officials at Meridian said.

The girl was kidnapped as she was walking home from a Clifton theatre Monday night, carried toward Meridian and attacked by one of the men. The men then drove back to near Valley Mills where the same man is alleged to have attacked her again. Officers said the second suspect did not take part in the actual assault. The girl gave a description of the car and the license number. The car is alleged to have been stolen. Both men are sheep sharers who had moved near Moody from Ogleby. They are held in McLennan county jail because an officer at Meridian said Wednesday "it might not be healthy for them over here".

NCH Private Nabs Two Nazis: 11 Weeks In Army

Pvt. Asa F. Warford, in his 11th week of training at the RTC at North Camp Hood was commended recently by Col. Walter A. Dumas, Commanding Officer of the RTC for his part in apprehending two of the 7 German prisoners of war who escaped from the camp.

"Awash amidship!" "Sparks," the radio operator, has sent his final message from another U-boat victim. The lifeboats are pulling away from the doomed vessel as millions of dollars' worth of food, supplies and munitions settle to the ocean bottom in another allied catastrophe in the Battle of the Atlantic.

Millions of dollars' worth of material that was paid for by the dollars we saved and invested in War Bonds. Thousands of man hours have been lost.

We can have but one answer: work harder, save more and invest more frequently in War Bonds.

Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Pfc. Albert L. Featherston, son of J. W. Featherston of Gatesville has graduated from a course in airplane mechanics at Sheppard Field, and soon will be assigned to maintain fighting ships.

Pvt. Robert E. Cross, son of R. B. Cross of 109 N. Lutterloh, Gatesville has arrived at the Armored Force Replacement Training Center at Ft. Knox, Ky., for three months of rigorous basic training.

A novel V-Mail letter came to Mrs. D. G. Cantrell of Tama Star, dated April 28, as a Mother's Day Greeting. On the letter was a picture of a Camel and a U. S. Tent with cactus surrounding, and feet visible while someone was napping in the tent.

The letter reads: "Dear Mom: I'm here in the land where the Arabs roam. I wish I was back home. Your son".

The card war from Pfc. Vernon Cantrell, attached to a medical Detachment, somewhere, of

course, in North Africa.

Cpl. Billy C. Roebuck, is with Co. M., 351st Infantry at Shreveport, La.

Here's another letter from Junction City, Kans., which has a Municipal Social Center, something like the proposed, and probably opposed Community House here. The letter is from Pvt. Cecil E. Moore, stationed at Ft. Riley, Kans.

"Dear Mat: Here I am with another letter. I hope you do not get tired of publishing them. It is sure good to read some of the other boys letters who write. I have found out lots of my best friends addresses by looking in the Coryell County News. I sure like it to. Dear Folks and Friends: (He continues)

Here I am still in Kans. It is O.K. up here, but is a little warm. You all can say it gets hot in Texas, but it does not get hot there. If you were in Kans. you

would say the same. It's hot up here.

It sure does believe in raining up here too. We got a large rain Thursday night and Friday. The Rep. river got up to our barracks. That was too close for me. It is still out of banks.

I guess the crops are looking good down there. I don't guess there are too many crops on account of the labor. I know my Dad is having a hard time trying to farm.

I met one of those Coryell Co. boys the other day. I sure was glad to see him. I am sure you know him and his name was Alvin Fleming. I knew him before he came to the Army. I was proud to see him, and just got to talk to him a minute. He was coming in from Mineral Wells. There isn't much news up here, so I will close for this time. You all be sure and keep Coryell Co., going and we will keep those Japs going.

Adios,
Pvt. Cecil E. Moore.
Troop S. 2nd Trng. Reg.
Brks. 1, CRTC, Ft. Riley, Kans.

Pvt. Pete Martin of Santa Rosa Army Airdrome, Santa Rosa, Cal. is visiting relatives and other friends here.

Ensign Hazen Ward of the U.S. Navy, is here enroute to an unidentified assignment on the East Coast of the United States after

some four months in and around Guadalcanal and other "points west".

Here's a letter from Milton Kiger, now up at Seattle, Wash. He writes:

"Dear Mat: I guess you will be surprised to hear from me. I am writing you to let you know I have been transferred. I don't know how long I will be here for sure, but I wish you would please send my paper to this address. I really do enjoy receiving the Coryell Co. News. I look forward to receiving it each issue, so I can find out what the news is in dear O'le Gatesville. Gee, but how I wish I could be back there and see all of my friends and relatives. A person don't know how he appreciates a lot of things until he has to give them up. Well, Mat, take it easy. Guess business is good.

Your friend,
Milton Kiger.
Yes, it's good, business, all but the advertising, and that's why the paper has dropped from 12's and 16's to 4's and 8's. Help isn't too easy, right now, either. Ask anyone trying to "stay in".

IN OUR

A little brief, but it tells a lot from Mr. and Mrs. Curtis Sims who are in New York City "rubbernecking". Mrs. Sims, the former Miss Bernice Gamblin says: "Having swell time seeing sights".

We got hold of a real "I-hate-you-letter". Well, it's not exactly that, but the little Italian girl who wrote it is slightly incensed. She's mad at the News, the town, Texas, just about everything. We don't think she's so mad, but just misunderstands. She's been here a year, and ought to be "acclimated" by now. Unfortunately, she didn't sign her name, so we don't think it well to publish letters with out names. We don't mind a bit publishing the letter "over her signature" and we're not a bit mad at what she wrote. In fact, we want to see her, and have a chat with her as we think she and we can get along famously if we'll just "talk it out". Come one in, Mrs. Anonymous. We'll be pleased to talk with you, and you won't be censored, upbraided, insulted, or anything.

Also, we got a card from a little Texas girl who's visiting her soldier-husband's home in Pennsylvania. She writes this way: "Hello Gang!! (Writing to the News). She works here and has gone on a furlough with friend husband, who is in the Army band at North Camp Hood. Gee, wish you all were here. We are having a swell time. Was that train ride terrific! Will write again later, Love, Tommy & Sammy." Sammy's been here over a year, and has just about gone "Texas", found a nice little girl down here, and now she's his Mrs., Well after all, folks, it's the same old USA, whether it's Texas, Pennsylvania, Arkansas, California, or where-have you.

"QUEEN OF CAMP HOOD" TO BE CHOSEN JULY 1

A Queen of Camp Hood will be selected by the soldiers at the Tank Destroyer Center, July 1, at a dance to be given at the camp in honor of girls who have been attending Special Services dances.

Groups of girls from Lampasas, Gatesville, Belton, Temple, Georgetown, Cameron and McGregor have been attending Thursday evening dances for the Tank Destroyers since early October, and each group will be asked to select a candidate. Nominees will come, also, from the civilian girls working at the camp, and the 159th WAAC Headquarters Co.

Selections will be made by the Camp Hood Queen at the dance, to be held at 8:30 p. m. in the field house, by popular applause. Then there will be a grand march with the queen, the escort she chooses, and her attendants, in the lead.

About 200 girls are expected to attend the 4th of July "Holiday" dance, which is to be sponsored by the 37th Street Service Club, where the weekly dances have been held.

Many of the girls have come to Camp Hood gathering under the auspices of the USO, or the GSO. In some towns, special groups have been organized such as the Victorettes at Belton, the Hoodettes at Temple and the Pantherettes at McGregor.

34th OCS Graduation

Lt. Col. William R. Brown, operations officer of the Tank Destroyer school, will be the speaker at the 34th Officer Candidate School graduation exercises at 11 a. m. today.

The ceremonies will be held at the 24th Street Theatre and commissions will be awarded by Major John W. Rollins, school secretary. The public is invited.

New S. Hood Water Supply

Within 90 days, Camp Hood will make a complete change-over in the source of its water supply, Col. Homer G. Olmsted, Camp Engineer, announces.

Previously, the water for the South camp has come from six wells. When the new filtering plant now under construction is completed, it will come largely from the Lampasas River, south of camp.

The new plant will have a capacity of 4,000,000 gallons daily, and with the production of the six wells which will be held in reserve, a total capacity of 8,000,000 gallons of water a day can be attained.

**Miss Joy Lawson Dumas Wed
Captain Stokes, In Ceremony Sat.**

**Daughter Of RTC Commander
Married To Hood Officer In
Candlelight Ceremony Saturday
In North Camp Central Chapel**

Miss Joy Lawson Dumas, daughter of Col. Walter Alexander Dumas, commanding officer of the RTC, North Camp Hood, and Mrs. Dumas, was married Saturday, June 12, to Capt. John Bispham Stokes, Jr., of Camp Hood, son of Mr. and Mrs. J. Bispham Stokes of Morristown, N. J.

The double-ring ceremony was held by candlelight at the Central chapel, North Camp Hood, in a setting of white gladioli, calla lilies, white tapers, and banked greens. A color guard stood on either side of the altar.

Miss Marie Houston, accompanied by the organ, sang "At Dawn-

MRS. JOHN BISPHAM STOKES

ing" and "I Love You Truly" before the ceremony.

The bride, given in marriage by her father, wore a gown of white marquisette with a full train edged with ruffles of marquisette and lace. Her four-tiered tulle veil fell from a cap of old convent lace. Her only jewelry was a pearl pin, gift of the bridegroom. She carried a lace handkerchief which is a family heirloom and a spray of stephanotis and white orchids. Her attendants, Mrs. Philip Cole, matron of honor, Miss Darleen Millard, maid of honor, Miss Linnell Bruce and Miss Jene McChrystal, bridesmaids, were gowned similarly in turquoise marquisette dresses trimmed with bands of matching lace. Their tiny caps were of turquoise net trimmed with a spray of American beauty roses. They carried bouquets of American Beauty roses with satin streamers of the same color.

Miss Millard is the daughter of Col. and Mrs. W. W. Millard, who were maid of honor and best man for Col. and Mrs. Dumas.

Capt. Benjamin W. Secrist served Captain Stokes as best man. The groomsmen were Capt. Allen W. Rodeheffer, Capt. John A. Miller, and Lieut. William E. Wilkins, II, and the ushers were Major James S. Lunn, Capt. Temple B. Sebastian, Capt. Phillip M. Sleat, and Lieut. Donald M. Mayborn.

The officers wore white uniforms with sabers. Logan Bruce and Billy Cloud served as altar boys, lighting the tapers before the ceremony.

Rev. Garland Shell of the Grace Presbyterian church, Temple officiated at the service, assisted by Chaplain Thomas H. Talbot and Chaplain John S. Neal of the RTC.

The ceremony was conducted in true military tradition, and at the conclusion the bride and bridegroom left the church under an arch of steel formed by the groomsmen and ushers. They later rode in a halftrack escorted by military police.

Mrs. Dumas, the bride's mother, wore a gown of Alice blue chiffon and lace with a tiny matching hat trimmed with darker blue flowers. Her corsage was of purple orchids. The bridegroom's mother was dressed in a gray chiffon with a hat of gray straw. She also wore purple orchids.

The reception was held at the RTC Officers' club which was decorated with banked greens, white gladioli, and all the colors and guidons of the RTC. A buffet supper was served to the guests, and punch was served from cut ice bowls. Close friends of Col. and Mrs. Dumas assisted with the bride's book, cutting the cake, and at the punch bowls.

Capt. and Mrs. Stokes were assisted in the receiving line by Col.

and Mrs. Dumas, Mr. and Mrs. Stokes, and the bride's attendants. Before cutting the wedding cake, the bride groom stood together beneath crossed sabers to boast each other, their families, and friends. Mrs. Stokes then cut the three-tiered white cake with the same saber which her parents had used at their wedding.

Mrs. Stokes' traveling suit was a Letty Lee original of brown butcher linen trimmed with white eyelet and a matching hat. Her accessories were of white linen and her corsage of white orchids.

Out-of-town guests included Mr. and Mrs. Stokes, Sr., Mrs. Sidney Longmaid, sister of the bridegroom, Mrs. Harry Carlot and Mrs. R. C. Heflebower, aunts of the bride, Mrs. J. T. Zellars, Mrs. W. W. Millard, Miss Jo Ann Millard, and Stanley Cumberpatch.

WATCH THE QUALITY OF YOUR SUMMER EGGS

Prices of eggs are still high enough to justify producers to take the trouble to properly manage the poultry flock and the eggs produced.

Attention at this time of year should be given to the proper handling of eggs in order to preserve the quality. The government classification of eggs as far as the average producer is concerned are: Grade AA, A, B, C, U.S. Light Dirty, U.S. Dirty, U.S. Check and U.S. Leaker.

The highest quality eggs bring 38 cents and the lowest quality may not be saleable.

A few points worth remembering by egg producers are:

1. Gather eggs often.
2. Don't put eggs still warm into egg crates.
3. Place eggs freshly gathered in a wire basket and put in cellar or other place where temperature is below 64.
4. Clean eggs with steel wool or sand paper—don't use water

to clean eggs.

5. A grade A eggs with stains on the surface makes it a U. S. Light Dirty and a grade A egg with loose dirt becomes a U. S. dirty.

6. A grade A egg with a crack in the shell is worth 14 cents less because of the crack.

Egg producers interested in building a three deck coolerator as recommended by Geo. McCarthy, Poultry Specialist, should write or see the County Agricultural Agent for plans. This is useful in lowering the temperature of eggs before storing.

By all means get roosters off the yard during the summer.

Let's raise the standard of Coryell County eggs by gathering eggs twice a day and keeping them cool and clean.

Dear Friends:

Congress has at last answered the challenge of John L. Lewis and all of those who contend that any group of our citizens is or should be above or beyond the law. Two generations ago the railroads insisted that they were bigger than the Government. Jim Hogg and John H. Reagan finally forced them to recognize the right of the people of Texas. The railroads are now loaded down with regulations, but it has taken fifty years for them to regain the public confidence. More recently the utilities and their holding companies sought to exploit the people of America with utter disregard for rights of the public. They resisted, and in many cases are still resisting the right of the Government to protect the people but we have in large measure brought their operations under the control of law. Most people now agree that the public has the right to require of utility companies. Only the labor unions have remained beyond the reach of the law.

For many years the public looked with sympathy on the development of powerful unions. We sought to give to labor just as favorable position as we had given capital. In that equality and opportunity we still believe, but with power and opportunity goes responsibility. Organized labor has been given tremendous power. Certain elements of organized labor grossly abused that power even to the extent of jeopardizing the very lives of our soldiers and sailors. They have asked the Government to give them power. Now they deny the right of the Government to make them responsible to the public for the use of this power. Fair and honest regulations don't hurt fair and honest business, and neither do fair and honest regulations of labor unions reflect on honest and patriotic laboring men. Nevertheless, we continue to get threats of defeat for any Congressman who votes for the Connally-Smith Bill and claims that this bill would destroy the right of laboring men to organize. This is absolutely false. The bill imposes no hardship of any kind or any man or union that is trying to promote our war effort. I have written to many of those who communicated

with me against this legislation and have asked them to point out just how this legislation would injure them. Not one person has even tried to show that it would harm him personally. I have, therefore, just voted with the 219 to 129 majority for the conference report on this bill. The conference report contained most of the desirable provisions of both the House and the Senate Bills. I am hopeful that before night the Senate will have accepted the report. I think that the final passage of this bill will be a milestone in our Nation's history. It will mean that just as the American people of a generation ago determined that "big business" was not going to control our Government, the American people of today are not going to let "big labor unions" control the Government. The American Government must always recognize and protect the rights of both business and labor, but it can never allow either business or labor to defy the Government. Today's vote proves that the United States Government is still bigger than John L. Lewis.

The next show-down at the home front is likely to be with the OPA. There is a determined effort on the part of the theorists to roll back all agricultural prices and to then try to make up the difference to the producers by a system of subsidies or direct government payments. Congress has on many occasions expressed its opposition to this indirect method. It seems that there is little to be gained by using tax money to reduce the price of meat or butter, or other food products. The people will have to make up just as much in taxes as they would otherwise pay in price. The subsidies only provide jobs for a whole army of government employees and confuse both the consumer and the producer. This confusion and uncertainty inevitably end to discourage production and that is a thing we simply can't afford. I am so convinced that we are going to face a real shortage of food next winter that I want to urge every person in the 11th District to can, dry and otherwise preserve every possible pound of food this summer. As I have often pointed out, the only way to increase food production as a

whole is to assure the farmers a fair price for what they produce and to make it possible for them to get the help, machinery, and equipment they need.

In this connection, the WPB has today announced a change in regulations that will hereafter allow a farmer to buy up to \$25. worth of supplies by filing a simple statement with his dealer that the supplies are to be used on the farm. The dealer may then sell the supplies to the farmer without any certificate and then use the farmer's statement to replace his stock. This will enable farmers to buy all kinds of farm tools, nails, staples, pipe, hardware, etc., up to \$25. in value without the red tape of getting a certificate or priority. It is most encouraging to see one of these agencies adopt a simplified regulation. It should help.

SERVICE MAGAZINE HAS STRANGE ADMIRERS—A copy of "Yank", the American Army weekly, found its way to the distant Fiji Islands. Here a Fijian chief and his family view its pictures with interest ranging from the patriarch's critical study to outright amusement among the younger members of the group.

LEGION DRIVE NETS \$60.65 PLUS FOR CIGARETTE FUND

The drive by the Knox Curtis Post of the American Legion for money for cigarettes for overseas men, according to Carl McClenon netted \$60.65, and more money in bottles placed at various places still to be counted.

Restaurant Man Makes Nice Gesture

The Elite Cafe, the 17th, gave away every coffee order during the day, and put the money in the bottle for this fund. We think this cafe, and the proprietor, Gus Theodore, certainly should be commended for this nice gesture. Thanks, Gus!

That money you donate to this fund, you might like to know, 50c will buy a carton of cigarettes, and O. L. Fowler, says this drive is "never going to end until the war's over or 6 months afterwards".

So, when you're just throwing a little money away (as we know you are), throw a little in the Legion milk bottles for the overseas cigarette fund, sponsored by the Legion.
