Here is the text of the broadcast (what Cpl. King said):
"Hello Mother and Daddy. This is Tony speaking from Yokohama, Japan. I am well and in good health. I hope you are the same. I was brought here last November. Have received no letters from home, but have written three. Hope you have received them. Give my love to Jimmy, Beth and Molly and remember me to my friends. I'm looking forward to the day when I will see you all again. Cpl. George (Tony) King, United States Army."

After the portion addressed to his parents, Cpl. King continued making the entire broadcast and sent greetings to other prisoner's parents and relatives in the states.
Cpl. King was in an Army Band at Bataan and Corregidor, and has been a prisoner since the fall of the Philippine Islands.

Here is a letter from Pvt. Pat N. Hollingsworth, to his wife. He is stationed somewhere in the South Pacific and wants to hear from his friends.

HUDDLESTON SAYS LET STATE BOYS HELP FARMERS

Representative Earl Huddleston in a letter to the News suggests that boys of the Gatesville School for Boys be used to alleviate the farm labor shortage in this section.

His letter follows: "I have had quite a few citizens of this section within the last few weeks to ask that I do all possible to secure the help of The State Boys at Gatesville in assisting farmers to gather crops.

"I think this is a wise thing to do and have called on Governor and State Board of Control to try to work out a plan to this end. We all know that farm help is scarce because of the war. Our boys and men are giving their best in the service and citizens here at home are doing the same so I can't see any good reason why these boys should not be permitted to do this. I sincerely hope that we can all work out a plan where by this can be done at once and will do everything possible to assist in the matter.

Respectfully,
EARL HUDDLESTON
Rep. 94th District.

Misses Myrtle Weneborn and Hazel Walters spent the week end in Fort Worth.

Pvt. Walter King, who is in the Air Corp, is here visiting his wife and other relatives.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Aviation Radioman 3/c Clyde Boyd of the U. S. Navy is visiting his parents, Mr. and Mrs. F. J. Boyd. When he first came home, he saw a picture of his brother, Cpl. Wayne H. Boyd, who was pictured in the News in Africa with T/Sgt. Loyd Ivy and Cpl. Chas. E. Vandiver. Boyd's ship a cruiser has returned from the Solomon Island vicinity and he's been in the U. S. Navy nearly 3 years, 10 months or more of that time in the Far East Battle Zones.

Mr. and Mrs. R. W. Flentge, have this letter from Major H. H. Tate, who's in North Africa for the second time, as you'll see from the letter. Major Tate stayed with the Flentge's while in Camp Hood, or in the OOC here.

"My Dear folks: I was indeed very glad to get your letter some time ago dated about 4-11. Sorry I haven't had a chance to write you sooner, but we here in N. Africa have been very busy as you perhaps know from reading the newspaper optimistic over our victory of a

counts. I hope you don't get too week or so ago. We still have a long hard bloody road ahead, with plenty of sweat and tears. Our job has barely begun. Poppies are blooming over the countryside—reminds me of Flanders fields in the last war—I don't like poppies—prefer bluebonnets. It's what they cover up—our pals and buddies—men who gave their all. So long as our luck holds out we are going to continue to do our duty and when one comes over with our name on it we will then be able to meet the hereafter with honor and pride.

We just hear of John L. Lewis' coal strike—with they could come walk thru the valley of the shadow with us once—maybe they wouldn't strike—naturally, we feel bitter towards them letting us down like this.

I sincerely hope both of you are getting along all right—that your health is fine and that you are getting a little pleasure out of life along with your work.

I'm so proud to get your letters. They help us so much. Gets very lonely here. And if my luck holds

out I hope someday to visit you when this is over.

In the meantime write me when ever you get a chance.

With the best of wishes,
Sincerely, Maj. Tate.

Note: You see, it's not only the enlisted men, those that a lot of people think they can not pay any attention to, but, the officers as well, that are not going to have any use for John L. Lewis, his chowd, and his protectors when they get back. Maybe, it'd be a bad idea (for the present administration) if the soldiers were allowed to vote. They might vote it out. Could be, Too, you'll note even the old Major likes letters, so, what can you expect a lonely private to want. Better write that boy right now.

2nd Lt. Thomas Miller of Flat, 19, has been promoted to 1st Lt. as Group Training Officer at the Army Air Forces Training Command at Fresno, Calif. He is a son of Mr. and Mrs. E. F. Miller, now of Lubbock.

Here's a letter from J. L. Guiseldrecht, C.M. 3/c, who is somewhere in the Pacific, written to Mrs. Tom Young of this city.

August 11, 1943

Dear Friend:
I received your card and was

very glad to get it, and to know that even though I am many miles away that I still have friends on the home front that think of me.

I received a letter from home, and they sent me a clipping of Novel and Wade, they are both looking swell and I know that you are proud of them, I wrote Novel but never heard from him. I don't know whether he received my letter or not.

Mrs. Young, what ship is Waffle on? Will you please send me his address and if I ever come in contact with that ship, I will look him up. I guess that Novel will have the same job for the duration. Tell him not to get discouraged, for if he transfers from there he will be sorry.

I have been gone six months and it seems like a year, but if this is what it takes we can give it to them, and it makes us feel good to know that we have people back home to back us up.

I have to sign off and try to get some sleep. Thanks again for the card and I will try to answer all letters.

Your friend, "Lefty".

POSTER CONTEST UNCOVERS POET WAR WORKER

DARE YOU SAY OR THINK YOU DO NOT FEEL THE BURST THAT HAS PIERCED THE FLESH OF HIM WHO FOUGHT SO GALLANTLY WITH FIERY ZEAL AND WHO IS THINKING NOT OF LOSS OF LIFE OR LIMB?

DARE YOU DINK TO THOSE WHO ENTER HELL FOR WAR IS HELL FOR ALL OUR FIGHTING CREW. IN HOURS OF SICKING ON YOUR JOB? THINK WELL FOR IF YOU DARE THEN WE ARE LOST... AND YOU...

Cop., 1943 General Cable Corporation.

General Cable Corporation recently conducted a poster title contest among its 12,000 workers in all plants of the corporation. The committee has selected, from more than 1,800 entries, a poem by William S. Porter, a Post Amboy, New Jersey, plant employee of the company, as the winning entry and has awarded him a prize of \$100 war bond. The poster, on which two stanzas of Porter's poem will appear, was designed by O. O. Beall, who is conducting a series of covers for the company's Maritime Department. The poster was officially unveiled at the company's Maritime ceremonies held at its Emery-

ville, California, plant and will be posted in all plants and offices of General Cable. In commenting upon his company's war poster program, Dwight R. G. Palmer, President of General Cable, said: "We feel one of the important wartime functions of management is to promote among its co-workers a feeling of kinship in the war effort. Experience has taught us that intelligent workers receive inspirational and provide a increased effort on the part of workers." General Cable depends upon the cooperation of its workers.

FROM

Camp Hood

The millions of letters delivered monthly to Camp Hood soldiers are now coming through a new post office.

The new structure, built in the

form of a "U", has approximately 14,000 square feet of space, about twice as much as the old portoffice last year next to camp headquarters. It is located at 277th Street and Spur Drive, where direct loading and unloading from railway mail cars is now possible.

The building is one of the largest Army post offices in the United States, and will continue to serve as the central office for all mail entering and leaving camp, said Lt. H. P. Grounds, camp postal officer.

Approximately six million pieces of first class mail, 118,000 parcels and 13,500 registered letters were handled during July, a comparatively light month. This is roughly twice the amount of mail clearing the office eight months ago. An Army post such as Camp Hood has a quantity of mail about three times that of a city with the same population, he estimates.

"See responsibility, don't shirk it", Col. P. C. Hains, III, G-3,

Tank Destroyer Center, told members of the 42nd class of the Tank Destroyer officer candidate school at graduation ceremonies held Friday at the 24th Street Theater.

Brig. Gen. H. T. Mayberry, school commandant, presented the commissions and certificates to the new lieutenants.

WAACs at North Camp Hood joined those at Camp Hood as members of the Woman's Army Corps this week in ceremonies attended by Brig. Gen. Walter A. Dumas, commanding general of the Replacement Training Center, and Lt. Col. Donald R. Dunkle, executive officer of the camp.

General Dumas, on the first day of his 27th year in the Army, administered the oath enlisting the women, welcomed them in a brief speech, and recalled the day was also the anniversary of Colonel Dunkl's 27th year in the Army. A review followed, with the First Tank Destroyer band participating. Capt. Margaret M. Phillips, commanding officer of the detachment of WAACs, and Lieut. Elizabeth L. Flanagan, former commanding officer, took part in the review.

Walter filtration, waterworks operation, sanitary sewers and sewage disposal are topics being considered during a two-week school for 30 civilian employees of the Camp Hood water plant and sewage disposal plant.

W. A. Bandy representing the state health department, is conducting the class. Major Paul Fox chief engineer of the Eighth Service Command, was among the first speakers. Col. C. M. Thirkeld, camp commander will speak Friday night at the concluding session.

"A photograph tells the story," and last month a total of 60,000 men was reached by the visual aids section of the Tank Destroyer School operations department, of which reported 568 classes viewing 360 different films.

Under direction of Master Sgt. L. O. Tanguay, the department practically every type of projec-

tion machine. A library including the latest training films, as well as slides prepared by instructors for particular problems, is also maintained.

A review of more than 6,000 officers and enlisted men of the Tank Destroyer School was held this week in honor of Capt Ernest C. Hatfield, former aide to Major Gen. Orlando Ward and now assigned to the Tactics Department of the School.

Captain Hatfield received the Silver Star for gallantry in action on March 25, at Djebel-Naemia, Tunisia, when he dressed a badly wounded man under machine gun fire, encouraged men to advance under fire, and was the only officer to reach the top of Djebel-Naemia in an assault on that objective.

The award was made by Gen. Ward, commanding general of the Tank Destroyer Center.

Performing at Camp Hood this week was the 45-member Houston Symphony orchestra, directed by Ernest Hoffman. The group presented a concert Monday night at North Camp Hood and Tuesday night, in the field house at Camp Hood.

Guests at a party given by the 41st officer candidate class of the Tank Destroyer School were Eric Blore and Ann Savage, of Hollywood. The event marked the end of the candidates' careers as enlisted men, since graduation exercises were held the next day.

Under new bus schedules which went into effect Tuesday, transportation in all directions, in and out of Camp Hood, will be faster.

The Central Bus stations in the two camps are now terminals for all shuttle busses in the camps and those going outside. Buses that heretofore have been loading at Killeen will go to the Central Bus Station. Buses from North Camp will operate between the two Central Bus Stations and not go to Killeen.

A group of officers stationed at Camp Hood who are Master Masons met at the camp last week to form a Camp Hood Chapter, National Sojourners.

About 40 officers requested memberships at the meeting in the 50th Street Officers' Club, and it was voted that meetings will be held the first Monday of each month at Camp Hood and North Camp Hood, alternately.

Twenty-four thousand soldiers—the largest number ever assembled at one time at Camp Hood—heard three men discuss the need for winning the peace as well as the war, during the National Conference of Christians and Jews held at Camp Hood this week.

In all, approximately 65,000 Tank Destroyer soldiers attended the conferences, held at various times for the different units from Monday through Thursday.

The speakers were Col. Ora J. Cohee, chief of chaplains, Eighth Service Command; the Very Rev. Paul A. McNally, vice-president of Georgetown University, Washington, D. C., and H. J. Ettliger, professor of pure mathematics at the University of Texas.

The 671st Tank Destroyer Battalion, 32nd Tank Destroyer Gp., at North Camp Hood, was the first unit at the camp to report a 100 per cent signup for the maximum \$10,000 Life insurance policy under the National Service Life Insurance plan.

Lt. Col. Milo H. Matteson, commanding the 23rd Group, announced late today that 95 per cent of his personnel have registered for the full \$10,000. The 668th Battalion stands at 90 per cent and the 670th has signed up 95 per cent.

FEGETTE-BUNNELL REUNION

The Fegette and Bunnell families held their third annual reunion at Mother Neff Park Sunday, August 15, because of tire and gasoline rationing many were unable to come. We surely hope we will have nothing like that another year and that every member of each family and their friends can be there. Yet in spite of gasoline rationing and tire shortages the following were able, by economizing before hand, to come: Mr. and Mrs. J. R. Fegette, Eugene and Mary Ann of McGregor; Mr. and Mrs. J. N. Fegette and David Nathan of Waco; Mrs. Lawton Drake of Jonesboro; Mr. and Mrs. Joe McMullen of Oglesby, J. C. Bunnell of Gatesville; Tom Bunnell of Waco, Mrs. J. W. Stark of Viau, Oklahoma; Mrs. L. L. Evans and Frances Evans of Ireland; Mrs. Lula Harris of Pearl; Mrs. S. W. Bunnell and Miss Emma Bunnell of Ireland; Mr. and Mrs. J. C. Books; rs. Eunice Goss of Waco; Sgt. and Mrs. Frank O. Burton of Waco; Mrs. W. A. Freeman and girls of Gatesville; Mrs. T. W. Evans and children of Ireland; Mrs. Floyd Woodall of Gatesville; Mrs. E. D. Sydow and children of Pearl and Mr. and Mrs. J. D. Fegette of Gatesville.

Those present reported a wonderful time and are looking forward to next year when everyone can come "we hope".

Make the Most of Your Refrigerator in the War Against Waste

Follow These Pointers for Better Food Preservation

Unwrap fresh meat as soon as received from market and wipe with clean dry cloth but do not wash until ready to use. Wrap loosely in waxed paper (with ends open) and store in meat keeper or defrosting tray.

Wrap and freeze meat if you plan to keep it longer than two or three days.

Wrap fish and seafood in waxed paper and store in or directly beneath freezing unit. Use as quickly as possible.

Ground fresh meat should be wrapped and frozen if not to be used day of purchase. It spoils more rapidly because of finely divided fibres.

Store quick-frozen foods in freezing unit. Do not try to refreeze thawed foods.

Store eggs in moist-cold compartment or in covered dish to prevent loss of moisture and vitamins through porous shell. Do not wash eggs before storing as it removes natural protective coating.

Spread tender-skinned fruit on lower shelf of refrigerator to prevent bruising.

Do not wash or stem berries. Spread out on shallow dish or put in colander to prevent mold. Avoid bruising.

Wash, drain and place vegetables in crisper. Refrigerate as quickly as possible to prevent vitamin loss.

Never store bananas in refrigerator. They keep better at room temperature.

Never pour milk or cream back into bottles. Keep in covered jar or pitcher.

Keep opened cans of condensed or evaporated milk under refrigeration the same as fresh milk.

Keep butter in covered dish away from foods with strong odors.

Store cheese in covered container to prevent drying. A thin coat of butter on cut edge also helps.

Remove paper coverings from all foods, except frozen foods, before storing.

Keep leftovers and all liquids covered to protect flavor and vitamin content.

Wrapped bread and coffee in tight container will stay fresh longer if kept in refrigerator.

Always keep main food compartment at right temperature—40° is safest.

COMMUNITY PUBLIC SERVICE COMPANY

Book the Attack—with Bondel

Farm News

There is an acute shortage of labor for cotton picking in Coryell County. Excessive hot weather has caused most of the cotton to open rapidly. The biggest shortage of labor exists around Oglesby and Turnersville. One farmer in the Turnersville community has 15 bales open in the field and no pickers. This is on Mr. M. C. Garren's farm. He has a two story house on the place with running water and other conveniences. He would like to get a large family to occupy this house free who will help to gather the cotton crop. The County Agent's office has about twenty-five other farms who have vacant houses which may be occupied by cotton pickers.

The labor recruiter has directed several crews of cotton pickers in the communities having the largest acreage, however, there seems to be a disposition on the part of the usual run of cotton pickers to seek other labor at higher prices. This tendency on the part of the people who usually gather the crops will make it hard for farmers to gather crops on schedule. The County Agent's office is willing to direct any cotton pickers to fields now white with cotton. The service it can render beyond this point is limited.

W. P. Graham, County Agent.

U.S.O. News

Beginning next week the USO Club will inaugurate educational classes for the service men. Advanced mathematics and conversational Spanish classes will be the first in a series of proposed classes. The classes will meet at 8 o'clock on Thursday evenings.

Plans are being made to carry a USO program of various talent into the Prisoners of War Camp. This program is planned for next week.

Thirty soldiers of the eighteen year old group were entertained by the Pleasantville church, near Jonesboro, last week. This type of program brings the most favorable comment from those boys privileged to participate. The chance to get into a private home on a personal basis means more to these young boys than any other type of program we can plan for them. Thanks to the people who are helping to bring pleasant week ends to these fellows.

C. J. Hines, who is in Gatesville making plans for a USO program for negro troops, has announced that plans are being made for a watermelon cut Saturday night for the colored soldiers.

Wives of soldiers are coming to us daily seeking employment. These girls are often highly qualified in saleswork and general office and clerical duties. Many of them have had several years of experience. Cooperation of Gatesville business men and employers is requested. Call us if you need an employe. We have several typist and sales girls now on record as being urgently in need of employment.

It is still hot and raining, which means nothing here.

Tell Mom hello and not to worry as I am O.K.

We are going to rebuild our Mess Hall so it will be much nicer.

Darling, I'll close now, as there isn't much to write. Don't worry as I am O.K. Thinking of U.

I Love you, Pat.

North Camp Hood

100% For Life Insurance

The 671st TD Battalion, 23rd Group, North Camp, is the first unit on the entire Camp Hood reservation to report a 100 percent sign-up for the maximum \$10,000 policy under National Service Life Insurance.

Lt. Col. Milo H. Matteson, commanding the 23rd Group, announced late yesterday that 95% of his personnel have registered for the full \$10,000. The 668th Bn. stands at 90%, and the 670th has signed up 95% strong.

Captain A. J. Kaelin, who is handling the insurance drive for the 23rd Group, said he expects the organization to be 100% behind the plan by the end of this week.

The drive was given added impetus last week when lovely Ann Savage, Columbia Pictures starlet, and Eric Blore, famous movie comedian, made a personal appearance in front of Group Headquarters. Practically the entire Group was present; several battalions marched in ten miles from their training area to attend the rally.

Private Harold C. Miles, of the 671st, experienced a major surprise when he was presented to the lovely young star. He expected to shake hands with Miss Savage, but instead she grabbed him and kissed the blushing young private on the mouth and told him the kiss was to be shared with the other men present.

Although the individual battalions in the Group already stand high on the list, Col. Matteson is anxious to have the 23rd become the first such outfit to be signed up in full, and his staff officers have been urged not to relax for a moment in putting the message over to the men.

diers are taking to the insurance program. 99.5% of the entire personnel now carry policies averaging \$9,735 per man.

Three units have gone over the top with 100%, eight units have more than 95%, while the rest are climbing rapidly toward the goal.

The Replacement Training Center is closely pressing the BUTC for top honors; 97.9% of the entire RTC personnel now is subscribing for the insurance. More than \$115,000,000 worth of National Service Life Insurance now is being carried by the soldiers in training, with 98% carrying the maximum, and 99.5% holding some form of government policy.

Friday the 13th brought no ill luck to Cpl. Joseph L. Ryckman of Headquarters, ASTP, Tank Destroyer Replacement Training Center, when he pulled out of the Leon River a 60 pound, 45 inch catfish.

The corporal employed rather primitive means to land his catch. He stunned the big fellow with a rock. That sounds more like hunting than fishing, but after all IS a fish story.

About half a mile from Gate No. 4 in North Camp, while driving near the river at night, Corporal Ryckman, a native of Detroit, Mich., would turn the spotlight of his car on the water and usually see the fish cavorting in the shallow stream.

At this particular time, early in the morning of the 13th, he threw the light upon the fish as usual. Sure enough they were there, and evidently Grandpappy Catfish had shown up for his morning bath. The big fish was surfacing in only four feet of water. Ryckman stunned it with a stone and, reaching into the water pulled it ashore. Another specimen, about the same size and probably the mate of the other was shot a short time later by a neighboring farmer.

Corporal Ryckman brought the fish to his mess where cooks said they could get 60 good sized steaks from it.

Fighters Fight

North Camp Hood's boxing team the Tank Destroyers, will journey into Waco again this Wednesday night, August 18th, to fight Blackland Army Air Field at Wright's Arena at 8:30 P. M.

Ppl. Joe Muscato, one of the leading heavyweight contenders for Joe Louis' crown, will put on an exhibition bout with Sgt. "Babe" Ritchie who is being imported from Dallas by Blackland for the event.

There will be ten three-round

bouts, and if the Tank Destroyers repeat their performance of two weeks ago, when they took five out of eight bouts from Waco Flying Field, customers can expect to see some terrific fighting.

Meets Friend.

When Col. Ora J. Cohee, Chaplain of the Eighth Service Command, came to North Camp Hood to attend a meeting of the National Conference of Christians and Jews last week, he didn't expect to run into an old friend. But that is exactly what happened.

As the chaplain stepped up to the speakers' stand, Brigadier

General Harry F. Thompson, commanding general of the Basic Unit Training Center, took one look and hurried forward to greet his old friend whom he hadn't seen for 23 years.

General Thompson and Colonel Cohee served together in France in the World War I with the 34th Infantry, of which the colonel was regimental chaplain.

Separate conferences were held with each of the various units at Camp Hood and N. Camp Hood. One day 24,000 soldiers attended a single meeting and altogether over 65,000 soldiers witnessed the conferences.
