## Hornets Take On La Vega Under Lights Tonight

With only one more conference game to go besides this one tonight, Gatesville High School Hornets take on the La Vega team in the semi-final of their 1943 Conference Schedule. Only Mc-Gregor remains, with Hamilton coming Armistice Day for the annual battle on that day.

The boys did themselves proud last Friday night, when they met the vaunted Taylor Ducks, and for awhile it looked like the Ducks were on ice, the way they didn't go. Many of the fans expressed their opinion, like The Dallas Morning News that it was "only a practice game". The Dallas Morning News didn't know the difference and don't now, but you can bet your last simoleon those "doubtful" Ducks do, and no one was more glad to hear the final whistle blow than they were—and that wasn't because they didn't have a good ball club. The Hornets have a better one, regardless of the count.

Well, tonight's the night, and the Hornets must keep this good record clean, and do it at the expense of the boys from La Vega, which Waco is a suburb of. Maybe the old "Jinx" Tucker will be here, but we guess he won't. He hasn't discovered Gatesville yet, and it looks like he's going to pass in his checks before he does. Anyway, the Hornets won't need him to beat his locals, if they play like they did at Taylor. They could, however, be taken for a cleaning, if they play like they have other games.

Just all up to you boys! Let's get over two more humps, and then you might be able to think a little about bi-district champs, regional and other awards that might be forthcoming.

## SOMEBODY OUGHT TO GIVE 'EM CREDIT. THEY REALL WORK!

There are three youngsters, yes in uniform, that you see at every football game, yes, here, there and yonder, this year.

They're neatly dressed in white and are not the quiet little ladies they are 'off stage'.

It comes under the head of their business to "make noise", and do they get the job done!

They don't work by quarters, either, like the team does, they work before, after, and in between and then lead the parade afterwards. They are the quarterbacks for the 12th man on the 1943 Hornet Football Machine.

Aw, you know, now, who we mean, but anyway, we'll tell you who they are, because we didn't know. We refer to Annabel Murray, the "Head-man", and her two able assistants, Peggy Wollard, and Bo-bbie Hudson.

## Uncle Sam Chooses More Boys For His Various Corps

"Sometime" lately, and the time is verboten, these men were inducted into the services, the first few were taken into the Seabees, and there's one Gob, and two Marines.

These men are Thomas E. Campbell, Paul Turpin Hensler, Jack Harlan Barneburg, Jack Denton O'Dell, Carlos Leland Kirby, Jr., in the Seabees, Ernest Bailly Berry in the Navy, and Price Graves Morgan and George Bradish Tripp are in the Marines.

There's more to come.

## TO CLOSE OR NOT TO CLOSE IS THE ? YOU DECIDE

Myriad attempts have been made by many to get a joint closing of all the "joints", but to no avail. Time hasn't changed anything this Armistice Day.

The Banks are! Some want to, some don't. The Chamber of Commerce tried it this time and found the usual divided opinion, and it is said the Armistice Day football game will be moved up to the evening from the matinee performance, and the Army says they're going to "hit the ball as usual".

## 10,000,000 FIGHTERS' VOTES

There are going to be about 10,000,000 in the fighting services. Whoever controls those votes should win the next election. While there has been no public discussion of this most important matter, the forward looking men in the political business here have been devoting thought to it.

Coming forward now with a complete plan of how to do it, is Senator Theodore Francis Green, Democrat of Rhode Island, whose autobiography reveals him both as an instructor in Roman law at Brown university back in '94 to '97, and a delegate to all Democratic national conventions since 1912.

Mr. Green dropped a bill into the senate committee on privileges and elections last week to provide for gathering our fighters' ballots, but which inadvertently disclosed the extent to which he, as a Democrat, would like to capture them.

All in very high-toned legal language and fair sounding words, is his trick bill. He would have the voting conducted by five commissioners to be appointed by the President, with senatorial confirmation, saying "at least two shall be Democrats and at least two shall be Republicans." This would simply allow the President to select three New Dealers and two Republicans of, say, the Winant school of New Deal thought, to conduct the election.

To help them in their work, the Green bill would destroy all state rules for qualifications of voters as to age, eligibility, registration and poll taxes.

Not only fighters would be allowed to vote illegally but also all civilian employees of the government away from home, mostly political appointees of course. The Merchant Marine, Communist suspect, is also especially mentioned as being allowed these extra-legal rights.

Indeed, the bill throughout gives "other branches of government," the right to manage and collect votes of all non-military men, beyond army or navy jurisdiction. (The government politicians thus managing their own re-elections.)

### SOURCE OF INFORMATION

The war and navy secretaries are alone to furnish the fighters "information as to candidates." Messrs. Stimson and Knox are particular types of Republicans in this Democratic cabinet who will not be in the Republican cabinet if Republicans win the next election. No provision is made for any opposition political factions of this country to submit their cases to soldiers.

Other details of the proposal reveal an equally elephantine insensitivity to any semblance of political justice generally associated with elections, in laws and theories at least.

Now everyone knows 10,000,000 fighters must be allowed to vote; also the Merchant Marine and government officials in various parts of the world. But a fair presentation of the political alternatives and a just collection of the ballots must be offered.

The governing commission may contain two Republicans and two Democrats, but should be chair-manned by some nonpolitical legal personality such as the chief justice of the supreme court.

The ballots must be cast under the state election laws in order to be legal. Local election agencies should mail out ballots to the men in the armed services and the votes should be cast by mailing back the marked ballots to the local officials. Opportunities to qualify should be offered by mail by local authorities.

The names of eligibles could be obtained from draft boards and the war department could furnish addresses, in accordance with recognized absentee ballot procedures in most of the states. In states having no absentee ballot system, special state laws should be passed or regulations adopted to allow soldiers to

Jack Nabors who has been stationed in Arizona is visiting his parents, Mr. and Mrs. Hardy Nabors. Jack says his next camp will be in Louisiana.

The neighbors and friends of Bailey Smith are gathering his vote.

Information as to candidates should be presented by both sides to the controversy, the Republican and Democratic candidates. They should have equal radio time, equal space in any OWI political propaganda, and allowed equal quantities of printed material.

Any election gained under the circumstances which the Green bill provides would not be worth much to the winner if he be in the party Mr. Green represents. Such an election would only further destroy faith.

### ABOUT TAXES

In truth, the great bulk of war-time increases is going to what was formerly the lowest income groups. The incomes that have doubled and trebled are those of certain war workers, the lowest skilled and unskilled labor, the carpenter, etc., and special groups of labor.

There is one way, only one, by which these swollen war incomes could be trapped. The people who have the money are spending it. A sales tax would certainly reach them.

**HORNET B,C,D,E, TEAM TAKE CLOSE ONE FROM SPEEGLEVILLE**

Thursday night we saw the Hornet B, C, D, E, and F boys in action when they took on the fighting little team from nearby Speegleville. It was one of a number of ball games like nothing else you will see on the gridiron will in any way compare with the way these young kids do the job. They go to it then throw in a little for good measure. What they have more to throw in, of course, we don't know but they throw it anyway.

Those that are not actually on the field of honor are actually somewhere on the field in the cain raising in some other way. There isn't a still bone in uniform to be seen anywhere. No, they're not bothering anyone, but are simply wrecking with energy.

The fighting Speeglevillites, in one of the youngsters adolescent moments, slipped over a touchdown, which fired the boys and pretty soon in the second quarter Gartman got loose for a nice long run and hung up a six for after touchdown. That made about everything even, since the visitors had added their extra when they had their chance.

It was Scott for the visitors who did the scoring for the visitors. Now, this one counter proved to be the only counter the young Hornets were going to allow in the old ball game.

And that was all, except the in the final stanza. Something happened and Gartman put over another.

Others in and on and around the Hornet team were: Edward Wiley, Horace Knight, Bruce Bates, Belvin Gilmer, Billy Gray, Ross, Vandiver, Jack Prewitt, Tony Rogers, Rex Collins, Billy C. Bradley, Colvin Dell Ursery, Gilbert N. Colvin, Jerry Davis, Carl McClendon, Curtis Morgan, James Summers, Dale Clary, Bill David Collins, R. L. Woodson, Ray Roberts, Loyd Mahan, Leslie Smith, Wayne Yonge, Ralph Johnson, John Stinnett, W. A. Holt, Lowell Bell, E. C. Bauman Robert Painter, Donald Newton, Belvin Lary, Jim Manning, Billy Chamlee, Otis Dell Gilchrest, Jerry Short, Joe Daniels, Rayburn Crawford, Charles Jones, Harley Whatley, Gerald Allen, Carol Zeigler, Clay Davis, Wayland McBeth, Billy Melton, Billy Roy Eastericketts, Jimmy Kemp, Bob Dyer, Francis Davidson, and we'll apologize right here, and say there could be dozens left out on account of the way they were milling around as we were getting their names. It would, however, surprise you how publicity-wise these kids are, and how many said: 'Are you going to put our names in the paper?' Certainly, we intended too, and we don't know any one who better deserves it than these kids, if it'll do.

Here is the starting line-up:

<b>Jr. Hornets</b>		<b>Speegleville</b>
Atchison	LE	Veselka
Bates	LT	Buice, L.
Gysinger	LG	Warren
Painter	C	Adams
Anderson	RG	Buice, C
Weaver	RT	Brown
Knight	RE	Lynch
Sexton	B	Reynolds
Flentge	B	Oliver
Gartman	B	Scott
Jensen	B	Driskell

Final score: Gatesville 13, Speegleville, 7; Officials, Jones, Arnold and Balch.

**829th And 614th Of The Hoods Played Here Friday Night**

When the Hornets play their next game on the local gridiron, I'm sure they will find the sod much more solid, since the 614th of South Camp Hood and 829th of North Camp Hood mangled last Friday night.

These hard-hitting colored boys certainly showed enthusiasm and sweated blood before a cheering audience.

Not being able to get the names of all the squad, I will merely mention a few numbers that showed unusual skill with the pigskin. Tyler, Stell at Halfback, Smith at end, Stewart and Cook at Guard and White at Center.

The 614th of South Camp didn't bring along but very few subs, but had a good squad, especially a good line; the 829th having 25 on their squad, and no one of them was no weakling. I'd hate to get bumped by any one of them on a football field, and would surely avoid them on a battle front.

North Camp was wearing maroon and South Orange sweaters. The game opens with the Souths defending the north and receiving. Downed on the 32 yd. line the 614th plunges center for 2 on the first play and completes pass to 47. The next pass is intercepted by an 829th'er and carried to South's 30. A plunge brings them to 22; 2nd down goes to 20 and 3rd, 15. Then No. 34 goes around end for the first touchdown. The extra was no good. Score: 829, 6, 614 0.

The next kickoff is downed on the South's 32. A couples of plays goes up to 35 then backed up to 30. A substitution; and too much time for 614th, penalized 5 yds.

**2nd Quarter**  
The North's takes a 5 yd. penalty for off-side. The next play is a run by No. 34 from 30 to 10 yd. line. Four tries are then made for another first but fails, and South takes over on 6. Three desperate efforts were made by plunging, then kicks out to 45 where the North Camp boys take over again. A yard or two was lost on the first down, an incompleated pass and the next plays is No. 34 running; goes out on South's 35, but not quite a first down. So punting puts it on South's 10. Another could of dust and darkness and when we spectators could see down to the far goal, No. 34 was traveling over for a touchdwn. The score at the half being 12 for 829th of North Camp and 0 or 614th of South Camp.

**3rd Quarter**  
Norther's take the kick at 20 and runs to their 40; Some more hard hitting in 3 spectacular tries, and then a punt goes out on the South's 10 yd. line. A hole was made by the 614th, or some gain but several yards are needed for a first so a punt is attempted. We looked up to see where the ball went and discovered the punter missed the ball completely; kicked his fist instead then hovered the egg, Another try brings it out to 30.

On the second go around, No. 34 a hard drive brings it over for another touchdown. The ball was fumbled by placer but finally runs for another close-up and then kicked and made good the extra, making the score: North 19, South 0.

**4th Quarter**  
Six new men are sent in by the North. South takes the ball and goes to their 30. They seem to pep up now and gain a first down. But those 6 men sent out are rested and comes back and takes over the situation bringing the ball to the South's 10 yard line when the game ended.

Here the starting lineup:

<b>South, 614th</b>		<b>North, 829th</b>
Truesdale	RE	Smith
Moody	LE	Brown
McManus	RG	Pittman
Fultz	LG	Cook
Garret	RT	Rundles
Blackley	LT	Cheeseborough
Barbee	C	White
Bell	RH	Crawford
Parks	LH	Ellerbe
H. Smith	FB	James
Roberts	QB	Green

Officials: Lt. Bucek, Referee, Lt. Backel, Umpire, Lt. White, Head lineman.

The coaches were Lt. Meressi or 829th, North Camp and Lt. Keby for South Camp.

Many of the boys have played college football and coming from Tuskegee College in Alabama, Yakes in Houston, Muskogee, Okla. Dallas and many other noted colored schools.

"Practice game, Yeah?" Those Ducks thought they had a pushover Friday night. It was, they were pushed all over the field, and two lucky pass connections pulled them out of an ignomious (?) defeat, at the hands of the "push-over Hornets". Ask anybody that saw it.

That don't mean the Ducks haven't a good club. They have. But they're not a darned bit better than the Hornets, and here, we'd take 'em for a 2-touchdown defeat, with the local playing like they did Friday night.

Mr. Humble announces the new games for this week-end as follows: At 2:30 A&M-SMU, WFAA; Same time TCU-Texas Tech, over KTEM; Rice-Ark. at 2:50, over KGKO. That's the menu of Big Time for next Friday.

North Camp Hood is the colored champs, taking the south end for a proer cleaning, and they say it was a swell game, with scintillating stars.

## THE SLEEPING GIANT

### THE SLEEPING GIANT

By Samuell B. Pettingill  
The favorable turn of events abroad permits us to think — in fact, it demands that we think of what the future holds for us right here at home.

The war has given us a "planned economy." The question now is, do you like it? Do you want it continued and extended when the guns cool?

Do you want to stand in line the rest of your lives?

Do you want ration cards from now on?

Do you want the politicians and bureaucrats to exercise a life and death power over every business through their control over the allocation of materials?

Do you want bureaucrats to decide whether a grocery store or a filling station, or a machine shop shall have its chance in the sun?

If you are a workingman, do you want bureaucrats to fix your wage to write the by-laws of labor unions, to say that you can't leave one job for another in the hope to better your fortunes?

If you are a farmer do you want bureaucrats to tell you what you must grow, and how much, and for what price under penalty of fines, or of having machinery, transportation, seed or fertilizer denied you?

Do you want your bank or life insurance company to have nothing but government promises in its vaults?

If you are one of 65,000,000 whose lives are insured, or one of 40,000,000 holding social security cards, or one of 15,000,000 investors in American business, do you want to see the value of your savings melt away as the new dealers continue to pile up government debt beyond any hope of repayment?

If you are in business, do you want bureaucrats to operate some

fifteen billion dollars' worth of munition plants in competition against you, taxing you to make up its deficits?

Do you want to be taxed so heavily that great oaks may never grow again from the acorns of American courage?

Do you want bureaucrats by sly techniques to control the sources of your information over the radio the screen and the newspapers?

If you are a Governor of a once great state, or a local official, do you want to see decisions affecting your own community taken from your hands?

Do you want the Federal Government through its limitless power to tax and spend, to gather into its coffers the wealth and income created in your own community, and thus force your public officials to go to Washington like blind beggars with tin cups in their hands to beg back, by kiss and favor, a little of that wealth to hire teachers for your children in courses prescribed by distant bureaucrats?

Do you want to see Congress become subservient to the executive because of his control of the wealth of America?

Do you want the courts of the land to be staffed only by "King's men" of one political party?

Do you want to see National Socialism enthroned?

Do you want America Europeanized?

Do you want to see the Constitution preserved?

These are some of the questions to be decided. This is what the new dealers plan for America. The war manna from heaven to them. It has imposed the very controls over American lives which they have wanted for ten years. These cunning Lilliputians are swarming over the sleeping giant. When the war is ended will he break their fetters?

# It Was A "Practice Game" For Hornets: Taylor Got Too Much

## HORNETS PLAY GRAND GAME AND GET OUT WITH 7-13 LOSE

Almost equal in every department, and the difference being taken up with a two-day 86 mile trip, the Gatesville High School Hornets dropped the "practice game" to Taylor's vaunted Ducks by the close margin of 13-7. It looked at times like the Ducks ere on ice and couldn't get going. They ere really surprised to have any opposition from the locals, and must have thought they ere playing Podunk or some other fly speck on the map. All the dope pointed to Taylor, and most of it as ay out of line giving the Ducks overconfidence that liked to have spelled their doom.

Outstanding for the Ducks were Teichelman, a nice back, Struska, another, McCoy, one more, and McLaughlin, Lesikar, and Jirasek. ends and tackles.

There were luminaries on the Hornet side, just as much or more so. Boynton and Lengefeld did the ground gaining, and Lengefeld made the touch on a beautiful 63 yard canter. On defenses, of course, there was Edwards, Fry, and Gatman, and well, there was eleven men on the Hornet squad, and they include Copeland, Williams, Whittenburg, Henderson, Deavers, Voss, Powell. Then, you know, we have a ew too many to play them all, and that includes, Coskrey, Painter, Weaver, Tatum, etc., etc. They lal played 60 minutes (11 at a time) and put up a bang up game. It was the greatest Hornet game we've seen in many a moon, win, lose, or draw. There were errors in quarterbacking (at least to these old eyes) but we won't mention them, because the "heat was on" and the boys can be forgiven a few mistakes, what with their putting up the 60 minute play that they did. Three or four more of these, and there'll be an old rag hanging on our flag pole, and, it'll be District Chamionship, and we don't mean perhaps.

But here's the story. There was a high south wend blowing from the north, and the Hornets received, ball going to Lengefeld on 15, and he returns to the 32. Boynton fails. Voss takes to scrimmage, fumbles and Pierce recovers for Ducks.

McCoy on LE run makes 3. Teichelman thereafter referred to as Tack) fails. Struska makes 1. Tack punts, ball out on 26. Deavers for Voss. Ducks off-side.

Lenge takes on RE run for few. Deavers makes a 1st, on a reverse. Henderson kicks to McCoy on 30 for no gain.

Struska makes 8 at LE. Pearce makes 1st D. and 6. Struska wiggles for another 1st D. Ducks off side for 5. Yows in, Lesikar in. Tack picks up 2. Struska don't at C. Tack quick-kicks out on 2 yd. stripe.

Hornets fake kick, Boynton carries for 2. Henderson gets off nice punt, killed by Fry on 33, a 63 yard kick with wind.

Boynton stops Struska after he gets thru 1st defense for 0. Edwards stops next Duck for 0. Struska hits Rt. G. for 8. Tack punts and wind gets it, killed by McLaughlin on Duck 49.

Deavers carries, backfield in motion, 5 gone. Boynton takes on beautiful run to 36 from 49. Boynton goes again for 7. Miller out as quarter ends.

### 2nd Quarter

Boynton takes it again for 0. They repeat. Taylor's line good. And, then, it's 1st D. for Hornets. Boynton rips off 15 and another 1st to the 9 yd. line. He picks up 1 more. Lenge in, Voss off. Lenge carries for one. Boynton passes, incomplete. They try for place-kick from the 6, no good; ball back to the 20; 14 yds. lost.

Warren makes 7. Tack makes it 1st D. Struska makes 3. Pass, Struska to Jirasek makes 1st D. on 50. Yows in, Powell out. Struska passes to Lesika, incomplete. Tack passes to Jirasek for 6 and it isn't 1st D. yet. Struska makes it at C. Struska pitches too long to Jirasek. They lose 15 for hold-

ing. Boynton knocks next pass down. They're on 45. Tack hits Edwards and Gatman, should not don't go. Voss intercepts Struska's pass and returns to Duck's 48. They pass, thedopes, and Tack intercepts, ball on 40. They're penalized 5 for use of hands. Pass to McCoy makes 1st D. and 12. Struska carries for 9. Struska carries for 9. Struska passes to Tack and he goes over. Tack kicks and don't make extra. Ducks 6, Hornets 0.

Ball to Williams on 25, returns to 34. Boynton slivers thru for 1st D. Lenge takes and don't. Hornets lose 5, backfield in motion. Painter in. He passes to Lenge, don't connect. Yows in, Williams out. Painter completes to Whittenburg for 1st D. over C. they measure, and it is. Painter passes to Yows for 1st and 25. Ball on 15. Painter passes outside Deavers. Voss in, Lenge. out. Painter passes to Voss, open, but misses, then to Yows, and he misses. Lenge in, Boynton out. Pass to Lenge incomplete as half ends.

### 3rd Quarter

Ducks kick, goes over goal. In play n 20. Pass. Boynton to Deavers making 18. Lenge takes it from own 38 OVER FOR TOUCH-DOWN, a 62 YARD RUN, and, with good blocking, beautifully done. Boynton makes extra thru line. We're ahead, 7-6, and are the Ducks worried! Only a "practice game", you know.

Hornets kick, ball out on 43. StruskaStruska carries for 2, and then Tack passes incomplete. Bad pass from C and Struska recovers, making 2. Tack kicks, ball out on 13.

Boynton gets 1. Deavers fails. Lerge takes it and it's 1st Down Henderson makes 2. Boynton 1, Lenge makes it another 1st. Lengefeld, with line help, moves em back 4, and then makes 10 and a 1st D. Lenge out, Voss in.

Tatum in, Gartman. Boynton passes and Williams and Whittenburg are there but also 4 Ducks, incomplete. Miles in, Valenta out. Gartman in. Hornets lose 15, holding. Voss passes incomplete. Yows in, Williams out. Henderson kicks from 30 to Tack on his 35, returns to 40. Tack passes to McCoy, making 4. Jirasek gets next pass and makes 1st D. Fry winded. All the rest of the Ducks come in. Struska passes to man in open and he drops. Tack passes incomplete. They rule it for 1st D. for some reason—we don't know. Pass completed to Lesikar for 1st D. as 3rd Q. ends.

### 4th Quarter

Tack passes to McCoy for another 1st. Struska passes, incomplete. Sstruska to Tack makes touch-down. Tack fails to kick, Boynton blocking. Ducks 12, Gatesville 7.

Lenge receives and goes to own 46 before being stopped from the 15. Deavers fumbles. Hornets lose 4. Henderson quick-kicks over goal, ball on 20.

They hit line for 1 ft. Struska makes 7, and then 1st D. Deavers stops him after he gets to the 47. Whittenburg hit in face, and taken out. Struska makes 6. Sanders loses 3. Tack punts, Hornets taking on 21. Coskrey in, Henderson out. Painter can't pass, loses 8. Painter passes incomplete. Yows in, Williams out. Yows misses Painter heave. Henderson, Deavers and Voss in. Henderson punts from 5 to Tack on Hornet 45, returns to Hornet 43. Struska takes for 1. Fry cuts McCoy for 7 yd. loss. Tack takes for 2, Tack punts

to Deavers on 20, returns to 25. Voss takes for 3.

Hornets lose 5, too much time. Painter passes, taken by McCoy on 40, returns to 20. Gartman stops Struska on opposite side for 1. Ducks lose 5 using hnads on offense. Struska is stopped for 2. Tack makes 1, and it's 4th D. Struska don't and ball goes over on 16. Painter passes and Tack intercepts and that's the ball game

HOW TO GET MORE LIGHT FROM YOUR PRESENT EQUIPMENT

## Rearrange Furniture to "Double Up" on Lamps

By arranging furniture and lamps carefully, you can often make one lamp do the work of two. An I.E.S. Lamp at the end of the divan, for example, can be moved to the center in back of the divan. Or two chairs or a chair and a divan can be grouped with a lamp to serve two persons with good light, as illustrated above. Be sure the lamp is close enough to both pieces of furniture, though. A difference of 12 inches can reduce the light you get by as much as 50 per cent.

### OTHER WAYS TO CONSERVE LIGHT

1. Remove and clean lamp bowls and lamp bulbs regularly. Dry thoroughly before using again.
2. Keep shade linings light. Clean or brush regularly. Repaint or reline dark-colored paper or parchment shades.
3. Sit close enough to the lamp to get all the help it can give your eyes.
4. Avoid direct glare from lamp bulbs by using shades deep enough and wide enough.
5. Eliminate orange or flourescent bulbs except for decorative use. Inside frosted white bulbs give more useful light.
6. Turn off lamps not in use. Lamp bulbs use critical materials... Make them last longer.

**RUSSIAN RELATIONS IMPROVE**

The diplomatic grapevine reports that inter-Allied relations with Russia are going pretty well now. This is certainly true on the surface, and while some irritations have occurred below the surface, both sides have shown a real tendency to try to get along.

Most serious sub-surface irritation was over the Mediterranean Council, through which Russia, the United States and Britain were to confer regarding Italy, North Africa and the Balkans.

The Russians, snubbed earlier in the summer regarding preliminary Italian armistice terms, took the Mediterranean Council seriously and appointed as their representative Andrei Vishinski, the famous prosecutor in the Russian purge trials. This was the equivalent of sending the most outstanding member of the U. S. Supreme court or the leading lawyer of England.

Vishinski is a man of national stature, capable of making Mediterranean decisions without consulting Moscow. But to represent the United States on the Mediterranean Council, Secretary Hull sent Ed Wilson, U. S. ambassador to Panama. Wilson is a thorough-going, competent diplomat who can handle any routine job and handle it well. But almost no one outside diplomacy or Panama has heard of him. He has no national stature and he cannot act on his own.

Immediately it developed that Wilson was to act as a glorified messenger and report everything back to Washington. The British representative was to do the same. In other words, Churchill and Roosevelt were to make the decisions, and the much publicized Mediterranean Council was to be a mere reporting agency.

This immediately roused Russian wrath. They had welcomed the Council, appointed a top man. So for a moment they considered withdrawing. However, for the sake of Allied harmony, they stayed on and are giving the Mediterranean Council a trial.

**POOR 'PA' WATSON**

Toughest job White House Secretary Maj. Gen. Edwin ("Pa") Watson of the White House secretariat has to tackle each day is keeping the President's appointment schedule on time.

Frequently FDR will sit talking to an old friend for 15 or 20 minutes over the allotted time, and that snarls the White House schedule for the rest of the day.

This is hard on the general's nervous system, especially when bigwigs from the war or navy departments are waiting to discuss military matters. On such occasions Watson is not above barging in and breaking up the conference.

The other day when the President's old friend, Governor Bob Kerr of Oklahoma, was overstaying his time—through no fault of his own—Watson walked in and began to parade nervously about the room.

"Well, here's the undertaker, Mr. President," grinned Kerr, catching the hint. "If one of your callers gets so he doesn't move, 'Pa' will move him."

Roosevelt laughingly motioned Watson to a chair.

"Sit down and talk to us for awhile, general," he said. "We're having a very interesting conversation."

With a sigh, Watson took a chair.

**BACK TO NORMALCY**

Industry's eagerness to get back to peacetime operation is seen in the deluge of mail received by the chemical division of WPB. Theme of every letter is: Unlace the straightjacket and give us a chance to expand.

This pressure hits the chemical division more than any other because of the tight control which that division has exercised over the industry, and also because of the tremendous future of plastics and other developments in the chemical field.

Controls are so tight that no materials may be bought or sold without clearance with WPB, and in the course of getting clearance, the applicant must state a lot of intimate facts about his business, including price, selling price, profit,

**WITH THE COLORS**

Here's a letter from Pfc. Lee R. Burgess now in Sicily, or was, October 7. He writes:

Dear Editor: After so long I let the friends of The Grove know where I am.

I am in Sicily at this time, well and in good health. I had a letter from my mother today and she sent me a Coryell County News and you don't know how proud I am. We don't get too much mail and hardly any papers, and I don't think there is any paper like the Coryell County News.

I always lived in Coryell county. My home is at The Grove, the little town with the well in the middle of the street, and where all the pretty girls come from. I haven't been to The Grove since September, 1942, the last time I was at home.

I have been overseas a year this month, landing in Safri, Africa last November 8th, with the rest of the Yanks. I saw plenty of action in Africa but made it all right and then I came to Sicily, which I don't like any better than Africa. There are plenty of girls over here, but I can't talk to them so I'm just lost, and will stay that way 'til I get back to Coryell county. All we want is to end this war as soon as we can, so the people of Coryell county must keep us backed up and we will keep up the good work over here.

So if you can send me a paper I'd like to have it and read the News, and see what is going on over there. So keep praying for us and we will keep up the good work, and God will see all of us thru and to our homes again.

From the Island of Sicily,  
Pfc. Lee R. Burgess.

The following message was received from R. H. Massingill of Evant, who is a prisoner of the Japanese, by his mother, Mrs. S. R. Massingill.

Cpl. Henry C. Lengefeld, Crew Chief has been promoted to Sergeant, according to information received from "Somewhere in England" by the 8th Air Force Fighter Command. Sgt. Lengefeld, 22, is son of Mr. and Mrs. Charley Lengefeld of Rt. 3, Gatesville. He entered the service, May 31, 1942, and has been overseas 6 months. He was graduated at Gatesville High School in 1940.

It's now Lt. Henry W. Searcy of Oglesby, who's just completed his flight training at Blackland Army Air Field at Waco and will resume his duties at an advanced post.

and inventories.

The real meaning of the complaint is that the industry is not worried about paper work so much as it is worried about limitation on profits. Under government control, prices are held down by the fact that sales are limited to war needs, but when this restriction is removed, the demand for chemical materials will be terrific, and profits will go through the ceiling.

Here's a letter from Pvt. Willie Johnson, who's now in the South Pacific.

Dear Friends: Let a Coryell county boy in for a few minutes of your time.

I am here in the South Pacific and just wanted to let you know what Texas is doing toward winning this war. One thing I can say is give us more Texans. They are the men that can take it no matter how hard the going gets. There are a few Coryell county boys here with me, and a good many other Texans from different parts of the state. There are also a good many boys from Oklahoma and Mississippi. They are some of the Southerners that can take it.

We have recently built a mess hall and floored a few of the tents

There is a show about a hundred yards from my company that has a picture every night with the exception of the nights we have a USO show, and that comes pretty often. For other sports, we have base ball, volley ball, swimming and most every other sport you would care for. We put all the time we can get on these sports

I certainly hope this finds all friends well and, really I'm hoping to see all of you soon. Sincerely yours, Pvt. Willie Johnson. and Mrs. Charlie Sydow of Gatesville is here visiting from Camp Polk, La.

The showing of gilts awarded to Coryell County Boys in the Sears Roebuck Contest will be held November 4th at 10 o'clock at the Coryell County Oil Mill grounds. One boy out of the eight contestants will be awarded a registered Jersey heifer for showing the best gilt. This winning gilt will go to Waco the following day to compete in a four county show for another registered heifer.

The judging will be open to the public. County Agent, Craddock of Hamilton County has been in-

ited to select the best gilt.

Pecans are ripening along the streams of Texas. The crop is ready to harvest when the shucks begin to open and the nuts are easily falling by shaking the branches or beating them lightly with cane poles. Harvest early.

Threshing with cane or small poles does not damage trees provided large twigs or small branches are not split off in the process.

Pecans stored in bins or bags will decay if not sufficiently cured. They are best cured in trays made of one by four inch boards with plaster lath strips or fine poultry netting on the bottom to allow free circulation of air thru them. Satisfactory curing also may be obtained in burlap or cloth bags if they are arranged so that air circulates freely and the bags are turned upside down occasionally. Usually 15 to 30 days are required to properly cure the nuts.

Well-cured pecans may be kept for two years without becoming rancid if stored at a temperature of 32 degrees. If they are to be kept through the second year they should be placed in storage as soon as curing is completed. They should not be stored in contact with ree armonia because a small amount will cause the kernels to turn black and impart an undesirable flavor.

For storage: Put the nut meats in glass fruit jars with rubber rings, tops and spring clips in place, but not tightened down. Then place the jars in an ordinary wash boiler or large cooker provided with a wooden or wire rack to keep them from direct contact with the bottom. Pour in about two inches of water and bring to a boil. After boiling 15 to 20 minutes remove the jars rapidly, one at a time, and tighten the tops by pushing down the spring clamps as quickly as possible. Do not cover the jars with water as when preserving vegetables, and do not remove lids until ready to use the meats.
