FIRST "SS" BOY FROM COUNTY IS A "MR." NOW

Marshall A. Jackson, the first man selected by the Selective Service Board of Coryell county, is home and is a "Mr."

Just how long ago that was, or what Marshall went through was not released, but, in our files, we

find: "Pvt. Marshall Jackson, 19, of Gatesville, son of Mr. and Mrs. E. E. Jackson, who was a paratrooper, last station was NY APO, and he was in Southern France, when we got the picture and information. He attended the Paratrooper school at Ft. Benning, Ga.

SS BOARD STILL WORKING: ARMY GETS TWO COLORED

September's quota for the U. S. Army through the local Selective Service Board included two colored boys.

These boys are Troy Glenn and Ulyses Patterson.

WITH THE COLORS

S-Sgt. Woodland Meador, who has been in China, Burma, India, is here on leave. He was with a big mail order house in Henderson and will return there when he is discharged to assume his place as assistant manager. Mrs. Woodland Meador has been the local WP & RB while he has been overseas.

S-Sgt. Leonard Goldstein of Gatesville and Cincinnati, Ohio, is here on a visit. He was a prisoner of the Germans for several months, and was held at Baltic ports. Sgt. Paul Goldstein, who's wife is Mrs. Sara Goldstein, who has been with the American Red Cross here, has just been discharged from the Army at Camp Hood.

Pfc. Wayne Pruitt is here on a 30-day furlough after service in Scotland, England, Italy and France. His home is Turnersville.

R. O. Poston of Waco was a Saturday visitor in Gatesville.

Cpl. and Mrs. Sammy Lillibridge and little Sammy, of Kearney, Nebr., AAF are here on furlough, and Mrs. A. I. Lillibridge, Sammy's mother, and Mrs. Eva M. Ross.

TODAY'S EVENTS By Associated Press

CHUNKING SAYS: DIDN'T DO IT

CHUNKING, Sept. 24, (AP)—Only the Chunking radio making the international English language broadcasts denied today broadcasting any report in any language that Emperor Hirohito had abdicated.

(The Federal Communications Commission in Washington had recorded a broadcast in Mandarin which it said originated in Chunking which announced Hirohito's abdication.)

HIROHITO TO CALL ON MACARTHUR

TOKYO, Sept. 24, (AP)—Well informed Japanese sources said today Emperor Hirohito has arranged to pay a precedent-shattering call on General Douglas Mac Arthur, at the latter's residence, the American Embassy Building. No date has been specified.

Decision on the meeting place was reached, sources told Associated Press Correspondent Russell Brines at a recent conference between MacArthur, Admiral Fujita, Grand Chamberlin.

TROUBLE IN BIG LEAGUE GAME

WASHINGTON, Sept. 24, (AP)—Clark Griffith today protested Philadelphia's 12-inning 4 to 3 victory over Washington yesterday.

"They've taken the pennant away from us on a technicality," he said.

Buddy Lewis, Washington outfielder, apparently caught a fly, dropped the ball as he started to return it to the infield, and the umpire ruled he missed the fly.

11th Hq. 4th ARMY-ALLEN ACADEMY GAME SAT. NITE

Army Collegiate football will again be introduced here Saturday when 11th Hq. 4th Army opens their grid season against Allen Military Academy the night of September 29, at Gatesville Hi Stadium.

The 4th army team, under the direction of Major Tom Shack-

both of Beaver Falls, Pa., are visiting friends and relatives here.

Mrs. Tomilene Lillibridge formerly was Society Editor of the News, and Cpl. Lillibridge was with the good old 893rd when it first hit Gatesville. Mrs. Ross and Mrs. A. I. Lillibridge both brought heavy coats, and who knows, they might need them in Texas.

Oce W. Lovejoy has been appointed substitute mail clerk in the post office at Waco.

C. L. Kirby, Jr., chief carpenter's mate played a role in one of the most romantic and dangerous episodes of the war against Japan.

As a member of a Naval group of guerrillas, intelligence agents and weather observers behind the Jap lines in Asia.

The group now known as Saco—Sino—American Co-operative Organization—began shortly after Pearl Harbor as strictly a weather reporting unit. Finally, it became a dangerous fighting outfit, killing Japs, blowing up trains, raiding Jap outposts, and activities extended from Indo-China to the Gobi desert.

Intelligence furnished by SACO allowed the 14th air force to mine coastal waters, forcing Jap shipping out to sea, where they were attacked by American subs.

Usually it was possible to enter or depart from Jap territory by air, but SACO Americans became adept at Chinese disguises, and guided by SACO Chinese, slipped thru enemy lines when they chose. Not one SACO member was detected.

ford, is composed of soldiers and officers from the units stationed at North Camp Hood. After an absence of two seasons the Post again will put forth a colorful aggregation of former semi-pros and college football players.

Lt. Clifford Rogers, backfield coach, and former Oklahoma footballer, and Sgt. Osborn, ex Tennessee center and line coach both claim the team is not ready yet for the kind of competition they are going to face and will not be in top form until around mid-season. Whether or not this is the old coaches cry of too little and too late only time will tell.

But, let's take a look at the records and vital statistics. The line average will scale nearly 200 pounds with Lt. Farr, former Auburn star, very capably holding the pivot position.

At one of the tackle posts is a mammoth, rough, scrap loving 265-pounder, T-5 Elmer Jeanguenat. Both guard positions are capably filled with Simmons and Greenlee.

The backfield is sparked by Lt. Marion Brush, former Iowa quarter who will call the plays for the Hood eleven. Capt. George Gargette, a 220 pound husky, will probably start at the fullback position, although he may not be able to remain with the team. Gargette played and starred at Michigan State College.

Cpl. George Szekely, from Cleveland, Ohio, and Lt. Frederick are pretty well teamed up at the halfback posts. Either of them is a fast shifty runner, and an exceptional down field blocker. Frederick may go to full if Gargette has to leave the team.

There are some weak spots at present on the team, notably at the flanks, but with the return of Sgt. John White, former Ohio State flanker from furlough, and continued good playing by Joseph Patterson and Milan Gostovich, and the end problem should not be too hard to solve.

Six definite games are scheduled with 3 more tentative. The complete schedule will be announced later. Saturday nite should tell the spectators and the fans just what North Camp can offer in the way of a football team.

Your questions on allotments, matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters Insurance, legal problems or other Eighth Service Command, Dallas

Q. What amounts will be guaranteed under the G. I. Bill?

A. The law specified that the Guaranty of (\$2,000.00) will not exceed 50% of the total amount with a maximum Guaranty of 2,000.00 dollars.

Q. Must the total amount of Guaranty of \$2,000.00 be used on one loan?

A. No, the Guaranty is not limited to one loan, though the total amount of Guaranty on all loans may not exceed \$2,000.00 regardless of the number of loans made.

Q. What general restrictions are placed on the purposes for which loans may be made?

A. Regulations provide that loans to refinance existing current loan, loans to increase working capital

or inventory, or loans to cover operating expenses will not be guaranteed.

Q. In determination of financial ability to repay a loan, what assets will be included?

A. All present income of assets from any source will be included in any determination of financial ability to repay, including readjustment allowance, mustering-out pay, pension or compensation of any benefit derived from any source.

Q. For what purpose may an agricultural loan guaranty be obtained?

A. Loans may be guaranteed for the purpose of purchasing land building, live stock, equipment, machinery or implements, or in repairing, altering or improving any building or equipment to be used in farming operations conducted by the applicant.

Q. A veteran who has obtained a loan guaranty to buy a farm eligible for readjustment allowance?

A. He may be; he should consult the nearest representative of the Texas Unemployment Compensation Commission.

Q. May a veteran attend both high school and college under the provisions of the G. I. Bill?

any school of his own selection as long as it is approved by the state committee for approval of educational training and may continue his education in an institution of senior grade when he has completed the prescribed course in a junior institution. Length of service will of course govern the total period as attendance. Mr. A. O. Willman is Chairman of this committee, Land Office Building, Austin, Texas.

Q. May both widow and mother of a deceased soldier killed in World War II receive pension based on his death?

A. Pension is provided for the widow and children of such veteran regardless of income and for parents. Dependency for parents is determined by the Veterans Administration based upon a statement as to income and living expenses. Pension will be paid to additional beneficiaries without diminishing the amount payable widow and vice versa.

Q. Does military rank influence eligibility for benefits provided by the G. I. Bill?

A. Rank is not considered in determining eligibility for benefits provided by this bill.

Q. Is there a time limit on when a veteran may establish service connection of a disability?

A. There is no time limit. Service connection is determined solely by evidence of incurrence or aggravation, which may be submitted at any time.

Q. May a veteran who has been a prisoner of war convert the gratuitous insurance he was granted into a permanent policy?

A. This gratuitous insurance was granted to those in active service who were captured on or after Dec. 1941, and prior to April 20, 1942. The law provides that such insurance shall be in force and all premiums waived while such person remains a prisoner and for six months, thereafter. The veteran may continue his policy at the expiration of this period by making application and timely payment of premiums. Same may be converted at the expiration of one year or at any later date prior to the expiration of the 5 year period.

Q. How soon after discharge must a veteran start to school if he attends under the provisions of the Serviceman's Readjustment Act?

A. The veteran may make application for this provision within two years of his discharge or within two years of the termination of the war, whichever is later. The program terminates within seven years of the termination of the war.

Q. May a veteran receive hospital treatment for disabilities due to his own willful misconduct?

A. A veteran will not be denied hospital treatment for such disability if he is otherwise eligible and need for hospitalization is shown.

Q. Does a veteran going to school

under the provisions of the G. I. Bill receive medical treatment at the expense of the Government?

A. No, such veteran will receive only such medical treatment as is furnished by the school he is attending or treatment to which he is entitled in common with other veterans not attending school.

Q. May veterans receive hospitalization for a condition not incurred in service?

A. Hospitalization will be given qualified veteran for his disabilities regardless of whether they were incurred in service, however, veterans with a service incurred disability will have preference in admission to veterans hospitals. Others, not emergency, must wait until a bed is available.

Q. Does monthly payments of National Service Life Insurance cease if a widow who is beneficiary remarries?

A. No. A National Service Life Insurance Policy is a contract just as a policy of a private company is a contract and the payments will continue to be paid to the widow named as beneficiary after she remarries. In keeping with the terms of the policy.

Q. When a veteran is once awarded a pension for a service connected disability will he always continue to receive the amount

awarded?

A. Pensions are subject to revision based on progress of the disability as shown by examination. They will be raised or lowered at anytime progress of disease or injury indicated they should be.

Q. Who is entitled to the loan guaranty provisions of Public 364 78th Congress, commonly known as the G. I. Bill?

A. Any person with 90 days active service who served on or after Sept 16, 1940, and prior to the end of the war or was discharged for service incurred or aggravated disability regardless of term of active service is entitled to Loan Guaranty under the G. I. Bill.

Q. With the so-called "Blue Discharge" or its equivalent bar a W. W. II veteran from the benefits under the G. I. Bill of Rights?

A. No a W. W. II veteran is basically entitled to benefits under the G. I. Bill of rights.

FAMOUS U. S. ARMY DIVISIONS

THIRD ARMORED DIVISION

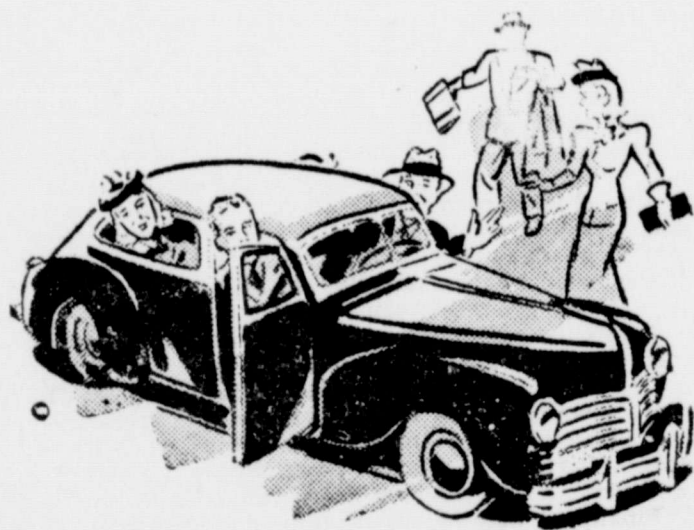

RIGHTFULLY proud of its "Spearhead" nickname, the 3d Armored Division claims many major "firsts"—first to fire on German soil, first to enter Germany, first to capture a German city and first to enter Cologne. The Division's trek across Europe started in Normandy June 28, 1944, as it began to lead the First Army out of the hedge rows and deep into France. With the First Infantry Division

it broke out at Marigny. Helping close the pocket around the German Seventh Army it finished the job near Putanges by August 18. On the night of August 25 it began crossing the Seine and streaked across France to the Siegfried line, and on into Belgium. At Mons it cut off 40,000 Nazis and captured 8,000 prisoners. It participated in the first invasion of German soil since the days of Napoleon and the breaching of the Siegfried line. Temporarily halted by Von Runstedt in the Ardennes, the 3d jumped into the vital battle of Houffalize and soon hit the road again, penetrating deeper into Germany. It helped to crack the Roer river line and in March, 1945, swept into the key city of Cologne, proceeding up Paderborn to close the back door of the Ruhr.

The joy of taking Cologne was impeded by the tragic death of the 3d's commander, Maj. Gen. Maurice Rose, who was slain while leading a drive to take an important road junction near Paderborn. The Saale river was crossed on April 3 and the Division battled toward the Elbe. At the war's end it pulled up near Dessau. Occupational duty near Langen was given the Division after V-E Day.

The Division was activated April 15, 1941, at Camp Beauregard, La., and its components on its departure from the United States August, 1943, were: 32nd and 33rd Armored Regiments; 54th, 67th and 391st Armored Field Artillery Battalions, and 36th Armored Infantry Regiment. Distinguished unit citations were awarded as follows: 2nd Battalion, 32nd Regiment; 1st Battalion, 36th Armored Infantry; Medical Section, 3rd Battalion, 36th Armored Infantry; Companies A and C, 36th Armored Infantry, and 1st Battalion, 33rd Armored Regiment.

The shoulder patch of the 3rd is the figure "3" in black on the regular Armored patch of triangular design, divided into three areas, the upper in yellow, the lower left in blue and the lower right in red. Superimposed in the center, in black, are a cannon and the track of a tank. A bolt of lightning in red is superimposed on these.

NECESSARY 6, BONE 1, DUCKS, 13: NO GAME FRIDAY

HORNETS SHOW WELL AGAINST SCRAPPERS FROM TAYLOR

Bone hit pay dirt for the first points of the season Friday night, but two opposition players. Sanders and Jirasek also hit the pay lode, also, and the count ended Taylor 13, Gatesville 7. Bone made the extra on a plunge, and Sanders, for Taylor added the point for his club thru the uprights.

Playing about even for the first half, Taylor got it's splendid backfield composed principally of Jirasek, Clarke and Sanders with Capt. Pierce pulling out of the line and they clicked for 7 points in that quarter. Either in the latter half of the third, or the first part of the fourth, a pass, or lateral pitch from Necessary to Bone, on about a 28 yard run, and he went over standing.

Coming right back by straight line play, the Ducks headed by Jirasek who made the last 11 fds. unstoppped, counted for the last time, and the kick was wide.

Tatum the usual steady plunger, did a nice job defensively and offensively, and the Hornet blocking was good. At times, Gartman, Flentge backfield blockers did well for a second season game. In the line, it was Franks, McDonald, Featherstone, Painter, Gilmer, Patterson, Pennington, well, they all played, and didn't do bad. Davidson, Fredde and others added to the Hornet strength.

And here's the "blow by blow": High south wind, Taylor kick Sanders kicking, Pierce holding from South to Hornets at north. Gartman takes on 15 yard line and returns for no gain, and for some reason they kick over, Taylor penalized 5 yards, off side.

Second kick goes to Tatum who hands to Necessary. Ball started on 20, returned to 37 yard line. Tatum carries picking up 5 yards thru left guard. Tatum to Necessary fails to gain. Tatum carries at end, the right for no gain. Tatum picks to Sanders on the 25, and he returns to the 40 yard line.

Sanders hands to Blacklock for 3 yards at center Jirasek carries and akes hree yards. Sanders hits C. and fails to gain. Pierce hits C. and makes 5 for 1st down. Sanders spins for no gain. stopped by Whitt. Sanders to Jirasek. is fumbled and Gartman recovers on the 38 yard line, their own.

Clark goes in for P. Pierce, and he utrns around and goes back Dentler is out. Tatum, faking to Necessary goes over C. for 8 yds. stopped by Blacklock. Tatum carries again and is stopped by Blacklock, but it's a 1st down.

Tatum, over LT fails to gain, stopped by Blacklock. Time, Hornets. Backfield in motion, on Hornets. Taylor declines. Tatum to Necessary fails to gain on the right side, stopped by Pierce. Necessary

passes to Gartman, incomplete. Tatum kicks. ball to Sanders on the 15, and he's stopped by Necessary and Bone. Ball on 26. Johnson for Tatum. Painter for Gilmer. Clark out. Freddie for Patters. Sanders takes an end, is stopped by Necessary for a 3 yard loss. Sanders to Jirasek, and he's run out of bounds by Tatum on the 40 yard line. Jirasek slightly hurt, hit a post outside the sideline, but he's O. K. Comes out, and Clarke goes in for him.

Sanders takes, and gets thru secondary, and is stopped by Necessary and McDonald, but, there's a penalty. Jirasek in, Clark out. Necessary takes penalty, 5 yards, off side. Bad pass over Snaders and he fumbles. Necessary recovering on the 11 yard line. Hornets ball on the 11 yd. line.

Tatum hits C, for none, stopped by Swensk. Necessary fumbles, recovered by Taylor on 11 yard line. Blacklock carries, and is run out of bounds on the 25 yard line by Franks, ball on 25 yard line. Hornets off side, but Ducks decline.

Sanders at Rt. End, carries ball to 40 yard line, 15 yds, stopped by Necessary. Sanders and a couple of handbacks to Blacklock and there's a penalty. Necessary got the runner. Penalty, backfield in motion, declined. Pennington for Davis. Sanders passes incomplete to Jirasek.

First quarter ends.

Second Quarter
Ashby for McDonald. Sanders takes thru C. for 7 yards, stopped by Bone. Penalty. 5 yards offside, Hornets. And it's 1st down. Miller is stopped by Fredde and he's thrown for loss. Penalty, declined backfield in motion. Sanders punts, ball to out of bounds on the 42 yd. line and the shock troops come in. McDonald, Davis and Patterson, Pennington, Ashby and Fredde out. Hornets ball n the 42.

Necessary back, passes, incomplete to Patterson. Clarke in, Pierce out. Tatum to Patterson, completed over C. for 5 yards, stopped by Jirasek. Necessary carries, cutting back, picks up 1 yard, stopped by Blacklock. Tatum punts to two Ducks who fumble, and wiggie Sanders is finally taken by Tatum, about 15 yd. line, ball now on 25 yard line. Pierce in, Clarke out.

Fredde in, Patterson out. 5yds. against Hornets for delaying game. Pierce hits C. for 2 yards on left side, McDonald, White, etc.

Sanders is taken in after 6 yds. stopped by Painter, Sanders to Jirasek but there's a penalty, and the ball is carried back. Davidson for Johnson. Patterson for Fredde. Taylor offside, 5 yards and play comes back, after 25 yards gain, Sanders fakes pass and is stopped for 15 yard loss by Featherstone. Ball now on 20 yard line. Sanders punts short to the 45, taken by

Davidson, downed by Miller. Gained 1 yd. Johnson in Davidson out.

Necessary arries, passes to Patterson for a 1 yd gain at rt end, stopped by Jirasek. Necessary hits C for 2 yards. stopped by Miller. at rt end. No gain. Tatum punts, nice and high to Sanders on the 15, and he returns to the 35, stopped by Franks. Time, Hornets. Dentler for Clarke. Gilmer for Painter. Bates for McDonald. Sanders carries, 10 yards, to the 50, but there's a penalty.

Hornets offside, Ducks refuse. Pennington for Davis. Ball on 49. Sanders fakes to Blacklock stopped by Featherstone and Pennington, Bates for no gain. Fumble. Pierce, in the backfield, losing 5 yds. Patterson and Pennington doing the smearing. Sanders carries and is finally stopped after 5 yds by Whitt. See that man Doughty taking "flashes" over on the east side line. Sanders back, kicks to the 20, killed by Taylor, Smith. 2 min. 2nd half.

Davis for Pennington. Tatum to Necessary, stopped by Smith, backfield in motion, Hornets. Necessary carries stopped by Smith, Ball on 18. Tatum hits thru opening at left side and is nailed by Dentler and 3 ducks, 5yards. Tatum goes thru C. for 5 as the half ends. Ducks 0. Hornets 0.

Third Quarter
During the half, lead by Drum Major Curtis Morgan, and under the tutelage of Band Director Allen Alen, GHS band entertained the fans during the long wait with formations, and the Majorettes, Misses Pat Wright, Patsy Southerland. Joyce Howell, Jeanie Lee and Dorothy Ayres, who received their instruction from Miss Mary Lou McClesky, a member fo the GHS faculty.

Now, let's play ball. By the way, it's a pay crowd tonight, and the stands are full, and the usual "standees", and we'd like to have the gate. North Camp and South

THE STAGE-STRUCK WIFE

The wealthy Baxters, Bill and Roberta, have a split interest in life. Roberta is beautiful and charming and is soon to open in a new play "Heads It's Love." Bill adores her but wants her to preside over their home and kiddies (he hopes).

TALL, DARK AND HANDSOME

Tony Linnard, male lead in the show, has a very ingratiating manner and shows more than a professional interest in Roberta. He is a very mediocre actor and it is plain to see that he is very much in love—with himself. The situation amuses Bill.

ROBERTA'S SECRET "ANGEL"

Actually, Bill is the "angel" backing the show in the hope that a failure will convince Roberta that she is not cut out to be an actress. Hendricks, the producer and director and Mary Riley, Bill's very efficient secretary, are the only ones who know Bill's secret.

OPENING NIGHT

All the smart first-nighters are out in front, including the first-string critic. Mary Riley and Bill come to Roberta's dressing-room to wish her luck, hugging their fingers crossed, pulling for a complete flop for the show, to bring Roberta to her senses.

Q. Must all active service be after September 16, 1940, to qualify for the Loan Guaranty Provisions?

A. The veteran and eligible potential lender must make application for eligibility for form 1800. This form when completed, is sent to the Finance Officer, Regional Office of the Veterans Administration, Waco, Texas, together with the original copy of discharge. Upon examination of pertinent records, the veterans eligibility is determined.

Q. Is a photostatic copy of a veteran's discharge acceptable in establishing the basic entitlement to benefits under the G. I. Bill of Rights?

A. Yes but the copy, photostatic or otherwise, must be certified by a notary public or other official authorized to administer oaths.

Q. To whom is the Certificate of Eligibility sent after such a eligibility is established?

A. The certificate of Eligibility, if approved, is sent to the lender specified on the application for eligibility, together with the name of the appraiser and the agency which will aid in completion of the loan.

Q. What period of time is allowed in which the veteran may apply for the loan guaranty provision of the G. I. Bill?

A. The law provides that application must be made within 2 years of discharge or 2 years after the official termination of the war, whichever is later, but in no event more than 5 years after the end of the war.

Q. My husband is a staff sergeant in the Army of the United States. He wants to be discharged so that he can enlist in the Regular Army. Will he be allowed to keep his rank or will he have to start over as a private?

A. He will be allowed to keep his temporary rank of staff sergeant, providing he chooses the branch of the army he is now in. However, since his rank is temporary, there is no assurance that he will retain it as the Army is decreased in size.

Q. My sister is a Wac stationed in California. She does not have enough points for discharge. Is there any chance that she will be sent overseas?

A. No additional members of the Women's Army Corps are being sent overseas.

Q. Is it true that the Army is still holding men in the service, regardless of their point scores, because they are essential?

A. Since the Japanese surrender, the army has reduced from 19 to 3 the number of essential skills which will keep an enlisted man in the service who has enough points for discharge. However, a soldier who has one of these three skills cannot be held in the service more than six months after he becomes eligible for discharge under the point system.

Q. Our son has just returned from overseas. He was married in England, but his wife is still over there. I know the army will bring her home when it can, but will she have to apply for transportation over there, or does he apply here?

He applies to the Immigration service in the United States for permission to have her enter this country on a non-quota status. When he has proof that both applications are approved, he applies for her transportation through his commanding officer to the commanding general of the theatre of operations where she resides.

Q. What financial resources must a veteran have in order to obtain a loan guaranty to buy a farm?

A. It must appear that the veteran's financial situation will be such that he likely will be able to carry on the farming enterprise successfully.

Q. Will the loan guaranty under the G. I. Bill enable a veteran to buy a farm and operate it?

A. No. There is no provision for the guaranty of loans to furnish food, seed, family subsistence, etc. The veteran who does not have funds for his own for the purposes must be able to borrow it without the benefit of a loan guaranty.

MISCELLANEOUS SHOWER
HONORS MRS. ALVIN
FLEMING

Mrs. David McBroom, Mrs. Roy Fleming and Mrs. Jim Thomas, courtesy to Cpl. and Mrs. Alvin Fleming, the former Miss Doris Jackson, whose marriage was a recent event, was a miscellaneous shower given at the White Hall church Monday night, September 10.

Some hundred guests registered in the bride's book, presided over by the groom's sister, Mrs. Florene Fleming.

A mock wedding and some singing formed the diversion for the evening.

The gifts were presented to the bride and groom by Miss Opal Jackson and Miss Florene Fleming while the guests sang, "There Shall Be Showers of Blessings".

At the reception which followed, Mrs. Jim Thomas poured punch and Mrs. David McBroom served the refreshment plate with pecan and devil's food cake.

Gifts of God

Draw on your imagination for a moment and consider with me an altogether improbable circumstance. Suppose a well-groomed gentleman with an easy flow of language should mount an improvised platform in the public square of an agricultural county-seat town next Saturday afternoon, play a phonograph record through a loud speaker to get an audience, and then should say:

"Ladies and Gentlemen—there is just so much water in the entire universe; so much and no more. Any time you drink more of it than you need to quench your thirst, you are greedy because some unfortunate person somewhere on earth wants water. He is thirsty. His throat is dry and his lips are parching. It is all for want of the water which you so wantonly swallow."

It Is Not True

Such a speaker would soon lose his audience. People would walk away and leave him. Some of them might think about having his head examined because they know his ideas are out of joint. There is no connection whatever between one man's abundance of water and some far-away stranger's thirst. The need of the sufferer, even if he were a victim of cruelty, is apart from the owner of a good well.

But the speaker might hold his audience if he said something like this: "Ladies and Gentlemen—there is just so much wealth in the world; so much and no more. Anybody with more than he needs for food, clothes and shelter is greedy because there are many people in China and India who never had a square meal in their lives. They are poor because a few people get very rich."

Another Fallacy

This speech is no nearer true than the one about the water. Both have some facts in them but they are not related facts. I am not trying to say that wealth is free and cheap like water, but I am saying this: My neighbor's fine home and big car have cost me nothing. He has more than I have because he (or his father maybe) has more wealth-creating ability than I have.

There is such a thing as oppression of the poor. There is such a thing as exploiting labor. It is a crime which Jesus decried openly. It is also a short-sighted vice because it leads toward poverty and not toward wealth. "Good money in circulation" is a manifestation of prosperity and it occurs only in lands where workers are well paid and thus permitted to maintain good homes and live in comfort.

America's Blessing

Workers are paid well in America, twice as well as in England and six times as well as in Russia, and America is a rich country. Families live on \$1 a month per person in China—China is a poor country. Is China poor because America is rich? No! Without the United States as a customer, and supplier, the Orient would be poorer still. The difference is that we have liberty, and they have oppression.

We Americans receive countless benefits from God's hand that people in other countries never heard about. Is God partial to America? Certainly not! Our benefits come through a channel that the rulers of other countries have blindly and selfishly closed by exploiting labor. Our God-fearing ancestors opened it for us long ago. The channel is personal freedom, protected by representative, constitutional government.

FAMOUS U. S. ARMY DIVISIONS

1st CAVALRY DIVISION

THE FIRST UNITED STATES CAVALRY DIVISION was honored by leading the march of the American Occupation Army into Tokyo. This organization, comprising Cavalry units of the United States Army which long ago served under such distinguished commanders as Lieutenant Colonel Robert E. Lee and General George A. Custer, has an outstanding record in this war. It left for the Southwest Pacific in May, 1943, after extensive training covering amphibious operations and the specializing in attack with stealth. It landed in the Admiralty Islands in February, 1944, and within half an hour elements successfully took the Momote Air Strip.

Quoting from the Army Fact Sheet: "One of the wildest battles of the Pacific was fought on Momote Air Strip on March 1. When the reconnaissance force hit the beach the previous evening it had met only minor resistance; the troops were well dug in by night fall. By early next morning the Japs began a fierce counterattack, coming in waves, screaming 'Banzai' and some even singing 'Deep in The Heart of Texas'. Behind the Cavalrymen was the sea. Many Japs carried bayonets on long poles, trying to spear troopers in their foxholes. The Cavalrymen held the strip against great odds. More than a week later the bulk of the Division arrived. Approximately 4,500 Japs were killed in the battle for the Admiralties."

The Division was one of the spearhead units invading Leyte in October, 1944, and for this action won a citation, with subordinate units also cited. The First Cavalry was the first American Division to enter Manila in the liberation campaign starting its dash to the Philippines' capital January 31, 1945, after landing at Lingayen, Luzon, three days previously. Once inside the city, the units split, one speeding to capture and occupy Malacanang Palace and the other crashing the walls of Sante Tomas University liberating more than 3,000 Allied civilians.

Component units at the time of its departure overseas were: First Cavalry Brigade, consisting of the 9th and 12th Cavalry Regiments, and the 2nd Cavalry Brigade, of the 7th and 8th Cavalry Regiments, and the 51st, 82nd and 99th Field Artillery Battalions. The oldest regiment is the 8th, organized in 1855 as the 2nd U. S. Cavalry Regiment. The 7th Regiment, organized in 1862, was commanded by Custer at the battle of the Little Bighorn.

Major General Verno D. Mudge, wounded February 11, 1945, at Antipolo, Luzon, commanded the Division in the Philippines. Major General William Chase, who commanded the 1st Brigade, is the present commander.

The shoulder patch is a large shield of Cavalry color, yellow, with black diagonal band and a thoroughbred horse's head in upper right corner. See the Division or First Cavalry for details.

Jones boys inc ltd

Sept. 15 to Oct. 15, is overseas mailing time and, seems like folks ain't doing it much. We'd hate to think we were coming home, and write the fact home, or the supposed fact, and find out early Christmas Morning that it was one of the ever prevalent army rumors, and that there we were on some "island paradise" in the south Pacific and that our folks didn't even gamble a 5 pound box of Christmas on us. Some boys, the way the Christmas mailing is going in these parts, are certainly going to be let down. If we had one, and he was outside the USA, we'd mail him a box if his ship was due to sail from a foreign port tomorrow. He might miss and we'd gamble a 5 pound box, anyway. Oct. 15 is the deadline.

J. A. PAINTER

Gatesville, Texas

TWO CLUSTERS. DFC

1st Lt. Joe N. Brown of Gatesville, who flew on 37 B-29 missions and served as lead crew radar operator and "pathfinder" operator during attacks on most of the primary targets hit by the 58th Wing in the Japanese empire.

In addition to flying on missions Lt. Brown also served as radar operations officer in his squadron. An outstanding feature of his performance was the fact that he carried out all of his missions without any malfunction of the intricate radar equipment.

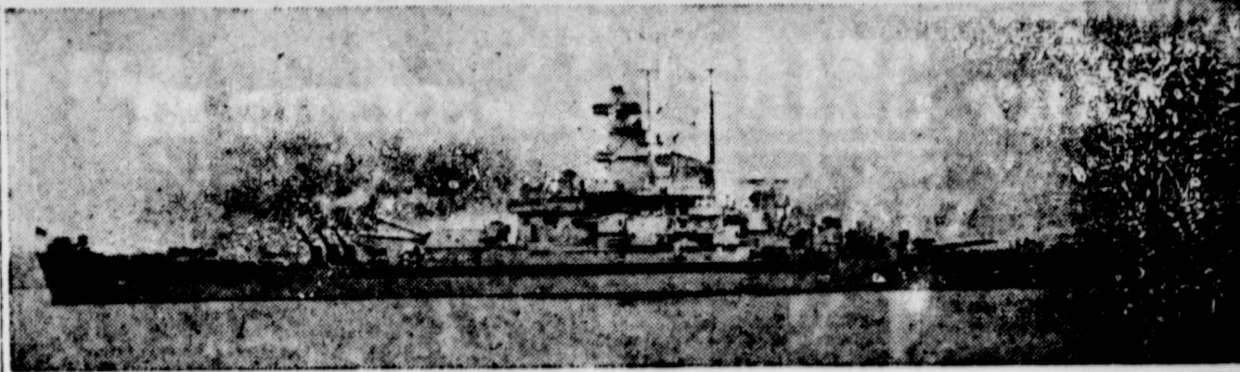

Lt. Brown is one of the pioneer Superfortress airmen who first took the B-29 into combat from India and China bases and had the distinction of participating in the initial combat operation—an attack on Bangkok in June, '44.

In recognition of his meritorious service with the 58th Wing, he holds the air medal with 2 bronze oak leaf clusters and the Distinguished Flying Cross. Lt. Brown is a graduate of the Boca Raton Radar School and Gatesville high school.

Dear GI & GILL:

Frank Higgenbotham, Manager of the Gatesville Chamber of Commerce, explained the possibility of retraining men returned from service in high school, both vocationally and the other way.

Big Frank Higginbotham in a talk at the Lions Club contends this is a chance for folks hereabouts to really do something to help the returning serviceman or woman, if he or she wants it. What the entire country should be striving for is to actually make it easier for the returning service people, and not bother them with too much bunk, red tape and gully wash. We don't want to see that here. Taking a plug for our business, right now, we could use those students, linotyper, floorman, and possibly one man or woman in the front end, or maybe two. Financially, we couldn't stand too much of a gaff, but with what the government pays for schooling and to the veteran, we could supplement this, and both of us could do even better than we are now. It'd be a real break for all of us.

We're glad to see Post Commnader Bill Nesbit come out for that Memorial Board. We've been adjitating for this for some time, and have even plans for one

of our own, since no one else seemed to be doing it, even tho it'd just be a temporary one. It wasn't done after or during the last war, and has not been done yet, and, we have noticed, talk won't get the job done.

Another thing, what happened to the Greater Post-War Coryell County-Gatesville Planning Board? Committees have been named, a meeting or more has been held, and there we are. This planning was meant for this war, not the next one, if so. Yes it take time, but it's also time to take time to get something, if anything done, and time's awasting! For our end, we're ready to give publicity or any other support possible, when the committees have something tangible to work on or intangible either. Let's put some wood in the fire before it goes out!

Nice publicity for the "Hoods", or, could be, not so nice. Referring to the story about Tom and Bob wanting or suggeting that Hood be kept permanent. That might make other sections fight all the harder, but, sometimes in a scrap, the first punch, if hit hard enough determines the outcome of the battle. Another recent story we heard is that if the camps are turned back, the state will buy, and resell to veterans, which would

not be a bad idea, if there were not tooo many strings tied to it, like we are told, are tied to FSA purchased lands.

Right now strikes are the thing, and the Oil strike is certainly going to hit home. Suppose we're not like the governor in anyway except that we don't know the merits or demerits of the strike difficulty. Our guess is it's for more money for the strikers. Hasn't been many during and after war times that were not. Papers say they want 52 hours pay for 40 hours work. Well, We'd like that, too, if somebody'd pay us, and we'd rather make it 48 hours pay for about 80 hours work a week.

You don't think this strike affects you. If you do, certainly, you're mistaken. Unless counteracted, it's lost or postponed \$20 at least for one newspaper we know of, and that in turn hurts our bebtors, help us, and those who sell merchandise and supplies. Now, that doesn't mention the vague possibility that it will last long enough that the filling stations won't have any gas for us "dumb civilians", which could happen, and some of our favorite filling stations would be closed, their help laid off, bills unpaid, and Roy, Roger, Troy, Jack, O. N., and Mabel might have to close down, too.

Now, whoever started this thing SHOULD know they were right and if they are not, looks like the government should SEIZE the unions, like they're so amind to do the businesses when they're out of line. Still, there are too many votes in the unions and not enough in the job providers (businesses) and, consequently, with election next year, we look for the unions to win anything they want until the fall of next year. Our advice, is for every little business, unorganized people, farmers, professional men to raise merry ----- (some people wouldn't like that word) and see if some of this government won't get a little scared of these unions. Incidentally, we're working on a 40 hour basis now--the employees.

You can put it down right now (the experts say it) the Hornets lost to Taylor. This is written Friday afternoon before the game, and no one more than us hopes we are wrong, but it'd certainly be a miracle if it happened. The boys are not in first class shape, and they've the cream of the class A crop to tackle tonight. How can they expect it?

Well, more anon,
WMJ.

SPORTS IN THE NEWS

We rest this week-end!

No, we don't either. There's a game Saturday night at the local stadium between Allen Academy of Bryan and 11th Hdqs. 4th Army and it ought to be a dilley.

The academy will have a top small club, no doubt, and the Army will have a sprinkling of super stars from all over the U. S. A. and it's liable to be a real game. Prices remain the same.

From out Turnersville way, one Martin (You-know-me) Clary says he's plenty of basket ball girls that are spoiling for games, and they'll

be glad to book games after Oct. 12. Martin's O. K. you know, and Turnersville usually has a basket ball club that knows it's oats, both boys and girls.

Over in another hot spot for basket ball, P. T. Lemons, now a fixture at Jonesboro, says: "The boys are throwing the ball around", so it won't be long before he's going to be asking for some "hooped games".

Class A, this neck of the woods: Lampasas 6, Killeen 6, McGregor 34, Temple "Bs" 0, Corsicana 32, Mexia 20.

Class AA: Waco 26, Jeff Davis 12, Temple 13, T. Jefferson 12, Waxy O Hi. Park 21, Ranger 6, Cleburne 32, Hillsboro 39, Masonic

Home 0, etc. etc.
Col-Univ: Ill. 23, S. Carolina 0, Ga. 48, Ky. Teachers 0, Va. 39, Coast G. Acad. 0, VMI 37, E & H. 0, Clemson 76, Presby 0, N. Car. 6, Camp Lee 0, Mich. 7, Ind. 13, Gr. Lakes 0, Wis. 0, Purdue 14, Marquette 13, Northwestern 18, Iowa State 6, Miami 26, Bowling Green 0, Depauw 13, Wabash 7, Cornell 26, Syracuse 14, Villanove 19, Bucknell 7, W. Va. 42, Otterbein 7, F. & M. 7, Ursinus 0, Muhlenberg 8, Swarthmore 28, Calif. 13, St. Marys 20, Colo. 0, Ft. Warren 6.

Other parts of the country have not "reported", but Pearl must be at it, Flat, Oglesby, Copperas Cove, and others, but they say there'll be six six-man football teams, and that the season will start late. We'd like some news about these things, not rumors. Anyway, the 6-man coaches met in Gatesville recently to talk things over, but kept it awfully quiet.

Now, the Hornets did right well to do what they did in the Taylor game. We didn't think they were that good, or, we didn't think Taylor was that bad. Now at least, that's the way a politician would say it, so it would not mean anything or make anybody mad. Anyway, WE, the team, need some more blocking practice, and a little more defense, and a little more offense, a little more passing, and, maybe a little more fundamentals. Practically speaking, a little more of everything wouldn't hurt them.

SWC scores: Baylor 32, WTSTC 0; SMU 51, BAAF 0; Ark. 12, Barksdale AAF 0; Texas 13, Bergstrom AAF 7; Aggies 54, Ellington Field 0.

"THEY ALSO HAVE SERVED"

* Note: There are probably for these men. People might wonder why they are not in, and this is probably the best reason we know of—they've been in, and, many more. This IS important discharged.
