## BLACK CATS TO MEET HORNETS HERE FRI. NITE

The Bi-District Game will be Friday night, the 30th!

Mexia's Black Cats will show their wares to the Gatesville High School Hornets in the second time in recent years in a Bi-District Game.

They dropped the bi-district title to the Hornets last year, and it was a 1-point margin, if we didn't forget, and they'll probably be here intending to take back this title to Meehair.

Could be, but we think Coach Loyd Mitchell and his club will be cocked and primed for them, but, just remember, it isn't on the platter, not until the final whistle, and its anybody's ball game.

Should we tell you local fans to be there? Guess not—you'll be there anyway.

Here's a P. S., or last minute flash on the game. Mexia's band will be here.

Season passes will be good for general admission, which is 60c and is the serviceman, and adult price. This is good only for general admission.

Reserved seats will be \$1.20, and both stands will be all reserved.

## MASONS AT GATESVILLE IN MEETING

A special meeting of Central Texas Masons will be held Tuesday night, Nov. 27, at the High

The meeting will be held under the auspices of the 69th Masonic district, which is composed of the Masonic lodges of Coryell County, Gatesville Lodge No. 197, Flat Lodge No. 791, Copperas Cove Lodge No. 595, and Turnersville Lodge No. 620.

Grand Master, Basemo Wiles of Austin will address the meeting, which will be presided over by Harmon J. White, D. D. G. M.

Other Masonic Notables expected to attend are Hon. Pat M. Neff, Deputy Grand Master, of Waco. Hon. W. R. Bruce, Grand Senior Warden, of Hillsboro; H. K. Jackson, Grand Junior Warden, Gatesville; George H. Baley, Grand Secretary, Waco; Past Grand Masters Alva Bryan and Lee Lockwood, Waco; W. S. Cooke, Jewel P. Lightfoot, Sam B. Cantey, Claud Austin, and G. R. M. Montgomery, of Fort Worth; Leo Hart, Gilmer, and Gen. Alexander O. Gorder, North Camp Hood.

School Gymnasium at Gatesville.

End seats, chairs or stands will be erected.

You might say, it's high, but that was the tax last year at Mexia, so we guess it's in line.

# OGLESBY WINS 6-MAN BI-DISTRICT, 32, ALLEN, 12 HORNETS WIN DISTRICT FLAG 7-0 FROM MCGREGOR

### MOONEY AND SIMS PROVE WINNING COMBINE FOR LOCALS

Oglesby, Turkey Day, uncorked a thrilling offense that had Allen high school, northeast of Dallas, groggy from the opening of the hard fought game.

Allen, with four wins, came to his Coryell county town with the avowed intentions of attaching another pelt to an already overcrowded belt, but went back home without the victory, but high in the praise of the locals.

Allen's Curtis and Masten proved outstanding for the visitors but nice play from Ereckson, and defensive pay by Dugger was not to be overlooked.

And little Vandiyer was one of the speedballs that made the boys from East Coryell the outstanding club on the lot for the afternoon.

Pep squads for both sides did valiant service, and the one in Oglesby, led by Miss McLendon, was the standout. A big crowd was present for the game, which was officiated by Coach Loyd Mitchell, Westerfield, and Grady.

Here's the blow by blow description of the game, with Oglesby defending the north goal, and Allen the south.

Oglesby kicks, Ethridge holding, Sims kicks, and first kick is out. Second goes to Ereckson on the 15, and he returns to the 25, stopped by Sims. Mooney then threw him for a 9 yard loss. Ereckson carries, stopped by Ethridge, 5 yds. Masten carries, and is stopped cold by Ethridge. Time Oglesby. And, at this time, Allen got a 15 yard penalty; didn't get signal. And the ball went over on downs, Oglesby

### NOTHING ELSE COUNTED: GAME EVEN-STEPHEN THROUGHOUT

An early blocked punt ended a near perfect game at McGregor Thursday night between the Gatesville High School Hornets and the scrappy McGregor Bulldogs. The story, Tatum blocked the punt, and Patterson covered it after it rolled over the goal line for the only marker in the game. Tatum's good toe pitched the oval thru the up-rights, and that was the evening's count, and it didn't take an adding machine to get that total.

Well, stars, there were them, 11 on two sides, but for the Hornets, Bone was the ground gainer, of course, with very good assistance, and Featherstone was great on defense.

For the Bulldogs, we'd like to have the combination Lechler and Horstman, and then there is that boy Neithercutt, who we were continually writing about, who stopped many a Hornet. He and Featherstone, stood out, with Whitt, and Murphy pushing them closely.

It was a ball game, and the difference, it seemed to us, was the loan touchdown, and the "point" boys really took a beating.

It was just what a McGregor-Gatesville ball game always is, as far as we could see, clean, hard, scrappy, spirited football; all that makes the game the great game that it is, when two glorious teams meet and extend themselves like these two did in the gargantuan contest.

Well, it's a full house and running over. In fact, it has been since 6:45, and you can't get out if you are in and you can't get in if you are out. It's just a McGregor-Gatesville football game, with all the glamour, color, and everything that puts this game on page one in many central Texas newspapers, and many more that don't have it there. It's the District Championship game, and an event evening and everything else that makes it what it is. It's nearly here now, the fans are flooding the sidelines and have already been asked to sit down, which they won't do because there's no place

to sit, so the end zones, the sidelines are now carrying more fans than used to see a ball game when these two clubs started playing back yonder before 1921, when the records are available. In fact, it's the Central Texas - Texas A & M Game.

Co. Cpts. Tatum and Bone, Anderson and Clements.

Hornets win toss, and Hornets receive at north, McGregor kicking at south. Roger holds, Horstmann kicks, ball goes to Davidson on the 20, and he returns to the 46 yard line stopped by Neithercutt. Tatum to Bone and he carries to the 22 yard line stopped by Horstmann. Tatum hits rt. G for none, stopped by Anderson. Tatum at C is stopped by Horstmann and made 4 yards. Necessary goes at rt end and gets none, drops 3 yards. Necessary passes over C to Bone, and the ball goes over on downs.

Lechler hits C for 3 yards. Williams carries and falls at right end. Mueggs over T makes 2 yards

**Fair Play**

Unequal advantages in any kind of contest spoil the sport for most Americans. A sense of fairness is deeply rooted in our people. Sometimes a champion athlete is not a popular favorite because the fans suspect some mysterious advantage that makes him invincible. Actually exposing crookedness in a professional team is all it takes to bankrupt the club, because fairness is cardinal.

Practically all forms of competition take on the features of a game in this country; business and politics are no exceptions. It has been said that "all's fair in love and war," but it might be said another way: When emotions overcome reason, people forget to be fair. The contestant who gets all worked up regrets it because his public turns against him if he is unfair.

**Popular Decision**

The public has taken a hand occasionally in the bout between those heavyweight contestants, Capital and Labor. Until very recently, Labor was the popular favorite, and the choice was sane. The laborer has been "the man on the bottom" in many lands for countless years and sympathy for the under dog is a human trait. But this generation of Americans has seen the tables turn.

Labor in the United States is not the under dog—far from it. Every mature person, who has given the subject any thought at all, knows that Capital is no match for Labor in this country now. Labor has a club that management can't use; the strike. What is even more, management has no weapon that will approximately match it in force and violence, and has no defense from it.

**Times Are Changed**

There was a time when an employer could fire a competent workman for voting wrong. A straw boss once could dismiss a female subordinate for resenting his overtures. Intelligent persons were let out for expressing general discontent over long hours, low wages and unwholesome surroundings. It was disgraceful. It was also a long time ago. It was not fair. The public resented it and it stopped.

People still remember those days. Nobody cares much now if employers have to hire whom the union says hire, pay what the union says pay, and blow the whistle by the union official's watch. But there is something that the public does care about, namely strikes. When a home owner's family shivers in a cold house for want of fuel he is anxious to buy, he finds out why.

**Unfairness Shows.**

In finding out why, people discover Labor's unequal advantage. John Q. Public might not frown on a strike over wages or hours, but he gets plenty huffy doing without necessities while somebody retaliates a grievance—or while men sit idle, trying to force a point that might better be settled peaceably, settled with both shifts working and business going on as usual.

Strikes are violent and unfair and the public dislikes them. Destructive as arson, they hurt many people instead of one. I am a lifelong friend of Labor, and I predict that the strike will be outlawed by popular indignation. The lockout and the blacklist were so outlawed. Peaceful ways to settle industrial disputes exist now. Unless they are used voluntarily, we can look for the public to create some compulsory method.

**NEWS of MEN AND WOMEN IN UNIFORM**

With the 37th Inf. Div. on Luzon—Cpl. Robert A. Franks, 24, son of Mrs. S. W. Franks, of Gatesville, is one of those "born under a lucky star" soldiers.

During the Mount Pacawagan campaign in Luzon, in the Philippines, Cpl. Franks was caught in an artillery barrage with an arm load of TNT. He was in charge of supplying members of "L" Company, 145th Infantry Regiment, with ammunition and supplies for the terrific battle that was being waged for the mountain.

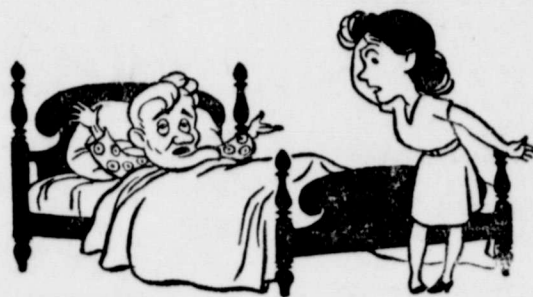

The supply route was almost straight up 1200 feet and under constant enemy fire and it was one of these trips that Cpl. Franks landed in his predicament. All convenient holes were well popu-

lated and the only thing that resembled cover was a large tree which he promptly dived behind. Clutching the bag of TNT to his chest, the question then arose as to what to do with it. Without hesitation he simply heaved it as far as he could and buried his face in the ground.

The barrage subsided and "Lucky" Franks dusted himself off, which wasn't hard to do, as he was still shaking. He had come thru without a scratch. Cpl. Franks has been awarded the Purple Heart Medal for wounds from which he since recovered, the combat infantry badge, and three bronze battle participation stars. He is at present awaiting shipment to the USA with the veteran 37th "Buckeye" Division.

**WHAT'S YOUR BEDSIDE MANNER?**

THIS IS GRANDPA, CROSS AND GROUCHY, confined to bed with chronic arthritis. His arms are cold so you bundle heavy blankets around his shoulders and then wonder why he complains, "The pain in my joints is worse." His feet are cold so you tuck a hot water bottle, filled to the top with scalding water, next to them and his thanks is, "Are you trying to burn me to death?" So in desperation you turn to . . .

RED CROSS HOME NURSING where you learn the easy way to care for bedridden patients—how to arrange equipment to save yourself stress, how to prevent bedsores—how to bathe, feed, and comfort an impatient patient. And now . . .

THIS IS GRANDPA, COMFORTABLE AND HAPPY, even though he is still in bed with arthritis. A lightweight bed jacket gives him warmth without weight. A hot water bottle wrapped in towels keeps his feet warm. And he puffs contentedly on his pipe with your full approval because you understand that clinging to a favorite habit is more important to Grandpa's happiness than a clean, but empty, ashtray.

If there is no home nursing course offered at present in your community, ask your Red Cross chapter how you may help organize one.

### TO THE PEOPLE OF CORYELL COUNTY

In an opinion of the Attorney General of Texas has ruled that persons who were exempt from the payment of a poll tax from physical disabilities such as being blind, deaf or dumb, those who have lost a hand or foot, those permanently disabled, and all disabled veterans of foreign wars, where such disability is 40 per cent or more must pay one dollar constitutional poll tax before they are qualified to vote.

This in no way effects the soldiers right to vote without a poll tax unless he has been out of service 18 months. In other words a man discharged before May 5, 1945 must have a poll tax receipt before he is qualified to vote in the General Election which will be held November 5, 1946.

According to this opinion then every person between the ages of 21 and 60 must have a poll tax receipt to be able to vote in next years elections, unless he has been in the service of the United States Army, Navy, United States Merchant Marines, since May 5, 1945.

# \$3,142,000,000 of Political Medicine Yearly in the United States

What does this mean for:  
**SICK PEOPLE  
PHYSICIANS  
THE PUBLIC**

## Political Medicine for America

On May 24, 1945, Senator Robert F. Wagner of New York—for himself and Senator James E. Murray of Montana—introduced in the Senate, Bill 1050. On the same day, Congressman John D. Dingell of Michigan introduced an identical Bill in the House of Representatives—H.R.3293. This proposed legislation is known as the Wagner-Murray-Dingell Bill.

If the recommendations in this Bill are enacted into law, they will destroy the effectiveness of medical care in the United States.

The Bill proposes to raise annually by taxation—from payrolls mostly—approximately *Eight Billion Dollars*. Of this sum an amount estimated at \$3,142,000,000.00 is to be allocated to provide medical, dental and hospital care by the Federal Government.

### What Political Medicine Will Do to Your Physician

Physicians would be paid by the Federal Government. Presumably they would work eight hours per day instead of twenty-four hours.

There would be little incentive for your physician to become more skilled in the art of medical practice. His advancement would depend upon his influence with politicians rather than on his skill or the character of his work.

Your physician would not develop initiative—he would have to adopt the methods and prescribe the treatments and medicines determined by superiors.

State Medicine—political control of medical service—always has, always will develop doctors who are politically amenable, who cater to the ward "boss" or the precinct worker rather than to the needs of human beings who are their patients.

### What Does Political Medicine Mean for Sick People?

It means that they must depend upon a doctor who:  
Is paid by the Federal Government—is presumably working eight hours per day;  
May not be the doctor of their choice, but the one that has been assigned by a political bureaucrat;  
Cannot have a personal interest in patients who come to him because they are compelled to do so;  
Must follow methods and prescribe remedies that are fixed by his bureaucratic superiors;  
Is more interested in appeasing his political bosses than he is in curing his patients.

Often human life depends upon a physician's skill—shall he be made subservient to politicians?

### What Does Political Medicine Mean for the Public?

\$3,000,000,000.00 annually of extra payroll taxes—an average of about \$120.00 yearly for each family;  
150,000 additional bureaucrats to tell patients where to go and doctors what to do and how to treat human beings who are sick;

The sacrificing of the highest level of health and the most effective medical care ever known;

Doctors—to care for loved ones—who are first political stooges and henchmen instead of self-respecting human beings and—

It is understood that, if the Medical Profession is regimented, it will represent a decisive step forward toward establishing centralized Federal Control of all the professions and industry, and the destruction of Freedom of Enterprise in the United States.

Dear GI & GILL:

It's after Thanksgiving, the first one, and now, the next big headache, or moment, (you be the choice) is Christmas. Most of us eat "regular" up until this time, and then we start stuffing. That's one reason for so very

much sickness in January, February and March. We make pigs of ourselves from Armistice thru New Year, and then it takes another three months to get over it.

This is the time of the year to be most careful about how you eat, how you sleep and how you do just about everything else, because the "payoff" will come, when the weather gets rough. The resistance necessary to ward off trouble will be consumed in consuming too much rich stuff "during the holidays" and then, you'll pay, and pay, and pay.

If we'd abandon these holidays and just eat "regular" all thru the year, we'd all feel a lot better for the six-month period from November 1, thru March 31. And, then, mentioning this time, it's also tax time, and that don't help the digestion

like it should about this time. Why you've got county, City, State, National, and maybe Precinct taxes, not to mention excise, income, store tax, luxury, and a lot of neatly hidden ones that you pay and don't know it. There's phone tax, Western Union tax, and a trillion others that you don't notice.

And, relief. There's not much hope for it in our lifetime, and our poor kids will be living many, many years

before this old tax business is lifted, and personally, we don't think it'll get better, but worse.

Right here is a very bad time to mention it, but we're not going to only mention it, we're going to bear down on it. This VICTORY LOAN DRIVE.

Alright, we've had our fling, we've had a war, and a real one, with all the uniforms, glamour, etc., etc., and horror, and everything else. Whether we wanted it or not, we've had it. We've had tremendously high wages in government jobs, and lots of folks have made tremendous profits, and have even paid more income

tax than some of us made in gross receipts, and we've STILL got this "CHECK" to pick up.

Now don't everybody grab for this check. Yes, on second thought everybody grab for it, and earnestly try to get it. Let's don't have any "fumbling" about the grabbing. Just get the check, and step right up and pay the piper. We've fiddled, now let's PAY!

Latest reports for the all-over in the Victory Bond Drive that it's only about 72 per cent over, and that ain't a bit good. Suppose

those boys only shot one out of four shells we'd be feeding some Japs and Nazis over here instead of them being in their own countries. Let's don't forget that it'd cost us 5,000 per cent if they'd took us over.

No doubt, you say, "We don't like this, or we don't like that", but remember, regardless of what is being done now, as to waste, strikes, fumbling, muddling, scryballism, we've already had the "show", the curtain is down, the chips are in, and it's time to "CASH IN THE

CHECKS" and that means, Uncle Sam is asking for his money from YOU, YOU AND YOU, and YOU'VE got yourself into this, and it's NOW time to BUY yourself out. This is a world in which you pay for what you get, and as they say: "ain't nobody ever goin' to give you nothing". This applies to this immediately past (?) war, and you're the "payee" so let's put it on the line, and get even-steppe with Uncle Sam. It's not your duty, it's your privilege.

And, we can add: "Ditto" to the National War Fund Drive, which we are ashamed to say hasn't gone over in these parts yet. No body's tellin' us to write this; we're

**KEEP ON**  
*Backing the Attack*  
**WITH WAR BONDS**

just awritin' it, and you know it's so as well as we do, and we don't have to be reminded by a chairman or something, we just know, in these cases, that it's our 'boundin' duty and privilege to get these two drives over my pronto, and we don't mean maybe. Suppose you understand that.

Well, more anon,  
WMJ.

## BOND DRIVE DRAGS: WE'RE 47th IN USA'S LOWEST STATE

Texas leads upsidedown, in the Bond Sales! That's not like Texas. And, worse, Coryell is FORTY-SEVENTH county in Texas, and, that ain't Coryell County.

The war isn't over—no peace treaty has been signed yet—only an armistice. The bill isn't paid. And, you can't "charge" a bill like that.

Something ought to be done by someone to get this business over. There are still lots of boys over there that fought, and there are lots more going over to "occupy", so there's still a place for war bond money. What's more, "hip-pocket" cash won't be worth any more than the bonds you buy. In fact, if the bonds are not good, nothing will be, so we see no earthly reason for not buying bonds and in that we mean everybody. Buy all you can. Of course, a lot of water has been cut off lately, in the job line, but there's still plenty of that old pewter laying around to put this bond drive over. Want them boys to come home to the fact that for seven times we did it, and the 8th, we flopped? Well, at the rate you're (and us) are buying, it certainly looks like

a flopola.

### OGLESBY'S OVER

Reports from Oglesby are that they've rounded up \$16,255, which was enough to put them over, and they say, they're still going.

Camp Hood came in with \$4,500 which was included in the county's quota.

### BIDS ASKED ON BRIDGE OVER HWY 36 DECEMBER 4

Bids on 81 miles of highway construction estimated to cost more than \$2,000,000 were called for December 4 by the Highway Department Wednesday.

Among the projects listed for bidding was: "Bell County -- Leon River Bridge and 4 mile of approaches on State 36 at thirteen miles northwest of Temple".

This will complete the main hitch in the highway 36 between Temple and Gatesville, and still there is a small section from Camp Hood to near Flat that is not yet paved and straightened out. It'll probably be soon.
