"Have a Care For Your Grass:" Fire Siren's Wearing

This time of year, we always caution: "Have a care for your grass" because the firemen are run ragged, and the siren is wearing out.

Of course, like an editorial in The Dallas Morning News, we might as well tell you to go ahead and burn it, throw out matches so it'll catch, and do other things to "start something blazing". There's was on 4th of July traffic—our on fire.

But, do be careful. Every fire you, if you want to put it that way.

Blame Fixed For Camp Hood Riot

TEMPLE, July 14. (AP)—Investigation at the disciplinary barracks of North Camp Hood here revealed that four or five ringleaders instigated the riot and burning of barracks on the night of June 29, Maj. W. J. Todd, 4th Army public relations officers, said Saturday.

He announced that 34 prisoners involved in the disturbance have been sent to Grenhaven, N. Y., which he explained is the eastern branch of the Army disciplinary barracks and is similar to Leavenworth federal prison.

Letter From Greer "Looks Nicer" For N - S. Highway

County Judge Floyd Zeigler got a letter from D. C. Greer, State Highway Engineer which reads as follows:

"Reference to your letter of July 13, in reference to the Kimball Bend Project.

"Bids have been advertised on July 23 on the piers on Kimball Bend Bridge across the Brazos. We have found earmarks for the construction of the approaches to this bridge. We hope to begin quite a bit of work on this particular section of the road during this year.

D. C. Greer,
State Highway Engineer."

It's the little thing: in life and this is one of them, when patched up with this important north-south highway is going to add up plenty for the oil home county.

Dr. and Mrs. Otis C. Ray and family leave Saturday on a trip to Bay St. Louis, where they will be guests of Mr. and Mrs. W. A. Prewitt, Jr., Bay St. Louis is mighty close to New Orleans.

Dr. Gains B. Hall returned home Wednesday night after spending a two weeks vacation in Houston and Port Arthur. While in Port Arthur he visited his daughter and family, Rev. and Mrs. Joe M. Brown.

First Polio Case In County; Child Flown To Tulsa

A two-year-old child of a Corporal stationed at North Camp Hood, but living in Gatesville was Coryell County's first case of polio in 1946.

The child with it's mother was carried to Tulsa, Oklahoma, the home of it's parent for hospitalization by Scott's Airfield with pilot B. B. Chandler in the new Swift plant Tuesday.

With the assistance of the American Red Cross the child was placed in the hospital Tuesday night.

The family lived in a Gatesville tourist-trailer camp. The Red Cross did not release the names.

Two Hijackers Take Pat Bone And \$75 From Southerland's

Southland's Humble Service Station was taken in by hijackers early Thursday morning, and they included in their haul, Pat Bone, night operator and about \$75. It happened about 2:30.

They are said to have stuck a .38 on Pat, rifled the cash drawer and drove off with Pat and \$76, in a '40 model Ford with white sidewall tires.

Pat was taken to within a mile of Ogleby, tied to a fence post and they drove off and left him. He freed himself, getting rope burns on his wrists, hailed some soldiers in a car headed for Gatesville and arrived about 4:30.

The car, it is thought, bearing a McLennan license plate EK9049 was taken Wednesday from Hugh Wilfong who picked them up in Temple, and they stuck a gun on him near Troy and took his car. They were eventually cashed in Waco by Highway Patrolmen Glenn Williamson and Pat Ross, but the trail was lost.

Another Car Here

Deputy Sheriff Eric Sharp said another car was picked up here with a license HE-9888, and it's owner is unknown. It was found near Mrs. J. W. Crow's home on 16th Street.

TWO HIJACKERS

Sheriff Joe White returned to Carl Howell's home to check up on articles alleged to have been taken by two escaped DB's who were caught by Hillsboro police and returned. He found they had taken a clock, gun, the pick-up and damped the house.

Funeral Services At Moody Today at 4 For J. C. Pate

J. C. Pate, father of Mrs. Wade Sadler of Gatesville, died Wednesday night or early Thursday morning, in Kings Daughters Hospital, Temple. He lived in Moody.

Services will be held today at 4 o'clock in Moody at the First Methodist Church.

Frank Farquhar Has Statement For Voters In Sheriff's Race

To The Voter of Coryell County:

As a candidate for sheriff of this county I have endeavored to see personally each and every voter in the county. I know I have missed some and to you I have missed, I wish to extend an invitation to investigate my qualifications for the office I am seeking and ask that you give me your support in the coming primary.

To those of you I have seen I desire to express my appreciation for your kindness and consideration, and the many courtesies you have shown me.

Having been reared in this county and having had considerable experience as a peace officer, I believe that I am qualified and competent to fill the office of sheriff, and if I am elected I promise to faithfully and efficiently discharge the duties of the office without fear or favor, to the best of my ability.

Please accept this as a personal invitation to cast your ballot in my behalf on July 27th, and I assure you that I will deeply appreciate anything you may do in the interest of my candidacy.

Respectfully yours,
D. F. (Frank) FARQUHAR
Candidate for Sheriff
(Politica adv. Itc.)

TODAY'S - - AP The Byline of Dependability

PRESIDENT TO TAKE STUMP FOR DEMOS

WASHINGTON, July 19. (AP)—President Truman said today he will take the political stump for Democratic Congressional candidates this year if he can be of service.

In the same news conference, Truman said he was against the re-nomination of Roger Slaughter, Democratic Representative from the Fifth Missouri District, and he has asked James Pendergast, Kansas City political machine leader to support Enos Axtell, Slaughter's opponent.

TRUMAN WON'T ASK CONGRESS FOR RED LOAN

WASHINGTON, July 19. (AP)—President Truman virtually ruled out the billion dollar loan to Russia today saying he had no intention of asking Congress this session for more funds for foreign financing.

"NEW EVIDENCE" IN MUNITIONS PROBE

WASHINGTON, July 19. (AP)—The Senate War Investigating Committee reported today it has uncovered "new evidence" in the war profits inquiry into the munitions combine, but refused even an "inkling" of the nature or who it involved.

NOT MUCH CHANGE EXPECTED, PAROLES

AUSTIN, July 19. (AP)—Governor Stevenson said today he did not expect the next Legislature to change the existing parole system "much," because "too many views" on what made a good parole system were held.

"A Tree Grows In Back Of Foster's!" A Peach Tree

They didn't bring ours, but modernity hasn't stopped a peach tree from growing in Gatesville.

An Alberta peach tree, watered by an air conditioning unit and protected by city concrete in a court jus back of Foster's Drug has some of the grandest Alberta Peaches we've yet seen.

The air conditioning unit leaks, as most do, and the peaches sop up the leak. It's between four or less concrete walls, well protected from wind, storm and too much heat, and it producing supercolossal peaches.

They didn't make a movie about it, tho!

McGregor Rodeo Helped Quieten City Yesterday

We'll blame it on McGregor—they've got a Rodeo in progress—and something quietened Gates-

Dr. Alvin Hopson To Conduct Meeting 1st Baptist, Mound

Dr. Alvin Hopson, a former citizen of the county returns this week to conduct a revival meeting at the First Baptist Church at Mound.

He is a native of Mound and attended Howard Payne College and Baylor University, and has been pastor at Arnett and Pecan Grove. He attended the Seminary at Louisville, Kentucky, and received the Th. M and Th. D. degrees, and has served as pastor at the First Baptist Church at Lebanon, Tenn., where he is now located.

A very cordial invitation is extended to all to hear this young minister in these services.

ville's streets Thursday, a number of citizens must have been missing. McGregor always has a good'un, and this is no exception. If you can, driven on down, say it's rough 'n tough!

Ollie Little Has Statement For Voters In County Supt. Race

TO THE CITIZENS OF CORYELL COUNTY:

In presenting myself to you for election for a second term as County Superintendent of Coryell

County Schools I want to express my appreciation to the citizenship of this county for their splendid cooperation with the County School Office during my tenure. I want

(Continued on Page 8)

Dick Payne Has Statement To Voters In Commissioner Race TO THE VOTERS OF COMMISSIONERS' PRECINCT NO. 4

As a Candidate for County Commissioner of Precinct No. 4, I would like to say that upon entering office January 1, 1943, I found it very difficult to carry on necessary work due to the fact this was during the war period, which made it impossible to get needed equipment and material. This condition has been even worse since the end of the war due to strikes and other delays in production which I am sure most of you realize from handling your own personal business.

The financial condition of Precinct No. 4 is in fair shape considering the fact that we are still operating on the same pre-war tax and are having to of course pay war time prices for everything used.

I feel that we are now approaching a period when more effective work can be carried on and if elected Commissioner I will do my best to fairly discharge the duties of this office. I appreciate the cooperation that you have given me in the past and if I do not get to see you personally I would like to say that I will appreciate and consideration given me.

Respectfully,
DICK PAYNE

BLIND DATE PROGRAM STAFF

As a special feature of the Friday night dance a blind date program was presented similar to the well known radio program two soldiers were the lucky winners and receive the dates with GSO girls with all expenses paid for the

LOOKING AHEAD

BY GEORGE S. BENSON
President—Harding College
Searcy, Arkansas

Vital Economy

Hearing that it would not be necessary for anybody to pay any federal taxes for a period of 12 months would have been good news to a lot of people any year for two decades before World War II. It would have occupied acres of front-page space in metropolitan papers, utilized hours of radio time and consumed gallons of red ink. It might have started a buying boom.

The money people used to put out in federal taxes was staggering (then) although the amount seems small in contrast to what they have been paying lately and probably will keep paying for several years. Just the same, pre-war taxes were big money and, even now, would be worth saving. That's exactly the point I want to make in this department today: It can be saved.

Over Twice Enough

Civilian employees of the United States government today number approximately 2,800,000 when 1,250,000 would be plenty. Even this low figure is about twice what we had six months after World War I. In short, government has 1,550,000 unnecessary hirelings now—more people than live in The Bronx, in Los Angeles or in St. Louis plus all of its suburbs. It is humiliating to think about.

All of this enormous host of people are eating out of the public breadbasket. They are not to be thought about as if they had private wealth and had retired to pursue some impractical hobby. Such people as that do, at least, distribute wealth previously put away. The people I am talking about are dead-weight on the rest of us. They subsidize on federal tax revenue.

Five Million Grand

Since their average annual income is about \$2,400 each, they are costing the taxpayers of the United States every year the staggering sum of \$3,720,000,000 in salaries alone. Everybody who hires salaried people knows well that salaries are not all the expense they incur. They all have to be provided more or less space, lighted, heated and equipped.

Add to these items such matters as traveling expenses, telephone calls and incidentals and the grand annual expense, as a result of having these people employed, will swell to five billion dollars at least. If such people could be lifted off the public's neck the money could be saved and the public would surely feel the relief.

Plus Social Gains

Such shortening of payrolls would be completely justified by savings alone but there are plenty of other benefits. (1) It would help to balance the federal budget, and if it is not balanced the country will eventually go broke. (2) It would help curb the trend toward bureaucracy, toward centralization of power and toward government by whim instead of deliberate government by law.

(3) Not the least of blessings to follow laying off these people would be releasing more than one and a half million persons for productive work, letting them create something instead of living off the efforts of others. (4) Finally, it would increase the hope of saving for future generations the finest civilization the world has ever known. I submit unto you it ought to be done.

FARMERS MAY OBTAIN PHOSPHATE
The Coryell County ACA Office

has been advised that Coryell County will receive one car of superphosphate in the very near future. Phosphate is very scarce this year and it is doubtful if the county will be able to obtain more mer wanting phosphate to apply to winter legumes to be seeded this fall or to apply to permanent pasture should make application at once.

FARMERS TO REPORT SOIL BUILDING PRACTICES BY AUGUST 15

Prior approvals issued by the County ACA Committee to farmers on pasture mowing and farming row crops on the contour will all expire on August 15, 1946. Far-

Arkansas May Be Second Target Ship

Target ship, or vessel nearest center of the blast, for the second atomic bomb test may be the overage battleship Arkansas, it has been indicated by reliable sources

mers should check their prior approvals now for expiration date. In order to receive payment for the practice, the farmer must report the measured extent of the practice to the A. C. A. Office on the bottom half of his prior approval. These prior approval forms may be returned by mail or in person. Approvals not returned by expiration date will be cancelled and no payment made for the practice.

although no definite announcement has been made by Adm. W. H. P. Blandy, commander of operations crossroads and the joint task force.

The carrier Saratoga was first slated to be second target ship.

An interesting sidelight on fate of the Saratoga, which suffered only negligible damage in the first test, is that her commander, Capt. Donald MacMahon, knowing that she was slated for the second target ship made a wager with a friend in Washington, before bringing the ship to Bikinia, that he would take her back to the East coast under her own power. It look now that he has better than a 50-50 chance of winning his bet.

Miss Merle Ayres Winfred Black Wed In Arkansas

Miss Merle Ayres and Mrs. W. E. Ayres of Grove are announcing the marriage of their daughter, Miss Merle Ayres, to Winfred Black, son of Ruthie Black of Spiro, Oklahoma. The wedding took place at 8:00 p. m. July 5, in the home of the bridegroom's cousin, C. E. Sampson, in Fort Smith, Arkansas.

The bride chose for her wedding a light blue street-length dress with cherry cokes accessories. She wore a corsage of rose carnations. For something old, she wore an imported opal ring which belonged to her aunt, Mrs. Moore Graham. She carried a white Bible for necklace belonging to Mrs. Hayden

Scroggins. Her hat and gloves were blue.

Miss Faye Black, sister of the bridegroom, attended the bride as maid of honor. She was dressed in a fuchsia suit with black accessories. Her corsage was of white carnations.

A reception was held immediately following the ceremony. Mrs. Laverne Kennery served the punch. The three-tiered wedding cake, topped by a miniature bride and groom, was served.

Mr. Black was graduated from Flat high school and until recently has been employed in Temple. He received his discharge in October of 1945.

Following a short wedding trip, they will live in Spiro, Oklahoma.

Gatesville Girls Are "Third Session" Members At Tonkawa

Eight young girls of Gatesville attended camp at Tonkawa for the third session, and Joann Jones, Geneva Chambers, Ann Schaub, Vernea Waddill Dorothy Ellis, Betty Beauman, Lazane Asher and Amanda Lou Hatter now of Huntville. Mrs. Lou Hatter was their Cabin Counselor.

Events of the camp included a 4th of July celebration, making a technicolor movie, a barbecue given by Waco Kawanis, at which was a song-dance number, "Alice Blue Gown."

July 7 was visiting day, and a Horse Show was held with Geneva Chambers talking 1st in the pony class, Dorothy Ellis, 2nd.

Council Fire was Thursday and Gatesville girls won several honors taking their Trail Seekers Rank.

Wanda Laddne Brotherton Wilbur L. Morgan Weds In Humble

Miss Wanda Ladine Brotherton became the bride of Wilbur L. Morgan at 4:00 p. m. June 8, at the Methodist Church, Humble, Texas. The pastor of the church performed the double ring ceremony.

The bride wore a blue crepe dress with black accessories and a corsage of white orchids.

Following the ceremony a reception was held at the home of the brides parents in Houston.

The couple are at home in Livingston, where the groom is working for Humble Oil Company.

Mrs. Mildren Campbell left Monday afternoon for Dallas to visit Mrs. Catherine Markin who was bookkeeper here for the USO until recently.

Dear Judy,

Hi, Sugar One! Glad to hear you are having some fun paddlin' your new canoe. Personally, I'd rather stick to a rowboat. Or maybe you are a super swimmer!

Speaking of swimming, here are a few rules laid down by New York City's health commissioner and the kids out there might profit by 'em:

- 1. Don't use water wings or tire tubes if you can't swim. 2. Swim only at lifeguard beaches. 3. Don't go beyond your depth. 4. If you're trying for distance swimming, have a boat go along. 5. Don't pay practical jokes. 6. Make sure the water is deep enough before diving. 7. Wait two hours after eating before swimming. 8. Stay out of the water if you have heart or sinus trouble. 9. Stay out of polluted waters. 10. Learn first aid.

Swimming isn't the only thing that can be dangerous. If you plan to go camping, make sure your clothes are fireproofed before you get too close to the fire. Washable clothes such as your jeans and shirts can be dipped in a non-flammable solution. Here's a good solution you can make at home: Dissolve seven ounces of borax and three ounces of boric acid (dry) in two quarts of hot water. Stir until all the borax is dissolved and the water looks clear.

Don't dip the clothes in this solution, however, until they are washed, rinsed and dried to remove any starch or soil that might prevent the fabric from absorbing the solution.

The fire-protection finish will last only as long as garments are not washed or soaked with rain. After laundering it must be applied again.

And, minx maid, if you happen to be so unfortunate as to get a dose of poison ivy on your camping trip here is what to do to relieve the itch: Take hot water and ordinary kitchen or laundry soap containing an excess of alkali and rinse the skin several times. Be sure not to use soap containing

much oil, for he poison is soluble in oil and will spread over other parts of the skin.

D'you know the Modera Miss sewing magazine? Well, they had a contest to select the perfect cover girl. It was won by 15-year-old Jean Defibaugh of Woodside, Delaware (population 100). Jean is a student in Cedar-Rodney High School in Camden-Wyoming, Delaware. She was chosen by model agency man Harry Conover and a group of fifteen age models. The girls were judged on the basis of their attractiveness, plus grooming, naturalness, camera poise and the sincerity of a 50-word letter. What's the matter with Judy?

dict Carl McClendon and A. E. Wiese attended the ground breaking of the new city hall fire station at Copperas Cove Monday night.

Mr. and Mrs. Dick Whigham and daughters of New Jersey are visiting relatives and friends here.

B. L. Blooworth came in Monday for a few days and he will leave for Fort Worth to visit Mr. and Mrs. Fred Urewitt. From there he will go to the mountains near Denver, Colorado, to study Geology for a month.

Miss Bettie Kate Dickie daughter of Mr. and Mrs. Emmett Dickie of this city has been chosen as one of the fifteen honor students enrolled at T. S. C. W., Denton, to receive the Jesse Jones Home Economics Scholarship Award. These students were chosen on the basis of recommendation, average and need and will be awarded at the beginning of the regular school session on September 17.

Rev. and Mrs. E. L. Craig and

daughters of Mexia were here Monday for a few hours. The girls remained over for a few days visit with friends.

Mr. and Mrs. Louis Ball of Houston; Mrs. George Kirlpatrick, Jeannette and Buddy of Elm Mott; Mrs. O. G. Ward of Gatesville visited Mr. and Mrs. Alfred Stoll and family Sunday.

Mr. and Mrs. Lou Hatter of Huntsville were visitors in Gatesville on their return from Camp Tonkawa, and were guests of Mr. and Mrs. Troy Jones and Mr. and Mrs. J. W. Laird.

Horse And Buggy Red Tape Binds Cops

NORTH ADAMS, Mass. — (AP) — Among the duties of North Adams policemen is "to give special attention to horses and vehicles left unattended for five minutes." But not for long, they hope. Police Chief John F. Flaherty and a city council committee plan to streamline police rules, unchanged since the horse-and-uggy days of 1897.

CEIVES MEDALS FROM PRESIDENT

the Congressional medal of honor from President Truman for gallantry a diagram of seating arrangements for the ceremony. Left to right: Sgt. Alejandro Ruiz of Barstow, Texas; T-Sgt. Beauford T. and T-Sgt. John W. Meagher of Jersey City, N. J. (AP Wirephoto)

Foresee Dry Season South Africans

JOHANNESBURG (AP) — Because of the world grain shortage there is no hope now that South Africa might in the near future regain her pre-war imports of whiskey. Johannesburg storekeepers who were supplying their customers with a monthly bottle of whiskey are now curtailing even this meager supply.

Here's A Hot One: Sunburned Trout

DURANGO, COLO. — (AP) — Sunburned trout had John Henderson worried for a while but now the Durango fish hatchery superintendent is resting more easily because he's figured out that the fish get over their sore backs, just like people. He explained that when the hatchery's Lochleven trout occupy very crowded quarters they push and shove each other enough so their backs are out of water and exposed to the summer sun. Then comes burning, peeling and raw spots — but these heal over two or three weeks after the fish are planted in streams.

Funerary Urn

SYDNEY — (AP) — An ancient Greek urn filled with soil from the graves of Australian soldiers buried in Greece has been brought to Australia for presentation to the Australian people.

Java Exports

BATAVIA, (AP) — The first finished products exported from Java since the war a shipment of office furniture, left here recently for Malacca in Malaya.

NEW DODGE

Double Protection

*Your Safety and Comfort—*Your Present Car Investment

TO all OUR FRIENDS and CUSTOMERS—this is the most urgent and sincere advice we can give you today.

"Keep Your Present Car in Top Condition"
Of course we want to put you in a new Dodge as quickly as we can. But we simply can't do that to your own best advantage if you run down the condition of your present car.

Why? Because the wait may be long—your present car is old and yet you need all the driving safety and comfort you can

get. Also, because you definitely 'profit' or 'lose' by the "condition" of your present car when you finally turn it in.

So, out of our experience and knowledge of today's conditions we again say to you—

Get Our Double Protection—Today

Bring in your car. Let us give it the necessary inspection and expert care. Then you'll have peace of mind—and you'll be money ahead.

Your New Dodge will be a rich reward for waiting. With **Double Protection** now—while you're waiting—you gain in every way.

THE FRIENDS OF JOE WHITE SAY RE-ELECT HIM SHERIFF OF CORYELL COUNTY

Because:

He has always stood for law enforcement irrespective of the law being enforced or of the individual involved.

He has fairly and ably discharged the duties of the Sheriff's Office in every respect since Camp Hood was established, which has been the most trying time from the standpoint of law enforcement in the recent history of the County.

He has had many years experience as a law enforcement officer, and we believe that these years of experience coupled with his ability and sincere desire to fairly enforce the law will assure Coryell County of continued competent service from the Sheriff's Office if he is re-elected.

VA. Q. & A.

Q. Can a member of the women's armed service obtain medical aid from the Veterans Administration in pregnancy cases?

A. Veterans Administration has ruled that pregnancy is not a disease or a disability but a natural phenomenon or process and therefore is not a responsibility of the government. However, if there are pathological complications, the ex-service-woman can receive medical aid.

Q. Can a merchant seaman who is disabled in World War II receive vocational rehabilitation?

A. Not from the Veterans Administration for the reason that he is not a veteran. He may secure it from the Federal-State rehabilitation program under the Federal Security Administration.

Q. For what purpose may a veteran get a guaranteed loan?

A. To buy, build, repair, alter or improve a home; buy a farm, livestock, equipment or supplies or to acquire working capital; construct a farmhouse or other buildings on a farm; repair, alter or improve a farmhouse or outbuildings; improve farm land or equipment; conduct farming operations; purchase stock in a cooperative association where the purchase of such stock is required by Federal Law in connection with obtaining a farm loan; buy a business; buy a building or land for business purposes; buy business supplies and inventory; buy machinery tools and equipment for operating a business; construct, repair or improve business building or personal property; obtain working capital for a business or profession.

Q. Can a veteran get a guaranteed loan to pay off a debt that is past due?

A. Yes, under certain conditions. Full information may be secured from the lender or from the local VA loan guarantee officer.

Q. What interest rate is charged?

A. The interest rate on a guarantee loan cannot exceed 4 per cent. The interest rate on a non-real estate loan which is to be insured for the lender instead of guaranteed may be as much as 5.70 per cent.

Q. What loans can be insured by VA?

A. Any loan eligible for guaranty when made by a supervised lender.

Cigarette Buds

BERLIN (AP) — With the black market price of American cigarettes still about \$15 a pack of 20 and their own rations negligible, some Germans have taken to buying and smoking dried rose petals and peppermint leaves.

For Higher Pay

WARSAW Poland (AP) — The Central Committee of Trade Unions has requested the government to boost the pay of "state employees, the militia, secret police, railway workers and pensioners."

CHAMPIONS BOTH

General Jonathan Wainwright, in Corpus Christi, Texas, for the county-wide veterans barbecue, is shown as he feeds a bite of hay to Bold Venture at the King Ranch stables near Corpus Christi. The horse is the sire of truf's Triple Crown Champion, Assault, of the King Ranch Stable. Bold Venture is a champion race horse in his own right, having won many races when in his prime. (AP Photo.)

Enjoy **COMFORT COOLING**

with ATTIC VENTILATION

Your attic is a **HEAT TRAP** without ventilation

COOL Breezes replace heat with attic ventilation

In summer, your attic is a heat trap, building up temperatures as high as 25 to 35 degrees above outside temperatures. This stored-up heat acts like a blanket keeping your house uncomfortably hot long after the sun goes down.

Attic fan ventilation eliminates this prime cause of summer discomfort by drawing cool air in through the windows, circulating it about the house and blowing hot air out through attic vents, thus cooling the entire house. Instead of sitting up until midnight waiting for the house to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for immediate installation. Consult your electric appliance dealer or this company for the facts about this low-cost way to summer comfort.

COMMUNITY PUBLIC SERVICE COMPANY

The only bird known to have slit eye pupils is the black skimmer. In bright light, the pupil of the eye of a cat is a vertical slit, but in dim light it becomes circular. In 1896 New York City made its first appropriation (20 pounds) for street cleaning.

OFF FOR ALASKA

Dick Clark (in white cap) attempts to crank the 1914 model Ford as Ed Clevinger gives instructions from the driver's seat in Dallas, Texas, as the two began the second leg of their trip from Waco, Texas, to Fairbank, Alaska, on a 12,000 jaunt. Clevinger, a mechanic, will keep the car in repair as it struggles over half of the North American continent. The lightweight trailer will carry camping supplies and necessary replacement parts for the automobile. (AP Photo)

Senator Shivers Has Hat In Ring For Lieut. Governor

Senator Allan Shivers, only ex-serviceman in the race for Lieutenant-Governor, focused attention on war veterans when he opened his campaign recently in his hometown, Port Arthur.

"I exchanged ideas with fighting men many times in the hard days overseas in Africa, Italy, France and Germany. I know the anxiety and disappointment of many veterans feel today and I understand and appreciate their problems that are also my own problems," the Jefferson County senator stated.

Although only 38 years old, Senator Shivers is dean of the years service there. The Gulf Coast counties of Jefferson, Hardin, Liberty and Orange made him the youngest senator ever to take the oath of office when he was first sent to the state capitol to repre-

SPORTS IN THE NEWS

"Red's" Ramblers Draw Bye In First Round Soft Ball At Temple Tourney

Gatesville Ramblers were lucky in drawing a bye in the first round of the Temple District ASA Soft Ball Tourney which opens there August 2, 3, and 4.

Games will be played at Baker field and at the Veterans hospital diamond, if permission is granted. Entries in the tournament are from Bell, Coryell, McLennan, Freestone, Leon, Madison, Grimes, Washington, Brazos, Milam, Burleson and Robinson Counties. The state meet will be held in Houston. Play starts Friday, August 2, but the Ramblers rest until the second round.

Practice Games Coming

Coach "Red" White has a game here Friday, tonight with Clifton, to be followed Tuesday night with Valley Mills here, and Hamilton Wednesday night, Lampasas Thursday night.

Trounce DB's 8-7

In Wednesday night's game, Boog Jones, catcher, got a hit that brought in a run that shaded the DB's 8-7. Loer pitched for the locals and Faucett and Crabtree were the batteries for the DB's. Both teams are entered in the Temple go.

sent them in 1934.

My past 12 years experience in the state senate enables me to pre- side over that legislative body, which is one of the main duties of Lieutenant - Governor," Senator Shivers pointed out.

Listed as his aims when elected Lieutenant-Governor Senator Shivers namel consideration of war veterans problems, higher salaries for teachers, better farm-to-market roads, reorganization of the pardon and parole system of the state.

He proposed and sponsored a farm-to-market road program for every county in Texas during the last session of the legislature. "The first old-age assistance law placed upon the Texas Statutes was sponsored by Allan Shivers."

"I have been a proponent of legislative redistricting since 1937. This must be done and real soon" the enator said, continuing his platform. "I favor a 60-day session of the legislature each year rather than 120 days every other year. I also favor a reduction in the number of legislators and adequate pay for them," he stated.

Stanley Chapel Has Revival Starting July 19

Starting July 19, a revival will begin at Stanley Chapel, with Rev. Alvie Johnson as the evangelist. Services will be held each evening at 8:15 and on Sunday there'll be an eleven o'clock service.

FIRST BAPTIST CHURCH—

Sunday school meets at 9:45 with the pastor, Dr. Lawrence Hayes preaching at 10:50 on "Who Is My Neighbor?" The offering for World Relief will be started Sunday with a local goal of \$2,500.

Southern Baptist are seeking to raise 3½ million dollars in July and August to feed the starving millions of Europe and Asia.

Training Union at 7 o'clock with the evening worship hour at 8:00. The pastors subject is "Crowning Life with Service." Baptizing will follow the evening service. Welcome.

OLLIE LITTLE

(Continued from page 1)

the entire citizenship of this county to know that I fully appreciate your giving me the opportunity to hold this office, and that I consider it a distinct privilege to work for you.

I offer for your approval a brief summary of some of the accomplishments made since I have been your school superintendent:

1. Permanently tandarized all of the 43 schools in operation when I took office were standard.
2. Developed a testing and guidance program.
3. Wrote a course of study for the 12 grade system which was used until the State provided a course of study.
4. Set up a visitation itinerary.
5. Placed hot lunches in schools.
6. Organized the Junior Red Cross in all schools.
7. Enlarged the circulating library.
8. Organized a visual education program so that all standard schools which have electricity can have educational films at regular intervals.
9. Helped improve the transportation system.
10. Worked consistently with legislators and the State Department of Education in securing higher salaries for teachers.
11. Worked consistently for increased per capita appropriation which has increased from \$21.00 to \$35.00.
12. Organized a vocational training school for returned veterans.

I cite the above record for your consideration.

Let me assure you that your vote and any influence that you may use in my behalf will be greatly appreciated. It has been a genuine pleasure to serve the schools of Coryell County. I have tried very much to render this service efficiently and effectively, and if elected to a second term, I shall continue this effort. I shall continue to utilize every source to give the boys and girls of Coryell County a better Education Program.

Sincerely yours,
OLLIE LITTLE

(Po. Adv. 1tp)

The men and boys in the community gathred at the church Monday and worked on the Sunday School builling. Altho they put in a good days work, there is more work there to be done.

Mrs. Bowmer of Burnett spent part of the week with her sister-in-law, Mrs. O. A. Bagan.

Mr. and Mrs. J. W. Davis of Gatesville visited his grandparents Mr. and Mrs. M. M. Davis.

Mr. and Mrs. J. M. Weeks spent Sunday with Mr. and Mrs. Coley Jones at Harmon.

Billy Laxson, Damon Gaham and Don Cox spent the week end with Jim Jones in Brownwood.

Eusace Cox returned home after spending several months in Peccs.

Mr. and Mrs. Dan Ganthom of Abilene, also Mr. and Mrs. Roby Grantham of Abilene are visiting Mrs. E. J. Forrest and other relatives.

Miss Bettye Melton of Ogleby is visiting her sister, Mrs. Webster Bundrant.

Mrs. Rusie Bertrand is in a hospital in Temple. Her sons from For Stockton came to be with their mother.

Misses Tillie Adams and Elizabeth Adams are making their employment.

F. F. Flatt spent part of last week with his mother in Goldthwaite.

Mr. and Mrs. Horace Dyer and son, Bob, of Gatesville and Miss Ethel Dean Dyer of Slater spent Sunday in the Homer Laxson home.

NUMBER 61.

FIRST BLAST, June 30th. Five ships sunk, nine ships wrecked, forty-five ships reported damaged.

SECOND BLAST, in 3 weeks - expect a crushing effect on ships' hulls. Great radioactivity in water. Giant waves to sweep over ships and island.

THIRD TEST, to be staged next year. Predictions of some who witnessed 1st test are that all ships will be sunk within 50 miles of blast area.

1st bomb dropped by plane. 2nd bomb to be planted just under surface of the water. 3rd "bathysphere" bomb to explode at depth of 125 ft.

ENDLESS ARGUMENTS RAGE

World Awaits Second Test of Atomic Bomb

By WALTER A. SHEAD
WNU Correspondent.

ABOARD USS APPLACHIAN OPERATIONS CROSSROADS. — Second or Baker test of the atomic bomb in Bikini lagoon, now tentatively set for July 25, will be like dynamiting fish in a pond.

Lacking will be the glamour of the army air force and precision bombing as the whole thing will be a navy show. The bomb will be submerged some 75 feet beneath the surface in about 30 fathoms of water, 180 feet, and detonated in the midst of the target fleet, which is being regrouped to meet new conditions of the test.

This second test also will lack the drama of the bomb burst and the atomic cloud, which is characteristic of atomic bombs exploded in air. What is likely to happen is that the intense heat will generate steam in the water and the terrific force will expend a part of its energy in a waterspout with a cloud of steam and vapor shooting into the air. Intent of this test is to measure force of atomic energy upon the hull structure of naval ships spaced at various distances from the center of the explosion.

Subs to Submerge

There will not be the visible damage which was inflicted wholly upon the topsides or superstructures at in the first blast. Since there is to be no ship placed directly above the point of blast, the prediction is being made freely that no capital ships will be sunk, although lighter craft may be capsized. Another feature of the second blast is the placing of submerged submarines in the target fleet, and it will be interesting to note the effect of the bomb force upon the steel hulls of these vessels beneath the water.

Naval scientists predict that force of the underwater blast will create waves of sufficient height, possibly 10 or more feet which will sweep over low-lying Bikini island, although this was also forecast in the first blast and did not materialize.

Meantime, endless arguments proceed as to the degree of damage to the ships, the location of the bomb burst, whether the drop from the plane was a "near miss," probable loss of life had the ships been manned with full complement, and comparative efficiency of this first Bikini bomb as compared to the bombs at Alamogordo, Hirohima and Nagasaki.

Precision Bombing

When it is considered that this

bomb was dropped from a height of something like six miles and hit within a 1,000-yard circle, this reporter would consider the pretty good precision bombing.

Adm. T. A. Solberg of the bureau of ships, however, declared that insofar as he could judge, every ship damaged by the bomb, with the exception of the Independence, could be put into fighting shape within two or three months.

For the Independence, battered and ripped apart by explosions of her own torpedoes, her ammunition and aviation gasoline and burning for almost two days, it would take about nine months to put her in shape again.

Also all ships damaged, with the single exception of the Independence, towed away and anchored far out in the lagoon, likely could have pulled away under their own steam, had they been manned with crew.

Study Effects

In the meantime, Bikini lagoon has been turned into a vast laboratory of science, chief interest being the effect of the bomb and its subsequent radiological rays upon the live animals placed aboard the ships at various locations likely to be occupied by the men aboard. Amazingly, only about 10 per cent of the animal were killed by the force of the blast. Some are burned and sick and others may become ill from effects of radioactivity. As a matter of fact, a few already have been destroyed by medical doctors, who are studying this phase of atomic energy in an effort to determine how this radioactivity can be used in medicine in treatment of disease.

Persons or animals which receive these powerful rays into their systems are variously affected and the boarding teams upon these ships are preceded by a trained man carrying a "Geiger counter."

a small box-like apparatus which registers radioactivity by a ticking noise.

Estimate Losses

A fleet such as those which composed the target fleet would normally carry approximately 30,000 men. It is reasonable to assume then that approximately 10 per cent, or 3,000 men, would have been killed by the atomic bomb blast and that more would have been injured by radioactivity. Whether much of the damage to ships caused by subsequent fires aboard could have been averted had crews been aboard is a moot question. Some ships captains declare that damage would have been much less had the ship fire-fighting equipment been brought into play, and this seems reasonable in that most of the loss on the Independence was due to fire and explosion and not the bomb blast.

There is no attempt however on the part of naval authorities to minimize the terrible power of this atomic bomb. No other single bomb ever did the damage to a fleet that this one did. . . . five ships sunk, one completely out of commission and approximately 10 others out of action for two months or longer, and small to negligible damage done to 10 others.

However, another atomic bomb likely would not find 73 ships to make up a helpless ghost fleet grouped conveniently like sitting ducks and whether use of the atomic bomb as an offensive weapon of naval warfare upon ships at sea is militarily sound still is a debated question and one which the naval evaluation board will study during the next few weeks or months.

It must be remembered that whatever is said about this second bomb test before the actual test is in the realm of conjecture, and much of the conjecture made prior to the first test did not materialize.

LOOKING AHEAD

by **GEORGE S. BENSON**
 President—Harding College
 Searcy, Arkansas

Let's Review

Education, or the lack of it, gets blamed for about all the world's ills. It is pretty generally agreed that the peoples of Earth need teaching, or perhaps re-teaching. Moreover it is not much trouble in any company to start a free-for-all discussion about the science of education. In fact there are some who insist that teaching is an art and not a science at all.

Some commentators crusade for penetrating study in narrow fields of learning while others whoop-it-up for wider browsing ranges. Both philosophies can be run to extremes. Over done, specialization gets people in ruts while versatility, gone wild, leads men's minds a wool-gathering. Surely there is a happy medium, seeing that both extremes are selfish and quite short-sighted.

What to Study

Schooling actually does not help people much unless it makes better neighbors of them. It should, by all means, train them to engage in activities with other people, for the benefit of all. Today this is clearly the most essential feature of education because people who don't understand co-operation are being led by the nose straight through collectivism to dictatorship.

George William Curtis once wrote: "While good men sit at home, not knowing that there's anything to be done, nor caring to know, half persuaded that this republic is the contemptible rule of a mob and secretly longing for some splendid and vigorous despotism, . . . remember that it is not a government mastered by ignorance; it is a government betrayed by intelligence."

Betrayed by What?

We have a sad state of affairs indeed when intelligent people realize that things are taking place which they suspect are very bad for the country, yet fail to take a hand in remedying matters. Preserving the personal liberty of all people ought to be every man's personal duty. Those who have been without freedom consider its safety a high moral obligation.

Some men have deep learning in fields that do not embrace history, government or economics. Others have gained far-flung knowledge without sensing the duties of citizenship or any obligation toward other people. Curtis' long life ended before this century began but he saw the political dangers of this day with amazing clearness: "Betrayed by intelligence," he said.

Time Fades Facts

The notion that a nation may be governed, not by a ruler but by the people themselves, was not new in Mr. Curtis' time. Our own republic was hardly half as old as now when he began writing for "Harper's Monthly." Otherwise he had all the examples we have. One big difference in his generation and ours is this: They still appreciated their freedom.

Students would not be helped much now by a smattering of more arts. Neither is there a crying need for more specialization. Consolidating our recent scientific gains and preserving our freedom is our No. 1 problem. Our vital classroom need is a refresher course in comparative welfare. Where and under what system have the most people lived the best lives? Answer: We have it, right here in the U. S. A.

Church.

Services were held July 9, 1946, at 5 p. m. at Turnersville Methodist Church, conducted by Rev. C. H. Lee, internment was in Turnersville cemetery.

Survivors include a brother, Dave Barnard, and several nieces and nephews.

Rev. Floyd Johnson was taken to the Coryell Memorial Hospital Friday for an operation.

R. E. Blair left Friday for Philadelphia, Pa. to attend the International Convention of the Lions Club.

Misses Roberta Blair, Margaret Kelso and Peggy Gray of Turnersville visited with friends in Austin the latter part of last week.

Mr. and Mrs. Bob Arnold and sons left Thursday for Philadelphia, Pa., to attend the International Convention of the Lions Club.

WAR on WASTE

HOSPITALIZATION

Twelve out of every 100 persons will be hospitalized this year according to information released by the American Hospital Association.

On an average day during 1945, 1,405,000 persons received hospital care. A new patient enters a hospital every 1.9 seconds.

The average hospital patient stayed 15.9 days last year which was two days more than average for the preceding year.

One in ten families will spend from 12 to 15 per cent of its 1946 income for medical and hospital expense.

COPPERAS COVE NEWS

Eleven year old Gloria Jean Trimble, daughter of Mr. and Mrs. Kenneth Trimble underwent an operation at the Kings Daughters hospital Friday. She is lots better now but will have to stay

in the hospital for quite a while yet.

Mrs. Willie Dice and Jimmie Ann Hill who have been with their grandparents, Mr. and Mrs. J. A. Brooks are in View now where Mrs. Billie Hill is working.

Copperas Cove opened its new theater Saturday, July 13. Owners are Mr. and Ms. Mavin Mickan. This theatre and several other buildings have changed Copperas Cove. The theatre was given the name, "The Cove". It will seat

265.

A city hall and fire hall will be started here Monday night by the Lions Club.

Mr. and Mrs. Noven Hazelwood and son Dan of Fort Worth spent last wee kwith her sister, Mrs. Kate Hinson.

Mrs. Blodgett of Lometa is here visiting her daughter, Mr. and Mrs. Alvin Millsap.

Mrs. Decker and children of Star spent Tuesday evening with Mr. and Mrs. W. H. Decker and son.

Mr. and Mrs. Edwin Thompson and Anice Thompson and C. W. Clements spent Saturday night with Mr. and Mrs. Clarence Clements.

Mr. and Mrs. Roy Southers of Houston, Mrs. W. F. Gibson of Shreveport, La., Mrs. Ponton and two daughters and granddaughters, Miss Julia Ponce of Houston have been visiting Mrs. Tom Swift and Mr. and Mrs. Luher Parnell.

Lon Hinson left this week for a visit with his brother Earl Hinson of San Angelo.

Johnnie Glenn Hinson is in Plainview, visiting his aunt, Mrs. Sam Young.

Billie Ruth Millsap is in San Angelo visiting Mr. and Mrs. Reuben Beasley.

G. E. Mangum received his discharge at San Antonio last week. He is here with his father, T. E. Mangum.

Mr. and Mrs. Hans Leonhard of Goldstrwaite and their two sons, Walter and James, were here Friday visiting their other two sons, George and Edgar and other relatives.

Mr. and Mrs. Jack Joiner and children of Killeen spent Thursday with Mr. and Mrs. Sam Lee.

Mrs. Sam Lee and Mr. and Mrs. Otto Smith spent Sunday in Lampasas with Mr. and Mrs. Claud Bland.

Mrs. M. H. Payne of Fort Worth is visiting Mr. and Mrs. Will Farish. Mrs. Payne and Mr. Farish pent a few day in Rosebud visiting.

Willie Hall and sons and Mrs. M. Pearl Weaver and Mary spent the week in San Angelo with Mr. and Mrs. Alvin Weaver and Mrs. Sim Marrs.

Dalton Gotcher and his wife have been visiting his parents, Mr. and Mrs. Willie Gotcher.

Personals

Mrs. R. L. Short and son of Ft. Worth are spending the week visiting her mother, Mrs. M. A. Ross at Turnersville.

Mrs. George Reosam and daughter Miss Lillie returned home Sunday after spending two weeks in Hays, Kansas visiting Mr. and Mrs. Henry Pfannenstiel, he is the former Miss Eugenia Doersam.

Mr. and Mrs. Flecher Powell, Mrs. Jack McMath and son of Denver City and Mr. and Mrs. J. W. Millard of Waco visited Sunday in the home of Mrs. T. K. Powell.

Mr. and Mrs. J. H. Brown of Port Arthur attended the funeral of he aunt Mrs. Mamie Evetts at Waco thi week end. They also visited relatives here.

Mr. and Mrs. Cloyce Key of Ft. Worth spent the week end visiting his parents, Mr. and Mrs. O. L. Brabbil.

Mesdames Francis Graham, Margaret Searcy, Blond Powell and Mis Ora Graham of Oglesby accompanied by Mrs. Lee Ellis of South Bosque are spending a vacation in Sedalia, Missouri, visiting the former sisters.

Dave Stillman will leave Monday for St. Louis, Mo. for a week and from there travel via plane on to Los Angeles, Calif., to visit friends for three weeks before returning home.

Forest Newton of Burnett spent Sunday with his brother Edgar Newton who is in the local hospital.

Mr. and Mrs. Roland Koch and daughter Sue, of Temple visited Sunday in the home of their parent Mr. and Mr. Willard Newton and Mr. and Mrs. Fred Koch.

Miss Margaret Zeigler of Austin visited the week end with her parents, Mr. and Mrs. Roy Zeigler.

Mr. and Mrs. Ed Marriott and daughter, Miss Gladys, spent Sunday in Marbel Fall's visiting their daughter and family Mr. and Mrs. L. L. Gallaway.

Miss Dorothy Haynes of John Tarleton is spending her vacation with her parents, Mr. and Mrs. Byran Haynes.

Mr. and Mrs. Bob Wright of Killeen spent the week end with her parents, Mr. and Mrs. Sam Ricketts.

Mr. and Mrs. R. E. Kiger, Jr., and children, Mr. and Mrs. Milton Kiger all of Port Arthur and Mr. and Mrs. Jack E. Kiger and daughter of Waco spent the week end with their mother Mrs. R. E. Kiger, Senior.
