114 ENTRIES ARE JUDGED

Sci-Fair Winners Given For FHS

THE BIGGEST SCAM, or rip-off, involving the unsuspecting public is the notification by mail that "you may already have won a wonderful prize."

These sweepstakes-type promotions start hitting the mail about the week after Christmas, and jam your mailbox, most generally at the Postal Service's bulk mailing rate, until the week hours of summer.

Generally, you don't have to order any merchandise to be eligible for these fabulous prizes, but the usual gimmick is to make it appear that your chances will be greatly enhanced if you do send in for the magazines, flower bulbs, or whatever else is being offered.

A new gimmick appearing on some of the mailers is the request that you call the company, on a "900" number, if you are interested in claiming your "prize."

One of our readers informed us recently that she learned after calling the 900 number that she would be billed \$39.95 for the call.

Whichever telephone company invented the 900 calling system may in time become just about as popular as the postal official who devised the "bulk mail" system. The only difference is the fact that with the boxholder mail, most people just toss what they don't want into the trash can.

However, the 900 calling system is still somewhat new, and many folks confuse it with the older, 1-800 system, which provides a person with a free long-distance call.

You can see that if the company generates in the vicinity of \$40.00 per returned call, then it will pretty quickly raise plenty of money for their coffers, whether or not they ever award any of the appealing prizes.

Just this week, for example, we received the notification that we were the probable winners of one of the following prizes: \$100,000 in cash; a Chrysler LeBaron convertible automobile; a stereo system with C.D.; an expensive bicycle; a Caribbean cruise for two, or a Sharp 19-inch color television set.

Who in their right mind wouldn't be happy to be picked as the possible winner of one of these prizes?

Postal patrons probably need to tell themselves when they receive a mailer such as this: "This sounds too good to be true." The general rule of thumb is that if it does sound too good to be true, then it probably is highly suspect.

Also, notice the outside of the envelope. If the company is mailing the notification of your winnings in a "bulk rate" envelope, you can be pretty certain that you haven't won anything, because this is the type of mail they would use to send the same letter to hundreds of thousands of mail customers.

These companies, whose very business borders ever-so-closely on mail fraud, don't even bother to pay first class rates like the majority of us postal patrons have to pay.

In the case of the flower bulb company mailer that we received this week, if we had opted to return the entry blank (which we didn't), we would have had to pay full first-class—now 29 cents—in order to do so. Anyone who sends the company an order so as to claim their "ten free bonus prizes" could easily spend \$100 on the items the company has for sale—and they aren't even bothering to pay your return postage. Not only that, you're being charged fully for the shipping of the items back to you.

Be very careful in your approach to this type of promotion. It could wind up costing you a lot of money for some merchandise you didn't even want in the first place.

Another rule is not to give out your credit card number to telephone solicitations. We understand that this type of gimmick has expanded to telephone solicitations.

PETITION SIGNED...Parmer County Community Hospital board members, Dr. Dale Schueler, standing left, and Wendell Gresham, seated left, watch as longtime Friona resident Eufaula Ethridge signs a petition to create a hospital district for the local hospital. Also looking on are Alan Monroe, president of the Friona Chamber of Commerce and his son Kelby, three.

TO CREATE DISTRICT

Hospital Will Seek Election

After much study, the Board of Directors of Parmer County Community Hospital has announced the decision to ask the Parmer County Commissioners Court to call an election to create a hospital district.

The successful election would create a hospital district throughout Parmer County with the exception of the portions of the county included in the Muleshoe and Farwell Hospital Districts.

Masons Are Hosts For Open House

Friona's Masonic Lodge No. 1331 is inviting the public to an open house at the Lodge, located at 7th and Ashland Streets, on Sunday, March 10 between 2-5 p.m.

The open house is being observed statewide by Masonic lodges, in order to "put Masonry on display so anyone interested can see for themselves what Masons do and have a better understanding of what Masonry is all about," says John G. Mars, Master of the Friona lodge.

Masons collectively provide over \$2 million a day and thousands of hours of service to worthy causes.

It was pointed out that while Masons do not solicit members, men of good character may ask to become members.

Meal-Game Are Slated Here Sun.

The Friona ISD coaches will play an exhibition basketball game Sunday, March 10 at 2 p.m. against the South Plains Spokers, a wheelchair team from Lubbock. Two FHS graduates, Jeff Brown and Larry White, play for the Spokers.

Admission is \$2 and \$1 for children under 12.

A Mexican Dinner will be served prior to the game from 11:30 a.m.-2 p.m. at the High School Cafeteria, and those wishing to may come eat and see the game for one price of \$5 for adults and \$3 for children under 12.

After one hundred registered voter names are collected on the petitions, they will be presented to the Commissioners Court and an election will be called. All of Parmer County with the exception of those citizens living in the Muleshoe and Farwell Hospital Districts will be eligible to vote on the proposal.

The successful campaign will enable the hospital district board to levy up to 25 cents per \$100 assessed property value for support of health services. After 1993, sales tax revenues could be used to augment hospital district revenues.

Revenues raised by the hospital district would be used to repair and upgrade the hospital facility, acquire and replace health care equipment, and recruitment and retention of trained health care professionals.

"The creation of the hospital district will ensure that the facility and professionals will continue to be available to provide quality basic health care services to the community while providing access to the more specialized services when these services are needed," said Phil Langston, spokesman for the hospital.

Deadline Is Nearing For Nominees

Tickets for the banquet are on sale at the Chamber office on Main Street, and also are available from Chamber directors.

Advance ticket prices are \$8 for students and \$12.50 for adults. Tickets at the door will be \$8 and \$15.

Spike Dykes, head coach of the Texas Tech Red Raiders, will be the principal speaker.

K-Bob's of Hereford will cater the banquet, which will feature standing round roast beef.

Facts About The **BIBLE** *BY JOHN LEHTI*

WHEN THE ISRAELITES FIRST ASKED FOR A KING TO LEAD THEM AGAINST THEIR ENEMIES, SAMUEL, THE PROPHET, WHO WAS THE LAST OF A LONG LINE OF JUDGES, (SPIRITUAL LEADERS OF THE TRIBES) CAUTIONED THE PEOPLE (CIRCA B.C. 1000) HE EXPLAINED TO THEM ALL THE LIBERTIES, WHICH THEY ENJOYED, THAT THEY WOULD BE GIVING UP—ONCE THEY HAD A KING!
(1 SAMUEL 8:10-19)

AND NEVER DID A PROPHET PREDICT MORE TRULY! FOR IN THE FIVE HUNDRED YEARS THAT KINGS RULED OVER ISRAEL NEVER WERE THE PEOPLE FREE FROM BONDAGE. EACH MAN HAD TO WORK ONE MONTH OUT OF A YEAR FOR THE KING, TEN PERCENT OF ALL HIS CROPS AND CATTLE WENT TO THE THRONE, HIS BEST LANDS INVARIABLY WERE USED BY THE KING, HIS HEALTHIEST CHILDREN PUT TO WORK IN THE PALACES, AND EVEN WHEN HE WENT TO PRAY IN THE TEMPLE HE WAS TAXED! EVERYTHING SAMUEL HAD PREDICTED CAME TO HAPPEN!

Angler's Corner

By M.D. McCALLUM
The approach of spring signals the upcoming spawning season for the area walleyes. While many gamefish spawn sometime during the spring, the walleye is the first to watch for as it spawns in considerably colder water than other area gamefish. Areas chosen by the walleye will be from one to six feet deep consisting of pea-sized gravel up to fist-sized rocks. Walleyes spawn in areas exposed to the wind as continual aeration of the eggs are necessary for their survival. The males will move in first even if the temperature is near the freezing mark. As the water warms up into the lower forties, the females move in. They will stay in adjacent deep water until a few weeks before the spawn at which time they move into the shallows to feed.

Look for the actual spawning to take place when the water temperature reaches around forty-five to fifty-five degrees. Not all females will be ready to spawn at the same time hence the prolonged spawning period. A harsh cold front can suspend the spawning for a day or two and prolonged cold fronts can cause the fish to reabsorb the eggs with no spawn. After spawning, the females go into a recuperation period during which they will not feed. This may last as long as two weeks after which they will go on a feeding binge and produce some of the year's best walleye angling. The

males continue to feed and stay around the eggs for up to four weeks after the females have spawned. The walleye will not make a discernable "nest" in which to deposit the eggs. They rely on the crevices between the rocks and gravel to protect the eggs from predators. Start with the northern end of any lake as it receives the most sun and warms faster. Next check for the gravel and small rocks, then look for the most wind-blown stretch that falls within these parameters. Also, keep in mind that like the bass, the walleye prefers a deep water "escape route" near the spawning grounds. Putting these factors together should eliminate a lot of unproductive water and wasted time.

One thing to keep in mind about fishing during any spawn is the fact that the fish are slaves to their nature and are easy targets during this time. Over-harvest of the fish during the spawn can lead to a downturn in fishing on that particular body of water for many years to come.

Sausage Meal
Set March 10

The annual sausage dinner sponsored by St. Ann's will be held March 10. The meal will be served from 11:30 a.m. until 2 p.m. at the Parish Hall in Bovina. Tickets for the dinner will be \$5 for adults and \$2.50 for children six and under. Take-out plates are available for 25 cents extra. Everyone is invited, and the meal is always a treat for the community and nearby residents.

Florida Boys Slated To Entertain Meeting

Deaf Smith Electric Cooperative will conduct its annual meeting and dinner beginning at 5 p.m. Tuesday, March 12, 1991, at the Hereford Bull Barn. A fish, chicken and beef dinner will be served and the Florida Boys, in a return engagement, will provide the entertainment following the meal. DSEC members will receive refunds amounting to a total of two million dollars. Wholesale power refunds account for \$1,537,728 of the total and capital credits from 1975 and 1976, \$462,272, make up the remainder of the refund.

A short business meeting to elect three directors will follow the Florida Boys' first performance. Another highlight of the evening's activities will be drawings for door prizes totaling over \$1,000, including a color television set. The Florida Boys, again this year, will provide the evening's entertainment. The group has been together for over 40 years. Along the way, they have established some impressive landmarks.

AIC DARRELL AUBURG

Letter To The Editor

Bill Ellis, Publisher
The Friona Star
Friona, Tx. 79035

Dear Bill:
As I sit thousands of miles from home in a different country where most of the people speak a different language, I am able to lift my spirits as I open the many letters I have received from the good people of Friona.

The letters, from people of different ages, all seem to make you smile in a different way.

It has been real hard being away from friends and loved ones, but the letters all seem to bring us a little closer to home.

My wife and son that I left in Germany are also very glad to see this kind of support.

Well, time is short and I must close. I would like to say "Thank You," to the people of Friona, for the support and prayers. Keep it up because it helps us all to know that the people are behind us.

AIC Darrell J. Auburg

(Editor's note: Thanks for the letter, Darrell. It is always nice to hear from our servicemen and women, and especially those who have been connected with the war in the Persian Gulf.--Darrell is the son of Mr. and Mrs. Raymond Auburg, longtime Friona residents.)

Prairie Acres Party Line

By CAROL DELEON

Boy, has it been windy or what? There have been a few nice days though, and on these warm and not-so-windy days, we made it a point to take as many residents as possible outside to enjoy the fresh air and sunshine. They really do like it when the weather permits.

We want to welcome Claude Bradley to Prairie Acres and invite all his friends to come and visit him.

Last week, I listed the birthdays in March. A couple of the residents' families gave parties for them. Olive Lawrence's family brought cake and goodies last Friday and spent the afternoon with her. Lillian Clark's family will give her a party this Saturday with lots of friends and family expected to come. Even though we do give a monthly party for all residents having a birthday, we can always work with families who also want to do something extra.

We would like to ask that if you have any signs or symptoms of illness or the flu, please wait until

you are better to come visit friends or relatives at Prairie Acres. These people have a harder time getting over things like this than some do.

Our friends from the State Department visited us this week and we passed everything, but did you have any doubts?

We want to express our sympathies to the family of Maudie Linville. She had been a resident of P.A. since February 8, 1985.

The following donations have been made to the Love Fund:

In memory of Ealan Gage: Leo and Lottie Bails.

In memory of Linda Thompson: Leo and Lottie Bails, Don and Charlotte Tims.

In memory of F.O. Turner: Leo and Lottie Bails, Jerry Barron and children, Rouel and Thelma Barron, Grady and Margaret Truitt, John and Jo Blackwell, Dub and Dorothy Ingram.

Why is it called baby-sitting when all you do is run after them?

Like other fraternities, the 3.5 million Masons in the U.S. have "secrets" . . . words and symbols that bind them in the world's oldest and largest fraternal order. However, Masonry is no secret society.

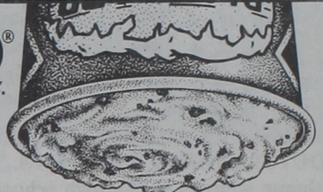

Freemasons take an obligation to live up to the highest moral standards, to practice brotherly love and patriotism in the best sense. Why would they keep these secret?

Although Masons do not solicit members, men of good character may ask to become members.

Town Talk

Call 247-3681 With Your News Items

Spring must be just around the corner. Two Blue Jays spent several minutes quarreling bitterly under my clothesline early Wednesday morning. When I first heard them, they were apparently disagreeing over the ownership of a pecan they had unearthed.

After a brief squabble, the two shared their find then flew away.

Then, a day or two ago, I observed an apricot tree in full bloom. It is in Jo Johnson's back yard over near the corner of Jackson and East Twelfth Street. There are also some jonquils blooming in several places.

As this is being written Wednesday morning, I'm being grateful for a nicer day than we had yesterday.

However, anyone who has been in the Texas Panhandle more than fifty years would surely agree that "Tuesday wasn't the worst dirt storm we've ever had."

Kay Neel called her parents, Mr. and Mrs. Otis Neel, from Borger to tell them that her house wasn't one of the ones destroyed by a grass fire at Stinnett in the afternoon.

Mr. and Mrs. Charles Sims of Corpus Christi have been visiting in the home of D.L. and Billie Carmichael. He is Billie's brother.

In spite of the weather Tuesday evening was filled with activities. Just about everybody in town visited Open House at one or more schools, and attended the Hardin-Simmons band concert or a gospel meeting, which was in progress at Sixth Street Church of Christ.

Some folks even attended two of these events and all reports I have heard indicated that all of them were worthwhile.

Congratulations are in order for all our public school teachers. You do a good job and we appreciate your efforts.

Little Alex Dunnam of Lubbock spent a long weekend visiting in the home of his maternal grandparents, Jim and Sherry Atwell.

His mother, Mrs. Louis Dunnam, came to Friona Tuesday and took him home.

Mrs. Gary Zerfas and children, Brent, Sara and Jake of Rockwall, Texas, are visiting in the home of Mr. and Mrs. Doyle Cummings.

Other out-of-town visitors in the Cummings home have been Scott and Donna Cummings and son, Kyle, of Lubbock, and Adam

Perry of Hereford.

Mrs. Zerfas is the former Terri Sue Cummings.

June and Dr. Paul Spring came home from Amarillo Sunday afternoon. June had been a surgical patient at St. Anthony's Hospital for three weeks.

She's recuperating at home and reported, "I have a good nurse and am slowly improving."

Then, she added, "Just being back in Friona makes me feel better." I know the feeling, don't you?

At least three persons whose names were listed in the Texas Unclaimed Money Fund report by State Treasurer Kay Bailey Hutchison last weekend are following instructions on page 3 of the report.

J.W. Gammon of the Lazbuddie community and Ray and Mitch McMahan, grandsons of Mrs. Hamil Brooks, have reported their whereabouts.

It is understandable that persons as young as Ray and Mitch McMahan, who lived here when they were real young and have moved several times since, would find their names on such a list.

However, with J.W. Gammon, it is different. He has lived in the Lazbuddie community many years and at the same address for a long, long time. It seems that anyone who had ever had an address for him wouldn't have any trouble locating him again.

Mr. and Mrs. Clarence Holmes of Amarillo visited in Friona over the weekend. Mrs. Holmes, the former Joy Patterson, is an ex-resident, and the mother of Kent Patterson and Mrs. Criss Wyly.

Mildred May returned home late last week after spending a week visiting kith and kin in Central Oklahoma. The biggest attraction was her newest great-granddaughter, Whitney May Williams, whom she had not seen before.

She also visited in the home of Mr. and Mrs. Arlen May and son, Keith, who live in Duncan, as do Whitney May and her parents, April and Mike Williams.

Mrs. May spent some time with a sister, Ann Graham of Rush Springs and a brother, Charlie Shotts of Chickasha.

Recent out-of-town guests in the Floyd home have been Mrs. Ross Goodwin of Muleshoe and Stephenie Goodwin of Midland,

Texas. Mrs. Goodwin is Jason's other grandmother and Stephenie is his cousin.

Stephenie, a teacher in the Midland Independent School system, was enroute to Overland Park, Kansas, to spend her spring break with her parents, Mr. and Mrs. Richard Goodwin.

At least two other Midlandites are spending their spring break in Friona. Shane and Jeremy Lillard are visiting in the home of their paternal grandparents, C.L. and Lavelle Lillard.

Their mother, Susan Lillard, is also a teacher in Midland.

Out-of-town guests in the home of Oleta Houser this week have been Mr. and Mrs. Buddy Witherspoon of Albuquerque; Leo Hennington of Phoenix, Arizona; and Nina Simpson and son, Mickey, who live in Amarillo.

Mrs. Witherspoon and Mrs. Simpson are Oleta's sisters and Leo and Mickey are her nephews.

Nathan and Candace Kemp of Sundown, Texas, were special guests in the home of their great-grandparents, Mr. and Mrs. W.V. (Bud) Elmore, Saturday.

The twins had not been to Friona before. They were accompanied by their parents, Jimmy and Andre Elmore Kemp, and their maternal grandmother, Mrs. Larry Elmore, who lives in Levelland.

Mrs. Elmore, the former Sherry Hicks, is a former Friona resident.

Two of Nathan's and Candace's great-aunts, Lucille Rocky and Lucille Wilson, both of Friona,

were also visitors in the Elmore home.

Jacquelyn Franklin, a teacher in Tulsa, Oklahoma, took advantage of spring break and spent some time with her mother, Mae Magness. Jacquelyn reported, "Ralph had some out-of-town business the other direction and I had a few days off, so I just came to Friona."

In visiting with Jacquelyn, I learned of a recent honor which was bestowed upon her nephew, Cliff Magness, who lives in the Los Angeles area and is pursuing a career in music.

He was awarded a grammy award for the "best instrumental with vocal accompaniment for a song." The song, "The Place You Find Love," was recorded by Barbara Streisand.

Jacquelyn watched the presentation on television and taped it for the rest of the Magness family to see. Cliff's father was the late Tim Magness. He is also Mae's only Magness grandson.

While Cliff and his wife, Carol, were in New York for the presentation, they visited in the home of his younger half-brother, David Newton and his wife, Tara.

Out-of-town guests in the home of Mr. and Mrs. Andy Carr were their son, who is named Andy, too, his wife, Melissa, and their two daughters, Alicia and Amanda, who live in Dalhart.

The man who wins may have been the one who had been counted out several times, but was too busy to hear the referee.

Chieftain Baseballers Stand 1-1

Thursday, May 28, 1991, marked the first-ever Friona Chieftain baseball game.

The Chiefs began the school's baseball career with a big win by outscoring the Plainview Bulldog JV "White" team, 14-13 at Plainview.

The Chieftains started big in their first at-bat, scoring five runs to take the lead. Plainview scored two runs in their half of the inning, but Friona never relinquished their lead.

Friona's first inning was highlighted by a double to left field by Julian Colunga.

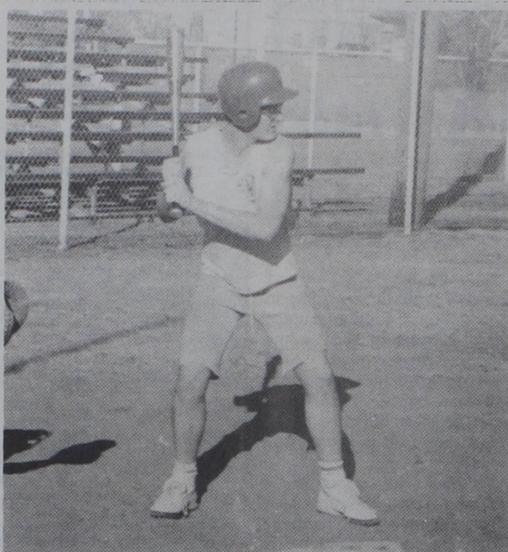

The Chiefs went on to score one run in the second inning, three in the third, two in the fourth, one in the fifth and two in the sixth.

Friona relied on the bat of Chad Hamilton, who had a pair of singles and a double. Tony Cuevas along with Colunga and Charlie Snead each had RBI doubles to help spark their team to victory.

The good pitching of Hamilton and Scott Houston held the Bulldogs to just eight hits, compared to 12 hits by the Chiefs.

The Chieftain baseball team travelled to Clovis on Monday to do battle with the Clovis JV team.

Friona jumped out to an early

lead by scoring three runs in the first inning; but unfortunately that was the extent of their scoring.

The Chieftain defense held Clovis until the fifth, when the home team scored to take the lead, and then Friona gave up two walks and two errors which helped Clovis score five runs to cement the win.

Clovis scored nine runs on seven hits, compared to Friona's three runs and five hits.
