HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest, not to exceed three per cent (3%) per annum.

"In the title of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State of Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such

prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds of the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballot the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purpose of lands in Texas to be sold to Texas Veterans of World War II."

The opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

ANSWERS TO QUESTIONS REGARDING TERMINAL LEAVE PAY

President Truman has signed into law the Leave Act of 1946, which equalizes leave benefits for officers and enlisted persons of the armed services and grants cash and bond payments to certain veterans. Here are a few questions and answers of interest to former service men and women.

- Q. What veterans are affected by the Leave Act of 1946?
- A. Any person honorably separated from the service between September 8, 1939 and September 1, 1946, who had at the time of separation accumulated leave credits for which he was not compensated.
- Q. Does this include officers?
- A. Yes, those officers who had enlisted time during the period mentioned above. Under earlier law they already have been compensated for leave accumulated as officers.
- Q. How about women in the service?
- A. They are eligible for benefits, too, but WACs may count only the time they served after the name was changed from WAAC to WAC.
- Q. How does a person go about collecting his benefits?
- A. Get a form at any post office, fill it out and have it notarized, and mail it to the appropriate finance officer with the original copy of your discharge, a photostatic copy, or a true copy certified by an authorized civil official.
- Q. What if I have lost my discharge?
- A. Apply for a Certificate in Lieu of Discharge to one of the following: The Adjutant General of the Army, 4300 Goodfellow Blvd., St. Louis 20, Mo., or Bureau of Naval Personnel, Personnel Division of the Marine Corps, or Commandant of the Coast Guard, all at Washington 25, D. C.
- Q. How will I be paid?
- A. If you have less than \$50 coming to you, you will be paid by Treasury check. If more than \$50, bonds will be issued for multiples of \$25 and a check for the balance.
- Q. My husband has died since his discharge. May I collect the benefits?
- A. Yes, you, as his next of kin, executrix or administratrix, will collect the entire benefit in cash; no bonds will be issued.
- Q. What if a person has become insane?
- A. The guardian legally appointed by a court will receive a cash payment.
- Q. How long do I have to file for these bonds?
- A. Until September 1, 1947.

HOSPITALIZATION

Two've out of every 100 persons will be hospitalized this year according to information released by the American Hospital Association. On an average day during 1945, 1,405,000 persons received hospital care. A new patient enters a hospital every 1.8 seconds.

The average hospital patient stayed 15.9 days last year which was two days more than average for the preceding year.

One in ten families will spend from 12 to 15 per cent of its 1946 income for medical and hospital expense.

ANSWERS TO QUESTIONS REGARDING TERMINAL LEAVE PAY

- Q.** What sort of bonds are those and when do they mature?
A. They are non-negotiable, non-transferable and may not be pledged as collateral. They draw interest at 2 1/2 per cent and mature five years from the first day of the first quarter following the separation for which they are paid. If a man was discharged on January 10, 1943, his bonds will mature on April 1, 1948.
- Q.** Will I receive my discharge paper back?
A. Yes. The finance officer will mail it to you as soon as he is finished processing your application. The check and bonds will be mailed later.
- Q.** I live near an Army post. May I get my application processed more quickly if I go there in person?
A. No. All applications must be handled by mail.
- Q.** Where can I receive help in filling out the form?
A. Any of the 3,000-odd Veterans Community Information and Advisory centers in the nation will be prepared to help you fill out your form. Most of these centers will have a Notary Public handy who will notarize the form free of charge.
- Q.** If I send my original discharge paper to the finance office, I may have to go several weeks without evidence on my record of honorable service. Have you any suggestions to deal with this?
A. Many of the larger Veterans Community Information and Advisory Centers maintain photostat plants where copies of the charge papers are made free of charge. Others care commercial contracts for this work at low rates. Almost any commercial photographer can copy a document at small cost. It is suggested that you have a photostat made before sending your discharge paper to the finance office. A photostat of your veterans have their discharge papers recorded at their court house.
- Q.** Should I hurry to get my application in?
A. That is not necessary. You have a year, until September 1, 1947, to file your claim, and your bonds will mature on the same date regardless of when you file.
- Q.** How long will I have to wait to receive payment?
A. There is no way accurately to answer this. Within a short space of time you will receive your discharge paper back with a notation on it to the effect that your application is being processed. In due time your bonds and check will be mailed to you. Do not write your finance office asking about the progress of your application. Replying to the finance officer will only take up time that he could use otherwise to process your application.

His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories.

We live better than people in other countries because our farmers get more out of the soil.

The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plowshare to the giant combine—have multiplied in number and increased vastly in quality.

Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons.

That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming.

We no longer have separate "farm production problems" or "industrial production prob-

lems." We have but one set of problems for everybody.

If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear.

Anything which tends in this direction is bad for the farmer—and finally for everybody: Farmers know it. Everybody else should know it.

* * *

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

There is something about Niagara Falls which symbolizes a strong, happy future.

If we had been here a year ago, all our thoughts would have been about backing our fighting men. Americans bought as many war bonds as possible to help win the war. Today, your Government is still selling United States Savings Bonds. To you and every June bride and bridegroom I say with all my heart: Now Back Your Future.

LIBERTY-OH

The Liberty H-H Club met with Mrs. Clovis Belvin, August 6. Miss Hander, our agent gave the club instructions on dress fittings, finishings, and accessories. She also answered questions on a number of other subjects.

The club's achievement day will be at the Liberty school August 27. Everyone is invited to attend.

Our next regular meeting will be with Mrs. Henry Meisner, with Mrs. Willie Lange as co-hostess, September 17.

Mrs. Belvin served refreshments to 20 members, several visitors and a number of children.

The ladies of our section are all very busy getting ready for their achievement exhibit. They are expecting visitors from the various communities of both Hamilton and Coryell counties. Please don't disappoint them. Get your gangs together and make us a visit on that date.

Every club member is urged to be at the school Saturday and to help with the 22 booths that have been planned. There will be open house all day. The program will begin at 2 o'clock in the afternoon.

The Elam and Brown families who have been at the bedside of Mrs. Ida Peck at Stephenville, report her condition slightly improved, tho still critical. She suffered a stroke last week.

C. W. Blair who also had a stroke last week is much improved. "Uncle Cal" will pass his 88th milestone in November but he retains the wonderful strength and vigor that enables him to make the wonderful "comebacks."

Jackie Ben Parrish has purchased the Robert Patterson place. We are hoping that the Patterson's locate near us.

Mr. and Mrs. Joe Marcella are here from California. They plan to spend several weeks with us. Mrs. Marcella is the former Miss Imogene Harris.

The Alvin Kautzsch family who moved their house to Aleman last week are comfortably located, west of the highway, south of the old railroad dump, in the city limits of Aleman.

Most people who are located in the 10-air-mile area from the Loy Gene Brown farm have had their cattle vaccinated for Anthrax since it broke out in his herd. Mr. Brown was in Hamilton sanitarium last week, on account of an anthrax infection he got while working with

sick cattle. "If you have a sick animal, send for a doctor, but don't touch it." This outbreak of the disease is so virile that one can take it by merely touching the hair or hide of an infected animal. All cattle in the 10 mile area are in danger of infection.

We of the Ohio area are anxious about Mrs. Tom Smith who underwent major surgery at Stephenville this week. Though residents of Hamilton, both Mr. and Mrs. Smith were reared in our locality, and we still claim them as our own. Mrs. Smith will always be appreciated as the founder and chief maintainer of The Live Oak Cemetery Association, our most beloved of all rural organizations.

PRAIRIE VIEW

Mr. and Mrs. Dick Watson of Jonesboro visited his brother, J. W. Watson and family Sunday.

Mrs. Mary Dollins of Turnersville and Mrs. Emma Lackie of Fairy spent a few days with Mrs. Lora Dollins.

Those visiting in the Tom Box home Sunday were Mr. and Mrs. J. N. Holland of Gatesville, Mrs. C. W. Holcomb and son of O'Donnell, Mr. and Mrs. Curtis Lipsey and children of Gatesville and Mrs. Rachel Cooper of Los Angeles, California.

Mr. and Mrs. Mack Parks Anderson of Edinburg and Mrs. Lizzie Davis spent a few days with their sister and daughter, Mrs. Eva Voss and family.

Mr. and Mrs. Tom Box visited Mr. and Mrs. Cecil Sharp Thursday night.

Mrs. J. W. Watson and children spent Monday with Mr. and Mrs. Rube Watson of Jonesboro.

Carole LOMBARD Fred MacMURRAY HANDS ACROSS THE TABLE

Adapted by Wallace West
from the Paramount Picture of the same title, based on Vina Delmar's story

SYNOPSIS

Regi Allen is a manicurist in the barber shop of the swanky Carlton Hotel in New York. Arriving at work one morning, Regi is sent up to a penthouse to manicure Allen Macklyn, a wealthy young man who is paralyzed from the waist down as the result of a plane crash. In spite of Macklyn's embittered outlook on life, they take to each other at once.

CHAPTER I

NEW YORK was going to work. Ten layers of surging humanity were crowded to the very edge of the subway platform, awaiting the downtown express.

The train pulled in, its doors opened with great deliberation and another mass of humanity was belched out onto the platform where it fought to reach the exits.

Among the new arrivals were Regi and Nona, two of the million pretty girls who make their living in downtown Manhattan. After battering their way through the worst of the

over to her manicure table. "Just like the rest of them."

"Oh no," Nona was very serious an adjoining table. "Today's a lucky day. My numerology book says so. It says all the auguries" (She pronounced it aujerries) "are good. It's the fifth day and the fifth month . . . and five and five are ten . . ."

"Well, lucky or not," interrupted Laura, the blond cashier of the shop. "Fifteen-O-two's been phoning for a manicure since 8:30."

"Regi! You go up," Nona was thrilled. "Fifteen-O-two's a terribly lucky number for you. One and five's six, and six and two's eight, and . . ."

"Yeah. And maybe here's that ten million dollars you've been dreaming about," said Laura. "Fifteen is up where the rich live."

"The way I feel today, I'd settle for a million," answered Regi grimly as she gathered up her tools.

her side. Compassion flooded her face, and a smothered, sympathetic "Oh" came to her lips.

"Now that you mention it," Allen said with the slightest possible emphasis on the "you," "a manicure is the very thing I need. I haven't had one since yesterday."

"Do you have one every day?" she asked as she spread out her bundle. "Some people play golf to pass the time; some go in for tap dancing. His tone was light. "Some destroy clay pigeons. I have manicures."

After Peter, the outler, had brought a table and a basin of hot water, Regi pulled a chair close to Allen and started work on his hands.

"I'm afraid I sounded rather disagreeable when Peter announced you," her client said. "You see, the manicurist I've been having just got married. And I'm still a little embarrassed about meeting new people."

"I'm afraid they'll feel sorry for me."

"What?" exclaimed Regi as she made a little gesture around the lovely room. "When you have all this. You just try getting up at seven every morning. Then jammed in the subway. Then poking at people's hands all day. Then jammed back in the subway at night. Uh, uh, mister, I don't feel sorry for you." She shook her head firmly. "And you don't have to pretend . . ."

"To be rich?" he asked softly. "You think about money a lot, don't you . . . Miss . . ."

"Allen, Regi Allen," she introduced herself, then continued: "You've got money. You don't have to think about it."

"Yes," he answered slowly. "The thing we haven't got is always the most important thing. It may be money, it may be flying (I used to be an aviator before . . . this . . . happened.) Or it may be . . . love."

"Oh . . . love!" Her voice was scornful. "I don't want anything to do with it."

"Ah, Regi. Money isn't a good enough aim for you. I wish I could show you how valueless it is."

"You can't. When I first remember my mother she was lovely . . . pretty and gay and sweet. I saw her count pennies and cook and wash and struggle. Ten years of that and she was old and ugly. I heard her nagging my father until he hated to come home. So he stayed away. You couldn't blame anything . . . except poverty. That's why I'm afraid of . . . well, love. That's what it can get you into. Now maybe you understand better."

"I think I do."

"Gosh!" She snapped out of it and laughed apologetically. "I didn't mean to let down my back hair quite so far, especially to a new customer. That's what you get for encouraging me." She had finished with both hands by this time, so she rose and started packing her things. "This has been very pleasant," smiled the cripple. "You'll come again?"

"You're sure you can stand me? Confessions and all?"

"Confessions and all," smiled Macklyn as he rang for the butler. "Thank you, Miss," said Peter, as he opened the hall door. "It's a long time since I've heard Mr. Macklyn talk so cheerful." He slipped a ten dollar bill into her hand.
