Lightsey, lot 4, block 54 O. T. of  
Gatesville, \$6,000.

## MARRIAGE LICENSES

Virgil Jones and Bertha Ussery.  
Cyril Roberts Fieseler and Peggy  
Anita Brumalow Odell Rainey  
and Geneva Spiller.

## Wool Grading School

To Be Held Friday  
February 14, 2:00 p. m.

All wool and mohair growers of  
Coryell county are invited to at-  
tend a demonstration Friday, Feb.  
14, at 2 p. m. at the F. N. Pierce  
Wool and Mohair Warehouse on  
East Main Street.

This demonstration will be con-  
ducted by two specialists from A.  
& M. College, W. R. Nisbet and  
W. W. Garth, Jr. Mr. Garth was  
reared in Boston and has been in  
the wool grading business since  
boyhood.

Wool and mohair growers are  
interested in better prices, and the  
price received is often determined  
by the grade of wool or mohair.  
Knowing the grade of wool want-  
ed, the next thing to do is to have  
the sheep and goats that produce  
this quality of products. Ranch-  
men should take advantage of this  
opportunity to get first-hand  
knowledge of how these products  
are graded.

## Markets

## H. K. Jackson Will Leave For Washington Masonic Conference, U. S.-Canada

Texas Deputy Grand Master  
Horace K. Jackson of this city,  
will join the Texas delegation leav-  
ing the state on February 18 for  
Washington, D. C., where they  
will attend the Grand Masters  
Conference of Masonic Lodges of  
the United States and Canada.

In the state delegation other  
than Mr. Jackson, will be Grand  
Master Bruce Brannon of Com-  
merce; Hugh M. Craig, grand  
senior warden, Fort Worth; Geo.  
Belew, grand secretary, Waco;  
Hon. Jewel P. Lightfoot, past  
grand master, Dallas.

## Italy, Yugoslavia Object To Treaty But Sign

PARIS, Feb. 10.—(AP)—Repre-  
sentatives of Italy and Yugo-  
slavia, which objected to the Ital-  
ian Peace Treaty, both signed the  
pact today in a formal ceremony  
at Quai D'Oisay. The treaty was  
the first and most bitterly dispu-  
ted of five with the German-Sat-  
ellite countries being signed here  
today. In Rome, Italian crowds,  
angry over the treaty, demonstra-  
ted before the Yugoslav Legation  
and a Yugoslav guard fired a  
machine gun burst thru the door,  
but no one was hit.

## Supreme Court Upholds Hatch Act

WASHINGTON, Feb. 10.—(AP)—  
The Supreme Court today upheld  
that section of the Hatch "clean  
politics" act forbidding Federal  
employees from taking active part  
in political campaigns.

## Half British Industry Is Closed Down

LONDON, England, Feb. 10.—  
(AP)—Half of all British Industry  
was closed down today because of  
a shortage of coal from socialized  
mines. Four million workers be-  
came idle, many going back on the  
dole, as electric service was dra-  
matically reduced.

## SINGING AT CALVARY BAPTIST CHURCH THURSDAY NIGHT

Thursday evening, February 13,  
there will be a singing at Calvary  
Baptist church, beginning at 7:30.  
We are expecting some good  
quartets to be with us, and all  
singers and the public are urged  
to come. According to Rev. G.  
L. Derrick, pastor.

## Commanding Officer of Ruguron Island Writes J. J. Jackson Family

Ruguron Island, in the Majuro  
Atoll, away out in the Marshall  
Islands, is a lonely place. There  
are only a few white men there,  
and here's a glance at what goes  
on there. The letter came to Mr.  
and Mrs. J. J. Jackson, of Route  
3, Gatesville, about their son, Joe  
Lawrence Jackson, pictured here.

Joe Lawrence Jackson

"Undoubtedly, he has told you  
of our teaching the natives that  
they can have a better balanced  
diet than breadfruit and cocoa-  
nuts. Together, we have made  
and fenced in a one-quarter acre  
garden, which we struggled to  
clear from the grasps of the jung-  
les. We thank you very much  
for the seed you sent—no doubt  
you will appreciate the results—  
if we have it, ascertaining wheth-  
er or not vegetables will grow so  
close to the Equator. Joe will  
comprise you of the results as  
soon as they are known."

"Mr. Jackson, we also thank you  
for ascertaining about the cow,  
but the Lord knows how we could  
get her out here, that is, unless  
the Red Cross would be so kind  
as to donate her transportation.  
A cow would be an asset here, and

## SCHOOL BUILDINGS

There IS going to be school building or buildings here!

Seems to us like that's settled!

Only thing stopping it, is HOW?

Some want bonds, some want separated "city and school" some  
want higher water bills. Anyway, probably would work.

Let's just calm down, and find out HOW is the best way, if pos-  
sible, and if possible, the quickest. ANYWAY or HOW put us on the  
line as bein' "Fir" it! Naturally, we got 5.

This'll make some of you mad, but here goes. Clear out the C. of  
C. office into the city office lobby, clear out 2 tiers of seats in City  
Hall, clear out Old Age Assistance Office, etc., Distributive Educa-  
tion school, Fireman's recreation room, and make class rooms of  
them, partition the stage, the auditorium, fence off street north of  
City Hall, and half of that in front, obtain use of lot behind Regal  
Theatre, and get the kids out of the basement and off the boiler NOW

Then, with any loose labor, under proper direction, tear down  
and salvage what can be salvaged of the elementary school, cleaning  
brick, rock, lumber, roofing, piping etc. etc.

While that's going on, figure out HOW the dough is going to be  
raised for the new ones. Materials, even if they are old, in the  
elementary school are a lot better than what we've recently bought  
use in the News office. Anyway, they're out of sap, and won't work.

If you don't like this, then, YOU say, and sign it, and we'll run  
it, at no cost to you. Be you pro, or be you con, the so-called "free-  
dom of the press" is yours, BUT SIGN YOUR NAME, AND KEEP  
THE LIBEL OUT.

I am certain that she would live  
and do well on the foilage on this  
island, too, she would contribute  
milk to quite a few undernourish-  
ed Native children that Joe and I  
have in mind.

This is to remind you, that there  
are still some Coryell county boys  
scattered over this globe with  
Uncle Sam. On another extreme,  
Wade Tatum is in Alaska on "Ope-  
ration Frigid" where they're test-  
ing men and materials in sub-zero  
arctic temperatures, and Oliver  
says they've got 'em around 83  
below. Maybe that's so cold it  
isn't cold any more!

## Victory of GHS Cagers Saturday Night Iced by Near Wreck Tragedy

Enroute to their home city last

Saturday night, elated over their  
victory in the game with Clifton  
played at McGregor, ten cagers  
and their driver came near trav-  
eled in a bus-ca collision.

When out about 11 miles east  
of Gatesville, where the road turns  
off the highway to the Davidson  
farm, a car, driven by two men  
came sudden'y out of the fog on  
road directly ahead of the bus.  
A collision was inevitable,  
but by the great good fortune of  
having a careful driver, the bus  
only was damaged. At the same  
time the News has no information as  
to the extent of damages to the auto  
but it is said the men were un-  
hurt.

Pfc. Mack Anderson of Post  
George, son of Mr. and Mrs. Ross  
Anderson was a recent visitor. He  
was a recent visitor to the News  
before going overseas.

## High Priced Beef

Jim Bob Steen, of Goldthwaite, Texas, left, holds the halter of his Grand Champion  
Steer, Flat Top, which brought \$15,000 during an auction at the Houston Fat Stock  
Show February 5, the second highest amount ever paid for a prize winning beef ani-  
mal. In center is the new owner, Edgar Brown, of Orange, Texas, and at right is  
James Sartwelle, President of Houston Fat Stock Show. (AP) Wirephoto.

In Gatesville there is a local  
note of more than the ordinary  
interest in a boy who overnight  
became a figure of national fame,  
especially in Boys 4-H Club circles  
and among producers of beef  
animals of superior value on the  
market. Jim Bob Steen is a  
cousin of Roger Milles, widely  
known business fan of Gatesville,  
Hamilton, as also was Roger H.  
Miller of this city. Mr. Miller  
says his young cousin is a senior  
in Goldthwaite High School, and  
his ambition to finish a college  
course was realized in winning the  
Grand Championship at the Hous-  
ton Fat Stock Show and the con-  
sequent sale of his Baby Beef  
for \$15,000.

**FOREST FIRE FIGHTERS  
BATTLE TEXAS BLAZE**

A fire crew of the Texas Forest Service, A. & M. College, is shown as they attempted to head off this fire in Southeast Texas. They are using a special tractor-

plow to open a lane around the blaze and then setting a back-fire from which to hold their line and keep the fire from spreading. The view was made from one of the planes used by the Forest

Service for fire spotting in the present emergency. Messages are dropped to ground crews from an observer in the plane, or direct air to ground radio communications are used.

**Returned Veterans and  
St. John's Pastor Are  
Honored in Hospitality**

Sunday, February 2, was the night selected by St. John's congregation to honor their returned veterans by a "Welcome Home" party, and their pastor, the Rev. A. E. Flathmann on his birthday anniversary. Decorations of the parish hall, scene of the courtesy were in patriotic theme.

A short program was given at which time the returned veterans were welcomed by public pronouncement from their pastor; C. C. Lina, president of the congregation; Mrs. Earl Schults, president of the Missionary Society, and Melvin Jacobs, vice president of the Coryell City-Crawford Luther League. A group of patriotic songs were given by the ladies choir. Pastor Flathmann then addressed the assembly on the theme "A Call to Service". Following the program honoring the veterans, the pastor was presented with gifts from the congregation and other organizations of the church.

Diversion in the form of "progressive 42" was directed by the Hennig Twins, Leola and Viola. Prizes were presented to the following players: Reuben Bohne, veteran's high score; Erwin Mueller, veteran's low; Mrs. H. Landfried, veteran's wife high score; Mrs. R. Thiele, veteran's wife low score; Willie Falkenberg, men's high; Herman Bischoff, men's low; Mrs. Arnell Buth, ladies high, and Mrs. A. E. Flathmann, ladies low score.

Refreshment tables were tastefully arranged with flowers and red, white and blue tapers in crystal holders. A delicious collation was served to approximately 250 guests.

Fifty-seven young men enlisted from St. John's congregation for service in World War II, and only one out the group made the supreme sacrifice. The company present was happy to note that among them were six veterans of World War I.

In Guatemala, the nectar of coffee blossoms produces fine honey.

## INDEX OF TEXAS BUSINESS

### Texas Index of Business Activity

Texas business indicators compiled by the University of Texas Bureau of Business Research revealed the level of 1946 business to be 80 per cent above the average prewar year.

The composite business index, based on six series representing important indications of business activity, stood at 188.2 per cent of the 1935-39 base in December. Yearly average of the composite index was 178.5 compared to 1945's 204.9.

This 12.9 per cent decrease is largely due to the decline in indicators representing manufacture and transportation of war materials. The series reflecting changes in manufacturing fell below their wartime peak; employment was down 21 per cent for the year and pay rolls were 27 per cent lower, but the index of 195 was almost doubled by war pay rolls. Miscellaneous freight carloadings saw a 15 per cent drop but were 37 per cent better than the average 1935-39 year, and electrical power consumption fell off 5 per cent but was almost 2 times greater than the prewar yearly average.

On the asset side of the ledger

### Recent Bride Feted at Tea-Showers Held in St. Johns' Parish Hall

A beautiful hospitality of January 28 honored Mrs. Herbert Gaskamp, the former Miss Marie Mulhouse who was recipient of many lovely and useful gifts presented in a miscellaneous shower at St. John's parish, Coryell City, with calling hours from 2 to 5 in the afternoon. Hostesses for the affair were aunts of the honoree, Mrs. Ed Sandhoff, Mrs. Louis Hoehnn, Mrs. Albert Hoehnn, Mrs. Fred Bartels, and Mrs. A. A. Gaskamp.

Assisting in houseparty duties Miss Dorothy Hoehnn presided at the bride's book, where 54 guests inscribed their names. The assembled company enjoyed playing various games directed by the Misses Vivian and Dorothy Hoehnn. A feature of the afternoon's gaieties was the novel manner in which the gifts were bestowed upon the happy bride. An artistically decorated small wagon, drawn by little Miss Joyce Marie Westerfield and Master Larry Hoehnn, costumed as bride and groom, was stopped in front of Mrs. Gaskamp, who accepted graciously the "load", and proceeded to unload the wagon and display the attractive gift articles.

Refreshments of delicious cakes, sandwiches, cookies, potato chips and hot coffee were served the guests from the dining table, laid with white damask and centered with an arrangement of white chrysanthemums and varicolored tapirs in crystal holders.

News from Coryell City is that Herald Lina and Henry Flathmann return to Austin early last week to resume their studies at the University of Texas.

One and one-half pounds of peanuts in the shell will make about one pound of kernels.

The Russians add preserves to their cup of tea.

were the indexes of crude runs to stills (up 15 per cent) and the sales of department and apparel store sales (up 25.4 per cent). Crude runs to stills were half again as large as the average runs in the prewar years and department and apparel store sales zoomed almost three times above the 1935-39 level to mark up a record for dollar sales in December and for the year as a whole.

After its October 1945 slump Texas business has begun to get back on its feet and show steady, significant gains during the months of 1946 with only minor drops. The peak of business activity in 1946 came in August when the index stood at 189.7. (AP)Photo.

## Jonesboro Girls, Pearl Boys Win Tournament

In the Invitation Basketball Tournament at Jonesboro the past week end, Jonesboro girls defeated Gatesville girls 34-22 to take the trophy in that contest, and Pearl's boys topped Jonesboro boys 32-27. Trophies were presented to each club.

The tournament which opened Thursday with the Oglesby girls topping the Pearl Dragonettes 24-20, and the Pearl Dragonettes stopped Oglesby's boys 44-21. This was followed by an exhibition game, in which Jonesboro girls defeated Clifton Junior College 25-22 Friday's contests Jonesboro girls

38, Copperas Cove 12; Jonesboro boys 48, Copperas Cove 24. Gatesville girls 26, Oglesby 14.

In the Pearl-Jonesboro boys game, it took an extra period to get a decision. Outstanding in the tournament were Elise Coward, Evelyn Williams and Catherine Jones, of the Jonesboro girls club; Jeffries and Dyer of the Hornettes; and the boys, Jernigan of Copperas Cove, Ballard, Johnson and Cox of Pearl, and Jonesboro, Tubbs, Bramlett and Hodge.

There were 5 girl teams and 4 boys. Jewell of Clifton College and Tatum of Gatesville High school were officials.

## Hornets Win Tournament At McGregor; One More Conference Game To Play

Gatesville Hornets didn't exactly "breeze" thru the tournament at McGregor, but came out with a District Flag tucked under their belts, with only one string attached. They have one more conference game to win, which, is said to be easy, and it is La Vega.

In the tournament, McGregor eliminated La Vega 26-17, and McGregor took West 41-36. Gatesville stopped McGregor 42-30.

This was no pushover, as the score might indicate, but the locals led all the way. Roughness of the game accounted for Gilbreath being fouled out just after the half, and Davis went out shortly before the game ended. Isbill was high for McGregor, and Wylie Patterson hooped 13, Gene Anderson and Bert Davis getting eleven each.

Starters were:

|              |     |           |
|--------------|-----|-----------|
| Hornets      | pos | Bulldogs  |
| Patterson    | F   | Isbill    |
| Featherstone | F   | Crouch    |
| Davis        | C   | Lechler   |
| Anderson     | G   | Williams  |
| Gilbreath    | G   | Hortsmann |

In the final game the Hornets stopped the Clifton Cubs 37-24, but our sports writer didn't get that.

This was the championship game for the District 12-A, and puts the Hornets out looking for a Bi-Dist. Club.

### JUNIOR HORNETS DEFEAT JONESBORO

Junior high Hornets regained their last defeat by defeating the Jonesboro boys 24-17. At the first quarter the Hornets lead 5-1. At the half 8-8. In the third quarter Jonesboro grabbed the lead 14-10, but the locals overcame this lead to win by a score of 24-17.

Starting lineup for Hornets were Painter, Bradley, Newman, Franks and Veazey.

Scores made by Painter, 7; by Franks, 3; Veazey 7.

### HORNETS TAKE EASY WIN OVER CLIFTON

Gatesville Hornets were just too much for the Clifton Cubs last

Tuesday night in the Gatesville Gym. The Hornets were in the lead all the way. Big Jim Featherstone was high point for the Hornets with 16.

Gene Anderson and Benton Gilbreath were the men who could take the ball away from the Cubs. The score at the half was 24-5 in favor of the mighty Hornets.

### HORNETTES TAKE EVANT

By Charles Ray Roberts  
The Gatesville girls and the Evant girls were in a battle all the way last Monday night at Evant. The Hornets were in the lead at the half by a score of 11-7. Both teams seemed to be off for they just couldn't seem to hit the basket. The final score was 26-17 in favor of the Hornets. Jeffries was high for the Hornets ranking up 11. Smith was high for Evant with 13.

### HORNETS TAKE EVANT FOR THEIR 17TH WIN

By Charles Ray Roberts  
The Hornets had a hard time taking Evant last Monday night at Evant, the score changed hands many times during the game, but mighty Hornets came out on top by a score of 36-24. Both teams really had the pep and really wanted to win.

The Hornets have played 19 games, have won 17 of them. They lost one game to Kerrville, and that is AA school. They lost one to Hamilton, which was by a difference of three points. That is a mighty good record for the Hornets. Capt. Bert Davis was the hot rock for the Hornets, racking up 14 points.

Lemmer was high for Evant, getting 20.

Mr and Mrs. Everett Williams and two children of Calvert were visitors here the past week.

Jimmie Dick Thomas and Billie Jean Basham, Dallasites were week end visitors here this week. Charles and Gene Clary of Dallas were recent visitors with Mrs. Pat Potts of Gatesville.

Personals

Miss Bertha Sanders was a recent visitor in Oglesby and Waco with relatives.

A report has been received by friends in Coryell County that Mrs. Otto Mulhouse of Mosheim is convalescing satisfactorily following a surgical operation performed at Hillcrest Hospital in Waco recently.

**Paradise For Ball Fans—That's Texas**

By Harold V. Ratliff  
(AP) News Feature Writer

Texas next spring should be the fans' and young baseball players' paradise. The players can break into almost any minor league classification. The fans will see more teams than ever before.

Five professional leagues—the largest number ever operated in this state—will place more than 30 clubs in the field in 1947. They rank from D to AA, with only A and A-1 missing.

Texas, in fact, will be pushing North Carolina for the largest representation in professional baseball among the 48 states.

Five members of the Class AA Texas League are in Texas. They are Dallas, San Antonio, Fort Worth, Houston and Beaumont.

The Class B East Texas League has six clubs definitely lined up with prospects of an eight-club circuit. In the league are Texarkana, Paris, Greenville, Sherman, Waco and Wichita Falls. Temple, Corsicana, Gainesville and Palestine are being considered for the other two spots.

There are two Class C circuits—the West Texas-New Mexico League and the Lone Star League. Six members of the former loop are in Texas; Abilene, Amarillo, Borger, Lamasa, Lubbock and Pampa. All of the Lone Star League clubs are in Texas. They are Bryan, Lufkin, Jacksonville, Henderson, Tyler, Kilgore, Longview and Marshall.

The new league is the Longhorn, a Class D circuit with six members: Odessa, Midland, Sweetwater, Big Spring, Ballinger and Vernon. They're all in Texas.

These circuits play schedules from 130 games to 154. All furnish opportunity to youngsters just breaking into baseball. The Texas League goes in strongly for youth.

So, young fellow, if you want to play the game, stop off in Texas. If there isn't a league to your liking somebody will be glad to organize one. But already there is room for about 500 ball players.

**Pre-Nuptial Compliment Fetes Carolyn Chambers Bride of Bobby Paxton**

On Thursday afternoon of last week with reception hours from 4 to 5:30 o'clock, Miss Carolyn Chambers was feted at a tea shower given by Mrs. C. M. Crawford at her home, 1408 Pleasant street, with Mrs. G. B. Harcastle and Mrs. Sam Cham-

Artist's conception of scene as Edison and assistants successfully tested the first practical incandescent lamp, Menlo Park, October 21, 1879.

**T**HIS week America pays tribute to Thomas A. Edison, "Wizard of Menlo Park," who was born February 11 one hundred years ago.

Edison's legacy to the world included such inventions as the phonograph, motion pictures and fluoroscope, but he is most famous of all for his work in the field of electric lighting and power distribution.

Edison not only invented the first practical incandescent lamp, but also created a complete central station electric system, including dynamos, conductors, meters, fuses and all other apparatus needed to make the new light commercially feasible. This was the famous Pearl Street Station in New York, forerunner of today's giant power systems, built in 1882.

A few years before Mr. Edison's death in 1931, he stated that the electrical age was still in its infancy and predicted that the power he had harnessed would constantly widen in usefulness and steadily decrease in cost, with resultant benefits to all mankind.

Today, Edison's prediction is borne out by the fact that home consumption of electricity has more than doubled since 1930, while the cost per unit has been approximately halved.

Electricity's ever-widening usefulness, interpreted in terms of lessened labor, greater production and better living at lower cost, is a true measure of Edison's great contribution to posterity, and the most enduring monument to his genius.

**COMMUNITY PUBLIC SERVICE COMPANY**

**1847 - THOMAS A. EDISON CENTENNIAL - 1947**

bers as co-hostesses. The reception suite was alluring in the beauty and perfume of narcissi and mock orange blossoms, with one especially lovely arrangement of chosen flowers in a handpainted gravy boat. The lace laid dining table was centered with vari-colored swetpear in pastel shades, and the reflector on which the punch bowl stood was outlined with sweetpeas and fern. The refreshment service was of crystal, with plate favors double wedding rings tied with white satin ribbon.

Mrs. A. W. Ellis of the house party greeted the guests at the door, and passed the callers to Mrs. Chambers, mother of the affianced bride, Miss Carolyn Chambers, Mrs. John G. Paxton, mother of Bobby Lee Paxton, and Miss Alice Paxton, her daughter, who composed the receiving line. Mrs. Ollie, a pleasing entertainer, charmed the assembled guests with her readings, the themes chosen being "Daisy Petals" and "Two Loves". Mrs. Sterling Edwards registered guests in the bride's book, unique and beautiful, the creation of Mrs. Jack Lipsey, aunt of the honoree. Seventy-five callers inscribed their names.

The wonderful collection of gifts were displayed attractively and callers were shown through the room by Miss Margi Jones and Mrs. Berneice Chambers. Mrs. Lawrence Hayes guided the guests to the dining room where

they were served punch by Mrs. Bobby Melburn, and cake was passed by Mrs. Jim Holt with Mrs. Merle Carroll assisting.

At least 18 major commercial products are made from apples.

**TEEN TALK:**

here are talking nothing but. Dolores Martin of Cathedral High School, New York, rel'ay roll it around her teeth.

All you do is take each consonant in a word and add ut. Each vowel is kept in its original form. For instance, take the sentence: Apples grow bright and high, and end their life in apple pie. Dog latin would make it: Aput put lut e sut—gut rut o wut—but ruti gut hut tut—a nut dut—huti gut hut, a nut dut—enutdut—tuthutei rut —lut i fut e—inut—aput put lut e—put ie.

Remember Margaret Southwood, who wrote from Luton, Bedfordshire, England, saying that she read the column in the Syracuse Herald-American which some friends of hers let her see regularly—well, here's another letter from her:

"I enclose another illustration of a 'Luton' junior miss. I hope you like it. I am very interested in your column, and by reading it learn a lot about American young people. What kind of films do the average teen talkers like—American, French or British? I like American and only see British films about four times a year. The film stars I like are Ann Todd, Jean Craine, Bud Abbott and Lou Costello, Rita Hayworth and John Hodiak.

"Do you suppose you could get me three pen friends who are interested in Teen Talk, and would write their opinions to me. "I remain, your ardent admirer, Margaret."

What do the kids out there think about Swoonatra's barring the bobby sox brigade from his studio audience? Some here are awful mad. But they all think that just a few fresh kids spoiled it for everybody. The autograph hunters have gotten so wild it is said the movie stars are campaigning to stay away from the East. But after all the kids helped put Sinatra on the platter-beam, so he shouldn't buckle 'em in.

**FIRE DAMAGES 3 FIRMS**  
 Fire (above) caused an estimated damage of \$78,000 to the equipment and stocks of three firms in a downtown business building in Paris, Texas, and sent three firemen to the hospital. Two of the

firemen were overcome by smoke and the third suffered a back injury. Fire equipment from nearby Camp Maxey was used to assist city firemen in controlling the flames. (AP) Photo

Other performers like the teenage audiences. Gordon MacRae, singing host of the teentimer's radio club, says that he thinks the best behaved studio audiences are the kids from 13 to 18 and adds, "After all, the time for a performer to worry is when his audience is nice and quiet, and stops chasing him for his autograph."

The newest fashion hit with the kids are hand-tooled moccasins. These are tooled with patterns, initials or personal designs into the leather, by an Indian artist.

Bye the bye,  
 VIVIAN.  
 (You may write Vivian Brown in care of this paper about new angles in your own gang)

**Death Takes King Farmer Burial in Restland Cemetery**

Final rites for Albert Lanclot

Marion, who passes away at his home in the King community on Saturday afternoon, February 1, at 5:15 o'clock were held in the chapel of Scott's Funeral Home here on Monday of last week.

Minister John Overby of the Church of Christ conducted the service, paying tribute in Scriptural readings and commendation to the Christian life of the man who had come to an untimely end through illness.

Interment in Restland cemetery in Gatesville followed the service, and the mound beneath which the dead sleeps was almost hidden by the wealth of beautiful flowers given in testimony of the love and esteem of family and friends.

Albert Lanclot Marion was born to W. F. Marion and Mrs. Sarah Hill Marion, now deceased, Jan. 11, 1898. He followed farming for some nineteen years, until ill health, suffered some three years ago incapacitated him for an active, industrial life.

Mr. Marion is survived by his widow, Mrs. Belle Marion, to whom he was married on March 29, 1928, and two stepchildren, Carl and Thelma Marion. Other survivors are his father, W. F. Marion, Woodsboro, Texas; four brothers, W. F. Marion, Pr, Arizona; Chester A. Marion, Houston; Charles Adren Marion, Victoria; C. S. Marion, Victoria, and one sister, Mrs. H. B. Pendleton, of Woodsboro.

He was a member of the Church of Christ.

**Stroke Fatal to Long Time Coryell County Farmer-Stockman**

Following several months of enfeebled health, Andrew Thomas Quicksall suffered a stroke of paralysis only a few hours before his death occurred at his home in the Ames community, Friday, Feb. 7 at 4:25 in the afternoon.

Mr. Quicksall, well known farmer and stockman had resided for forty years at the farm home where he died. He was a member of the Baptist church, and was interested in all forward movements in his community, the county and state, and was a man of high esteem by all who knew him and his acquaintance was wide.

Tom Quicksall was a native of Kentucky, born in Louisville, on January 13, 1877. He was born a son of William Quicksall and Mrs. Emily Harris Quicksall. He was married to Miss Anni Liza Smith on July 31, 1898. He is survived by his widow, six daughters and three sons. They are: Mrs. Guy Byrom, Mrs. Winnie Coskrey, Mrs. Alford Davis, Mrs. O. B. Weaver, Mrs. Mildred Cloud, Mrs. H. C. Nixon, and Archie Quicksall, Alton Quicksall and Elton Quicksall. His descendants number 14 grand children and six great grandchildren. Other survivors are three brothers, Harve, John and Matt Quicksall.

A large company of friends gathered with the bereaved family and sorrowing relatives at Gatesville First Baptist church, Sunday afternoon at 2 o'clock for the memorial ceremonies honoring Mr. Quicksall. The cortege passed from the church to Restland cemetery where rites were concluded in an impressive service. The Rev. Ollie Williams and Dr. Lawrence Hayes were officiants. Funeral arrangements were in charge of the Morton, Scott & Son directors, and attending the casket as pallbearers were Cloyce E. Byron, Ross Coskrey, Curtis Davis, Clay Davis, Roger Cloud, and J. W. Boes. Flowers were chosen in every variety and shade of coloring for the weaving of beautiful pieces for the decoration of the church altar and grave, and the tribute was one of the largest ever arranged above a mound where the beloved dead sleep.

**Hot Water**

for 20 morning shaves

Whether for shaves or automatic home laundry you need plenty

There's over 140 different needs for hot water in the modern household. Of all the water it uses, 85 percent is hot. Shaving is just one of the needs. Big users are the new automatic dish washers and home laundries. For instance, automatic laundry requires over 18 gallons of 160-degree water to soak, wash and rinse nine pounds of clothes. So capacity of heater is all important. If you're planning to build, modernize or install one of those do-everything automatic washers, better see your gas appliance dealer or plumber about your hot water supply. A gas-automatic water heater of proper size will provide all the hot water you need at a remarkably low cost.

**SIZING CHART for automatic storage gas water heaters**

| Number Bathrooms | Number Bedrooms | Storage Capacity Gallons |
|------------------|-----------------|--------------------------|
| 1                | 1 or 2          | 30                       |
| 1                | 3 or 4          | 40                       |
| 2                | 2 or 3          | 40                       |
| 2                | 4 or 5          | 50                       |
| 3                | 3               | 50                       |
| 3 or 4           | 4 or 5          | 75                       |

Know what is the correct size automatic gas water heater for your needs when talking with your appliance dealer or plumber. Use above "Sizing Chart." And for lasting satisfaction, get heater with rust-proof tank of glass, copper or monel.
