A. & P. Tea Co. Lease Leaird's Renewed Building

In a recent deal, according to
Byron Leaird Sr., of Leaird's
Department Store, the former
furniture store part of their burn-
ed store which has been rebuilt
has been leased to the Atlantic &
Pacific Tea Company, familiarly
known as A&P Store.

Mr. Leaird said A&P were go-
ing to alter somewhat the ar-
rangements in the new building,
and the balcony would be remov-
ed. New fixtures in line with the
A&P policy will be installed, and
the store will be completely and
thoroughly new.

Mr. Leaird said that as soon as
possible they would complete the
corner location which was former-
ly Leaird Department Store's
main building, and that probably
their present location would be
their furniture department.

Just when a'l this moving and
fixin will be completed is not
known, and it is rumored there
are applicants for the old A&P
location now.

And they say nothin' ever hap-
pens in Gatesville!

About 25 pounds of feed are re-
quired to develop a pullet to the
laying stage.

Horne's Meet Diamond Hill In First Regional Game Thursday Night; 2d TCU

Following their 36-21 defeat of
Mart High School Thursday night
at Gatesville. Gatesville high
school officials met the past week
end with officials of Olney, Dia-
mond Hill and Bowie, in Fort
Worth, and Gatesville will be
host to Diamond Hill, here Thurs-
day night. Bowi and Olney will
tangle for another half of the
play-off at some other location.

Winners of these two games will
then probably meet in TCU's
Basket Ball Arena for the Region-
al Title.

Mart Easy For Locals

The highly touted Mart went
down easily at the hands of the
locals this past Thursday night,
the Hornets leading off to a quick
6 point lead.

Never were the Hornets in

trouble, with "Poncho" Anderson
and "Kilroy" Gilbreath, the two
sparkplugs clicking sharply with
the able help of Wylie Patterson
who rang up 12 tallies. Crawford
and Evans were able subs.

The two big brutes of the club
were stars in their own rights
and Bertram Davis emerged with
10 and his side-kick James Feath-
stone nicked 10, too. Their work
taking them off the board from
the Mart forwards was nice to
see. Bobby Holsak for Mart was
high with 8. Half-time score was
18-11, Hornets. Officials were
Wwright Parks and Pete Creacy
of Baylor University.

Starters for Gatesville were
Anderson Gilbreath, Patterson,
Featherstone and Davis. For
Mart: Manning, Herod, Abbs, Hol-
sak, David.

PEARL BOYS WIN COUNTY CHAMPIONSHIP CLASS 'B' AT PEARL: MOSHEIM, TOO

Pearl's Dragons are County
Champions of Class B Basket-ball
and went on in a game at Mo-
sheim to win the right to repre-
sent Coryell County in the meet
which will be in Dallas this com-
ing week-end.

In the second tilt at Mosheim
they took the game by two points
in an extra 3 minute session after
it was all even at the end of the
regular periods. What the score
was, we didn't learn.

Previously, Wednesday night
at Pearl they'd topped Mosheim

48-21, but the play at Mosheim
was very much closer, with the
Mosheim boys playing on their
home court.

In other games at Pearl Wed-
nesday night, Pearl stopped Jones-
boro 43-38, and Turnersville was
stopped by Pearl 23-29.

In the final battle at Pearl, the
Pearl Dragons topped the Jones-
boro five 39-22.

Trophies were presented by
Supt. Earl Culp to Captain Bal-
lard of Pearl and Captain Bram-
lett of Jonesboro.

TURNERSVILLE-GATESVILLE SPRING SURPRISES FAVORITE J'BORO KAYOED

In the "1-point" tournament the
past week-end at Oglesby, Turn-
ersville emerged as the champion
feminine sextette of the county,
with the title of County Cham-
pions and a gold cup, to boot.

Gatesville's Hornets the runner-
up also got a "consolation" cup.

Surprise game of the meeting
Friday night was the defeat of the
favored Jonesboro lassies by the
Hornets by a 1-point margin,
23-22.

Turnersville goes this week-end
to Lometa for the district meet
where the teams will include
Aleman, which meets Gatesville,
Mosheim draws a bye and Turn-
ersville meets Lometa in the
opening game Friday evening.

Next series of games will be
Hamilton and Cranfills Gate-
ville. Finals will be played Satur-
day night.

A rule of the Interscholar
League as ridiculous as it might
be allows the runner-up in County
Tournaments to go to the District
and that's the reason Gatesville
was allowed to go.

In a preliminary game at Ogles-
by Turnersville Friday evening
barely nosed out Evans 23-22 or,
at least by two points. This gives
a rough idea of how close all the
teams were in the tournament.

Championship Game

In the final of the tournament,
Turnersville Girls and the Horn-
ettes battled on about even terms
thru most of the contest, the first
period ending Turnersville 7, G-
atesville 4, the half was 11-all,

missed the third quarter, but the
struggle ended Turnersville 19,
Gatesville 18 with Gilmore's long
shot from near the center mark
cinching the title. The Hornets

had a minute to go, and in their
eagerness, shot, Gilmore was sub-
stituted, Turnersville got the ball
passed to her, and she hit only
the mesh on the iron hoop—the
most beautiful shot of the game
for anybody but Gatesville fans.

For the loser, Gatesville's guards
played a stellar game all the way,
and they hedged in the brilliant
Turnersville forwards Gilmore,
Garren and Ingram, holding the
count down. For the forward work
Price and Jeffries looked best,
but Dyer was a dead shot at times.
Jeffries was high with 9, and
Dyer got 7. Sharp-shooter for the
Turnersvilleites was Garren with 9.

Lin ups for the two clubs were:
Turnersville: Gilmore, Garren and
Ingram forwards; Walker, Hol-
lingsworth and Fleming, guards.
Hornettes: Jeffries, Dyer and
Price, Forwards; Alford, Laxson
and Cooper guards.

In a preliminary game Satur-
day night Oglesby and Valley
Mills girls played, and the night-
cap was Oglesby and Valley Mills
boys, the latter running away for
the visitors.

Thursday's games featured
Jonesboro's defeat of Pearl 33-7
and Turnersville stopped Oglesby
27-17.

Gatesville P.-T. A. Has Varied Program, Talks Funds Investments

Interest is growing in the activities of the Gatesville Parent-Teacher Association, and probably the largest attendance of the year marked the meeting at the High School Auditorium last Wednesday afternoon.

A program of highest merit was presented, and the varied features held the undivided interest of everyone present. The study theme: "Developing Better Citizenship" was discussed from three individual viewpoints, each speaker responding for their group by giving views on "How I Can Be a Better Citizen and Help Others to Grow". Miss Martha Fay Eubanks, a GHS Senior, spoke from a student's viewpoint; Mrs. Evan J. Smith, represented the mother group, and R. D. Foster discussed the vital subject from the business man's outlook. The summed up contributions of thought and experience is this: Obedience to authority and co-operation in spirit and activities.

Youngsters from the second grade rooms, directed by their teachers, Mrs. J. W. Laird and Mrs. Allen Gannaway, provided cleverly performed entertainment features in the presentation of a "Colonial Minuet", and a "Valentine Play".

Going into business session, the Association discussed a proposed project for the expenditure of P.-T. A. funds. All members of the Association are especially requested and urged to be present for the meeting which will be held on Wednesday afternoon, March 19, when a project will be thoroughly discussed and a vote polled.

Following the business meeting Mrs. Roger H. Miller and her committee served cookies and soft drinks which were thoroughly enjoyed by the entire personnel present.

Brief Illness Fatal to Travis DeWitt Magee, Jonesboro Farmer

Final rites honoring the memory of Travis DeWitt Magee were held at Scott's Chapel in this city on last Tuesday afternoon at 3 o'clock with the Rev. George Siler officiating in the impressive ceremonies.

Interment was in Restland cemetery.

A native Texan, Travis DeWitt Magee was born in Bell county, July 22, 1904, to Mr. and Mrs. John David Magee. He was married to Miss Mary Pope, July 3, 1943. The widow and two children survive to mourn the untimely death of a kind, provident husband and father. The children are John Travis and Margaret. He also leaves one sister.

Mr Magee and his family had been living on a farm near Jonesboro for two years. He was a member of the Methodist church, and was a man worthy of the high respect accorded him. An

industrious farmer, he was following the avocation he had chosen for life's active years. His illness was very brief and he passed away at his home on February 17, at ten o'clock in the evening.

COUNTY LINE SINGING

Sunday will be the regular monthly singing night at the County Line School house. The singing is open to the public.

A broiler weighs no more than 2½ pounds, according to U. S. Department of Agriculture standards for dressed chickens. A fryer weighs between 2½ and 3½ pounds, and a roaster weighs more than 3½ pounds.

Rio de la Plata, on the Atlantic coast of South America, means River of Silver.

February 14, 1947.
Dear Friends:

This week I took advantage of the lack of any legislative program to attend the meeting of the stockholders (borrowers) of the Federal Land Bank at Houston. This great organization has done an outstanding job of supplying credit to Texas farmers at interest rates far lower than were ever dreamed of before the old lending institutions were confronted with competition. While the government advanced the first money for capital, all of this government money has been repaid, and now every dollar invested in the Houston Land Bank is owned by the farmers of Texas. Here we have an example of what farmers can do for themselves when the government makes it possible for them to provide competition where none previously existed. The REA is another example.

I returned today in time to attend a meeting with the Secretary of Agriculture and his staff in regard to the foot and mouth disease. Our Agriculture Committee has just given a favorable report to a bill authorizing full cooperation with Mexico in an effort to stamp this terrible scourge out while it is still in Mexico, and the Secretary has just assured us that his Department is already working to try to protect the livestock industry of this country.

Last June, the 79th Congress passed a bill written in the Agricultural Committee of which I am a Member, known as the National School Lunch Act, which set up a permanent school lunch program. This Act authorized, and Congress later appropriated, \$75,000,000.00 for the fiscal year of 1947 (the fiscal year runs from July 1, 1946, through June 30, 1947). Of this \$75,000,000 Texas was allocated \$2,449,149.10 of which \$2,860,556 was to be spent for food and \$592,892.00 was to be spent for equipment.

This is far more money than had ever been provided for school lunches in the past. In fact, in the fiscal year of 1946, the Federal Government appropriated \$51,000,000 and for some time the Federal appropriations have averaged about \$40,000,000 per year.

Prior to the passage of this Act, the School Lunch Program had been on a year-to-year basis. It was thought that by establishing a permanent program under which the States would know what they were going to get that we could improve the helpfulness of this Program to safeguard the health and well being of the nation's poorer children.

The amount appropriated to each state is based on the number of children in school in a given state and the need for assistance in the state as indicated by the relation of the per capita income of the entire United States the per capita income in that state. The Law specifically provides for State matching of Federal Funds, but so far, our State has made no appropriation for this purpose.

I understand, however, that legislation has recently been introduced in the Texas Legislature to provide actual cash assistance from the State. It has been estimated that it will require in addition to the \$3,400,000 of Federal funds approximately a million more dollars from the State to carry this program through to the end of this school year.

The President's Budget has recommended that the Federal Government make another \$75,000,000 appropriation next year for school lunches, and I expect to support this amount. There will, however, be some opposition to

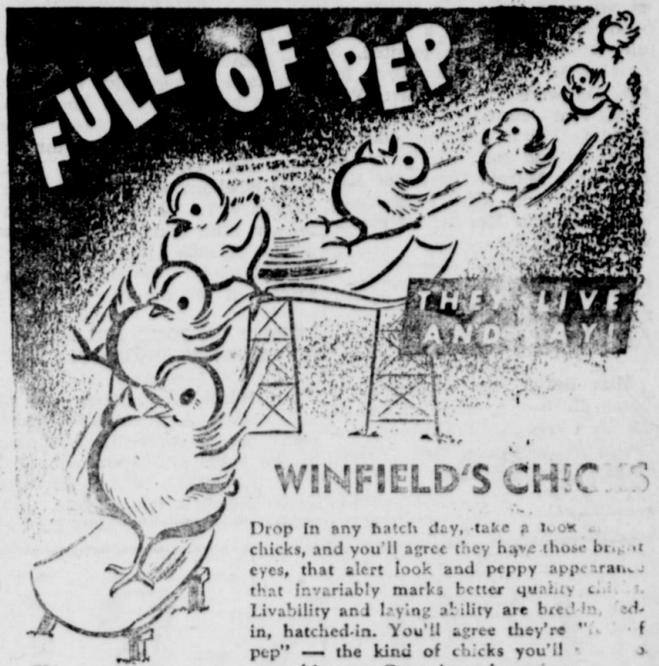

this particularly in view of the fact that the Republican Majority in Congress is committed to a very extensive cut in the Budget. I think, however, that we have a good chance of providing additional Federal moneys next year.

I look upon the School Lunch Program as a very fine and a very helpful program. I have supported appropriations for it, and I expect to do so again, but I think it is fair to say that since Congress has so materially increased the Federal funds available to the several states that deficits that arise through the operation of the program this year will probably have to be met by the State rather than the Federal Government.

With best wishes, I am,
Your friend,
W. R. POAGE.

- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- Educational benefits under GI Bill of Rights for men who enlist before official termination of war and remain in service 90 days or more.
- Family allowances for dependents of men enlisting or reenlisting continue until 6 months after official termination of war.
- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)

Janis Hollingsworth Is Honored In Celebration Of Fourth Birthday

Pretty little Janis Hollingsworth was feted on her fourth birthday at a party given by her mother, Mrs. D. R. Hollingsworth at their home on Wednesday afternoon at 4 o'clock.

Each guest who enjoyed the party with Janis brought her a lovely gift for remembrance of the happy occasion. The children were entertained with "Mother Goose" songs, and romped about the rooms in joyous abandon.

Refreshments of cookies and chocolate were served from a table, centered with a large, beautifully decorated cake, topped with four tiny tapers. Generous slices of the confection added satisfaction to the sweets served the small folks.

The company of Janis' playmates included Patsy Pearce, Billy Jack Clemons, Bobby Bush, Edward Cato, Glenda Dyer, Jerry Chambers, Florence Ann Neuman, Charlotte and Charles Bunnell, Bobby Williams, Billy Mack Vaden, Tommy Backstock, Jayce Dyer.

Lt. Jack Hestilow Gets Permanent Air Medal Citation

Lt. Jack H. Hestilow, USNR, of Gatesville, Texas, husband of Mrs. Lois M. Hestilow, has received a permanent citation for his Air Medal from Secretary of the Navy James Forrestal, for the President

Lt. Hestilow, currently serving with the Naval Air Reserve Training Unit, Naval Air Station, Jacksonville, Fla., earned the award in aerial action against enemy forces at Tarao.

During the war, citations were temporary, or incomplete, for security reasons.

"For meritorious achievement in aerial flight as pilot and Section Leader of a flight of bomber planes in action against the enemy Japanese forces at Tarao, January 29, 1944. Leading his attacking section into the target in extremely hazardous weather, Lt. (then Lt. jg) Hestilow was making his attack when his plane was damaged by heavy anti-aircraft fire. Realizing that the craft might further be weakened by a power dive, he nevertheless carried out a bold attack on a torpedo storage warehouse, scoring a direct hit which caused a tremendous explosion and, on his retreating, strafing an armed merchant ship in the lagoon. His skilled airmanship, courage, and devotion to duty reflect the highest credit upon himself and the United States Naval Service."

By Sid Gregory, Jr.

Mr. Gordon Davis introduced a bill last week that will make it a felony for anyone passing through a picket line to do violence to anyone in a picket line. I signed the bill with him.

The newspapers misquoted the bill, and now it's a dead one. They said the bill would prevent anyone from walking through a picket line. Actually, it would prevent no one from walking through the picket line. It only prevents him from working on the picketman with an axe-handle as he goes through.

We don't want strikers and pickets, but if they come anyway, let's keep the bloodshed out of it.

The anti-closed shop bill passed through my labor committee yesterday, and there is no doubt but that it will pass the House. It preserves the right-to-work, but it does not prevent strikers.

The governor has an excellent plan, however, that will stop the strikes if it is given teeth. We hope the bill and the teeth with it, passes. It provides that the government takes over long before the labor dispute comes to a head, and settle the matter long before a strike can occur. We're tired of those labor disputes and want to settle them once and for all time.

The "Basic Science" law passed the senate yesterday, but it will have rough sledding in the house. I have received over fifty letters against the law and one in favor of it.

My secretary has been sick and I'm getting behind in answering your letters. But keep them coming; I'll catch up before long. Hope to get home this week-end.

SID GREGORY.

**Master Jack Morse is
Feted on Birthday at
Children's Party**

A festive occasion last Wednesday afternoon for Jackie Morse and a group of his little friends was the celebration of his seventh birthday anniversary at a party given by his mother, Mrs. Jack Morse with play hours from 3:30 to 5 o'clock.

Guests were welcomed at the home by the celebrant and his mother, who accepted the many gaily wrapped packages that were later opened to reveal a large number of attractive gifts of remembrance which Jackie will enjoy through the long, long months until his eighth birthday rolls around.

Children's games delighted the company of small folks, and every one found the popcicles and candy quite acceptable when Mrs. Morse satisfied their keen appetites with these favorite confections. Then, there was the beautiful birthday cake with its seven tiny candles to be blown out with birthday wishes and other ceremonies. Tiny airplanes were distributed as souvenirs of the joyous occasion.

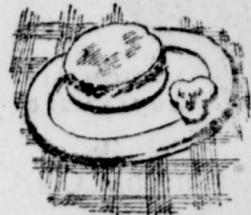

Enjoying the birthday celebration with Jackie were Ed Shelton Wolff, Morris Ford, Laurianna Sue Britain, Nancy Louise Brown, Mabel Ann Brown, Catherine Lee Brown, Charles Mounce, Walter Hix, Evelyn Faye Crain, Stanley Crain, Ronda Beth Hayes, Cecil Lee Newton, Jr., Charles Hall, Ben David Turner, Jerry Heath, Mat, Joe and Johnny Jones.

The first ship that sailed from the United States to China—in 1784—carried more than 20 tons of ginseng, a root believed by Orientals to be a panacea of many ills. Its post-war shipment has been resumed, although American scientists say the root, which grows from Maine to Georgia, has no therapeutic value.

REMEMBER--when you could buy a good white broadcloth shirt for \$1.95?

BACK in 1939 you could buy a good white broadcloth shirt from almost any men's furnishings shop for \$1.95. Today for a shirt of the same quality you pay approximately twice as much. And what is true of men's shirts is true of most other things you buy. Almost everything has gone up—almost everything *except electricity.*

As a result of greatly increased use coupled with sound business management, electricity has *stayed down* in cost while other prices have been going up. Electricity is one of the few things you buy that still sells for *pre-war prices or lower.* Although your monthly bill may not be less, due to the fact that you're using more electricity, the cost per unit of electric service was *never cheaper than it is today.*
