WARNING

Bill Thomson, Manager of Chamber of Commerce, issues a warning to all Coryell County War-Widows and the Gold Star Mothers of a vicious G I Graves racket that is being practiced over the country by depraved confidence men and women. Do not under any circumstances contribute to any organization offering photographs of your sons or husbands overseas grave, or offering to care for same, or offering any special service in obtaining information of overseas graves of next of kin. Any information that may be desired on overseas graves can be obtained by writing to the War Department, Washington D. C., and at no cost to the next of kin.

We ask all citizens to report any such confidence men at once to the police in the event you are contacted on this matter.

Miss Clara Linton Gets Fractured Arm In Fall Saturday

Miss Clara Linton, Society Editor of the News sustained a broken arm in a fall over lumber on the sidewalk in front of the News office Saturday morning.

She was taken to a local doctor's office and then to the hospital where she is resting "uneasily".

Watermelons And Broom Corn Objects Of Production

The Agricultural Committee of the Gatesville Chamber of Commerce is planning to give whoe-hearted support to several phases of the farm program whereby farmers may be assisted in marketing special crops. These particular crops are watermelons and broom corn.

To render assistance to the watermelon growers, the County Agent, cooperating with the Chamber of Commerce, wants the name of every watermelon grower in the county his acreage and the particular kind of melon. Watermelon growers are advised to get this information in the County Agents office at the earliest possible date. By knowing the acreage and kind of watermelons, contracts can be made which will be beneficial to growers.

The second special crop, broom corn, must be properly processed to bring the highest price. A meeting of broomcorn growers was held with the idea of having them cooperate in getting curing sheds built. These curing sheds not only prevent loss from rain in the field but guarantee the quality of broomcorn when it is sold. All broomcorn growers in the County should investigate through the County agent the plan now under foot to promote the building of a

A & P Officials Here To "Fix-Up" New Store Location

A. P. (yes, that's right) Douglas, of Dallas, a representative of the Dallas Office of the Atlantic & Pacific Tea Company, known shortly as "A & P" is here supervising the installations, and stocking of the new A & P Store on the west side of the square.

Also here is F. L. Fenn, company supervisor, and their present local manager, F. D. Coker, who arrived sometime ago from Comanche.

Four big trucks moved in with groceries this week, and it's being put in shelves and containers in readiness for their opening, about April 21.

Two Injured In Car Truck Accident Over Week-end Here

J. M. Price of Gatesville and Miss Catherine Bales were injured between 2 and 3 a. m. Sunday when their car collided with the back end of a truck driven by a Mr. Anderson of McGregor.

The accident happened at the underpass at McGregor.

They were brought to the local hospital where they were given treatment and later released.

Both the car and truck were badly damaged.

processing plant. We will need the acreage each fellow is planting and an expression of his willingness to participate in the program. Only by following this develop a permanent market.

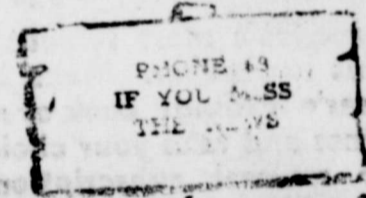

Both of the above special crops can be made to pay dividends but the production is only the first step. Markets must be secured and in establishing these markets it will be necessary to have a knowledge of the acreage planted and the willingness of the growers to course can the broomcorn growers participate in the well-organized plan.

Two-Year Hog Program Being Worked On

The County Agent is now working on a 4-H Hog program, enrolling boys in a 2-year program. The eight boys selected will each receive a free gilt, and a registered

boar will be given to some boy in the County. These gilts will be entered in various contests in the two years for which prizes will be awarded.

A committee will select only boys who are qualified to succeed. Any boy interested in receiving one of these gilts should contact the County Agent's office within the next two weeks, leaving your name and receiving information as to how you can participate in this program. Because these gilts will be distributed about June 1, contact the County Agent's office within the next two weeks if you are interested.

Canst Thou Beat It?

Consider the editor! A child is born unto the wife of a merchant in the town. The physician getteth 40 plunks. The editor writeth a stick and a half and telleth the multitude that the child tippeth the beam at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a Cremona.

Behold, the young one groweth up and graduateth. And the editor putteth in the paper a swell piece. Yea, a peach of a notice. He telleth of the wisdom

of the young woman and of her exceeding comeliness. Like unto the roses of Sharon is she, and her gown is played up to beat the band. And the dress-maker getteth two socre and four iron men. And the editor gets a note of thanks from the sweet girl graduate.

And the daughter goeth on a journey. And the editor throweth himself on the story of the farewell party. It runneth a column solid. And the fair one remembereth him from afar with a picture postal card that costeth six for a jitney.

Behold, she returneth, and

the youth of the town fall down and worship. She picketh one and lo, she picketh a lemon. But the editor calleth him one of our promising young men and getteth away with it. And they send unto the editor a bid to the wedding, and behold the bids are fashioned in a far city.

Flowery and long is the wedding notice which the editor printeth. The minister getteth his bit. The editor printeth a death notice, two columns of obituary, three lodge notices, a cubit of poetry and a card of thanks. And he forgetteth to read proof on the dead, and the darned thing cometh out "Gone to her last roasting place."

And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth out their ads and cancelleth their subs, and they swing the hammer unto the third and fourth generations.

Mrs. Sam Sneed, Born In Coryell Nearly 100 Years Ago, Dies in Evant

Mrs. Nancy Armanda Sneed died Tuesday afternoon at her home in Evant, after serving in her earthly tabernacle for almost a century. It surely was by reason of special favor in the sight of God that her sojourn on this earth was so extended. She was born to Mr. and Mrs. William Kinsey on September 23, 1854, near King in Coryell county. She spent her entire life in this section of Texas. She was married to Samuel Sneed in 1876 and to this union ten children were born. Three, an infant, Joe and William preceded her in death. Those whosurvive are: Mrs. Elmer Brooks, Mrs. A. O. Arnold, Mrs. Roxie Ray, Dick Sneed all of Evant; Marvin Sneed, Hamilton; and Mrs. E. L. Seely, Fort Worth. Also 36 grandchildren and 40 great grandchildren.

Mrs. Sneed was a member of the Primitive Baptist Church and was very faithful to attend as long as she was able.

Several weeks ago she suffered a broken hip but she had returned from the hospital and her family had been somewhat encouraged as to her condition. Then suddenly she was called home to the place where many mansions are promised to those who live faithfully unto death. Her life was such that no one ever utters a word against her. Her children all rose up to call her blessed.

Funeral services were conducted at the First Methodist church with Rev. C. O. Hightower in charge. Rev. Chester Sylvester lead the singing and Rev. and Mrs. Sylvester sang "Precious Memories". Pallbearers were: Troy Drennan, Clyde Thompson, O. C. Cook, Rollo Price, Felix Broyles and Tom Carl Sawyers. —Four County Press.

Members of 1920 Club Entertained By Mrs. J. M. Prewitt

Always a gracious hostess Mrs. J. M. Prewitt's guests Wednesday afternoon of last week, composed of the 1920 Club personnel, were delighted with the privilege of being at "84" in her home.

There was the usual brief period of gay greetings before partners were matched for the series of games. Completing her courtesy the hostess served a party collation consisting of cake and ice cream topped with fresh strawberries, and tasty salted nuts.

Beautiful arrangements of white and purple iris adorned the rooms where the following club members and especially invited guests assembled: Mrs. J. H. Hamilton, Mrs. Byron Leaird, Mrs. P. D. Hoyt, Mrs. D. R. McCellan, Mrs. A. D. Graves, Mrs. J. B. Young, Mrs. I. F. Johnson, Sr., Miss O. Mayo, Mrs. Morton Scott, Mrs. M. D. King, Mrs. I. E. Poston, Mrs. R. B. Cross and Mrs. E. H. Nesbitt.

Dr. W. R. White Coming To First Baptist Church For Spring Revival

The First Baptist Church has secured Dr. W. R. White of the First Baptist Church of Austin, to lead the local congregation in a revival the week of May 11th.

The church leaders say that Dr. White is reputed to be the outstanding preacher among the Southern Baptists. Dr. White is a native Texan, having attended Howard Payne College and the Southwestern Seminary at Fort Worth. He received the Th. D. degree from the Southwestern Seminary in 1928. Baylor, Howard Payne, University of Richmond and Union University have conferred upon him the honorary degree of Doctor of Divinity.

Dr. White was professor of Missions in the Southwestern Seminary before going to the First Baptist church at Lubbock. He was a volunteer to China, but his health made it impractical for him to go as a missionary.

He was called from the First Baptist church of Lubbock to be secretary of the Baptist General Convention of Texas, which place he filled with honor and dignity. It was, perhaps, his ingenuity, masterful strategy and wise leadership that safely led Texas Baptists through the depression. The First Baptist church of Oklahoma City called him from the Texas secretaryship, and upon the death of Dr. J. D. Safftefer, Hardin-Simmons University played with him for a year to become the University President. Because he has a shepherd heart and the soul of a pastor, many of the largest churches of the south tried to lure him away from the presidency of Hardin-Simmons. He went to First Church, Austin, January 1946, in which strategic location he directs the Baptist forces of our capitol city.

Church leaders feel that the

community is fortunate indeed to have Dr. White lead in a revival.

Autographed Card Is Received From Isabel MacDonald

We got something we didn't ask for, thanks to Dr. A. J. Armstrong of Gatesville. We mailed him a Christmas card, and back came a picture-post card of "The Plow Inn", in England, and Dr. "A" says in part:

"If you will look hard, you will see the autograph of Isabel Mac-

Donald. Her father was Prime Minister of England. She, however, (his favorite) preferred to run "an inn" of six rooms nearby the summer residence of the Prime Minister. I visited it and she wrote her autograph for me. She married a common peasant! She was also a favorite of Queen Mary, the haughty aristocrat.... Cordially, A. J. Armstrong, Baylor, Waco."

No, worked for him. I didn't take "Browning"! Too dumb!

Beautiful Easter Wedding Unites Margaret Zeigler And Alfred Clark

Miss Margaret Zeigler of Austin, daughter of Mr. and Mrs. Roy Zeigler of Gatesville, became the bride of Alfred Clark, son of Mr. and Mrs. Alfred H. Clark of Bremond, in a wedding solemnized Sunday at 3:30 p. m. in the Arnett Baptist Church.

Dr. Lawrence Hayes, pastor of the First Baptist Church of Gatesville, read the double-ring service before an altar banked with masses of fern and redbud with a central arrangement of white wrought iron flower holders of greenery. White tapers burned in candelabra on either side and the reserved pews were marked with white bows. Mrs. C. E. Alvis Jr., of Austin played the wedding music and accompanied soloist Mrs. A. W. Ellis of Gatesville for "I Love You Truly" and "Because."

The matron of honor, Mrs. J. W. Goodman of Lampasas, was gowned in pink net with fitted waist and full skirt and carried a bouquet of white gladioli.

Entering on the arm of her father, the bride wore a heavy white satin gown, created with a sweetheart neckline edged with seed pearls and sleeves extending into points over her hands which were also edged with seed pearls. The soft folds of the full skirt fell from a fitted bodice. The bride wore a crown of orange blossoms, from which the veil fell to fingertip length. She wore two ornaments, a strand of pearls and an heirloom pearl pin and carried a white lace handkerchief which Mrs. Alvis had carried in her wedding. The bride's bouquet was of white gardenias surrounded by white gladioli.

Elbert E. Miller of Mobile, Ala., served the groom as best man, and the ushers were Carol Zeigler, brother of the bride, and Twiford Schloeman of Gatesville. Charles Zeigler, also a brother of the bride, lighted the tapers in the candelabra on the altar immediately preceding the ceremony.

The bride's mother chose a black faille dress with a small white Panama hat and she wore white carnations. The bridegrooms, mother wore a black crepe model with white accessories and white carnations.

A reception at the home of the bride's parents, was held following the ceremony. Arrangements of redbud and white Iris and peach blossoms and white gladioli with ferns decorated the reception rooms. The bride's table, laid with a lace cloth and lighted with white tapers, was centered with an arrangement of redbud and white gladioli. The two-tiered wedding cake topped with miniature bride and groom was decorated with pink and white roses.

In the reception line were the bride and groom, their parents, and the matron of honor. The

house party included Mrs. Floyd Zeigler and Mrs. Preston Jones of Gatesville; Mrs. Kirby Perryman, Mrs. H. B. Perryman and Mrs. Bob Perryman of Denison; Miss Margaret Clark of Bremond, sister of the groom; Mrs. Clifford Adams of Geenville; and Mrs. C. E. Alvis, Jr., and Miss Virginia Parton of Austin. They were assisted by Misses Patsy Perryman of Denison and Miss Barbara Zeigler of Gatesville.

For travel the bride wore an aqua gabardine suit with white blouse and black accessories and she wore a corsage of gardenias.

The bride is a graduate of Gatesville High School and attended John Tarleton Agricultural College. Since receiving her Bachelor of Business Administration degree from the University of Texas, she has been employed by the State Bar of Texas in Austin and for a short time with the Department of Public Welfare.

The groom graduated from Bremond High School, attended Schreiner Institute and received his Bachelor of Business Administration degree from the University of Texas. He is a traveling auditor for the National Hotel Company.

Among out-of-town relatives of the bride were Mr. and Mrs. Clifford Adams of Geenville; Mr. and Mrs. H. B. Perryman, Mr. and Mrs. Bob Perryman, Tom Perryman, Ms. Kirbk Perryman, Miss Patsy Perryman, and Bill Perryman, all of Denison; Mrs. B. B. Simmons and Mrs. Annie Simmons both of Temple.

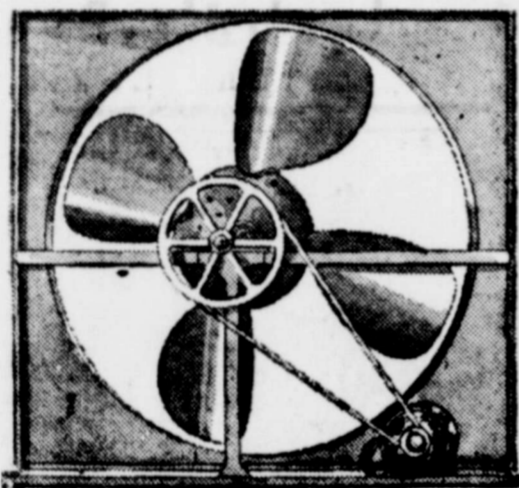

Out-of-town relatives of the groom were Mr. and Mrs. Edward Muret of Dallas; Mr. and Mrs. DeWitt Clark, Miss Beatrice Clark and Mr. and Mrs. Jim Clark, all of Waco; Mr. and Mrs. Buddie Holt, Miss Sharon Holt, Mr. and Mrs. Roland Clark, Roland Clark, Jr., Mrs. Annie Clark and Mr. and Mrs. Mack Clark, all of Bremond; Mrs. Kate Walton and Douglas Walton of Marquez; Mr. and Mrs. Henry Clark of Lampasas.

Other out-of-town guests included Mrs. Raymond Heggie and Miss Alma Ruth Heggie of Waco; J. W. Goodman of Lampasas; Mr. and Mrs. C. E. Alvis, Jr., Jimmy Alvis and Johnny Alvis, all of Austin; Mr. and Mrs. Dan McCall, Miss Hazel McCall, Bobby McCall, Mr. and rs. Kearney Harris, Jr., all of Bremond.

The bride was honored with showers and luncheons before the wedding and a rehearsal buffet dinner was given by Judge and Mrs. Floyd Zeigler at their home in Gatesville Saturday evening. Spring flowers and white candles were used as decorations.

NO HOT, SLEEPLESS NIGHTS FOR ME THIS SUMMER!

I'M INSTALLING

Attic Ventilation NOW!

Stored-up attic heat keeps your house uncomfortably warm long after the sun goes down. Diagram shows how an attic fan cools this accumulated heat and replaces it with cooling breezes.

SUMMER-LONG cool comfort can be yours, too, if you install attic ventilation now.

An attic fan draws in refreshing outside air through the windows...circulates gentle, cooling breezes throughout the house...blows hot, stale air out through attic vents. It provides a constant, stimulating air movement that makes your entire home as cool as a breeze-swept open porch.

By ordering your attic fan now, you can arrange for installation before hot weather arrives in earnest. It's forehandedness that will pay off in cooler days and cooler nights for you and every member of your family.

Uncle Sam Says

"Where on earth did my money go?" How often have you voiced this question, half in wonder, half in dismay! It's so easy to fritter away ready cash. A dollar here—and a dollar there—and in the end nothing to show for it. And yet saving for the things you want—a new home, travel or future security—is easy and effective simply by allotting a portion of your income either through the payroll savings or by arrangement with your bank for the systematic purchase of United States Savings Bonds. Dollars go, your bonds grow. When you buy Savings Bonds regularly, you are building the nest-egg for whatever you've set your heart on.

23 Given Tickets For Speeding In Last Week

Twenty-three with heavy feet on the accelerator were given tickets according to Chief of Police Herman Sims.

Just seems like some folks have only got lead in one foot, and, its the wrong foot.

Machines Help Fewer Farmers Feed More People

Today farm employment is slightly under 10 million people, or 18 per cent less than the 12,000,000 of 1910. Yet, these farmers are able to supply the nation with more than enough food, even though our population has increased 53 per cent from less than 92,000,000 in 1910 to over 141,000,000 persons. The increased productivity of our farmers is largely the result of the high degree of mechanization of our farms since 1910. This is exemplified by the fact that in 1910 there were only 4000 tractors on farms in the United States, but today there are over 2,000,000.

The development and improvement of farm equipment since the invention of the McCormick reaper in 1831 has closely paralleled the growth of our steel industry, and today steel comprises a major component in the production of farm equipment. In 1945, 1,120,320 tons of steel were used in the production of farm equipment and for other agricultural purposes.

Typical of the amount of steel required to make each unit of farm equipment is the medium-sized, all-purpose farm tractor of 25 h. p. which takes 1543 pounds of various types of steel, according to data supplied the American Iron and Steel Institute by a leading manufacturer. A total of 340 pounds of steel is used to make the tractor transmission alone, while another 301 pounds are needed in the manufacture of the engine and clutch. The brakes, rims and wheels take 119 pounds of steel, and the rear axle requires almost 130 pounds more.

The balance of the steel enters the manufacture of other tractor parts. The steel weights given are the weights of the rough steel purchased to machine and assemble the various tractor parts. Gray iron and malleable castings are also used in fabricating certain tractor parts, but the rough weight of the steel required equals 40 per cent of the combined weight of all three materials.

Final Rites Held At Turnersville Baptist Church for Mrs. Conner

After an illness of some two months Mrs. Geraldine Raines Conner passed away on Tuesday morning, April 8, at 12:20 o'clock in a hospital in Childress, Texas, her home city for some 5 months. She had gone to that city to make her home as the bride of Marvin Conner to whom she was married November 15, 1946.

With the casket resting before a flower banked altar in Turnersville Baptist church, an impres-

sive ceremony was held last Tuesday morning at ten o'clock in honor of the memory of the lovely young woman, the best years of whose promising life had just begun. The Rev. Lewis Clegg of Abernathy, conducted the religious rites, and burial, under the auspices of Morton Scott & Son was made in Turnersville cemetery.

Attendants at the casket as pallbearers included Troy Anderson, Edgar Wilson, Marvin Balch, Harmon Sellers, Leslie Flemming and Billie Roe.

Geraldine Raines was born November 22, 1921, to Noah Raines and Mrs. Gladys Grant Raines at Pancake, Coryell county. Her memory is precious to many friends who knew the purity of her heart, her staunch loyalty, and her love for home and family, and her firm Christian faith. She was affiliated with the Nazarene church.

Survivors are her mother and step-father, Mr. and Mrs. Ollie Raines, and a sister, Mrs. Roy Kirkland of Cisco; a grandfather, C. E. Grant of Pancake and a grandmother, Mrs. Mary Raines.

H. S. Compton is reported to be improving following an operation performed early Wednesday morning by surgeons in Coryell Memorial Hospital.

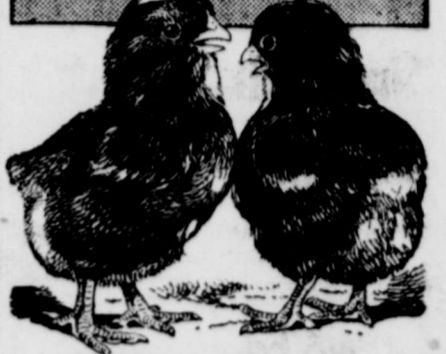

AGGIE ATHLETIC DIRECTOR

John W. (Dough) Rollins, former Aggie football player has been named acting Director of Athletics for Texas A & M College. He also will retain his present position as Dean of Men.

Mr. and Mrs. Robert L. Parrish of Liberty, and their son, George Parrish and wife of Blue Ridge, were in Gatesville Friday shopping. The Messrs Parrish were buying farm machinery. Both carry on farming operations on a large scale.

can to assist in every case, but he feels that we should frankly tell hundreds of our friends who ask us to do impossible or useless things that they are impossible or useless.

One of the most frequent and perhaps the most impossible request is to "talk to the President". I am sure that many people think that the President has time to talk to any Congressman who to see him. Remember there are 531 Members of the House of Representatives and Senate, and you will see that if the President tried to hear all their stories, he would have absolutely no time to attend to his own business. Actually, it is practically impossible to talk to the President on anything except matters of highest national importance. Our own Congressman knows the president personally, this friendship having extended over a number of years and does see him occasionally, but no Congressman can submit personal problems to the President for his personal attention. When such matters are sent to the White House, the President simply sends them to the Department for answers which come back on White House stationery.

This is probably a necessary practice for the President, but it is one that Mr. Poage never follows. He reads every letter that comes into his office and every letter that goes out over his signature. Incidentally, he signs each letter himself. He does not even let me sign his name. If he is out of town when a letter arrives, we try to answer it, but we do not sign his name. When he returns, he reads all of the letters that have come in and all of the answers before they go into the files.

We often have friends apologize for making requests which they consider trivial. We want every citizen of the 11th Texas District to feel that they can call on us at any time. We feel that their request is important to them or they would not take the trouble to write us. I know, too, that Mr. Poage likes to have the views of his constituents on pending legislation as he can better determine how to vote on important issues when he knows the views of the

folks back home on these matters. Also, if you did not have problems to submit to your Congressman, or if you did not write him on legislation, I would not have a job.

With best wishes, I am
Yours Sincerely,
LACEY C. SHARP.
Secretary to W. R. Poage, M. C.

It's Tit for Tat

The definite, dynamic relationship which prices bear to wages and wages to prices has been dramatized effectively in recent weeks. To the average American housewife, however, who counts out carefully and apportioned out even more carefully her husband's weekly pay, the relationship has been real enough all along.

To Mrs. Pennythrift, the housewife, taking her change out of the crockery pot in the cupboard to exchange it for basic family needs, the fact that prices "down" represents a real "raise" in wages is well understood. With her the basic problem is: How far will the money go? When she has to take out less change to buy a loaf of bread or bottle of milk, that's as good to her as a pay boost for her husband. And cause for jubilation.

The Mass Production Way
Henry Ford II, whose grandfather practiced so well the mechanics of good economy and who dealt fairly and well with the mass output system, recently started what may become a trend in the automobile industry. In making the first postwar price reduction on cars, Mr. Ford actually gave the equivalent of a wage boost to all Americans who buy Fords, and if other car manufacturers follow, it will mean a boost to all who buy automobiles. And as mass production of automobiles comes to peak, still lower prices will surely follow.

While labor leaders thought this a step in the right direction, some of them quickly stated that "price cutting" would have no effect upon their plans for wage drives. Neither industry nor labor look forward to extensive price cutting, particularly without greater production, nor should either expect to gain from continued wage drives—without better production. The key to the wage-price balance is: more output.

Bigger Pie
One manufacturer has advertised this balance thus: "If we want a bigger cut out of the income pie either as management or labor, the best way for all concerned is to bake a bigger pie." He continued, "You can't cut bigger pieces out of a smaller pie. You can't continue to raise wages, anywhere, out of shrinking production." That is right.

In an industrial democracy like ours, we have a high standard of living largely because our production of goods has been brought into line with the lowest possible consumer prices. Volume production, every time, means greater value to the consumer at lower prices. It also means more to those who invested the capital that bought the tools. And it means more to labor that builds the product.

Keep a Balance
These thoughts may explain why not all of labor has been willing to get behind the banner that "industry can afford a 25% general wage increase without raising prices." The American Federation of Labor has reported its findings that in 1946 an 18 1/2% wage increase brought increases in living costs of equal amount. The balance of wages and prices is just that close in our economic structure.

Now is the time for each American to understand, along with Mrs. Pennythrift the housewife, that all of us must cooperate in order to use these fundamental economic facts to the advantage of the whole nation. We cannot hope to maintain for long this free America which we love, unless we seek long range cooperation and understanding, rather than short-sighted group advantages which in the end are destructive to all.
