It was practically nil in Dis-

No divorces.

4 Out, 1 In, 3 Still Out: Get Ammo & Guns, Ashby's

Four more GSSB boys left the
good old institution about 10:30
a. m. Wednesday morning. One
didn't get far before the guards
took him over.

The others, officers think, are
still in this vicinity. They are
alleged to have entered Ashby's
Service Station, between 1st and
2nd streets on Main, and got two
.22's and plenty of ammo.

In addition they got plenty of
smokes and candies. They're ex-
pected to be around yet, unless
they've taken somebody's car which
hasn't been reported, or left as
an unwanted passenger on some-
body's truck. Anyway, they're out

Truck Overtakes Enroute South Camp Riders Injured Slightly

A two and a half ton guard
truck, en-route to South Camp
Hood, overturned, injuring five
riders last Thursday afternoon,
June 19th.

The accident took place at 5:15
p. m. on West Range Road near
Cow House Creek as the truck
was headed to South Camp Hood
to pick up necessary rations for
the North Camp Hood Guards.

The vehicle was travelling south
down a hill and approached an
easterly turn when the driver, Pvt
John A. Vitalo, Service Company
66th Tank Battalion, apparently
lost control and the truck veered
over towards the ditch. Here the
driver temporarily regained con-
trol, guiding it back, when the ve-
hicle went into a skid, slid some
50 yards, and upon hitting the
ditch, overturned.

The four passengers and the
driver, none of them seriously in-
jured, scampered from the vehi-
cle onto the road and when two ci-
vilians, enroute to North Camp
Hood, passed, Private Vitalo went
on with them to report the acci-
dent to Lieutenant J C Bearden,
he Officer of the Day.

Corporal William Karosick, who
suffered a knee injury, was pick-
ed up by Lieutenant Colonel
Stephen W. Benkoaky, who was
travelling towards South Camp
Hood, and brought to the station
Hospital of Camp Hood.

Three Generations of Insurance Counselors in Gatesville

O. F. Wells, Mrs. John R. Colgin, and John Rufus Colgin, are featured in "The Insurance Graphic", Insurance publication, of Dallas in their June 13 edition.

Quoting: O. F. Wells, Born in Gatesville in 1858. Amicable agent at Gatesville from July 1911 until date of his death, October, 1931.

Mr. Wells was a cowboy in his youth having several times driven cattle up the old Chisholm Trail

He was a ranchman and for several years was engaged in the meat market business in Gatesville. He was very fond of pets—having bears, monkeys and deer as pets. Before connecting with the Amicable, shortly after starting in business, he had represented two out-of-state companies. Mr. Wells was personally acquainted with the great majority of the residents of Coryell County, knowing most of the men by their Christian names. He was active up until a few months of his death at the age of seventy-three.

Mrs John R. Colgin—Born in Gatesville, January 6, 1889. Altho Mrs. Colgin had assisted her father, O. F. Wells, in his agency with the Amicable he did not accept an agent's contract until after his death.

John R. Colgin, Jr.—Born in Wichita Falls, April 6, 1919. "Buzz" graduated from Gatesville High School and then entered A & M from which he was graduated in Business Administration in 1941. He operated with a construction company for a short time and then entered the service in World War II. He qualified as a First Lieutenant in the U. S. Army Air Corps, and was an instructor at the time of his discharge in 1945, after almost four years of service. While still in service, he decided to enter life insurance upon receiving his discharge, and to become connected with Amicable Life just as his mother and grandfather had done. His contract dates from November 1945. He has completed the Basic Course in Life Insurance Marketing at S M U, and will enter the Intermediate Class within the next few weeks. He is married and is the father of one child, Suzanne—his wife being the former Jean Patillo of Gatesville.

Business Tells a Story

Time was when it was fashionable for everyone to talk about big business and count over the gross and net sins of corporations. Of course, there were mighty good stories even then about our steadily rising standards of living. But the busybodies didn't bother with those success stories, big or little.

I have said that America is now beginning to assume her task in public relations, that of selling her ways and her freedoms and her institutions to people everywhere. I should like to say that some of our groups and institutions have special responsibilities in this job. I think that labor does, as well as business. The task is important to agriculture, to tradesmen, to education, to the professions, and to civic minded folks in every walk. Certainly, labor and industry are each so important in our economic system, that they must be interested in re-awakening the people to an appreciation of America.

A Report to Workers

I should like to tell you about a company that is doing its part, thereby shouldering its responsibility for this kind of public re-education. Somebody sent me a copy of a report this company makes to its employees. The report answers questions employees want to know. The answers are frank, fair, and simply stated. There is no doubt the report has made its readers better informed Americans. It did so to me.

It takes \$7,507 worth of capital to give a person a job in this company. Naturally, there would be no jobs for their 3,951 people if it were not for this \$29,660,626. Shareholders who put up this money out of what they earn and save, hope to get "a fair rental" for their money. These folks, the report tells us, are capitalists—"and so are you!" Because we own our possessions, we are "capitalists" and this is a "capitalist" country.

Why Make a Profit?

"We have a 'capitalist' industry in the United States because millions . . . use part of their 'capital' to own and operate the most productive farms, stores, mines, and factories on this earth. And that is the reason why we, as a people, have the highest standard of living of any nation in the world. No other system in any country, at any time, by any other means has ever produced so much for so many at such little cost as our 'capitalist' business does in America."

The company says frankly that it made money in 1946—about seven and one-half cents on every dollar's worth of products sold. While this record is termed a narrow margin that calls for economy all along the line, the report makes it plain that the company expects to keep on making money. All this, midst healthy competitors that cause them to keep putting out better products for less money. Tribute is paid to the keen competition they meet as an effective price regulator.

"A company that can't make money is like a ship that can't float. Neither is safe for you and your family. A company may lose money for a short time, just as a ship may spring a leak and take in water for a short time, but if the losses and the leak can't be stopped soon, the ship sinks and the company goes out of business. Passengers on the ship that sinks and employees of the company that fails are victims of mismanagement."

Mrs. Smith was born April 2, 1886 at Ater, and her father was Joe Ater, formerly of Mississippi, and her mother was the former Miss Easter A. Wilson of Miss. She was married to Mr. Smith in November, 1914, and lived at Ater until 1941. Services were held June 22, 1947 at 4 o'clock at Ater Methodist church with the Rev. Frank

June 20, 1947.

Dear Friends: It is surprising how much interest and tension can be developed over a vote, even when the result should be quite clear to everyone. As I have previously stated, the House passed the conference report on the labor-management bill by a vote of almost exactly 4 to 1. Ever since the bill went to the President, there has been a pressure campaign going on to make him veto it. Today he did veto the bill. I thought his long message was very weak, and surely it was based entirely on trivialities and technicalities. He completely ignored the rights of the public and the rights of employers to free speech. Washington has been full of groups from all the industrial

Stone conducting the services, Scott's in charge. Surviving are her husband, a daughter, Mrs. Gladys Wilson of Marlin, Mrs. Odessa McNeil of Waco, and three grandchildren. Pallbearers were R Q Priest, John Robuck, W R Whisenhunt, A S Davis, Dick Wilson and Gene Wilson.

Herbert Mayhew and wife were Hamilton visitors Monday. Rufus Holder and a friend of Dallas were week end visitors with homefolks. Mrs Sterling Prince and daughter of Mercedes, R. F. Bradshaw and wife of Cisco, Dr. J T Garren and family of Temple were week end visitors in the J T Garren home. Joe Maxwell and family of Mexia were week end visitors in the Basham home. John Scott of Jonesboro was a Monday visitor here. Miss Alice Fay Dollins of San Angelo was a week end visitor with homefolks. Frank Buchanan and wife of Oklahoma City were recent visitors in the Neal Dollins home. Miss Louise Basham of Tempe was a week end visitor with her relatives. Pete Buchanan and family of California were recent visitors in the Z Gilmore home. Walter Tharp and wife of San Angelo were week end visitors in the Mrs. Dan Tharp home. Mrs. Hardie Sears of Oklahoma City and Mrs Ferguson and children of Shawnee, Okla. were Monday visitors in the Joe Milner home.

areas, many of them in decorated cars, protesting against the bill. They have filled the Capitol and the House Office Buildings with delegations. They have held down town mass meetings by night and parades by day. They have flooded the White House and the Congressmen with mail, telegrams and petitions. At noon today the Galleries were so full it was impossible to even get close to the door. The President's veto message was the first order of business. As soon as it was read, the House voted, and by almost exactly the same vote as had been cast for the conference report, voted to override the veto. The vote was 331 to 83—just one short of 4 to 1. I voted to override the veto, and I hope that the Senate will stand as firm as the House.

At the beginning of the week the House failed to override the President's veto of the tax bill. Certainly the fact that he House would not override the veto on this measure should prove conclusively the fact that there is no conspiracy as some of the foes of the labor bill have charged, to do just what the wealthy want done. As a matter of fact, if any Member were interested simply in the rich as has been falsely charged, he would have surely voted to override that veto. It is clear that at least many Members are sincerely trying to vote for the good of the people without regard to the selfish wishes of either the wealthy group or the labor organizations.

This tax bill gave the large tax payers substantial reductions at a time when all incomes are high and when I think we should be paying off our debt. It gave very little relief to the small tax payer. I voted to sustain this veto of he ax bill. The House has also voted on several other conference reports this week and has passed a number of less important bills. At the same time my Committee has been in session every day as have several of its sub committees. We are definitely building up a back log of bills ready for House action that is going to keep us quite busy if we succeed in recessing by the first of August as is now talked.

This week the REA finally approved a form of contract between local cooperatives and telephone companies which will, I hope, go a lnog way toward using rural electric lines for rural telephone lines. I know that this contract will not solve the rural phone problem, but it should result in probably twice as many rural homes in Texas as we now have. There will be areas where the phone companies will not be able to extend their services even

with this contract, but in most places it will help. I think there is no doubt that this is the direct result of the efforts some of us have carried on in behalf of legislation on this subject.

I expect to have a few words to say in regard to the REA program over the Columbia Broadcasting System's Farm Program, Saturday, June 28th. I shall be glad for any of my friends to listen in. I believe the time is 12:30 p. m. Texas time.

I also expect to be in Texas on the 4th and 5th of July. As has long been my custom, I shall speak in West on the afternoon of the Fourth and that night I shall speak at Belton. At each of these places I shall try to give somewhat of a report of what has been done in Washington during the past year. On the Fifth I shall join in the Celebration of the work on Whitney Dam. I shall be glad to see my friends at any and all of these points.

With best wishes, I am,
Your friend,
W R POAGE.

When there's one catcher for two pitchers

It doesn't take a baseball expert to know that if two pitchers throw to one catcher, each must wait his turn. The same holds true for telephone switchboards. Present limited central office facilities enable us to "catch" only a given number of calls at a time. With present record telephone traffic, users must sometimes wait a few seconds before completing a call. We won't be able to "catch" everyone at once until additional equipment becomes available.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

5 Coryell Base Ballers Attend Pirate School

At the school Monday, Tuesday and Wednesday in Waco for young baseball players, held by the Pittsburgh Pirates, Coryell County was represented by June Clifton, R. E. Patterson, Jr., and McNeil Griffin of Evant; Landfried of Coryell City and Horace Knight of Purmela.

It was a shame every ball player 16 to 22 was not there.

The school, conducted by Leo Mackey, former catcher, Heine Manush and Andy Hewlett, former second baseman, was more of an observatory than a school. They simply watched the youngsters perform, kidded them, and talked to them, making them "let their hair down", feel at home, and play ball.

Batting, fielding, and then a regular ball game were the features of the day. Only about 35 were in the school and very few from Waco.

The News was presented with a new bat and baseball, and we got the baseball autographed by the instructors of the school, Heine, Andy and Leo.

They told us, they were operating similar schools in 34 states, and this was the 10th. They had

NEWS COUNTY BASEBALL CUP UP; ALSO PIRATE CLUB BALL AND BAT FOR WINNER

Factually, we're trying to revive a Coryell County Base Ball Championship play-off at Gatesville.

We want to talk to the managers of Flat, Turnersville, Coryell City, Purmela and Evant, or for them to write us, or see us.

We'd like to arrange a play-off between these teams at some time after their present schedules are finished, for a county round-robin or some sort of a County Championship to be played in Gatesville.

three schools in Texas this year, Waco, Mineral Wells and Denton. Their next one was in Mesa, Arizona or New Mexico. Already, they have seen some 1,500 boys in action, and a few contracts have been passed out. Texas boys, they said, had bad throwing arms, and little coaching, due to the fact that baseball has been killed off by Spring Football Training.

We offer, in cooperation with any other Gatesville organization that cares to go, not only the NEWS County Baseball Championship Trophy, but also the ball and bat presented to the NEWS by the Pittsburgh Pirate Base Ball Club, all three to be passed on to each succeeding winning County Champion. It, at least, isn't a regular happening, that you get a baseball autographed by these baseball mighties, or, from the Pittsburgh Pirates.

The NEWS County Baseball Championship, started away back before the war, and the first County Championship, shown by the Cup, was given to Jonesboro in 1938, Pidcoke in 1939, Pidcoke in 1940. Then the war, and there were no more.

We want to revive this, and are open for team managers, and any one else to help with this Championship playoff.

Let us hear from YOU!
