### Bear Club Rodeo Is Packing Them In; Two More Shows

Baylor University's Bear Club Rodeo is packing them in as in every year, and with Earl and Jack Sellers rodeo stock, and producers, the boys who ride for the folding green are having to really ride.

Three clowns add to the festivities, and Bill Cardwell, the hit of the Gatesville show, is still headlining this extravaganza.

A fast moving show, usually over by eleven, and tickets are well in line with rodeo prices of this season. During the show, 3 down town Waco parades are billed, and a typical Waco welcome awaits you.

### 2 GSSB Boys Out: 2 More Out: Total for Week, Sixteen

Two got out Thursday morning, and were quickly taken on the river.

Tuesday night, two more took off from the picture show, and one ran into a guard, and was picked up quickly. The other wasn't out long either.

On August 23 go to the polls and vote "yes" for the College Building Amendment.

Remember the crowded conditions of our 16 state colleges last year.

Remember the thousands of GI's and other deserving young men and women who were turned away from our colleges because these colleges lacked building facilities.

Remember, if this amendment is not passed no other plan is proposed for the relief of these colleges.

And remember that passage of this amendment will not cost tax-payers a single additional penny. The amendment re-allocates the state ad valorem taxes; it does not create any new taxes.

## VFW Opposes Tax Measure Voted On August 23

Outright opposition to the proposed constitutional amendment that would reallocate five cents of the 7-cent ad valorem tax authorized by the constitution of Texas for Confederate veterans, and their widows, has been voiced by the Department of Texas, Veterans of Foreign Wars of the Uni-

ted States. People of Texas will vote August 23 for or against levying of five cents of the constitutionally provided 7-cent ad valorem tax to retire bonds proposed to be issued to finance construction of new buildings at state supported colleges. Due to the \$3,000,000 surplus in the Confederate fund, this five-cent tax is not being levied but would be added to the state's tax burden if this amendment to the constitution is voted.

A the 27th annual encampment of the VFW in Abilene, June 21-25, a resolution opposing this proposed reallocation of funds set aside by our forefathers for the benefit of veterans was unanimously adopted.

Roger Q. Evans, Denison, the new state commander of the VFW and a member of the Texas legislature for the past eight years, was author of the resolution.

"The Veterans of Foreign Wars believes," according to Commander Evans, "that the 7-cent ad valorem tax that has provided adequate care for aged and needy Confederate veterans, and their widows, should be kept intact and used to provide state assistance for the aged, disabled and needy veterans of other wars."

In that connection, Commander Evans points to the fact that there are now hundreds of thousands of native sons of Texas who are veterans of the Spanish-American war, and of World Wars I and II, many of whom are now well advanced in years and soon will need a helping hand from some source.

"Texas has done very little for her heroic sons—the men who have left their homes and loved ones to fight that our great nation be preserved. If our forefathers were grateful enough to create a specific tax for veterans, surely we of the state of Texas could do no less than retain this tax," Commander Evans said, "and use it when needed to care for our veterans."

According to the resolution adopted at the Abilene encampment, the Veterans of Foreign Wars does not object to the issuance of bonds to finance new buildings at state-supported colleges or universities. However, the VFW believes these bonds, if issued, should be financed in some other way.

"The great state of Texas, with all its wealth and natural resources, including its oil-rich permanent school fund, is indeed in a sad plight if it has to divert to other uses any part of the special revenue that for generations has been set aside to care for its war veterans," Commander Evans added in speaking of the VFW's opposition to the proposed constitutional amendment.

## It's Your Money, But ----!

As Suggested by Gatesville C. of C.

"BARNUM WAS RIGHT!" says the magazine salesman and he should know. No one type of house-to-house solicitor or salesman is as numerous or causes so many misunderstandings and disappointed customers as the average ever-present itinerant salesman of magazines.

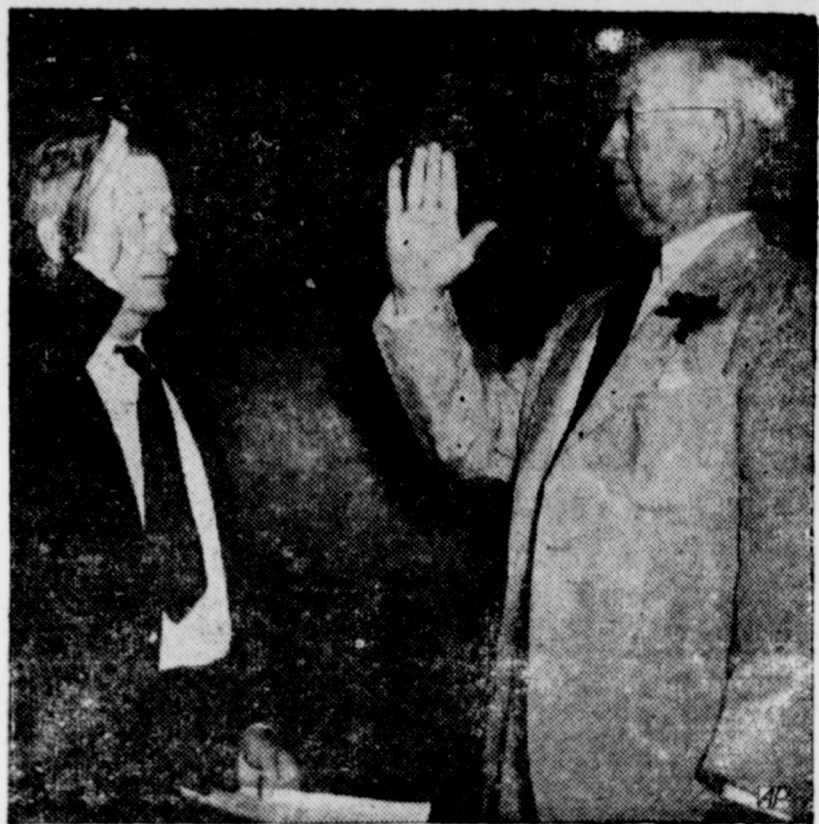

Generally this is how they work—a "leader" or "supervisor" gets together one, two or three carloads of young people. Before starting out to cover the next town on their "route", they are put through a "school". They are told just what to say and how to say it. You may be sure they know all the answers. Their biggest sales appeal is a play on the sympathy of the prospect. This one tells you, "I am working my way

through college"; the next one asks, "Won't you help me to go through nursing school?"; while the next one fight tell you, "I am trying to earn money to provide an operation for my brother who was wounded on Guam". Of course, there are numerous variations but all are based on a sympathy appeal. So the housewife feels sorry and signs up. She pays a deposit and the salesman leaves town. Then suppose the magazines fail to arrive—well, you know the answer. Recently this area has been swamped with magazine solicitors claiming to be GIs—in some cases even showing a discharge—but still using the same old stories—need of medical attention or desire to go to school. Remember this—the U.S. Government has seen to it that no Veteran needs to peddle magazines in order to get an education or medical attention.

Don't let your heart say "yes" when common sense says "NO"! If you really want to subscribe to a magazine, place your order with someone you know or a local magazine dealer. He or he pays taxes in this community and supports all worthwhile activities and, what is more, he will be here tomorrow if you want him.

Watch for your Chamber of Commerce's next article and remember—"Investigate Before You Invest!"

**UNIFORM TRAFFIC CODE —of— 50th Legislature**

(Editor's Note: This is the first in a series of four articles explaining in the language of the motorist the principal effect upon him of the 50th legislature's newly-enacted uniform traffic code which becomes effective Sept. 5. The following article instructs in the duties of a driver involved in an accident.)

By Mac Roy Rasor  
Associated Press Staff  
AUSTIN, Texas, Aug. 13. (AP)—Bangum N. Bluff, eminent master in banging up other people's cars and bluffing his way out before even giving his name, is in for a big surprise this fall. The 50th legislature's newly-enacted uniform traffic code prescribes that Mr. Bluff—and all other drivers involved in accidents—have certain responsibilities which they must perform. Otherwise, they are subject to being housed rent-free at any local jail or assessed a not-so-nominal fine. The uniform traffic code is a part of a nationwide plan to pro-

vide drivers with the same driving rules in El Paso or Texarkana, on farm highway 366 or U. S. highway 81, in Texas or Maine—altered locally only when local driving conditions so require.

When drivers follow the same rules wherever they go, sponsoring agencies believe there will be fewer traffic injuries and deaths, less property damage, less embarrassment both for drivers and law enforcement officials over conflicting laws from place to place, and an easier way provided for all to learn and understand traffic rules.

The new Texas law, effective everywhere an automobile can go in Texas after Sept. 5, sets up important specific rules which apply to every motorist involved in an accident, big or small.

If you drive a car, you should commit this law-required procedure to memory—if you entertain no desire to be a cellmate of Mr. Bluff's.

1. If involved in an accident in which a person is injured or killed or property damaged, you must stop your car immediately.
2. Failure to do so would subject you to as much as a \$5,000 fine or a five-year prison sentence or both in the case of an injury or death. You will be guilty of a misdemeanor if you fail to stop when property is damaged.
3. Give your name, address, and your car's registration number and, if asked, show your driver's license to the person struck or driver of the vehicle struck.
4. Render aid if necessary, including carrying or arranging to carry injured persons to a physician or hospital if necessary or if requested by the injured party.
5. If you strike an unattended vehicle, stop immediately. Either locate and notify the owner or operator or leave in a conspicuous place in or on the vehicle a written notice giving your name and address and a statement of the circumstances.
6. If you strike fixtures legally upon or adjacent to a highway, follow the same rules as set out for striking an unattended vehicle.
7. If there is an injury or death notify immediately the local police, sheriff or highway patrol.
8. If there is an injury, death or property damage in excess of \$25, forward a written report of the accident to the department notified within 24 hours.
9. Such reports are by law confidential, except for names, and shall be without prejudice to the person reporting.

Violations subject offenders to as much as a \$200 fine, except where it is otherwise noted to be more.

## SCHOOL BOARD GRANTS PERMISSION TO USE OLD ATHLETIC FIELD FOR TOURNAMENT

Permission has been granted by the Gatesville Public School board for the use of the Old Athletic Field, for the Coryell County Baseball Tournament for the Championship.

Now, everything is in readiness. We have the place, the teams, a part of the "eligibles" and all that remains is a date to be set, and he upfire to holler: "Play Ball!" Well, anyway, bringing a little something, and a backstop and bases.

Then, Coryell county's hopefuls will be playing in their (it is hoped) annual Baseball Championship Tournament, which was stopped by the big fracas when all the players joined up for bigger game.

Already they have drawn for

Mr. and Mrs. Milton Kiger, Mrs. R. E. Kiger Jr. and Ronald Ray of Port Arthur visited over the week end with his mother, Mrs. R. E. Kiger and Annie Lee. They returned home Monday accompanied by Glenda Ann Kiger who has been visiting here.

## IN OUR

I am glad that "Uncle" Bob has accomplished the job of moving the old log jail into Raby Park. Some of the hardest crifinals of the early days were locked in this old jail.

Many things have been written as to who built this jail; the truth is it was Colonel F. W. Fountle Roy, a young lawyer from Virginia. Upon finding they were chaining men to trees, as there were panthers, wolves, and other dangerous things in the woods, he said it was inhumane, so Mr. Fountle Roy got on the job and had this jail built, just who cut the logs and whose Ox train hauled these logs in I never heard my cousin say. The logs came from Grants bottom across the Leon River and was first built on the lot where Cooper Grocery now stands.

When I first thought of the idea of moving it into the Park, it was my thought to make it into a Museum.

Upon driving out and looking it over, I found to preserve the jail and keep it as it was built in the long ago, and make a museum, seemed an impossibility; many of the logs were gone, it no longer was the tall two story building that was standing on this back lot when we move there.

Thank you Mrs. Powell for your gift and all who had a part in getting the job done.

There is more history about this jail. In the year 1867 a Miss

Here are the Coryell City boys' list: Newt Westerfield, Ervin Giebler, Talbert Landfried, Ira Gholke, Raymond Kellerman, Albert Landfried, Vesta Krempin, Fred Kellerman, Raymond Wiggs, G. E. Hitt, Raymond Gholke, Herman Richter, Joe Galloway, Elroy Bohne and Nixon Straus.

Don't know yet, where Coryell City or Turnersville play this week-end.

Purnela won last Sunday 10-2.

Among the other vacationers this week, are Mr. and Mrs. Floyd Murry and daughter, who are taking theirs in Arkansas.

Mrs. R. E. Kiger and Annie Lee, Mr. and Mrs. Milton Kiger of Pt. Arthur spent Sunday visiting in Waco.

Whitney was teaching school near the Leon River in Hamilton county. She was killed by the Indians. During that time there was a valley or clearing between the school building and the bottom lands, one of the children looked out and saw the Indians coming, the teacher thought they were cow hunters and old the children to continue with their lessons. She never went to the door as she felt sure they were cowboys; one little girl kept looking finally it was realized they were Indians with bows and arrows. Miss Whitney knew it was their intention to kill them all. Some of the children escaped by running to the river bottom, others could hide, thereby saving their lives. Miss Whitney pleading all the while with them to spare the lives of the children.

There was nothing given about Miss Whitney's relatives.

Some of the children who were in hiding heard voices and conversations and knew they were not in reality Indians, but disguised white criminals.

In the spring of 1868 there was a man arrested in Gatesville for something this history does not know what he was charged with, he was put in this jail; Another man pretended to be drunk, was put in jail and in the course of their conversation the pretended was told all about the killing of Miss Whitney, said he was one of the bunch. A short time later he was removed from the jail and hanged to an Oak tree. This tree is a little east in the back of the late Edgar Franks old home, the tree is still standing.

This one was by far the first jail built in this country.

Miss Jesse Faunt Le Roy.

Two Relics Of The Past Brought To Us For Museum

The Goolsby's—the Jonesboro Goolsby's, Mrs. B. F. Goolsby and H. M. Goolsby, are doing some house altering, and during which they found some relics.

One is a printed circular, advertising "Thompson's cutters" which was invented by W. A. Work.

Among the "testimonials" on the circular, are from M. R. Hood, District Clerk, Coryell County, a Mrs. Riddle, J. M. Bales and John Nuns of Somerville County; Esquire Edwards of Osage, Capt. McGuire, Superintendent of the Reformatory; Mr. Evans, head tailor there, and Mrs. H. D. Bennett, Bennett House, Gatesville.

A note from the salesman, L. J. Kimbell, says: "One individual taught this method of cutting for \$5. In classes of 4 or more, \$4 each. If you wish to be taught in your vicinity, call on or address, L. J. Kimbell, Bennett House, Gatesville, Texas.

Printers then were just like they are today, they made typographical errors—we found one in this, which we think is hand-set.

The other item, is a three foot board cut out of the Goolsby's home, and on it, as a base for the wallpaper, was pasted what we believe was a copy of the Dallas Semi-Weekly Farm News. It has a casualty list of the Spanish-American war, giving the wounded, also stories about Edward Marshall, correspondent of the New York Journal, who had been wounded, but it said, "might recover".

The lumber is really wood, and is a 1x12 that is actually a 1x.2 and it looks like it would be good for 75 more years, or more. One date on the board is January 10, 1893.

Still Working On N-S Highway, And That's Very Good

Chamber of Commerce Manager Bill Thomson and County Judge Floyd Zeigler attended a community development meeting at Burnett, Texas, August 11 at 8:00 p. m., held in the county court room there.

Mr. Husted, Burnett business man and chairman of the Community Development program there, presided at the meeting. The purpose of the meeting was to coordinate the efforts of all towns interested in closing the Briggs-Copperas Cove gap in the proposed north-south highway from Austin to Fort Worth and Dallas via Briggs, Copperas Cove, Gatesville, Clifton, Meridian and Cleburne. Plans were laid to present this matter to the highway commission in Austin this fall.

Gatesville delegates to this meeting were assured of Burnett's cooperation and support of this project. This proposed north-south route is either completed or designated with the exception of the 16-mile gap from Briggs to Copperas Cove and approximately 24 or 25 miles from Gatesville State School cut-off to Clifton. This route would open up vast agricultural market not being served by hard-surfaced highways and also provide an alternate route for traffic from San Antonio to Fort Worth-Dallas area to relieve heavy traffic on existing routes.

NAGGING BACKACHE

May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, whatnot, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

THE REASON DOAN'S ARE FAMOUS All over the country grateful people tell others: "Doan's have helped me; I recommend them to you." That is why we say, Ask your neighbor!

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes, a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use Doan's Pills. They have been winning new friends for more than forty years. Be sure to get Doan's. Sold at all drug stores.

**Gatesville Boy Scouts Enjoyed Annual Hike**

By J. M. Witcher, Scoutmaster  
well it was Sunday evening, time for our last Council at Gorman Falls for the summer. After retiring to our beautiful arena in the head of a nearby canyon where each boy had to sit carefully still or roll down into the basement of the ravine. Our council completed, our devotional fol-

lowed. We were dismissed and each boy found his own way, usually with a few friends, back to camp.

We noticed several of our neighboring campers at the shepherds tents. We were soon called over and delicious punch was generously served to all Scouts and Scouters. We will well remember the Shepherds ever as the right kind of friends for boys who want to make the best of men.

It is Monday morning and all

are up ready for a day of travel. Breakfast ended, a business meeting, checking on Scout advancement, having found every scout with some tests passed favorably in the last five days, we were ready to load baggage. Each Scout placed his belongings in line and stood by it for inspection. This completed, the Scouts were put on the road with the exception of two who helped in loading the bus.

After some 20 minutes the bus started up the hills and draws leading toward the Bend. Boys were scattered for two or three miles but they were soon overtaken by the bus. A few minutes were spent at Bend in saying to our friends, "good-bye", and we But this happy mood was suddenly brought to an end by the bus refusing to pull a very steep hill. Something had given way. The clutch refused to pull anything. Scouts must meet any emergency. Evening found us along the road for ten miles or more. Every one doing as he had been permitted. But the bus was at the Bend, and the Sun was nearly down. Our good friend, E. D. Keeney, he merchant, called his truck driver, who made the road every day and in a short time every boy on the ten mile stretch was at the bend. Our bus would pull now but would not shift gears. The Scouts were sent were on the road to San Antonio. to a park across the River for supper. A broken chip of steel was removed and dusk found all on the road as happy as if all had gone well.

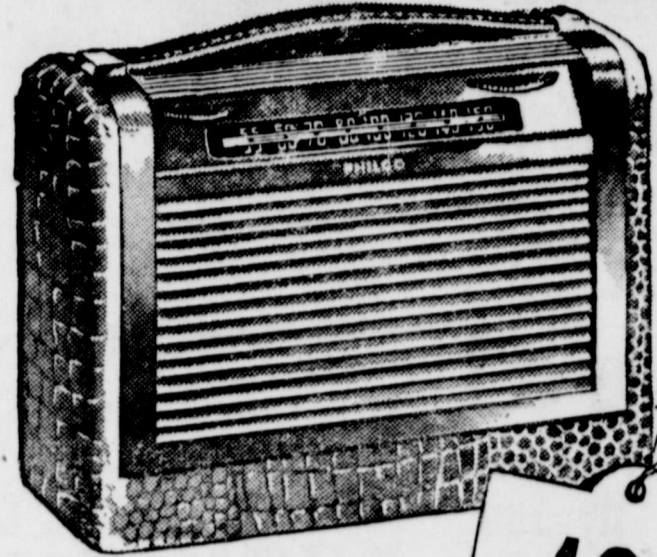

We stayed in Llano State Park that night and after a happy morning's travel, passing several small towns and some beautiful country, landed in San Antonio at late noon.

We were told to select a campsite in the Park near the Zoo. Boys were given permission to see anything helpful. Officers and keepers showed us every courtesy that one could think of. Police took many of the boys on their motorcycles and carried them to other parks and places of interest. Night came, the boys were given permission to visit the places of interest in groups. But all were in camp by nine o'clock. They did this and by ten everyone was quiet.

Wednesday was a free day at the zoo. The Scouts seem to have studied many animals and their habits. Every one visited in a group in the early morning. Afterward small groups visited as their interests directed. The time in Brackenridge Park was excellently spent.

After lunch and rest period the boys were told to prepare for travel. We were soon on the road. We passed several small towns and in about three hours were in Marble Falls. Here we were welcomed to their State Park near the Dam in the Colorado River. As soon as camp was in order the boys had a nice plunge in the Lake, the swim over supper was served. The boys begged to go to a picture show, the

Scouters gave permission and heard no more from the boys until 9:30. Scoutmaster Witcher and Mr. Snyder spent the evening getting acquainted with some excellent people among the campers. 9:30 came and the boys were in camp again. A few had gone fishing but they returned with 'fisherman's luck'. We were graciously entertained for a while with music from a nearby camp where a religious group were having services. Then all was quiet until 6 a. m. The boys were told to get cooking vessels ready and proceed to cook five bisquicks each. There was no complaints this morning. Home was coming today. Breakfast completed our usual council was called at which many boys stated that they had spent their last money for the picture show and could not visit. Scussion showed that Scoutmaster Witcher was displeased at the boys no making allowances for a known feature of the hike. A "belt line" must be had, even tho every boy voted to forgive and forget. The boys did as they were told and formed a good line with belts ready. Then the Scoutmaster explained that a man who had charge of a bunch of obedient boys and would permit them to waste their money when needed, should get the 'belt line'. The boys were told not to spare the belts, they obeyed. Two boys who had unwittingly committed minor offenses followed the Scoutmaster.

Home was deep in the minds of the boys. Granite Mountain was visited. The boys gained some very useful information here and were scattered in many directions when called to the bus.

Our next stop was Longhorn. We ate our lunch rather lavishly and at 1:00 p. m. entered the Cavern with several other visitors. The boys enjoyed the next two hours.

Home was the subject. A short stop at Lampasas and Copperas Cove and then Pidcoke slipped by, Harbargain was not noticed. Singing became the order of the

day. Around the square singing "God Bless America" and other songs brought us to the Scout House at 6:05 o'clock on July 18.

The bus door opened and out came: Fisher Brown, Bobby Jones, Bob Meeks, Ranzell Meeks, Dewey Meeks, Dean Meeks, Bob Moss, Zim McDowell, Felton Rape, Jhon Edd Weaver, Tommy Wallace, Evan Roberts, Miller Robinson, Truitt Spence, Joe Paul Ray, Norris Sexton, Kent Biffle, Billy Mitchell, and Scoutmasters Snyder and Witcher. Homs was the best place in the world at this time and backs were seen in all directions. The 1947 hike was over.

The Baptist revival began at The Grove Sunday, August 10 and will go on all week. Rev. G. L. Derrick is preaching and Rev. O. F. Williams, pastor is leading the song services.

The revival will begin at Cold Springs Friday night, August 15, and continue on through the week. Robert Thetford will hold the services until Rev. O. F. Williams finishes his meeting at The Grove.

Two Relics Of The Past Brought To Us For Museum

The Goolsby's—the Jonesboro Goolsby's, Mrs. B. F. Goolsby and H. M. Goolsby, are doing some house altering, and during which, they found some relics.

One is a printed circular, advertising "Thompson's cutters" which was invented by W. A. Work.

Among the "testimonials" on the circular, are from M. R. Hood, District Clerk, Coryell County, a Mrs. Riddle, J. M. Bales and John Nuns of Somerville County; Esquire Edwards of Osage, Capt. McGuire, Superintendent of the Reformatory; Mr. Evans, head tailor there, and Mrs. H. D. Bennett, Bennett House, Gatesville.

A note from the salesman, L. J. Kimbell, says: "One individual taught this method of cutting for \$5. In classes of 4 or more, \$4 each. If you wish to be taught in your vicinity, call on or address, L. J. Kimbell, Bennett House, Gatesville, Texas.

Printers then were just like they are today, they made typographical errors—we found one in this, which we think is hand-set.

The other item, is a three foot board cut out of the Goolsby's home, and on it, as a base for the wallpaper, was pasted what we believe was a copy of the Dallas Semi-Weekly Farm News. It has a casualty list of the Spanish-American war, giving the wounded, also stories about Edward Marshall, correspondent of the New York Journal, who had been wounded, but it said, "might recover".

The lumber is really wood, and is a 1x12 that is actually a 1x2 and it looks like it would be good for 75 more years, or more. One date on the board is January 10, 1893.

Group Enjoys Youth Fellowship Outing On Cow House Creek

Friday afternoon, a group of boys and girls under the leadership of Miss Marguerite Kelso enjoyed an outing on Cow House Creek near King.

Baseball and swimming were the main diversions of the afternoon, being followed by Watermelon and cold drinks being served to the following: Jean Hix, Ann McClellan, Cynthia Sadler, Laura Way, Billy Carl Bradley, Jimmy Byrom, Gilbert Colvin, Bobby Jones, Robert Earl Meeks, Roger Miller, Tom Miller, Bob Miller, Clarence Murry, Miller Robinson, and Mrs. Roger Miller, Mrs. Sam Powell, Mrs. Robert W. Ward and Miss Kelso.

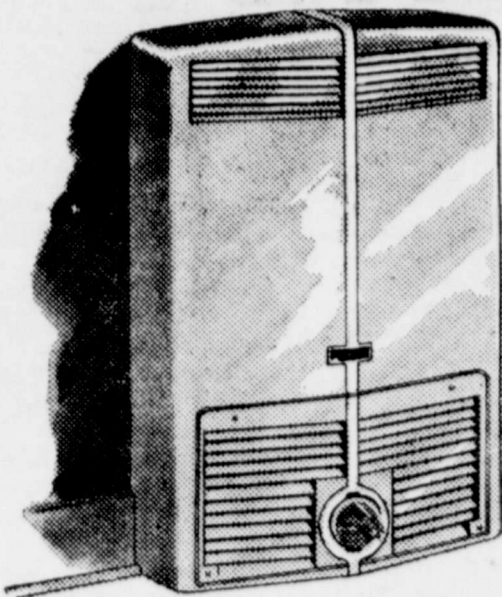

Mr. and Mrs. Donad Hutchins of Rock Springs, Texas, were visitors in the Curtis Sims home on Friday. They are formerly of Schenectady, New York. They are spending their vacation by touring the state of Texas, which is, however, now their home. Mr. and Mrs. Sims met the Hutchins' while they were in Schenectady.

Flue-Vented Wall Heater

... perfect answer to heating problems for homes and tourist cottages already built!

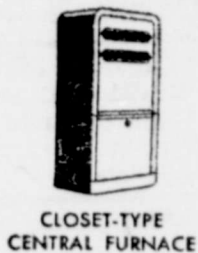

Safe-Aire Miracle Flue-Vented Wall Heaters—entirely new, self-contained heating units—fit snugly into any outside wall. The exclusive, built-in SAFE-FLUE eliminates the usual flue or chimney pipe used with other modern Flue-Vented gas heating equipment. In addition, the built-in SAFE-FLUE eliminates annoying wall sweating and stuffy air. Gently circulated, healthful heat is controlled at floor level where warmth is felt first. Ease of installation and wonderful performance of Safe-Aire make it today's Miracle Wall Heater. If construction details of your building will not permit installation of flues required by other types of Flue Vented equipment, select SAFE-AIRE for prompt, convenient installation before the beginning of winter. Ask to see the Miracle Wall Heater today.

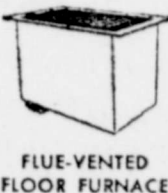

SAFE-AIRE'S SAFE-FLUE

... as seen from the outside after installation is completed. When painted to match outside wall it is barely noticeable. Safe-Aire may be installed in garages, offices, lodges—upstairs or downstairs.

Still Working On N-S Highway, And That's Very Good

Chamber of Commerce Manager Bill Thomson and County Judge Floyd Zeigler attended a community development meeting at Burnett, Texas, August 11 at 8:00 p. m., held in the county court room there.

Mr. Husted, Burnett business man and chairman of the Community Development program there, presided at the meeting. The purpose of the meeting was to coordinate the efforts of all towns interested in closing the Briggs-Copperas Cove gap in the proposed north-south highway from Austin to Fort Worth and Dallas via Briggs, Copperas Cove, Gatesville, Clifton, Meridian and Cleburne. Plans were laid to present this matter to the highway commission in Austin this fall.

Gatesville delegates to this meeting were assured of Burnett's cooperation and support of this project. This proposed north-south route is either completed or designated with the exception of the 16-mile gap from Briggs to Copperas Cove and approximately 24 or 25 miles from Gatesville State School cut-off to Clifton. This route would open up vast agricultural market not being served by hard-surfaced highways and also provide an alternate route for traffic from San Antonio to Fort Worth-Dallas area to relieve heavy traffic on existing routes.

NAGGING BACKACHE

May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, whatnot, keeps doctors busy, hospitals crowded. The after-effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use Doan's Pills. They have been winning new friends for more than forty years. Be sure to get Doan's. Sold at all drug stores.

**Gatesville Boy Scouts Enjoyed Annual Hike**

By J. M. Witcher, Scoutmaster  
 well it was Sunday evening, time for our last Council at Gorman Falls for the summer. After retiring to our beautiful arena in the head of a nearby canyon where each boy had to sit carefully still or roll down into the basement of the ravine. Our council completed, our devotional fol-

lowed. We were dismissed and each boy found his own way, usually with a few friends, back to camp.

We noticed several of our neighboring campers at the shepherds tents. We were soon called over and delicious punch was generously served to all Scouts and Scouters. We will well remember the Shepherds ever as the right kind of friends for boys who want to make the best of men.

It is Monday morning and all

are up ready for a day of travel. Breakfast ended, a business meeting, checking on Scout advancement, having found every scout with some tests passed favorably in the last five days, we were ready to load baggage. Each Scout placed his belongings in line and stood by it for inspection. This completed, the Scouts were put on the road with the exception of two who helped in loading the bus.

After some 20 minutes the bus started up the hills and draws leading toward the Bend. Boys were scattered for two or three miles but they were soon overtaken by the bus. A few minutes were spent at Bend in saying to our friends, "good-bye", and we But this happy mood was suddenly brought to an end by the bus refusing to pull a very steep hill. Something had given way. The clutch refused to pull anything. Scouts must meet any emergency. Evening found us along the road for ten miles or more. Every one doing as he had been permitted. But the bus was at the Bend, and the Sun was nearly down. Our good friend, E. D. Keeney, he merchant, called his truck driver, who made the road every day and in a short time every boy on the ten mile stretch was at the bend. Our bus would pull now but would not shift gears. The Scouts were sent were on the road to San Antonio. to a park across the River for supper. A broken chip of steel was removed and dusk found all on the road as happy as if all had gone well.

We stayed in Llano State Park that night and after a happy morning's travel, passing several small towns and some beautiful country, landed in San Antonio at late noon.

We were told to select a campsite in the Park near the Zoo. Boys were given permission to see anything helpful. Officers and keepers showed us every courtesy that one could think of. Police took many of the boys on their motorcycles and carried them to other parks and places of interest. Night came, the boys were given permission to visit the places of interest in groups. But all were in camp by nine o'clock. They did this and by ten everyone was quiet.

Wednesday was a free day at the zoo. The Scouts seem to have studied many animals and their habits. Every one visited in a group in the early morning. Afterward small groups visited as their interests directed. The time in Brackenridge Park was excellently spent.

After lunch and rest period the boys were told to prepare for travel. We were soon on the road. We passed several small towns and in about three hours were in Marble Falls. Here we were welcomed to their State Park near the Dam in the Colorado River. As soon as camp was in order the boys had a nice plunge in the Lake, the swim over supper was served. The boys begged to go to a picture show, the
