News-Merchant's Stork Derby Almost Here: Starts 12:01 Thursday A. M. Who'll Be 12!

For eleven years, we've writ-
teries about the News-Merch-
ant's Stork Derby Contests—a
contest in which there's always a
winner!

1948 will be no exception. We
are expectin' No. 12. No, don't
get us wrong. Us Merchants,
only.

Now, in the past, there have
been only "singles" and there've
been boys and girls, six girls
and five boys. so, if we even up
matters, it will have to be a boy.
But, we don't do the evening up.
So far, too, there've been no
doubles, triplets, quadruples, or
more. Our sponsors have
"sworn" to cooperate, regardless
of numbers.

The "Big Eleven" were these:
Gary Glenn Graff, Harvey Rich-
ardson, Vernon H. Wells, Sara
Lynn Scott, Joe Kermit Derrick,
Ray Van Brown, Glenda Fay
Blanchard, Joyce Marie Feather-
stone, Cynthia Ann York, Naicy
Catherine Ferguson and Jenny
Lou Herrington.

Now we wait for No. 12.

And, in greeting No. 12, these
merchants are cooperating with
the News in this most interesting
contest: McCown Jewelry, Mrs.
J. B. Graves, Florist, Bill's Cafe,
Jones boys inc. ltd and sally
maude, office supplies, Harold
Ballard's Federated Store, Foster
Drug Store, Skelton Bros. Theatre,
Powell Supply Company, Morton
Scott, Housefurnisher, Coryell Co.
News, Doughty's Studio, and The
National Bank of Gatesville.

From, well, just look at the
births as announced in today's
News and you'll see us how close
some of these babys got to being
THE NO. 12.

Anyway, it's the World's Great-
est Race, and we've even asked
B. O. Plenty and Gravel Gertie
to enter next year, but as yet, we
don't know how things will turn
out.

But, the main thing, this min-
ute, is WHO'S GOING TO MAKE
IT AN EVEN DOZEN?

Hollingsworth Mill Burns With \$20,000 Loss, Contents

Sunday morning about 1 o'-
clock fire burned the office, stock
and equipment of Hollingsworth's
Mill & Elevator Company here,
and Ray Hollingsworth, owner,
said Monday morning the damage
was approximately \$20,000. The
building is owned by Mrs. Jake
Stout, and no estimate of the
damage was made on it, but a
new roof, and other work will be
necessary to put the building in
condition.

Mr. Hollingsworth said his loss
was fully covered by insurance,
and that he was still in business,
doing business from the back end.
His telephone was reinstalled
and he's "do'in' business at the
old stand."

How the fire started is not know
but from all evidence it started
in the office of the business.

He lost seven teeth and was in-
jured in the mouth, and a part of
the machine knocked a hole in
his side.

He was reported resting well
in Memorial hospital just before
Christmas.

NEWS Joins ALL Others: Price Increase Jan. 15

When the war ended, we thought
prices of everything would go
down—just like you. We made
a bust, in that! We've sweated
through the period up to now, with
"depression" subscription rates.
So, Now:—

Effective JANUARY 15th,—
THE NEWS will be \$2.00 a year
in Coryell county and trade terri-
tory. You CAN'T (don't think)
buy a semi-weekly any where in
the world except Coryell County
for \$2.00 a year—most are \$3.50.

In Texas, the price will be \$2.50
and elsewhere \$300.

Friday, we will announce rates
for more than one year—if you
want 'em! But, after the 15th,
it'll be flat \$2. \$1 for the Tues-
day, and one more buck for the
Friday, and we don't sell them
separat.

CASH AWARD WON BY LOCAL TRAPPER

MORRIS O. HUSE'S O'POSSUM PELT EARNS AWARD FOR PELT HANDLING IN SEARS 19th NATIONAL FUR SHOW!

Read How You May Win an Award as High as \$1,000.00!

Proof of the trapper adage "better pelt handling pays" came to this local trapper in the form of a Daily Cash Award in Sears 19th National Fur Show—giving him, besides, an opportunity to share in major awards! What this trapper did, you, too, can do—for this season, Sears Fur Show offers a total of 942 cash awards, including the First Award of \$1,000.00 for the best handled pelt of all.

942 Awards—\$7,590 Cash
Yes, a total of 942 cash awards for fur shippers—942 opportunities to share in \$7,590.00 in cash.

MAJOR CASH AWARDS: There are ten major cash awards, ranging from \$50.00 to \$1,000.00.

SECTIONAL CASH AWARDS: For complete shipments of five or more pelts—one award of \$250.00; eleven of \$50.00 each.

DAILY CASH AWARDS: 918 daily

cash awards of \$5.00 each, for pelts received during term of Fur Show.

How You Benefit

When you ship your furs to Sears you can depend upon receiving top prices. Every award is in addition to cash Sears gets you for your pelts.

Even if you don't earn an award, careful handling enhances the value of your furs. So, you can see that careful pelt handling does pay.

You Get These 5 Advantages:

1. Top market prices for your pelts.
2. Individual grading—each pelt you ship is graded individually on its own merits.
3. Localized grading—your furs are graded by men who are experts in pelts from your section.
4. Prompt cash returns—sent within 24 hours after your furs reach us.
5. Extra money opportunities in Fur Show awards! Remember, only handling of pelts counts, not kind or value of fur.

When your furs are ready, ship

them to Sears, Roebuck and Co., Raw Fur Marketing Service at the nearest of these points: Chicago, Philadelphia, Memphis, Dallas, Kansas City or Seattle. Thousands of trappers have earned Sears Fur Show awards, YOU CAN, too!

Morris O. Huse Gets Award For Correct Pelt Handling

Morris O. Huse of Jonesboro, Coryell County, is a winner of a Daily Award for correct pelt handling in the Nineteenth National Fur Show conducted by the Raw Fur Marketing Service of Sears, Roebuck & Co.

A carefully handled pelt brought this trapper one of the \$5 Daily Awards as a result of its being judged one of the three best handled skins among all pelts received at Sears Raw Fur Marketing Station in Dallas, Texas.

This pelt is now eligible for consideration for one of the major awards, including the \$1,000.00 First Award, to be selected at the final judging, which will be held in April.

Correct pelt handling—the prime purpose of the Fur Show—has proved to be of vital importance to trappers due to the fact that millions of dollars were formerly wasted through careless incorrect skinning, stretching and drying of furs—dollars which could readily have gone into the trapper's pockets instead of being cast to the winds. Well-prepared pelts command more money than poorly handled ones—thus

increasing not alone the earnings of the trappers, but the value of our country's natural resources. Sears Fur Show was established to stress the point, and, thus, to encourage correct pelt-handling.

This season's 19th National Fur Show Awards again total \$7,590 in cash including 918 Daily awards ten Major awards, topped by an eagerly sought-after \$1,000 First Award—plus twelve Sectional Awards for complete fur shipments. All awards are for pelt-handling only, not kind or value of skin. Every pelt shipped to Sears, during the term of the Fur show is automatically considered for one or more awards.

Dedicating the \$1,716,000 Masonic Grand Lodge Memorial Temple to the Master Masons of Texas who served in the United States armed forces during World War II and to their comrades who gave their lives in combat, Grand Master Horace Jackson Tuesday of last week, turned the first soil at the site of the proposed structure.

Grand Master Jackson used a silver spade presented by the Ma-

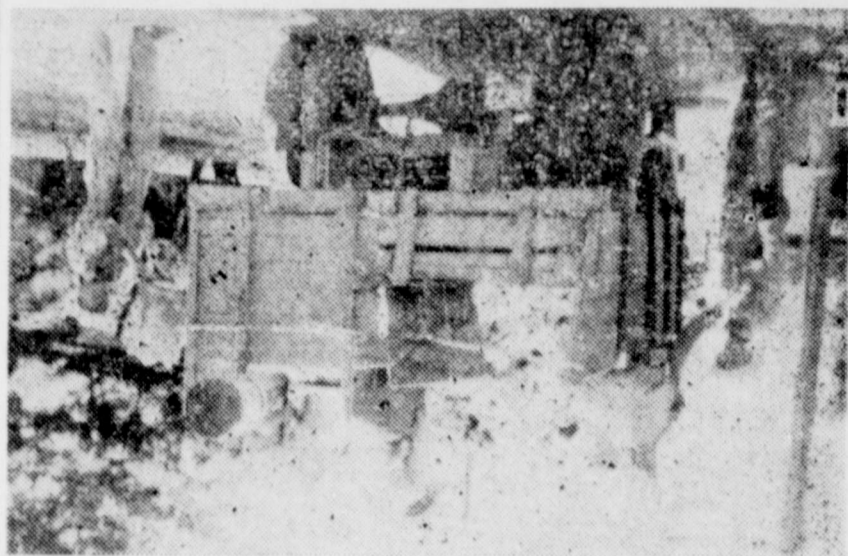

sons of Waco. The almost square block of ground between 7th and 8th streets on Columbus Avenue, where the Temple will be erected, was also donated by Waco Masons.

Present for the ceremonies besides Grand Master Jackson, were Hugh Craig of Fort Worth, deputy grand master; Albert DeLange, Houston, grand senior warden; Gabe P. Allen, Dallas, grand junior warden; J. J. Gallaher, grand treasurer and George Belev, grand secretary.

Appointive officers for the occasion were W. M. Weathered, Coleman, chaplain; W. R. Poage, orator; Frank Oldham, marshal; Alva Bryan, senior deacon; James Carter, Evant, junior deacon; Bascom Giles, Austin, senior steward; Sam Wood, Waco, pursuivant Dr. L. W. Jones, tiler.

The silver spade, used in the ceremonies will be properly inscribed and placed in the museum of the new temple.

Lies the Might of America

MISSISSIPPI'S CONTRIBUTION

The U. S. Waterways Experiment Station, near Vicksburg, Miss., solves problems arising in the improvement of rivers and harbors throughout the Nation. Over 10,000 women in the state can three million quarts of food a year; a Pascagoula factory makes beach slippers from wood, and 80 per cent of the Nation's shrimp is caught and shipped there. Their contribution to the National wealth behind Savings Bonds will increase in coming years.

LOOKING AHEAD
BY GEORGE S. BENSON
President—Harding College
Searcy, Arkansas

Need for Unity

The United Nations is a young organization. It was formed about two years ago and now comprises 55 nations. During the past year, it is said, the different divisions have held a total of 1,911 meetings. The chief avowed purposes are to bring peace to the world and to prevent starvation as an aftermath of the war. Great sums of money have been used to provide food for peoples that are considered destitute.

At first it was thought that 1946 would be the critical year. Now, we are approaching the winter of 1947. Some reports say there will be more hunger this winter than last. From various countries in Europe the reports show no improvement.

Certain Objectives

It would seem there is enough power and strength in 55 nations to help this muddled world get somewhere. And surely enough money has been spent to help those hungry nations to begin feeding themselves. The answer is not hard to find. The United Nations has not demonstrated real unity of purpose. Even the leaders among the 55 nations have worked at cross purposes. Each nation has been intent upon achieving certain objectives of its own. This is as true of the "Big Four" as it is of the smaller nations.

It is my hope that in some way the United Nations may find unity of purpose and intention. The most I can get out of this present situation, however, is an important lesson for our own country.

No Cross Purposes

In America we have found a good measure of unity, historically speaking. Though we are made up of states and other kinds of groups, we have shown appreciation for the same fundamentals of democratic living.

What is true of the United Nations as a whole is true of nations individually. If we are going to continue to be a prosperous and healthy republic, we too must have unity of purpose. Workers, managers, industrialists, farmers, educators — we must all keep our purposes controlled in the direction of full unity.

If one group wants to destroy the capitalist, and another wants to destroy labor unions, these are at cross purposes. If one group wants to eliminate private ownership of property, and another group wants to preserve Constitutional government, these also are working at cross purposes. If we have everybody working at cross purposes, then conditions in our country will grow worse rather than better.

Three Goals

It is imperative that the entire nation be united on fundamentals. It is necessary that all groups work for certain goals. Right now, I would like to suggest three goals we can all achieve together. First, economy in government spending so rigid the public can see that money is being saved. Second, a program of maximum productivity that can attract the enthusiasm of capital, management, labor, and agriculture. Third, a rededication of all our groups to preserve individual freedom for the entire nation.

With this kind of unity right now, in 1947, no one need fear for the future prosperity and well-being of our nation.

**Dr. Gray Says
WHY NOT ?**

FREE yourself of headaches, nervousness caused by nearsightedness, farsightedness, astigmatism or worse eye troubles. PROPERLY FITTED GLASSES will permit you to work safely and efficiently to keep your mind keen and alert, to enjoy maximum comfort and to look your best, without that worried, pained expression and those disfiguring crows feet around your eyes or on your forehead.

ONE of the greatest treasures that you can possess is good vision. It means so much to your success and happiness.

IF YOUR eyes have been bothering you, you owe it to yourself to have a thorough and accurate check-up.

and Better Electrical Living

in 1948

Easier Washing!

Easier Ironing!

Easier Dishwashing!

1948 can be a year of better, easier living
for you—and electricity can help make
it so.

Every day, round the clock, electricity's
tireless hands are ready to relieve you of
wearisome, time-consuming tasks ...
ready to give you new hours of freedom
to do the things you really want to do.

Remember—it costs little to live better
electrically ... so plug in on cheap elec-
tricity and enjoy more comfort and lei-
sure in 1948.

Electrical Living
Is Better Living
