

# Your \$1.75 Poll Tax Will Be Good At 2nd Primary August 28th

Business is booming in "south Gatesville."

New ones are opening every day, and one day is all they can stand.

They're not "fly-by-nighters". No, they still live there, but each day, some mama or papa is bantered to "buy some soft drinks, candy, suckers" and let us open a store.

It started at the Louis Neuman's then the Gus A. Koch's, then the Wm. McCown's, the Boynton's and finally got down to the Jones boys, inc. Ltd. & sally maude who opened their No. 2 store Saturday afternoon, and were supposed to reopen Monday or Tuesday. McCown's is still going, too, on 8 bottles of borrowed drinks.

Now, they don't have Social Security or withholding tax problems, but mom and pop have more bills (never one of these stores made money), dirty clothes, dirty kitchens, missing kids, but who cares, everybody has had fun, and the fad will be over soon. Kids will be kids, and who hasn't run a store, and drank or ate up all the profits and more too.

But, more seriously, is this Main Street Speedway? An ex-city official told us he was sitting in his yard with his wife, and said: "For the next 15 minutes there will be 15 cars passing here, ALL breaking the speed limit or some other law". They tried it, and it was correct.

Yes, sir, 15 vehicles passed going like a bat out of something, and one of them, he said, was a big truck that was a tearin' thru the wilderness and couldn't have stopped in a block.

Maybe, it's Main "Raceway" instead of Street.

Baseball clubs met last night to figure out the 1948 playoff in the Coryell County Baseball League, Coryell County's only organized athletic event for the summer, barring Red White's "Ramblers" which are the lone wolves in their field, and we used to have eight clubs like 'em before the war.

## NEWSPRINT COSTS IN DALLAS NOW \$115 A TON: MORE HERE!

Increase in the cost of Canadian newsprint became effective August 1, it was learned in Dallas Monday.

The boost raises the cost of newsprint delivered in Dallas for use in newspaper publication to \$115.20 per ton. This is on "roll" newsprint, and the flat, wrapped stock like is used by the NEWS will be even higher.

### CAPT. N. E. McDONALD TO BE REBURIED AT JONESBORO WED AT 2

Captain Norman E. McDonald, World War II casualty will be reburied at his hometown, Jonesboro, at 2 o'clock Wednesday afternoon, and services will be at the Jonesboro church. His remains were to arrive Tuesday morning.

Rev. James H. Woods of Marlin will conduct the services and a military detachment from Camp Hood will provide the military rites.

Burial will be in Murphy Cemetery near Evant.

Captain McDonald is a son of Mrs. Jacob C. McDonald, and was killed by a Robot bomb in England. He was a pursuit pilot, and had been cited for bravery and was holder of an Air Medal with an Oak Leaf Cluster.

### VFW 21, Pidcoke 3: J'boro 0, C. C. 9, Forfeit: That's All!

Got no reports on Seattle-Turnersville game, or Oglesby-Pearl. VFW hammered out a victory against Pidcoke Sunday afternoon here 21-3, with some stellar play on each side, although the game meant nothing and nine-tenths of the players knew it. It was just a fill-in, and practice session for both clubs. Statistics were VFW 21 runs, 17 hits, 3 errors; Pidcoke 3 of each.

Jonesboro, far down in the League standing, forfeited to Coryell City, one of the top notchers, and the forfeit count is 9-0. Turnersville beat Pearl 8-1, (hearsay), Seattle 19, Oglesby 1, 2, or 3, (hearsay), and Hamilton lost to Purlmela 7-9.

Rev. R. B. Floyd pastor of the First Baptist Church Grandview will do the preaching and Rev. J. T. Ayres will lead the singing.

A friendly welcome is extended to everyone to come to these services.

### County Convention Meets And Names Delegates To Fort Worth

Saturday afternoon at 2, the Coryell County Democratic Convention was in session under the direction of County Chairman C. E. Gandy, and Tom R. Mears was nominated and elected chairman, and Bob Cross was named secretary of the convention.

The Committee on Credentials, named by the chair, approved all the attending delegates and was composed of Harry Flentge, Byron Laird McClellan, John Donaldson and C. E. Gandy.

Committee on Platform was R. B. Cross, C. E. Gandy, Flody Zeigler and Henry Sadler, and the Committee to Nominate Delegates was composed of R. M. Holder, Dan McClellan, Quince Davidson, B. B. Garrett and John F. Post, Jr., and then named these delegates: B. L. McClellan, Bob Cross, P. T. Lemons, Irvin Jackson, John Donaldson, R. M. Holder, C. E. Gandy, Col. Henry Sadler, Floyd Zeigler, Mr. and Mrs. T. R. Mears, Harmon White and Mr. and Mrs. H. Wade Sadler, C. C. Cheatham and Harry Flentge.

Col. Henry Sadler, reporting for the Committee on Resolutions read a resolution instructing the delegates to support the nominees, vote as a unit, and to support Senator Tom Connally in his fight against the Civil rights program which has been adopted by the National Democratic Convention.

After the convention adjourned, the County Chairman, C. E. Gandy and the Precinct Committeemen present canvassed the ballots, and declared the count official, and then voted to hold the 2nd primary, the two Gatesville boxes having three people including the Precinct Chairman, and the rural boxes to have the Precinct Chairman and one assistant, and that the Precinct Chairmen would return the boxes to the Courthouse after the election for no cost.

This picture IS Rev. R. C. Brinkley who is holding a revival at Purlmela Baptist Church.

We pulled a boner Friday, and put Dr. Briggs, head of the Lions International as the minister for the Purlmela Baptist Revival.

We owe somebody an apology. It was an error.

### CHAIRMEN-COMMITTEEMEN VOTE TO HOLD PRIMTRY HERE AUGUST 28

Well, you and we thought it was over, maybe, until the General Election in November, along about the 16h

But we're going to get another whack at them. This'n'll be on August 28, when the Second Democratic Primary Election will be held.

Here's what you'll have to vote on:

#### For United States Senator:

Lyndon B. Johnson, Blanco County  
Coke R. Stevenson, Kimble County

#### For State Senator, 21st. Dist:

W. W. Roark, Bell County  
W. A. (Son) Shofner, Bell County

This is the order they were on Primary No. 1 ticket, but it may change for the 2nd Primary.

County Chairman Gandy talked to W. W. Roark of Temple Monday morning and he said there definitely would be a runoff between himself and W. A. (Son) Shofner, who held a lead in the First Primary of 49 votes.

It had been thought in some quarters that Mr. Roark would not "choose to run".

The only other race will be the U. S. Senatorial Race, featuring Coke and Lyndon.

You can still get something for your \$1.75 on August 28.

### N. Foote Represents Fourteen Counties at Agricultural Conference

N. Foote, Chairman of the ACA Committee and Agricultural Supervisor of Veterans Agriculture Instruction in Coryell County, attended a three-day agricultural conference in College Station last week. Mr. Foote had been elected by committeemen of fourteen Central Texas counties to represent them at this conference because of his ability and long experience in agricultural work. The 15 representatives attending the meeting were from the various districts of the state.

The State recommendations on the 1949 PMA Program were formulated at this conference. Mr. Foote presented to the conference suggested changes or additions as presented to him by the Veterans enrolled in agriculture, the ACA Community Committeemen of this County, and ACA officials of other counties which he represented. The 1949 PMA soil-conservation practices will largely be the basis around which will be built the individual training program for the Veterans enrolled in agriculture. Mr. Foote estimated that the funds for 1949 PMA practices would be approximately twice that for the present year; thus enabling the Veterans Agricultural School to materially increase the amount of soil-conservation practices to be embodied in the Veterans' agricultural program. The entire county will benefit in soil conservation by PMA Payments.

#### Grain Sorghum Loans

While attending this conference Mr. Foote was in consultation with representatives of Commodity Credits Corporation with reference to "On the farm storage" for grain sorghums. He was vitally interested in being of service to all the producers as well as the Veterans in agricultural training.

Mr. Foote said, "There is a possibility that the Commodity Credit Corporation will permit the storage of grain sorghums in suitable bins on farms west of the 30 inch rainfall belt, which would barely include Coryell County. However, there are several administrative problems that must be solved before farm storage would be permitted." Several other districts represented joined with Mr. Foote in urging the Commodity Credit Corporation to institute farm storage of grain sorghums in Coryell County. The loan rate would be \$2.38 per cwt. on grain sorghums grading No. 2 or better, which is materially above present prices paid by buyers.

Mr. Foote also spent some time in conference with officials of the Department of Agriculture Education with reference to problems of training the 250 Veterans enrolled in agriculture classes in this county.

ron Leaird McClellan, suggested that if anyone wished to make donations in memory of some loved one, for this memorial, that it would be taken, and properly credited.

The drive, as is known, is for a Memorial Park for veterans of World War I and II.

The area in which Government farm storage grain sorghum loans are available has been extended to Coryell County, according to information received this week by the ACA office. "The storage requirements are very rigid, and the

very rigid, and the farmer will be required to keep weevils, rats etc., from dafting the grain", N. Foote, ACA Chairman, said. The farm storage loan rate for No. 2 or better grain sorghums is \$2.38 per cwt. Foote said that farmers desiring a loan or additional information should contact the ACA office. He also said that farmers planning to hold their grain sorghums might be interested in the Purchase Program offered by the government.

**AUGUST 1 to AUGUST 7**

Seventy-five years ago this week—August 1—the world's first cable car jerked up steep Clay Street in San Francisco. This ingenious vehicle was the invention of A. S. Halladie of that city. Beneath the surface of the street, and between two car tracks, moved a heavy steel rope, powered by an engine in a distant building. The motorman of the car dropped a grip bar through a slot in the street. As the bar gripped the moving cable the cable car was pulled along. Horse-drawn public carriers became a thing of the past as American cities began installing cable car systems. Here was the first step in mechanizing urban transportation on city streets and to A. S. Halladie goes the credit!

**HELP YOUR REFRIGERATOR SERVE YOU BETTER**

**DEFROST** whenever frost reaches thickness of one-quarter inch

Thick frost retards coldmaking, makes your refrigerator run longer, increases operating cost. It should be removed whenever it becomes one-quarter of an inch thick. It is necessary to defrost more often in summer than in winter because of more moisture in the air and greater use of your refrigerator.

**A Quick Method of Defrosting**

Empty defrosting tray and turn control to "off." Remove ice trays and frozen foods from freezer. (If latter are wrapped in several thicknesses of paper and placed on refrigerator shelf, they won't thaw out in short time it takes to defrost.) Fill proper-sized pans with very hot water and place on shelves of freezer. Use fresh hot water as needed.

When frost has melted wash freezer with weak solution of baking soda and lukewarm water. Clean food compartment, wash thoroughly with baking soda solution and wipe dry. Empty drip pan, replace ice trays and frozen foods and start freezing. The entire operation should take only 20 to 30 minutes.

**The Best Time of Day to Defrost**

During the hot summer months it's best to defrost in the late evening just before bedtime, when the refrigerator has less work to do. If you defrost during the middle of the day, the refrigerator may run excessively when started up, because of the heat, frequent door openings and warm foods being placed in food compartment.

July 30, 1948.

Dear Friends:

This is being written while I am flat on my back in a hospital. As you probably know, I broke my foot before I left home—2 weeks ago tomorrow (July 17). My local doctors had it in very good shape, and I came up to the called session without too much pain. I attended the first day's meeting and also the President's speech on Tuesday, then went to get a new cast on my foot as the doctors at home had recommended. When I got to the hospital here, the doctors decided they wanted to put some pins in my leg to hold the bones together. They have operated on me and now have me in a cast up to my hip.

I don't know how long I will be here. I am told that it may be three months before I can walk but I expect to be able to get to my office long before that and have been promised that if any important vote should come up that they will take me to the Capitol even if I have to go in an ambulance. I am sure that had I stayed at home that I would have been recovered much sooner.

Fortunately, it does not seem as if I were going to miss much at the session. The President asked for a long list of items that he wanted passed. I don't think that the Republican Majority is in a frame of mind to pass much of his program, and insofar as it relates to so-called "civil rights", I don't feel disposed to pass it either.

Fundamentally this 'civil rights' program is an effort to supplant our 'individual rights.' It is an effort to say that if one citizen out of ten wants to associate with the other ten who he has some kind of 'civil' right to do so even though the other ten do not want his company. I still believe that the ten have the same rights in determining with whom they are going to eat and travel. I don't think that you are under any legal compulsion to invite me to your home unless you want to. You simply cannot force people to like and respect each other. They have to win this respect on a basis of mutual understanding. The effort to legislate 'civil rights' simply makes that understanding more difficult and actually exaggerates, rather than reduces, the friction between races. I think it is most unfortunate that it has been made a political issue.

Of course, everyone agrees that the high cost of living is bad, but no one wants to reduce his own wages, lessen his own profits or lower the price of his corn, cotton or cattle, and yet these are the things which make up the cost of living. I cannot feel that cotton is too high so long as the man who grows it gets less than 1/4 as much for an hours work as does the man who works in the tractor factory.

Actually we are going to have to keep all prices, and therefore all costs high for years to come if we are to pay our tremendous debt. As we reduce our debt we can safely reduce prices, but we can only pay our two hundred and fifty billion dollar debt with cheap money.

When the government borrowed these dollars they would not buy a great deal of commodities, we cannot pay them back with high priced dollars, therefore we

we should be paying our debt NOW. In January I introduced a bill to pay \$7,000,000,000 on the public debt. At that time we had the money. I think we should pay all we can on our debt as fast as we can, and that that is the only way of reducing costs. We have too much money in circulation. We simply have to make up our mind that we can't enjoy all the luxuries of life and still keep prices down. There is no use in fooling ourselves—we can have high wages, high priced cattle, high profits, etc., but if we do we are going to have high prices, regardless of the O. P. A. or any other governmental agency. I will vote for any real fundamental effort to reduce the amount of money in circulation in an effort to reduce the cause of high prices, but I see nothing to be gained by returning to O. P. A.

No one knows how long the Session will last, but I suppose it will be over before I will be able to get home. In the meantime, I want all my friends to write us for anything we can do. All my office force are on the job and will be glad to help you.

With best wishes, I am,  
Your Friend,  
W. R. POAGE.

# The Texas Poll

## The Statewide Survey of Public Opinion

By JOE BELDEN, Director, The Texas Poll

AUSTIN, Texas, July 31.—The big question in the senatorial runoff between Coke Stevenson and Lyndon Johnson is—to what camp will most of the Peady voters go?

George Peady, the Houston attorney who polled almost a quarter of a million votes in the first primary, has announced that he will not publicly support either of the candidates. "The people," he said, "are capable of making up their own minds."

As a result of its surveys, The Texas Poll was reasonably certain during the week before the July 24 election that Stevenson and Johnson would have to face each other in a runoff. Since it appeared that the Peady voters would hold a key to the runoff, the poll asked a cross-section of them this question:

"Supposing that Coke Stevenson and Lyndon Johnson came out ahead in the first primary. At the present time, which one do you think you might favor in the runoff election—Johnson or Stevenson?"

The results are indicative of opinion among Peady voters several days before they were to learn that their favorite candidate would be eliminated in the first

primary:	
Favor Stevenson.....	49.5%
Favor Johnson.....	39.7%
Undecided.....	10.8%
	100%

In the face of this division among Peady voters, it is clear that Stevenson has the inside track as the runoff campaign opens.

### HOW THE TEXAS POLL'S FIGURES COMPARE WITH ELECTION RETURNS

During the week before the July 24 election, The Texas Poll interviewed a total of 1500 qualified voters in an effort to forecast the outcome. The persons interviewed made up a statewide cross-section of voters based on a study of the poll tax rolls of every county in the state.

On the basis of its pre-election sampling, The Texas Poll correctly predicted that Governor Beauford Jester would win without a runoff, but pointed out by a last-minute telegraphic survey that his relative strength was dropping swiftly as the election approached.

In the U. S. Senate race, The Poll correctly forecast a runoff between Coke Stevenson and Lyndon Johnson when these candidates were claiming majorities of 55 and 52 per cent, respectively. The Poll's final returns showed Johnson 1.3 above Stevenson. But mindful of statistical deviation because of the small number of persons who are interviewed in sampling surveys, the poll

warned that "it was anybody's guess which one would lead in Saturday's election."

The Texas Poll based its forecast in the senatorial race on the returns of a complete cross-section of 1,000 interviews conducted between July 19 and July 21. The

telegraphic survey, conducted July 22-23 and based on a cross-section of only 500 interviews, showed almost the same results in the senatorial race as the earlier sampling. The Poll merely reported that there was no significant change between the two samplings in the senatorial race, without publishing the latter.

Below you may compare the Texas Poll's July 19-21 figures, basis for its forecast, with the incomplete unofficial returns of the election. The poll's figures were computed on the basis of 71 per cent of the 1000 persons interviewed who indicated they were certain to vote. The election figures below are based on almost complete returns totaling 1,162,000 votes.

	Poll	Elec.	Devia-
	figs.	figs.	tion
	figs.	Rets.	tion
Stevenson	40.1%	39.3%	0.8%
Johnson	41.4	33.8	7.6
Peady	15.6	19.9	4.1
Others	2.9	7.0	4.1

It can be seen, on the basis of incomplete election returns, that The Texas Poll measured Stevensons effective strength almost exactly, overestimating it less than one percentage point. It overestimated Johnson by 7.6 points and underestimated Peady and the eight minor candidates combined by slightly more than four points.

Without further research, operators of The Texas Poll are not in a position to make final judgments on the deviations in the cases of Johnson, Peady and the minor candidates. Besides mere sampling error plus or minus four percentage points that must be allowed in surveys of this type, there is some indication that the Poll may have opened another source of error by following the widely-accepted theory of opinion researchers that undecided voters, when it comes to voting, distribute themselves in the same mathematical proportions as all the other voters.

Last-minute changes were clearly shown in the measured drop of Jester's strength. In this case, the evidence indicates that persons who were sure to vote, but were undecided on a candidate when contacted by interviewers, did not apportion themselves for the various candidates as all the other voters who had made up their minds.

In analyzing its survey of the governor's race, The Texas Poll believes it has detected the weakness of this statistical rule of thumb. When compared with election returns, the best gauge of Jester's strength in the surveys is his standing among decided voters only. This seems to indicate that when the undecided finally made up their minds at the ballot box, most of them voted against Jester.

### Club Report

The Liberty H. D. Club met with Mrs. Clovis Belvin and Mrs. Calvin Perryman at the Belvin home, July 18th.

Mrs. Floyd Kemp gave a good report from Council.

The Club members expressed disgust and disappointment that our community has no active 4-H group at present.

We think it is time to do something about it.

Plans were made for entertaining the Hamilton Lions Club, on July 27th.

We were very happy to welcome a new member, Mrs. Chas. M. Jones. The Jones family have recently purchased and moved to the Ocean Moore farm.

A very nice bridal shower was given to Mrs. W. T. Perryman. The Liberty people fell quite in love with both Mrs. Perryman, and her mother, Mrs. Ola Dyson, of Gatesville.

It is with pleasure that we welcome Minnie Ola Perryman as a citizen of the Liberty community.

Our next regular meeting will be at the Liberty School House August 10th. Our Agent will be with us then. She will discuss: Furniture for the living room, and its arrangements. Also cleaning the living room.

Mrs. A. L. McFadden has offered her living room, if Miss Harden needs it in her demonstrations.

But even in the face of this evidence, which the poll reported on the day before the election, the poll operators were bound to follow the established statistical practice of apportioning the undecided voters in the exact mathematical proportion as the other voters because no better rule of thumb has been developed.

The final sampling of probable voters were reported in the governor's race according to accepted statistical practice—without any arbitrary adjustments. Here you may compare them with the election returns:

	July	July	Elec.
	19-21	22-23	Rets
Jester	70.5%	61.4%	54.4%
Evans	14.5	18.0	22.7
March	12.9	15.6	15.1
Others	2.1	5.0	7.8

Relative certainty that the actual standings of the gubernatorial candidates were changing at the last minute underlined by the fact that the statistical standings of the senatorial candidates in concurrent samplings of probable voters remained stable:

	July	July
	19-21	22-23
Johnson	41.4%	41.2%
Stevenson	40.1	40.0
Peady	15.6	2.3
Others	2.9	2.3

As background for samplings conducted during the week preceding the July 24 election, The Texas Poll had made earlier measurements in both the senatorial and gubernatorial races which showed there had been no great changes except that George Peady moved up slightly in the senate race and Evans made slight gains in the governor's race.

The samples of interviews for these measurements included representative cross-sections of all eligible voters, including probable voters and those not likely to vote. The complete record of the poll's computations on this basis is as follows:

U. S. SENATE RACE				
Survey End	6-12	7-3	7-21	7-23
Stevenson	46.6	46.5	44.0	41.9
Johnson	36.8	38.2	38.3	40.1
Peady	12.0	10.9	14.2	15.4
Others	4.6	4.4	3.5	2.6

GOVERNOR'S RACE				
Survey End	6-12	7-3	7-21	7-23
Jester	74.0	72.5	71.6	64.4
Evans	8.5	10.1	13.7	17.1
March	12.8	13.7	12.0	15.2
Others	4.7	3.7	2.7	3.3

The Texas Poll will continue to make surveys of the U. S. Senate race in August.

Refreshment plates of Olives, sandwiches, potato chips, cake, mints, and fruit punch were passed to 21 members, 10 visitors and a number of children.

The visitors were from Gatesville: Mesdames Edwin Harten, Ola Dyson, Tom Perryman, Albert Koch and daughter, and Miss Evalee Baize from California; Mrs. Joe Marella from Liberty; Mrs. Curtis Maynard and daughter, and Mrs. C. M. Jones from Evans; rs. Deward Flippen and children, also Miss Eva Francis Jones and the honorees, Mr. and Mrs. W. T. Perryman.

### Wedding Bells

Wedding bells at Liberty and they are really ringing, first it was Ola Dyson, of Gatesville, our acquaintance with her is limited, but we are convinced that she has all the necessary qualifications to make a perfect companion for one of our most thrifty and successful young farmers.

The marriage of Haynes Baize and Miss Colleen Doyle, both of the Ohio section comes as a surprise to their many friends. Mr. Baize is another of our progressive and dependable young farmers. Both he and his wife Colleen are products of our community of which we are proud. She has been well trained in the art of homemaking and she possesses all the other qualifications necessary for that congenial companionship that is the rightful heritage of every home.

Mrs. Jack Billingsley will give a bridal shower at her home on August 12, 8:30 p. m. She extends an invitation to all friends and relatives, both men and women of other communities.

Dominoes and other forms of entertainment are planned.

Although yours truly has not been given the green light to discuss the matter fully, there seems to be another wedding in the offing, as Mrs. Gayle Calhoun has announced a bridal shower for Miss Eva Francis Jones, bride-elect of Mr. L. Z. Edwards, at her home, August 3rd, at 2:00 p. m.

We wish to extend hearty congratulations to all these fine young people.

While we rejoice in all these happy occasions.

A great grief has cast a pall of sorrow over our lives, as we mourn the passing of our beloved neighbor, friend and pastor, Rev. R. M. Studer. Although he had recently moved to Copperas Cove, he spent the most of his useful life in this locality where people of all denominations and creeds learned to look to him as a comforter in time of sorrow. When we review his life work among us we are reminded of another very dear friend who passed from us only a few weeks ago.

Mrs. L. H. Kelm whose very activity was an inspiration and a call to the higher and nobler things of life.

We extend deep and sincere sympathy to all members of both families.

We have had a lot of vacation activity since our last report.

Visitors in the Clovis Belvin home were Misses Susie and Emmie Belvin of Hamilton, Mrs. Francis Ainsworth of Baytown, Mrs. Trudie Robertson of Waco.

Mrs. Jack Billingsley has been visiting relatives in Dallas.

Mrs. L. C. Perryman has just returned from a trip to California where she visited her brother, Claud Blair, and other relatives.

A. L. McFadden, Jr. and Jack Billingsley are vacationing in N. Dakota.

E. D. Elam is also seeing the west, beginning at Eagle Pass he will visit old Mexico, Big Bend, White Mountains, Carlsbad, McDonald Observatory, and many other places of interest.

### COMMITTEE TO BE NAMED AT ATER FRIDAY, AUGUST 13

Friday, August 13, there will be a meeting at Ater at 8 p. m. to name a committee to receive and sell and retain property as the community desires.

## A JOINT RESOLUTION

proposing an amendment to Section 28 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportioning the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment; providing for the issuance of the necessary proclamation by the Governor; and making an appropriation.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 28 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 28. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial and representative districts, agreeable to the provisions of Sections 25, 26, and 26-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board, and, when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writs conformable to the usages of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:

"For the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

"Against the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the State.

Section 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

## HOUSE JOINT RESOLUTION

proposing an Amendment to Article IV, of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows:

"Section 3a. If, at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all restrictions and inhibitions imposed in this Constitution on the Governor."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a General Election to be held throughout this State on the date provided by law in the month of November, A. D. 1948, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."

"AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the State.

Section 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

## HOUSE JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the

State of Texas by adding thereto another Section to be designated as "Section 60" to authorize counties of this State to provide insurance for county employees; providing for the Governor's proclamation, and submission to the electorate.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the State Constitution be and the same is hereby amended by adding thereto another Section following Section 59, to be designated "Section 60" to read as follows:

"Section 60. The Legislature shall have the power to pass such laws as may be necessary to enable all counties of this State to provide Workman's Compensation Insurance, including the right to provide its own insurance risk, for all county employees as in its judgment is necessary or required; and the Legislature shall provide suitable laws for the administration of such insurance in the counties of this State and for the payment of the costs, charges and premiums on such policies of insurance and the benefits to be paid thereunder."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment providing Workman's Compensation Insurance for county employees." and "AGAINST the Constitutional Amendment providing Workman's Compensation Insurance for county employees." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State.

Among the entries at the American Softball Association Tournament which will be held in Temple August 5, 6, 7 and 8, is Gatesville's and more particularly "Red" White's getting famous Ramblers.

Nearly all the potent softballers in Central Texas are entered in the Temple meet, and Red's boys just closed a tournament play in the Hamilton Tournament. They won their first in this tournament from Pottsville, with their star hurler, one Charles Ray Roberts getting credit for a no-hit game, closing the Pottsville club out 5-1.

**KILLEEN SECOND HALF SOFTBALL LEAGUE SWINGS INTO HIGH**

The second half of the Killeen Softball league is really beginning to go into high gear. Rivalry thus far has proved even greater than during the first half, and the race promises to get hotter as the season progresses. One change was made in the schedule when the American Legion team of Copperas Cove replaced Clark's Gas team which dropped from the league. The Legion team will play out the schedule as originally drawn up for the Clark team.
