FRIDAY, SEPTEMBER 3, 1948. NUMBER 73

Do you know that you own a part of \$170,000,000 "spuds" the US Treasury has paid for in 5 years—to support prices?

And, the ACA still has funds left to help farmers obtain superphosphate to be used with winter legumes to be planted this fall, and, also some, to be used to build terraces, and the ACA hopes to be able to issue prior approvals and purchase orders on winter legumes by Tuesday.

And, that this is the AP statistics, estimates by Gen. Edwin L. Sibert, Assistant Director of U. S. Central Intelligence Group, on the Armies of the world: France 430,000; Great Britain, 650,000; USA, 670,000; Turkey, 675,000; USSR, 3,800,000; China (both Nationalists and Communists) 5,750,000. Scare you?

And, the Humble Oil & Refining Company will again broadcast the football games of the year for the 14th consecutive year, and television plans for four games of TCU in Ft. Worth as well as the Texas-Oklahoma game are planned over WBAP-TV. Regular broadcasts ill start Sept. 18.

And, that "brown" wrapper we had around the News (town delivery) was the raincoats we have been talking about. Old JP threw us a curve, and the rain stopped. Texas weather IS hard to out guess! We missed.

And, NOTICE, ALL OFFICERS and DIRECTORS of the Gatesville Chamber of Commerce and the Manager, are requested to be present at 3 o'clock Sunday afternoon at the Coryell Memorial Park. A BIG event will take place.

And, we just changed faps!

Band Meets With New Band Director Monday: He's Randall Raley
Gatesville High School Band will meet Monday afternoon at 2:30 at the band house, at which time the new band director Randall Raley will be with them.
Band Director Lafayette Lam resigned for a similar position at Clifton or Valley Mills.

Some Do, Some Don't! Bankers to Austin: Most of Us Work
Some take Labor Day, some don't. The situation as it now stands, is like this (or was): Banks, auto dealers, grocers, barbershops, utilities WERE going to close.
There was a ? about the courthouse, city offices, hardware, (auto supply) and insurance offices, the ACA, and other federal offices.
The Bankers, who never miss one, are going, most of them from The National, are going to Austin during the days of September 5-9 to attend the Annual Texas Bankers Conference, and this will include W. D. Cooper, Andrew Kendrick, Cam McGilvray, Bailey Curry, Jack Straw and Bob Ward.
They're undecided at the Guaranty, but think maybe Ray Byrom and Raymond Leonard may go, too.

THE DALLAS SYMPHONY ORCHESTRA "MIGHT" BE IN GATESVILLE THIS SEASON: THAT IS, IF CORYELL COUNTY WANTS IT!

The Dallas Symphony Orchestra here in March of next year. Mr. Dorati says, regarding the orchestra and its playing: "There is no difference in audiences" he says. "Good music is good music. There isn't much difference here. There isn't such a thing as a small town in America. I have never faced an audience anywhere that didn't know as much about music as an audience in Carnegie Hall, were conducting in Carnegie Hall. If these towns don't like my music I won't blame it on the music or the town. I will blame it on myself and the orchestra. Maybe we didn't play it so well." New York. I simply can't insult them by playing down to them, or giving them cheap or unpopular music. They want the same kind of music I would play if I

Here's Registration! Still Going On: Schedule Below

They're still putting their names on the line for Uncle Sam in the 1948 Draft Registration:
Monday's was 67.
Tuesday's was 65.
Wednesday's was 34.
Thursday's was 17, at 10:30 a. m.
Here's the way they register, and, the registration don't mean much, since the exemptions have not started taking hold yet. You almost have to be a perfect specimen from every angle to get in this draft (with exemptions).
Here's the registration schedule:
Men born in 1923 will Register Aug. 31 or Sept. 1; 1924, Sept. 2-3; 1925, Sept. 4 or 7; 1926, Sept. 8-9; 1927, Sept. 10, 11; 1928, Sept. 15-14; 1929, Sept. 15-16; 1930 (if born before Sept. 19, register Sept. 17-18).

One More Polio Case This Week: One Was Not!

Travis Moore, age 4, son of Mr. and Mrs. C. T. Moore, Jr. of route 3, Gatesville was in Waco Monday evening, and has what the doctors definitely designated as polio. Condition of the child is not known.
Tuesday, Jean Apel, 22-months old daughter of Mr. and Mrs. Albert Apel, Jr., of Pearl was thought to have had polio, but on diagnosis in Waco, was definitely not polio, and the child was dismissed from the hospital.

LYNDON SAID TODAY HE WAS SURE HE WON
AUSTIN, Texas, Sept. 2. (AP)—Lyndon Johnson said today he is "absolutely confident" the official vote will show he won the Senate race.

With all votes in, the unofficial tabulation gives Coke Stevenson a lead of 362 votes. 55 of the county returns, including Coryell were already canvassed and were in the official count. These are being tabulated (the official) as fast as they are turned in to the Texas Election Bureau. This official vote will be the same as that canvassed in Austin later, probably Saturday.

1948 Edition GHS Hornets Drop Opener To Exes By 1 Point: Looks Like Might Be There

Gatesville High School's 1948 hopefuls (football, of course) do look that way!
A bunch of cigarette smoking exes worked some of the nicotine out of their lungs, nearly got away with official Joe Skelton's red flag, laid out on the side line, and ran out for another puff, but they gave the '49's a run for their money, beating them by 1 point when Billy Melton pushed the extra over, giving them a 7-6 lead.
Scoring for the '49', Robert Painter skirted one end for about 15 yards and the first tally, but the extra didn't work. Then, in the last quarter, Belvin Gilmer took a short pass and went over, and "Melton" then won the game.
Coaching for the exes were Deavers and Davis. Officials Troy Jones, Joe Skelton and Fred Post. Time: unlimited. 1st downs: nobody kept them.
Cotton Davidson was injured

Lineups were as follows, but changed constantly for the '48's:

Exes	pos	Hornets

This IS Long, But We Think You Ought To Read It! It's Here!

This article, which we will run in parts, is taken from "The Federationist" published in New Orleans, Louisiana, and the paper claims to be "Labor's Paper", and we believe, is AFL. The article is headed: "Communists Movement in U. S. Brainchild of Russia, Against American Ideals."

We quote: "Introduction"

"It is the object of this report to establish from documentary sources the fact that from its inception in September 1919 to the present day, the Communist move-

ment of the United States may be properly characterized as

"1. An organization operating under centralized discipline subordinated to the Communist party of the Soviet Union, the single ruling party of that country.

"2. A section of a World Communist Party, controlled by the Communist Party of the Soviet Union.

"3. An organization whose basic aim, whether open or concealed, is the abolition of our present economic system and democratic form of government and the establishment of a Soviet dictatorship in its place.

"4. An organization resorting to deception, evasion, illegal methods, violence, and civil war, methods implicate in its revolutionary purpose.

How to Recognize The Problem

"In view of the probable future trends, special attention should be given to the problem of the Communist-inspired strikes. Strikes hurt. They are injurious not only to those involved, but to the general public. The employer loses immediate earnings and the future good will both of his workers and his customers. To the worker, a strike means physical and mental suffering for an uncertain goal. Even if he attains his ends, he may be in such a weakened economic position that he may have to work for several years to make up for wages lost during the strike. The general public loses when production is interrupted and hence

purchases by the strikers decline. The larger the number involved in the strike, the greater the loss. Revolution

"According to the Communist theory, the incessant clashes between the working class and the capitalists increases in their proportions until they reach a climax—the revolutionary overthrow of the capitalist system by the workers.

"In place of democracy, the Communists propose to establish the dictatorship of the proletariat which Lenin has defined as

"the rule—unrestricted by law and based on force—of the proletariat over the bourgeoisie. (The State and Revolution).

"Attack on American capitalism.—(a)—With the end of the war the Soviet Press has shown evidence of hostility toward American capitalism, of which the following are typical:

"The impending danger of mass employment is indicative of the profound contradictions that are inherent in America's economic. (M. Rubenstein, New Times, July 1, 1945, pp. 19.)

"There are classes in the U. S. S. R.; a privileged class and an exploited class, a ruling class and a ruled class. Between the two there is a wide difference in the standard of living * * * There is no private ownership in the U. S. S. R. There is only one ownership. * * * A small number enjoy this State property. The great number of people support it, produce, respect, and are separated from it by a huge police apparatus of repression."

"Little by little, the power of the Soviets is being replaced with the power of a certain party * * * The 'soviet regime' becomes the means of bringing into power and maintaining in power a revolutionary minority which claims to defend the interest of a majority."

"In the light of the preceding analysis, it is clear that the Communist problem is real in industrial relations. Yet it can still happen that an employer faces or will shortly face such a situation, and remain entirely unaware of his danger.

"The attitude of business men as described in 'Modern Industry' (November 15, 1946.) The tabulation of the survey shows that if managements who now deal with the CIO, where the problem of Communism is most severe, were allowed a choice, only 9.5 percent would continue with the CIO, whereas 25 percent of the group would prefer to deal with the AFL. Of the employers who now deal with the AFL unions, not a single one could be found to prefer the CIO.

Wants To Be Important

"Every Communist is slightly abnormal mentally. A Communist is likely to be someone who has failed in normal life, suffers from an inferiority complex, and turns to Communism as a way of becoming an important person. The secrecy, conspiracy, and constant effort to deceive, tell on him, and produce a neurotic mentality. Therefore, he cannot stand being made ridiculous. And therefore, he is a 'poor sport' and a 'bad loser', unable to take a joke, or to see one.

"Communists have their own distinctive jargon which can be recognized by a regular reader of their press. They label their opponents as 'Fascists,' 'reactionary', 'imperialist', and similar epithets fashionable in Communist circles.

"Opportunity is an able leader who will play Communist labor politics for personal gain, but who does not use their jargon or share their general political interests. The dupe ordinarily is a weak character with a superficial popularity. Preferably he is from a dominant racial or religious group. He does not use Communist jargon in his ordinary talks, but his speeches, if he makes any, are often written for him by the Communist leaders and may contain words and phrases foreign to his normal expressions.

"Communists, living a lie among people who will not stand for the things they advocate, are in fact living among enemies. This

is an idea carefully drilled into their minds—that they are spies in an enemy country; surrounded by enemies; able to do the party's work and even to exist only by being smarter than the enemies; by being always on guard, always tricking and deceiving those about them.

"They lie when they claim to be 'democratic'. They lie when they pose as a part of the Labor movement, for members of the working class are but a minority among them.

"Americans must be poor specimens who will accept the theory that we shall all be better off by passing under the dictatorship of anyone. Communists do accept it; and believe that only they are right, while everyone else is wrong. Each Communist is sure that he is wiser and smarter than any non-Communists. A long probationary period of study, meetings, assignments, is required of a person who may wish to join the Communist party. Complete and absolute subordination to the party principles and party orders, with an end to all loyalties to his family, his Union, his God, and his native land, are necessary. All principles of right and wrong, all ideas of honesty, truth and fair dealing must be drilled out of his mind; for they are 'the opium of the people', 'capitalist superstitions'.

"Communist theory exhorts and perpetuates the authority of its leaders, for it claims to present a body of unassailable scientific principles of which the Communist leaders, is subject to severe penalties all the way from censure and expulsion to liquidation. The Communist movement has pledged its loyalty to these teachings, as have the Communist Parties of all countries. These teachings are embodied in the Program of the Communist International adopted in July-August, 1928, as a 'uniform and common program for all Sections of the Communist International' and never repudiated.

"Each party desirous of affiliating with the Communist International should be obligated to render every possible assistance to the Soviet Republics in their struggle against all counterrevolutionary forces. The Communist parties should carry you a precise and definite propaganda to induce the workers to refuse to transport any kind of military equipment intended for fighting against the Soviet Republics, and should also by legal or illegal means carry on a propaganda amongst the troops sent against the workers' republic, etc."

"Therefore, let us consider the Communist party as a group planning violent seizure of power; which if successful will become a new ruling class holding by force the dictatorial power. All liberties and protections of democracy must disappear, for their existence bars dictatorship."

(Note: These articles are evidently taken from an AFL trade union paper, and show that the Unions, particularly, know of the workings of the Communists and their "pink" followers. There is a so called "red herring" investigation at the present time in Washington, and in our opinion, they have just scratched the surface.)

That Tree And House! Pat Jackson Place: 1 1/2 Mi. Broce Moore's

We located it. Rev. G. L. Derrick came in first and said the house was 1 1/2 miles from Broce Moore's store, just across U. S. 84 from Coryell Creek, east.

It's now the Pat Jackson place and Mrs. Jackson is related to Rev. Derrick.

Then, C. D. Boyer came in. The house, Mr. Boyer says, was built by grandfather, John Jeanes about 67 years ago. His mother moved there with her father when she was a child.

The house is at present unoccupied, although there is feedstuffs in the barn.

Marvin Franks, from Texas U. is visiting his parents and friends here this week.

Neta Jean Rogers, Billy Carrol, and Marie Hackney visited Pvt. Billy Floyd at South Camp Hood last Sunday.

**Miss Maurine Highsmith
Bride of John Dunham
In Junction Saturday**

The marriage of Miss Maurine Highsmith, daughter of Mrs. Joseph Colemah Highsmith of Junction, and John Spofford Dunham, son of Mr. and Mrs. Walter Dunham, was solemnized Saturday evening in a ceremony in the First Methodist Church, Junction.

The Revs. James P. Jordan and Stanley Hauser of Sonora officiated at the ceremony.

Walter Dunham, father of the bridegroom, played the nuptial music. Mrs. Weaver H. Baker was the soloist during the ceremony.

The bride entered with her brother-in-law, M. B. Kindrick.

The bride's gown was of ivory duchess satin made on simple lines with heavy satin cording on the full skirt. Her veil of illusion fell from a coronet of palited illusion, and she carried a cascade bouquet showered with stephanotis and centered with an orchid.

Miss Beverly Baker of Junction was maid of honor, and Mrs. M. B. Kindrick of Gatesville was her sister's matron of honor.

Mrs. James D. Gillespie of Austin was the brides-maid.

Joseph H. Fasel, Jr. was best man and Robert Roche and Robert Holzschuher were groomsmen.

A reception in the garden at the home of Mrs. Weaver H. Baker followed the ceremony.

Out of town guests were Mrs. Frank Kelso, Miss Marguerite Kelso, Fred and Roy Kindrick of Gatesville; Mr. and Mrs. Bill Friend of Ozona; Mrs. J. R. Smart, Mr. and Mrs. Frank Highsmith of Menard; Mr. and Mrs. W. B. McMillan of Sonora; Mrs. J. H. Fasel, Jr., and Mrs. Charles T. Flocke, Jr. of San Antonio; Mrs. Herbert Boern of Woodville; Mrs. Wayne Strotter of Corpus Christi and Mrs. Walter Dunham Jr. of Washington, D. C.

After a wedding trip to Saltillo, the couple will be at home in Austin, Texas.

singsong, and Bro. Quattlebaum spoke and introduced Mrs. Otis Chambers who brought the devotional. Miss Marie Meharg spoke on "Being a Good Neighbor".

A period of fellowship followed with many gathering around the piano in the barracks for singing. After a night of cool sleep, the group were lead in the morning just before breakfast. A free per-devotional by Mrs. Quattlebaum iod of fun and foolishment followed until 10 o'clock when Mrs. Jones and Mrs. Walker brought the lesson on "Neighbors in the Orient". Mrs. Chambers spoke on organization of the Young Peop's societies of the WMU and Miss Meharg described the place and work to which is soon going as a Missionary.

Lunch was served, and after a period of swimming, camp was broken in mid afternoon. The group was composed of 21 young people, 8 adults and 2 visitors. As the Association has bought 20 cots, 12 bed rolls, and 12 pillows, these were used by the group. This is the first group from any church to use the camp grounds since the young people's camp, and they greatly enjoyed the outing.

ARE THESE SOUND REASONS FOR CHANGING REA HEADQUARTERS FROM HAMILTON TO EVANT?

Laying aside the unfairness of trying to take the management and head office away from the membership who worked hard to get it started, now that it has become a success, let us analyze the reasons why a group of Evant business men in their advertising claim it should be moved and see if they are justified.

1. They claim "Evant is the center of a 60 mile circle."

If the homes of the members of the Association were equally spaced with reference to each other on roads that radiate out of Evant like the spokes of a wagon wheel, it would be true. But this idea is so absurd that it is hardly worth considering. Actually, the map of membership locations when correctly drawn looks more like a spinning top or a pear with Hamilton located in the center of the BIG end and having paved highways leading out from it in six directions and 4 paved farm-to-market roads making a web in between. Its nearness to the CENTER OF THE MEMBERSHIP, which, after all is what counts most, can be proven by the fact that more than one-third of all the members live in Hamilton County. When new lines now under construction are completed the membership will approximate 500 in San Saba, 600 in Mills, 700 in Corvell, 800 in Lampasas, where a sub-station for current that does NOT pass through the wires on the "First Pole located NEAR Evant" and a Serviceman is now located, and 1600 IN HAMILTON COUNTY.

2. They claim "Members would get quicker service if the office located in Evant."

Of course, a few members might, but what about the much larger number in the BIG END of the system who would be nearly twenty miles further away from headquarters. How could the change help them? And how would Lometa and the lower end of the system who have a service man of their own be benefitted?

3. They claim "\$6,435.00 could be saved by operating in Evant instead of Hamilton".

This amazing saving would be accomplished by 1st., "saving \$675 a year because of no city tax in Evant. \$2400.00 a year less truck operating expense and \$3360.00 less time lost by employees, eliminating wear and tear on equipment, gasoline and time wasted by employees traveling from Hamilton to Evant and from Evant back to Hamilton every day."

As for City Taxes. Not one thin dime has been paid to the City of Hamilton by the REA. This can be verified by the City Tax Collector. The property, with the exception of a few desks and other office equipment, is all located outside the City limits and not subject to City tax. Even when the new building is constructed it is doubtful if it will be subject to tax because it is a Federal project. And as for the mythical \$5,760.00 a year lost in time and truck expense between Hamilton and Evant, does anyone believe that ALL the EMPLOYEES and TRUCK have to go to Evant every morning BEFORE THEY CAN START TO WORK? It is true that a move to Evant would make Lometa so close to the main office that the present service man now located there could be eliminated and his salary saved, but this would take two service men located elsewhere in the Big North End of the System if most of the members got anything like their present prompt service. It looks like expenses would be increased instead of lessened.

Don't have to be asked WHERE to buy groceries—in the final analysis—THE MOST ECONOMICAL!

IF they ALL said it at once it'd sound like an ARMY-NAVY Football yell, and would be—

"MURRAY'S"

Why? Well, simply because they know MURRAY'S going to give them a square deal, and that he's going to give them GROCERIES, good quality groceries, and at the very lowest prices possible in keeping with QUALITY.

After all, that little thing—QUALITY, means the MOST in anything—whether groceries, clothing, farm machinery, or what!

Hamilton-Coryell Soil Conservation District News

A called meeting was held at Twin Mountain School by Group Leaders H. A. Weiser, A. F. Luker and Ben Beckman last Monday night for the purpose of determining what cooperators were ready for their terrace lines to be run. Some of the cooperators fields are being cropped in cotton. It was decided that the terrace lines in these fields would be run later in the fall—probably October or November. Terrace lines will be run on the following cooperator farms during the week of September 6th through 10th: Carl Rosenkranz, H. A. Weiser, John Teinert, Walter Jost, Henry Nauret, Doyle Duncan, Herbert Kriegel, Lloyd Thomas, Bea Powell, Gus Nauret. This assistance will be given to these groups by the Soil Conservation Service because these farmers are cooperators of the Hamil-

ton-Coryell Soil Conservation District.

The farmers of the Twin Mountain community have already seen results of being organized into groups for not only have they been able to get assistance from the Hamilton-Coryell Soil Conservation District but they have been able to secure a car load of superphosphate delivered to their groups by truck. This has saved them the expense and time of hauling fertilizer for their farms.

Mr. Weiser states "that since we have become organized we have been able to get the same assistance as those living close to the county seat and we can see that this is the way to get the most out of our tax money."

H. H. Moseley, cooperator of the Slater group, has had 1.1 mile of large ridge terraces constructed the past week. These terraces were constructed with large whirlwind terracer belonging to Wes Scott. These terraces all spill on buffalo pasture.

R. O. Berry, also of the Slater group, and a student in Curtis Maynard's Veteran Vocational Ag. Class, had the Soil Conservation Service technicians stake out 1 1/4 miles of terrace lines last Friday. These terraces will also be constructed by Wes Scott.

Albert Weiss, a cooperator of West Osage group, has completed 1.9 mile of terraces and 1250 linear feet of diversion terrace. These terraces spill onto a waterway that was seeded to buffalo grass three years ago. These terraces were constructed with heavy equipment belonging to the County and under the supervision of Commissioner Jake Clearman.

The Gatesville State School for Boys, cooperating with the district program, has been busy the past week constructing terraces under the supervision of the Soil Conservation Service technicians Knox Lovejoy has been in charge of the boys doing the work. They plan on completing the terraces on three large fields. Other plans are to put every acre of the 561 acres in a legume this year, and to widen the main waterway to take care of large rains. The old terraces are being built up and the fills strengthened.

A report is being circulated that a 60 year old man has a new tooth. But it may be false.

If you have had visitors lately, call 69, or drop by the NEWS office and tell us about them.

This Week in History

AUGUST 29 TO SEPTEMBER 4

339 years ago on September 4, Henry Hudson, an English navigator in the employ of the Dutch East India Company, his crew of 20 men, sailed into the mouth of the broad and beautiful Hudson River. They were searching for a northerly passage to the Orient. Hudson sailed as far as what is now the City of Albany. Though he did not find the Orient route he was seeking, Henry Hudson was the first to recognize the importance of the river as a prospective route for traders and colonists. Shortly after his explorations, a trading station was established on Manhattan Island and another at Albany.....thus the development of commerce on the river was here to stay!
